 - Significant Landscape Protection Overlay
 - State Heritage Area Overlay
 - State Heritage Place Overlay
 - Urban Transport Routes Overlay
7. Building height - does not exceed 5m
 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
 10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
 11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
 12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
 13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
 14. Does not involve the clearance of native vegetation

Internal building work

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. There will be no alteration to the external appearance of the building.

Outbuilding (in the form of a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.

15. Does not involve-

	<p>(a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>16. Does not involve the clearance of native vegetation.</p>
<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> 14. Does not involve the clearance of native vegetation.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State heritage Area Overlay 	<p>None</p>

<p>Private bushfire shelter</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool, including an associated safety fence or barrier

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Water Resources Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted;
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.

Verandah

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment
9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
10. Does not involve the clearance of native vegetation.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. The tank is part of a roof drainage system
4. Total floor area - not exceeding 15m²
5. The tank is located wholly above ground
6. Tank height - does not exceed 4m above natural ground level
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation.

Water tank (underground)

1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Ramsar Wetlands Overlay

2. The tank (including any associated pump) is located wholly below the level of the ground.
3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Ancillary accommodation Except where any of the following apply: <ul style="list-style-type: none"> • Aircraft Noise Exposure Overlay • Coastal Areas Overlay • Hazards (Bushfire - General Risk) (<i>General</i>) Overlay • Hazards (Bushfire - High Risk) (<i>High</i>) Overlay • Hazards (Bushfire - Medium Risk) (<i>Medium</i>) Overlay • Hazards (Bushfire - Regional) (<i>Regional</i>) Overlay • Hazards (Flooding) Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay • Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay • River Murray Flood 	Ancillary Buildings and Structures DTS/DPF 15.1, DTS/DPF 15.2	Clearance from Overhead Powerlines DTS/DPF 1.1 Design [All development [Earthworks and sloping land]] DTS/DPF 8.1 Design [All non-residential development [Flooding]] DTS/DPF 31.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1, DTS/DPF 1.2 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1, DTS/DPF 1.3 Gateway Overlay [Landscape Amenity] DTS/DPF 2.1 Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity] DTS/DPF 1.1 Hazards (Bushfire - Outback) Overlay [Habitable Buildings] DTS/DPF 1.1 Hazards (Bushfire - Outback) Overlay [Vehicle Access -Roads and Driveways] DTS/DPF 2.2

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Ancillary accommodation	Ancillary Buildings and Structures PO 15.1, PO 15.2	Clearance from Overhead Powerlines PO 1.1 Design [All development [Earthworks and sloping land]] PO 8.1, PO 8.4 Design [All non-residential development [Flooding]] PO 31.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] PO 12.2	None	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] PO 1.1 Airport Building Heights (Regulated) Overlay [Built Form] PO 1.1, PO 1.2 Character Area Overlay [All Development] PO 1.1 Character Area Overlay [Built Form] PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5 Character Area Overlay [Ancillary Development] PO 4.1, PO 4.2 Character Area Overlay [Context and Streetscape Amenity] PO 6.1, PO 6.2 Coastal Areas Overlay [Hazard Risk Minimisation] PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5 Coastal Areas Overlay [Coast Protection Works] PO 3.1, PO 3.2

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	<p>Any of the following:</p> <p>(a) shop with a gross leasable floor area less than 1000m²</p> <p>(b) shop that is a restaurant.</p>

Home Industry Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The item will be installed on or within an existing building. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Hazards (Acid Sulfate Soils) Overlay Hazards (Flooding) Overlay Historic Area Overlay Local Heritage Place Overlay Ramsar Wetlands Overlay River Murray Flood Plain Protection Area Overlay Significant Landscape Protection Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The fence is formed (wholly or partially) from brush The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)

Building work on railway land

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. Building work is associated with a railway
2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)
3. It is required for the conduct or maintenance of railway activities.
4. Does not involve the clearance of native vegetation

Carport

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more

	<p>roads or a pedestrian actuated crossing;</p> <ul style="list-style-type: none"> (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation</p>
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Key Outback and Rural Routes Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m² 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m

9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.

Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m² 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p style="margin-left: 40px;">and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> 14. Does not involve the clearance of native vegetation.
<p>Private bushfire shelters</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 40m²
5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation.

Solar photovoltaic panels (roof mounted)

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof
3. Panels and associated components do not overhang any part of the roof
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool, including an associated safety fence or barrier

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted;
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.

<ul style="list-style-type: none"> ● Water Resources Overlay 	
<p>Verandah</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each

Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes

are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Replacement building Except where any of the following apply: <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	None	None	None	None
Temporary accommodation in an area affected by bushfire	None	None	None	None

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 35%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.

- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- State Significant Native Vegetation Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Primary street setback - at least as far back as the building to which it is ancillary
4. Secondary street setback - at least 900mm from the boundary of the allotment
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).

Shade sail

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Verandah</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 40m² 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m²

<ul style="list-style-type: none"> Local Heritage Place Overlay Mount Lofty Ranges Catchment (Area 1) Overlay Mount Lofty Ranges Catchment (Area 2) Overlay Ramsar Wetlands Overlay Significant Landscape Protection Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The tank is located wholly above ground Tank height - does not exceed 4m above natural ground level Primary street setback - at least as far back as the building line of the building to which it is ancillary In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Hazards (Acid Sulfate Soils) Overlay Mount Lofty Ranges Catchment (Area 1) Overlay Mount Lofty Ranges Catchment (Area 2) Overlay Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system The tank (including any associated pump) is located wholly below the level of the ground. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is ancillary to and located on the same allotment as an airfield passenger terminal.

Infrastructure (Ferry and Marina Facilities) Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay 	<p>street.</p>
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Hazards (Acid Sulfate Soils) Overlay Hazards (Flooding) Overlay Historic Area Overlay Local Heritage Place Overlay Ramsar Wetlands Overlay River Murray Flood Plain Protection Area Overlay Significant Landscape Protection Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The fence is formed (wholly or partially) from brush The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Hazards (Acid Sulfate Soils) Overlay Local Heritage Place Overlay Mount Lofty Ranges Catchment (Area 1) Overlay Mount Lofty Ranges Catchment (Area 2) Overlay River Murray Flood Plain Protection Area Overlay Significant Landscape Protection Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> Building work is associated with a railway It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) It is required for the conduct or maintenance of railway activities. Does not involve the clearance of native vegetation
<p>Partial demolition a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Historic Area Overlay Local Heritage Place Overlay State Heritage Place Overlay State Heritage Area Overlay 	<p>None</p>

<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.

<ul style="list-style-type: none"> • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Advertisements</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> None 	<ol style="list-style-type: none"> The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system The development meets one of the following: <ol style="list-style-type: none"> no part of the advertisement and associated advertising hoarding, when installed, will be able to be seen by a person standing at ground level in a public street or thoroughfare adjacent to the boundary of the zone in any other case, the advertisement and any associated advertising hoarding: <ol style="list-style-type: none"> if it is attached to a building, it does not exceed the wall height of the associated building if it is freestanding, it does not exceed 15m in height from natural ground level and is setback: <ol style="list-style-type: none"> at least 10m from an arterial road in any other case, at least 30m from the zone boundary will display information limited to any of the following: <ol style="list-style-type: none"> a lawful use of land within the zone an event or festival that is to take place in the zone

	<p style="text-align: center;">C. community or road safety</p> <ol style="list-style-type: none"> 4. If located on a site adjacent to a road on the perimeter of the zone, it is not illuminated and does not move or flash 5. It does not encroach on public land 6. It does not involve the clearance of native vegetation.
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation.
<p>Carport</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The carport: <ol style="list-style-type: none"> (a) is located so that vehicle access is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land (b) does not involve altering a lawfully existing access point 4. Does not involve the clearance of native vegetation.
<p>Dwelling addition</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Does not involve the clearance of native vegetation.
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.

<p>Museum</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The museum: <ol style="list-style-type: none"> (a) is located so that vehicle access is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land (b) does not involve altering a lawfully existing access point 4. Does not involve the clearance of native vegetation.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The garage: <ol style="list-style-type: none"> (a) is located so that vehicle access is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land (b) does not involve altering a lawfully existing access point 4. Does not involve the clearance of native vegetation.
<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Does not involve the clearance of native vegetation.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<p>None</p>
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

<p>Swimming pool or spa pool, including an associated safety fence or barrier</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Does not involve the clearance of native vegetation.
<p>Verandah</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Does not involve the clearance of native vegetation.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • None 	<ol style="list-style-type: none"> 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 5. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • None 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement	Land Use and Intensity DTS/DPF 1.1 Advertisements DTS/DPF 4.1	Advertisements [Appearance] DTS/DPF 1.3, DTS/DPF 1.4 Advertisements [Proliferation of Advertisements] DTS/DPF 2.2 Advertisements [Advertising Content] DTS/DPF 3.1	None	Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1

Table 3 - Performance Assessed Development Assessment Table

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 4 -Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
None specified	None specified

Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building. 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation.

Carport

Except where any of the following apply:

- American River Subzone
- Underground Subzone
- Waterfront Subzone
- Wallaroo Landmark Subzone
- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m².
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).
7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.
13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
14. Does not involve the clearance of native vegetation.

<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building. 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● American River Subzone ● Underground Subzone ● Waterfront Subzone ● Wallaroo Landmark Subzone ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Key Outback and Rural Routes Overlay ● Key Railway Crossings Overlay ● Local Heritage Place Overlay ● Major Urban Transport Routes Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Non-Stop Corridors Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● Urban Transport Routes Overlay 	<ol style="list-style-type: none"> 1. - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.

15. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.

16. Does not involve-

- (a) excavation exceeding a vertical height of 1 metre; or
- (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

17. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

- American River Subzone
- Underground Subzone
- Waterfront Subzone
- Wallaroo Landmark Subzone
- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Place Overlay
- State Heritage Area Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed 40m².
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.

11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.

12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.

13. Does not involve-

	<p>(a) excavation exceeding a vertical height of 1 metre; or</p> <p>(b) filling exceeding a vertical height of 1 metre,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>14. Does not involve the clearance of native vegetation.</p>
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Private bushfire shelter</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Primary street setback - at least as far back as the building to which it is ancillary. 4. Secondary street setback - at least 900mm from the boundary of the allotment. 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Ancillary accommodation Except where any of the following apply:	Ancillary Buildings and Structures DTS/DPF 10.1, DTS/DPF	Clearance from Overhead Powerlines DTS/DPF 1.1	American River Subzone [Land Use and Character]	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	<p>Any of the following:</p> <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a restaurant.

Open Space Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)
<p>Building work on railway land</p>	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<p>clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</p> <ol style="list-style-type: none"> 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Key Outback and Rural Routes Overlay ● Key Railway Crossings Overlay ● Local Heritage Place Overlay ● Major Urban Transport Routes Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Non-Stop Corridors Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 80m² 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure

- State Heritage Place Overlay
- Urban Transport Routes Overlay

11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.

<ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> 14. Does not involve the clearance of native vegetation.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Protective tree netting structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated) 4. Netting visible from the outside of the protective tree netting structure is of a low light reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour

<ul style="list-style-type: none"> ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 5. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following: <ol style="list-style-type: none"> (a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or (b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site 6. No part of the netting canopy of the protective tree netting structure: <ol style="list-style-type: none"> (a) will cover native vegetation; or (b) will be within 5m of a road (including any road reserve) 7. The points of attachment of any cables will not be located: <ol style="list-style-type: none"> (a) outside the boundaries of the site; or (b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>) 8. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following: <ol style="list-style-type: none"> (a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling (b) in any other case, no part of the netting canopy is within 15m of the dwelling 9. No part of the protective tree netting structure will be in the '1956 River Murray Flood Plain'.
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<p>of the panel not being more than 100mm above the surface of the roof</p> <ol style="list-style-type: none"> 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Verandah</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 80m² 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Replacement building Except where any of the following apply: <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	None	None	None	None
Temporary accommodation in an area affected by bushfire	None	None	None	None

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

- State Heritage Area Overlay
- State Heritage Place Overlay

clause 14 of the *Planning, Development and Infrastructure (General) Regulations 2017*)

3. It is required for the conduct or maintenance of railway activities.
4. It does not involve the clearance of native vegetation

Internal building work

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. There will be no alteration to the external appearance of the building.

Outbuilding (in the form of a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone)
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure

- Urban Transport Routes Overlay

11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone)
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent

<ul style="list-style-type: none"> ● State Heritage Place Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p style="margin-left: 40px;">and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> 14. Does not involve the clearance of native vegetation.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Protective tree netting structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated) 4. Netting visible from the outside of the protective tree netting structure is of a low light reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour 5. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following: <ol style="list-style-type: none"> (a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or (b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site 6. No part of the netting canopy of the protective tree netting structure: <ol style="list-style-type: none"> (a) will cover native vegetation; or (b) will be within 5m of a road (including any road reserve) 7. The points of attachment of any cables will not be located: <ol style="list-style-type: none"> (a) outside the boundaries of the site; or

	<p>(b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>)</p> <p>8. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:</p> <p>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling</p> <p>(b) in any other case, no part of the netting canopy is within 15m of the dwelling</p> <p>9. No part of the protective tree netting structure will be in the '1956 River Murray Flood Plain'.</p>
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m² 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure

- State Heritage Place Overlay
- Urban Transport Routes Overlay

11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent

<ul style="list-style-type: none"> ● State Heritage Place Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> 14. Does not involve the clearance of native vegetation.
<p>Private bushfire shelters</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Protective tree netting structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Class of Development	Exclusions
None specified	None specified

Residential Park Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation

Carport

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Intensive Enterprise Zone)
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iii) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (iv) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
14. Does not involve the clearance of native vegetation

<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Key Outback and Rural Routes Overlay • Key Railway Crossings Overlay • Local Heritage Place Overlay • Major Urban Transport Routes Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • Non-Stop Corridors Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay • Urban Transport Routes Overlay 	<ol style="list-style-type: none"> 1. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone) 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.

Water tank (underground)

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Ramsar Wetlands Overlay

1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
2. The tank (including any associated pump) is located wholly below the level of the ground.
3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a restaurant.

Resource Extraction Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation Except where any of the following apply: <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street
Brush fence Except where any of the following apply: <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)

<p>Overlay</p> <ul style="list-style-type: none"> ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation
<p>Farming</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Building Near Airfields Overlay ● Marine Parks (Managed Use) Overlay ● Marine Parks (Restricted Use) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Water Protection Area Overlay 	<ol style="list-style-type: none"> 1. There is no excavation or filling of land 2. Does not involve the erection, construction or alteration of, or addition to, any building or structure 3. Does not involve the clearance of native vegetation
<p>Internal building work</p> <p>Except where any of the following apply:</p>	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.

<ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	None
<p>Protective tree netting structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated) 4. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour 5. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following: <ol style="list-style-type: none"> (a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or (b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site 6. No part of the netting canopy of the protective tree netting structure: <ol style="list-style-type: none"> (a) will cover native vegetation; or (b) will be within 5m of a road (including any road reserve) 7. The points of attachment of any cables will not be located: <ol style="list-style-type: none"> (a) outside the boundaries of the site; or (b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>) 8. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following: <ol style="list-style-type: none"> (a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling (b) in any other case, no part of the netting canopy is within 15m of the dwelling.
<p>Solar photovoltaic panels (roof mounted)</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay 	<p>of the panel not being more than 100mm above the surface of the roof</p> <ol style="list-style-type: none"> Panels and associated components do not overhang any part of the roof Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Historic Area Overlay Local Heritage Place Overlay Ramsar Wetlands Overlay Significant Landscape Protection Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system The tank is part of a roof drainage system Total floor area - not exceeding 15m² The tank is located wholly above ground Tank height - does not exceed 4m above natural ground level Primary street setback - at least as far back as the building line of the building to which it is ancillary In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Hazards (Acid Sulfate Soils) Overlay Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system The tank (including any associated pump) is located wholly below the level of the ground Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Table 4 -Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Dwelling	Dwelling that will replace an existing lawfully erected dwelling.
Land division	Land division that is a boundary realignment.

Rural Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
----------------------	--

<p>Agricultural building Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Character Area Overlay ● Coastal Areas Overlay ● Gateway Overlay ● Hazards (Flooding) Overlay ● Heritage Adjacency Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will be located on an allotment having an area of at least 10ha 2. The development is set back at least 50m from an allotment boundary 3. Building height - does not exceeding 10m above natural ground level 4. Total floor area - does not exceed 250m² 5. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour 6. The development does not involve a Frost Fan 7. Does not involve- excavation exceeding a vertical height of 1m; or filling exceeding a vertical height of 1m, and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m 8. Does not involve the clearance of native vegetation 9. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities. 4. Does not involve the clearance of native vegetation
<p>Brush fence</p>	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2

Except where any of the following apply:

- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

adjoining finished ground levels)

3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)

Carport

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;

	<ul style="list-style-type: none"> (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation</p>
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	None
<p>Farming</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Building Near Airfields Overlay ● Marine Parks (Managed Use) Overlay ● Marine Parks (Restricted Use) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Water Protection Area Overlay 	<ol style="list-style-type: none"> 1. There is no excavation or filling of land 2. Does not involve the erection, construction or alteration of, or addition to, any building or structure 3. Does not involve the clearance of native vegetation
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.

Outbuilding (in the form of a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 60m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-

	<p>(a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>16. Does not involve the clearance of native vegetation.</p>
<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site 4. Primary street setback - at least as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area does not exceed 60m² 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres</p> 14. Does not involve the clearance of native vegetation.
<p>Private bushfire shelters</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).

<ul style="list-style-type: none"> ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	
<p>Protective tree netting structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated) 4. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour 5. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following: <ol style="list-style-type: none"> (a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or (b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site 6. No part of the netting canopy of the protective tree netting structure: <ol style="list-style-type: none"> (a) will cover native vegetation; or (b) will be within 5m of a road (including any road reserve) 7. The points of attachment of any cables will not be located: <ol style="list-style-type: none"> (a) outside the boundaries of the site; or (b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>) 8. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following: <ol style="list-style-type: none"> (a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling (b) in any other case, no part of the netting canopy is within 15m of the dwelling 9. No part of the protective tree netting structure will be in the '1956 River Murray Flood Plain'.
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m²

<ul style="list-style-type: none"> ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Solar photovoltaic panels (ground mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act</i> 2. The system is freestanding and not attached to a building or other structure. 3. No part of the system: <ol style="list-style-type: none"> (a) is more than 4 metres in height (measured as a height above the natural surface of the ground); (b) is within 100 metres of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and (c) is within 10 metres of a boundary of an allotment containing a dwelling not associated with the system. 4. The generating capacity of the system does not exceed 30 kW 5. Does not result in the clearance of any native vegetation. 6. Does not involve the clearance of native vegetation
<p>Swimming pool or spa pool, including an associated safety fence or barrier</p> <p>Except where any of the following apply:</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted; 4. Allotment boundary setback - not less than 1m

<ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● Water Resources Overlay 	<ol style="list-style-type: none"> 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation.
<p>Verandah</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 60m² 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.

Water tank (underground)

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay

1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
2. The tank (including any associated pump) is located wholly below the level of the ground.
3. Does not involve the clearance of native vegetation

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

Table 4 -Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Commercial forestry within the Kangaroo Island Subzone	None specified
Dwelling within the Limited Dwelling Overlay	Dwelling that will replace an existing lawfully erected dwelling.
Land Division within the Limited Land Division Overlay	Any of the following: <ul style="list-style-type: none"> (a) land division that is a boundary realignment (b) land division that is creating an additional allotment to accommodate an existing dwelling within the Dwelling Excision Overlay.
Land Division creating additional allotments for residential purposes within the Significant Industry Interface Overlay	None specified
Renewable energy facility within any of the following: <ul style="list-style-type: none"> (a) Significant Landscape Protection Overlay (b) Character Preservation Area Overlay 	None specified
Shop	Any of the following: <ul style="list-style-type: none"> (a) shop that is ancillary to and located on the same allotment or adjoining allotment used for primary production or value adding and offers for sale or consumption produce or goods that are primarily sourced, produced or manufactured on the same allotment or from the region (b) shop that has a gross leasable floor area less than 1000m² (c) shop that is a restaurant.

Rural Aquaculture Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation Except where any of the following	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.

<p>apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities. 4. Does not involve the clearance of native vegetation
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)
<p>Carpport</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Key Outback and Rural Routes Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 60m² 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end) 7. Building height - does not exceed 5m 8. If situated on or abutting a boundary (not being a boundary with a primary street)

- Key Railway Crossings Overlay

a length not exceeding 11m unless:

- (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary;
 - (b) and the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
 10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
 11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
 12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
 13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
 14. Does not involve the clearance of native vegetation

Internal building work

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. There will be no alteration to the external appearance of the building.

Outbuilding (in the form of a garage)

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*

Except where any of the following apply:

- Coastal Areas Overlay
 - Future Road Widening Overlay
 - Hazards (Acid Sulfate Soils) Overlay
 - Hazards (Flooding) Overlay
 - Historic Area Overlay
 - Key Outback and Rural Routes Overlay
 - Key Railway Crossings Overlay
 - Local Heritage Place Overlay
 - Major Urban Transport Routes Overlay
 - Mount Lofty Ranges Catchment (Area 1) Overlay
 - Mount Lofty Ranges Catchment (Area 2) Overlay
 - Non-Stop Corridors Overlay
 - River Murray Flood Plain Protection Area Overlay
 - Significant Landscape Protection Overlay
 - State Heritage Area Overlay
 - State Heritage Place Overlay
 - Urban Transport Routes Overlay
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
 3. It is detached from and ancillary to a dwelling erected on the site.
 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
 6. Total floor area - does not exceed 60m²
 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
 8. Building height - does not exceed 5m
 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
 12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
 13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
 14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
 15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

	<p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>16. Does not involve the clearance of native vegetation.</p>
<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres</p> 14. Does not involve the clearance of native vegetation.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Private bushfire shelters</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Solar photovoltaic panels (ground mounted)</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The system is freestanding and not attached to a building or other structure.

Except where any of the following apply:

- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

3. No part of the system:
 - (a) is more than 4 metres in height (measured as a height above the natural surface of the ground);
 - (b) is within 100 metres of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and
 - (c) is within 10 metres of a boundary of an allotment containing a dwelling not associated with the system.
4. The generating capacity of the system does not exceed 30 kW
5. Does not result in the clearance of any native vegetation.
6. Does not involve the clearance of native vegetation

Verandah

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment
9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
10. Does not involve the clearance of native vegetation.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. The tank is part of a roof drainage system
4. Total floor area - not exceeding 15m²
5. The tank is located wholly above ground
6. Tank height - does not exceed 4m above natural ground level
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation.

Water tank (underground)

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay

1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
2. The tank (including any associated pump) is located wholly below the level of the ground.
3. Does not involve the clearance of native vegetation

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement	Land Use and Intensity PO 1.1 Advertisements PO 10.1	Advertisements [Appearance] PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5 Advertisements [Proliferation of Advertisements] PO 2.1, PO 2.2 Advertisements [Advertising Content] PO 3.1 Advertisements [Amenity Impacts] PO 4.1 Advertisements [Safety] PO 5.1, PO 5.2, PO 5.3, PO 5.4, PO 5.5 Clearance from Overhead Powerlines PO 1.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] PO 12.2	None	Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] PO 1.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] PO 1.1 Airport Building Heights (Regulated) Overlay [Built Form] PO 1.1, PO 1.2 Character Area Overlay [All Development] PO 1.1 Character Area Overlay [Built Form] PO 2.1, PO 2.2, PO 2.5 Character Area Overlay [Ancillary Development] PO 4.3 Character Area Overlay [Context and Streetscape Amenity] PO 6.2 Defence Aviation Area

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the

	<p>driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</p> <p>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site</p> <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation</p>
<p>Farming</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Building Near Airfields Overlay ● Marine Parks (Managed Use) Overlay ● Marine Parks (Restricted Use) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Water Protection Area Overlay 	<ol style="list-style-type: none"> 1. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 60m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>16. Does not involve the clearance of native vegetation.</p> <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site 4. Primary street setback - at least as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area does not exceed 60m² 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres</p> 14. Does not involve the clearance of native vegetation.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Private bushfire shelters</p> <p>Except where any of the following apply:</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary

<ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Protective tree netting structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated) 4. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour 5. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following: <ol style="list-style-type: none"> (a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or (b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site 6. No part of the netting canopy of the protective tree netting structure: <ol style="list-style-type: none"> (a) will cover native vegetation; or (b) will be within 5m of a road (including any road reserve) 7. The points of attachment of any cables will not be located: <ol style="list-style-type: none"> (a) outside the boundaries of the site; or (b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>) 8. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following: <ol style="list-style-type: none"> (a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling (b) in any other case, no part of the netting canopy is within 15m of the dwelling 9. No part of the protective tree netting structure will be in the '1956 River Murray Flood Plain'.

Shade sail

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 40m²
5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation

Solar photovoltaic panels (roof mounted)

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof
3. Panels and associated components do not overhang any part of the roof
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Solar photovoltaic panels (ground mounted)

Except where any of the following apply:

- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The system is freestanding and not attached to a building or other structure.
3. No part of the system:
 - (a) is more than 4 metres in height (measured as a height above the natural surface of the ground);
 - (b) is within 100 metres of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and
 - (c) is within 10 metres of a boundary of an allotment containing a dwelling not associated with the system.
4. The generating capacity of the system does not exceed 30 kW
5. Does not result in the clearance of any native vegetation.
6. Does not involve the clearance of native vegetation

Swimming pool or spa pool, including an associated safety fence or barrier

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Water Resources Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted;
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.

Verandah

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment
9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
10. Does not involve the clearance of native vegetation.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. The tank is part of a roof drainage system
4. Total floor area - not exceeding 15m²
5. The tank is located wholly above ground
6. Tank height - does not exceed 4m above natural ground level
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a

<ul style="list-style-type: none"> ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<p>non-reflective colour.</p> <p>9. Does not involve the clearance of native vegetation.</p>
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
<p>Advertisement</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Advertising Near Signalised Intersections Overlay ● Character Preservation District Overlay 	<p>Advertisements</p> <p>DTS/DPF 14.1</p>	<p>Advertisements [Appearance]</p> <p>DTS/DPF 1.1, DTS/DPF 1.3, DTS/DPF 1.4</p> <p>Advertisements [Proliferation of Advertisements]</p> <p>DTS/DPF 2.1, DTS/DPF 2.2</p>	<p>None</p>	<p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]</p> <p>DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form]</p> <p>DTS/DPF 1.1, DTS/DPF 1.2</p>

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions

Dwelling within the Limited Dwelling Overlay	Dwelling that will replace an existing lawfully erected dwelling.
Shop	Any of the following: <ul style="list-style-type: none"> (a) shop that is ancillary to and located on the same allotment or adjoining allotment used for primary production or value adding and offers for sale or consumption produce or goods that are primarily sourced, produced or manufactured on the same allotment or from the region (b) shop that has a gross leasable floor area less than 1000m² (c) shop that is a restaurant.

Rural Intensive Enterprise Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities. 4. Does not involve the clearance of native vegetation
<p>Brush fence</p>	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2

Except where any of the following apply:

- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

adjoining finished ground levels)

3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)

Carport

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay

- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;

	<ul style="list-style-type: none"> (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation</p>
<p>Farming</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Building Near Airfields Overlay ● Marine Parks (Managed Use) Overlay ● Marine Parks (Restricted Use) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Water Protection Area Overlay 	<ol style="list-style-type: none"> 1. There is no excavation or filling of land 2. Does not involve the erection, construction or alteration of, or addition to, any building or structure 3. Does not Involve the clearance of native vegetation
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site.

4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 60m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>16. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Solar photovoltaic panels (ground mounted)</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The system is freestanding and not attached to a building or other structure.

Except where any of the following apply:

- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

3. No part of the system:
 - (a) is more than 4 metres in height (measured as a height above the natural surface of the ground);
 - (b) is within 100 metres of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and
 - (c) is within 10 metres of a boundary of an allotment containing a dwelling not associated with the system.
4. The generating capacity of the system does not exceed 30 kW
5. Does not result in the clearance of any native vegetation.
6. Does not involve the clearance of native vegetation

Verandah

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment
9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
10. Does not involve the clearance of native vegetation.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. The tank is part of a roof drainage system
4. Total floor area - not exceeding 15m²
5. The tank is located wholly above ground
6. Tank height - does not exceed 4m above natural ground level
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation.

Water tank (underground)

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay

1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
2. The tank (including any associated pump) is located wholly below the level of the ground.
3. Does not involve the clearance of native vegetation

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes

are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

	<ol style="list-style-type: none"> 13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour. 14. Does not involve the clearance of native vegetation
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.

- State Heritage Place Overlay
- Water Resources Overlay

3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted;
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.

Verandah

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment
9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
10. Does not involve the clearance of native vegetation.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. The tank is part of a roof drainage system
4. Total floor area - not exceeding 15m²
5. The tank is located wholly above ground
6. Tank height - does not exceed 4m above natural ground level
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation.

<ul style="list-style-type: none"> • State Heritage Place Overlay 	
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Ancillary accommodation Except where any of the following apply: <ul style="list-style-type: none"> • Aircraft Noise Exposure Overlay • Coastal Areas Overlay • Hazards (Bushfire - General Risk) (<i>General</i>) Overlay • Hazards (Bushfire - High Risk) (<i>High</i>) Overlay • Hazards (Bushfire - Medium Risk) (<i>Medium</i>) Overlay • Hazards (Bushfire - Regional) (<i>Regional</i>) Overlay • Hazards (Flooding) Overlay • Heritage Adjacency Overlay • Historic Area Overlay 	None	Clearance from Overhead Powerlines DTS/DPF 1.1 Design [All development [Earthworks and sloping land]] DTS/DPF 8.1 Design [All non-residential development [Flooding]] DTS/DPF 31.1 Design in Urban Areas [All residential development [Ancillary Development]] DTS/DPF 16.1, DTS/DPF 16.2 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1, DTS/DPF 1.2 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1, DTS/DPF 1.3 Gateway Overlay [Landscape Amenity] DTS/DPF 2.1 Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity] DTS/DPF 1.1

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

Table 4 -Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: (a) shop that has a gross leasable floor area less than 1000m ² (b) shop that is a restaurant.

Rural Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
----------------------	--

Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The item will be installed on or within an existing building
2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire
3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street

Brush fence

Except where any of the following apply:

- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The fence is formed (wholly or partially) from brush
2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels)
3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)

Building work on railway land

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. Building work is associated with a railway
2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)
3. It is required for the conduct or maintenance of railway activities
4. It does not involve the clearance of native vegetation

Carport

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 60m²
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street)
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. Door opening for vehicle access - does not exceed, in total, 10m in width or 50% of the width of the allotment frontage (whichever lesser)
11. The carport is located so that vehicle access:
 - (a) provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
12. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
13. Does not involve the clearance of native vegetation

Internal building work

1. There will be no increase in the total floor area of the building
2. There will be no alteration to the external appearance of the building.

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

Outbuilding (in the form of a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 60m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) It will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Door opening for vehicle access - does not exceed, in total, 10m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The garage located so that vehicle access:
 - (a) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the

	<p style="text-align: center;">boundary of the allotment / site</p> <p>13. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve-</p> <ul style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>15. Does not involve the clearance of native vegetation.</p>
<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>1. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:</p> <ul style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent <p>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):</p> <ul style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure <p>11. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.</p> <p>12. Does not involve-</p> <ul style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>13. Does not involve the clearance of native vegetation.</p>
<p>Partial demolition of a building or structure</p>	<p>None</p>

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Place Overlay
- State Heritage Area Overlay

Private bushfire shelter

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- State Significant Native Vegetation Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Primary street setback - at least as far back as the building to which it is ancillary
4. Secondary street setback - at least 900mm from the boundary of the allotment
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).

Shade sail

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 60m²
5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation.

<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Swimming pool or spa pool, including an associated safety fence or barrier</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay • Water Resources Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted 4. Allotment boundary setback – not less than 1m 5. Primary street setback – at least as far back as the building line of the building to which it is ancillary 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation.
<p>Verandah</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback – as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 40m² 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation.
<p>Water tank (above ground)</p>	<ol style="list-style-type: none"> 1. Item 1 The development will not be contrary to the regulations prescribed for the

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • Ramsar Wetlands Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<p>purposes of section 86 of the <i>Electricity Act 1996</i></p> <ol style="list-style-type: none"> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height – does not exceed 4m above natural ground level 7. Primary street setback – at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal – the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Ancillary accommodation Except where any of the following apply:	Ancillary Buildings and Structures DTS/DPF 7.1, DTS/DPF	Clearance from Overhead Powerlines DTS/DPF 1.1	None	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: (a) shop with a gross leasable floor area less than 1000m ² (b) shop that is a restaurant.
Land Division within the Bookmark Creek Subzone	Land division that creates allotments greater than 2 hectares in area.

Rural Settlement Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building. 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<p>street.</p>
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. Does not involve the clearance of native vegetation.
<p>Carport</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Historic Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m². 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).

- Non-Stop Corridors Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.
13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
14. Does not involve the clearance of native vegetation.

Internal building work

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building.
2. There will be no alteration to the external appearance of the building.

Outbuilding (in the form of a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Fisherman Bay Subzone
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed 40m².
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
13. The garage:
 - (a) is located so that vehicle access:
 - (i) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (ii) will use a driveway that:
 - A. is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; and
 - B. will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; or
 - (iii) if adjacent a kerbed road, will be via a kerb that is designed to allow a vehicle to roll over it; and
 - (b) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average; and
 - (c) The centre of the driveway at the public road boundary is no more than 25 degree deviation from the centre of the front of the covered car parking space for which it provides vehicle access.
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or

	<p>(b) filling exceeding a vertical height of 1 metre,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>16. Does not involve the clearance of native vegetation.</p>

The total area of the sail - does not exceed 40m². 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment. 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m. 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof. 3. Panels and associated components do not overhang any part of the roof. 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool, including an associated safety fence or barrier

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Water Resources Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m.
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.

Verandah

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone).
6. Post height - does not exceed 3m measured from natural ground level.
7. Building height - does not exceed 5m.
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment.
9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
10. Does not involve the clearance of native vegetation.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. The tank is part of a roof drainage system.
4. Total floor area - not exceeding 15m².
5. The tank is located wholly above ground.
6. Tank height - does not exceed 4m above natural ground level.
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a

<ul style="list-style-type: none"> • Ramsar Wetlands Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<p>non-reflective colour.</p> <p>9. Does not involve the clearance of native vegetation.</p>
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
<p>Carport</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Ramsar Wetlands Overlay • River Murray Flood 	None	<p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Design [All development [Earthworks and sloping land]] DTS/DPF 8.1</p> <p>Design [Residential development [Car parking, access and manoeuvrability]] DTS/DPF 17.4, DTS/DPF 17.5</p>	None	<p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1, DTS/DPF 1.2</p> <p>Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1, DTS/DPF 1.3</p>

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

--	---	--

[Siting]
PO 1.1

Hazards (Bushfire -
Medium Risk) Overlay
[Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire -
Medium Risk) Overlay
[Vehicle Access - Roads
and Driveways]
PO 5.1, PO 5.2

Hazards (Bushfire -
Outback) Overlay
[Vehicle Access -Roads
and Driveways]
PO 2.1, PO 2.2

Hazards (Bushfire -
Regional) Overlay
[Siting]
PO 1.1

Hazards (Bushfire -
Regional) Overlay [Built
Form]
PO 2.1, PO 2.2

Hazards (Bushfire -
Regional) Overlay
[Vehicle Access -Roads
and Driveways]
PO 5.1, PO 5.2

Hazards (Flooding)
Overlay [Flood
Resilience]
PO 3.1, PO 3.2, PO 3.3,
PO 3.4

Hazards (Flooding)
Overlay [Environmental
Protection]
PO 4.1, PO 4.2

Hazards (Flooding)
Overlay [Site
Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding)
Overlay [Access]
PO 6.1, PO 6.2

Heritage Adjacency
Overlay [Built Form]
PO 1.1

Historic Area Overlay
[All Development]
PO 1.1

Historic Area Overlay
[Built Form]
PO 2.1, PO 2.2, PO 2.3,
PO 2.4, PO 2.5

Historic Area Overlay
[Context and
Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay
[Ruins]
PO 8.1

Historic Shipwrecks
Overlay [General]
PO 1.1

Key Outback and Rural
Routes Overlay [Access
- Safe Entry and Exit
(Traffic Flow)]
PO 1.1

Key Outback and Rural
Routes Overlay [Access
- On-Site Queuing]
PO 2.1

Key Outback and Rural
Routes Overlay [Access
- Existing Access
Points]
PO 3.1

Key Outback and Rural
Routes Overlay [Access
- Location (Spacing)]
PO 4.1

Key Outback and Rural
Routes Overlay [Access
- Location (Sight Lines)]
PO 5.1

Key Outback and Rural
Routes Overlay [Access
- Mud and Debris]
PO 6.1

Key Outback and Rural
Routes Overlay [Access
- Stormwater]
PO 7.1

Key Outback and Rural
Routes Overlay [Public
Road Junctions]
PO 8.1

Key Railway Crossings
Overlay [Access, Design
and Function]
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 3.1

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 4.1, PO 4.2

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 5.1, PO 5.2, PO 5.3

River Murray Flood Plain Protection Area Overlay [Access]
PO 6.1, PO 6.2, PO 6.3

Significant Industry Interface Overlay [General]
PO 1.1

Significant Landscape Protection Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Built Form and Character]
PO 2.1, PO 2.2

Significant Landscape Protection Overlay [Landscaping]
PO 3.1

Significant Landscape Protection Overlay [Earthworks]
PO 4.1

State Heritage Area Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5

State Heritage Area Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Area Overlay [Conservation Works]
PO 7.1

State Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

State Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Place Overlay [Conservation Works]
PO 7.1

State Significant Native Vegetation Areas Overlay [Environmental Protection]
PO 1.1

Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Urban Transport Routes Overlay [Access - Existing Access Point]
PO 3.1

				<p>Urban Transport Routes Overlay [Access - Location (Spacing)] PO 4.1</p> <p>Urban Transport Routes Overlay [Access - Location (Sight Lines)] PO 5.1</p> <p>Urban Transport Routes Overlay [Access - Stormwater] PO 6.1</p> <p>Urban Transport Routes Overlay [Building on Road Reserve] PO 7.1</p> <p>Urban Transport Routes Overlay [Public Road Junctions] PO 8.1</p> <p>Urban Transport Routes Overlay [Corner Cut-Offs] PO 9.1</p> <p>Water Resources Overlay [Water Catchment] PO 1.1, PO 1.2, PO 1.5, PO 1.6, PO 1.7, PO 1.8</p>
Demolition	None	None	None	<p>Historic Area Overlay [All Development] PO 1.1</p> <p>Historic Area Overlay [Demolition] PO 7.1, PO 7.2, PO 7.3</p> <p>Historic Area Overlay [Ruins] PO 8.1</p> <p>Local Heritage Place Overlay [Landscape Context and Streetscape Amenity] PO 5.1</p> <p>Local Heritage Place Overlay [Demolition] PO 6.1, PO 6.2</p> <p>Local Heritage Place Overlay [Conservation Works] PO 7.1</p> <p>State Heritage Area Overlay [Landscape</p>

				Context and Streetscape Amenity] PO 5.1 State Heritage Area Overlay [Demolition] PO 6.1 State Heritage Area Overlay [Conservation Works] PO 7.1 State Heritage Place Overlay [Landscape Context and Streetscape Amenity] PO 5.1 State Heritage Place Overlay [Demolition] PO 6.1 State Heritage Place Overlay [Conservation Works] PO 7.1
