What's happening:

Site investigation works, including geotechnical drilling and surveys, will be undertaken at the Onkaparinga Valley Road, Nairne Road and Junction Road intersection. These investigations will help inform the detailed design of the intersection.

How this affects you:

To do this work safely, there will be speed and lane restrictions in and around the intersection. Please plan your trips, be cautious around workers, and follow the speed limits and signage.

Access to businesses and surrounding properties will be maintained throughout the works, and we will ensure every effort is made to minimise impacts to surrounding properties as practically possible.

Minor noise disturbances can be expected while works are being undertaken, but we will minimise any disturbance to residents as much as practically possible.
