7. Building height - does not exceed 5m
 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
 10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
 11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
 12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
 13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
 14. Does not involve the clearance of native vegetation

Internal building work

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. There will be no alteration to the external appearance of the building.

Outbuilding (in the form of a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay

- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-

	<p>(a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>16. Does not involve the clearance of native vegetation.</p>
<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m² 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> 14. Does not involve the clearance of native vegetation
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>

<p>Private bushfire shelters</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool, including an associated safety fence or barrier

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

- Water Resources Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted;
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.

Verandah

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment
9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
10. Does not involve the clearance of native vegetation.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. The tank is part of a roof drainage system
4. Total floor area - not exceeding 15m²
5. The tank is located wholly above ground
6. Tank height - does not exceed 4m above natural ground level
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a

<ul style="list-style-type: none"> ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<p>non-reflective colour.</p> <p>9. Does not involve the clearance of native vegetation.</p>
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
	2711

Dwelling	Detached dwelling that will not result in more than one dwelling on an allotment.
Land division	Any of the following: <ul style="list-style-type: none"> (a) land division that creates an allotment to accommodate an existing dwelling (b) land division for the purpose of creating a public road or a public reserve (c) land division that is a minor boundary realignment for the purpose of removing an anomaly in the current boundaries with respect to the location of existing buildings or structures and where no additional allotments are created partly or wholly in the zone.

Suburban Activity Centre Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any associated components and any associated building alteration or addition necessary or incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)

<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities. 4. Does not involve the clearance of native vegetation
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment

<ul style="list-style-type: none"> ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the

'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Industry	Light industry

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. Does not involve the clearance of native vegetation.

- State Heritage Place Overlay

Carport

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Intensive Enterprise Zone)
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

13. If any part involves cladding in sheet metal-will have cladding which is pre-colour

	<p>treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation</p>
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Key Outback and Rural Routes Overlay ● Key Railway Crossings Overlay ● Local Heritage Place Overlay ● Major Urban Transport Routes Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Non-Stop Corridors Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● Urban Transport Routes Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone) 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser) 13. The garage located so that vehicle access: <ol style="list-style-type: none"> (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) will use a driveway that: <ol style="list-style-type: none"> (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the

the carport when the work is completed is not steeper than 1:4 on average

- (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
- (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.

15. Does not involve-

- (a) excavation exceeding a vertical height of 1 metre; or
- (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Place Overlay
- State Heritage Area Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone)
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
13. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined 2793

	<p>excavation and filling must not exceed a vertical height of 2 metres.</p> <p>14. Does not involve the clearance of native vegetation.</p>
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Private bushfire shelters</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Mount Lofty Ranges Catchment (Area 1) Overlay • Mount Lofty Ranges Catchment (Area 2) Overlay • Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a restaurant.

Suburban Business Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation Except where any of the following apply: <ul style="list-style-type: none"> ● Local Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street

- State Heritage Area Overlay
- State Heritage Place Overlay

Brush fence

Except where any of the following apply:

- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The fence is formed (wholly or partially) from brush
2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels)
3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)

Building work on railway land

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. Building work is associated with a railway
2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)
3. It is required for the conduct or maintenance of railway activities
4. It does not involve the clearance of native vegetation

Carport

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Intensive Enterprise Zone)
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m

<ul style="list-style-type: none"> ● Key Railway Crossings Overlay ● Local Heritage Place Overlay ● Major Urban Transport Routes Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Non-Stop Corridors Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● Urban Transport Routes Overlay 	<ol style="list-style-type: none"> 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment 11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser) 12. The carport is located so that vehicle access: <ol style="list-style-type: none"> (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) will use a driveway that: <ol style="list-style-type: none"> (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site 13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour. 14. Does not involve the clearance of native vegetation
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>

Except where any of the following apply:

- Coastal Areas Overlay
 - Future Road Widening Overlay
 - Hazards (Acid Sulfate Soils) Overlay
 - Hazards (Flooding) Overlay
 - Historic Area Overlay
 - Key Outback and Rural Routes Overlay
 - Key Railway Crossings Overlay
 - Local Heritage Place Overlay
 - Major Urban Transport Routes Overlay
 - Mount Lofty Ranges Catchment (Area 1) Overlay
 - Mount Lofty Ranges Catchment (Area 2) Overlay
 - Non-Stop Corridors Overlay
 - River Murray Flood Plain Protection Area Overlay
 - Significant Landscape Protection Overlay
 - State Heritage Area Overlay
 - State Heritage Place Overlay
 - Urban Transport Routes Overlay
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
 3. It is detached from and ancillary to a dwelling erected on the site.
 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
 6. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone)
 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
 8. Building height - does not exceed 5m
 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
 12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
 13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
 14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
 15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or

	<p>(b) filling exceeding a vertical height of 1 metre,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>16. Does not involve the clearance of native vegetation.</p>
<p>Outbuilding (not being a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone) 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- <ol style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> 14. Does not involve the clearance of native vegetation.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>

<p>Private bushfire shelter</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool, including an associated safety fence or barrier

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Water Resources Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted;
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.

Verandah

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone)
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment
9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
10. Does not involve the clearance of native vegetation.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. The tank is part of a roof drainage system
4. Total floor area - not exceeding 15m²
5. The tank is located wholly above ground
6. Tank height - does not exceed 4m above natural ground level
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation.

Water tank (underground)

1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Ramsar Wetlands Overlay

2. The tank (including any associated pump) is located wholly below the level of the ground.
3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Industry	Light industry
Shop	Any of the following: <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a restaurant.

Suburban Main Street Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street
Brush fence	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2

Except where any of the following apply:

- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

adjoining finished ground levels)

3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)

Building work on railway land

Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. Building work is associated with a railway
2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)
3. It is required for the conduct or maintenance of railway activities
4. It does not involve the clearance of native vegetation.

Internal building work

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. There will be no alteration to the external appearance of the building.

Partial demolition of a building or structure

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Place Overlay
- State Heritage Area Overlay

None

<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies

Tourism Development Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building. 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation.

- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

Carport

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Historic Area Overlay
- Key Outback and Rural Routes Overlay
- Key Railway Crossings Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- Non-Stop Corridors Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Intensive Enterprise Zone).
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).
7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) is located so as to provide access from an alley, lane or right of way

	<p>way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.</p> <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation.</p>
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<p>1. There will be no increase in the total floor area of the building.</p> <p>2. There will be no alteration to the external appearance of the building.</p>
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Key Outback and Rural Routes Overlay ● Key Railway Crossings Overlay ● Local Heritage Place Overlay ● Major Urban Transport Routes Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Non-Stop Corridors Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● Urban Transport Routes Overlay 	<p>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>.</p> <p>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.</p> <p>3. It is detached from and ancillary to a dwelling erected on the site.</p> <p>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.</p> <p>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).</p> <p>6. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone).</p> <p>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).</p> <p>8. Building height - does not exceed 5m.</p> <p>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:</p> <ul style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. <p>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):</p> <ul style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. <p>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.</p> <p>12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).</p> <p>13. The garage located so that vehicle access:</p> <ul style="list-style-type: none"> (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) will use a driveway that:

- (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
- (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
- (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
- (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
- (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.

14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.

15. Does not involve-

- (a) excavation exceeding a vertical height of 1 metre; or
- (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Mount Lofty Ranges Catchment (Area 1) Overlay
- Mount Lofty Ranges Catchment (Area 2) Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Place Overlay
- State Heritage Area Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone).
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.

11. Total roofed area of all existing and proposed buildings on the allotment - does

	<p>not exceed 60%.</p> <p>12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.</p> <p>13. Does not involve-</p> <ul style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>14. Does not involve the clearance of native vegetation.</p>
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Private bushfire shelters</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● State Significant Native Vegetation Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Primary street setback - at least as far back as the building to which it is ancillary. 4. Secondary street setback - at least 900mm from the boundary of the allotment. 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Shade sail consists of permeable material. 4. The total area of the sail - does not exceed 40m². 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment.

<ul style="list-style-type: none"> ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m. 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof. 3. Panels and associated components do not overhang any part of the roof. 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Swimming pool or spa pool, including an associated safety fence or barrier</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● Water Resources Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted. 4. Allotment boundary setback - not less than 1m. 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation.
<p>Verandah</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m² (60m² in the Rural Zone, Rural Horticulture Zone, Rural Living Zone). 6. Post height - does not exceed 3m measured from natural ground level. 7. Building height - does not exceed 5m. 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment.

<ul style="list-style-type: none"> • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation.
<p>Water tank (above ground)</p> <p>Except where any of the following apply</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. The tank is part of a roof drainage system. 4. Total floor area - not exceeding 15m². 5. The tank is located wholly above ground. 6. Tank height - does not exceed 4m above natural ground level. 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Table 4 -Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Industry	Light industry
Shop	Any of the following: <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a restaurant.

Township Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building. 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).
<p>Building work on railway land</p> <p>Except where any of the following apply:</p>	<ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities.

- State Heritage Place Overlay
- Urban Transport Routes Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m².
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).
7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.
11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
12. The carport is located so that vehicle access:
 - (a) provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the

	<p>boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average</p> <p>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</p> <p>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.</p> <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation.</p>
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building. 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Nairne Redevelopment Subzone ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Key Outback and Rural Routes Overlay ● Key Railway Crossings Overlay ● Local Heritage Place Overlay ● Major Urban Transport Routes Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Non-Stop Corridors Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads). 6. Total floor area - does not exceed 40m². 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end). 8. Building height - does not exceed 5m. 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.

- State Heritage Place Overlay
- Urban Transport Routes Overlay

11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

- Nairne Redevelopment Subzone
- Coastal Areas Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay

The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General	Subzone	Overlay

Township Activity Centre Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay. 	<ol style="list-style-type: none"> The item will be installed on or within an existing building The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Hazards (Acid Sulfate Soils) Overlay Hazards (Flooding) Overlay Historic Area Overlay Local Heritage Place Overlay Ramsar Wetlands Overlay River Murray Flood Plain Protection Area Overlay 	<ol style="list-style-type: none"> The fence is formed (wholly or partially) from brush The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).

<ul style="list-style-type: none"> ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay. 	
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay. 	<ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. Does not involve the clearance of native vegetation.
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay. 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. There will be no alteration to the external appearance of the building.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	None
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment

<ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay. 	<p>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment</p> <ol style="list-style-type: none"> 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay. 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay. 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● Ramsar Wetlands Overlay. 	<ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
<p>Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building. 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Brush fence</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Hazards (Acid Sulfate Soils) Overlay ● Hazards (Flooding) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Ramsar Wetlands Overlay ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay 	<ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. Does not involve the clearance of native vegetation.

<ul style="list-style-type: none"> ● River Murray Flood Plain Protection Area Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● State Heritage Place Overlay ● State Heritage Area Overlay ● Local Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building. 2. There will be no alteration to the external appearance of the building.
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	None
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Coastal Areas Overlay ● Future Road Widening Overlay ● Hazards (Acid Sulfate Soils) Overlay ● Historic Area Overlay ● Local Heritage Place Overlay ● Mount Lofty Ranges Catchment (Area 1) Overlay ● Mount Lofty Ranges Catchment (Area 2) Overlay ● River Murray Flood Plain Protection Area Overlay ● Ramsar Wetlands Overlay ● Significant Landscape Protection Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Shade sail consists of permeable material. 4. The total area of the sail - does not exceed 40m². 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment. 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m. 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation.
<p>Solar photovoltaic panels (roof mounted)</p>	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. Panels are installed parallel to the roof of a building and with the underside surface

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay 	<p>of the panel not being more than 100mm above the surface of the roof.</p> <ol style="list-style-type: none"> Panels and associated components do not overhang any part of the roof. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Historic Area Overlay Local Heritage Place Overlay Mount Lofty Ranges Catchment (Area 1) Overlay Mount Lofty Ranges Catchment (Area 2) Overlay Ramsar Wetlands Overlay Significant Landscape Protection Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank is part of a roof drainage system. Total floor area - not exceeding 15m². The tank is located wholly above ground. Tank height - does not exceed 4m above natural ground level. Primary street setback - at least as far back as the building line of the building to which it is ancillary. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Hazards (Acid Sulfate Soils) Overlay Mount Lofty Ranges Catchment (Area 1) Overlay Mount Lofty Ranges Catchment (Area 2) Overlay Ramsar Wetlands Overlay 	<ol style="list-style-type: none"> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank (including any associated pump) is located wholly below the level of the ground. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement	Advertisements	Advertisements	None	Airport Building Heights

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Advertising Near Signalised Intersections Overlay • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay 	DTS/DPF 5.1	<p>[Appearance] DTS/DPF 1.1, DTS/DPF 1.3, DTS/DPF 1.4</p> <p>Advertisements [Proliferation of Advertisements] DTS/DPF 2.1, DTS/DPF 2.2</p> <p>Advertisements [Advertising Content] DTS/DPF 3.1</p> <p>Advertisements [Amenity Impacts] DTS/DPF 4.1</p> <p>Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5</p> <p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2</p>		<p>(Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1, DTS/DPF 1.2</p> <p>Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1, DTS/DPF 1.3</p> <p>Gateway Overlay [Advertisements] DTS/DPF 4.1</p> <p>Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1</p> <p>State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1</p>

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more

than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the 'Accepted Development Classification Criteria'.

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan including any components or alterations incidental to its installation	<ol style="list-style-type: none"> 1. The item will be installed on or within an existing building. 2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public

<p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<p>street.</p>
<p>Building work on railway land</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● None 	<ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation.
<p>Carport</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● Key Outback and Rural Routes Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to workers' accommodation or a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m². 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end) 7. Building height - does not exceed 5m. 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. 10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment. 11. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser). 12. The carport is located so that vehicle access: <ol style="list-style-type: none"> (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) will use a driveway that: <ol style="list-style-type: none"> (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of

	<p>the carport when the work is completed is not steeper than 1:4 on average</p> <p>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</p> <p>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / sit.</p> <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation.</p>
<p>Internal building work</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building. 2. There will be no alteration to the external appearance of the building.
<p>Outbuilding (in the form of a garage)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay ● Key Outback and Rural Routes Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is detached from and ancillary to workers' accommodation or a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads). 6. Total floor area - does not exceed 40m². 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end). 8. Building height - does not exceed 5m. 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.

12. Door opening for vehicle access - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
13. The garage located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
16. Does not involve the clearance of native vegetation.

Outbuilding (not being a garage)

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Place Overlay
- State Heritage Area Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to workers' accommodation or a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed 40m².
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):

	<p>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and</p> <p>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.</p> <p>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.</p> <p>12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.</p> <p>13. Does not involve-</p> <p>(a) excavation exceeding a vertical height of 1 metre; or</p> <p>(b) filling exceeding a vertical height of 1 metre,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>14. Does not involve the clearance of native vegetation.</p>
<p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Historic Area Overlay ● Local Heritage Place Overlay ● State Heritage Place Overlay ● State Heritage Area Overlay 	<p>None</p>
<p>Private bushfire shelter</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback – at least as far back as the building to which it is ancillary 4. Secondary street setback – at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place).
<p>Shade sail</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> ● Local Heritage Place Overlay ● State Heritage Area Overlay ● State Heritage Place Overlay 	<ol style="list-style-type: none"> 1. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment. 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m. 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting 3560

	<p>structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.</p> <p>9. Does not involve the clearance of native vegetation.</p>
<p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof. Panels and associated components do not overhang any part of the roof. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
<p>Swimming pool or spa pool, including an associated safety fence or barrier</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. It is ancillary to workers' accommodation erected on the site or workers' accommodation to be erected on the site in accordance with a development authorisation which has been granted. Allotment boundary setback - not less than 1m. Primary street setback - at least as far back as the building line of the building to which it is ancillary. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or not less than 12m in any other case. Does not involve the clearance of native vegetation.
<p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay 	<ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank is part of a roof drainage system. Total floor area - not exceeding 15m². The tank is located wholly above ground. Tank height - does not exceed 4m above natural ground level. Primary street setback - at least as far back as the building line of the building to which it is ancillary. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. Does not involve the clearance of native vegetation.
<p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> None 	<ol style="list-style-type: none"> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank (including any associated pump) is located wholly below the level of the ground. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the

'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Amenities block	<p>Land Use and Intensity DTS/DPF 1.1, DTS/DPF 1.4</p> <p>Built Form and Character DTS/DPF 3.1, DTS/DPF 3.2, DTS/DPF 3.3, DTS/DPF 3.4</p> <p>Landscaping DTS/DPF 4.1, DTS/DPF 4.2</p> <p>Concept Plans DTS/DPF 5.1</p>	<p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Design [All development [Earthworks and sloping land]] DTS/DPF 8.1</p> <p>Infrastructure and Renewable Energy Facilities [Water Supply] DTS/DPF 11.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.1, DTS/DPF 12.2</p>	None	<p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Building Near Airfields Overlay DTS/DPF 1.1</p> <p>Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1</p>

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Carport	Land Use and Intensity PO 1.4 Built Form and Character PO 3.1, PO 3.2, PO 3.3,	Clearance from Overhead Powerlines PO 1.1 Design [All development [Earthworks and sloping	None	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] PO 1.1 Key Outback and Rural
