

Gawler Rail Electrification Project

Pedestrian Crossing Upgrade, Chidda Railway Station

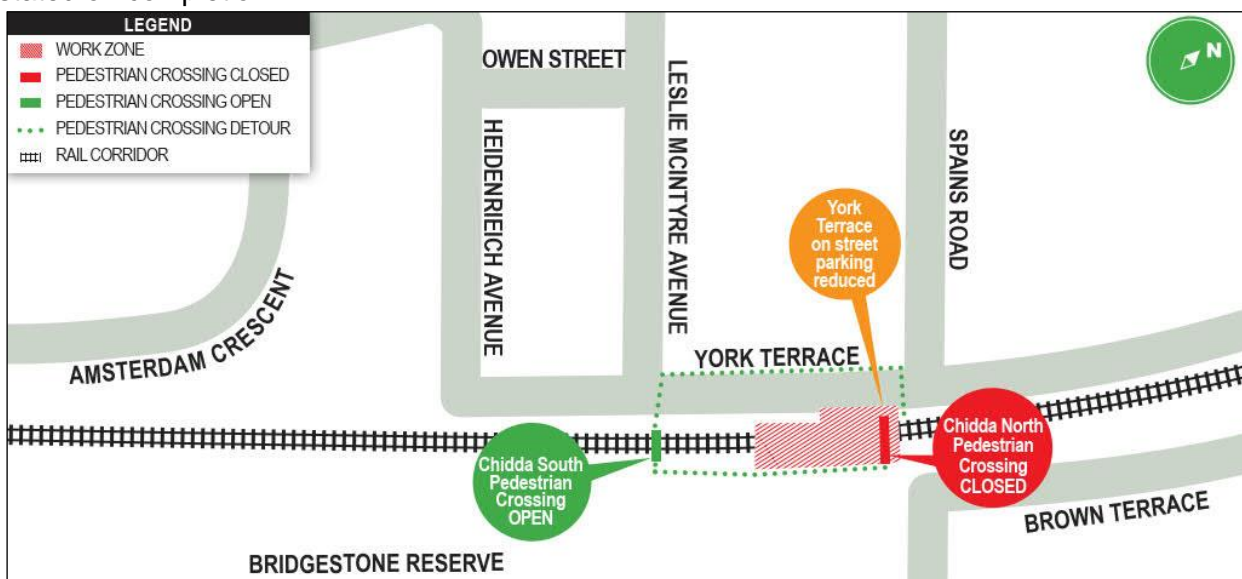

As part of the Gawler Rail Electrification Project, the existing northern pedestrian crossing at Chidda Railway Station will be replaced with a new active pedestrian crossing in the same location.

The activation of the crossing will be completed in two stages. The first stage of works involves the construction of a new pedestrian maze and path.

When: The first stage of works will commence from **Monday, 28 June 2021** and take approximately four weeks to complete, weather permitting. Works will take place from 7am to 7pm Monday to Saturday each week.

Location: Chidda Railway Station, northern pedestrian crossing (refer to map).

Pedestrian access and detours: Pedestrian access will be maintained at all times via the southern pedestrian crossing between York Terrace and Bridgestone Reserve. Please observe signage and directions from traffic controllers. On street parking will be temporarily reduced on York Terrace while works under underway and will be reinstated on completion.

What you can expect: Some noise, dust and vibrations may be experienced from construction machinery. Every effort will be made to minimise disruption to residents and pedestrians during these works.

For more information, please call 1300 080 834, email dit.gawlerelectrification@sa.gov.au or visit www.dit.sa.gov.au/grep. Follow www.facebook.com/DFITSA/ for project updates, or register your details to receive project updates directly at www.dit.sa.gov.au/grep.

Kind regards
