

Yorktown Road and Adams Road Roundabout

Site investigation night works

The Department for Infrastructure and Transport (the Department) is working to improve safety and reduce waiting times for motorists turning right out of Adams Road onto Yorktown Road. This forms part of the State Government's election commitment to upgrade, or investigate potential upgrades, in the northern suburbs to improve safety, access and make travel easier for all users.

Thank you to everyone who took the time to provide feedback on the proposed concept design for the Yorktown Road and Adams Road Roundabout. This feedback will help inform the final design which will be released in the coming months.

Further site investigations and survey works are now required to develop a further understanding of the existing road conditions. This will also help to inform the final design.

What to expect

To minimise impacts to road users these investigation works will be undertaken at night between **8pm and 5am, on Thursday, 19 October and Friday 20 October 2023** (weather permitting).

To safely undertake these works speed and lane restrictions will be in place on Yorktown Road and Adams Road. Please follow the directions of on-site traffic controllers and observe traffic signage when travelling through the area. Outside of work hours, speed and lane restrictions will be removed.

Pedestrians and cyclists are advised to take care when travelling throughout the area. For safety reasons there may be some restricted access. When required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours. Every effort will be made to minimise impacts to the community.

Access to properties will be maintained and every effort will be made to minimise impacts to surrounding roads and properties.

Further information

For more information on the project, or to register for project updates, please call 1300 794 880, email DIT.Engagement@sa.gov.au or visit www.dit.sa.gov.au/northroadupgrades
