

# Adelaide Aquatic Centre

## Construction update – November 2025

Government  
of South Australia

**SA IS  
BUILDING**  
→

### Park Land trails are being upgraded in Park 2, as part of the new Adelaide Aquatic Centre project.

The South Australian Government is designing, building, and operating the new aquatic centre at Pardipardinyilla / Denise Norton Park (Park 2) in the Adelaide City northern Park Lands.

## What's happening

As a part of ongoing works at the Adelaide Aquatic Centre, we will soon commence activities to upgrade the Park Land Trails within Park 2.

To allow for a safe and efficient construction process, the current paths within Park 2 will be closed from early November 2025, with new detours in place until project completion (see map below).

## What to expect

- **Cyclist and pedestrian access** – a new detour will be in place for pedestrians (see map).
- **Jeffcott Road and Barton Terrace West will always remain open to traffic.** Some traffic disruption may temporarily occur in and around the site whilst work take place. Traffic management measures will be put in place to ensure everyone's safety.
- **Bus stop 7 will continue to remain open.**
- **All roads will remain open.** Some traffic disruption may temporarily occur in and around the site whilst the works take place. Traffic management measures will be put in place to ensure everyone's safety.

Some disturbance can be expected such as noise, dust and vibration associated with the works, but we will ensure we minimise these impacts as much as possible. We appreciate your cooperation whilst these important works are undertaken.

#### What

Park Land Trail upgrade activities

#### When

Early November 2025 until project completion summer of 2025/26

#### Hours of work

Monday to Saturday,  
7am – 7pm

#### Where

Adelaide Aquatic Centre,  
Jeffcott Road, North  
Adelaide

More than 1,000 square metres of Park Lands returned to community

Community spaces among natural landscapes

A new place to come together

## Park 2 Pedestrian and Cyclist Pathways detour

To ensure the safety of the community during the new Adelaide Aquatic Centre construction, some pathways will be closed and detours in place until project completion in the summer of 2025/26.

Directional signage will assist with safe movement through the area.

### Legend

-  Construction site
-  Construction site access
-  Existing path
-  Path closures
-  Temporary pedestrian and cyclist detour
-  Temporary shared path - cyclists dismount

### Cyclists

- Due to a partial trail path closure within Park 2, cyclists will be directed around the site via off road paths along Prospect Road or Fitzroy Terrace.
- Cyclists are encouraged to use the existing road bicycle lanes on Barton Terrace West to connect with the Prospect Road/O'Connell Street intersection.
- The Shared Use Path along Jeffcott Road will continue to be partially closed. Cyclists can dismount their bikes and resume their journey once at the Barton Terrace West and Jeffcott Road intersection.

### Pedestrians

- Pedestrians will be directed around the site via the paths along Prospect Road, Fitzroy Terrace or Barton Terrace West.
- The temporary path along Jeffcott Road will continue to be open for pedestrian use until otherwise communicated.
