

Adelaide Road, Mount Barker Roundabout Upgrade

Site investigation works

The South Australian Government has committed \$40 million as part of the 2023-2024 State Budget to upgrade the roundabout located at the intersection of Adelaide Road, Alexandrina Road, Wellington Road, and Flaxley Road in Mount Barker.

What's happening:

As part of the planning works for the upgrade, engineering survey activities will be undertaken at various locations through and around the roundabout.

These survey activities will provide an understanding of the current underground services to help inform the design phase.

The works will be undertaken **from early October until late December 2024**. If night works are required, we will provide advance notification to directly affected residents.

How this affects you:

The intersection will remain open to traffic at all times, however, to safely undertake these works some speed restrictions will be in place through the work zone.

Some noise disturbances can be expected at times while these works are completed, however, the work will be managed to minimise disturbance to nearby residents as much as practically possible.

Access to properties will be maintained throughout the works.

When

Early October until late December 2024

Hours of work

Day Works: 9am – 4pm

Night works: 7pm – 5am

Where

Adelaide Road, Alexandrina Road, Wellington Road and Flaxley Road roundabout, Mount Barker
