

Torrens to Darlington

Early Works

The Torrens to Darlington (T2D) Project is the final 10.5 km section of South Australia's world-class multi-billion dollar North-South Corridor. In the coming weeks SA Power Networks will be undertaking various works in Clovelly Park and Tonsley.

Location and timing

We will be carrying out works along:

- English Avenue, Celtic Avenue, and York Avenue, Clovelly Park
- Drury Terrace and Selgar Avenue, Tonsley.

Works are expected to commence from **Monday, 23 August** for approximately **four (4) months** and will be carried out between **7am** and **5pm**.

SA Power Networks will advise of any interruptions to services during these works. Every effort will be made to minimise disruption as much as practically possible.

Traffic restrictions

- These works will be undertaken with minimal impacts to traffic.
- Some short term footpath closures will be required to complete the work. Pedestrians and road users are advised to take care when travelling through the area.

What to expect

During works you may notice vegetation trimming, overhead powerline replacement, underground boring, and traffic management personnel and equipment within the area. Some disturbances can be expected such as noise, dust and vibration.

Keeping you informed

If you have any questions or concerns and would like to speak to a member of our project team, please don't hesitate to contact us on 1300 951 145 or northsouthcorridor@sa.gov.au
