

# Grand Junction, Hampstead and Briens Road Intersection Upgrade

## Night Works Notification

The Department for Infrastructure and Transport (the Department) is upgrading the intersection of Grand Junction Road, Hampstead Road and Briens Road to improve travel times, connectivity, capacity and safety for all users. The \$19 million project is jointly funded (50:50) by the South Australian and Australian governments.

Part of the upgrade involves trenching and service investigations and relocation works. While the majority of works are being undertaken during the day, some night works will be required to ensure the works can be undertaken safely and efficiently.

**Night works will be undertaken from Wednesday, 12 May 2021, and continue until the end of May 2021, weather permitting. These works will be undertaken intermittently and will move to various locations during this period.**

Hours of works are **between 7pm and 6am Monday to Sunday**. A respite night, where no works are undertaken, will be provided each week throughout these works.

Night works will include:

- Service investigations and potholing across Briens Road and Hampstead Road near the intersection.
- Service investigations and potholing eastbound on Grand Junction Road including trenching across Briens Road.
- Trenching and service relocations across the intersection of Grand Junction Road and Wicklow Street on **Monday, 17 May 2021 and Tuesday, 18 May 2021**.

Some noise disturbance can be expected at times while these works are completed, however, the work will be managed to minimise disturbances to nearby residents and businesses as much as practically possible.

Access to properties will be maintained during these works.

To safely undertake these works, speed and lane restrictions will be in place during these works. The intersection will remain open to traffic at all times.

Please plan ahead and allow extra travel time, take extra care when workers are on site, and observe speed and lane restrictions and signage when travelling through the area.

WHAT MATTERS**

Pedestrians and cyclists are advised to take care when travelling through the area. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

Public transport services will remain operational however, bus stops may require temporary relocation. Advance notice of any temporary changes will be provided at the bus stops and on the Adelaide Metro website [www.adelaidemetro.com.au](http://www.adelaidemetro.com.au).

Further night works will be required during construction. Advance notice of the night works will be provided as works progress.

The Department appreciates your patience and cooperation whilst these important works are undertaken.

## Further information

To find out more about the project or register for future updates, please contact the project team at the following:

- visit: [www.dit.sa.gov.au/hampstead](http://www.dit.sa.gov.au/hampstead)
