

# Marion Road and Sir Donald Bradman Drive Intersection Upgrade Project

## Early works

The Australian and South Australian governments have committed \$85 million (50:50) towards an upgrade of the intersection of Marion Road and Sir Donald Bradman Drive, Brooklyn Park.

### What's happening:

Early works are continuing, with underground service relocation works for APA Group (gas) now required to facilitate the intersection upgrade.

Works in and around the local streets will occur during the day, with works on main roads mostly occurring at night to minimise disruption to traffic:

- **Day works** will occur along Sir Donald Bradman Drive and Spencer Street (Zone A, see map overleaf)
- **Night works** will occur along Marion Road (Zone B, see map overleaf).

### How this affects you:

**Marion Road and Sir Donald Bradman Drive intersection will remain open to traffic at all times.** To keep everyone safe, speed and lane restrictions will be required in the vicinity of the works, as well as some short-term local road closures and detours. Please take care when travelling through the area and follow the direction of onsite traffic controllers and signage.

Access to properties will be maintained throughout the works however we will contact you if short term access impacts are unavoidable.

If services are to be temporarily disrupted, APA Group will notify residents and businesses directly.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access with signage in place to direct to alternative routes.

During these works some noise disturbance can be expected at times, but we will do our best to minimise noise where practically possible.

#### When

Tuesday 4 June to late June 2024, weather permitting

#### Hours / Where

##### Marion Road

Night works Tuesday to Friday 8pm – 5am

##### Sir Donald Bradman Drive / Spencer Street

Day works Monday to Friday 9am – 4pm

See map overleaf.
