

Salt Creek Heavy Vehicle Rest Area

Works notice

We are improving road safety for all road users and helping heavy vehicle drivers manage fatigue

We are delivering a new heavy vehicle rest area at Salt Creek along the Princes Highway. This upgrade will improve road safety and help heavy vehicle drivers manage fatigue. The \$3.8 million project is jointly funded by the Australian (80%) and South Australian (20%) governments.

What's happening

We are constructing a new eastbound heavy vehicle rest area on the Princes Highway, near Salt Creek. Please see map overleaf for more information. The Salt Creek Heavy Vehicle Rest Area will include:

- construction of five heavy vehicle parking bays within the new rest area
- installation of a unisex toilet block
- installation of a metal shade structure

How this affects you

To safely undertake these works, there will be changes to traffic conditions throughout the area.

Speed and lane restrictions will be in place on Princes Highway throughout the work area for the duration of works. Outside of working hours speed restrictions will remain in place until all works, including line marking, are complete in late 2025.

Please plan your trips, observe signage and follow the direction of onsite traffic controllers while works are underway.

We thank you for your patience and understanding while we deliver this critical rest area.

When

Monday 4 August 2025 until December 2025, weather permitting

Hours of work

Between 7am and 6pm
Monday to Friday

Where

Princes Highway, Salt Creek
