

Gawler Rail Electrification Project

Park Terrace, Salisbury level crossing temporary closure

As part of the Gawler Rail Electrification Project, the Park Terrace level crossing will be temporarily closed to complete overhead wiring works.

Location: works will be undertaken within the rail corridor between Parafield and Salisbury railway stations. To ensure the works can be undertaken safely, the **Park Terrace level crossing** will be temporarily closed while works are carried out.

When: works will be undertaken at night to minimise impact to traffic during peak times. Hours of work are:

- 7pm Friday, 25 June to 6am Saturday, 26 June 2021
- 7pm Saturday, 26 June to 6am Sunday, 27 June 2021
- 7pm Sunday, 27 June to 6am Monday, 28 June 2021

The level crossing will be closed at these times.

Traffic management and detours: Detours will be in place to direct motorists to alternative crossing points via Gawler Street and Salisbury Highway (refer to map). Speed restrictions will also apply. Please observe signage, speed restrictions and traffic controllers.

Access to residential properties and businesses will be maintained at all times. Pedestrians will be assisted to cross by staff on site (if safe to do so) or directed to the nearest safe crossing point.

Please plan ahead, allow extra time and take care when travelling through the area.

BUILDING OUR FUTURE

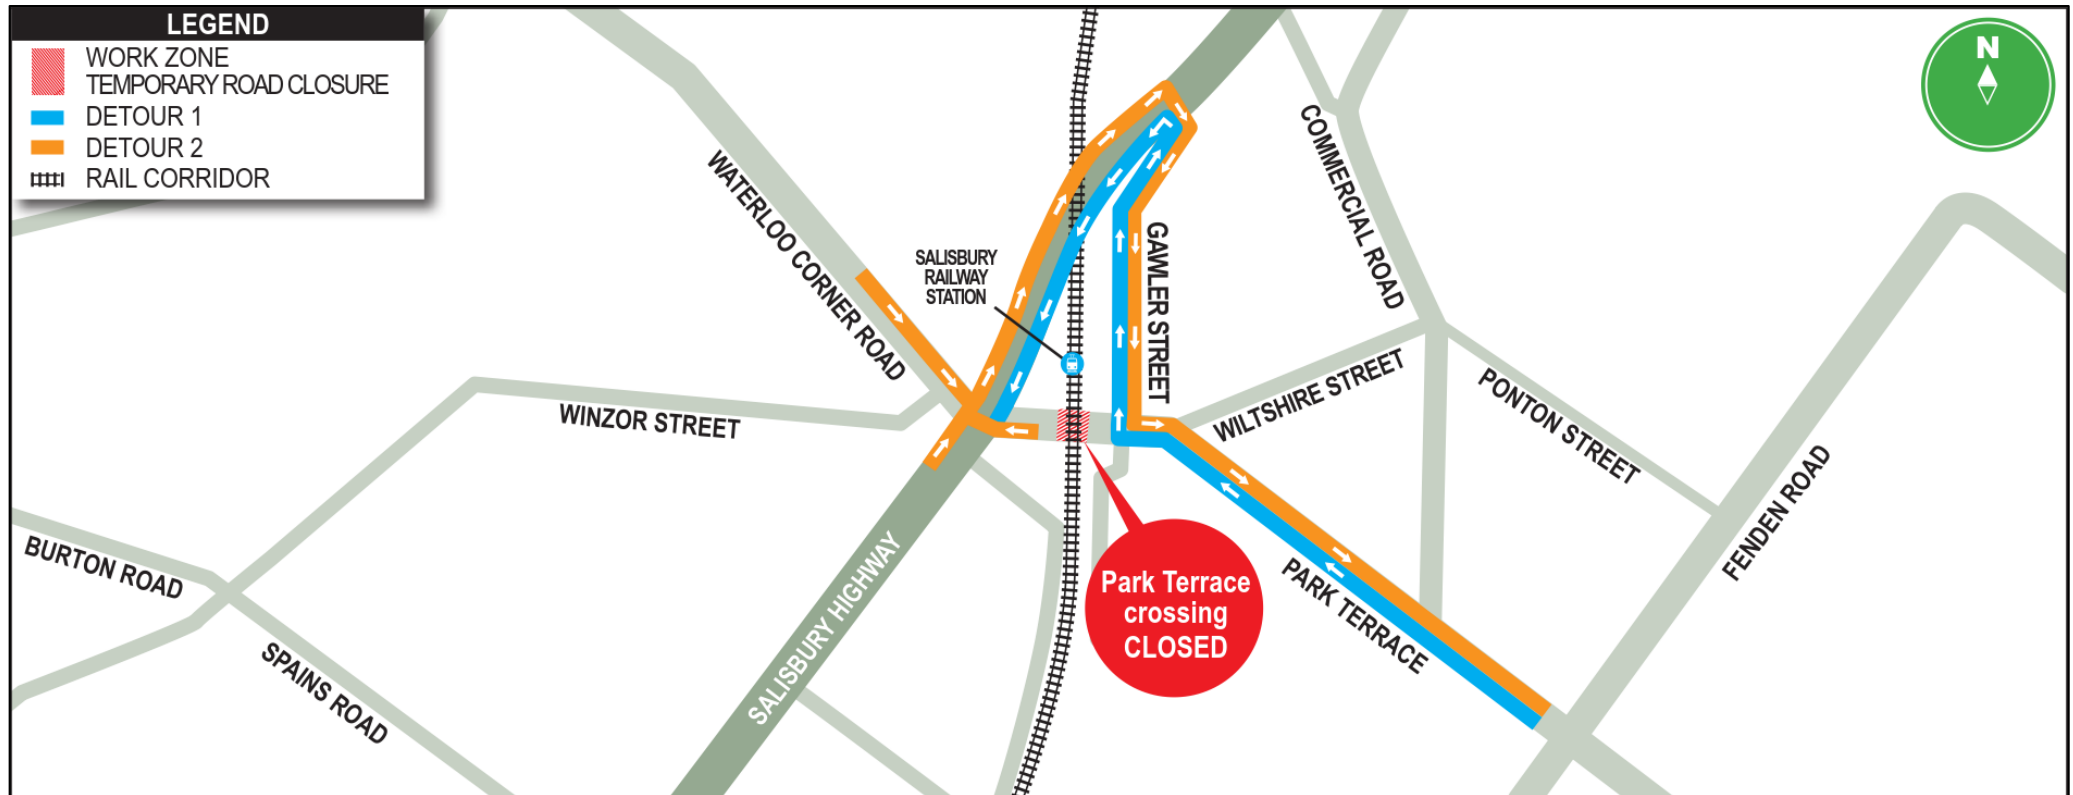

Government
of South Australia

**BUILDING
WHAT MATTERS**

What you can expect: construction plant and equipment including wiring trucks, elevated working platforms and other construction vehicles will be used on site. As work crews move along the railway line, some noise can be expected from construction machinery. Every effort will be made to minimise disruption to residents and businesses during these works as much as is practically possible.
