

Tram Grade Separation Projects

Marion Road and Cross Road Level Crossing Removals

Night works

The Australian and South Australian governments have jointly (50:50) funded \$400 million to remove the level crossings where the Glenelg tram line crosses Marion Road and Cross Road, Plympton. These works form part of the Tram Grade Separation Projects.

What's happening:

As part of our early works program, ground investigations and service relocations are continuing with activities now required to occur at night from Sunday 23 June until early August 2024, weather permitting.

Night works will primarily occur on Marion Road, Cross Road, Anzac Highway and within the tram corridor.

Night works will also be required on some local side roads in the area, should works be required for long periods of time in a certain area, more specific advance notice will be provided to surrounding properties.

How this affects you:

There will be changes to traffic conditions to keep everyone safe. Speed and lane restrictions will be in place while works are underway. Please follow traffic management directions and onsite signage.

Access to properties will be maintained during the works wherever possible. Some short-term access restrictions will be required with advance notice provided to impacted properties.

Pedestrians and cyclists should take care when travelling through the area. For safety reasons there may be some restricted access. Signage will be in place to direct you to alternative access and/or detours.

During these works there may be some noise disruptions, however we will minimise noise where possible.

Outside of working hours, traffic will be fully reopened however some on-street parking may be temporarily impacted.

Day works will continue to be required as part of our early works program, both on the main roads and local roads as previously notified. You may notice activities in the area Monday to Saturday between 7am and 5pm.

When

Sunday 23 June to early August 2024 weather permitting

Typical hours of operation

Night works

Sunday – Thursday
7pm – 6am

Some Saturday nights may be required

Where

- Marion Road and Cross Road near the intersection and Marion Road Level Crossing
- Intersection of Marion Road and Anzac Highway
- Tram corridor between Mavis Avenue and Wattle Terrace

Australian Government

Government of South Australia

Department for Infrastructure and Transport
