Dear Minister

Road Infrastructure in Light

The State Labor Government announced funding of \$55 million for the Gawler East Link Road in the 2015/16 State Budget. In last year's budget review, the Government committed to funding upgrades to the intersections of Main North/Tulloch Roads and Main North/Dalkeith Roads.

Gawler East Link Road (the Road)

The Department of Planning, Transport and Infrastructure website outlines a timeline for the construction of the Road.

The timeline notes the period of March – August as the 'Design Development' phase. Late last year, I met with senior DPTI managers to discuss a number of design issues, which I believe to be critical to the success of the road.

Could you please ensure that the following elements are taken into consideration during the design phase:

1. The intersection of Potts Road and Coleman Parade requires the construction of a roundabout. The reasons for this include:
 - a. Coleman Parade is heavily used at the start and end of the school day for traffic to Gawler and District College and Trinity College; and
 - b. Many of the motorist who use the intersection are elderly, with a retirement village and a residential care facility located on Coleman Parade.
2. That the height of the sound barrier between the Gawler East Link Road and the Vines Residential Village be increased to ensure that there is no increase in noise levels for those residents.
3. That the amenities on Potts Road are improved to ensure that the street appeal of the homes along the road are not negatively impacted.

Stay connected with Tony

4. The speed limit on the Gawler - One Tree Hill Road needs to be reduced to 50 kph south of the roundabout with Road to beyond Filsell Terrace. Filsell Terrace is the entrance to the Woodvale Estate. Australia Post does not currently provide a delivery service into that estate due to the 80kph speed environment at the entry and exit of the estate.

Tulloch Road Intersection

Following a strong campaign by the Gawler community, the State Labor Government committed to the construction of a signalised intersection at the intersection of Tulloch and Main North Road, Evanston.

At the time, I was advised that works would commence in the first half of 2018. Could you please confirm when works are scheduled to commence on the construction of this intersection upgrade.

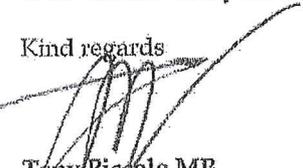

Dalkeith Road Intersection

Similarly following strong advocacy work by the local Dalkeith CFS brigade, the State Labor Government committed to upgrading the intersection of Main North and Dalkeith Road, Kudla.

I was advised that works were due commence in the first half of 2018. Could you please advise when works are scheduled to commence on the construction of this intersection upgrade.

If you would like to discuss this matter further or for any other enquiry please do not hesitate to contact me or my office on 8522 2878 or via email at light@parliament.sa.gov.au.

Dear 

Thank you for your email dated 27 March 2018, regarding the Gawler East Link Road.

I am advised by the Department of Planning, Transport and Infrastructure (DPTI) that an extension to Tiver Road is not included within the scope of the Project. However, design refinements are currently being considered for the proposed roundabout at the junction of the Gawler East Link Road with Potts Road, to maintain the potential of the Town of Gawler's long term strategic objective to extend the link road to Tiver Road.

Whilst I support the Tiver Road extension this will need to be considered in the future, in conjunction with other funding priorities.

DPTI has further advised that the contract to build the project has now been awarded. If you have any further enquiries or would like to register your interest in the project, please contact the project team by telephone on 1300 282 939 or via email at dpti.gawlereastlinkroadproject@sa.gov.au.

Members of the community can also register to receive project information and updates via the online feedback form. To access the form and to check for the latest news and publications for the project, I encourage you to visit www.infrastructure.sa.gov.au/road_projects/gawler_east_link_road.

I trust this information is of assistance.

Hello Stephan,

First of all, sincere congratulations on being re-elected as the Barossa's local member, on the Liberals winning government AND on your appointment as a Minister.... wonderful!

During the election campaign you were very strongly of the view that the GELR should connect to Tiver Road rather than come down Potts Road and add to the traffic congestion at the notorious Potts, MNR and Tulloch Rd intersections. I hold an identical view!

Now that the Liberals are in Government and that you are the relevant minister, AND given that the GELR is still in the design phase, is the Tiver Road connection a real possibility?

Kind regards,

[REDACTED]
