

Tram Grade Separation Projects Morphett Road Level Crossing Removal

Upcoming works

Australian Government

Government of South Australia

Department for Infrastructure
and Transport

The Australian and South Australian governments have committed funding towards a planning study to investigate the removal of the level crossing where the Glenelg tram line crosses Morphett Road, Morphettville. These works form part of the Tram Grade Separation Projects.

To help inform our planning, further works are continuing, on and around Morphett Road and Anzac Highway (see map overleaf) **from Monday 15 to Friday 19 January 2024**. These investigations will provide an understanding of the sewer conditions that will assist with the planning study.

What's happening:

Night works will be undertaken on the corner of Morphett Road and Anzac Highway **between the hours of 8pm and 6am, from Monday 15 January to Wednesday 17 January 2024**, weather permitting.

Day works will be undertaken along sections of the Mike Turtur Bikeway and Maxwell Terrace **between 9am to 4pm, from Monday 15 to Friday 19 January 2024**, weather permitting.

How this affects you:

The roads and pedestrian/cyclist access will remain open to traffic. Speed and lane restrictions will be in place in the vicinity of the works along the road. Please take extra care when workers are on site and observe speed limits, lane restrictions and traffic controllers when travelling through the area. There will be no significant noise impacts.

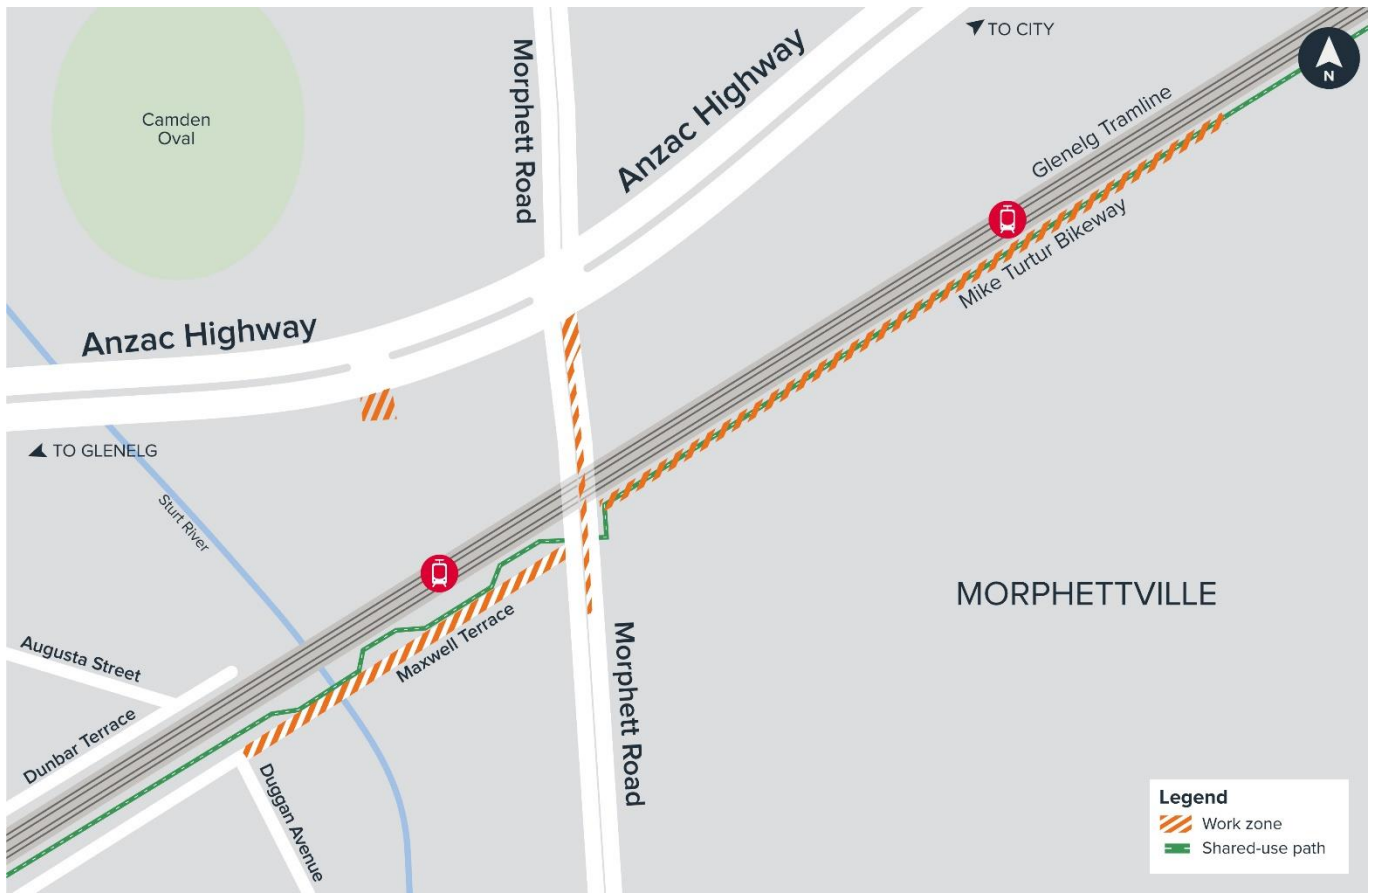

We appreciate your cooperation whilst these important works are undertaken.
