

Tram Grade Separation Projects

Morphett Road Level Crossing Removal

Service Relocations

We're raising the tram line over Morphett Road to get traffic moving

As part of the Tram Grade Separation Projects (TGSP), we are removing the level crossing at Morphett Road, Morphettville. This \$200 million level crossing removal project is jointly funded (50:50) by the Australian and South Australian governments.

What's happening

Service relocation works on Morphett Road and Maxwell Terrace are currently underway. To minimise impacts to traffic and trams, working hours will continue to be a combination of day and night works.

To keep everyone safe, access from Maxwell Terrace onto Morphett Road will be closed during the day from Thursday 3 October for approximately 2 weeks. A detour will in place during this time.

How this affects you

During this time, access from Maxwell Terrace onto Morphett Road will be detoured via Francis Avenue and Beadnall Terrace. Please see detour map overleaf.

Access from Morphett Road onto Maxwell Terrace will be maintained at all times.

At night access to and from Maxwell Terrace will be fully open, however some on-street parking may be temporarily impacted, please see onsite signage.

If night works are required during this period and are in close proximity to your property, we will contact you directly in advance.

When

Thursday 3 October for approximately 2 weeks weather permitting

Typical work hours

Day works

Monday to Saturday
7am to 6pm

Night works-intermittent

Sunday to Friday
7pm to 6am

Where

Maxwell Terrace between Morphett Road and Sturt River

Pedestrians and cyclists will be able to access Morphett Road from Maxwell Terrace including along the Mike Turtur Bikeway. Please take care when travelling through the area. For safety reasons there may be some restricted access. Signage will be in place to show where to go.

Access to Tram Stop 12 (Morphett Road), will be maintained at all times with no impacts to tram services.

Please follow traffic management directions and onsite signage. During these works there may be some noise disruptions, however we will minimise noise where possible.

This package of service relocation works will continue in the area until late October 2024, weather permitting. Advance notification of further relocation works will be provided.

The Tram Grade Separation Projects Alliance appreciates your understanding and patience while these important works are undertaken.
