

# South Eastern Freeway Upgrade Project

## Works Update – Extra Nights for Heysen Tunnels Temporary Closures

Due to inclement weather, we will require some additional nights to complete the installation of the new Intelligent Transport Systems (ITS) overhead gantries.

### What's happening:

In addition to the current Heysen Tunnels night works, further night works are required to install six new overhead gantries over the roadway. These will assist in advising road users of traffic conditions ahead.

The gantries are being craned into position during the night when traffic volumes are lower.

For traffic impacts please visit [here](#).
