

# Freight Highway Upgrade Program

## Augusta Highway – works notice

### We are improving the safety and reliability of national freight routes

The Australian and South Australian governments have committed \$500 million (80:20) over 10 years to improve the safety and reliability of national freight routes.

This includes the upgrade of Stuart Highway, Augusta Highway, and Dukes Highway.

### What's happening

We are undertaking road resurfacing works across approximately 5km of Augusta Highway, south of Merriton.

The improvement works will enhance existing road surface and increase safety for all users.

### How this affects you

To safely undertake these works, there will be changes to existing traffic conditions. During work hours speed and lane restrictions will be in place throughout the area. Please follow onsite traffic signage and the directions of traffic controllers.

Outside of work hours, speed restrictions will remain in place as needed until all works are complete in late March 2025.

We thank you for your patience and understanding while we complete these important works.

#### When

Wednesday 12 March until late March 2025

#### Hours of work

Monday to Saturday  
6:30am to 5:30pm

#### Where

Augusta Highway, south of Merriton
