

Since we released the Reference Design in late November, we've had more than **45,000 visits** to the T2D website and over **300 responses** to our online survey. We want to hear from you, so we're extending the feedback period to mid-January 2022 to give people a chance to have their say.

So far, we've heard the following are important to the community:

- Road access and traffic management, especially from local streets to and around South Road
- Compulsory acquisition of properties and timings
- Design of the motorway, including its footprint and alignment
- The timing and possible effects of construction
- The impact of the project on the local environment, heritage sites and community facilities
- Urban design, greening and landscaping, and opportunities for community involvement.

To provide feedback and complete the online survey, please select the button below:

WORKS

In early January 2022 we'll be carrying out work on the underside of Tonsley Bridge, South Road, between Tonsley and St Marys, to support a new gas main across South Road. Works are expected to commence **Wednesday 5 January**

2022 and continue for approximately one week, *weather permitting*. Works will be carried out nightly between **8pm and 7am, Monday to Friday**. We're working at night to minimise impacts on traffic and to ensure the safety of our workers.

If you have any questions about works in your area and/or would like to speak to a member of our project team, please don't hesitate to contact us on 1300 951 145 or T2D@sa.gov.au You can also visit the 'current works' page on the T2D website for any updates on local works in your area
