Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

All other Code Assessed Development	All	All	All	Any relevant Overlay: All

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: (a) shop that is ancillary to and located on the same allotment or adjoining allotment used for primary production or value adding and offers for sale or consumption produce or goods that are primarily sourced, produced or manufactured on the same allotment or adjoining allotments (b) shop that has a gross leasable floor area less than 1000m^2 (c) shop that is a restaurant.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development **(Column A)**	**Exceptions** **(Column B)**
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) agricultural building (c) ancillary accommodation (d) air handling unit, air conditioning system or exhaust fan (e) carport (f) deck (g) dwelling (h) dwelling addition (i) farming (j) fence (k) horse keeping (l) internal building works (m) land division (n) outbuilding (o) pergola (p) private bushfire shelter (q) protective tree netting structure (r) replacement building (s) retaining wall (t) shade sail (u) solar photovoltaic panels (roof mounted) (v) swimming pool or spa pool and associated swimming pool safety features (w) temporary accommodation in an area affected by bushfire (x) temporary public service depot (y) tree-damaging activity (z) verandah (aa) water tank.	None specified.
3. Any development involving any of the following (or of any combination of any of the following): (a) industry (b) store (c) warehouse.	Except development that exceeds the total floor area limit expressed in Rural Horticulture Zone DTS/DPF 4.1(c) or does not satisfy Rural Horticulture Zone DTS/DPF 4.3.
4. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
5. Horticulture.	Except horticulture that does not satisfy any of the following: 1. Rural Horticulture Zone DTS/DPF 3.1(d) 2. Rural Horticulture Zone DTS/DPF 3.1(e).
6. Railway line.	Except where located outside of a rail corridor or rail reserve.
7. Shop.	Except shop that exceeds the gross leasable floor area limit expressed in Rural Horticulture Zone DTS/DPF 6.1(c) or does not satisfy Rural Horticulture Zone DTS/DPF 6.2.
8. Tourist accommodation.	Except tourist accommodation that does not satisfy Rural Horticulture Zone DTS/DPF 6.3.
Placement of Notices - Exemptions for Performance Assessed Development	
Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Horticulture Zone.	
Placement of Notices - Exemptions for Restricted Development	
Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of *the Planning, Development and Infrastructure Act 2016* does not apply in the Rural Horticulture Zone.	

Windamere Park Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO1	Development primarily involving the provision of disability services in a rural setting.

Performance Outcomes and Deemed to Satisfy / Designated Performance Outcome Criteria

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Development involving the provision of disability services including training facilities, allied health services, administrative facilities, and accommodation for disability clients and their families.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Community facilities (b) Consulting room (c) Dwelling (d) Supported accommodation (e) Temporary accommodation.
PO 1.2 Farming activities in association with disability services undertaken in a manner that is compatible with on-site accommodation.	DTS/DPF 1.2 None are applicable.
Built Form and Siting	
PO 2.1 Development is sited and designed to maintain a primarily open rural setting.	DTS/DPF 2.1 None are applicable.
PO 2.2 Buildings associated with the provision of disability services are sited in a cluster to provide easy access for clients and families.	DTS/DPF 2.2 None are applicable.

Rural Intensive Enterprise Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Multi-purpose intensive agricultural production, processing facilities and supporting ancillary industries that are important economic and employment assets to the state.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 The productive value of land for a range of intensive rural activities (such as intensive animal husbandry) and associated value-adding processing; processing of animal and food products (including stock slaughter works); washing and packing of produce; bulk commodity storage; feed and hay processing; and storage, warehousing and distribution activities are supported, protected and maintained. The proliferation of land uses that may be sensitive to those activities is avoided.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Advertisement (b) Agricultural building (c) Intensive animal husbandry (d) Industry (e) Small-scale ground mounted solar power facility (f) Stock sales yard (g) Stock slaughter works (h) Transport distribution (i) Warehouse
PO 1.2 Telecommunication facilities are located to mitigate impacts on visual amenity on residential areas and maintain a pleasant rural character.	DTS/DPF 1.2 Telecommunications facility in the form of a monopole and satisfies all of the following: (a) up to a height of 30m (b) no closer than 100m from neighbourhood-type zones (c) no closer than 50m to a dwelling or tourist accommodation on land in other ownership.
Siting and Design	
PO 2.1 Development is provided with suitable vehicle access.	DTS/DPF 2.1 Development is serviced by an all-weather public road.
PO 2.2 Buildings are generally located on flat land to avoid cut and fill and the associated visual impacts.	DTS/DPF 2.2 Buildings: (a) are sited on land with a slope not greater than 10% (1-in-10) and (b) do not result in excavation and filling of land that is greater than 1.5m from natural ground level.
Dwellings	
PO 3.1 Residential development is not supported to protect the long-term continuation of intensive rural industries and activities.	DTS/DPF 3.1 Dwelling is in the form of: (a) the replacement of an existing habitable dwelling on the same allotment or (b) a manager's residence.
Land Division	
PO 4.1 Land division for the purposes of primary production, including boundary realignments, promotes productive, efficient and sustainable intensive rural activities.	DTS/DPF 4.1 Allotments have an area not less than: **Minimum Site Area** Minimum site area is 100 ha Minimum site area is 40 ha Minimum site area is 5,000 sqm In relation to DTS/DPF 4.1, in instances where: (a) more than one value is returned int he same field, refer to the *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (b) no value is returned (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.
PO 4.2 Land division accommodates an allied food industry (value adding) activity associated with primary production, including stock slaughter works.	DTS/DPF 4.2 None are applicable.
PO 4.3 Allotment boundaries, including by realignment, are positioned to incorporate sufficient space around existing residential, tourist accommodation and other habitable buildings (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) to: (a) maintain a pleasant rural character and amenity for occupants (b) manage vegetation within the same allotment to mitigate bushfire hazard.	DTS/DPF 4.3 Allotment boundaries are located no closer to an existing residential, tourist accommodation or other habitable building than the greater of the following: (a) 40m or (b) the distance required to accommodate an asset protection zone wholly within the relevant allotment.
Agricultural Buildings	
PO 5.1 Agricultural buildings are developed to support animal keeping, processing, storage and distribution activities.	DTS/DPF 5.1 Agricultural buildings satisfy all of the following: (a) are located on an allotment having an area of at least 20 hectares (b) are set back at least 40m from an allotment boundary (c) do not result in having a height more than 10m above natural ground level (d) do not exceed 500m^2 in floor area (e) incorporate the loading and unloading of vehicles utilising the building entirely upon the site.

Outbuildings, Carports and Verandahs	
PO 6.1 Outbuildings are sited, designed and of a scale that maintain a pleasant rural character and amenity.	DTS/DPF 6.1 Outbuildings satisfy all of the following: (a) have a primary street setback that is at least as far back as the building to which it is ancillary (b) have a total floor area that does not exceed 120m^2 (c) do not exceed 5m in wall height measured from natural ground level (not including a gable end) (d) have a total roof height that does not exceed 6m measured from natural ground level (e) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour (f) are limited to no more than 2 outbuildings on the same allotment.
PO 6.2 Carports and verandahs are sited, designed and of a scale that maintain a pleasant rural character and amenity.	DTS/DPF 6.2 Carports and verandahs satisfy all of the following: (a) are set back from the primary street at least as far back as the building to which it is ancillary (b) have a total floor area that does not exceed 80m^2 (c) have a post height that does not exceed 3m measured from natural ground level (not including a gable end) (d) have a total roof height that does not exceed 5m measured from natural ground level (e) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour.
Advertisements	
PO 7.1 Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality.	DTS/DPF 7.1 Freestanding advertisements: (a) do not exceed 2m in height and (b) do not have a sign face that exceeds 2m^2 per side.
Concept Plans	
PO 8.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.	DTS/DPF 8.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints In relation to DTS/DPF 8.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 8.1 is met.
Rural Industry	
PO 9.1 Industry, storage, warehousing, transport distribution or similar activities are sited, designed and of a scale that minimises the potential for adverse impact on adjoining activities.	DTS/DPF 9.1 None are applicable

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Carport Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 80m^2 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end) 7. Building height - does not exceed 5m 8. The carport is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road, and will use a driveway that: (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site 9. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour. 10. Does not involve the clearance of native vegetation.
Farming Except where any of the following apply: • Building Near Airfields Overlay • Marine Parks (Managed Use) Overlay • Marine Parks (Restricted Use) Overlay • Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay • Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay • Ramsar Wetlands Overlay • Water Protection Area Overlay	1. There is no excavation or filling of land 2. Does not involve the erection, construction or alteration of, or addition to, any building or structure 3. Does not involve the clearance of native vegetation 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Outbuilding Except where any of the following apply:	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*

• Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 80m^2 6. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 7. Building height - does not exceed 5m 8. If the outbuilding is a garage, it is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road, and will use a driveway that: (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site 9. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour 10. Does not involve- (a) excavation exceeding a vertical height of 1m; or (b) filling exceeding a vertical height of 1m, and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m. 11. Does not involve the clearance of native vegetation 12. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Partial demolition of a building or structure Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None
Private bushfire shelter Except where any of the following apply: • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) 6. Does not involve the clearance of native vegetation.
Shade sail Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m^2 5. No part of the shade sail will be: (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 8. Does not involve the clearance of native vegetation 9. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Solar photovoltaic panels (ground mounted) Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The system is freestanding and not attached to a building or other structure. 3. No part of the system: (a) is more than 4m in height (measured as a height above the natural surface of the ground); (b) is within 100m of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and (c) is within 10m of a boundary of an allotment containing a dwelling not associated with the system. 4. The generating capacity of the system does not exceed 30 kW 5. Does not result in the clearance of any native vegetation. 6. Does not involve the clearance of native vegetation.
Solar photovoltaic panels (roof mounted) Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
Verandah Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 80m^2 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Does not involve the clearance of native vegetation.
Water tank (above ground) Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m^2 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement Except where any of the following apply: • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4 Advertisements [Proliferation of Advertisements] DTS/DPF 2.3 Advertisements [Advertising Content] DTS/DPF 3.1 Advertisements [Amenity Impacts] DTS/DPF 4.1 Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6 Clearance from Overhead Powerlines DTS/DPF 1.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Advertisements] DTS/DPF 4.1 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1 State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
None specified	None specified

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development (Column A)	Exceptions Column B)
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) agricultural building (c) air handling unit, air conditioning system or exhaust fan (d) carport (e) deck (f) dwelling (g) dwelling addition (h) farming (i) fence (j) horse keeping (k) internal building works (l) land division (m) outbuilding (n) pergola (o) private bushfire shelter (p) renewable energy facility (q) replacement building (r) retaining wall (s) shade sail (t) swimming pool or spa pool and associated swimming pool safety features (u) temporary accommodation in an area affected by bushfire (v) verandah (w) water tank.	None specified.
3. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
4. Railway line.	Except where located outside of a rail corridor or rail reserve.
5. Telecommunications facility.	Except telecommunications facility that does not satisfy Rural Intensive Enterprise Zone DTS/DPF 1.2.
Placement of Notices - Exemptions for Performance Assessed Development	
Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Intensive Enterprise Zone.	
Placement of Notices - Exemptions for Restricted Development	
Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of *the Planning, Development and Infrastructure Act 2016* does not apply in the Rural Intensive Enterprise Zone.	

Rural Living Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A spacious and secluded residential lifestyle within semi-rural or semi-natural environments, providing opportunities for a range of low-intensity rural activities and home-based business activities that complement that lifestyle choice.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Residential development with complementary ancillary non-residential uses that do not place additional demands on services and infrastructure, and compatible with a secluded semi-rural or semi-natural residential character.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Agricultural Buildings (b) Animal Keeping (c) Carport (d) Consulting room (e) Detached dwelling (f) Dwelling addition (g) Farming (h) Horse keeping (i) Kennel (j) Light industry (k) Office (l) Outbuilding (m) Shelter/Stable (n) Shop (o) Verandah
PO 1.2 Animal keeping and horse keeping is of a scale that is ancillary to and in association with the residential use of the land.	DTS/DPF 1.2 The keeping of animals satisfies all of the following: (a) is ancillary to a dwelling located on the same allotment (b) takes place on an allotment with an area of at least 1ha (c) for horse keeping, is limited to not more than 2 horses per allotment.
PO 1.3 Horse keeping is undertaken only if the horses are accommodated within a stable or shelter with supplementary feeding to maintain pasture cover.	DTS/DPF 1.3 Horse keeping includes the provision of:

	(a) stabling or similar sheltering and (b) a grazing area of at least 0.5ha.
PO 1.4 Non-residential development complements the semi-rural or semi-natural residential character and amenity and: (a) is ancillary to a dwelling erected on the same allotment (b) avoids interface conflicts with other land uses.	DTS/DPF 1.4 Non-residential business activities located on the same allotment and in conjunction with a dwelling where one of the following is satisfied: (a) shop, consulting room or office (or any combination thereof) where all the following are satisfied: (i) does not exceed 50m^2 gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) light industry where the combined (exiting and proposed) total floor area on the allotment used for such purposes does not exceed 100m^2.
PO 1.5 Non-residential development sited and designed to complement the semi-rural or semi-natural residential character and amenity.	DTS/DPF 1.5 None are applicable.
Built Form and Character	
PO 2.1 Dwellings are sufficiently separated from site boundaries and of a scale that reinforces the semi-rural or semi-natural character and amenity.	DTS/DPF 2.1 Dwellings satisfy all of the following: (a) are setback as follows: (i) for allotments with an area of 1ha or more - at least 20m from all boundaries (ii) for allotments with an area less than 1ha: A. 20m from the primary street and rear boundaries B. 10m from side and secondary street boundaries (b) have a building height that is no greater than 2 building levels and 9m (c) have a wall height is no greater than 6m.
PO 2.2 Non-residential buildings are designed and sited to minimise visual impact on the surrounding locality by: (a) having substantial setbacks from boundaries and adjacent public roads (b) using low-reflective materials and finishes that blend with the surrounding landscape (c) being located below ridgelines.	DTS/DPF 2.2 Non-residential buildings and structures satisfy all of the following: (a) do not exceed 100m^2 in total floor area (b) are set back from all allotment boundaries by at least 25m (c) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour (d) have a building height that is no greater than 1 building level and 6m (e) have a wall height is no greater than 3m.
PO 2.3 Buildings, structures and associated facilities for the keeping of animals are sited, designed and of a scale and appearance that reinforces the semi-rural or semi-natural character and amenity.	DTS/DPF 2.3 Kennels, stables, shelters and associated yards satisfy all of the following: (a) are set back from all allotment boundaries by at least 25m (b) have a building height that is no greater than 5m above natural ground level (c) do not exceed a combined total floor area of 100m^2 (d) do not comprise more than 10% of the area of the allotment.
PO 2.4 Dwelling additions are sited, designed and of a scale that reinforces the semi-rural or semi-natural character and amenity.	DTS/DPF 2.4 Additions or alterations to an existing dwelling satisfy all of the following: (a) are set back behind the main façade of the existing dwelling (b) have a building height that is no greater than 2 building levels and 9m (c) have a wall height no greater than 6m.
PO 2.5 Outbuildings and agricultural buildings are sited, designed and of a scale that reinforces the semi-rural or semi-natural character and amenity.	DTS/DPF 2.5 Outbuildings and agricultural buildings satisfy all of the following: (a) have a primary street setback that is behind the building to which it is ancillary (b) have a combined total floor area that does not exceed: (i) for allotment with an area of 1ha or more - 200m^2 (ii) for allotment with an area less than 1ha - 150m^2 (c) do not exceed 4m in wall height measured from natural ground level (not including a gable end) (d) have a total roof height that does not exceed 5m (e) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour (f) are limited to no more than a combination of 2 outbuildings and/or agricultural buildings on the same allotment.
PO 2.6 Carports and verandahs are sited, designed and of a scale that reinforces the semi-rural or semi-natural character and amenity.	DTS/DPF 2.6 Carports and verandahs satisfy all of the following: (a) are set back from the primary street at least as far back as the building to which it is ancillary (b) have a total floor area that does not exceed 80m^2 (c) have a post height that does not exceed 3m measured from natural ground level (not including a gable end) (d) have a total roof height that does not exceed 5m (e) if clad in sheet metal, the cladding is pre-colour treated or painted in a non-reflective colour.
Site Dimensions and Land Division	
PO 3.1 Allotments/sites created for semi-rural residential purposes are consistent with the density expressed in any relevant *Minimum Site Area Technical and Numeric Variation* or are of suitable size and dimension to contribute to the existing semi-rural pattern of development consistent to the locality and suitable for their intended use.	DTS/DPF 3.1 Development will not result in more than 1 dwelling on an existing allotment or Allotments/sites have: (a) an area not less than:

Minimum Site Area
Minimum site area for a detached dwelling is 500 sqm; semi-detached dwelling is 500 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm
Minimum site area is 1 ha
Minimum site area is 10 ha
Minimum site area is 100 ha
Minimum site area is 1,200 sqm
Minimum site area is 1.2 ha
Minimum site area is 12 ha
Minimum site area is 1,500 sqm
Minimum site area is 1.5 ha
Minimum site area is 15 ha
Minimum site area is 1.7 ha
Minimum site area is 2,000 sqm
Minimum site area is 2 ha
Minimum site area is 20 ha
Minimum site area is 2,500 sqm
Minimum site area is 2.5 ha
Minimum site area is 3,000 sqm
Minimum site area is 3 ha
Minimum site area is 4,000 sqm
Minimum site area is 4 ha
Minimum site area is 40 ha
Minimum site area is 5,000 sqm
Minimum site area is 5 ha
Minimum site area is 6 ha
Minimum site area is 7,000 sqm
Minimum site area is 7 ha
Minimum site area is 7,500 sqm
Minimum site area is 8,000 sqm

	(b) a frontage to a public road not less than 50m or, in the case of a battle-axe allotment, a frontage to a public road not less than 6m and a maximum driveway 'handle' length of no more than 40m. In relation to DTS/DPF 3.1, in instances where: (c) more than one value is returned in the same field, refer to the *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) no value is returned for DTS/DPF 3.1(a) (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.
Concept Plans	
PO 4.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.	DTS/DPF 4.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie Concept Plan 3 - Mount Barker and Littlehampton Concept Plan 21 - Virginia Concept Plan 71 - Hamley Bridge Concept Plan 50 - Roseworthy Town Expansion Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints Concept Plan 80 - Murray Bridge Concept Plan 88 - Swanport Concept Plan 99 - Two Wells Concept Plan 98 - Mallala Concept Plan 96 - Maslin Beach Concept Plan 103 - Cockatoo Valley Concept Plan 101 - Evanston Gardens, Evanston South, Hillier Concept Plan 100 - Gawler East In relation to DTS/DPF 4.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met.
Advertisements	
PO 5.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality.	DTS/DPF 5.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m2 and mounted flush with a wall or fence.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Carport Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 80m^2 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end) 7. Building height - does not exceed 5m 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 10. The carport is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) in not obtained from a State Maintained Road, and will use a driveway that: (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site 11. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour. 12. Does not involve the clearance of native vegetation
Outbuilding Except where any of the following apply:	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*

• Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 80m^2 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. If the outbuilding is a garage, it is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road , and will use a driveway that: (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site 12. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour. 13. Does not involve- (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres. 14. Does not involve the clearance of native vegetation. 15. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Partial demolition of a building or structure Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None
Private bushfire shelter Except where any of the following apply: • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) 6. Does not involve the clearance of native vegetation.
Protective tree netting structure Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated) 5. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour 6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following: (a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or (b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site 7. No part of the netting canopy of the protective tree netting structure: (a) will cover native vegetation; or (b) will be within 5m of a road (including any road reserve) 8. The points of attachment of any cables will not be located: (a) outside the boundaries of the site; or (b) within a watercourse (within the meaning of the *Landscape South Australia Act 2019*) 9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following: (a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling (b) in any other case, no part of the netting canopy is within 15m of the dwelling.
Shade sail Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m^2 5. No part of the shade sail will be: (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Solar photovoltaic panels (roof mounted) Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
Swimming pool or spa pool and associated swimming pool safety features Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted; 4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature). 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary 6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment: (a) not less than 5m where the filtration system is located inside a solid acoustic structure; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Temporary public service depot Except where any of the following apply: • Hazards (Flooding) Overlay • Local Heritage Place Overlay • Major Urban Transport Routes Overlay • State Heritage Place Overlay • Traffic Generating Development Overlay • Urban Transport Routes Overlay	1. Occupies land for no longer than 3 months 2. Ensures litter and water are contained on site 3. Provides temporary security fencing around the perimeter of the site.

Verandah Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 80m^2 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment 9. Does not involve the clearance of native vegetation.
Water tank (above ground) Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 30m^2 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Agricultural building Except where any of the following apply: • Character Area Overlay • Character Preservation District Overlay • Coastal Areas Overlay • Gateway Overlay • Hazards (Flooding) Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	Land Use and Intensity DTS/DPF 1.1 Built Form and Character DTS/DPF 2.5	Clearance from Overhead Powerlines DTS/DPF 1.1 Design [All development [Earthworks and sloping land]] DTS/DPF 8.1, DTS/DPF 8.2 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2 Interface between Land Uses [Activities Generating Noise or Vibration] DTS/DPF 4.1 Transport, Access and Parking [Movement Systems] DTS/DPF 1.4 Transport, Access and Parking [Vehicle Access] DTS/DPF 3.1	None	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Local Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity] DTS/DPF 1.1 Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways] DTS/DPF 2.2 Historic Shipwrecks Overlay [General] DTS/DPF 1.1 Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater] DTS/DPF 3.4, DTS/DPF 3.9 Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater] DTS/DPF 3.4, DTS/DPF 3.9 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1, DTS/DPF 1.3 River Murray Flood Plain Protection Area Overlay [Built Form and Character] DTS/DPF 5.1 River Murray Flood Plain Protection Area Overlay [Flood Resilience] DTS/DPF 6.4 River Murray Flood Plain Protection Area Overlay [Access] DTS/DPF 8.3 Scenic Quality Overlay [Earthworks] DTS/DPF 4.1 State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1 Water Resources Overlay [Water Catchment] DTS/DPF 1.1, DTS/DPF 1.5

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: (a) shop that has a gross leasable floor area less than 1000m^2 (b) shop that is a restaurant.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development **(Column A)**	**Exceptions** **(Column B)**
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any development involving any of the following (or of any combination of any of the following): (a) agricultural building (b) ancillary accommodation (c) detached dwelling (d) dwelling addition (e) protective tree netting structure (f) temporary public service depot.	Except development that exceeds the maximum building height specified in Rural Living Zone DTS/DPF 2.1(b).
3. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) carport (c) deck (d) farming (e) fence (f) internal building works (g) land division (h) outbuilding (i) pergola (j) private bushfire shelter (k) replacement building (l) retaining wall (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) swimming pool or spa pool and associated swimming pool safety features (p) temporary accommodation in an area affected by bushfire (q) tree damaging activity (r) verandah (s) water tank.	None specified.
4. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop.	Except development that exceeds the maximum building height specified in Rural Living Zone DTS/DPF 2.1(b) or does not satisfy Rural Living Zone DTS/DPF 1.4.
5. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
6. Dog kennelling within the Animal Husbandry Subzone.	Except dog kennelling that does not satisfy Animal Husbandry Subzone DTS/DPF 1.2.
7. Horse keeping **not** within any of the following subzones: (a) Animal Husbandry Subzone (b) Intensive Horse Establishments Subzone	Except horse keeping that does not satisfy Rural Living Zone DTS/DPF 1.3.
8. Horse keeping within any of the following subzones: (a) Animal Husbandry Subzone (b) Intensive Horse Establishments Subzone.	None specified.
9. Railway line.	Except where located outside of a rail corridor or rail reserve.
Placement of Notices - Exemptions for Performance Assessed Development	
None specified.	
Placement of Notices - Exemptions for Restricted Development	
None specified.	

Animal Husbandry Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Large-scale horse keeping and dog kennelling in association with detached dwellings on large allotments.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Horse keeping and dog kennelling are the predominant land use activity conducted in association with a residential use of the land.	DTS/DPF 1.1 The keeping of animals takes place where a dwelling is located on the same allotment.
PO 1.2 The number of dogs is limited to avoid adverse impact on adjacent sensitive receivers and to maintain the rural amenity of the locality.	DTS/DPF 1.2 The number of dogs kept on an allotment does not exceed 20.
PO 1.3 Horse keeping is managed so there is minimal adverse impact on sensitive receivers or the amenity of the rural landscape.	DTS/DPF 1.3 Horses are kept within a stable or shelter that satisfies all of the following: (a) has minimum dimension of 3.7m x 3.7m per horse (b) incorporates kick boards around the internal walls of the stable/shelter (c) has an enclosed day yard of at least 50m^2 per horse directly adjoining and accessible from the stable (d) is sited at least 50m from an allotment boundary.
PO 1.4 Kennels, stables, shelters and associated yards are sited, orientated and screened from adjoining dwellings and properties.	DTS/DPF 1.4 Buildings, structures and associated exercise facilities satisfy all of the following: (a) are set back from all allotment boundaries by at least 35m (b) have a building height that is no greater than 5m above natural ground level (c) do not exceed 150m^2 in area (d) do not comprise more than 25% of the area of the allotment (e) incorporate landscaping at least 1m in width around the perimeter of the allotment.

Intensive Horse Establishments Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	The accommodation of a range of commercial horse-related activities primarily for the agistment of horses, their breeding, stabling and training in association with residential development.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 The number of horses kept on an allotment and the manner in which they are kept is managed so as to avoid negative environmental effects on: (a) the locality from pollution, noise, light, dust or odour (b) the amenity of the rural landscape.	DTS/DPF 1.1 None are applicable.
PO 1.2 Horses kept at a density within the carrying capacity of the land.	DTS/DPF 1.2 None are applicable.
PO 1.3 Accommodation for staff or stable hands is provided in conjunction, and integrated, with a dwelling.	DTS/DPF 1.3 Accommodation facilities: (a) form part of an existing dwelling and (b) are sited on an allotment greater than 1ha in area

Rural Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Housing on large allotments in a spacious rural setting, often together with large outbuildings. Easy access and parking for cars. Considerable space for trees and other vegetation around buildings, as well as on-site wastewater treatment where necessary. Limited goods, services and facilities that enhance rather than compromise rural residential amenity.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Predominantly residential development with complementary ancillary non-residential uses compatible with a spacious and peaceful lifestyle for individual households.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Ancillary accommodation (b) Child care facility (c) Consulting room (d) Detached dwelling (e) Office (f) Outbuilding (g) Recreation area (h) Shop
PO 1.2 Commercial activities improve community access to services are of a scale and type to maintain residential amenity.	DTS/DPF 1.2 A shop, consulting room or office (or any combination thereof) satisfies any one of the following: (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: (i) does not exceed 50m^2 gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes.
PO 1.3 Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.	DTS/DPF 1.3 None are applicable.
PO 1.4 Non-residential development located and designed to improve community accessibility to services, primarily in the form of: (a) small-scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational facilities, community centres, places of worship, child care facilities and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities (d) open space and recreation facilities.	DTS/DPF 1.4 None are applicable.
Building Height	
PO 2.1 Buildings contribute to a low-rise residential character and complement the height of nearby buildings.	DTS/DPF 2.1 Building height (excluding garages, carports and outbuildings) is no greater than 2 building levels and 9m and wall height no greater than 7m (not including

a gable end).

Primary Street Setback

PO 3.1

Buildings are set back from primary street boundaries consistent with the existing streetscape.

DTS/DPF 3.1

Buildings setback from the primary street boundary in accordance with the following table:

Development Context	Minimum setback
There is an existing building on both abutting sites sharing the same street frontage as the site of the proposed building.	The average setback of the existing buildings.
There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is not on a corner site.	The setback of the existing building.
There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is on a corner site.	(a) Where the existing building shares the same primary street frontage – the setback of the existing building (b) Where the existing building has a different primary street frontage - 8m
There is no existing building on either of the abutting sites sharing the same street frontage as the site of the proposed building.	8m

For the purposes of **DTS/DPF 3.1:**

(a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback

(b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table

Secondary Street Setback

PO 4.1

Buildings are set back from secondary street boundaries to maintain a pattern of separation between building walls and public thoroughfares and reinforce a streetscape character.

DTS/DPF 4.1

Buildings walls are set back at least 2m from the boundary of the allotment with the secondary street frontage.

Side Boundary Setback

PO 5.1

Buildings are set back from side boundaries to allow maintenance and access around buildings and minimise impacts on adjoining properties.

DTS/DPF 5.1

Building walls are set back from the side boundaries at least 2m.

Rear Boundary Setback

PO 6.1

Buildings are set back from rear boundaries to provide:

(a) separation between buildings in a way that complements the established character of the locality
(b) access to natural light and ventilation for neighbours
(c) open space recreational opportunities
(d) space for landscaping and vegetation.

DTS/DPF 6.1

Building walls are set back from the rear boundary at least 6m.

Ancillary Buildings and Structures

PO 7.1

Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of buildings on the site or neighbouring properties.

DTS/DPF 7.1

Ancillary buildings and structures satisfy (a) to (i), inclusive:

(a) are ancillary to a dwelling erected on the site
(b) have a floor area not exceeding
  (i) 100m^2 on sites less than 2000m^2
  (ii) 120m^2 on sites 2000m^2 or more
(c) are not constructed, added to or altered so that any part is situated:
  (i) in front of any part of the building line of the dwelling to which it is ancillary
  (ii) within 2m of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)
  (iii) within 2m of a side boundary
(d) in the case of a garage or carport, have a primary street setback that is at least as far back as the dwelling
(e) in the case of a garage or carport, do not exceed 10m or 50% of the site frontage (whichever is the lesser) when facing a primary street or secondary street
(f) have a wall height or post height not exceeding 4m above natural ground level (and not including a gable end)
(g) have a roof height where no part of the roof is more than 5m above the natural ground level
(h) if clad in sheet metal, are pre-colour treated or painted in a non-reflective colour
(i) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:
(i) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(ii) the amount of existing soft landscaping prior to the development occurring.

PO 7.2

Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements and do not result in over-development of the site.

DTS/DPF 7.2

Ancillary buildings and structures do not result in:

(a) less private open space than specified in Design Table 1 - Private Open Space
(b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number.

PO 7.3

Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties.

DTS/DPF 7.3

Non-residential ancillary buildings and structures satisfy (a) to (j), inclusive:

(a) are ancillary and subordinate to an existing non-residential use on the same site
(b) have a floor area not exceeding the following:

Allotment size	Floor area
≤500m^2	60m^2
>500m^2	80m^2

(c) are not constructed, added to or altered so that any part is situated:
  (i) in front of any part of the building line of the main building to which it is ancillary
  or
  (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)
(d) in the case of a garage or carport, the garage or carport:
  (i) is set back at least 5.5m from the boundary of the primary street
(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:
  (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary
  (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary
(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure
(h) have a wall height (or post height) not exceeding 3m (and not including a gable end)
(i) have a roof height where no part of the roof is more than 5m above the natural ground level
(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour.

Site Dimensions and Land Division

PO 8.1

Allotments/sites created for residential purposes are consistent with the density and dimensions expressed in any relevant *Minimum Allotment Size*

DTS/DPF 8.1

Development will not result in more than 1 dwelling on an existing allotment

Technical and Numeric Variation or are of suitable size and dimension to contribute to a pattern of development consistent to the locality and suitable for their intended use.	or Allotments/sites for residential purposes accord with the following: (a) where allotments/sites are connected to mains sewer or a Community Wastewater Management System site areas (or allotment areas in the case of land division) are not less than: **Minimum Site Area** Minimum site area is 1,000 sqm Minimum site area is 1 ha Minimum site area is 100 ha Minimum site area is 1,200 sqm Minimum site area is 1,300 sqm Minimum site area is 1,500 sqm Minimum site area is 1,800 sqm Minimum site area is 2,000 sqm Minimum site area is 2 ha Minimum site area is 2,500 sqm Minimum site area is 2,800 sqm Minimum site area is 3,000 sqm Minimum site area is 4,000 sqm Minimum site area is 8,000 sqm (b) where allotments/sites are not connected to mains sewer or an approved common waste water disposal service site areas are not less than the greater of: (i) $1200m^2$ (ii) the following: **Minimum Site Area** Minimum site area is 1,000 sqm Minimum site area is 1 ha Minimum site area is 100 ha Minimum site area is 1,200 sqm Minimum site area is 1,300 sqm Minimum site area is 1,500 sqm Minimum site area is 1,800 sqm Minimum site area is 2,000 sqm Minimum site area is 2 ha Minimum site area is 2,500 sqm Minimum site area is 2,800 sqm Minimum site area is 3,000 sqm Minimum site area is 4,000 sqm Minimum site area is 8,000 sqm (c) site frontages are not less than 20m. In relation to DTS/DPF 8.1, in instances where: (d) more than one value is returned in the same field, refer to the *Minimum Site Area Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development (e) no value is returned for DTS/DPF 8.1(a) (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy (f) no value is returned for DTS/DPF 8.1(b)(ii) then the value for DTS/DPF 8.1(b)(ii) is zero.
Concept Plans	
PO 9.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.	DTS/DPF 9.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 3 - Mount Barker and Littlehampton Concept Plan 18 - Playford North Concept Plan 19 - Playford North Infrastructure Concept Plan 77 - Infrastructure and Staging - Berri East Concept Plan 78 - Paringa North Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints Concept Plan 88 - Swanport Concept Plan 100 - Gawler East Concept Plan 124 - Hackham Concept Plan 143 - Stanley Flat In relation to DTS/DPF 9.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 9.1 is met.
Advertisements	
PO 10.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality.	DTS/DPF 10.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m2 and mounted flush with a wall or fence.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply:	1. Building work is associated with a railway.

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017).
3. It is required for the conduct or maintenance of railway activities.
4. It does not involve the clearance of native vegetation.
5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.

Carport

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 60m^2.
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).
7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
   (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
   (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
   (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
   (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. Door opening for vehicle access facing a street frontage - does not exceed, in total, 10m in width or 50% of the width of the allotment frontage (whichever lesser).
11. The carport is located so that vehicle access:
   (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
   (b) is not obtained from a State Maintained Road, and will use a driveway that:
      (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
      (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
      (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
      (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
      (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site.
12. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
13. Does not involve the clearance of native vegetation
14. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Outbuilding

Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 60m^2
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:
   (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
   (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
   (a) It will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
   (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. If the outbuilding is a garage - door opening for vehicle access - does not exceed, in total, 10m in width or 50% of the width of the allotment frontage (whichever lesser)
12. if the building is a garage, it is located so that vehicle access:
   (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
   (b) is not obtained from a State Maintained Road, and will use a driveway that:
      (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
      (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
      (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
      (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
      (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site
13. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour.
14. Does not involve-
   (a) excavation exceeding a vertical height of 1 metre; or
   (b) filling exceeding a vertical height of 1 metre,

   and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
15. Does not involve the clearance of native vegetation
16. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Partial demolition of a building or structure

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

None

Private bushfire shelter

Except where any of the following apply:

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. Primary street setback - at least as far back as the building to which it is ancillary.
4. Secondary street setback - at least 900mm from the boundary of the allotment.
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)
6. Does not involve the clearance of native vegetation.

Shade sail
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. Shade sail consists of permeable material.
4. The total area of the sail - does not exceed 40m^2.
5. No part of the shade sail will be:
   (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
   (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment.
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m.
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation.
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang any part of the roof.
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool and associated swimming pool safety features
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:
   (a) not less than 5m where the filtration system is located inside a solid acoustic structure; or
   (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 60m^2.
6. Post height - does not exceed 3m measured from natural ground level.
7. Building height - does not exceed 5m.
8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment.
9. Does not involve the clearance of native vegetation
10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)
Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. The tank is part of a roof drainage system.
4. Total floor area - not exceeding 15m^2.
5. The tank is located wholly above ground.
6. Tank height - does not exceed 4m above natural ground level.
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation
10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%

	201-450 | 20% >450 | 25% (b) the amount of existing soft landscaping prior to the development occurring.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Ancillary accommodation Except where any of the following apply: • Coastal Areas Overlay • Hazards (Bushfire - General) Overlay • Hazards (Bushfire - High Risk) Overlay • Hazards (Bushfire - Medium Risk) Overlay • Hazards (Bushfire - Regional) Overlay • Hazards (Flooding) Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Interface Management Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay • Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay • Ramsar Wetlands Overlay • River Murray Flood Plain Protection Area Overlay • Significant Interface Management Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	Clearance from Overhead Powerlines DTS/DPF 1.1 Design [All development [Earthworks and sloping land]] DTS/DPF 8.1 Design [All residential development and non-residential development [Ancillary Development]] DTS/DPF 13.2, DTS/DPF 13.4 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.1, DTS/DPF 12.2 Transport, Access and Parking [Corner Cut-Offs] DTS/DPF 10.1	None	Aircraft Noise Exposure Overlay [Land Use and Intensity] DTS/DPF 1.1 Aircraft Noise Exposure Overlay [Built Form] DTS/DPF 2.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Local Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Landscape Amenity] DTS/DPF 2.1 Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity] DTS/DPF 1.1 Hazards (Bushfire - Outback) Overlay [Habitable Buildings] DTS/DPF 1.1 Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways] DTS/DPF 2.2 Hazards (Flooding – General) Overlay [Flood Resilience] DTS/DPF 2.1 Hazards (Flooding - Evidence Required) Overlay [Flood Resilience] DTS/DPF 1.1 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1 Resource Extraction Protection Area Overlay [Protection of Strategic Resources] DTS/DPF 1.1 Scenic Quality Overlay [Earthworks] DTS/DPF 4.1 State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1 Water Resources Overlay [Water Catchment] DTS/DPF 1.5
Carport Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	Ancillary Buildings and Structures DTS/DPF 7.1, DTS/DPF 7.2, DTS/DPF 7.3	Clearance from Overhead Powerlines DTS/DPF 1.1 Design [All development [Earthworks and sloping land]] DTS/DPF 8.1 Design [All residential development and non-residential development [Car parking, access and manoeuvrability]] DTS/DPF 19.1, DTS/DPF 19.3, DTS/DPF 19.4, DTS/DPF 19.5 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Local Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Landscape Amenity] DTS/DPF 2.1 Hazards (Flooding) Overlay [Flood Resilience] DTS/DPF 3.5 Historic Shipwrecks Overlay [General] DTS/DPF 1.1 Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)] DTS/DPF 1.1 Key Outback and Rural Routes Overlay [Access - On-Site Queuing] DTS/DPF 2.1 Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points] DTS/DPF 3.1 Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points] DTS/DPF 4.1 Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)] DTS/DPF 5.1 Key Outback and Rural Routes Overlay [Access - Mud and Debris] DTS/DPF 6.1

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

All other Code Assessed Development	All	All	All	Any relevant Overlay: All

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Land Division within the Bookmark Creek Subzone	Land division that creates allotments greater than 2 hectares in area.
Shop	Any of the following: (a) shop with a gross leasable floor area less than 1000m^2 (b) shop that is a restaurant.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development (Column A)	Exceptions (Column B)

1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. All development undertaken by: (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust.	Except development involving any of the following: 1. residential flat building(s) of 3 or more building levels 2. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 3. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
3. Any development involving any of the following (or of any combination of any of the following): (a) ancillary accommodation (b) detached dwelling (c) dwelling addition.	Except development that does not satisfy Rural Neighbourhood Zone DTS/DPF 2.1.
4. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop.	Except development that does not satisfy any of the following: 1. Rural Neighbourhood Zone DTS/DPF 1.2 2. Rural Neighbourhood Zone DTS/DPF 2.1.
5. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) carport (c) deck (d) fence (e) internal building works (f) land division (g) outbuilding (h) pergola (i) private bushfire shelter (j) recreation area (k) replacement building (l) retaining wall (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) swimming pool or spa pool and associated swimming pool safety features (p) temporary accommodation in an area affected by bushfire (q) tree damaging activity (r) verandah (s) water tank.	None specified.
6. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
7. Railway line.	Except where located outside of a rail corridor or rail reserve.

Placement of Notices - Exemptions for Performance Assessed Development
None specified.

Placement of Notices - Exemptions for Restricted Development
None specified.

Bookmark Creek Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO1	Development does not compromise the quality of groundwater on site or water in Bookmark Creek and the River Murray.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Allotments/sites created for residential purposes pose a negligible or no risk to pollution of water resources.	DTS / DPF 1.1 Allotments/sites less than 2 hectares in area accord with the following: (a) are connected to a community wastewater management scheme or (b) are the subject to a legally binding agreement that requires subsequent development that generates wastewater to be connected to an on-site wastewater system that contains the wastewater and prevents it entering into surface water or groundwater.

Adelaide Hills Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Additional residential and tourist accommodation that retains and embraces the values of the established mature vegetation as a defining characteristic of the area.
DO 2	Land division is sympathetic to the allotment pattern and characteristics within the locality.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 A limited additional range of accommodation options that complement the prevailing residential character.	DTS/DPF 1.1 Development comprises one or more of the land uses listed, in addition to those listed in Rural Neighbourhood Zone DTS 1.1: (a) Supported accommodation (b) Tourist accommodation.
Site Dimensions and Land Division	
PO 2.1 Allotments/sites created for residential purposes are consistent with the established pattern of division surrounding the development site to maintain local character and amenity.	DTS/DPF 2.1 Development satisfies (a) or (b): (a) it will not result in more than 1 dwelling on an existing allotment (b) allotments/sites have an area the greater of the following (excluding the area within the access 'handle' if in the form of a battle-axe development): (i) 2000m^2

	(ii) the median allotment size of all residential allotments in the Adelaide Hills Subzone either wholly or partly within a radius of 200m measured from the centre of the main allotment frontage.
PO 2.2 Allotments/sites are sized and configured maximise the retention of mature vegetation to maintain landscape amenity.	DTS/DPF 2.2 None are applicable.

Rural Settlement Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A small mixed-use settlement supporting a limited range of residential development, tourist, recreation and community facilities grouped together to serve the local community and visitors.
DO 2	Development contributes to and enhances the local context and development pattern comprising the settlement.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Predominantly low density residential development with complementary non-residential uses compatible with a low density residential character and the development pattern of the settlement.	DTS/DPF 1.1 Development comprises one or more of the following: (a) advertisement (b) carport (c) consulting room (d) detached dwelling (e) dwelling addition (f) light industry (g) office (h) outbuilding (i) shop (j) tourist accommodation (k) verandah (l) warehouse.
PO 1.2 Commercial activities improve community and visitor access to services are of a scale and type to maintain the settlement's residential amenity and character.	DTS/DPF 1.2 Non-residential commercial activities satisfy any one of the following: (a) shop, consulting room or office (or any combination thereof) located on the same allotment and in conjunction with a dwelling where all the following are satisfied: (i) does not exceed 50m^2 gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) shop, consulting room or office (or any combination thereof) where the gross leasable floor area does not exceed 150m^2 (individually or combined, in a single building) (c) light industry, store or warehouse (or any combination thereof) where the total floor area of a building plus any outdoor space used for a light industry, store or warehouse (or any combination thereof) does not exceed 80m^2.
PO 1.3 Small-scale tourist accommodation that supports the visiting public and holiday makers.	DTS/DPF 1.3 None are applicable.
PO 1.4 Local service facilities and retail activities are grouped together or in close proximity to establish identifiable settlement service locations.	DTS/DPF 1.4 Non-residential development satisfies one of the following: (a) abuts a site containing an existing non-residential use with the same primary street frontage (b) is located on the same allotment and in conjunction with a dwelling.
Built Form and Character	
PO 2.1 Buildings are set back from primary street boundaries consistent with the existing streetscape.	DTS/DPF 2.1 Buildings setback from the primary street boundary in accordance with the following table: **Development Context** / **Minimum setback** There is an existing building on both abutting sites sharing the same street frontage as the site of the proposed building and the existing building is not on a corner site. — The average setback of the existing buildings. There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is not on a corner site. — The setback of the existing building. There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is on a corner site. — (a) Where the existing building shares the same primary street frontage – the setback of the existing building; (b) Where the existing building has a different primary street frontage - 8m There is no existing building on either of the abutting sites sharing the same street frontage as the site of the proposed building. — 8m For the purposes of **DTS/DPF 2.1:** (a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback (b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table
PO 2.2 Buildings are set back from a secondary street boundary to maintain a consistent pattern of separation between building walls and public thoroughfares on corner sites within the settlement.	DTS/DPF 2.2 Building walls are no closer than 2.5 m to the secondary street boundary.
PO 2.3 Buildings (except for ancillary buildings and structures) are set back from rear boundaries to provide: (a) access to natural light and ventilation for neighbours (b) open space recreational opportunities (c) space for landscaping and vegetation.	DTS/DPF 2.3 Buildings walls (except for ancillary buildings and structures) are no closer to the rear boundary of the site than: (a) 4m for the ground floor of a building (b) 6m for the upper floor of a building.
PO 2.4 Buildings are set back from side boundaries to: (a) establish separation between buildings to complement the established character within a locality (b) provide access to natural light and ventilation for neighbours.	DTS/DPF 2.4 Other than walls located on a side boundary, building walls are set back from side boundaries in accordance with the following: (a) where the wall height does not exceed 3m - at least 900mm (b) for a wall that is not south facing and the wall height exceeds 3m - at least 900mm from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings (c) for a wall that is south facing and the wall height exceeds 3m - at least 1.9m from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings.
PO 2.5 Boundary walls are limited in height and length to mitigate adverse impacts on the amenity of adjoining land users, including through an unreasonable loss of natural light and ventilation.	DTS/DPF 2.5 For buildings that do not have a common wall, any wall sited on or abutting a side allotment boundary: (a) does not exceed 3m in wall height (b) does not exceed 11.5m in length (c) when combined with other walls on the boundary, does not exceed 45% of the length of the boundary; and

(d) is set back at least 3m from any existing or proposed boundary walls.

Building Height

PO 3.1

Buildings contributes to the prevailing character of the neighbourhood and complements the height of nearby buildings.

DTS/DPF 3.1

Building height (excluding garages, carports and outbuildings) is no greater than:

(a) the following:

Maximum Building Height (Metres)
Maximum building height is 8m
Maximum building height is 7.5m
Maximum Building Height (Levels)
Maximum building height is 2 levels

(b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 2 building levels up to a height of 9m.

In relation to DTS/DPF 3.1, in instances where:

(c) more than one value is returned in the same field, refer to the *Maximum Building Height (Levels) Technical and Numeric Variation layer or Maximum Building Height (Meters) Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development

(d) only one value is returned for DTS/DPF 3.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.

Site Dimensions and Land Division

PO 4.1

Allotments are of suitable size and dimension to contribute to a pattern of development that is consistent with the settlement.

DTS/DPF 4.1

Development will not result in more than 1 dwelling on an existing allotment

or

Allotments/sites for residential purposes accord with the following:

(a) where allotments/sites are connected to mains sewer or a Community Wastewater Management System site areas (or allotment areas in the case of land division) are not less than:

Minimum Site Area
Minimum site area for a detached dwelling is 900 sqm
Minimum site area is 1,000 sqm
Minimum site area is 1,200 sqm
Minimum site area is 1,500 sqm
Minimum site area is 1.5 ha
Minimum site area is 2,000 sqm
Minimum site area is 2,500 sqm
Minimum site area is 2,800 sqm
Minimum site area is 450 sqm
Minimum site area is 500 sqm
Minimum site area is 5,000 sqm
Minimum site area is 560 sqm
Minimum site area is 900 sqm

(b) where allotments/sites are not connected to mains sewer or an approved common waste water disposal service site areas are not less than the greater of:
  (i) $1200m^2$
  (ii) the following:

Minimum Site Area
Minimum site area for a detached dwelling is 900 sqm
Minimum site area is 1,000 sqm
Minimum site area is 1,200 sqm
Minimum site area is 1,500 sqm
Minimum site area is 1.5 ha
Minimum site area is 2,000 sqm
Minimum site area is 2,500 sqm
Minimum site area is 2,800 sqm
Minimum site area is 450 sqm
Minimum site area is 500 sqm
Minimum site area is 5,000 sqm
Minimum site area is 560 sqm
Minimum site area is 900 sqm

(c) site frontages are not less than 20m

In relation to DTS/DPF 4.1, in instances where:

(d) more than one value is returned in the same field, refer to the *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development

(e) no value is returned for DTS/DPF 4.1(a) (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy

(f) no value is returned for DTS/DPF 4.1(b)(ii) (i.e. there is a blank field), then the value for DTS/DPF 4.1(b)(ii) is zero.

Concept Plans

PO 5.1

Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 5.1

The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

Description
Concept Plan 136 - Point Turton

In relation to DTS/DPF 5.1, in instances where:

(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.

(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met.

Ancillary Buildings and Structures

PO 6.1

Residential ancillary buildings are sited and designed to not detract from the streetscape or appearance of primary residential buildings on the site or neighbouring properties.

DTS/DPF 6.1

Ancillary buildings satisfy (a) to (k), inclusive:

(a) are ancillary to a dwelling erected on the same site

(b) have a floor area not exceeding 60m2

(c) are not constructed, added to or altered so that any part is situated:
  (i) in front of any part of the building line of the dwelling to which it is ancillary
  or
  (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)

(d) in the case of a garage or carport, the garage or carport:
  (i) is set back at least 5.5m from the boundary of the primary street
  (ii) when facing a primary street or secondary street, has a total door / opening not exceeding:
    A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser
    B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width

(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:
  (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary
  and
  (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent

(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary

(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure

(h) have a wall height or post height not exceeding 3m above natural ground level (and not including a gable end)

	(i) have a roof height where no part of the roof is more than 5m above the natural ground level (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less: (i) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (ii) the amount of existing soft landscaping prior to the development occurring.
PO 6.2 Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties.	DTS/DPF 6.2 Non-residential ancillary buildings and structures satisfy (a) to (j), inclusive: (a) are ancillary and subordinate to an existing non-residential use on the same site (b) have a floor area not exceeding the following: Allotment size / Floor area ≤500m^2 / 60m^2 >500m^2 / 80m^2 (c) are not constructed, added to or altered so that any part is situated: (i) in front of any part of the building line of the main building to which it is ancillary or (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads) (d) in the case of a garage or carport, the garage or carport: (i) is set back at least 5.5m from the boundary of the primary street (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless: (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure (h) have a wall height (or post height) not exceeding 3m (and not including a gable end) (i) have a roof height where no part of the roof is more than 5m above the natural ground level (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour.
Advertisements	
PO 7.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality.	DTS/DPF 7.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m2 and mounted flush with a wall or fence.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Carport Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m^2. 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end). 7. Building height - does not exceed 5m. 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. 10. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser) 11. The carport is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road, and will use a driveway that: (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site. 12. If If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour. 13. Does not involve the clearance of native vegetation 14. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Outbuilding
Except where any of the following apply:

- Coastal Areas Overlay
- Fisherman Bay Subzone
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed $40m^2$.
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
   (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
   (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
    (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
    (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
11. If the outbuilding is a garage, it is located so that vehicle access:
    (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
    (b) is not obtained from a State Maintained Road, and will use a driveway that:
        (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
        (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
        (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
        (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
        (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site
12. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.
13. Does not involve-
    (a) excavation exceeding a vertical height of 1 metre; or
    (b) filling exceeding a vertical height of 1 metre,
    and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
14. Does not involve the clearance of native vegetation.
15. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
16. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
    (a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

    (b) the amount of existing soft landscaping prior to the development occurring.

Partial demolition of a building or structure
Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

None

Private bushfire shelter
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. Primary street setback - at least as far back as the building to which it is ancillary.
4. Secondary street setback - at least 900mm from the boundary of the allotment.
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)
6. Does not involve the clearance of native vegetation.

Shade sail
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed $40m^2$
5. No part of the shade sail will be:
   (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
   (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
    (a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

    (b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*

• Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof. 3. Panels and associated components do not overhang any part of the roof. 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
Swimming pool or spa pool and associated swimming pool safety features Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted. 4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature). 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment: (a) not less than 5m where the filtration system is located inside a solid acoustic structure; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation. 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (b) the amount of existing soft landscaping prior to the development occurring.
Temporary public service depot Except where any of the following apply: • Hazards (Flooding) Overlay • Local Heritage Place Overlay • Major Urban Transport Routes Overlay • State Heritage Place Overlay • Traffic Generating Development Overlay • Urban Transport Routes Overlay	1. Occupies land for no longer than 3 months 2. Ensures litter and water are contained on site 3. Provides temporary security fencing around the perimeter of the site.
Verandah Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m^2 6. Post height - does not exceed 3m measured from natural ground level. 7. Building height - does not exceed 5m. 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment. 9. Does not involve the clearance of native vegetation 10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (b) the amount of existing soft landscaping prior to the development occurring.
Water tank (above ground) Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. The tank is part of a roof drainage system. 4. Total floor area - not exceeding 30m^2. 5. The tank is located wholly above ground. 6. Tank height - does not exceed 4m above natural ground level. 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetationRetains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (b) the amount of existing soft landscaping prior to the development occurring.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Ancillary accommodation Except where any of the following apply:	None	Clearance from Overhead Powerlines DTS/DPF 1.1	None	Aircraft Noise Exposure Overlay [Land Use and Intensity] DTS/DPF 1.1

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

All other Code Assessed Development	All	All	All	Any relevant Overlay: All

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
None specified	None specified

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development	Exceptions

(Column A)	(Column B)
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any development involving any of the following (or of any combination of any of the following): (a) ancillary accommodation (b) dwelling (c) dwelling addition (d) temporary public service depot.	Except development that: 1. exceeds the maximum building height specified in Rural Settlement Zone DTS/DPF 3.1 or 2. involves the creation of 4 or more additional dwellings or 3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and: (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment).
3. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop.	Except development that: 1. exceeds the maximum building height specified in Rural Settlement Zone DTS/DPF 3.1 or 2. does not satisfy Rural Settlement Zone DTS/DPF 1.2(a) or DTS/DPF 1.2(b) or 3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and: (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment).
4. Any development involving any of the following (or of any combination of any of the following): (a) light industry (b) store (c) warehouse.	Except development that: 1. exceeds the maximum building height specified in Rural Settlement Zone DTS/DPF 3.1 or 2. does not satisfy Rural Settlement Zone DTS/DPF 1.2(c) or 3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and: (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment).
5. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) carport (c) deck (d) fence (e) internal building works (f) land division (g) outbuilding (h) pergola (i) private bushfire shelter (j) replacement building (k) retaining wall (l) shade sail (m) solar photovoltaic panels (roof mounted) (n) swimming pool or spa pool and associated swimming pool safety features (o) temporary accommodation in an area affected by bushfire (p) tree damaging activity (q) verandah (r) water tank.	None specified.
6. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
7. Railway line.	Except where located outside of a rail corridor or rail reserve.

Placement of Notices - Exemptions for Performance Assessed Development
None specified

Placement of Notices - Exemptions for Restricted Development
None specified

Fisherman Bay Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO1	Residential development within an environment where natural processes such as flooding and sea level rise occur. Residential allotments are created once appropriate coastal protection measures are established.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Dwellings and ancillary buildings are protected from sea and stormwater flooding and other coastal processes.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Dwelling (b) Outbuilding (c) Coastal protection measures.
Site Dimensions and Land Division	
PO 2.1 Allotments/sites created for residential purposes are consistent with the established development pattern within the existing settlement.	DTS/DPF 2.1 None are applicable.
Built Form and Character	
PO 3.1 Development is designed to complement the predominant character of development established in the settlement in relation to site coverage, setbacks and building heights.	DTS/DPF 3.1 None are applicable.

Flooding	
PO 4.1 Development is protected from sea and stormwater flooding.	DTS/DPF 4.1 None are applicable.

Rural Shack Settlement Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Limited development within an environment where natural processes such as flooding, sea-level rise, sand drift and erosion occur. The natural environment is protected from inappropriate development and existing development is upgraded to incorporate environmental improvements.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Predominantly low-density residential development with complementary non-residential uses compatible with a low density residential character and natural environment.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Carport (b) Detached dwelling (c) Dwelling addition (d) Outbuilding (e) Verandah
PO 1.2 Provision of small-scale tourist and visitor facilities such as public amenities and barbeque and picnic infrastructure.	DTS/DPF 1.2 None applicable
PO 1.3 Home-based business activities of a scale and type to maintain the semi-rural or semi-natural residential character and amenity.	DTS/DPF 1.3 Shop, consulting room or office (or any combination thereof) located on the same allotment and in conjunction with a dwelling where all the following are satisfied: (a) does not exceed 50m^2 gross leasable floor area (b) does not involve the display of goods in a window or about the dwelling or its curtilage.
Built Form and Character	
PO 2.1 Development is sited and designed unobtrusively to minimise its visual impact on the natural environment by: (a) using low-reflective materials and finishes that blend with, and colours that complement, the surrounding landscape (b) being located below hilltops and ridgelines (c) being screened by existing vegetation.	DTS/DPF 2.1 None are applicable.
PO 2.2 Development is sited and designed to minimise impacts on the natural environment by: (a) containing construction and built form within a tightly defined site boundary (b) minimising the extent of earthworks.	DTS/DPF 2.2 None are applicable.
PO 2.3 Buildings are designed, sited and of a scale to complement the existing built form character and establish a cohesive settlement appearance taking into account: (a) set backs from allotment boundaries (b) building orientation towards roads and foreshore areas (c) roof forms (d) building heights (e) site coverage.	DTS/DPF 2.3 None are applicable.
PO 2.4 Where located in an area of two-storey developments, upper storey development should be consistent with the prevailing residential character, heights and setbacks.	DTS/DPF 2.4 None are applicable.
Building Height	
PO 3.1 Buildings blend with the natural environment and complement the height of nearby buildings, other than where required to be elevated on poles or piers in order to minimise the potential for personal or property damage as a result of inundation.	DTS/DPF 3.1 Building height (excluding garages, carports and outbuildings) is no greater than: (a) the following: **Maximum Building Height (Metres)** Maximum building height is 4.5m Maximum building height is 9m Maximum building height is 7.5m Maximum building height is 8.3m AHD **Maximum Building Height (Levels)** Maximum building height is 1 level Maximum building height is 2 levels (b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels) - 1 building level up to a height of 6m. In relation to DTS/DPF 3.1, in instances where: (c) more than one value is returned in the same field, refer to the *Maximum Building Height (Levels) Technical and Numeric Variation layer or Maximum Building Height (Meters) Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) only one value is returned for DTS/DPF 3.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.
Land Division	
PO 4.1 Land division achieves the following: (a) where applicable, is consistent with the value in the *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database and of a suitable size and dimension to contribute to a pattern of development that is consistent with the shack settlement or (b) only creates an allotment to accommodate an existing dwelling or (c) is for the purpose creating a public road or a public reserve or (d) is a minor boundary realignment for the purpose of removing an anomaly in the current boundaries with respect to the location of existing buildings and structures and where no additional allotments are created partly or wholly in the zone.	DTS/DPF 4.1 Development accords with the following: (a) no additional allotments are created or (b) site areas (or allotment areas in the case of land division) are not less than: **Minimum Site Area** Minimum site area is 1,200 sqm Minimum site area is 200 sqm Minimum site area is 850 sqm In relation to DTS/DPF 4.1, in instances where: (c) more than one value is returned in the same field, refer to the *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) no value is returned for DTS/DPF 4.1(b) (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy unless DTS/DPF 4.1(a) is met.
Concept Plans	
PO 5.1	DTS/DPF 5.1

Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.	The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 74 - Shelley Beach - Kellidie Bay Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints In relation to DTS/DPF 5.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met.
Ancillary Buildings and Structures	
PO 6.1 Residential ancillary buildings are sited and designed to not detract from the streetscape, waterfront or appearance of primary residential buildings on the site or neighbouring properties.	DTS/DPF 6.1 Ancillary buildings satisfy (a) to (k), inclusive: (a) are ancillary to a dwelling erected on the same site (b) have a floor area not exceeding 60m^2 (c) are not constructed, added to or altered so that any part is situated: (i) in front of any part of the building line of the dwelling to which it is ancillary, except in the case of a site with a River Murray waterfront (including where there is an intervening public reserve), where outbuildings and carports are not to be located between the waterfront and the existing or proposed dwelling or (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads) (d) in the case of a garage or carport, the garage or carport: (i) is set back at least 5.5m from the boundary of the primary street (ii) when facing a primary street or secondary street, has a total door / opening not exceeding: A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless: (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure (h) have a wall height or post height not exceeding 3m above natural ground level (and not including a gable end) (i) have a roof height where no part of the roof is more than 5m above the natural ground level (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less: (i) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (ii) the amount of existing soft landscaping prior to the development occurring.
PO 6.2 Outbuildings designed and sited to mitigate their visibility from the waterfront.	DTS/DPF 6.2 Outbuildings are not located between the main building and waterfront boundary on a site/allotment with frontage to a waterfront.
PO 6.3 Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties.	DTS/DPF 6.3 Non-residential ancillary buildings and structures satisfy (a) to (j), inclusive: (a) are ancillary and subordinate to an existing non-residential use on the same site (b) have a floor area not exceeding the following: Allotment size / Floor area ≤500m^2 / 60m^2 >500m^2 / 80m^2 (c) are not constructed, added to or altered so that any part is situated: (i) in front of any part of the building line of the main building to which it is ancillary or (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads) (d) in the case of a garage or carport, the garage or carport: (i) is set back at least 5.5m from the boundary of the primary street (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless: (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure (h) have a wall height (or post height) not exceeding 3m (and not including a gable end) (i) have a roof height where no part of the roof is more than 5m above the natural ground level (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour.
Advertisements	
PO 7.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality.	DTS/DPF 7.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m2 and mounted flush with a wall or fence.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.

Building work on railway land
Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. Building work is associated with a railway.
2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)
3. It is required for the conduct or maintenance of railway activities
4. It does not involve the clearance of native vegetation
5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas

Carport
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - at least:
   (a) 5.5m from the primary street boundary; and
   (b) as far back as the building line of the building to which it is ancillary, except in the case of a site with a River Murray waterfront (including where there is an intervening public reserve), where carports are not to be located between the waterfront and the existing dwelling.
5. Total floor area - does not exceed 40m^2.
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).
7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:
   (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
   (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
   (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
   (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
11. The carport is located so that vehicle access:
   (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
   (b) is not obtained from a State Maintained Road, and will use a driveway that:
      (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
      (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
      (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
      (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
      (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site.
12. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
13. Does not involve the clearance of native vegetation
14. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Outbuilding
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least:
   (a) 5.5m from the primary street boundary; and
   (b) as far back as the building line of the building to which it is ancillary, except in the case of a site with a River Murray waterfront (including where there is an intervening public reserve), where outbuildings are not to be located between the waterfront and the existing dwelling.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed 40m^2.
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
   (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
   (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
   (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
   (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
11. If the outbuilding is a garage, it is located so that vehicle access:
   (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
   (b) is not obtained from a State Maintained Road, and will use a driveway that:
      (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
      (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
      (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
      (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
      (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site
12. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.
13. Does not involve-
   (a) excavation exceeding a vertical height of 1 metre; or
   (b) filling exceeding a vertical height of 1 metre,
   and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
14. Does not involve the clearance of native vegetation.
15. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
16. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Partial demolition of a building or structure
Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

None

Private bushfire shelter
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. Primary street setback - at least as far back as the building to which it is ancillary.
4. Secondary street setback - at least 900mm from the boundary of the allotment.
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)
6. Does not involve the clearance of native vegetation.

Shade sail
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 40m^2
5. No part of the shade sail will be:
   (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
   (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang any part of the roof.
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool and associated swimming pool safety features
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:
   (a) not less than 5m where the filtration system is located inside a solid acoustic structure; or
   (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Temporary public service depot
Except where any of the following apply:

- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- Major Urban Transport Routes Overlay
- State Heritage Place Overlay
- Traffic Generating Development Overlay
- Urban Transport Routes Overlay

1. Occupies land for no longer than 3 months
2. Ensures litter and water are contained on site
3. Provides temporary security fencing around the perimeter of the site.

Verandah
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m2
6. Post height - does not exceed 3m measured from natural ground level.
7. Building height - does not exceed 5m.
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment.
9. Does not involve the clearance of native vegetation
10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
    (a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

    (b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)
Except where any of the following apply:

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.

• Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. The tank is part of a roof drainage system. 4. Total floor area - not exceeding 30m^2. 5. The tank is located wholly above ground. 6. Tank height - does not exceed 4m above natural ground level. 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation 10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (b) the amount of existing soft landscaping prior to the development occurring.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Carport Except where any of the following apply: • Coastal Areas Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	Ancillary Buildings and Structures DTS/DPF 6.1, DTS/DPF 6.3	Clearance from Overhead Powerlines DTS/DPF 1.1 Design [All development [Earthworks and sloping land]] DTS/DPF 8.1 Design [All residential development and non-residential development [Car parking, access and manoeuvrability]] DTS/DPF 19.1, DTS/DPF 19.3, DTS/DPF 19.4, DTS/DPF 19.5 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Local Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Landscape Amenity] DTS/DPF 2.1 Hazards (Flooding) Overlay [Flood Resilience] DTS/DPF 3.5 Historic Shipwrecks Overlay [General] DTS/DPF 1.1 Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)] DTS/DPF 1.1 Key Outback and Rural Routes Overlay [Access - On-Site Queuing] DTS/DPF 2.1 Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points] DTS/DPF 3.1 Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points] DTS/DPF 4.1 Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)] DTS/DPF 5.1 Key Outback and Rural Routes Overlay [Access - Mud and Debris] DTS/DPF 6.1 Key Outback and Rural Routes Overlay [Access - Stormwater] DTS/DPF 7.1 Key Outback and Rural Routes Overlay [Building on Road Reserve] DTS/DPF 8.1 Key Outback and Rural Routes Overlay [Public Road Junctions] DTS/DPF 9.1 Key Railway Crossings Overlay [Access, Design and Function] DTS/DPF 1.1 Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)] DTS/DPF 1.1 Major Urban Transport Routes Overlay [Access - On-Site Queuing] DTS/DPF 2.1 Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points] DTS/DPF 3.1 Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points] DTS/DPF 4.1 Major Urban Transport Routes Overlay [Access - Location (Sight Lines)] DTS/DPF 5.1 Major Urban Transport Routes Overlay [Access - Mud and Debris] DTS/DPF 6.1 Major Urban Transport Routes Overlay [Access - Stormwater] DTS/DPF 7.1

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
None specified	None specified

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development (Column A)	Exceptions (Column B)
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any development involving any of the following (or of any combination of any of the following): (a) dwelling (b) dwelling addition	Except development that involves the creation of 4 or more dwellings.
3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) carport (d) deck (e) fence (f) internal building work (g) land division (h) outbuilding (i) pergola (j) private bushfire shelter (k) replacement building (l) retaining wall (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) swimming pool or spa pool and associated swimming pool safety features (p) temporary accommodation in an area affected by bushfire (q) temporary public service depot (r) verandah (s) water tank.	None specified.
4. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop.	Except where the combined gross leasable floor area of the these uses is greater than 100m^2.
5. Any development involving any of the following (or of any combination of any of the following): (a) light industry (b) warehouse (c) store.	Except where the combined total floor area of the buildings plus any outdoor space used for any of the these uses is greater than 80m^2.
6. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
7. Railway line.	Except where located outside of a rail corridor or rail reserve.
Placement of Notices - Exemptions for Performance Assessed Development	
None specified.	
Placement of Notices - Exemptions for Restricted Development	
None specified.	

Strategic Employment Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A range of industrial, logistical, warehousing, storage, research and training land uses together with compatible business activities generating wealth and employment for the state.
DO 2	Employment-generating uses are arranged to: (a) support the efficient movement of goods and materials on land in the vicinity of major transport infrastructure such as ports and intermodal freight facilities (b) maintain access to waterfront areas for uses that benefit from direct water access including harbour facilities, port related industry and warehousing, ship building and related support industries (c) create new and enhance existing business clusters (d) support opportunities for the convenient co-location of rural related industries and allied businesses that may detract from scenic rural landscapes (e) be compatible with its location and setting to manage adverse impacts on the amenity of land in adjacent zones.
DO 3	A pleasant visual amenity from adjacent arterial roads, adjoining zones and entrance ways to cities, towns and settlements.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1	DTS/DPF 1.1

Development primarily for a range of higher-impacting land uses including general industry, warehouse, transport distribution and the like is supplemented by other compatible development so as not to unduly impede the use of land in other ownership in the zone for employment-generating land uses, particularly those parts of the zone unaffected by an interface with another zone that would be sensitive to impact-generating uses.	Development comprises one or more of the following: (a) Advertisement (b) Automotive collision repair (c) Electricity substation (d) Energy generation facility (e) Energy storage facility (f) Fuel depot (g) General industry (h) Intermodal facility (i) Light Industry (j) Motor repair station (k) Public service depot (l) Rail marshalling yard (m) Renewable energy facility (other than a wind farm) (n) Retail fuel outlet (o) Service trade premises (p) Shop (q) Store (r) Telecommunications facility (s) Training facility (t) Warehouse
PO 1.2 Development on land adjacent to another zone which is used for residential purposes incorporates a range of low-impact, non-residential uses to mitigate adverse amenity and safety impacts on the adjoining zone.	DTS/DPF 1.2 Development involving any of the following uses on a site adjacent land in another zone used for or expected to be primarily used for residential purposes: (a) Bulky goods outlet (b) Consulting room (c) Indoor recreation facility (d) Light industry (e) Motor repair station (f) Office (g) Place of worship (h) Research facility (i) Service trade premises (j) Store (k) Training facility, other than an outdoor trade training facility which involves air emissions or noise generating activities (l) Warehouse.
PO 1.3 Shops provide convenient day-to-day services and amenities to local businesses and workers, support the sale of products manufactured on-site and otherwise complement the role of Activity Centres.	DTS/DPF 1.3 Shop where one of the following applies: (a) with a gross leasable floor area up to 250m^2 (b) is a bulky goods outlet (c) is a restaurant (d) is ancillary to and located on the same allotment as an industry.
PO 1.4 Residential development is subordinate and necessary to support the efficient management, security and/or operational aspects of a non-residential land use.	DTS/DPF 1.4 None are applicable.
PO 1.5 Telecommunication facilities are located to mitigate impacts on visual amenity on residential areas.	DTS/DPF 1.5 Telecommunications facility in the form of a monopole: (a) up to a height of 30m and (b) no closer than 50m to neighbourhood-type zone.
PO 1.6 Bulky good outlets and standalone shops are located to provide convenient access.	DTS/DPF 1.6 Bulky goods outlets and standalone shops are located on sites with a frontage to a State Maintained Road.
Site Dimensions and Land Division	
PO 2.1 Land division creates allotments of a size and shape suitable for a range of industrial, transport, warehouse and other similar or complementary land uses that support employment generation.	DTS/DPF 2.1 Allotments: (a) connected to an approved common waste water disposal service have an area of 2500m^2 or more and a frontage width of 30m or more (b) that will require the disposal of waste water on-site have an area of 3000m^2 or more and a frontage width of 30m or more.
Built Form and Character	
PO 3.1 Development includes distinctive building, landscape and streetscape design to achieve high visual and environmental amenity particularly along arterial roads, zone boundaries and public open spaces.	DTS/DPF 3.1 None are applicable.
PO 3.2 Building facades facing a boundary of a zone primarily intended to accommodate sensitive receivers, a public road, or public open space incorporate design elements to add visual interest by considering the following: (a) using a variety of building finishes (b) avoiding elevations that consist solely of metal cladding (c) using materials with a low reflectivity (d) using techniques to add visual interest and reduce large expanses of blank walls including modulation and incorporation of offices and showrooms along elevations visible to a public road.	DTS/DPF 3.2 None are applicable.
PO 3.3 Buildings are set back from the primary street boundary to contribute to a consistent streetscape.	DTS/DPF 3.3 Buildings setback from the primary street boundary in accordance with the following table: **Development Context** / **Minimum setback** There is an existing building on both abutting sites sharing the same street frontage as the site of the proposed building. — The average setback of the existing buildings. There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is not on a corner site. — The setback of the existing building. There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is on a corner site. — (a) Where the existing building shares the same primary street frontage – the setback of the existing building (b) Where the existing building has a different primary street frontage: (i) 8m or more for proposed buildings up to 6m high (ii) not less than 10m for proposed buildings greater than 6m high. There is no existing building on either of the abutting sites sharing the same street frontage as the site of the proposed building. — (a) 8m or more for proposed buildings up to 6m high (b) not less than 10m for proposed buildings greater than 6m high. For the purposes of **DTS/DPF 3.3:** (a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback (b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table
PO 3.4 Buildings are set back from secondary street boundaries to accommodate the provision of landscaping between buildings and the road to enhance the appearance of land and buildings when viewed from the street.	DTS/DPF 3.4 Building walls are set back 4m or more from a secondary street boundary.

PO 3.5 Buildings are sited to accommodate vehicle access to the rear of a site for deliveries, maintenance and emergency purposes.	DTS/DPF 3.5 Building walls are set back 3m or more from at least one side boundary, unless an alternative means for vehicular access to the rear of the site is available.
Interface Height	
PO 4.1 Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.	DTS/DPF 4.1 Buildings are constructed within a building envelope provided by a 45 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the street boundary): PO 4.2 Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.	DTS/DPF 4.2 Buildings on sites with a southern boundary adjoining an allotment used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram (except where this boundary is a street boundary): PO 4.3 Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.	DTS/DPF 4.3 None are applicable.
Landscaping	
PO 5.1 Landscaping is provided along public roads and thoroughfares and zone boundaries to enhance the visual appearance of development and soften the impact of large buildings when viewed from public spaces and adjacent land outside the zone.	DTS/DPF 5.1 Other than to accommodate a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land, a landscaped area is provided within the development site (excluding any land required for road widening purposes): (a) where a building is set back less than 3m from the street boundary - within the area remaining between a relevant building and the street boundary or (b) in accordance with the following:

Minimum width	Description
8m	Along any boundary with the Open Space Zone associated with the River Torrens.
5m	Along any boundary with a Highway, Freeway or Expressway.
5m	Along any boundary on the perimeter of the zone not fronting a public road or thoroughfare except where the adjacent zone is one of the following: (a) Employment (Bulk Handling) Zone; (b) Commercial and Business Zone; (c) Resource Extraction Zone.
3m	Along any boundary on the perimeter of the zone that fronts a public road or thoroughfare.
3m	Along an arterial or main road frontage within the zone (and not on the perimeter of the zone).

PO 5.2 Development incorporates areas for landscaping to enhance the overall amenity of the site and locality.	DTS/DPF 5.2 Landscape areas comprise: (a) not less than 10 percent of the site and

	(b) a dimension of at least 1.5m.
PO 5.3 Landscape areas incorporate a range of plant species of varying heights at maturity, including tree species with a canopy above clear stems, to complement the scale of relevant buildings.	DTS/DPF 5.3 None are applicable.
Fencing	
PO 6.1 Fencing exceeding 2.1m in height is integrated and designed to complement the appearance of land and buildings and does not form a dominant visual feature from adjacent streets to enhance the character of employment areas.	DTS/DPF 6.1 Fencing exceeding 2.1m in height is: (a) located behind a façade of an associated building located on the same site or (b) located behind a landscaped area along relevant street frontages or (c) consists of visually permeable materials with landscaping behind.
Advertisements	
PO 7.1 Freestanding advertisements do not create a visually dominant element within the locality.	DTS/DPF 7.1 Freestanding advertisements: (a) do not exceed 6m in height and (b) do not have a sign face exceeding 8m^2 per side.
Concept Plans	
PO 8.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.	DTS/DPF 8.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 14 - Buckland Park Concept Plan 18 - Playford North Concept Plan 19 - Playford North Infrastructure Concept Plan 21 - Virginia Concept Plan 22 - Virginia Infrastructure Concept Plan 50 - Roseworthy Town Expansion Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints Concept Plan 87 - Hindmarsh Road Concept Plan 99 - Two Wells Concept Plan 95 - Kingsford Regional Estate Concept Plan 107 - Proper Bay Concept Plan 102 - Gillman Concept Plan 154 - Dublin In relation to DTS/DPF 8.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 8.1 is met.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 6. It does not involve the construction of a building that exceeds 3 building levels above the regulated surface level where located within the Tunnel Protection Overlay 7. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 8. It does not include storage of materials, equipment or vehicles (whether temporary or permanent) over an area exceeding 100 square metres where located within the Tunnel Protection Overlay 9. It does not include temporary stockpiling of soil, gravel, rock or other natural material over an area exceeding 100 square metres where located within the Tunnel Protection Overlay 10. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Partial demolition of a building or structure Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None
Shade sail Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m^2 5. No part of the shade sail will be: (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 11. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 12. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.

Solar photovoltaic panels (roof mounted) Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
Temporary public service depot Except where any of the following apply: • Hazards (Flooding) Overlay • Local Heritage Place Overlay • Major Urban Transport Routes Overlay • State Heritage Place Overlay • Traffic Generating Development Overlay • Urban Transport Routes Overlay	1. Occupies land for no longer than 3 months 2. Ensures litter and water are contained on site 3. Provides temporary security fencing around the perimeter of the site 4. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 5. It does not include temporary stockpiling or storage of material or equipment over a designated stockpiling area that is larger than 100m^2 where located within the Tunnel Protection Overlay 6. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Water tank (above ground) Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m^2 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation 10. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 11. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation 4. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 5. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement Except where any of the following apply: • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4 Advertisements [Proliferation of Advertisements] DTS/DPF 2.3 Advertisements [Advertising Content] DTS/DPF 3.1 Advertisements [Amenity Impacts] DTS/DPF 4.1 Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2 Clearance from Overhead Powerlines DTS/DPF 1.1 Advertisements [Safety] DTS/DPF 5.6, DTS/DPF 5.5, DTS/DPF 5.4	None	Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1 Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1 State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1 Gateway Overlay [Advertisements] DTS/DPF 4.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1
Replacement building Except where any of the following apply: • Coastal Areas Overlay • Coastal Flooding Overlay • Hazards (Bushfire - High Risk) Overlay • Hazards (Bushfire - Medium Risk) Overlay • Hazards (Flooding - General) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	None	None	Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1 Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1
Temporary accommodation in an area affected by bushfire	None	None	None	Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1 Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

All other Code Assessed Development	All	All	All	Any relevant Overlay: All

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: (a) shop with a gross leasable floor area less than 1000m^2 (b) shop that is a bulky goods outlet (c) shop that is a restaurant (d) shop that is ancillary to an industry on the same allotment.
Special industry	Any of the following: (a) located in the Gillman Subzone (b) located in the National Naval Shipbuilding Subzone (c) located in the Significant Industry Subzone

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development (Column A)	Exceptions (Column B)
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) telecommunications facility (c) temporary public service depot.	Except development that does not satisfy any of the following: 1. Strategic Employment Zone DTS/DPF 4.1 2. Strategic Employment Zone DTS/DPF 4.2.
3. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) general industry (c) light industry (d) office (e) motor repair station (f) retail fuel outlet (g) store (h) warehouse.	Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.
4. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) carport (c) deck (d) fence (e) internal building works (f) land division (g) outbuilding (h) pergola (i) private bushfire shelter (j) replacement building (k) retaining wall (l) shade sail (m) solar photovoltaic panels (roof mounted) (n) swimming pool or spa pool and associated swimming pool safety features (o) temporary accommodation in an area affected by bushfire (p) tree damaging activity (q) verandah (r) water tank.	None specified.
5. Any development involving any of the following (or of any combination of any of the following) within the Tunnel Protection Overlay: (a) storage of materials, equipment or vehicles (whether temporary or permanent) over an area exceeding 100 square metres (b) temporary stockpiling of soil, gravel, rock or other natural material over an area exceeding 100 square metres (c) excavation or ground intruding activity at a depth greater than 2.5 metres below the regulated surface level.	Except where not undertaken by the Crown, a Council or an essential infrastructure provider.
6. Building for the purposes of railway activities.	None specified.
7. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
8. Railway line.	Except where located outside of a rail corridor or rail reserve.
9. Shop.	Except: 1. where the site of the shop is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone or 2. shop that does not satisfy Strategic Employment Zone DTS/DPF 1.3.
10. Telecommunications facility.	Except telecommunications facility that does not satisfy Strategic Employment Zone DTS/DPF 1.5.
Placement of Notices - Exemptions for Performance Assessed Development	
None specified.	
Placement of Notices - Exemptions for Restricted Development	
None specified.	

Gillman Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A range of major logistics, manufacturing, high technology and research land uses generating wealth and employment for the state that takes advantage of road, rail and ports infrastructure together with compatible business activities that support an expanding workforce.
DO 2	Co-location of the management of Adelaide's waste, resource recovery and related processing and industrial activities to provide operational efficiencies and the economic provision of infrastructure, and provision of land for stormwater management and enhancement of tidal flow and habitat function of Magazine Creek, Range wetlands, samphire and mangroves.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Development primarily for a range of major logistics and manufacturing plants, high technology and research.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Educational facility in association with an envisaged use (b) Electricity substation (c) Filling of land and associated stockpiling suitable for land reclamation (d) Road transport terminal (e) Service trade premises (f) Stormwater retention / detention basin (g) Store (h) Training facility (i) Warehouse.
PO 1.2 Shops and restaurants primarily cater to the surrounding workforce to enhance the amenity of the zone for those workers.	DTS/DPF 1.2 Shop that meets the following: (a) has a gross leasable floor area not exceeding 500m^2 and (b) is not a bulky goods outlet.
Hazard Risk Minimisation	
PO 2.1 Land identified for stormwater management and habitat rehabilitation in the subzone is not developed for industrial use unless: (a) there is sufficient land capable of managing the regional and local stormwater catchment function in the location (b) the land unlikely to be inundated by tidal flows as a result of the periodic opening of the tidal gates, taking into account long term sea-level rise (c) it does not result in the removal of existing remnant samphire habitats or threaten the ability for expansion and inland migration of such habitats (d) the provision of a new or the expansion of an existing sea flood protection levee or sea wall infrastructure can be accommodated into the future.	DTS/DPF 2.1 None are applicable.
PO 2.2 Development minimises adverse disturbance to existing sea flood protection levees and infrastructure.	DTS/DPF 2.2 None are applicable.
PO 2.3 Development is designed and sited to provide sufficient land for flood mitigation, including the establishment of new sea walls or sea flood protection levees to provide protection from stormwater and seawater flooding.	DTS/DPF 2.3 None are applicable.
PO 2.4 Development is protected against sea flood risk and sea level rise.	DTS/DPF 2.4 Development achieves one of the following: (a) where no sea flood protection levee or seawall exists, minimum site and floor levels are at least 3.7m AHD and 3.95m AHD respectively, to provide protection from coastal flooding to the year 2050 and it allows for the practical establishment of protection measures against a further sea level rise of 0.7m and land subsidence to the year 2100 (b) a sea flood protection levee or sea wall has been constructed, which will provide the development with protection from coastal flooding to the year 2050, has a height of at least 3.7m AHD and is capable of being adapted to accommodate for a further sea level rise of 0.7m and land subsidence to the year 2100.

National Naval Shipbuilding Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Ship building and the long-term growth of defence related support industry uses generating wealth and employment for the state and nation.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Development of naval shipbuilding and defence related support industry uses.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Berthing structure (b) Educational facility in association with ship building (c) Ship building, lifting and/or launching facility (d) Technology and support industries related to ship building and defence (e) Wharf facilities.
PO 1.2 Development on land with direct water frontage comprises those functions of ship building and repair involving the movement of waterborne vessels from the water to the land and vice versa.	DTS/DPF 1.2 Development on land with direct water frontage comprises one or more of the following: (a) Berthing structure (b) Gantry and loading structure (c) Harbour installation (d) Navigational aid (e) Ship lifting and/or launching facility (f) Wharf structure.
PO 1.3 Shared use of facilities and structures to minimise the need for development to extend into or over the Port Adelaide River.	DTS/DPF 1.3 Development does not extend into or over the Port Adelaide River unless it comprises one or more of the following: (a) Berthing structure (b) Development ancillary to or in association with ship building (c) Erosion protection or control (d) Flooding protection or control (e) Gantry and loading structure (f) Ship lifting/launching facility (g) Wharf structure.
PO 1.4 Development extending into or over the Port Adelaide River does not obstruct or interfere with shipping and navigation channels.	DTS/DPF 1.4 Development complies with the *Harbors and Navigation Act 1993*.
PO 1.5 Development maintains public access to land in the Open Space Zone located to the north of the subzone, unless an alternative public access route is provided.	DTS/DPF 1.5 None are applicable.
Interfaces	
PO 2.1 Development is designed and sited to incorporate noise attenuation measures to minimise impacts from noise emissions on sensitive land uses in an adjacent neighbourhood-type zone, particularly where extended operating hours are contemplated.	DTS/DPF 2.1 None are applicable.
Hazard Risk Minimisation	
PO 3.1 Development is protected against sea flood risk and sea level rise.	DTS/DPF 3.1 Development achieves the following: (a) minimum site and floor levels of 3.3m AHD and 3.55m AHD respectively to provide protection from coastal flooding to the year 2050, unless it can be demonstrated that lower levels will provide adequate protection and (b) provides for the practical establishment of protection measures against a further sea level rise of 0.7m and land subsidence to the year 2100.

Ports Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A range of port related activities that support the ongoing strategic and economic state significance of the area for the handling of export and import commodities

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Development primarily for a range of port related activities.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Bunker facility (b) Cargo handling facility (c) Container terminal (d) Customs operations (e) Intermodal cargo transfer facility (f) Office ancillary to and in association with port activity (g) Ship repair facility (h) Storage areas used for the temporary holding of port cargo (i) Transhipment facility.
PO 1.2 Waterfront land developed for activities dependent on a direct frontage to the water, including port functions involving waterborne vessels and/or the movement of products or items from the water to the land (or vice versa).	DTS/DPF 1.2 Development on land with a direct frontage to the water comprises one or more of the following uses: (a) Boat berth (b) Gantry and loading structures (c) Harbor installations (d) Navigational aids (e) Wharf facilities.
Landscaping	
PO 2.1 Development adjoining the waterfront landscaped to: (a) screen storage areas otherwise open to public view (b) enhance the appearance of the development and the waterfront (c) provide amenity for employees on site.	DTS/DPF 2.1 None are applicable.

Significant Industry Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Major special industrial activities requiring large areas of land to manage interfaces with sensitive land uses and the environment that are of significance to the state and regional economy.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Development primarily for large scale, high impact special industry uses located on large areas of land to manage impacts on sensitive land uses and the environment.	DTS/DPF 1.1 None are applicable.
PO 1.2 Development does not occur that would prejudice special industry or the processing and storage of chemicals and minerals.	DTS/DPF 1.2 None are applicable.
Siting and Interfaces	
PO 2.1 Substantial visual and acoustic buffers are maintained between development and sensitive land uses.	DTS/DPF 2.1 None are applicable.
PO 2.2 Treatment or depositing of hazardous waste materials does not occur in proximity to residential development located in an adjacent zone.	DTS/DPF 2.2 None are applicable.
PO 2.3 Development is sited and designed to protect areas of heritage or cultural significance.	DTS/DPF 2.3 None are applicable.
Environmental Management	
PO 3.1 Development does not produce emissions that would harm human health or the environment.	DTS/DPF 3.1 None are applicable.
PO 3.2 Development designed and sited to mitigate impacts upon the terrestrial and marine environment in the locality and areas of conservation significance.	DTS/DPF 3.2 None are applicable.
PO 3.3 Development and operations designed and sited to avoid discharge of liquid or solid waste from the site or from entering the natural drainage system.	DTS/DPF 3.3 None are applicable.
Hazard Risk Minimisation	
PO 4.1 Areas for the storage and handling of hazardous material are bunded to: (a) contain spillages and leaks of liquids used, stored or processed on the site of the development (b) exclude the entry of external surface stormwater runoff that may pose a risk of pollution to the surrounding environment.	DTS/DPF 4.1 None are applicable.
PO 4.2 Adequate separation provided between development and buildings to mitigate on-site impacts in the event of an industrial accident.	DTS/DPF 4.2 None are applicable.
PO 4.3 Development is protected against sea flood risk and sea level rise.	DTS/DPF 4.3 None are applicable.

Strategic Innovation Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A range of health, education, and research activities supported by a mix of compatible housing, accommodation, tourism, hospitality, cultural, entertainment, recreation and retail land uses.

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Development is associated with or ancillary to the provision of health and education services and the conduct of research.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Child care facility (b) Co-living (c) Community facility (d) Conference facility (e) Consulting room (f) Dwelling (g) Educational facility (h) Hospital (i) Indoor recreation facility (j) Library (k) Light industry (including high technology and research based activity) (l) Office (m) Place of worship (n) Public transport terminal (o) Residential flat building (p) Retirement facility (q) Shop (excluding a bulky goods outlet) (r) Student accommodation (s) Supported accommodation (t) Telecommunications facility (u) Tourist accommodation (v) Workers' accommodation.
PO 1.2 Development within walking distance of public transport stops comprises land uses that directly promote public transport use and provide opportunities for multi-purpose trips.	DTS/DPF 1.2 None are applicable.
PO 1.3 Light industrial and commercial development (including high technology and research-based activity) designed and sited to be compatible with adjoining uses.	DTS/DPF 1.3 None are applicable.
PO 1.4 Shops, offices and consulting rooms of a scale to maintain the amenity of nearby residents.	DTS/DPF 1.4 Shop, office or consulting room gross leasable floor area does not exceed 250m^2.
PO 1.5 Ground floor level uses promote high levels of pedestrian activity and contribute to an active and vibrant public realm.	DTS/DPF 1.5 Shop or consulting room land uses located on the ground floor level of buildings.
PO 1.6 Medium to high density residential development does not prejudice the operation of non-residential activity within the zone.	DTS/DPF 1.6 None are applicable.
PO 1.7 Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality.	DTS/DPF 1.7 A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved: (a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop: (i) the total gross leasable floor area of the shop will not exceed 250m^2 (ii) if primarily involving the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if primarily involving heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m^2 and has direct frontage to an arterial road: (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road or (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared (e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except where: (i) the building is a local heritage place or (ii) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Built Form and Character	
PO 2.1 Development achieves a high standard of contemporary architectural design, using a mixture of solid and glass finishes to produce visual interest on all sides.	DTS/DPF 2.1 None are applicable.
PO 2.2 Buildings are orientated towards public open space and defined pedestrian and cycle routes, where possible.	DTS/DPF 2.2 None are applicable.
PO 2.3 Buildings create visual interest and an active interface along streetscapes, pedestrian and cycle routes and building surrounds to enhance casual surveillance and provide appropriate lighting and clear lines of sight.	DTS/DPF 2.3 Not less than 50% of the ground floor primary frontage of buildings : (a) are visually permeable, transparent or clear glazed (b) have a ground floor level at grade / level with the adjoining public realm footpath.
PO 2.4 Buildings are adaptable and flexible to accommodate a range of land uses, including retail, office and residential.	DTS/DPF 2.4 Buildings containing ground and first building levels built to dimensions including a minimum ceiling height of 3.5m.
PO 2.5 Buildings provide a high amenity pedestrian environment by providing shelter and shade over footpaths.	DTS/DPF 2.5 Buildings provide verandas, balconies, canopies, awnings or other pedestrian shelters over adjacent footpaths.
PO 2.6 Development including advertisements, buildings, site landscaping, street planting and paving achieves a cohesive and coordinated appearance.	DTS/DPF 2.6 None are applicable.
PO 2.7 Permanent fencing is visually permeable to support visibility and custom designed to high architectural standard.	DTS/DPF 2.7 None are applicable.
Building height and setbacks	
PO 3.1 Building height is consistent with the form expressed in any relevant *Maximum Building Height (Levels) Technical and Numeric Variation layer*, *Maximum Building Height (Metres) Technical and Numeric Variation* layer and any relevant Concept Plan contained within the *Concept Plans Technical and Numeric Variations layer*, or provides an orderly transition in scale, increasing from low scale at the zone interface to medium-to-high rise in the centre of the zone to complement the established local character.	DTS/DPF 3.1 Except where a Concept Plan specifies otherwise, development (excluding garages, carports and outbuildings) does not exceed the following building height(s): **Maximum Building Height (Levels)** Maximum building height is 1 level

Maximum Building Height (Levels)
Maximum building height is 4 levels
Maximum building height is 5 levels
Maximum building height is 6 levels
Maximum building height is 10 levels
Maximum building height is 15 levels
Maximum Building Height (Metres)
Maximum building height is 4.5m
Maximum building height is 16.5m
Maximum building height is 18.5m
Maximum building height is 24.5m
Maximum building height is 40.5m
Maximum building height is 60.5m

In relation to DTS/DPF 3.1, in instances where:

(a) more than one value is returned in the same field, refer to the *Maximum Building Height (Levels) Technical and Numeric Variation* layer or *Maximum Building Height (Metres) Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development

(b) only one value is returned (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other

(c) no value is returned (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.

PO 3.2

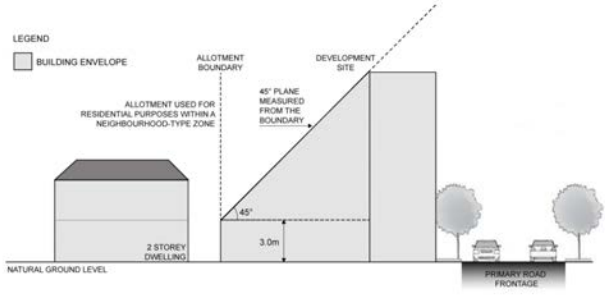
Buildings mitigate impacts of building massing on residential development within a neighbourhood-type zone.

DTS/DPF 3.2

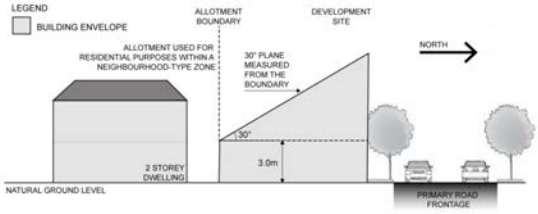
Interface Height

Buildings constructed within a building envelope provided by a:

(a) 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of the allotment where abutting a residential use, or where the allotment is separated by a road less than 6.5 metres in width measured from the residential allotment boundary, within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary):



(b) in relation to a southern boundary, 30 degree plane grading north, measured from a height of 3m above natural ground at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a street boundary):



Buildings constructed within a building envelope provided by a 30 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a street boundary):

	Interface Height
PO 3.3 Buildings are set back from site boundaries to create a continuous built form to public roads, and to create separation between lower scale and adjoining sensitive receivers.	DTS/DPF 3.3 None are applicable.
PO 3.4 Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.	DTS/DPF 3.4 None are applicable.
Land Division	
PO 4.1 Land division and site amalgamation facilitates integration of buildings, vehicle parking areas, access points and landscaping.	DTS/DPF 4.1 None are applicable.
Advertisements	
PO 5.1 Advertisements: (a) use simple graphics and are restrained in their size, design and colour (b) provide an overall consistency along individual street frontages.	DTS/DPF 5.1 None are applicable.
PO 5.2 Advertisements along minor streets and laneways include a greater diversity of type, shape, numbers and design provided that they are small in scale and located to present a consistent message band to pedestrians.	DTS/DPF 5.2 None are applicable.
Movement and Access	
PO 6.1 Vehicle parking areas do not interfere with existing or proposed provision of a comprehensive bicycle and pedestrian path network integrated with networks in adjacent zones.	DTS/DPF 6.1 None are applicable.
PO 6.2 Development preserves and enhances open space linkages between public reserves, sport/recreation facilities, walking/cycling paths and community areas.	DTS/DPF 6.2 None are applicable.
Concept Plans	
PO 7.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code.	DTS/DPF 7.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 24 - Glenside Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints Concept Plan 89 - Tonsley In relation to DTS/DPF 7.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Carport Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 60m^2. 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end). 7. Building height - does not exceed 5m. 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. 10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment. 11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser) 12. The carport is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) will use a driveway that: (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site. 13. If If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour. 14. Does not involve the clearance of native vegetation
Outbuilding Except where any of the following apply: • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads). 6. Total floor area - does not exceed 60m^2. 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end). 8. Building height - does not exceed 5m. 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 10. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 11. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and

	(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. 12. If the outbuilding is a garage, it is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not located in an area subject to the Urban Transport Overlay, Non-Stop Corridors Overlay, Major Urban Transport Routes Overlay, Key Outback and Rural Routes Overlay, Key Railway Crossings Overlay, Future Local Road Widening Overlay or Future Road Widening Overlay, and will use a driveway that: (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site 13. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour. 14. Does not involve- (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres. 15. Does not involve the clearance of native vegetation. 16. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Partial demolition of a building or structure Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None
Shade sail Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m^2 5. No part of the shade sail will be: (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Swimming pool or spa pool and associated swimming pool safety features Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted. 4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature). 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment: (a) not less than 5m where the filtration system is located inside a solid acoustic structure; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation. 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Verandah Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 60m^2 6. Post height - does not exceed 3m measured from natural ground level. 7. Building height - does not exceed 5m. 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment. 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation.
Water tank (above ground) Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. The tank is part of a roof drainage system. 4. Total floor area - not exceeding 30m^2. 5. The tank is located wholly above ground. 6. Tank height - does not exceed 4m above natural ground level. 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement Except where any of the following apply: • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4 Advertisements [Proliferation of Advertisements] DTS/DPF 2.3 Advertisements [Advertising Content] DTS/DPF 3.1 Advertisements [Amenity Impacts] DTS/DPF 4.1 Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6 Clearance from Overhead Powerlines DTS/DPF 1.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Advertisements] DTS/DPF 4.1 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1

				State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1

Temporary accommodation in an area affected by bushfire	None	None	None	None

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

Repatriation Subzone [Movement and Access]
PO 3.1

Repatriation Subzone [Landscaping]
PO 4.1

Activity Node Subzone [Land Use and Intensity]
PO 1.1, PO 1.2, PO 1.3

Activity Node Subzone [Built Form and Character]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Affordable Housing Overlay [Built Form and Character]
PO 2.1

Affordable Housing Overlay [Affordable Housing Incentives]
PO 3.1, PO 3.2

Affordable Housing Overlay [Movement and Car Parking]
PO 4.1

Aircraft Noise Exposure Overlay [Land Use and Intensity]
PO 1.1

Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]
PO 1.1

Airport Building Heights (Regulated) Overlay [Built Form]
PO 1.1

Building Near Airfields Overlay
PO 1.3

Character Area Overlay [All Development]
PO 1.1

Character Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Character Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Character Preservation District Overlay [Land Use and Intensity]
PO 1.2

Character Preservation District Overlay [Built Form and Character]
PO 2.1, PO 2.2, PO 2.3

Character Preservation District Overlay [Built Form and Character in the Rural Area]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5, PO 3.6

Character Preservation District Overlay [Earthworks]
PO 4.1

Coastal Areas Overlay [Hazard Risk Minimisation]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Coastal Areas Overlay [Coast Protection Works]
PO 3.1, PO 3.2

Coastal Areas Overlay [Environment Protection]
PO 4.1, PO 4.2, PO 4.3, PO 4.4, PO 4.5, PO 4.6, PO 4.7

Coastal Areas Overlay [Access]
PO 5.1, PO 5.2, PO 5.4

Coastal Flooding Overlay
PO 1.1

Defence Aviation Area Overlay [Built Form]
PO 1.1

Future Local Road Widening Overlay [Future Road Widening]
PO 1.1

Future Road Widening Overlay [Future Road Widening]
PO 1.1

Gas and Liquid Petroleum Pipelines (Facilities) Overlay [Safety]
PO 1.1

Gateway Overlay [Built Form and Character]
PO 1.1, PO 1.2, PO 1.3

Gateway Overlay [Landscaping]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1

Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
PO 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Regional) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Site Contamination
PO 1.1

Transport, Access and Parking [Vehicle Access]

Transport, Access and Parking [Bicycle Parking in Designated Areas]
PO 9.1, PO 9.2, PO 9.3

Transport, Access and Parking [Corner Cut-Offs]
PO 10.1

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Dwelling Overlay
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: (a) shop with a gross leasable floor area less than 1000m^2 (b) shop located within the Rehabilitation Subzone (c) shop located within the Repatriation Subzone (d) shop located within the Flinders Subzone (e) shop located within the Activity Node Subzone (f) shop that is a restaurant.
Special industry	None specified

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development (Column A)	Exceptions (Column B)
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. All development undertaken by: (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust.	Except development that: 1. exceeds the maximum building height specified in Strategic Innovation Zone DTS/DPF 3.1 or 2. does not satisfy Strategic Innovation Zone DTS/DPF 3.2 or 3. involves the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) or 4. involves the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
3. Any kind of development where the site of the development is **not** adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.	Except any of the following: 1. a restaurant located in the Repatriation Subzone 2. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 3. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
4. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) child care facility, other than where located in the Repatriation Subzone (c) co-living (d) community facility (e) dwelling (f) educational facility (g) library (h) place of worship (i) residential flat building (j) student accommodation (k) tourist accommodation.	Except development that exceeds the maximum building height specified in Strategic Innovation Zone DTS/DPF 3.1 or does not satisfy Strategic Innovation Zone DTS/DPF 3.2.
5. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop, other than a restaurant located in the Repatriation Subzone.	Except development that exceeds the maximum building height specified in Strategic Innovation Zone DTS/DPF 3.1 or does not satisfy any of the following: 1. Strategic Innovation Zone DTS/DPF 1.4 2. Strategic Innovation Zone DTS/DPF 3.2.
6. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) carport (c) deck (d) fence (e) internal building works (f) land division (g) outbuilding (h) pergola (i) private bushfire shelter (j) recreation area (k) replacement building (l) retaining wall (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) swimming pool or spa pool and associated swimming pool safety features (p) temporary accommodation in an area affected by bushfire (q) tree damaging activity (r) verandah (s) water tank.	None specified.
7. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
8. Railway line.	Except where located outside of a rail corridor or rail reserve.

Placement of Notices - Exemptions for Performance Assessed Development
None specified.

Placement of Notices - Exemptions for Restricted Development
None specified.

Rehabilitation Subzone

Desired Outcome (DO)

Desired Outcome	
DO 1	A mix of primary land uses including facilities for health and aged care, rehabilitation, education and research along with residential, community, cultural, recreation and small-scale retail activities that meet the daily needs of the residential and visiting population.

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Higher intensity activities located towards the centre or the primary focus of the Subzone, such as education, industry, health, commerce and retail, with lower scale development such as residential located at the periphery of the Subzone.	DTS/DPF 1.1 None are applicable.
PO 1.2 Land uses promote movement and activity during daylight and evening hours, including restaurants, educational, community and cultural facilities, and visitor and residential accommodation.	DTS/DPF 1.2 None are applicable.
PO 1.3 Small to medium scale shops, offices and consulting rooms : (a) meet the day to day needs for the local community, such as shops, offices, consulting rooms and the like (b) serve the local community, such as educational facilities, child care facility, health and welfare services and the like (c) are part of mixed use or wholly non-residential buildings (d) contribute to a vibrant mixed use environment.	DTS/DPF 1.3 Shops, offices or consulting rooms not exceeding a maximum total gross leasable floor area of 2000m^2.
PO 1.4	DTS/DPF 1.4

A range of small to medium scale non-residential uses, services and facilities compatible with residential uses that serve the local community, such as educational facilities, child care facility, health and welfare services, community facilities and the like.	None are applicable.
PO 1.5 Well-designed and diverse medium density accommodation options, including dwellings and supported accommodation.	DTS/DPF 1.5 Residential development (other than residential development in a mixed use building) achieves a net residential density of not less than 40 dwellings per hectare, except where varied by a Concept Plan Technical and Numeric Variation Data Overlay.
Built Form and Character	
PO 2.1 Pedestrian and cycling connections link key land uses within the subzone and adjacent zones, including neighbouring residential areas.	DTS/DPF 2.1 None are applicable.
PO 2.2 Buildings setback from the primary street boundaries to contribute to the consistent established streetscape.	DTS/DPF 2.2 The building line of a building set back from the primary street boundary: (a) at least 6m from Flemington Street, Glenside (b) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (c) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building or (d) in any other case, no minimum.

Flinders Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A range of education, health, research and employment facilities of regional significance mixed with medium to high density housing and various forms of accommodation supported by active and passive open space and a range of complementary activities such as shops, consulting rooms, offices and entertainment facilities concentrated around new railway infrastructure to meet the need of workers, students, residents and visitors.

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Education, health, research and employment facilities mixed with housing and various forms of accommodation and enhanced by public open space, shops, consulting rooms, offices and entertainment facilities in suitable locations.	DTS/DPF 1.1 None are applicable.
PO 1.2 Public transport use, and opportunities for multi-purpose trips and passive surveillance of public transport stations are enhanced by: (a) a high quality, themed, cohesive public realm (b) active and vibrant frontages along streets and pedestrian thoroughfares, including the provision of retail and entertainment land uses (c) the provision of intensive forms of residential and other accommodation within walking distance of and along connections to existing or planned public transport stops and stations.	DTS/DPF 1.2 None are applicable.
PO 1.3 Significant open space areas are retained and include areas for active and passive recreation and informal vegetated areas that contribute to an open character and provide visual linkages to key sites.	DTS/DPF 1.3 None are applicable.
Building setbacks	
PO 2.1 Buildings are set back to protect the function of major transport routes.	DTS/DPF 2.1 Buildings are setback at least 10m from a major transport route identified in the Major Urban Transport Routes Overlay.

Repatriation Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	An integrated, walkable health precinct comprising a range of facilities for health and aged care, rehabilitation, education, research, community and supported accommodation complemented by compatible retail activities and a variety of connected open spaces that cater for social and ceremonial gatherings, recreation, cultural activities and reflection.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 A focus for health, aged care and related services, supported by land uses to enhance integration with the surrounding community and encourage multi-generational participation and vibrancy.	DTS/DPF 1.1 None are applicable.
PO 1.2 Small-scale shops that provide a supportive role to health, aged care and other allied services, without being a dominant feature to maintain the credentials of the subzone as a centre for community health, education, research and innovation.	DTS/DPF 1.2 Shops do not exceed (proposed and existing) an aggregate gross leasable floor area of 2000m^2 across the whole subzone.
PO 1.3 Administration, education, innovation and research activities focused around the existing Central Administration Buildings.	DTS/DPF 1.3 None are applicable.
PO 1.4 Community facilities located centrally in the subzone and focused around the Chapel, Schools Patriotic Fund (SPF) Hall and Peace Garden and set behind Daw House.	DTS/DPF 1.4 None are applicable.
PO 1.5 Health and rehabilitation facilities, supported accommodation and other compatible land uses located adjacent to another zone used for residential purposes to mitigate adverse amenity impacts on residential uses that abut the subzone.	DTS/DPF 1.5 None are applicable.
Built Form and Character	
PO 2.1 Development respects and preserves buildings and areas of heritage significance and importance to World War II Veterans and their families, including the Chapel, Schools Patriotic Fund (SPF) Hall and Peace Garden.	DTS/DPF 2.1 None are applicable.
PO 2.2 The adaptive re-use of heritage buildings to promote their ongoing use and conservation.	DTS/DPF 2.2 None are applicable.
PO 2.3 Buildings and additions to places of heritage significance are sited and designed to retain their visual prominence and heritage values.	DTS/DPF 2.3 None are applicable.
PO 2.4 Buildings provide active street facades integrated with quality public realm and intimate and larger open spaces that cater for social and ceremonial gatherings, recreation, cultural activities and reflection.	DTS/DPF 2.4 None are applicable.
PO 2.5	DTS/DPF 2.5

Buildings are set back from the boundary of the subzone to create separation between lower scale and adjoining sensitive receivers and to maintain the amenity of adjacent residential land uses.	Buildings are set back at least 3m from the boundary of an allotment used for residential purposes within a neighbourhood-type zone.
PO 2.6 Development is of a bulk and scale to be compatible with adjoining land uses.	DTS/DPF 2.6 None are applicable.
PO 2.7 The layout and integrity of the Peace Garden is retained and readily interpretable as a separate or special place within the surrounding open landscaping.	DTS/DPF 2.7 None are applicable.
PO 2.8 The setting of the Central Administration Buildings is retained as prominent and iconic features to the main entrance off Daws Road..	DTS/DPF 2.8 None are applicable.
PO 2.9 Development retains the external appearance and presentation of the former Gatehouse adjacent Daws Road and is designed to enhance connectivity between the interior and exterior of the building.	DTS/DPF 2.9 None are applicable.
PO 2.10 Development is sited and designed to retain Daw House as a prominent feature to Goodwood Road, set behind an open garden.	DTS/DPF 2.10 None are applicable.
Movement and Access	
PO 3.1 New vehicle access points to external roads are designed and sited to not interfere with road and intersection upgrades and maintain traffic flows.	DTS/DPF 3.1 None are applicable.
Landscaping	
PO 4.1 Trees and other landscaping is used to frame prominent buildings and entrances and provide amenity for pedestrians.	DTS/DPF 4.1 None are applicable.

Activity Node Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Retail activity focused around key roadways, public transport routes and rail corridors that provide focal points for workers, students, visitors and residents to socialize and congregate, complementing a range of other more predominant activities within the Strategic Innovation Zone.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Entertainment and recreation land uses that complement other significant health, education, research and business activities for the benefit of workers and visitors to the zone and the convenience and enjoyment of adjacent residential areas.	DTS/DPF 1.1 Development comprises one or more of the following, in addition to those identified in DTS/DPF 1.1 of the Strategic Innovation Zone: (a) Advertisement (b) Entertainment venue (c) Parking facility (d) Recreation area (e) Shop (excluding a bulky goods outlet).
PO 1.2 Shopping and entertainment activities are suitably focused to support active, vibrant nodes for businesses and the surrounding neighbourhood are located at ground level as follows: (a) in relation to the subzone in the suburb of Tonsley, generally west of Mab Eastern Promenade and along Alawoona Avenue (b) in relation to the subzone in the suburb of Elizabeth Vale: (i) the corner of John Rice Avenue and Haydown Road and (ii) along Haydown Road.	DTS/DPF 1.2 None are applicable.
PO 1.3 Residential development and accommodation at Elizabeth Vale is established: (a) above non-residential land uses within mixed use buildings or (b) within standalone buildings north of Oldham Road.	DTS/DPF 1.3 None are applicable.
Built Form and Character	
PO 2.1 Development fronting onto Haydown Road at Elizabeth Vale designed to create a main street theme at human scale through use of: (a) fully glazed facades to the road frontage (b) frequent tenancy openings along the street (c) pedestrian cover through the provision of a canopy or awning and complemented by consulting rooms, offices and residential development at upper levels.	DTS/DPF 2.1 None are applicable.
PO 2.2 Development fronting onto Haydown Road at Elizabeth Vale designed and sited to allow for provision of accessible public transport stops with raised platforms and shelters, and space for landscaping and street trees.	DTS/DPF 2.2 None are applicable.
PO 2.3 Car parking at Elizabeth Vale established to the rear of buildings, within basements or within decked parking spaces above ground level provided they are sleeved with active uses to the primary street frontage.	DTS/DPF 2.3 None are applicable.
PO 2.4 Iconic buildings on key corner sites at Elizabeth Vale, including at the following locations: (a) northern-eastern corner of John Rice Avenue and Haydown Road (b) Philip Highway and John Rice Avenue (c) John Rice Avenue and Mark Road (d) south-eastern corner of Mark Road and Oldham Road.	DTS/DPF 2.4 None are applicable.
PO 2.5 Development of iconic buildings on key corner sites at Elizabeth Vale sited and designed to: (a) have an increased height to surrounding buildings to emphasise the corner and provide a sense of arrival (b) provide a bold architectural statement through building design and use of high quality building materials.	DTS/DPF 2.5 None are applicable.

Suburban Activity Centre Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	An active commercial precinct supporting neighbourhood-scale shopping, business, entertainment and recreation facilities to provide a focus for business and community life and most daily and weekly shopping needs of the community. Buildings and pedestrian areas create a high quality, activated public realm that is integrated with pedestrian and cycle networks and establish well-defined connections to available public transport services.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Shops, office, entertainment, health and recreation related uses and other businesses that provide a range of goods and services to the surrounding neighbourhood and district.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Advertisement (b) Child care facility (c) Co-living (d) Cinema (e) Community facility (f) Consulting room (g) Dwelling (h) Educational facility (i) Emergency services facility (j) Hospital (k) Hotel (l) Indoor recreation facility (m) Library (n) Office (o) Place of worship (p) Recreation area (q) Residential flat building (r) Retail fuel outlet (s) Retirement Facility (t) Shop (u) Supported Accommodation (v) Tourist accommodation.
PO 1.2 Residential development does not prejudice the operation of existing non-residential development and the long-term provision of services and facilities for wider community benefit.	DTS/DPF 1.2 None are applicable.
PO 1.3 Dwellings and/or co-living are developed only in conjunction with non-residential uses to support business, entertainment and recreational activities.	DTS/DPF 1.3 Dwellings and/or co-living are developed only in conjunction with non-residential uses and sited: (a) at upper levels of buildings with non-residential uses located at ground level or (b) behind non-residential uses on the same allotment.
PO 1.4 Where residential development is appropriate having regard to other performance outcomes of the zone, residential development achieves medium to high densities.	DTS/DPF 1.4 None are applicable.
PO 1.5 Development sited and designed to achieve or maintain a vibrant and interesting streetscape within retail areas.	DTS/DPF 1.5 Any of the following: (a) shop, other than a bulky goods outlet with a gross leasable floor area more than 500m^2 (b) cinema (c) hotel (d) licensed premises.
PO 1.6 Changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within activity centres.	DTS/DPF 1.6 A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved: (a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m^2 and has direct frontage to an arterial road, it achieves either (i) or (ii): (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared (e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except in any of the following circumstances: (i) the building is a local heritage place (ii) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) (iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Built Form and Character	
PO 2.1 Development complements adjacent development within the zone, and mitigates interface impacts on adjoining residential uses in neighbourhood-type zones through appropriate building siting, scale and design.	DTS/DPF 2.1 None are applicable.
PO 2.2 Buildings are sited and designed to create pedestrian, vehicular, open space and visual linkages between the various built-form elements within the zone and adjoining main roads and thoroughfares.	DTS/DPF 2.2 None are applicable.
PO 2.3 Vehicular access points and car parks are coordinated and consolidated to enable the shared use of parking spaces.	DTS/DPF 2.3 None are applicable.
PO 2.4 Development promotes the use of pedestrian and cyclist connections to centre facilities and services.	DTS/DPF 2.4 None are applicable.
Building height and setbacks	
PO 3.1 Building height is consistent with the form expressed in any relevant *Maximum Building Height (Levels) Technical and Numeric Variation layer* and *Maximum Building Height (Metres) Technical and Numeric Variation layers* or is generally low rise to complement the established streetscape and local character.	DTS/DPF 3.1 Building height is: (a) not greater than: (i) the following: **Maximum Building Height (Metres)** Maximum building height is 4.5m Maximum building height is 6m Maximum building height is 7m Maximum building height is 8m Maximum building height is 8.5m Maximum building height is 9m Maximum building height is 11.5m Maximum building height is 12m

Maximum Building Height (Metres)
Maximum building height is 12.5m
Maximum building height is 15m
Maximum building height is 16.5m
Maximum building height is 18.5m
Maximum building height is 22m
Maximum building height is 24.5m
Maximum building height is 25.5m
Maximum building height is 32.5m
Maximum building height is 10.2m
Maximum building height is 20.5m
Maximum Building Height (Levels)
Maximum building height is 1 level
Maximum building height is 2 levels
Maximum building height is 3 levels
Maximum building height is 4 levels
Maximum building height is 5 levels
Maximum building height is 6 levels
Maximum building height is 7 levels
Maximum building height is 9 levels

(ii) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 3 building levels up to a height of 12m

and

(b) not less than:

Minimum Building Height (Levels)
Minimum building height is 1 level
Minimum building height is 2 levels
Minimum building height is 3 levels

In relation to DTS/DPF 3.1, in instances where:

(c) more than one value is returned in the same field:
- (i) for the purpose of DTS/DPF 3.1(a)(i), refer to the *Maximum Building Height (Metres) Technical and Numeric Variation* layer or *Maximum Building Height (Levels) Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (ii) for the purpose of DTS/DPF 3.1(b) refer to the *Minimum Building Height (Levels) Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development

(d) only one value is returned for DTS/DPF 3.1(a)(i), (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other

(e) no value is returned for DTS/DPF 3.1(b), (ie there is a blank field), then there is no minimum building height and DTS/DPF 3.1(b) is met.

PO 3.2

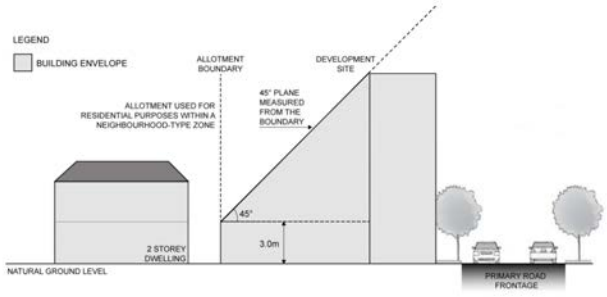
Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.

DTS/DPF 3.2

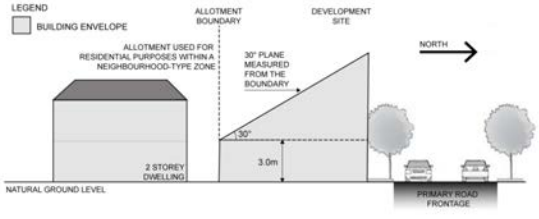
Interface Height

Buildings constructed within a building envelope provided by a:

(a) 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of the allotment where abutting a residential use, or where the allotment is separated by a road less than 6.5 metres in width measured from the residential allotment boundary, within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary):



(b) in relation to a southern boundary, 30 degree plane grading north, measured from a height of 3m above natural ground at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a street boundary):



Buildings constructed within a building envelope provided by a 30 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a street boundary):

	Interface Height PO 3.3 Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.	DTS/DPF 3.3 None are applicable.
Advertisements	
PO 4.1 Advertisements are sited and designed to achieve an overall consistency of appearance along individual street frontages.	DTS/DPF 4.1 None are applicable.
PO 4.2 Freestanding advertisements: (a) identify the associated business(es) (b) are of a size that is commensurate with the scale of the centre and the street frontage (c) avoid visual clutter (d) positively respond to the context without dominating the locality.	DTS/DPF 4.2 Freestanding advertisements: (a) do not exceed 8m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser) and (b) do not have a sign face that exceeds $6m^2$ per side.
Concept Plans	
PO 5.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.	DTS/DPF 5.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 70 - Mount Gambier Northern Gateway Concept Plan 3 - Mount Barker and Littlehampton Concept Plan 11 - Munno Para Concept Plan 13 - Suburban Activity Centre - Buckland Park Concept Plan 14 - Buckland Park Concept Plan 17 - Angle Vale Concept Plan 18 - Playford North Concept Plan 21 - Virginia Concept Plan 16 - Angle Vale Infrastructure Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints Concept Plan 80 - Murray Bridge Concept Plan 86 - Edwardstown Concept Plan 101 - Evanston Gardens, Evanston South, Hillier Concept Plan 100 - Gawler East In relation to DTS/DPF 5.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 6. It does not involve the construction of a building that exceeds 3 building levels above the regulated surface level where located within the Tunnel Protection Overlay 7. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 8. It does not include storage of materials, equipment or vehicles (whether temporary or permanent) over an area exceeding 100 square metres where located within the Tunnel Protection Overlay 9. It does not include temporary stockpiling of soil, gravel, rock or other natural material over an area exceeding 100 square metres where located within the Tunnel Protection Overlay 10. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.

Consulting room Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved: 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m2 and has direct frontage to an arterial road, it achieves: (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Office Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved: 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m2 and has direct frontage to an arterial road, it achieves: (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Partial demolition of a building or structure Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None
Shade sail Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail does not exceed 40m^2 5. No part of the shade sail will be: (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment, the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 11. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 12. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Shop Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved: 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m2 and has direct frontage to an arterial road, it achieves: (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Solar photovoltaic panels (roof mounted) Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to a system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
Temporary public service depot Except where any of the following apply: • Hazards (Flooding) Overlay • Local Heritage Place Overlay • Major Urban Transport Routes Overlay • State Heritage Place Overlay • Traffic Generating Development Overlay • Urban Transport Routes Overlay	1. Occupies land for no longer than 3 months 2. Ensures litter and water are contained on site 3. Provides temporary security fencing around the perimeter of the site 4. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 5. It does not include temporary stockpiling or storage of material or equipment over a designated stockpiling area that is larger than 100m^2 where located within the Tunnel Protection Overlay 6. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.

Water tank (above ground) Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m^2 5. The tank is located wholly above ground 6. Tank height does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal, the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation 10. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 11. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation 4. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 5. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement Except where any of the following apply: • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4 Advertisements [Proliferation of Advertisements] DTS/DPF 2.3 Advertisements [Advertising Content] DTS/DPF 3.1 Advertisements [Amenity Impacts] DTS/DPF 4.1 Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6 Clearance from Overhead Powerlines DTS/DPF 1.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Advertisements] DTS/DPF 4.1 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1 Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1 Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1 State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1
Consulting room Except where any of the following apply: • State Heritage Area Overlay • State Heritage Place Overlay	Land Use and Intensity DTS/DPF 1.6	None	None	Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1 Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1
Office Except where any of the following apply: • State Heritage Area Overlay • State Heritage Place Overlay	Land Use and Intensity DTS/DPF 1.6	None	None	Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1 Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1
Replacement building Except where any of the following apply: • Coastal Areas Overlay • Coastal Flooding Overlay • Hazards (Bushfire - High Risk) Overlay • Hazards (Bushfire - Medium Risk) Overlay • Hazards (Flooding - General) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	None	None	Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1 Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1
Shop Except where any of the following apply: • State Heritage Area Overlay • State Heritage Place Overlay	Land Use and Intensity DTS/DPF 1.6	None	None	Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1 Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1
Temporary accommodation in an area affected by bushfire	None	None	None	Tunnel Protection Overlay [Land Use and Intensity] DTS/DPF 1.1 Tunnel Protection Overlay [Excavation and Ground Intruding Activity] DTS/DPF 2.1

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Special industry	None specified

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development **(Column A)**	**Exceptions** **(Column B)**
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any kind of development where the site of the development is **not** adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) child care facility (c) cinema (d) co-living (e) community facility (f) consulting room (g) dwelling located above a non-residential building level (h) indoor recreation facility (i) library (j) office	Except development that does not satisfy any of the following: 1. Suburban Activity Centre Zone DTS/DPF 3.1 2. Suburban Activity Centre Zone DTS/DPF 3.2.

(k) place of worship (l) service trade premises (m) shop (n) temporary public service depot (o) tourist accommodation.	
4. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) carport (c) deck (d) fence (e) internal building works (f) land division (g) outbuilding (h) pergola (i) private bushfire shelter (j) recreation area (k) replacement building (l) retaining wall (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) swimming pool or spa pool and associated swimming pool safety features (p) temporary accommodation in an area affected by bushfire (q) tree damaging activity (r) verandah (s) water tank.	None specified.
5. Any development involving any of the following (or of any combination of any of the following) within the Tunnel Protection Overlay: (a) storage of materials, equipment or vehicles (whether temporary or permanent) over an area exceeding 100 square metres (b) temporary stockpiling of soil, gravel, rock or other natural material over an area exceeding 100 square metres (c) excavation or ground intruding activity at a depth greater than 2.5 metres below the regulated surface level.	Except where not undertaken by the Crown, a Council or an essential infrastructure provider.
6. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
7. Railway line.	Except where located outside of a rail corridor or rail reserve.

Placement of Notices - Exemptions for Performance Assessed Development
None specified.

Placement of Notices - Exemptions for Restricted Development
None specified.

Suburban Business Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A business and innovation precinct that includes a range of emerging businesses which have low level off-site impacts. Residential development within the area is subordinate to employment uses and generally includes medium-density housing designed to complement and not prejudice the operation of existing businesses.
DO 2	A zone characterised by low-rise buildings with additional height in well serviced and accessible locations.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Shops, office, consulting room, low-impact industry and other non-residential uses are supported by a variety of compact, medium density housing and accommodation types.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Co-living (b) Consulting room (c) Dwelling (d) Institutional facility (e) Light industry (f) Motor repair station (g) Office (h) Residential flat building (i) Retail fuel outlet (j) Service trade premises (k) Shop (l) Store (m) Warehouse
PO 1.2 Retail, business and commercial development is of a scale that provides a local convenience service without undermining the vibrancy and function of zones primarily intended to accommodate such development.	DTS/DPF 1.2 Shops, offices and consulting rooms do not exceed 500m^2 in gross leasable floor area.
PO 1.3 Compact, medium density residential development does not prejudice the operation of non-residential activity within the zone.	DTS/DPF 1.3 None are applicable.
PO 1.4 Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality.	DTS/DPF 1.4 A change of use to a shop, office or consulting room or any combination of these uses where all of the following are achieved: (a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed the change in use is for a shop: (i) the total gross leasable floor area of the shop will not exceed 500m^2 (ii) if primarily involving the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (iii) if primarily involving heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any residential allotment within a neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (c) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except where: (i) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (ii) the building is a local heritage place.
Built Form and Character	
PO 2.1	DTS/DPF 2.1

Building scale and design complement surrounding built form, streetscapes and local character.	None are applicable.
PO 2.2 Development with high visual and environmental amenity, particularly along arterial roads and the boundaries of adjoining zones is primarily intended to accommodate sensitive receivers.	DTS/DPF 2.2 None are applicable.
Building height and setbacks	
PO 3.1 Buildings are generally of low-rise construction, with taller buildings positioned towards the centre of the zone and away from any adjoining neighbourhood-type zone to positively contribute to the built form character of a locality.	DTS/DPF 3.1 Building height (excluding garages, carports and outbuildings) is no greater than: (a) the following: **Maximum Building Height (Metres)** Maximum building height is 6m Maximum building height is 8.5m Maximum building height is 9m Maximum building height is 12m Maximum building height is 15m **Maximum Building Height (Levels)** Maximum building height is 1 level Maximum building height is 2 levels Maximum building height is 3 levels Maximum building height is 4 levels (b) in all other cases (ie there is a blank field for both values): (i) 2 building levels or 9m where the development is located adjoining a different zone that primarily envisages residential development (ii) 3 building levels or 12m in all other cases. In relation to DTS/DPF 3.1, in instances where: (c) more than one value is returned in the same field: (i) for the purpose of DTS/DPF 3.1(a), refer to the Maximum Building Height (Metres) Technical and Numeric Variation layer or Maximum Building Height (Levels) Technical and Numeric Variation layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (ii) only one value is returned for DTS/DPF 3.1(a), (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.
PO 3.2 Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.	DTS/DPF 3.2 Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary, or where this boundary is the street boundary): PO 3.3 Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.	DTS/DPF 3.3 Buildings on sites with a southern boundary adjoining an allotment used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram (except where this boundary is a street boundary): PO 3.4 Buildings are set back from primary street boundaries to contribute to a consistent streetscape.	DTS/DPF 3.4 Buildings setback from the primary street boundary in accordance with the following table: **Development Context** / **Minimum setback** There is an existing building on both abutting sites sharing the same street frontage as the site of the proposed building. — The average setback of the existing buildings. There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is not on a corner site. — The setback of the existing building. There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is on a corner site. — (a) Where the existing building shares the same primary street frontage – the setback of the existing building (b) Where the existing building has a different primary street frontage - 6m

	There is no existing building on either of the abutting sites sharing the same street frontage as the site of the proposed building. | 6m For the purposes of **DTS/DPF 3.4:** (a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback (b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table
PO 3.5 Buildings are set back from secondary street boundaries (other than rear laneways) to contribute to a consistent streetscape.	DTS/DPF 3.5 Building walls are set back from the secondary street frontage: (a) the average of any existing buildings on adjoining sites having frontage to the same street or (b) not less than 900mm where no building exists on an adjoining site.
PO 3.6 Buildings are set back from side boundaries to maintain adequate separation and ventilation.	DTS/DPF 3.6 Other than walls located on a side boundary, building walls are set back at least 900mm from side boundaries.
PO 3.7 Buildings are set back from rear boundaries to minimise adverse impacts on adjoining land uses.	DTS/DPF 3.7 Building walls are set back from the rear boundary at least 3m.
PO 3.8 Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.	DTS/DPF 3.8 None are applicable.
Land Division	
PO 4.1 Land division and / or site amalgamation create allotments that vary in size and are suitable for a variety of residential and commercial activities and improve the level of development integration.	DTS/DPF 4.1 None are applicable.
Advertisements	
PO 5.1 Freestanding advertisements identify the associated business without creating a visually dominant element within the streetscape.	DTS/DPF 5.1 Freestanding advertisements: (a) do not exceed 6m in height and (b) do not have a sign face that exceeds 4m^2 per side.
Concept Plans	
PO 6.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.	DTS/DPF 6.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 3 - Mount Barker and Littlehampton Concept Plan 92 - Meadows Concept Plan 91 - Nairne West Concept Plan 128 - Albert Park Concept Plan 121 - Kilkenny In relation to DTS/DPF 6.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met.
Ancillary Buildings and Structures	
PO 7.1 Residential ancillary buildings are sited and designed to not detract from the streetscape or appearance of primary residential buildings on the site or neighbouring properties.	DTS/DPF 7.1 Ancillary buildings and structures satisfy (a) to (k), inclusive: (a) are ancillary to a dwelling erected on the same site (b) have a floor area not exceeding 60m^2 (c) are not constructed, added to or altered so that any part is situated (i) in front of any part of the building line of the dwelling to which it is ancillary or (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads) (d) in the case of a garage or carport, the garage or carport: (i) is set back at least 5.5m from the boundary of the primary street (ii) when facing a primary street or secondary street, has a total door / opening not exceeding: A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless: (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent (f) f situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure (h) have a wall height or post height not exceeding 3m above natural ground level (and not including a gable end) (i) have a roof height where no part of the roof is more than 5m above the natural ground level (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less: (i) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** | **Minimum percentage of site** <150 | 10% 150-200 | 15% 201-450 | 20% >450 | 25% (ii) the amount of existing soft landscaping prior to the development occurring.
PO 7.2 Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements or result in over-development of the site.	DTS/DPF 7.2 Ancillary buildings and structures do not result in: (a) less private open space than specified in Design in Urban Areas Table 1 - Private Open Space (b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.
PO 7.3 Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties.	DTS/DPF 7.3 Non-residential ancillary buildings and structures satisfy (a) to (j), inclusive: (a) are ancillary and subordinate to an existing non-residential use on the same site (b) have a floor area not exceeding the following: Allotment size | Floor area ≤500m^2 | 60m^2 >500m^2 | 80m^2 (c) are not constructed, added to or altered so that any part is situated: (i) in front of any part of the building line of the main building to which it is ancillary or (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads) (d) in the case of a garage or carport, the garage or carport:

(i) is set back at least 5.5m from the boundary of the primary street

(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:
  (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary
  (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent

(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary

(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure

(h) have a wall height (or post height) not exceeding 3m (and not including a gable end)

(i) have a roof height where no part of the roof is more than 5m above the natural ground level

(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
Carport Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m^2. 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end). 7. Building height - does not exceed 5m. 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11.5m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. 10. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser) 11. The carport is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road, and will use a driveway that: (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site. 12. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour. 13. Does not involve the clearance of native vegetation 14. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (b) the amount of existing soft landscaping prior to the development occurring.
Outbuilding Except where any of the following apply: • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads). 6. Total floor area - does not exceed 40m^2. 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end). 8. Building height - does not exceed 5m. 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. 11. If the outbuilding is a garage - door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser) 12. If the outbuilding is a garage, it is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road, and will use a driveway that: (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;

(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site

13. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.
14. Does not involve-
    (a) excavation exceeding a vertical height of 1 metre; or
    (b) filling exceeding a vertical height of 1 metre,
    and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.
15. Does not involve the clearance of native vegetation.
16. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
17. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Partial demolition of a building or structure
Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

None

Private bushfire shelter
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. Primary street setback - at least as far back as the building to which it is ancillary.
4. Secondary street setback - at least 900mm from the boundary of the allotment.
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)
6. Does not involve the clearance of native vegetation.

Shade sail
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 40m^2
5. No part of the shade sail will be:
    (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
    (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang any part of the roof.
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool and associated swimming pool safety features
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:
    (a) not less than 5m where the filtration system is located inside a solid acoustic structure; or
    (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m^2
6. Post height - does not exceed 3m measured from natural ground level.
7. Building height - does not exceed 5m.

	8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment. 9. Does not involve the clearance of native vegetation 10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** — **Minimum percentage of site** <150 — 10% 150-200 — 15% 201-450 — 20% >450 — 25% (b) the amount of existing soft landscaping prior to the development occurring.
Water tank (above ground) Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996.* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. The tank is part of a roof drainage system. 4. Total floor area - not exceeding $15m^2$. 5. The tank is located wholly above ground. 6. Tank height - does not exceed 4m above natural ground level. 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation 10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** — **Minimum percentage of site** <150 — 10% 150-200 — 15% 201-450 — 20% >450 — 25% (b) the amount of existing soft landscaping prior to the development occurring.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement Except where any of the following apply: • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4 Advertisements [Proliferation of Advertisements] DTS/DPF 2.3 Advertisements [Advertising Content] DTS/DPF 3.1 Advertisements [Amenity Impacts] DTS/DPF 4.1 Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6 Clearance from Overhead Powerlines DTS/DPF 1.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Advertisements] DTS/DPF 4.1 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1 State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)

All other Code Assessed Development	All	All	All	Any relevant Overlay: All

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Shop	Any of the following: (a) shop with a gross leasable floor area less than 1000m^2 (b) shop that is a restaurant.
Special industry	None specified

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development	Exceptions

(Column A)	(Column B)
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any kind of development where the site of the development is **not** adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) ancillary accommodation (c) co-living (d) community facility (e) dwelling (f) residential flat building (g) student accommodation.	Except development that exceeds the maximum building height specified in Suburban Business Zone DTS/DPF 3.1 or does not satisfy any of the following: 1. Suburban Business Zone DTS/DPF 3.2 2. Suburban Business Zone DTS/DPF 3.3.
4. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop.	Except development that exceeds the maximum building height specified in Suburban Business Zone DTS/DPF 3.1 or does not satisfy any of the following: 1. Suburban Business Zone DTS/DPF 1.2 2. Suburban Business Zone DTS/DPF 3.2 3. Suburban Business Zone DTS/DPF 3.3.
5. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) carport (c) deck (d) fence (e) internal building works (f) land division (g) outbuilding (h) pergola (i) private bushfire shelter (j) replacement building (k) retaining wall (l) shade sail (m) solar photovoltaic panels (roof mounted) (n) swimming pool or spa pool and associated swimming pool safety features (o) temporary accommodation in an area affected by bushfire. (p) tree damaging activity (q) verandah (r) water tank.	None specified.
6. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
7. Railway line.	Except where located outside of a rail corridor or rail reserve.

Placement of Notices - Exemptions for Performance Assessed Development
None specified.

Placement of Notices - Exemptions for Restricted Development
None specified.

Suburban Main Street Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	A mix of land uses including retail, office, commercial, community, civic and medium density residential development that supports the local area.
DO 2	A high degree of pedestrian activity and main street activity with well-lit and visually engaging shop fronts and business displays including alfresco seating and dining facilities.
DO 3	An intimate public realm with active streets created by integrated mixed use buildings.

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Retail, office, entertainment and recreation uses are supplemented by other businesses that provide a range of goods and services to the local community.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Advertisement (b) Child care facility (c) Cinema (d) Co-living (e) Community facility (f) Consulting room (g) Dwelling (h) Health facility (i) Hotel (j) Indoor recreation facility (k) Library (l) Office (m) Place of worship (n) Shop (o) Tourist accommodation.
PO 1.2 Land uses promote movement and activity during daylight and evening hours, including restaurants, educational, community and cultural facilities, and accommodation for visitors and residents.	DTS/DPF 1.2 None are applicable.
PO 1.3 Ground floor uses contribute to an active and vibrant main street.	DTS/DPF 1.3 Shop, office, or consulting room uses are located on the ground floor level of buildings.
PO 1.4 Dwellings developed in conjunction with non-residential uses to support business, entertainment and recreational activities contribute to making the main street precinct and pedestrian thoroughfares pleasant and lively places.	DTS/DPF 1.4 Dwellings developed in conjunction with non-residential uses are sited: (a) at upper levels of buildings with non-residential uses located at ground level or

	(b) behind non-residential uses on the same allotment.
PO 1.5 Tourist accommodation and visitor attractions support the visiting public and holiday makers.	DTS/DPF 1.5 None are applicable.
PO 1.6 Development is sited and designed to achieve or maintain a vibrant and interesting streetscape within retail areas.	DTS/DPF 1.6 Any of the following: (a) shop, other than a bulky goods outlet with a gross leasable floor area more than 500m^2 (b) cinema (c) hotel (d) licensed premises.
PO 1.7 Changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within activity centres.	DTS/DPF 1.7 A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved: (a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m^2 and has direct frontage to an arterial road, it achieves: the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road or the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared (e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except where: (i) the building is a local heritage place or (ii) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Built Form and Character	
PO 2.1 Buildings sensitively frame the main street and public spaces and provide overall visual relief from building height and mass.	DTS/DPF 2.1 Buildings: (a) include a clearly defined podium or street wall with a maximum building height of 1 building level or 4m in height and (b) have levels above the defined podium or street wall setback a minimum of 2m from that wall.
PO 2.2 Buildings preserve the main street appearance by complementing the key shop-front elements such as narrow buildings and tenancy footprints with frequently repeated frontages, and clear-glazed narrow shop front displays above raised display levels (base stall boards) and recessed entries.	DTS/DPF 2.2 None are applicable.
PO 2.3 Pedestrian shelter and shade is provided over footpaths through the use of structures such as awnings, canopies and verandas.	DTS/DPF 2.3 None are applicable.
PO 2.4 Buildings are adaptable and flexible to accommodate a range of land uses, including retail, office and residential without the need for significant change to the building.	DTS/DPF 2.4 Ground floor levels of buildings incorporate a minimum ceiling height of 3.5m.
PO 2.5 Buildings create visual interest, promote an active interface with the main street frontage and maximise passive surveillance.	DTS/DPF 2.5 Not less than 50% of the ground floor primary frontage of buildings is visually permeable, transparent or clear glazed.
PO 2.6 Outbuildings, carports and garages located behind the primary building facing the main street ensure vibrancy and activity along the main street.	DTS/DPF 2.6 None are applicable.
PO 2.7 Development creates an efficient and convenient pedestrian network establishing linkages within the main street and to adjoining zones.	DTS/DPF 2.7 None are applicable.
Building height and setbacks	
PO 3.1 Building height is consistent with the form expressed in any relevant *Maximum Building Height (Levels) Technical and Numeric Variation layer* and the *Maximum Building Height (Metres) Technical and Numeric Variation layer* or is low-to-medium rise, where the height is commensurate with the development site's frontage and depth as well as the main street width, to complement the main street character.	DTS/DPF 3.1 Building height is: (a) no greater than: (i) the following:

Maximum Building Height (Metres)
Maximum building height is 8m
Maximum building height is 9m
Maximum building height is 10m
Maximum building height is 12m
Maximum building height is 14m
Maximum building height is 24.5m
Maximum building height is 28m
Maximum building height is 10.5m
Maximum building height is 20m
Maximum building height is 48m
Maximum building height is 13m
Maximum building height is 17.5m
Maximum building height is 21m

Maximum Building Height (Levels)
Maximum building height is 1 level
Maximum building height is 2 levels
Maximum building height is 3 levels
Maximum building height is 4 levels
Maximum building height is 5 levels
Maximum building height is 6 levels
Maximum building height is 7 levels
Maximum building height is 12 levels

(ii) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)):
A. where the site has a frontage of at least 25m and depth of at least 50m - 4 building levels up to a height of 15m
or
B. in all other cases - 3 building levels up to a height of 12m

and

(b) not less than:

Minimum Building Height (Levels)
Minimum building height is 2 levels

In relation to DTS/DPF 3.1, in instances where:

(a) more than one value is returned is returned in the same field:
(i) for the purpose of DTS/DPF 3.1(a)(i), refer to the *Maximum Building Height (Metres) Technical and Numeric Variation layer or Maximum Building Height (Levels) layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development

	(ii) for the purpose of DTS/DPF 3.1(b) refer to the *Minimum Building Height (Levels) Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development (b) no value is returned for DTS/DPF 3.1(b) (ie there is a blank field), then there is no minimum building height and DTS/DPF 3.1(b) is met.
PO 3.2 Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.	DTS/DPF 3.2 Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes in a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the street boundary): PO 3.3 Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.	DTS/DPF 3.3 Buildings on sites with a southern boundary adjoining an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram (except where this boundary is a street boundary): PO 3.4 Buildings with no setbacks from road boundaries achieve a continuity of street façade to the main street, but with sections of building set back to create outdoor dining areas, visually interesting building entrances and intimate, active spaces.	DTS/DPF 3.4 None are applicable.
PO 3.5 Buildings with no setback from side boundaries achieve a continuity of street façade to the main street.	DTS/DPF 3.5 Except where contrary to DTS/DPF 3.2 or 3.3, building walls located on the site's side boundaries, with the front wall set back in line with neighbouring buildings.
PO 3.6 Buildings that are set back from rear boundaries (other than street boundaries) minimise impacts on neighbouring properties, including access to natural light and ventilation.	DTS/DPF 3.6 Buildings are set back a minimum 3 metres from rear boundaries where the subject land directly abuts an allotment of a different zone, except where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land.
PO 3.7 Buildings are set back from rear access ways to provide adequate manoeuvrability for vehicles.	DTS/DPF 3.7 Buildings are set back from the rear access way have: (a) no requirement where the access way is 6.5m or more wide or (b) where the access way is less than 6.5m wide, the distance equal to the additional width required to make the access way at least 6.5m wide.
PO 3.8 Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.	DTS/DPF 3.8 None are applicable.
Traffic, parking and access	
PO 4.1 Development minimises the need for vehicle crossovers on the main street to reduce conflicts with pedestrians and avoid disruption to the continuity of built form.	DTS/DPF 4.1 None are applicable.
PO 4.2 Vehicle parking is located behind buildings away from the primary main street frontage and is designed to minimise its impacts on residential amenity.	DTS/DPF 4.2 Vehicle parking areas are located behind the building line of the associated building.
Advertisements	
PO 5.1 Advertisements are sited and designed to achieve an overall consistency of appearance along individual street frontages.	DTS/DPF 5.1 None are applicable.
PO 5.2 Freestanding advertisements: (a) identify the associated business(es) (b) are of a size that is commensurate with the scale of the centre and the street frontage (c) avoid visual clutter (d) positively respond to the context without dominating the locality (e) are sited and designed to not detract from the main street character.	DTS/DPF 5.2 Freestanding advertisements: (a) do not exceed 8m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser) and (b) do not have a sign face that exceeds $6m^2$ per side.
Land Division	
PO 6.1	DTS/DPF 6.1

Land division and site amalgamation creates allotments that are suitable for a variety of residential and commercial activities and improve the level of development integration.	None are applicable.
Concept Plans	
PO 7.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.	DTS/DPF 7.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: **Description** Concept Plan 3 - Mount Barker and Littlehampton In relation to DTS/DPF 7.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Consulting room Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved: 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m2 and has direct frontage to an arterial road, it achieves: (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Office Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved: 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m2 and has direct frontage to an arterial road, it achieves: (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Partial demolition of a building or structure Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None
Shade sail Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail does not exceed 40m^2 5. No part of the shade sail will be: (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment, the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary

	9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Shop Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved: 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m2 and has direct frontage to an arterial road, it achieves: (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.
Solar photovoltaic panels (roof mounted) Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
Temporary public service depot Except where any of the following apply: • Hazards (Flooding) Overlay • Local Heritage Place Overlay • Major Urban Transport Routes Overlay • State Heritage Place Overlay • Traffic Generating Development Overlay • Urban Transport Routes Overlay	1. Occupies land for no longer than 3 months 2. Ensures litter and water are contained on site 3. Provides temporary security fencing around the perimeter of the site.
Water tank (above ground) Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m^2 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation.
Water tank (underground) Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay	1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

Class of Development	Deemed-to-Satisfy Development Classification Criteria			
	Zone	General Development Policies	Subzone (applies only in the area affected by the Subzone)	Overlay (applies only in the area affected by the Overlay)
Advertisement Except where any of the following apply: • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4 Advertisements [Proliferation of Advertisements] DTS/DPF 2.3 Advertisements [Advertising Content] DTS/DPF 3.1 Advertisements [Amenity Impacts] DTS/DPF 4.1 Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6 Clearance from Overhead Powerlines DTS/DPF 1.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2	None	Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Advertisements] DTS/DPF 4.1 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1 State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1
Consulting room Except where any of the following apply: • State Heritage Area Overlay • State Heritage Place Overlay	Land Use and Intensity DTS/DPF 1.7	None	None	None
Office Except where any of the following apply: • State Heritage Area Overlay • State Heritage Place Overlay	Land Use and Intensity DTS/DPF 1.7	None	None	None
Replacement building Except where any of the following apply: • Coastal Areas Overlay • Coastal Flooding Overlay • Hazards (Bushfire - High Risk) Overlay • Hazards (Bushfire - Medium Risk) Overlay • Hazards (Flooding - General) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None	None	None	None
Shop Except where any of the following apply:	Land Use and Intensity DTS/DPF 1.7	None	None	None

• State Heritage Area Overlay • State Heritage Place Overlay				
Temporary accommodation in an area affected by bushfire	None	None	None	None

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

Class of Development	Applicable Policies

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

Class of Development	Exclusions
Special industry	None specified

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

Class of Development (Column A)	Exceptions (Column B)
1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.	None specified.
2. Any kind of development where the site of the development is **not** adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building) 2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) child care facility (c) cinema (d) co-living (e) community facility (f) consulting room (g) dwelling located above a non-residential building level (h) indoor recreation facility (i) library (j) office (k) place of worship (l) shop (m) temporary public service depot (n) tourist accommodation.	Except development that exceeds the maximum building height specified in Suburban Main Street Zone DTS/DPF 3.1 or does not satisfy any of the following: 1. Suburban Main Street Zone DTS/DPF 3.2 2. Suburban Main Street Zone DTS/DPF 3.3.
4. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) carport (c) deck (d) fence (e) internal building works (f) land division (g) outbuilding (h) pergola (i) private bushfire shelter (j) recreation area (k) replacement building (l) retaining wall (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) swimming pool or spa pool and associated swimming pool safety features (p) temporary accommodation in an area affected by bushfire (q) tree damaging activity (r) verandah (s) water tank.	None specified.
5. Demolition.	Except any of the following: 1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)

	2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building).
6. Railway line.	Except where located outside of a rail corridor or rail reserve.

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Suburban Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome	
DO 1	Low density housing is consistent with the existing local context and development pattern. Services and community facilities contribute to making the neighbourhood a convenient place to live without compromising residential amenity and character.

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

Performance Outcome	Deemed-to-Satisfy Criteria / Designated Performance Feature
Land Use and Intensity	
PO 1.1 Predominantly low density residential development with complementary non-residential uses compatible with a low density residential character.	DTS/DPF 1.1 Development comprises one or more of the following: (a) Ancillary accommodation (b) Child care facility (c) Co-living (d) Community facility (e) Consulting room (f) Dwelling (g) Educational facility (h) Office (i) Place of Worship (j) Recreation area (k) Shop (l) Supported accommodation.
PO 1.2 Commercial activities improve community access to services are of a scale and type to maintain residential amenity.	DTS/DPF 1.2 A shop, consulting room or office (or any combination thereof) satisfies any one of the following: (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: (i) does not exceed 50m^2 gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes (c) is located more than 500m from an Activity Centre and satisfies one of the following: (i) does not exceed 100m^2 gross leasable floor area (individually or combined, in a single building) where the site does not have a frontage to a State Maintained Road (ii) does not exceed 200m^2 gross leasable floor area (individually or combined, in a single building) where the site has a frontage to a State Maintained Road (d) the development site abuts an Activity Centre and all the following are satisfied: (i) it does not exceed 200m^2 gross leasable floor area (individually or combined, in a single building) (ii) the proposed development will not result in a combined gross leasable floor area (existing and proposed) of all shops, consulting rooms and offices that abut the Activity Centre in this zone exceeding the lesser of the following: A. 50% of the existing gross leasable floor area within the Activity Centre B. 1000m^2.
PO 1.3 Non-residential development located and designed to improve community accessibility to services, primarily in the form of: (a) small-scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational facilities, community centres, places of worship, child care facilities and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities (d) open space and recreation facilities.	DTS/DPF 1.3 None are applicable.
PO 1.4 Expansion of existing community services such as educational facilities, community facilities and child care facilities in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood.	DTS/DPF 1.4 Alteration of or addition to existing educational facilities, community facilities or child care facilities satisfy all of the following: (a) are set back at least 3m from any boundary shared with a residential land use (b) building height not exceeding 1 building level (c) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration (d) off-street vehicular parking exists or will be provided in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number.
PO 1.5 Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.	DTS/DPF 1.5 None are applicable.
Site Dimensions and Land Division	
PO 2.1 Allotments/sites created for residential purposes are of suitable size and dimension and are compatible with the housing pattern consistent to the locality.	DTS/DPF 2.1 Development will not result in more than 1 dwelling on an existing allotment or Allotments/sites for residential purposes accord with the following: (a) site areas (or allotment areas in the case of land division) are not less than the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building):

Minimum Site Area
Minimum site area for a detached dwelling is 300 sqm; semi-detached dwelling is 300 sqm; row dwelling is 200 sqm; group dwelling is 300 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 325 sqm; semi-detached dwelling is 325 sqm
Minimum site area for a detached dwelling is 325 sqm; semi-detached dwelling is 325 sqm; row dwelling is 325 sqm
Minimum site area for a detached dwelling is 350 sqm; semi-detached dwelling is 350 sqm; row dwelling is 350 sqm; group dwelling is 350 sqm; residential flat building is 350 sqm
Minimum site area for a detached dwelling is 350 sqm; semi-detached dwelling is 400 sqm; row dwelling is 400 sqm; group dwelling is 300 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 350 sqm; semi-detached dwelling is 400 sqm; row dwelling is 400 sqm; group dwelling is 400 sqm; residential flat building is 400 sqm
Minimum site area for a detached dwelling is 375 sqm; semi-detached dwelling is 375 sqm; row dwelling is 375 sqm; group dwelling is 375 sqm; residential flat building is 375 sqm
Minimum site area for a detached dwelling is 400 sqm; semi-detached dwelling is 300 sqm; row dwelling is 250 sqm; group dwelling is 300 sqm; residential flat building is 200 sqm
Minimum site area for a detached dwelling is 400 sqm; semi-detached dwelling is 350 sqm; row dwelling is 350 sqm; group dwelling is 350 sqm; residential flat building is 350 sqm

Minimum Site Area
Minimum site area for a detached dwelling is 400 sqm; semi-detached dwelling is 375 sqm; group dwelling is 350 sqm; residential flat building is 350 sqm
Minimum site area for a detached dwelling is 400 sqm; semi-detached dwelling is 400 sqm; row dwelling is 400 sqm
Minimum site area for a detached dwelling is 420 sqm; semi-detached dwelling is 300 sqm
Minimum site area for a detached dwelling is 420 sqm; semi-detached dwelling is 300 sqm; group dwelling is 300 sqm
Minimum site area for a detached dwelling is 420 sqm; semi-detached dwelling is 350 sqm; row dwelling is 280 sqm; group dwelling is 300 sqm; residential flat building is 250 sqm
Minimum site area for a detached dwelling is 420 sqm; semi-detached dwelling is 420 sqm
Minimum site area for a detached dwelling is 425 sqm; semi-detached dwelling is 400 sqm; row dwelling is 400 sqm; group dwelling is 400 sqm; residential flat building is 400 sqm
Minimum site area for a detached dwelling is 440 sqm; semi-detached dwelling is 500 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm
Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 300 sqm; row dwelling is 250 sqm; group dwelling is 300 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 325 sqm; row dwelling is 300 sqm; group dwelling is 450 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 350 sqm; row dwelling is 300 sqm; group dwelling is 400 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 400 sqm; row dwelling is 300 sqm; group dwelling is 300 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 400 sqm; row dwelling is 400 sqm; group dwelling is 300 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 400 sqm; row dwelling is 400 sqm; group dwelling is 400 sqm; residential flat building is 400 sqm
Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 450 sqm; row dwelling is 350 sqm; group dwelling is 450 sqm; residential flat building is 350 sqm
Minimum site area for a detached dwelling is 500 sqm; semi-detached dwelling is 300 sqm
Minimum site area for a detached dwelling is 500 sqm; semi-detached dwelling is 400 sqm; row dwelling is 500 sqm; group dwelling is 350 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 500 sqm; semi-detached dwelling is 425 sqm; row dwelling is 400 sqm; group dwelling is 400 sqm; residential flat building is 400 sqm
Minimum site area for a detached dwelling is 500 sqm; semi-detached dwelling is 450 sqm; row dwelling is 300 sqm; group dwelling is 500 sqm; residential flat building is 300 sqm
Minimum site area for a detached dwelling is 500 sqm; semi-detached dwelling is 500 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm
Minimum site area for a detached dwelling is 550 sqm; semi-detached dwelling is 425 sqm; row dwelling is 425 sqm; group dwelling is 425 sqm; residential flat building is 425 sqm
Minimum site area for a detached dwelling is 550 sqm; semi-detached dwelling is 450 sqm; row dwelling is 450 sqm; group dwelling is 450 sqm; residential flat building is 450 sqm
Minimum site area for a detached dwelling is 550 sqm; semi-detached dwelling is 500 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm
Minimum site area for a detached dwelling is 550 sqm; semi-detached dwelling is 550 sqm; row dwelling is 550 sqm; group dwelling is 550 sqm; residential flat building is 550 sqm
Minimum site area for a detached dwelling is 600 sqm; group dwelling is 600 sqm
Minimum site area for a detached dwelling is 600 sqm; semi-detached dwelling is 450 sqm; group dwelling is 500 sqm
Minimum site area for a detached dwelling is 600 sqm; semi-detached dwelling is 600 sqm; row dwelling is 600 sqm; group dwelling is 600 sqm; residential flat building is 600 sqm
Minimum site area for a detached dwelling is 625 sqm; semi-detached dwelling is 500 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm
Minimum site area for a detached dwelling is 625 sqm; semi-detached dwelling is 600 sqm; row dwelling is 600 sqm; group dwelling is 600 sqm; residential flat building is 600 sqm
Minimum site area for a detached dwelling is 700 sqm; semi-detached dwelling is 400 sqm; group dwelling is 700 sqm
Minimum site area for a detached dwelling is 750 sqm; semi-detached dwelling is 750 sqm; row dwelling is 750 sqm; group dwelling is 750 sqm; residential flat building is 750 sqm
Minimum site area is 1,500 sqm
Minimum site area is 350 sqm
Minimum site area is 400 sqm
Minimum site area is 420 sqm
Minimum site area is 450 sqm
Minimum site area is 500 sqm
Minimum site area is 800 sqm
Minimum site area for a detached dwelling is 300 sqm; semi-detached dwelling is 300 sqm; row dwelling is 250 sqm; group dwelling is 300 sqm; residential flat building is 300 sqm

(b) site frontages (or allotment frontage in the case of land division) are not less than:

Minimum Frontage
Minimum frontage for a detached dwelling is 10m; semi-detached dwelling is 8m; row dwelling is 7m; group dwelling is 15m; residential flat building is 22m
Minimum frontage for a detached dwelling is 10m; semi-detached dwelling is 9m; row dwelling is 7m; group dwelling is 20m; residential flat building is 20m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 10m; group dwelling is 20m; residential flat building is 20m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 10m; row dwelling is 10m; group dwelling is 15m; residential flat building is 15m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 10m; row dwelling is 7m; group dwelling is 15m; residential flat building is 15m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 10m; row dwelling is 7m; group dwelling is 18m; residential flat building is 25m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 10m; row dwelling is 7m; group dwelling is 25m; residential flat building is 25m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 12m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 12m; row dwelling is 12m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 9m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 9m; group dwelling is 18m
Minimum frontage for a detached dwelling is 12m; semi-detached dwelling is 9m; row dwelling is 9m; group dwelling is 14m; residential flat building is 14m
Minimum frontage for a detached dwelling is 14m; semi-detached dwelling is 12m; row dwelling is 8m; group dwelling is 20m; residential flat building is 20m
Minimum frontage for a detached dwelling is 15m; group dwelling is 15m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 10m; row dwelling is 10m; group dwelling is 10m; residential flat building is 10m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 10m; row dwelling is 10m; group dwelling is 15m; residential flat building is 15m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 10m; row dwelling is 10m; group dwelling is 18m; residential flat building is 18m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 12m; group dwelling is 15m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 12m; row dwelling is 12m; group dwelling is 18m; residential flat building is 18m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 12m; row dwelling is 15m; group dwelling is 20m; residential flat building is 15m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 12m; row dwelling is 8m; group dwelling is 12m; residential flat building is 18m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 15m; row dwelling is 15m; group dwelling is 18m; residential flat building is 18m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 9m; row dwelling is 8m; group dwelling is 12m; residential flat building is 18m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 9m; row dwelling is 8m; group dwelling is 20m; residential flat building is 20m
Minimum frontage for a detached dwelling is 15m; semi-detached dwelling is 9m; row dwelling is 9m; group dwelling is 14m; residential flat building is 14m
Minimum frontage for a detached dwelling is 18m; semi-detached dwelling is 18m; row dwelling is 18m; group dwelling is 18m; residential flat building is 18m

	Minimum Frontage Minimum frontage for a detached dwelling is 18m; semi-detached dwelling is 9m; group dwelling is 24m Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 7.5m; row dwelling is 7m; group dwelling is 22m; residential flat building is 22m Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 8m; row dwelling is 7m; group dwelling is 18m; residential flat building is 18m Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m; row dwelling is 15m; group dwelling is 15m Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m; row dwelling is 7m; group dwelling is 15m; residential flat building is 15m Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m; row dwelling is 9m Minimum frontage is 10m Minimum frontage is 12m Minimum frontage is 20m In relation to DTS/DPF 2.1, in instances where: (c) more than one value is returned in the same field, refer to the *Minimum Frontage Technical and Numeric Variation* layer or *Minimum Site Area Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) no value is returned in (a) or (b) (i.e. there is a blank field or the relevant dwelling type is not listed), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.
PO 2.2 Development creating new allotments/sites in conjunction with retention of an existing dwelling ensures the site of the existing dwelling remains fit for purpose.	DTS/DPF 2.2 Where the site of a dwelling does not comprise an entire allotment: (a) the balance of the allotment accords with site area and frontage requirements specified in Suburban Neighbourhood Zone DTS/DPF 2.1 and (b) if there is an existing dwelling on the allotment that will remain on the allotment after completion of the development, it will not contravene: (i) Private open space requirements specified in Design in Urban Areas Table 1 - Private Open Space (ii) Car parking requirements specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number.
Site coverage	
PO 3.1 Building footprints consistent with the character and pattern of a low-density suburban neighbourhood and provide sufficient space around buildings to limit visual impact, provide an attractive outlook and access to light and ventilation.	DTS/DPF 3.1 The development does not result in site coverage exceeding 50%.
Building Height	
PO 4.1 Buildings contribute to a low-rise suburban character and complement the height of nearby buildings.	DTS/DPF 4.1 Building height (excluding garages, carports and outbuildings) is no greater than: (a) the following: **Maximum Building Height (Metres)** Maximum building height is 6m Maximum building height is 8m Maximum building height is 8.5m Maximum building height is 9m Maximum building height is 12m **Maximum Building Height (Levels)** Maximum building height is 1 level Maximum building height is 2 levels Maximum building height is 3 levels (b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 2 building levels up to a height of 9m. In relation to DTS/DPF 4.1, in instances where: (c) more than one value is returned in the same field, refer to the *Maximum Building Height (Levels) Technical and Numeric Variation layer* or *Maximum Building Height (Meters) Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) only one value is returned for DTS/DPF 4.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.
Primary Street Setback	
PO 5.1 Buildings are setback from primary street boundaries consistent with the existing streetscape.	DTS/DPF 5.1 Buildings setback from the primary street boundary in accordance with the following table: **Development Context** / **Minimum setback** There is an existing building on both abutting sites sharing the same street frontage as the site of the proposed building. — The average setback of the existing buildings. There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is not on a corner site. — The setback of the existing building. There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is on a corner site. — (a) Where the existing building shares the same primary street frontage – the setback of the existing building (b) Where the existing building has a different primary street frontage - 8m There is no existing building on either of the abutting sites sharing the same street frontage as the site of the proposed building. — 8m For the purposes of **DTS/DPF 5.1:** (a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback (b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table
Secondary Street Setback	
PO 6.1 Buildings are set back from secondary street boundaries (not being a rear laneway) to maintain a pattern of separation between buildings and public streets and reinforce streetscape character.	DTS/DPF 6.1 Building walls are set back at least 900mm from the boundary of the allotment with the secondary street frontage, or if a building (except for ancillary buildings and structures) on adjoining allotment is closer to the secondary street than 900mm, not less than the distance of that building from the boundary with the secondary street.
Boundary Walls	
PO 7.1 Walls on boundaries are limited in height and length to manage visual and overshadowing impacts on adjoining properties.	DTS/DPF 7.1 Except where the building is a dwelling and is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on one side boundary and satisfy (a) or (b) below: (a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height (b) side boundary walls do not: (i) exceed 3m in wall height (ii) exceed 11.5m in length (iii) when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary (iv) encroach within 3 metres of any other existing or proposed boundary walls on the subject land.
PO 7.2 Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a low density suburban streetscape character.	DTS/DPF 7.2 Dwelling walls in a semi-detached, row or terrace arrangement are setback from side boundaries shared with allotments outside the development site at least the minimum distance identified in DTS/DPF 8.1.
Side Boundary Setback	
PO 8.1	DTS/DPF 8.1

Buildings are set back from side boundaries to provide:

(a) separation between buildings in a way that complements the character of the locality
(b) access to natural light and ventilation for neighbours.

Other than walls located on a side boundary, building walls are set back from side boundaries in accordance with the following:

(a) where the wall height does not exceed 3m - at least 900mm
(b) for a wall that is not south facing and the wall height exceeds 3m - at least 900mm from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings
(c) for a wall that is south facing and the wall height exceeds 3m - at least 1.9m from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings.

Rear Boundary Setback

PO 9.1

Buildings are set back from rear boundaries to provide:

(a) separation between buildings in a way that complements the established character of the locality
(b) access to natural light and ventilation for neighbours
(c) private open space
(d) space for landscaping and vegetation.

DTS/DPF 9.1

Building walls (excluding ancillary buildings and structures) are set back from the rear boundary at least:

(a) if the size of the site is less than 301 square metres—
  (i) 3m in relation to the ground floor of the building
  (ii) 5m in relation to any other building level of the building
(b) if the size of the site is 301 square metres or more—
  (i) 4m in relation to the ground floor of the building
  (ii) 6m in relation to any other building level of the building.

Concept Plans

PO 10.1

Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 10.1

The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

Description
Concept Plan 3 - Mount Barker and Littlehampton
Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints
Concept Plan 87 - Hindmarsh Road
Concept Plan 94 - Old Reynella
Concept Plan 148 - Lockleys
Concept Plan 144 - Old Swanport Road
Concept Plan 145 - Bremer Road
Concept Plan 146 - Commerce Road

In relation to DTS/DPF 10.1, in instances where:

(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 10.1 is met.

Ancillary Buildings and Structures

PO 11.1

Residential ancillary buildings are sited and designed to not detract from the streetscape or appearance of primary residential buildings on the site or neighbouring properties.

DTS/DPF 11.1

Ancillary buildings satisfy (a) to (k), inclusive:

(a) are ancillary to a dwelling erected on the same site
(b) have a floor area not exceeding 60m^2
(c) are not constructed, added to or altered so that any part is situated:
  (i) in front of any part of the building line of the dwelling to which it is ancillary
  or
  (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads
(d) in the case of a garage or carport, the garage or carport:
  (i) is set back at least 5.5m from the boundary of the primary street
  (ii) when facing a primary street or secondary street, has a total door / opening not exceeding:
    A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser
    B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width
(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless
  (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and
  (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary
(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure
(h) have a wall height or post height not exceeding 3m above natural ground level (and not including a gable end)
(i) have a roof height where no part of the roof is more than 5m above the natural ground level
(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour
(k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:
(i) a total area as determined by the following table:

Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)	Minimum percentage of site
<150	10%
150-200	15%
201-450	20%
>450	25%

(ii) the amount of existing soft landscaping prior to the development occurring.

PO 11.2

Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements or result in over-development of the site.

DTS/DPF 11.2

Ancillary buildings and structures do not result in:

(a) less private open space than specified in Design in Urban Areas Table 1 - Private Open Space
(b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas

PO 11.3

Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties.

DTS/DPF 11.3

Non-residential ancillary buildings and structures satisfy (a) to (j), inclusive:

(a) are ancillary and subordinate to an existing non-residential use on the same site
(b) have a floor area not exceeding the following:

Allotment size	Floor area
≤500m^2	60m^2
>500m^2	80m^2

(c) are not constructed, added to or altered so that any part is situated:
  (i) in front of any part of the building line of the main building to which it is ancillary
  or
  (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)
(d) in the case of a garage or carport, the garage or carport:
  (i) is set back at least 5.5m from the boundary of the primary street
(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:
  (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary
  (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary
(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure
(h) have a wall height (or post height) not exceeding 3m (and not including a gable end)
(i) have a roof height where no part of the roof is more than 5m above the natural ground level
(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour.

Advertisements

PO 12.1

Advertisements identify the associated business activity, and do not detract from the residential character of the locality.

DTS/DPF 12.1

Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m2 and mounted flush with a wall or fence.

Table 1 - Accepted Development Classification

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

Class of Development	Accepted Development Classification Criteria
Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.
Brush fence Except where any of the following apply: • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.
Building alterations Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The alteration does not: (a) increase the floor area of the building (b) exceed the existing wall height (c) exceed the existing overall building height (d) alter the roof profile (e) alter an approved privacy screening arrangement or window treatment (f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm.
Building work on railway land Except where any of the following apply: • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 6. It does not involve the construction of a building that exceeds 3 building levels above the regulated surface level where located within the Tunnel Protection Overlay 7. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 8. It does not include storage of materials, equipment or vehicles (whether temporary or permanent) over an area exceeding 100 square metres where located within the Tunnel Protection Overlay 9. It does not include temporary stockpiling of soil, gravel, rock or other natural material over an area exceeding 100 square metres where located within the Tunnel Protection Overlay 10. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Carport Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 40m^2 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end) 7. Building height - does not exceed 5m 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11.5m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 10. Site coverage does not exceed 50%. 11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 30% of the width of the allotment frontage (whichever lesser) 12. The carport is located so that vehicle access: (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road, and will use a driveway that: (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site 13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour 14. Does not involve the clearance of native vegetation 15. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (b) the amount of existing soft landscaping prior to the development occurring 16. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 17. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Outbuilding Except where any of the following apply: • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m^2 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless: (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure 11. Site coverage does not exceed 50% 12. If the outbuilding is a garage – door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser) 13. The garage located so that vehicle access:

	(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road, and will use a driveway that: (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site 14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour 15. Does not involve- (a) excavation exceeding a vertical height of 1m; or (b) filling exceeding a vertical height of 1m, 16. Does not involve the clearance of native vegetation. 17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 18. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (b) the amount of existing soft landscaping prior to the development occurring 19. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Partial demolition of a building or structure Except where any of the following apply: • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	None
Private bushfire shelter Except where any of the following apply: • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) 6. Does not involve the clearance of native vegetation 7. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 8. It does not include storage of materials, equipment or vehicles (whether temporary or permanent) over an area exceeding 100 square metres where located within the Tunnel Protection Overlay 9. It does not include temporary stockpiling of soil, gravel, rock or other natural material over an area exceeding 100 square metres where located within the Tunnel Protection Overlay 10. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Shade sail Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed $40m^2$ 5. No part of the shade sail will be: (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11.5m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20% >450 / 25% (b) the amount of existing soft landscaping prior to the development occurring 12. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay 13. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay.
Solar photovoltaic panels (roof mounted) Except where any of the following apply: • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.
Swimming pool or spa pool and associated swimming pool safety features Except where any of the following apply: • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay	1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted; 4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature). 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary 6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment: (a) not less than 5m where the filtration system is located inside a solid acoustic structure; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: (a) a total area as determined by the following table: **Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m^2)** / **Minimum percentage of site** <150 / 10% 150-200 / 15% 201-450 / 20%
