

Gawler Rail Electrification Project

Kings Road level crossing temporary closure

As part of the Gawler Rail Electrification Project, the Kings Road level crossing will be temporarily closed for signalling works to allow for future rail maintenance.

Location: the works will be undertaken within the rail corridor, with the **Kings Road level crossing closed** (refer to map overleaf).

When: works will be undertaken continuously from Friday, 16 April 11pm to 11am Saturday, 17 April, 2021.

Traffic management and detours: the level crossing will be closed to all traffic when works are occurring. Detours will be in place directing motorists to alternative crossing points via Salisbury Highway and Cross Keys Road. Speed restrictions will also apply. Please observe signage, speed restrictions and traffic controllers.

Access to residential properties and businesses will be maintained at all times.

Pedestrians will be assisted to cross by staff on site (if safe to do so) or directed to the nearest safe crossing point.

Please plan ahead, allow extra travel time and take care when travelling through the area.

BUILDING OUR FUTURE

Government
of South Australia

**BUILDING
WHAT MATTERS**

What you can expect: Works will involve crews making changes to the signalling system at the level crossing, with site vehicles and temporary lighting operating in the area. Every effort will be made to minimise disruption to residents, local businesses and Adelaide Metro customers during these works as much as practicably possible.

Further works may be required in this location in the coming weeks, as track maintenance works are often required to be undertaken in a staged sequence, needing access to the same location more than once.
