

Background

1

After development approval is granted, during the construction of the building or building works mandatory building notifications are submitted at the commencement and/or completion of a milestone, such as;

- Commencement of building works
- Completion of steel reinforcement
- Completion of wall and roof timber or steel framing
- Completion of building work

The *Decision Notification Form (DNF)* issued on granting development approval lists the mandatory building notifications and the timeframe to submit.

REQUIRED NOTIFICATIONS

You are advised that notice and/or documentation must be provided to council when the following stages of building work are reached (regulation 93):

Building work Ground floor fit out

- Commencement of building work (1 business day's notice)
- Commencement of installation of designated building product (1 business day's notice)
- Commencement of Provision of a completed checklist in relation to the installation of a designated building product
- Commencement of framing (2 business days' notice)
- Completion of framing (2 business days' notice)
- Completion of building work (1 business day's notice)
- Statement of Compliance or other documents required to be provided at the completion of building work

Receive a building notification

When a building notification has been submitted the organisations group mailbox or the 'allocated assessor's' inbox will receive an email advising a building notification submitted.

1. Click on the **Building Notifications** tab.

Development application processing

Submit mandatory building notification | Submit building rectification notification | Inspections | Reporting

Update the Date of Activity for a building notification

The 'date of activity' for a submitted building notification can be changed in situations when the licensed building contractor or owner builder has submitted the building notification with an incorrect 'date of activity' or the date has changed after submitting the building notification.

An update to the 'Date of Activity' will notify the applicant by email or letter when their preferred communication method is 'post'.

1. Click on the ID of the application to view the development application details.

Record building notification to be inspected or not

There are two (2) options to indicate if an inspection is required or not. When 'Yes' chosen an 'inspection' record is automatically created and available from the **Inspections** feature.

Option 1: Action from the Building Notification Record

On making the decision to inspect or not, the building notification record is no longer displayed within the Building Notifications table. To view the building notification, refer to Option 2 for instructions.

1. Choose **Yes** or **No** to inspect (as shown below).
2. The building notification changes to 'bold' text.

COMPLETED (18) **BUILDING NOTIFICATIONS (2)** RECTIFICATION NOTIFICATIONS (0)

[? Help for this section](#)

Notification	Date of Activity ↓	Comment	To Be Inspected?
Commencement of building work	24 Jun 2022		Yes No

3. Scroll down the page until the **Decision Comment** is visible, and then type a comment detailing why the notification was not inspected or inspected (as required).

The decision comment can be viewed from the **Building Notification** or the **Inspections** dashboard for 'pending' inspections.

4. Click **SUBMIT** to complete the inspection decision.
