We're creating a new aquatic centre in Park 2

The South Australian Government is building the new aquatic centre at Pardipardinyilla / Denise Norton Park (Park 2) in the Adelaide City northern Park Lands.

What's happening

As a part of ongoing works at the Adelaide Aquatic Centre, we will soon commence activities to upgrade the car park driveways (crossovers) into the new centre car park.

To allow for a safe and efficient construction process, the current Shared Use Path along Jeffcott Road will be temporarily closed for one week from 10 to 17 December 2025 (see map below).

As the centre nears completion testing of systems will commence, including testing of security and fire alarm systems. Testing will occur from mid-December until early January 2026. Systems testing will occur in a controlled environment and is a normal part of facility commissioning.

What to expect

- **Jeffcott Road and Barton Terrace West will always remain open to traffic.**
- **Cyclist and pedestrian access** – Jeffcott Road Eastern Shared Use Path will be temporarily closed. Pedestrians and cyclist access will be maintained via temporary detours along Barton Terrace West, Prospect Street and Fitzroy Terrace (see detour map below).
- **Bus stop 7 will continue to remain open.** Bus stop 7 will be accessible from Fitzroy Terrace. For users coming from Barton Terrace West, please use Bus stop 6.

What

Car park driveway (crossover) works

When

10 December 2025 to
17 December 2025

Hours of work

Monday to Saturday,
7am – 7pm

Where

Adelaide Aquatic Centre,
Jeffcott Road, North
Adelaide

More than 1,000 square metres of Park Lands returned to community

Community spaces among natural landscapes

A new place to come together

Some disturbance can be expected such as noise, dust and vibration associated with the works, but we will ensure we minimise these impacts wherever possible.

We appreciate your patience while we undertake these important works.
