

Strathalbyn Road

Roadworks - update

Safety improvement works on Strathalbyn Road between Echunga Road, Echunga and River Road, Mylor are nearing completion.

What's happening:

Asphalting work along Strathalbyn Road, between Echunga Road and River Road, Mylor, is almost complete and we're now finishing off driveway connections to match the new road levels.

In addition to installing guard rail at some key locations along sections of Strathalbyn Road, we will also be completing final line marking.

How this affects you:

Some noise disturbance can be expected at times during these works, however the works will be managed to minimise disturbance to nearby residents and businesses, as much as practically possible.

Localised traffic management including temporary speed and lane restrictions will be in place to keep everyone safe.

For further information:

- Contact the project team via email at dit.Engagement@sa.gov.au
