

Gawler East Link Road Project & Tulloch Road Intersection Upgrade

Night works commencing Sunday, 17 May

As part of the Gawler East Link Road Project and Tulloch Road Intersection Upgrade, the Department of Planning, Transport and Infrastructure advises that night works will be undertaken on Main North Road, between Ames Road and Krieg Road, and on sections of Para, Potts and Tulloch Roads, and Morrow Avenue, Evanston Park, for approximately three weeks **commencing on Sunday, 17 May**.

Dates: from 7pm, Sunday, 17 May, until 7am, Friday, 5 June, weather permitting.

Work hours: works will be undertaken each night **between 7pm and 7am**, excluding Friday and Saturday nights

Location: Main North Road (between Ames Road and Krieg Road), and on sections of Para, Potts and Tulloch roads, and Morrow Avenue. Work zones will shift regularly to limit disruption to local residents.

Activities: placement of final asphalt wearing course and line marking.

Traffic management: speed and lane restrictions will apply in the vicinity of the works, with traffic management in place to advise motorists of any detours and changed traffic conditions. Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

There will be some unavoidable noise and vibration whilst these works are being completed. Every effort will be made to minimise the disturbance to residents as much as practically possible.

The works will not change current pedestrian access or public transport services.

Thank you for your patience while these important works are undertaken.
