

Kidman Bridge Renewal Works

Works Notice

We are undertaking remediation works on the Kidman Bridge, located on Henley Beach Road over the River Torrens.

These works, funded by the South Australian Government as part of the Bridge Maintenance Program, will ensure long term protection of the steelwork and increase the life span of the bridge.

What's happening

Maintenance works on Kidman Bridge are continuing and have been progressing well with the majority of repair work under the bridge now complete. In addition, we have removed old lead paint, replacing it with new lead-free paint, and repaired several concrete piers and underdeck.

Whilst we have been undertaking these works additional opportunities to improve structural stability and repair to the pedestrian footpaths that run across the bridge on Henley Beach Road were identified.

All works are expected to be complete in late July 2025, weather permitting.

How this affects you

Henley Beach Road

Henley Beach Road will continue to remain open to traffic at all times, under speed and lane restrictions, including outside of working hours.

The pedestrian footpath on the northern side of the bridge will remain closed until all works are complete.

There will be some noisy activities from time to time, but we'll do our best to keep disruption to a minimum.

Please plan your trips, observe signage and follow the direction of onsite traffic controllers.

Linear Park Trail Shared Use Path closures

For safety, sections of the Shared Use Path will remain closed until all works are complete. Onsite signage will remain in place to direct you to alternate routes.

Thank you for your patience while these important works are undertaken.

When

Ongoing until late July 2025, weather permitting.

Hours of work

Monday to Friday between the hours of 7am and 5pm

Saturday between the hours of 7am and 2pm.

Some extended working hours on Saturdays and Sunday works intermittently as required.

Where

Kidman Bridge, Henley Beach Road, Lockleys.
