

# Torrens to Darlington

## Ground Investigation Works

The Torrens to Darlington (T2D) Project is the final 10.5 km section of South Australia's world-class multi-billion dollar North-South Corridor. In the coming weeks the Department for Transport and Infrastructure will be undertaking ground investigations in your area. These investigations are a key part of the early works we are undertaking for the next stage of the T2D Project and will help us to develop a comprehensive picture of the underlying soil and ground water conditions along the South Road corridor.

### Location and timing

We will be carrying out investigations at Alfred Street, St Marys.

Investigations works are expected to commence from **Monday 9 August** for approximately **5 days** and will be carried out between **7am** and **5pm**.

In the event that these works need to be rescheduled due to weather conditions or other circumstances outside of our control, we will advise you as soon as we have details.

### Traffic restrictions

- **Alfred Street** will be closed at the corner of **Tobruk Avenue**. Temporary traffic and speed restrictions will apply in the vicinity of the works. Local access will be maintained via a detour to **Tobruk Avenue** or **Quinlan Avenue**.
- Temporary parking, traffic and speed restrictions will apply in the vicinity of the works. Local access will be maintained.
- Signage will be in place to alert road users to the changes in traffic conditions. Road users are advised to take care when travelling through the area.
- Driveway access at locations adjacent to the works will be maintained for the duration.

### What to expect

During works you may notice additional ground and traffic management personnel and equipment within the area. Some disturbances can be expected such as noise, dust and vibration.

### Keeping you informed

If you have any questions or concerns and would like to speak to a member of our project team, please don't hesitate to contact us on 1300 951 145 or
