

Regional Bridges Upgrade Project

Sturt Highway Bridges: Paringa Causeway 3 & 4

Dear Resident/Business Owner

The Department of Planning, Transport and Infrastructure (DPTI) is upgrading a number of regional bridges in the Kingston and Renmark-Paringa districts.

The \$40 million Australian Government and State Government funded Regional Bridges Upgrade Program will improve road safety and increase freight efficiency across South Australia's regional road network.

Works are currently underway on the Bookmark Creek, Salt Creek, Kingston and Paringa Causeway 1 & 2 bridges.

Works on **Paringa Causeway Bridges 3 & 4** are scheduled to commence on Tuesday, **19 March**, and are **expected to be completed by late July**, weather permitting, and will include:

- Installation of new guard rails and bridge barriers
- Widening of road pavement across bridges

Works will be undertaken from **7am to 5pm, Monday to Saturday** each week until the completion of the Project.

The bridges will remain open to traffic for the duration of the works. However, traffic management and speed restrictions will be in place. Road users are advised to follow the direction of traffic management staff and observe signage.

Access to properties will be maintained at all times throughout the works and every effort will be made to minimise impacts to surrounding properties and road users wherever possible.

DPTI appreciates your patience and cooperation whilst these important works are undertaken.

For further information: If you have any questions and would like to speak to a member of the project team, please call 1300 282 933 or email dpti.regionalbridges@sa.gov.au

Yours sincerely
