

# North-South Corridor Northern Connector Project

Community Update – December 2016

Artists impression of the Northern Connector at the Southern Interchange

## >>Project Overview

The Northern Connector Project will involve the construction of a new six lane 15.5 kilometre motorway to the west of Port Wakefield Road, providing a vital freight and commuter link between the Northern Expressway and the South Road Superway, and the Port River Expressway.

The Project will construct four interchanges at the Northern Expressway, Waterloo Corner Road, Bolivar Road and the South Road Superway to allow access on and off the non-stop corridor, as well as a shared use path adjacent the Northern Connector, and connecting into the Stuart O'Grady bike path.

## >>Jobs for Northern Adelaide

Lendlease has been awarded the contract for the design and construction of the Northern Connector Project. They plan to set a new benchmark for local industry participation and employment for public infrastructure projects in South Australia.

In delivering the project, Lendlease have committed to ensuring at least half of the 480 jobs a year on average will be awarded to northern suburbs workers, as well as 90 percent of all on site labour hours to be undertaken by South Australians.

## Register for Project Updates

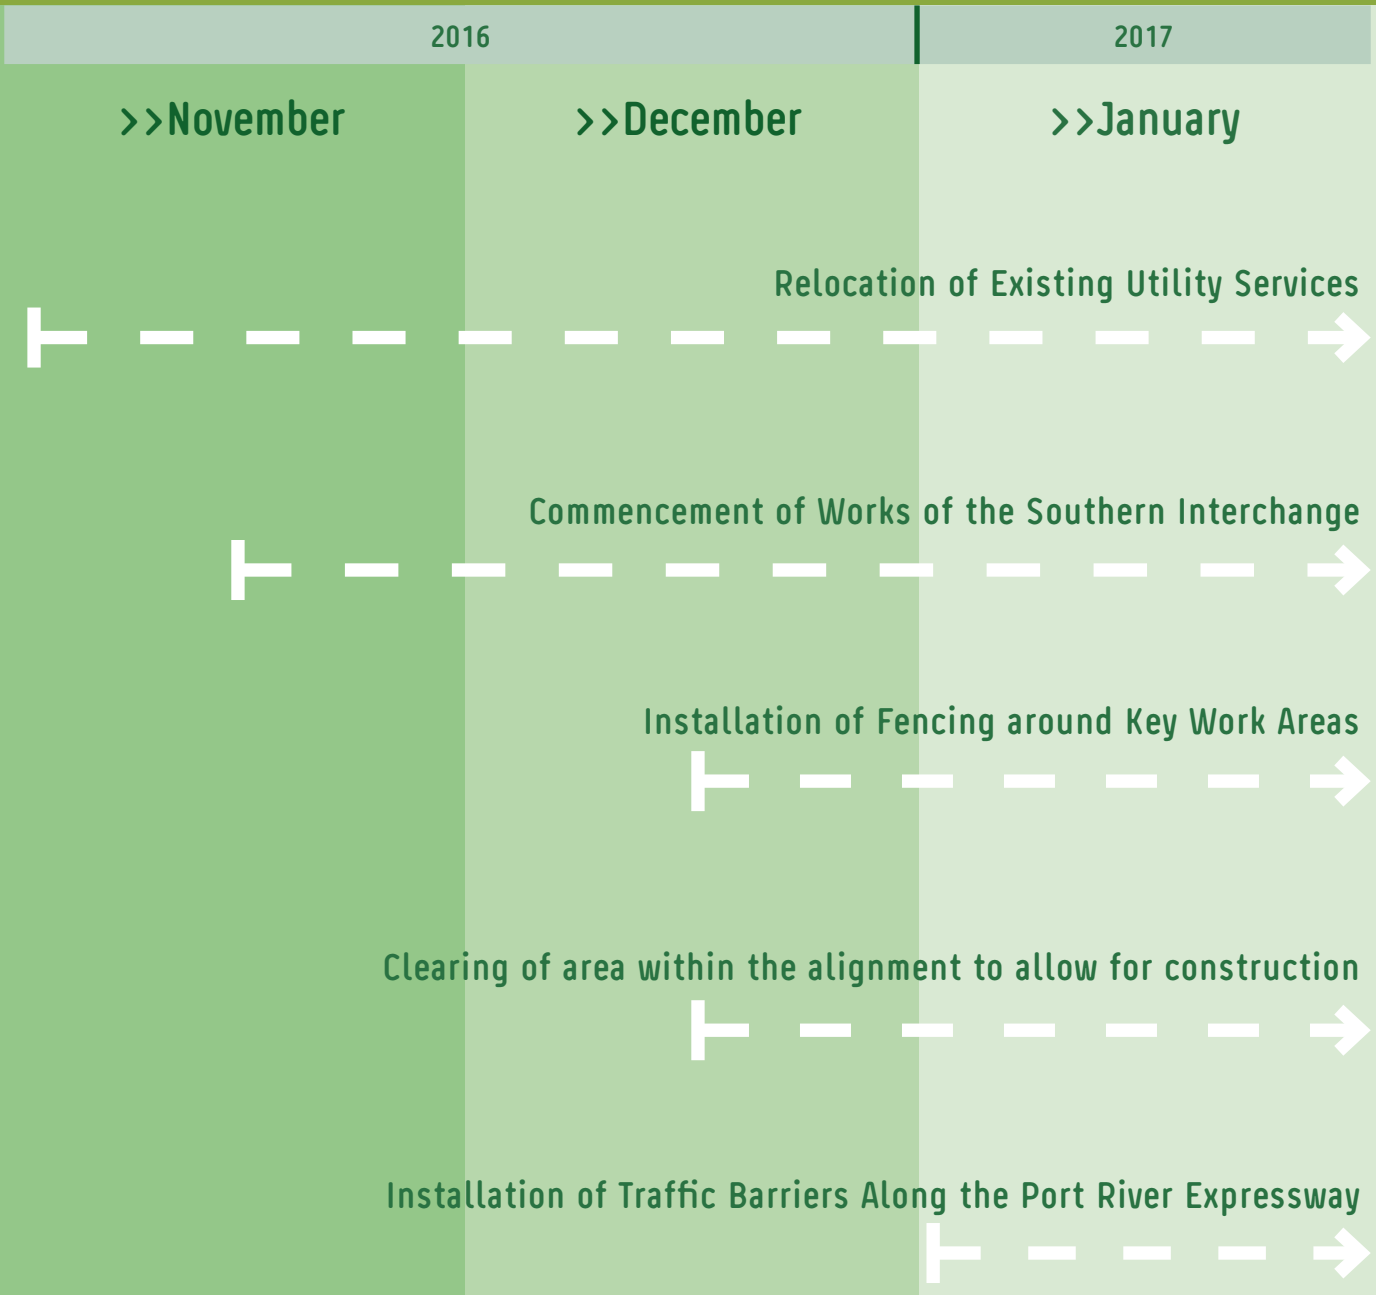

>> **Contact the Project Team if you would like to receive updates straight to your inbox.**

Contact details are on the back page of this newsletter.

>> **See page six for more information about industry and employment opportunities** on the Northern Connector Project.

“The Northern Connector Project involves the construction of a new six lane 15.5 kilometre motorway to the west of Port Wakefield Road.”

## >>Project Milestones

### FOR YOUR INFO...

While these works are taking place, you might notice crews working along sections of the road.

To ensure the safety of the public and our crews, localised traffic management will be required at times, and advanced notification will be provided prior to any significant changes.

Residents will be advised of any works that will affect their property, including access or service disruptions.

Works will mainly occur during the day.

If night works are required to avoid significant traffic delays or where larger service interruptions are required, residents will be notified in advance.

Northern Connector Project  
Employment and Training Connections

**ALL JOBS ON THE NORTHERN CONNECTOR PROJECT WILL BE AVAILABLE THROUGH NORTHHUB**  
[NorthHub.sa.gov.au](http://NorthHub.sa.gov.au)

## NorthHub Centre for Employment

The NorthHub employment and training centre was officially opened on Tuesday 4 October 2016 by the Australian and South Australian Governments.

NorthHub was established by Lendlease for connecting jobseekers with employment opportunities on the Northern Connector Project. It is a one-stop shop for vocational education and training, and service providers to meet with industry partners, subcontractors and workers. NorthHub is located at the Site Office at Waterloo Corner, to keep job seekers connected with the project.

To find out more about how to get a job on the Northern Connector Project, contact the NorthHub Team. Contact details are overleaf.

## Tendering for Work on the Northern Connector Project

All packages of work for the Northern Connector Project with Lendlease will be listed on the Industry Capability Network (ICN) Gateway. Industry Partners will release their own packages of work directly to the market. Lendlease will provide details of registered businesses from the ICN Gateway to all of the Industry Partners for their consideration.

For more information about tendering for work on the Northern Connector, visit the ICN Gateway or email [procurementncp@lendlease.com](mailto:procurementncp@lendlease.com).

# EMPLOYMENT

ON AVERAGE

**480** FULL-TIME EQUIVALENT JOBS EACH YEAR DURING CONSTRUCTION

AT LEAST

**90%** OF ALL ON-SITE LABOUR HOURS BY SOUTH AUSTRALIANS

AT LEAST

**50%** OF ALL JOBS FILLED BY NORTHERN SUBURBS WORKERS

**THE NORTHERN CONNECTOR PROJECT MAXIMISES THE USE OF AUSTRALIAN AND SOUTH AUSTRALIAN STEEL WITH APPROXIMATELY 6,500 TONNES OF BILLET FROM THE WHYALLA STEEL WORKS**

## PROJECT LENGTH

**SUPERWAY**  
  
**15.5km**  
**3 LANES**  
**IN EACH**  
**DIRECTION**

  
**16km**  
**PATH**  
**FOR CYCLISTS**  
**AND PEDESTRIANS**

 **4 ROAD INTERCHANGES**

- > NORTHERN INTERCHANGE AT THE NORTHERN EXPRESSWAY
- > WATERLOO CORNER INTERCHANGE
- > BOLIVAR INTERCHANGE
- > SOUTHERN INTERCHANGE AT THE SOUTH ROAD SUPERWAY
