

Ethelton Railway Station

Station upgrade

The South Australian Government has committed \$9.9 million to upgrade the Ethelton Railway Station. The upgrade will include new platforms that will be more accessible, improving passenger safety and experience.

What's happening:

The works include:

- demolition of the two existing platforms;
- installation of new platforms;
- renewal of railway tracks to align with new platforms.
- improved station amenities;
- improved accessibility to the station ramps;
- upgrade of the north and south pedestrian crossings; and
- minor vegetation removal within the rail corridor.

A site compound will be established in the carpark adjacent to the Ethelton Railway Station, a partial carpark closure will be required.

Ethelton Railway Station will be temporarily closed from 1 July 2024 until late October 2024 to accommodate these works.

How this affects you:

Day and night works will occur, and some weekend works will also be required when trains are not operating on the network.

The pedestrian crossings at the south and north of the platforms will be upgraded as part of this work. We will maintain access to the pedestrian crossings where possible. We will have signage in place to show you where to go.

When

Late June 2024 –
Late October 2024

Hours of operation

Monday to Saturday
Day Works: 7am – 6pm
Night Works: 7pm – 7am

Where

Ethelton Railway Station

Government
of South Australia

Department for Infrastructure
and Transport

Some property access on Wirra Drive may be temporarily impacted during the works. If we need to impact your access, will let you know in advance.

There will be changes to traffic conditions to keep everyone safe. Please follow traffic management directions while works are in progress. Speed and lane restrictions will be required while works are underway.

Some noise disturbances can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents as much as practically possible.

Public Transport impacts:

Commuters are encouraged to use Glanville Railway Station during the closure. There will be no substitute bus services from Ethelton Station during the closure. Commuters who have accessibility requirements are encouraged to contact Adelaide Metro on 1300 311 108 to discuss alternative arrangements.

The works, when complete, will provide improved accessibility to the Ethelton station platform with re-graded paths, ramps and wider platforms.

During these works there will be some impacts to the Outer Harbor train services. Please observe rail service signage and visit www.adelaidemetro.com.au for the latest information.

For further information about public transport services, including timetables or to plan your journey please visit www.adelaidemetro.com.au
