

# Gawler Rail Electrification Project

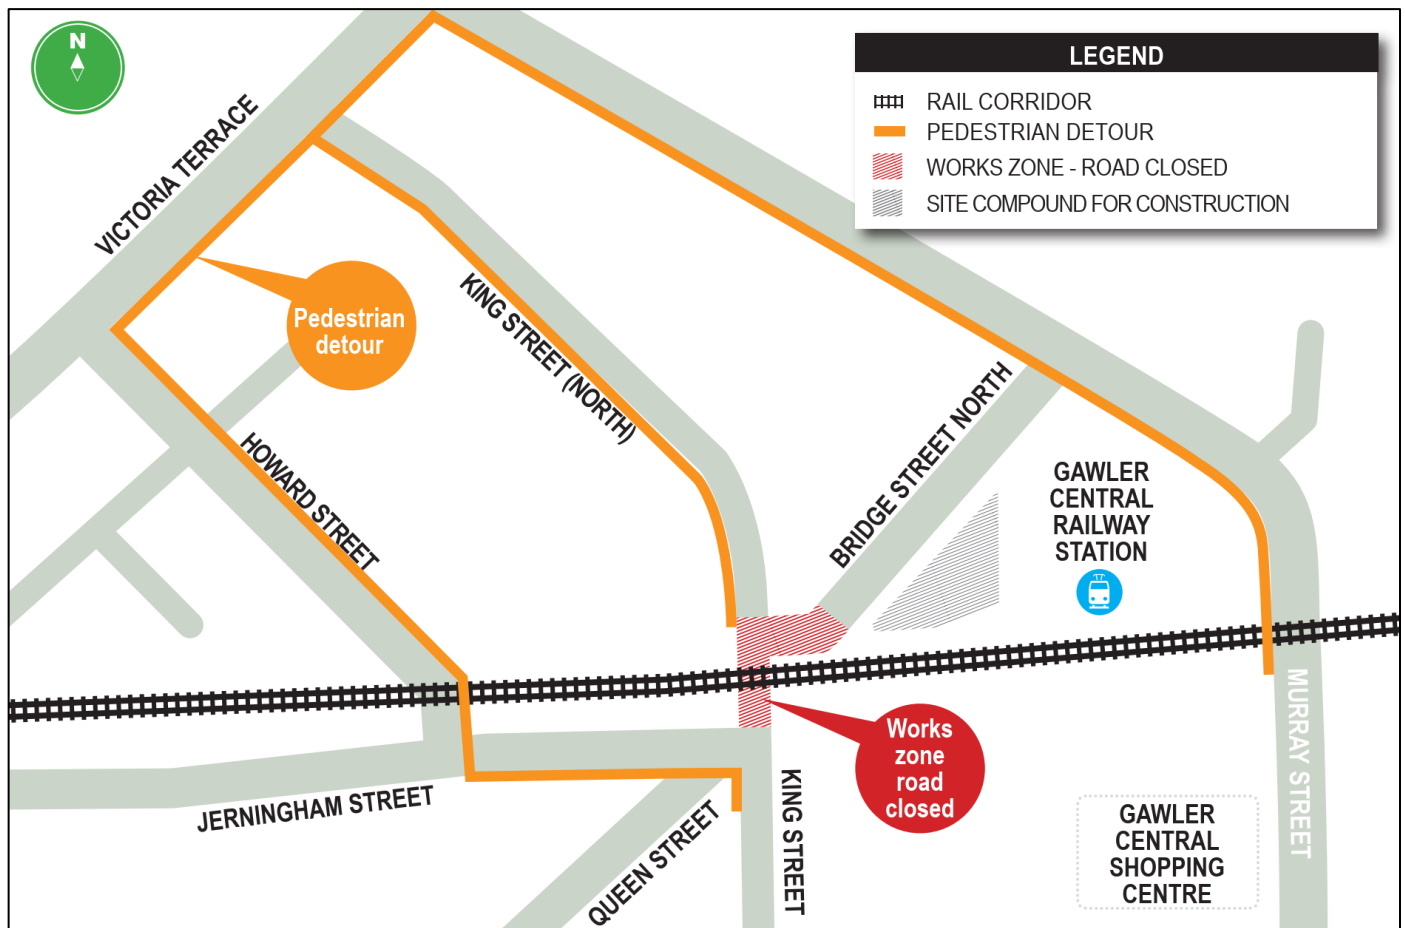

## King Street Bridge – Construction update

Further to our previous construction update on 5 May 2021, works are continuing in the King Street Bridge area as part of the Gawler Rail Electrification Project.

### Pedestrian detour changes

A new pedestrian detour will be in place from **Friday, 28 May 2021**. To ensure the safety of the public and our crews, pedestrians will be unable to cross the rail line at King Street. The nearest safe pedestrian rail crossings are located a (refer to map). The detour will be in place for the duration of the construction. Please observe signage, and directions from traffic controllers when on site.

King Street Bridge will reopen as a pedestrian bridge upon project completion at the end of 2021.

## Ongoing works

Piling works for the construction of the new pedestrian bridge are scheduled to commence from Friday, 28 May 2021.

Utility service relocation works are continuing, including the installation of new power poles. Interruptions to electricity services, if required, will be notified in advance by SA Power Networks.

Standard work hours are Monday to Saturday, 7am to 7pm. Some night works may be required however, the Project Team will provide advance notice when these works are planned. Access to residential properties and businesses will be maintained wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access.

Every effort will be made to minimise disruption to residents and businesses during these works as much as practicably possible.

## Contact us

The Project Team will provide regular updates on construction activities as works progress over the coming months.

If you would like more information or to speak to a member of the Project Team about construction activities, please call 1300 080 834, email [dit.gawlerelectrification@sa.gov.au](mailto:dit.gawlerelectrification@sa.gov.au) or visit [www.dit.sa.gov.au/grep](http://www.dit.sa.gov.au/grep)
