

Anzac Highway Median Irrigation Replacement

Works notice

Upgrading irrigation system on Anzac Highway to maintain a green, visually appealing corridor.

The project is jointly funded by the Australian and South Australian Governments.

What's happening

We are upgrading the irrigation system in central medians on Anzac Highway between Everard Ave and Richmond Road, Keswick and between Morphett Road and Jeanie Street, Camden Park.

This upgrade will deliver a low maintenance irrigation system that will provide a reliable and efficient water supply to support healthy, well-maintained landscaping year-round.

Works include:

- replacing irrigation within the identified locations
- installation of new turf within the identified locations
- applying protective treatments to the two existing Anzac monuments within the project areas.

To minimise traffic impacts, a significant portion of these works will be undertaken at night and outside peak hours.

How this affects you

To undertake these works safely, there will be changes to existing traffic conditions. During work hours, speed and lane restrictions will be in place throughout the work area. Please follow onsite traffic signage and the directions of traffic controllers.

Some noise disturbance can be expected at times while these works are completed, work will be managed to minimise disturbance as much as practically possible.

Access to properties and businesses will also be maintained, with advance notice given if temporary restrictions are required. We thank you for your patience and understanding while we complete these important works.

When

Monday 31 August to December 2026, weather permitting

Hours of work

Day works:

Monday to Friday
10am to 3pm

Night works:

Sunday to Friday
8pm to 5am

Where

Anzac Highway:

Between Morphett Road and Jeanie Street, Camden Park

Between Everard Ave and Richmond Road, Keswick
