

Freight Highway Upgrade Program

Augusta Highway

We are improving safety and reliability on national freight routes.

The \$500 million program is funded by the Australian (80%) and South Australian (20%) governments over 10 years.

What's happening

We are undertaking works to upgrade the Augusta Highway, between Fulham Road and Edinburgh Terrace, in Port Augusta as part of the Freight Highway Upgrade Program.

These works will include the replacement of bridge expansion joints on the railway bridge. Expansion joints allow the bridge to naturally expand and contract without cracking, reducing strain on the structure and improving overall durability.

How this affects you

The Augusta Highway will remain open at all times

To reduce impacts to traffic these works will be undertaken at night.

During working hours speed and lane restrictions in place to ensure safety. Outside of working hours lane restrictions will be lifted. Speed restrictions will remain in place subject to onsite conditions.

Access to properties and businesses will be maintained. Advance notice will be provided if temporary access restrictions are required.

Please plan your trips, be cautious around workers, and observe onsite signage.

We thank you for your patience while we undertake these critical infrastructure upgrades.

When

Monday 25 November 2024
for approximately 1 week,
weather permitting

Hours of work

Night Works

Monday to Sunday
From 7pm and 6am

Where

Augusta Highway railway
bridge, adjacent to
Nicholson Terrace, Port
Augusta
