

Gawler Rail Electrification Project

Works Notification

As part of the Gawler Rail Electrification Project, the Department of Planning, Transport and Infrastructure (DPTI) advises that works will be undertaken in and around the rail corridor in Smithfield.

Location: along Anderson Walk, Smithfield, in the vicinity of the rail corridor (see map overleaf).

When:

- On an intermittent basis between Monday, 22 July, and Friday, 26 July, inclusive, between 7am and 5pm (weather permitting).
- On an intermittent basis between Tuesday, 6 August, and Monday, 12 August, inclusive, between 7am and 5pm (weather permitting, and with no work occurring on weekends).

Activities will include:

- Civil works required for installation of new power poles.
- Preparatory works required for undergrounding of overhead electrical and communication cables across rail corridor.

Traffic management:

- Anderson Walk will be under traffic management while these works are in progress. Speed and temporary lane restrictions may be required, and signage and traffic management will be in place to advise motorists of changed conditions.
- The Anderson Walk level crossing and pedestrian maze will remain open to traffic and pedestrians at all times.
- Access to residential and business properties, and to the Smithfield railway station, will be maintained at all times.
- Pedestrian and cyclist access will be maintained at all times.

No electricity outages are anticipated for these works, however should any be required, they will be communicated to residents and businesses by SA Power Networks.

Work crews will make every effort to minimise the disturbance to residents and businesses.

Thank you for your patience as we undertake this important project.
