Scenic Quality Overlay [Landscaping]
PO 3.1

Scenic Quality Overlay [Earthworks]
PO 4.1

Significant Interface Management Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Built Form and Character]
PO 2.1, PO 2.2

Significant Landscape Protection Overlay [Landscaping]
PO 3.1

Significant Landscape Protection Overlay [Earthworks]
PO 4.1

State Heritage Area Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5

State Heritage Area Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Area Overlay [Conservation Works]
PO 7.1

State Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

State Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Place Overlay [Conservation Works]
PO 7.1

State Significant Native Vegetation Areas Overlay [Environmental Protection]
PO 1.1

Stormwater Management Overlay
PO 1.1

Traffic Generating Development Overlay [Traffic Generating Development]
PO 1.1, PO 1.2, PO 1.3

Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Urban Transport Routes Overlay [Access - (Location Spacing) - Existing Access Point]
PO 3.1

Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Urban Transport Routes Overlay [Access – Mud and Debris]
PO 6.1

Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Urban Tree Canopy Overlay
PO 1.1

Water Resources Overlay [Water Catchment]
PO 1.1, PO 1.2, PO 1.5, PO 1.6, PO 1.7, PO 1.8

Coastal Areas Overlay [Access]
PO 5.1, PO 5.2, PO 5.4

Coastal Flooding Overlay
PO 1.1

Coordinated Development Overlay [Land Use]
PO 1.1

Defence Aviation Area Overlay [Built Form]
PO 1.1

Future Local Road Widening Overlay [Future Road Widening]
PO 1.1

Future Road Widening Overlay [Future Road Widening]
PO 1.1

Gas and Liquid Petroleum Pipelines (Facilities) Overlay [Safety]
PO 1.1

Gateway Overlay [Built Form and Character]
PO 1.1, PO 1.2, PO 1.3

Gateway Overlay [Landscaping]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1

Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
PO 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Regional) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Infrastructure Coordination Overlay [Infrastructure Delivery Scheme]
PO 1.1, PO 1.3, PO 1.4

Infrastructure Coordination Overlay [Social Infrastructure]
PO 2.2

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Dwelling Overlay
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Noise and Air Emissions Overlay [Siting and Design]
PO 1.1, PO 1.2, PO 1.3

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.3

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.2, PO 6.3

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3

River Murray Flood Plain Protection Area Overlay [Access]

Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1

Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
PO 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Regional) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Infrastructure Coordination Overlay [Infrastructure Delivery Scheme]
PO 1.1, PO 1.3, PO 1.4

Infrastructure Coordination Overlay [Social Infrastructure]
PO 2.2

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Dwelling Overlay
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.3

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.2, PO 6.3

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Scenic Quality Overlay [Built Form and Character]
PO 2.1

Scenic Quality Overlay [Landscaping]

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Shop | Any of the following:<br><br>(a) shop with a gross leasable floor area less than 1000m$^2$<br>(b) shop that is a restaurant<br>(c) shop located in an Activity Centre. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

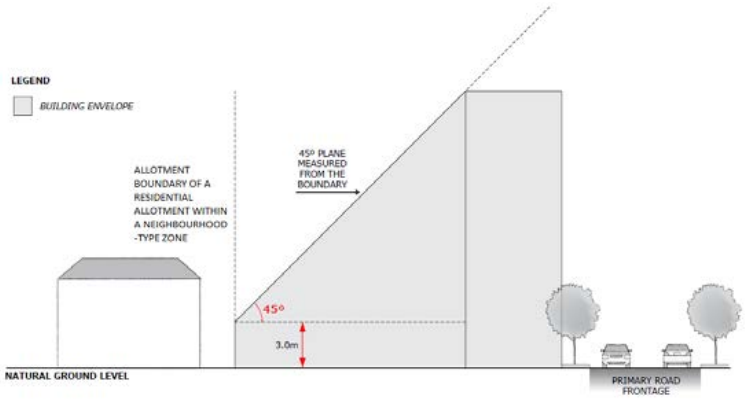
| **Class of Development**<br>**(Column A)** | **Exceptions**<br>**(Column B)** |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by:<br>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies<br>or<br>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following:<br><br>1. residential flat building(s) of 3 or more building levels<br>2. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>3. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 3. Any development involving any of the following (or of any combination of any of the following) where **not** located in an activity centre within the Emerging Activity Centre Subzone or Emerging Main Street Subzone:<br>(a) ancillary accommodation<br>(b) child care facility<br>(c) co-living<br>(d) community facility<br>(e) display home<br>(f) dwelling<br>(g) dwelling addition<br>(h) educational facility<br>(i) indoor recreation facility<br>(j) residential flat building<br>(k) retirement facility<br>(l) supported accommodation. | Except development that:<br><br>1. does not satisfy Master Planned Neighbourhood Zone DTS/DPF 5.1<br>or<br>2. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where in accordance with a building envelope plan or where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| 4. Any development involving any of the following (or of any combination of any of the following) where located on a significant retirement facility and supported accommodation site:<br>(a) retirement facility<br>(b) supported accommodation. | Except development that:<br><br>1. exceeds 4 building levels or 15 m in height<br>or<br>2. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 2.2<br>or<br>3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where in accordance with a building envelope plan or where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| 5. Any development involving any of the following (or of any combination of any of the following) where **not** located in an activity centre within the Emerging Activity Centre Subzone or Emerging Main Street Subzone:<br>(a) consulting room<br>(b) office<br>(c) shop. | Except development that:<br><br>1. does not satisfy any of the following:<br>(a) Master Planned Neighbourhood Zone DTS/DPF 1.4<br>(b) Master Planned Neighbourhood Zone DTS/DPF 5.1<br>or<br>2. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and: |

| | |
|---|---|
| | (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where in accordance with a building envelope plan or where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| 6. Any development involving any of the following (or of any combination of any of the following) where located on a significant retirement facility and supported accommodation site:<br>(a) consulting room<br>(b) office<br>(c) shop. | Except development that:<br>1. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 1.2<br>or<br>2. exceeds 4 building levels or 15 m in height<br>or<br>3. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 2.2<br>or<br>4. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where in accordance with a building envelope plan or where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| 7. Advertisement where **not** located in an activity centre within the Emerging Activity Centre Subzone or Emerging Main Street Subzone. | Except advertisement that does not satisfy Master Planned Neighbourhood Zone DTS / DPF 15.1. |
| 8. Any development involving any of the following (or of any combination of any of the following) where located in an activity centre within the Emerging Activity Centre Subzone or Emerging Main Street Subzone:<br>(a) advertisement<br>(b) ancillary accommodation<br>(c) child care facility<br>(d) cinema<br>(e) community facility<br>(f) consulting room<br>(g) display home<br>(h) dwelling located above a non-residential building level<br>(i) educational facility<br>(j) emergency services establishment<br>(k) health facility<br>(l) hotel<br>(m) indoor recreation facility<br>(n) library<br>(o) office<br>(p) place of worship<br>(q) public transport terminal<br>(r) retail fuel outlet<br>(s) service trade premises<br>(t) shop<br>(u) tourist accommodation. | Except development that:<br>1. in the case of the Emerging Activity Centre Subzone:<br>(a) exceeds the maximum building height specified in Emerging Activity Centre Subzone DTS/DPF 2.1<br>or<br>(b) does not satisfy any of the following:<br>(i) Emerging Activity Centre Subzone DTS/DPF 2.2<br>(ii) Emerging Activity Centre Subzone DTS/DPF 2.3<br>2. in the case of the Emerging Main Street Subzone:<br>(a) exceeds the maximum building height specified in Emerging Main Street Subzone DTS/DPF 3.1<br>or<br>(b) does not satisfy any of the following<br>(i) Emerging Main Street Subzone DTS/DPF 3.2<br>(ii) Emerging Main Street Subzone DTS/DPF 3.3. |
| 9. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building works<br>(f) land division<br>(g) outbuilding<br>(h) pergola<br>(i) private bushfire shelter<br>(j) recreation area<br>(k) replacement building<br>(l) retaining wall<br>(m) shade sail<br>(n) solar photovoltaic panels (roof mounted)<br>(o) swimming pool or spa pool and associated swimming pool safety features<br>(p) temporary accommodation in an area affected by bushfire<br>(q) tree damaging activity<br>(r) verandah<br>(s) water tank. | None specified. |
| 10. Demolition. | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 11. Railway line. | Except where located outside of a rail corridor or rail reserve. |

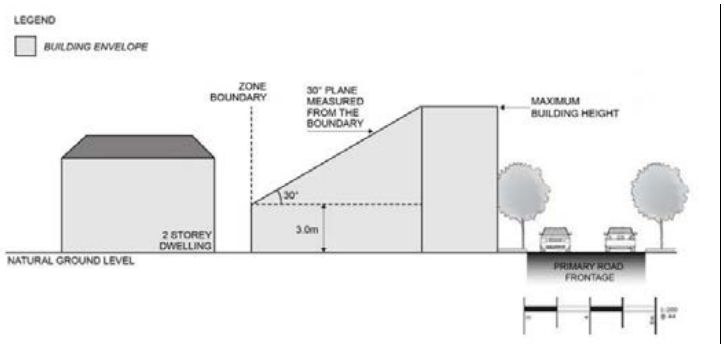
| **Placement of Notices - Exemptions for Performance Assessed Development** |
|---|
| None specified. |

| **Placement of Notices - Exemptions for Restricted Development** |
|---|
| None specified. |

### Emerging Activity Centre Subzone



Assessment Provisions (AP)



Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | Activity centres, employment, and community services make neighbourhoods a healthy and convenient place to live. |

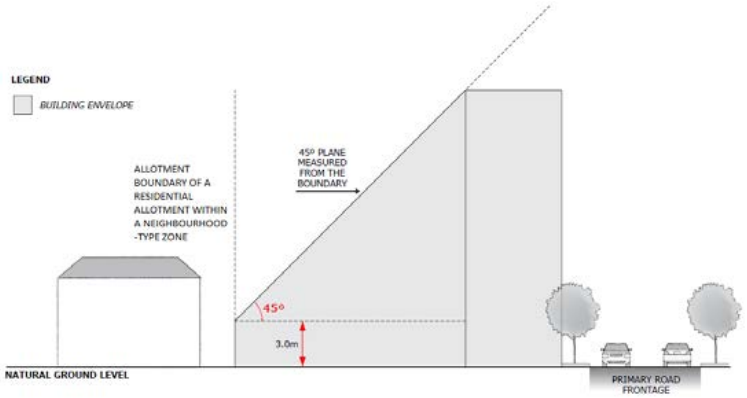
Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Activity centres within master-planned communities include a range of land uses to provide services at the local and neighbourhood level. | DTS/DPF 1.1<br>Development comprises one or more of the following where located in an Activity Centre:<br>(a) Child care facility<br>(b) Cinema<br>(c) Community facility<br>(d) Consulting room<br>(e) Dwelling located above non-residential development<br>(f) Educational facility<br>(g) Emergency services facility<br>(h) Hospital<br>(i) Hotel<br>(j) Indoor recreation facility<br>(k) Library<br>(l) Office |

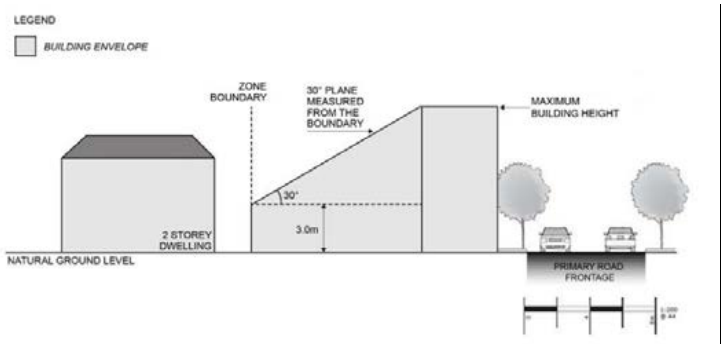
| | |
|---|---|
| | (m) Place of worship<br>(n) Public transport terminal<br>(o) Retail fuel outlet<br>(p) Service trade premises<br>(q) Shop<br>(r) Tourist accommodation.<br><br>And in any other case, one or more of the following land uses:<br><br>(a) Ancillary accommodation<br>(b) Child care facility<br>(c) Community facility<br>(d) Consulting room<br>(e) Display home<br>(f) Dwelling<br>(g) Educational facility<br>(h) Indoor recreation facility<br>(i) Office<br>(j) Recreation area<br>(k) Residential flat building<br>(l) Retirement facility<br>(m) Shop<br>(n) Supported accommodation. |
| PO 1.2<br><br>Land division design designates land for activity centres that is:<br><br>(a) distributed to maximise convenient access to shopping and services<br>(b) of sufficient size to cater for the anticipated catchment and future population. | DTS/DPF 1.2<br><br>None are applicable. |
| PO 1.3<br><br>Land division design ensures activity centres are located to maximise accessibility by public transport, walking and cycling. | DTS/DPF 1.3<br><br>None are applicable. |
| PO 1.4<br><br>Land division design ensures activity centres are established in locations that improve accessibility and exposure such as:<br><br>(a) at an intersection of higher order roads and main movement routes<br>(b) locations that have the highest residential density and pedestrian catchment<br><br>or<br><br>(c) adjacent high frequency public transport. | DTS/DPF 1.4<br><br>None are applicable. |
| PO 1.5<br><br>Within Activity Centres, dwellings are developed only in conjunction with non-residential uses to support business, entertainment and recreational activities. | DTS/DPF 1.5<br><br>Within Activity Centres, dwellings are developed only in conjunction with non-residential uses and sited:<br><br>(a) at upper levels of buildings with non-residential uses located at ground level<br><br>or<br><br>(b) behind non-residential uses on the same allotment. |
| PO 1.6<br><br>Activity Centres include a range of non-residential uses such as shops, offices, consulting rooms, educational facilities and community facilities of a scale to support the anticipated future growth of the surrounding neighbourhood. | DTS/DPF 1.6<br><br>None are applicable. |
| Built Form and Character | |
| PO 2.1<br><br>A range of low-to-medium rise buildings within Activity Centres, with the highest intensity of built form sited away from residential development, and lower scale development at the interface with residential development. | DTS/DPF 2.1<br><br>Buildings within Activity Centres not exceeding the following maximum building heights:<br><br>(a) where the development is located on land adjacent to an allotment that will be used solely for residential purposes, 3 building levels or 12m<br>(b) in all other cases 6 building levels or 22m. |
| PO 2.2<br><br>Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone | DTS/DPF 2.2<br><br>Buildings within Activity Centres constructed within a building envelope provided by a 45 degree plane, measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):<br><br><br> |
| PO 2.3<br><br>Buildings mitigate overshadowing of residential development within a neighbourhood-type zone. | DTS/DPF 2.3<br><br>Buildings within Activity Centres on sites with a southern boundary adjoining an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram: |

| | |
|---|---|
| |  |
| Advertising | |
| PO 3.1<br>Advertisements are sited and designed to achieve an overall consistency and appearance along individual street frontages. | DTS/DPF 3.1<br>None are applicable. |
| PO 3.2<br>Freestanding advertisements:<br>(a) identify the associated business(es)<br>(b) are of a size that is commensurate with the scale of the centre and the street frontage<br>(c) avoid visual clutter<br>(d) positively respond to the context without dominating the locality. | DTS/DPF 3.2<br>Freestanding advertisements:<br>(a) do not exceed 8m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser) and<br>(b) do not have a sign face that exceeds 6m$^2$ per side |

**Emerging Main Street Subzone**



Assessment Provisions (AP)



Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | Activity centres supported by medium density residential development make neighbourhoods a healthy and convenient place to live. |
| DO 2 | Higher order activity centres in master planned areas include a main street as focal point for the surrounding neighbourhood and include a mix of retail, office, commercial, community, educational, sporting, recreation and civic land uses. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Activity centres within master-planned communities include:<br>(a) retail, office, consulting rooms, educational facilities, community facilities, health, entertainment, sporting and recreation related uses that provide a range of goods and services at the local and neighbourhood level<br>(b) a main street environment as a focal point for residents and visitors to shop, work, meet, entertain and relax. | DTS/DPF 1.1<br>Development comprises one or more of the following where located in an activity centre:<br>(a) Advertisement<br>(b) Child care facility<br>(c) Cinema<br>(d) Community facility<br>(e) Consulting room<br>(f) Dwelling located above non-residential development<br>(g) Educational facility<br>(h) Health facility<br>(i) Hospital<br>(j) Hotel<br>(k) Indoor recreation facility<br>(l) Library<br>(m) Licensed premises<br>(n) Office<br>(o) Place of worship<br>(p) Shop<br>(q) Tourist accommodation<br>And in any other case, one or more of the following land uses:<br>(a) Ancillary accommodation<br>(b) Child care facility<br>(c) Co-living<br>(d) Community facility<br>(e) Consulting room<br>(f) Display home<br>(g) Dwelling<br>(h) Educational facility<br>(i) Indoor recreation facility<br>(j) Office<br>(k) Recreation area<br>(l) Residential flat building<br>(m) Retirement facility<br>(n) Shop<br>(o) Student accommodation<br>(p) Supported accommodation. |
| PO 1.2<br>Within a main street of an activity centre, ground floor uses contribute to an active and vibrant main street. | DTS/DPF 1.2<br>Shop, office, or consulting room uses are located on the ground floor level of buildings within a main street of an activity centre. |
| PO 1.3<br>Development with a frontage to a main street of an activity centre is sited and designed to achieve or maintain a vibrant and interesting streetscape. | DTS/DPF 1.3<br>None are applicable. |
| PO 1.4<br>Within an activity centre, dwellings are developed only in conjunction with non-residential uses to support business, entertainment and recreational activities. | DTS/DPF 1.4<br>Within an activity centre, medium to high density dwellings are developed only in conjunction with non-residential uses and sited:<br>(a) at upper levels of buildings with non-residential uses located at ground level or<br>(b) behind non-residential uses on the same allotment. |
| PO 1.5<br>Activity centres include a range of non-residential uses such as shops, offices, consulting rooms, educational facilities and community facilities of a scale to support the anticipated future growth of the surrounding neighbourhood. | DTS/DPF 1.5<br>None are applicable. |
| PO 1.6<br>Medium to high density residential neighbourhoods established in walkable distances to an activity centre. | DTS/DPF 1.6<br>Residential development (other than residential development in a mixed-use building) achieves a net residential density of not less than 35 dwellings per hectare, where located within 200m of the boundary of an activity centre, except where varied by a Concept Plan. |
| PO 1.7<br>Within an activity centre, changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within main street precincts. | DTS/DPF 1.7<br>Within an activity centre, a change of use to a shop, office, consulting room or any combination of these uses satisfies (a) to (e) inclusive:<br>(a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses<br>(b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10 metres from the site of a dwelling (other than a dwelling directly associated with the proposed shop) |

| | |
|---|---|
| | (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30 metres of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions<br>(d) if the change in use involves a gross leasable floor area greater than 250m$^2$ and has direct frontage to an arterial road, it achieves either (i) or (ii):<br>(i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road<br>(ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared<br>(e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except in any of the following circumstances:<br>(i) the building is a local heritage place<br>(ii) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made)<br>(iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse. |
| Built Form and Character | |
| PO 2.1<br>Within the main street of an activity centre, buildings sensitively frame the main street and public spaces, provide overall visual relief from building height and mass, and maintain a human scale for pedestrians. | DTS/DPF 2.1<br>Buildings fronting the main street of an activity centre:<br>(a) include a clearly defined podium or street wall with a maximum building height of 2 building levels or 8m, or higher where it matches the existing street wall of adjoining buildings and<br>(b) have levels above the defined podium or street wall set back a minimum of 2m from that wall. |
| PO 2.2<br>Within the main street of an activity centre, buildings establish a main street appearance by incorporating key shop-front elements such as narrow buildings and tenancy footprints with frequently repeated frontages, and clear-glazed narrow shop front displays above raised display levels (base stall boards) and recessed entries. | DTS/DPF 2.2<br>None are applicable. |
| PO 2.3<br>Within the main street of an activity centre, buildings create visual interest, promote an active interface with the main street frontage and maximise passive surveillance. | DTS/DPF 2.3<br>Within the main street of an activity centre, not less than 50% of the ground floor primary frontage of buildings facing the main street is visually permeable, transparent or clear glazed. |
| PO 2.4<br>Within the main street of an activity centre, pedestrian shelter and shade is provided over footpaths through the use of structures such as awnings, canopies and verandas. | DTS/DPF 2.4<br>None are applicable |
| PO 2.5<br>Buildings are adaptable and flexible to accommodate a range of land uses, including retail, office and residential without the need for significant change to the building. | DTS/DPF 2.5<br>Ground floor levels of buildings incorporate a minimum ceiling height of 3.5m. |
| PO 2.6<br>Outbuildings, carports and garages are located behind the primary building facing the main street to ensure vibrancy and activity along the main street. | DTS/DPF 2.6<br>None are applicable. |
| PO 2.7<br>Development contributes to and does not interfere with provision of an efficient and convenient pedestrian network linking the main street to adjoining pedestrian networks. | DTS/DPF 2.7<br>None are applicable. |
| PO 2.8<br>Within the main street of an activity centre, vehicular access is from a secondary street and/or rear lane, avoiding vehicle assess from the main street frontage. | DTS/DPF 2.8<br>None are applicable. |
| PO 2.9<br>Within the main street of an activity centre, on-site car parking areas are located behind the building fronting the main street. | DTS/DPF 2.9<br>None are applicable. |
| Building Height and Setbacks | |
| PO 3.1<br>A range of low-to-medium rise buildings within activity centres, with the highest intensity of built form sited away from residential development, and lower scale development at the interface with residential development. | DTS/DPF 3.1<br>Buildings within activity centres not exceeding the following maximum building heights:<br>(a) where the development is located on land adjacent to an allotment that will be used solely for residential purposes, 3 building levels or 12m<br>(b) in all other cases 6 building levels or 22m. |
| PO 3.2<br>Buildings within activity centres mitigate visual impacts of building massing on residential development within a neighbourhood-type zone. | DTS/DPF 3.2<br>Buildings within activity centres constructed within a building envelope provided by a 45- degree plane, measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):<br><br> |
| PO 3.3<br>Buildings within activity centres mitigate overshadowing of residential development within a neighbourhood-type zone. | DTS/DPF 3.3<br>Buildings within activity centres on sites with a southern boundary adjoining an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30-degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram: |

| | |
|---|---|
| |  |
| PO 3.4<br>Buildings along the main street of an activity centre with no setbacks from road boundaries achieve a continuity of street façade to the main street, but with sections of building set back to create outdoor dining areas, visually interesting building entrances and intimate, active spaces. | DTS/DPF 3.4<br>None are applicable. |
| PO 3.5<br>Buildings along the main street of an activity centre with no setback from side boundaries achieve a continuity of street façade to the main street. | DTS/DPF 3.5<br>Except where contrary to DTS/DPF 3.2 or 3.3, building walls along the main street of an activity centre located on the site's side boundaries, with the front wall set back in line with neighbouring buildings. |
| Land Division | |
| PO 4.1<br>Land division design designates land for activity centres that is:<br>(a) distributed to maximise convenient access to shopping and services and<br>(b) of sufficient size to cater for the anticipated catchment and future population. | DTS/DPF 4.1<br>None are applicable. |
| PO 4.2<br>Land division design ensures activity centres are located to maximise accessibility by public transport, walking and cycling. | DTS/DPF 4.2<br>None are applicable. |
| PO 4.3<br>Land division design ensures activity centres are established in locations that improve accessibility and exposure such as:<br>(a) at an intersection of higher order roads and main movement routes<br>(b) locations that have the highest residential density and pedestrian catchment or<br>(c) adjacent high frequency public transport. | DTS/DPF 4.3<br>None are applicable. |
| PO 4.4<br>Land division related to a neighbourhood activity centre or larger centre, as identified on the relevant Concept Plan, identifies a main street which is located and sized to complement the scale of the activity centre. | DTS/DPF 4.4<br>None are applicable. |
| Advertising | |
| PO 5.1<br>Advertisements in activity centres are sited and designed to achieve an overall consistency and appearance along individual street frontages. | DTS/DPF 5.1<br>None are applicable. |
| PO 5.2<br>Advertisements in activity centres satisfy all of the following:<br>(a) identify the associated business(es)<br>(b) are of a size that is commensurate with the scale of the centre and the street frontage<br>(c) avoid visual clutter<br>(d) positively respond to the context without dominating the locality. | DTS/DPF 5.2<br>Advertisements in activity centres satisfy either (a) or (b):<br>(a) when located on a main street frontage:<br>(i) are sited flush on the wall of the building and do not have a sign face that exceeds $2m^2$ or<br>(ii) are under the verandah and are no more than 30cm in height and do not have a sign face that exceeds $1m^2$<br>or<br>(b) where located outside of a main street, freestanding advertisements:<br>(i) do not exceed 8m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser) and<br>(ii) do not have a sign face that exceeds $6m^2$ per side. |

**Hills Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO1 | A coordinated development pattern, high quality public realm and living environment that complements the site's natural features and slope of the land. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Site Dimensions and Land Division | |
| PO 1.1<br>A land division pattern that sensitively integrates existing site features including undulating topography, watercourses, vegetation and attractive vistas. | DTS/DPF 1.1<br>None are applicable. |
| PO 1.2<br>Allotments/sites created for residential purposes are of suitable size and dimension to accommodate residential development that is sensitive to the natural topography, with:<br>(a) low density development on sloping land (with a gradient exceeding 1-in-8); and<br>(b) medium density development on low sloping land (with a gradient less than 1-in-8) and where it can be demonstrated that impacts on neighbouring land can be effectively managed. | DTS/DPF 1.2<br>None are applicable. |
| PO 1.3<br>Street layouts complement natural features such as ridgelines, hilltops, waterways and valleys. | DTS/DPF 1.3<br>None are applicable. |
| Site Coverage | |
| PO 2.1<br>On sloping land (with a gradient exceeding 1-in-8) space is provided around buildings to accommodate site works and retaining walls in a manner that limits visual impact on adjoining properties, provides an attractive outlook and access to light and ventilation. | DTS/DPF 2.1<br>Site coverage consistent with a building envelope plan, or:<br>(a) does not result in site coverage exceeding 50% on sites with a gradient more than 1-in-8 or<br>(b) on sites with a gradient of less than 1-in-8, there is no maximum site coverage and DTS/DPF 2.1 is met. |
| Built Form and Character | |
| PO 3.1<br>Development that is prominently visible from the Adelaide plains or urban areas:<br>(a) achieves a profile that blends with the topography of the land<br>(b) incorporates existing vegetation wherever possible and additional landscaping to assist in screening retaining walls, excavated or filled batter slopes and the apparent bulk and scale of buildings. | DTS/DPF 3.1<br>None are applicable. |
| PO 3.2<br>Development provides a complementary transition to any adjacent natural and rural landscapes by providing low density housing incorporating existing vegetation wherever possible to mitigate the visible extent of buildings, earthworks and retaining walls. | DTS/DPF 3.2<br>None are applicable. |
| Side Boundary Setback | |
| PO 4.1 | DTS/DPF 4.1 |

| | |
|---|---|
| Buildings are set back from side boundaries to:<br>(a) provide separation between dwellings in a way that complements the emerging character of the locality<br>(b) provide access to natural light and ventilation for neighbours<br>(c) minimise height and bulk relative to adjoining dwellings by setting back the upper level a greater distance from side boundaries than the lower level<br>(d) provide greater separation from side boundaries on steeper sites to reduce the extent of retaining and earthworks on boundaries. | Building walls not sited on side boundaries are set back from side boundaries consistent with a building envelope plan, or are set back in accordance with the following:<br>(a) on sites with a site gradient greater than 1-in-8:<br>(i) at least 1900mm<br>(ii) for a wall that is south facing and the wall height exceeds 3m - at least 1900mm from the boundary of the site plus 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings<br>(b) on sites with a site gradient less than 1-in-8:<br>(i) where the wall height does not exceed 3m - at least 900mm<br>(ii) for a wall that is not south facing and the wall height exceeds 3m - at least 900mm from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings<br>(iii) for a wall that is south facing and the wall height exceeds 3m - at least 1900mm from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings. |
| Earthworks and Retaining | |
| PO 5.1<br>Buildings sited and designed to integrate with the natural topography of the land using measures such as split-level building construction and other approaches that minimise the extent of cut and fill. | DTS/DPF 5.1<br>None are applicable. |
| PO 5.2<br>Vegetation is used to screen buildings and excavation or filling from view. | DTS/DPF 5.2<br>None are applicable. |
| PO 5.3<br>Retaining walls are a stepped series of low walls constructed of dark, natural-coloured materials and screened by landscaping. | DTS/DPF 5.3<br>Retaining walls:<br>(a) do not retain more than 1.5m in height<br>or<br>(b) where more than 1.5m is to be retained in total, are stepped in a series of low walls each not exceeding 1m in height and separated by at least 700mm. |

## Master Planned Renewal Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | A revitalised community with a diverse range of housing that supports a range of needs and lifestyles located within easy reach of a diversity of services, facilities and open space. Employment and community services will improve access to jobs, goods and services without compromising residential amenity. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Residential development and supporting uses in emerging urban communities contribute to creating a convenient urban environment for residents. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Ancillary accommodation<br>(b) Child care facility<br>(c) Co-living<br>(d) Community facility<br>(e) Consulting room<br>(f) Display home<br>(g) Dwelling<br>(h) Educational facility<br>(i) Office<br>(j) Recreation area<br>(k) Residential flat building<br>(l) Retirement facility<br>(m) Shop<br>(n) Student accommodation<br>(o) Supported accommodation. |
| PO 1.2<br>Residential development at increased densities close to open space, public transport, activity centres and community facilities to enhance community access to community services. | DTS/DPF 1.2<br>Medium and high density residential development located where any one of the following is satisfied:<br>(a) within 200m of an activity centre<br>(b) within 200m of a public transport stop<br>(c) adjoining public open space greater than 2000m$^2$ (including where the site would adjoin if not separated by a public road). |
| PO 1.3<br>Non-residential uses are of a scale to support the anticipated future growth of the surrounding neighbourhood. | DTS/DPF 1.3<br>None are applicable. |
| PO 1.4<br>Commercial activities improve community access to services are of a scale and type to maintain residential amenity. | DTS/DPF 1.4<br>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:<br>(a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied:<br>(i) does not exceed 50m$^2$ gross leasable floor area<br>(ii) does not involve the display of goods in a window or about the dwelling or its curtilage<br>(b) does not exceed 250m$^2$ in gross leasable floor area (individually or combined, in a single building). |
| PO 1.5<br>Non-residential development located and designed to improve community accessibility to services primarily in the form of:<br>(a) small-scale commercial uses such as offices, shops and consulting rooms<br>(b) community services such as educational facilities, community centres, places of worship, child care facilities and other health and welfare services<br>(c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities<br>(d) open space and recreation facilities. | DTS/DPF 1.5<br>None are applicable. |
| PO 1.6<br>Community services such as schools, community centres, recreation centres and public open space are co-located with complementary uses to reinforce their role as a community focal point. | DTS/DPF 1.6<br>None are applicable. |
| PO 1.7<br>Community services are located and designed to maximise accessibility by public transport, walking and cycling. | DTS/DPF 1.7<br>None are applicable |
| Coordinated and Orderly Development | |
| PO 2.1<br>Where land ownership is fragmented, land division and infrastructure occur in a coordinated manner and orderly sequence. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Development and infrastructure are staged and provided in a manner that supports the orderly expansion of urban areas and the economic provision of infrastructure and services. | DTS/DPF 2.2<br>None are applicable. |
| Site Dimensions and Land Division | |
| PO 3.1<br>Street patterns and pedestrian and cycle connections designed to reduce travel distances to open space, public transport, activity centres and community facilities and assist to create low speed environments in local streets. | DTS/DPF 3.1<br>None are applicable. |
| PO 3.2<br>Tree planting provided on public streets and public open space to create a comfortable micro-climate and improve the amenity of the neighbourhood. | DTS/DPF 3.2<br>None are applicable. |
| PO 3.3<br>Allotments created for residential purposes are of a suitable size and dimension and accommodate a diverse range of housing choices, dwellings that are functional and provide a high standard of residential amenity for occupants. | DTS/DPF 3.3<br>None are applicable. |
| PO 3.4<br>Sites for residential purposes are consistent with an authorised plan of division, Concept Plan or master plan. | DTS/DPF 3.4<br>Development will not result in more than 1 dwelling on an existing allotment. |
| Open Space | |
| PO 4.1 | DTS/DPF 4.1 |

| | |
|---|---|
| The size and distribution of open space encourages recreation and healthy lifestyles. | None are applicable. |
| PO 4.2<br>The quality of open space encourages recreation and healthy lifestyles by including a variety of attractive features such as walking and cycling trails, play spaces, water features (including watercourses and constructed wetlands), irrigated recreation spaces, sporting infrastructure or public art. | DTS/DPF 4.2<br>None are applicable. |
| Building Height | |
| PO 5.1<br>Buildings generally 2-3 levels with taller buildings located on sites that are a suitable size and dimension to manage massing and impacts on adjoining residential development. | DTS/DPF 5.1<br>Building height (excluding garages, carports and outbuildings) does not exceed the maximum building height nominated on a Building Envelope Plan, or where none exists:<br>(a) 4 building levels and 15m where the site:<br>(i) is at least 1200m$^2$<br>(ii) has a frontage of at least 35m<br>or<br>(b) 3 building levels and 12m in all other circumstances. |
| PO 5.2<br>The effects of building mass on residential allotments in a different neighbourhood-type zone mitigated through articulation of building elevations. | DTS/DPF 5.2<br>None are applicable. |
| Primary Street Setback | |
| PO 6.1<br>Buildings are setback from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape and integrate development with public open space. | DTS/DPF 6.1<br>Buildings setback from the primary street boundary in accordance with the following table:<br>**Development Context** / **Minimum setback**<br>Where a building envelope plan exists. / Consistent with the building envelope plan.<br>Where the allotment adjoins a public reserve greater than 2000m$^2$ (including where the allotment would adjoin a reserve if not separated by a public road), the dwelling faces that reserve and access is provided to the rear of the allotment. / 1.5m<br>In all other cases. / 3m.<br>For the purposes of **DTS/DPF 6.1:**<br>(a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback<br>(b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table |
| Secondary Street Setback | |
| PO 7.1<br>Buildings are setback from secondary street boundaries to maintain a pattern of separation between building walls and public thoroughfares and reinforce a streetscape character. | DTS/DPF 7.1<br>Building walls (except for ancillary buildings and structures) are set back consistent with a building envelope plan, or where none exists at least 900mm from the boundary of the allotment with the secondary street frontage. |
| Boundary Walls | |
| PO 8.1<br>Boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining properties. | DTS/DPF 8.1<br>Building walls (except for ancillary buildings and structures) on side boundaries are consistent with a building envelope plan, or satisfy (a) or (b):<br>(a) adjoin or abut a boundary wall of a building on adjoining land for the same, or lesser length and height<br>or<br>(b) do not exceed:<br>(i) 3m in wall height<br>and<br>(ii) 11.5m in length<br>and<br>(iii) with respect to all boundary walls on the same boundary, 45% of the total length of the boundary. |
| PO 8.2<br>Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings. | DTS/DPF 8.2<br>Dwellings in a semi-detached, row or terrace arrangement are setback at least 900mm from side boundaries shared with allotments outside the development site. |
| Side Boundary Setback | |
| PO 9.1<br>Buildings are set back from side boundaries to provide:<br>(a) separation between buildings in a way that complements the established character of the locality<br>(b) access to natural light and ventilation for neighbours. | DTS/DPF 9.1<br>Building walls not sited on side boundaries are set back from side boundaries consistent with a building envelope plan, or are set back in accordance with the following:<br>(a) where the wall height does not exceed 3m - at least 900mm<br>(b) where the wall height exceeds 3m - at least 900mm from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings. |
| Rear Boundary Setback | |
| PO 10.1<br>Buildings are setback from rear boundaries to provide:<br>(a) separation between buildings in a way that complements the established character of the locality<br>(b) access to natural light and ventilation for neighbours<br>(c) open space recreational opportunities<br>(d) space for landscaping and vegetation. | DTS/DPF 10.1<br>Building walls are set back from the rear boundary consistent with a building envelope plan, or at least:<br>(a) 5m or more where the subject land directly abuts an allotment of a different zone<br>or<br>(b) 0m where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land<br>or<br>(c) 3m for the first building level or 0m where the rear boundary adjoins a laneway<br>and<br>(d) 5m for any second building level or 0m where the rear boundary adjoins a laneway<br>and<br>(e) 5m plus any increase in wall height over 7m for buildings three building levels and above. |
| Private Open Space | |
| PO 11.1<br>Dwellings are provided with suitable sized areas of usable private open space to meet the needs of occupants. | DTS/DPF 11.1<br>Dwellings are provided with a minimum area of private open space nominated on a building envelope plan, or in accordance with Design in Urban Areas Table 1 - Private Open Space. |
| PO 11.2<br>Master planned development providing a minimum 15% affordable housing provides coordinated private open space which is sized and located to meet the needs of occupants and promote liveability between neighbours. | DTS/DPF 11.2<br>Private open space within a master planned development providing a minimum 15% affordable housing is provided at a minimum rate of:<br>(a) for dwellings at ground level (including dwellings of two or more storeys), 10m$^2$ with a minimum dimension of 2m<br>(b) for dwellings above ground, 8m$^2$ with a minimum dimension of 2m. |
| Concept Plans | |
| PO 12.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 – Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development, provision of infrastructure and the location of new activity centres. | DTS/DPF 12.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary (where defined). The following Concept Plans are relevant:<br>In relation to DTS/DPF 12.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 12.1 is met. |
| Advertising and Display Homes | |
| PO 13.1<br>Advertising is limited to temporary displays to promote the sale of land and buildings within the zone. | DTS/DPF 13.1<br>Advertising is limited to:<br>(a) temporary displays to promote the sale of land and buildings within the zone<br>(b) one display per road frontage<br>and<br>(c) an advertising display area no greater than 6m x 3m. |
| PO 13.2<br>Display homes provide sufficient car parking. | DTS/DPF 13.2<br>Display homes provide sufficient car parking at a rate of:<br>(a) 5.5 carparks per display home for up to five display homes |

| | |
|---|---|
| | (b) 2.5 additional carparks per additional display home. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush.<br>2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels).<br>3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway.<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017).<br>3. It is required for the conduct or maintenance of railway activities.<br>4. It does not involve the clearance of native vegetation.<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| Carport<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or identified on an approved building envelope plan in relation to the relevant site/allotment.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.<br>5. Total floor area - does not exceed 40$m^2$.<br>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).<br>7. Building height - does not exceed 5m.<br>8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.<br>9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.<br>10. The carport is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site.<br>11. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.<br>12. Does not involve the clearance of native vegetation. |
| Detached dwelling<br>Except where any of the following apply:<br>• Character Area Overlay<br>• Heritage Adjacency Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The authorised plan of division for the subject land nominates a minimum 15 percent of allotments for the purposes of affordable housing.<br>2. A building envelope plan has been approved in relation to the relevant site/allotment.<br>3. No part of a dwelling (excluding open structures such as verandahs, porticos and eaves) will protrude beyond the relevant building envelope plan.<br>4. The dwelling provides 1 on-site car park, with the following dimensions:<br>(a) where enclosed by fencing, walls or other obstructions, the spaces following internal dimensions:<br>(i) single parking spaces:<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 3.0 metres; and<br>C. a minimum garage door width of 2.4 metres<br>(ii) double parking spaces (side by side)<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 5.5 metres; and<br>C. a minimum garage door width of 2.4 metres<br>(iii) where uncovered, spaces have:<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 2.4 metres; and<br>C. a minimum width between the centre line of the space and any fence, wall or other obstruction of 1.5 metres<br>5. The dwelling provides private open space at a rate no less than:<br>(a) for dwellings at ground level (including dwellings of two or more storeys), 10 square metres with a minimum dimension of 2 metres; or<br>(b) for dwellings above ground, 8 square metres with a minimum dimension of 2 metres<br>6. The dwelling does not exceed the building height nominated on the relevant building envelope plan, or where none is specified, does not exceed:<br>(a) a maximum building height of 3 building levels or 12 metres; and<br>(b) a wall height of 10 metres (except where a gable end)<br>7. Where the dwelling has a frontage to a public street, it:<br>(a) includes at least one window facing the primary street from a habitable room;<br>and<br>(b) has an aggregate window area of at least 2 square metres facing the primary street<br>8. The dwelling provides upper level windows facing the side or rear boundaries shared with another residential allotment/site which:<br>(a) are permanently obscured to a height of 1.5 metres above finished floor level and are fixed or not capable of being opened more than 200 millimetres; or<br>(b) have sill heights greater than or equal to 1.5 metres above finished floor level;<br>and/or<br>(c) incorporate screening to a height of 1.5 metres above finished floor level<br>9. All sides of balconies or terraces on upper building levels are permanently obscured to a height of 1.7 metres above finished floor level, other than where the longest side of the balcony will face a road (including any road reserve) or reserve (including land held as open space) that is at least 15 metres wide in all places faced by the boundary;<br>10. The dwelling provides vehicle access to car parking spaces that is located consistent with that shown on the relevant building envelope plan, or is located:<br>(a) 500 millimetres or more from any street furniture, street pole, infrastructure services pit, or other stormwater or utility infrastructure unless consent is provided from the infrastructure owner; and<br>(b) 2 metres or more from the base of the trunk of a street tree unless consent is provided from the tree owner; and<br>(c) 6 metres or more from the tangent point of an intersection of 2 or more roads or a pedestrian actuated crossing; and<br>(d) so that access is not obtained from, and is located at least 25 metres from the tangent of, any road subject to the Key Outback and Rural Routes Overlay, Urban Transport Routes Overlay or Major Urban Transport Routes Overlay<br>11. Driveways are designed and sited so that:<br>(a) the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the garage or carport is no steeper than 1:4 on average; or<br>(b) they are aligned relative to the street boundary so that there is no more than a 20 degree deviation from 90 degrees between the centreline of any dedicated car parking space to which it provides access (measured from the front of that space) and the street boundary<br>12. The development does not involve:<br>(a) excavation exceeding a vertical height of 1metre; or |

| | |
|---|---|
| | (b) filling exceeding a vertical height of 1metre; or<br>(c) a total combined excavation and filling vertical height of 2 metres or more<br>13. The development satisfies one of the following:<br>(a) a declaration is provided on or behalf of the applicant to the effect that the proposal would not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996; or<br>(b) there are no aboveground powerlines adjoining the site that are the subject of the proposed development.<br>14. The development is connected, or will be connected, to:<br>(a) a reticulated water scheme or mains water supply with capacity to meet the requirements of the development; or<br>(b) an approved common waste water disposal service with the capacity to meet the requirements of the development. |
| Fence and retaining wall structure<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The retaining wall retains a difference in ground levels not exceeding 1.5 metres (measured from the lower of the 2 adjoining finished ground levels).<br>2. The total combined height of the fence and retaining wall structure is less than 3.3 metres in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The structure is located behind the building line of the associated dwelling and any dwelling on adjoining land.<br>4. The structure is not located on a secondary street boundary.<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.<br>6. The structure will not materially result in the collection or diversion of surface water flowing over land or water flowing in a watercourse. |
| Outbuilding<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or identified on an approved building envelope plan in relation to the relevant site/allotment.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.<br>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).<br>6. Total floor area - does not exceed 40$m^2$.<br>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).<br>8. Building height - does not exceed 5m.<br>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.<br>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.<br>11. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>12. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.<br>13. Does not involve-<br>(a) excavation exceeding a vertical height of 1 metre; or<br>(b) filling exceeding a vertical height of 1 metre,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.<br>14. Does not involve the clearance of native vegetation.<br>15. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None. |
| Private bushfire shelter<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. Primary street setback - at least as far back as the building to which it is ancillary.<br>4. Secondary street setback - at least 900mm from the boundary of the allotment.<br>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)<br>6. Does not involve the clearance of native vegetation. |
| Retaining wall<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Retains a difference in ground levels not exceeding 1.5 m (measured from the lower of the 2 adjoining finished ground levels)<br>2. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.<br>3. The structure will not materially result in the collection or diversion of surface water flowing over land or water flowing in a watercourse. |
| Row dwelling<br>Except where any of the following apply:<br>• Character Area Overlay<br>• Heritage Adjacency Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The authorised plan of division for the subject land nominates a minimum 15 percent of allotments for the purposes of affordable housing.<br>2. A building envelope plan has been approved in relation to the relevant site/allotment.<br>3. No part of a dwelling (excluding open structures such as verandahs, porticos and eaves) will protrude beyond the relevant building envelope plan.<br>4. The dwelling provides 1 on-site car park, with the following dimensions:<br>(a) where enclosed by fencing, walls or other obstructions, the spaces following internal dimensions:<br>(i) single parking spaces:<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 3.0 metres; and<br>C. a minimum garage door width of 2.4 metres<br>(ii) double parking spaces (side by side)<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 5.5 metres; and<br>C. a minimum garage door width of 2.4 metres<br>(iii) where uncovered, spaces have:<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 2.4 metres; and<br>C. a minimum width between the centre line of the space and any fence, wall or other obstruction of 1.5 metres<br>5. The dwelling provides private open space at a rate no less than:<br>(a) for dwellings at ground level (including dwellings of two or more storeys), 10 square metres with a minimum dimension of 2 metres; or<br>(b) for dwellings above ground, 8 square metres with a minimum dimension of 2 metres<br>6. The dwelling does not exceed the building height nominated on the relevant building envelope plan, or where none is specified, does not exceed:<br>(a) a maximum building height of 3 building levels or 12 metres; and<br>(b) a wall height of 10 metres (except where a gable end)<br>7. Where the dwelling has a frontage to a public street, it:<br>(a) includes at least one window facing the primary street from a habitable room;<br>and<br>(b) has an aggregate window area of at least 2 square metres facing the primary street<br>8. The dwelling provides upper level windows facing the side or rear boundaries shared with another residential allotment/site which:<br>(a) are permanently obscured to a height of 1.5 metres above finished floor level and are fixed or not capable of being opened more than 200 millimetres; or<br>(b) have sill heights greater than or equal to 1.5 metres above finished floor level;<br>and/or<br>(c) incorporate screening to a height of 1.5 metres above finished floor level<br>9. All sides of balconies or terraces on upper building levels are permanently obscured to a height of 1.7 metres above finished floor level, other than where the longest side of the balcony will face a road (including any road reserve) or reserve (including land held as open space) that is at least 15 metres wide in all places faced by the boundary;<br>10. The dwelling provides vehicle access to car parking spaces that is located consistent with that shown on the relevant building envelope plan, or is located: |

| | |
|---|---|
| | (a) 500 millimetres or more from any street furniture, street pole, infrastructure services pit, or other stormwater or utility infrastructure unless consent is provided from the infrastructure owner; and<br>(b) 2 metres or more from the base of the trunk of a street tree unless consent is provided from the tree owner; and<br>(c) 6 metres or more from the tangent point of an intersection of 2 or more roads or a pedestrian actuated crossing; and<br>(d) so that access is not obtained from, and is located at least 25 metres from the tangent of, any road subject to the Key Outback and Rural Routes Overlay, Urban Transport Routes Overlay or Major Urban Transport Routes Overlay<br>11. Driveways are designed and sited so that:<br>(a) the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the garage or carport is no steeper than 1:4 on average; or<br>(b) they are aligned relative to the street boundary so that there is no more than a 20 degree deviation from 90 degrees between the centreline of any dedicated car parking space to which it provides access (measured from the front of that space) and the street boundary<br>12. The development does not involve:<br>(a) excavation exceeding a vertical height of 1metre; or<br>(b) filling exceeding a vertical height of 1metre; or<br>(c) a total combined excavation and filling vertical height of 2 metres or more<br>13. The development satisfies one of the following:<br>(a) a declaration is provided on or behalf of the applicant to the effect that the proposal would not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996; or<br>(b) there are no aboveground powerlines adjoining the site that are the subject of the proposed development.<br>14. The development is connected, or will be connected, to:<br>(a) a reticulated water scheme or mains water supply with capacity to meet the requirements of the development; or<br>(b) an approved common waste water disposal service with the capacity to meet the requirements of the development. |
| Semi-detached dwelling<br>Except where any of the following apply:<br>• Character Area Overlay<br>• Heritage Adjacency Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The authorised plan of division for the subject land nominates a minimum 15 percent of allotments for the purposes of affordable housing.<br>2. A building envelope plan has been approved in relation to the relevant site/allotment.<br>3. No part of a dwelling (excluding open structures such as verandahs, porticos and eaves) will protrude beyond the relevant building envelope plan.<br>4. The dwelling provides 1 on-site car park, with the following dimensions:<br>(a) where enclosed by fencing, walls or other obstructions, the spaces following internal dimensions:<br>(i) single parking spaces:<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 3.0 metres; and<br>C. a minimum garage door width of 2.4 metres<br>(ii) double parking spaces (side by side)<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 5.5 metres; and<br>C. a minimum garage door width of 2.4 metres<br>(iii) where uncovered, spaces have:<br>A. a minimum length of 5.4 metres; and<br>B. a minimum width of 2.4 metres; and<br>C. a minimum width between the centre line of the space and any fence, wall or other obstruction of 1.5 metres<br>5. The dwelling provides private open space at a rate no less than:<br>(a) for dwellings at ground level (including dwellings of two or more storeys), 10 square metres with a minimum dimension of 2 metres; or<br>(b) for dwellings above ground, 8 square metres with a minimum dimension of 2 metres<br>6. The dwelling does not exceed the building height nominated on the relevant building envelope plan, or where none is specified, does not exceed:<br>(a) a maximum building height of 3 building levels or 12 metres; and<br>(b) a wall height of 10 metres (except where a gable end)<br>7. Where the dwelling has a frontage to a public street, it:<br>(a) includes at least one window facing the primary street from a habitable room;<br>and<br>(b) has an aggregate window area of at least 2 square metres facing the primary street<br>8. The dwelling provides upper level windows facing the side or rear boundaries shared with another residential allotment/site which:<br>(a) are permanently obscured to a height of 1.5 metres above finished floor level and are fixed or not capable of being opened more than 200 millimetres; or<br>(b) have sill heights greater than or equal to 1.5 metres above finished floor level;<br>and/or<br>(c) incorporate screening to a height of 1.5 metres above finished floor level<br>9. All sides of balconies or terraces on upper building levels are permanently obscured to a height of 1.7 metres above finished floor level, other than where the longest side of the balcony will face a road (including any road reserve) or reserve (including land held as open space) that is at least 15 metres wide in all places faced by the boundary;<br>10. The dwelling provides vehicle access to car parking spaces that is located consistent with that shown on the relevant building envelope plan, or is located:<br>(a) 500 millimetres or more from any street furniture, street pole, infrastructure services pit, or other stormwater or utility infrastructure unless consent is provided from the infrastructure owner; and<br>(b) 2 metres or more from the base of the trunk of a street tree unless consent is provided from the tree owner; and<br>(c) 6 metres or more from the tangent point of an intersection of 2 or more roads or a pedestrian actuated crossing; and<br>(d) so that access is not obtained from, and is located at least 25 metres from the tangent of, any road subject to the Key Outback and Rural Routes Overlay, Urban Transport Routes Overlay or Major Urban Transport Routes Overlay<br>11. Driveways are designed and sited so that:<br>(a) the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the garage or carport is no steeper than 1:4 on average; or<br>(b) they are aligned relative to the street boundary so that there is no more than a 20 degree deviation from 90 degrees between the centreline of any dedicated car parking space to which it provides access (measured from the front of that space) and the street boundary<br>12. The development does not involve:<br>(a) excavation exceeding a vertical height of 1metre; or<br>(b) filling exceeding a vertical height of 1metre; or<br>(c) a total combined excavation and filling vertical height of 2 metres or more<br>13. The development satisfies one of the following:<br>(a) a declaration is provided on or behalf of the applicant to the effect that the proposal would not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996; or<br>(b) there are no aboveground powerlines adjoining the site that are the subject of the proposed development.<br>14. The development is connected, or will be connected, to:<br>(a) a reticulated water scheme or mains water supply with capacity to meet the requirements of the development; or<br>(b) an approved common waste water disposal service with the capacity to meet the requirements of the development. |
| Shade sail<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. Shade sail consists of permeable material.<br>4. The total area of the sail - does not exceed 40m$^2$.<br>5. No part of the shade sail will be:<br>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment<br>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment.<br>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary.<br>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m.<br>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.<br>9. Does not involve the clearance of native vegetation.<br>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.<br>3. Panels and associated components do not overhang any part of the roof.<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Swimming pool or spa pool and associated swimming pool safety features<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.<br>4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).<br>5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.<br>6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:<br>(a) not less than 5m where the filtration system is located inside a solid acoustic structure; or<br>(b) not less than 12m in any other case.<br>7. Does not involve the clearance of native vegetation.<br>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |

| | |
|---|---|
| Verandah<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or identified on an approved building envelope plan in relation to the relevant site/allotment.<br>4. Primary street setback - as far back as the building line of the building to which it is ancillary.<br>5. Total floor area - does not exceed 40m$^2$.<br>6. Post height - does not exceed 3m measured from natural ground level.<br>7. Building height - does not exceed 5m.<br>8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment.<br>9. Does not involve the clearance of native vegetation. |
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. The tank is part of a roof drainage system.<br>4. Total floor area - not exceeding 15m$^2$.<br>5. The tank is located wholly above ground.<br>6. Tank height - does not exceed 4m above natural ground level.<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary.<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.<br>9. Does not involve the clearance of native vegetation. |
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>2. The tank (including any associated pump) is located wholly below the level of the ground.<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |

PO 2.1

Gateway Overlay [Landscaping]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1, PO 3.2

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.1, PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Ancillary development]
PO 4.1, PO 4.2

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Ancillary Development]
PO 3.1, PO 3.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.3

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.3, PO 6.4

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3, PO 7.4

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Scenic Quality Overlay [Built Form and Character]
PO 2.1

Scenic Quality Overlay [Earthworks]
PO 4.1

Significant Landscape Protection Overlay [Built Form and Character]
PO 2.1, PO 2.2

Significant Landscape Protection Overlay [Landscaping]
PO 3.1

Significant Landscape Protection Overlay [Earthworks]
PO 4.1

State Heritage Area Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5

Design in Urban Areas [Laneway Development [Infrastructure and Access]]
PO 44.1

Infrastructure and Renewable Energy Facilities [Water Supply]
PO 11.2

Infrastructure and Renewable Energy Facilities [Wastewater Services]
PO 12.1, PO 12.2

Interface between Land Uses [Overshadowing]
PO 3.1, PO 3.2

Site Contamination
PO 1.1

Transport, Access and Parking [Vehicle Parking Rates]
PO 5.1

Transport, Access and Parking [Corner Cut-Offs]
PO 10.1

Gateway Overlay [Landscaping]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1

Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
PO 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Regional) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Dwelling Overlay
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.5, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.5, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.2, PO 6.3

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Scenic Quality Overlay [Built Form and Character]
PO 2.1

Scenic Quality Overlay [Landscaping]
PO 3.1

Scenic Quality Overlay [Earthworks]
PO 4.1

Significant Interface Management Overlay [Land Use and Intensity]
PO 1.2

Significant Landscape Protection Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Built Form and Character]
PO 2.1, PO 2.2

Significant Landscape Protection Overlay [Landscaping]
PO 3.1

Significant Landscape Protection Overlay [Earthworks]
PO 4.1

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Shop | Shop with a gross leasable floor area less than 1000m2. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A) | Exceptions<br>(Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by:<br>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies<br>or<br>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following:<br><br>1. residential flat building(s) of 3 or more building levels<br>2. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>3. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) ancillary accommodation<br>(b) child care facility<br>(c) co-living<br>(d) community facility<br>(e) display home<br>(f) dwelling<br>(g) dwelling addition<br>(h) educational facility<br>(i) indoor recreation facility<br>(j) residential flat building<br>(k) retirement facility<br>(l) supported accommodation. | Except development that:<br><br>1. does not satisfy Master Planned Renewal Zone DTS/DPF 5.1<br>or<br>2. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.0m measured from the lower of the natural or finished ground level (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 4. Any development involving any of the following (or of any combination of any of the following) where located on a significant retirement facility and supported accommodation site:<br>(a) retirement facility<br>(b) supported accommodation. | Except development that:<br><br>1. exceeds 4 building levels or 15 m in height<br>or<br>2. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 2.2<br>or<br>3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.0m measured from the lower of the natural or finished ground level (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 5. Any development involving any of the following (or of any combination of any of the following):<br>(a) consulting room<br>(b) office<br>(c) shop. | Except development that:<br><br>1. does not satisfy any of the following:<br>(a) Master Planned Renewal Zone DTS/DPF 1.4<br>(b) Master Planned Renewal Zone DTS/DPF 5.1<br>or<br>2. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.0m measured from the lower of the natural or finished ground level (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 6. Any development involving any of the following (or of any combination of any of the following) where located on a significant retirement facility and supported accommodation site:<br>(a) consulting room<br>(b) office<br>(c) shop | Except development that:<br><br>1. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 1.2<br>or<br>2. exceeds 4 building levels or 15 m in height<br>or<br>3. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 2.2<br>or |

| | |
|---|---|
| | 4. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.0m measured from the lower of the natural or finished ground level (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 5. Advertisement | Except advertisement that does not satisfy Master Planned Renewal Zone DTS / DPF 13.1. |
| 6. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building works<br>(f) land division<br>(g) outbuilding<br>(h) pergola<br>(i) private bushfire shelter<br>(j) recreation area<br>(k) replacement building<br>(l) retaining wall<br>(m) shade sail<br>(n) solar photovoltaic panels (roof mounted)<br>(o) swimming pool or spa pool and associated swimming pool safety features<br>(p) temporary accommodation in an area affected by bushfire<br>(q) tree damaging activity<br>(r) verandah<br>(s) water tank. | None specified. |
| 7. Demolition. | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 8. Railway line. | Except where located outside of a rail corridor or rail reserve. |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

## Master Planned Township Zone

### Assessment Provision (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO1 | Expansion of an existing township with a range of housing that caters to prevailing and emerging housing needs and lifestyles within easy reach of services, facilities and open space. |
| DO2 | Development complementary to existing township settlement patterns, adjacent rural landscapes and natural features. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Diverse housing choices with compatible recreational, community services and other activities to support a growing community and create a pleasant place to live that complements the established township development pattern. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Ancillary accommodation<br>(b) Child care facility<br>(c) Co-living<br>(d) Community facility<br>(e) Consulting room<br>(f) Display home<br>(g) Dwelling<br>(h) Educational facility<br>(i) Indoor recreation facility<br>(j) Office<br>(k) Recreation area<br>(l) Residential flat building<br>(m) Retirement facility<br>(n) Shop<br>(o) Supported accommodation. |
| PO 1.2<br>Land division results in a low density neighbourhood that contains a diverse range of housing types and allotment sizes. | DTS/DPF 1.2<br>None are applicable. |
| PO 1.3<br>Residential development at increased densities close to open space, public transport, activity centres and community facilities to enhance community access to community services. | DTS/DPF 1.3<br>None are applicable. |
| PO 1.4<br>Commercial activities improve community access to services are of a scale and type to maintain residential amenity. | DTS/DPF 1.4<br>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:<br>(a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied:<br>(i) does not exceed 50m$^2$ gross leasable floor area<br>(ii) does not involve the display of goods in a window or about the dwelling or its curtilage<br>(b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following:<br>(i) the building is a State or Local Heritage Place<br>(ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes. |
| Coordinated and Orderly Development | |
| PO 2.1<br>Land division and infrastructure occur in a coordinated manner and orderly sequence. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Development and infrastructure are staged and provided in a manner that supports the orderly expansion of existing townships and the economic provision of infrastructure and services. | DTS/DPF 2.2<br>None are applicable. |
| Community Facilties | |
| PO 3.1<br>Community facilities such as schools, community centres, recreation centres and public open space are co-located within activity centres or with complementary uses to reinforce their role as a focal point for community. | DTS/DPF 3.1<br>None are applicable. |
| PO 3.2<br>Community facilities are located and designed to maximise accessibility by public and/or community transport, walking and cycling. | DTS/DPF 3.2<br>None are applicable. |
| Open Space | |
| PO 4.1<br>The size and distribution of open space encourages recreation and healthy lifestyles. | DTS/DPF 4.1<br>None are applicable. |

| | |
|---|---|
| PO 4.2<br>The quality of open space encourages recreation and healthy lifestyles by including a variety of attractive features such as walking and cycling trails, play spaces, water features, irrigated recreation spaces, sporting infrastructure or public art. | DTS/DPF 4.2<br>None are applicable. |
| Building Height | |
| PO 5.1<br>Buildings generally establish a low rise residential character, with medium rise development appropriate where complementing the scale of the existing township and where a located adjacent activity centres, open space and/or public transport. | DTS/DPF 5.1<br>Buildings (excluding garages, carports and outbuildings) do not exceed the maximum building height nominated on a Building Envelope Plan, or where none exists:<br>(a) a maximum building height of 2 building levels or 9m<br>and<br>(b) a maximum wall height of 6m (except where a gable end). |
| Primary Street Setback | |
| PO 6.1<br>Buildings are setback from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape and integrate development with public open space. | DTS/DPF 6.1<br>Buildings setback from the primary street boundary in accordance with the following table:<br>**Development Context** / **Minimum setback**<br>Where a building envelope plan exists. / Consistent with the building envelope plan.<br>Where the allotment adjoins a public reserve greater than 2000m² (including where the allotment would adjoin a reserve if not separated by a public road), the dwelling faces that reserve and access is provided to the rear of the allotment. / 1.5m<br>In all other cases. / 5m<br>For the purposes of **DTS/DPF 6.1:**<br>(a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback<br>(b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table |
| Secondary Street Setback | |
| PO 7.1<br>Buildings are setback from secondary street boundaries to maintain a pattern of separation between building walls and public thoroughfares and reinforce a streetscape character. | DTS/DPF 7.1<br>Building walls (except for ancillary buildings and structures) are set back consistent with a building envelope plan, or where none exists at least 900mm from the boundary of the allotment with the secondary street frontage. |
| Boundary Walls | |
| PO 8.1<br>Boundary walls are limited in height and length to manage impacts on adjoining properties. | DTS/DPF 8.1<br>Building walls (except for ancillary buildings and structures) on side boundaries are consistent with a building envelope plan, or satisfy (a) or (b):<br>(a) adjoin or abut a boundary wall of a building on adjoining land for the same, or lesser length and height<br>or<br>(b) do not:<br>(i) exceed 3.0m in wall height<br>(ii) exceed 11.5m in length<br>(iii) with respect to all boundary walls on the same boundary, exceed 45% of the total length of the boundary<br>(iv) encroach within 3m of any other existing or proposed boundary walls on the subject land. |
| Side Boundary Setback | |
| PO 9.1<br>Buildings are set back from side boundaries to provide:<br>(a) separation between buildings in a way that complements the emerging character of the locality<br>(b) access to natural light and ventilation for neighbours. | DTS/DPF 9.1<br>Building walls not sited on side boundaries are set back from side boundaries consistent with a building envelope plan, or are set back in accordance with the following:<br>(a) where the wall height does not exceed 3m - at least 900mm<br>(b) for a wall that is not south facing and the wall height exceeds 3m - at least 900mm from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings<br>(c) for a wall that is south facing and the wall height exceeds 3m - at least 1.9m from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the top of the footings. |
| Rear Boundary Setback | |
| PO 10.1<br>Buildings are set back from rear boundaries to provide:<br>(a) separation between buildings in a way that complements the emerging character of the locality<br>(b) access to natural light and ventilation for neighbours<br>(c) open space recreational opportunities<br>(d) space for landscaping and vegetation. | DTS/DPF 10.1<br>Building walls are set back from the rear boundary consistent with a building envelope plan, or at least:<br>(a) 3m for the first building level or 0m where the rear boundary adjoins a laneway<br>(b) 5m for any second building level or 0m where the rear boundary adjoins a laneway<br>(c) 5m plus any increase in wall height over 7m for buildings three building levels and above. |
| Site Dimensions and Land Division | |
| PO 11.1<br>Allotments created for residential purposes are of a suitable size and dimension and accommodate a diverse range of housing choices. | DTS/DPF 11.1<br>None are applicable |
| PO 11.2<br>Allotments created for residential purposes are a suitable size and dimension to accommodate dwellings that are functional and provide a high standard of residential amenity for occupants. | DTS/DPF 11.2<br>Allotments not connected to mains sewer or an approved common waste water disposal service accord with the following:<br>(a) site areas are not less 1200m2<br>(b) site frontages are not less than 20m. |
| PO 11.3<br>Sites for residential purposes are consistent with an authorised plan of division, Concept Plan or master plan. | DTS/DPF 11.3<br>Development will not result in more than 1 dwelling on an existing allotment. |
| Land Division Pattern | |
| PO 12.1<br>Street patterns and pedestrian and cycle connections designed to reduce travel distances to open space, public transport, activity centres and community facilities and assist to create low speed environments in local streets. | DTS/DPF 12.1<br>None are applicable |
| PO 12.2<br>Development provides an appropriate transition with the existing township and the interface with rural land. | DTS/DPF 12.2<br>None are applicable. |
| Tree Canopy | |
| PO 13.1<br>Tree planting provided on public streets and public open space to create a comfortable micro-climate and improve the amenity of the neighbourhood. | DTS/DPF 13.1<br>None are applicable. |
| Concept Plans | |
| PO 14.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 – Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development, provision of infrastructure and the location of new activity centres. | DTS/DPF 14.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary (where defined). The following Concept Plans are relevant:<br>**Description**<br>Concept Plan 17 - Angle Vale<br>Concept Plan 18 - Playford North<br>Concept Plan 19 - Playford North Infrastructure<br>Concept Plan 21 - Virginia<br>Concept Plan 22 - Virginia Infrastructure<br>Concept Plan 16 - Angle Vale Infrastructure<br>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints<br>Concept Plan 99 - Two Wells<br>Concept Plan 104 - Aldinga Beach<br>Concept Plan 131 - Middleton<br>In relation to DTS/DPF 14.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 14.1 is met. |
| Advertising and Display Homes | |

| | |
|---|---|
| PO 15.1<br>Advertising is limited to temporary displays to promote the sale of land and buildings within the zone. | DTS/DPF 15.1<br>Advertisements:<br>(a) are of a temporary nature and will be removed within 2 years from the date of installation and<br>(b) promote the sale of land or buildings within the zone. |
| PO 15.2<br>Display homes provide sufficient car parking. | DTS/DPF 15.2<br>None are applicable. |
| Earthworks and Sloping Land | |
| PO 16.1<br>Development, including any associated driveways and access tracks, minimises the need for earthworks to limit disturbance to natural topography. | DTS/DPF 16.1<br>Earthworks associated with development are consistent with a building envelope plan, or do not involve:<br>(a) excavation exceeding a vertical height of 1m<br>(b) filling exceeding a vertical height of 1m<br>(c) a total combined excavation and filling vertical height of 2m or more. |
| Ancillary Structures and Buildings | |
| PO 17.1<br>Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of buildings on the site or neighbouring properties. | DTS/DPF 17.1<br>Ancillary buildings and structures satisfy (a) to (j), inclusive:<br>(a) are ancillary to a dwelling erected on the same site<br>(b) have a floor area not exceeding 60m2<br>(c) are not constructed, added to or altered so that any part is situated:<br>(i) in front of any part of the building line of the dwelling to which it is ancillary or<br>(ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)<br>(d) in the case of a garage or carport, the garage or carport:<br>(i) is set back at least 5.5m from the boundary of the primary street<br>(ii) when facing a primary street or secondary street, has a total door / opening not exceeding:<br>A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser<br>B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width<br>(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:<br>(i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and<br>(ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary<br>(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure<br>(h) have a wall height or post height not exceeding 3m above natural ground level (and not including a gable end)<br>(i) have a roof height where no part of the roof is more than 5m above the natural ground level<br>(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour. |
| PO 17.2<br>Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements and do not result in over-development of the site. | DTS/DPF 17.2<br>Ancillary buildings and structures do not result in:<br>(a) less private open space than specified in Design Table 1 - Private Open Space<br>(b) less car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |
| PO 17.3<br>Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties. | DTS/DPF 17.3<br>Non-residential ancillary buildings and structures satisfy (a) to (j), inclusive:<br>(a) are ancillary and subordinate to an existing non-residential use on the same site<br>(b) have a floor area not exceeding the following:<br>Allotment size: ≤500m² — Floor area: 60m²<br>Allotment size: >500m² — Floor area: 80m²<br>(c) are not constructed, added to or altered so that any part is situated:<br>(i) in front of any part of the building line of the main building to which it is ancillary or<br>(ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)<br>(d) in the case of a garage or carport, the garage or carport:<br>(i) is set back at least 5.5m from the boundary of the primary street<br>(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:<br>(i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary<br>(ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary<br>(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure<br>(h) have a wall height (or post height) not exceeding 3m (and not including a gable end)<br>(i) have a roof height where no part of the roof is more than 5m above the natural ground level<br>(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour. |
| Private Open Space | |
| PO 18.1<br>Dwellings are provided with suitable sized areas of usable private open space to meet the needs of occupants. | DTS/DPF 18.1<br>Dwellings are provided with a minimum area of private open space nominated on a building envelope plan, or in accordance with Design in Urban Areas Table 1 - Private Open Space. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Air handling unit, air conditioning system or exhaust fan<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The item will be installed on or within an existing dwelling.<br>2. The item being installed does not encroach on a public street.<br>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush.<br>2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels).<br>3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Carport<br>Except where any of the following apply: | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. |

| | |
|---|---|
| • Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or identified on an approved building envelope plan in relation to the relevant site/allotment.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.<br>5. Total floor area - does not exceed 40m$^2$.<br>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).<br>7. Building height - does not exceed 5m.<br>8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.<br>9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.<br>10. Door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the<br>11. The carport is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site.<br>12. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.<br>13. Does not involve the clearance of native vegetation |
| Detached dwelling<br>Except where any of the following apply:<br><br>• Character Area Overlay<br>• Heritage Adjacency Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Development will not result in more than 1 dwelling on:<br>(a) an existing allotment<br>or<br>(b) an allotment granted development authorisation under the Planning, Development and Infrastructure Act 2016<br>2. A building envelope plan has been approved in relation to the relevant site/allotment.<br>3. No part of a dwelling (excluding open structures such as verandahs, porticos and eaves) will protrude beyond the relevant building envelope plan.<br>4. A dwelling does not exceed the building height nominated on the relevant building envelope plan, or where none is specified, does not exceed:<br>(a) a maximum building height of 2 building levels or 9m<br>(b) a wall height of 7m (except where a gable end).<br>5. Each dwelling with a frontage to a public street:<br>(a) includes at least one window facing the primary street from a habitable room<br>and<br>(b) has an aggregate window area of at least 2m$^2$ facing the primary street.<br>6. Upper level windows facing side or rear boundaries shared with another residential allotment/site:<br>(a) are permanently obscured to a height of 1.5m above finished floor level and are fixed or not capable of being opened more than 125mm<br>(b) have sill heights greater than or equal to 1.5m above finished floor level<br>and/or<br>(c) incorporate screening to a height of 1.5m above finished floor level.<br>7. If the dwelling exceeds 1 building level, any balconies satisfy one of the following:<br>(a) the longest side of the balcony or terrace will face a public road, public road reserve or public reserve (or combination of) that is at least 15 metres wide in all places faced by the balcony or terrace<br>or<br>(b) all sides of balconies or terraces on upper building levels are permanently obscured by screening with a maximum 25% transparency/openings fixed to a minimum height of:<br>(i) 1.5m above finished floor level there the balcony is located at least 15 metres from the nearest habitable window of a dwelling on adjacent land<br>or<br>(ii) 1.7m above finished floor level in all other cases.<br>8. Private open space is consistent with the minimum area of private open space nominated on a building envelope plan, or is provided in accordance with the following:<br>(a) Total private open space area:<br>(i) Site area <301m2: 24m2 located behind the building line.<br>(ii) Site area ≥301m2: 60m2 located behind the building line.<br>(b) Minimum directly accessible from a living room: 16m2 / with a minimum dimension 3m<br>9. Dwellings provide car parking spaces on-site at a rate no less than:<br>(a) 1 bedroom dwelling - 1 space per dwelling.<br>(b) 2 or more bedroom dwelling - 2 spaces per dwelling, 1 of which is covered.<br>10. Vehicle access to car parking spaces is located consistent with that shown on the relevant building envelope plan, or is located:<br>(a) 500mm or more from any street furniture, street pole, infrastructure services pit, or other stormwater or utility infrastructure unless consent is provided from the infrastructure owner;<br>(b) 2m or more from the base of the trunk of a street tree unless consent is provided from the tree owner;<br>(c) 6m or more from the tangent point of an intersection of 2 or more roads or a pedestrian-actuated crossing<br>(d) so that access is not obtained from, and is located at least 25m from the tangent point of any State Maintained Road.<br>11. Driveways are designed and sited so that:<br>(a) the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the garage or carport is not steeper than 1:4 on average<br>(b) they are aligned relative to the street boundary so that there is no more than a 20 degree deviation from 90 degrees between the centreline of any dedicated car parking space to which it provides access (measured from the front of that space) and the street boundary.<br>12. Development does not involve:<br>(a) excavation exceeding a vertical height of 1m<br>(b) filling exceeding a vertical height of 1m<br>or<br>(c) a total combined excavation and filling vertical height of 2m or more.<br>13. One of the following is satisfied:<br>(a) a declaration is provided by or on behalf of the applicant to the effect that the proposal would not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996<br>or<br>(b) there are no aboveground powerlines adjoining the site that are the subject of the proposed development.<br>14. A dwelling is connected, or will be connected, to a reticulated water scheme or mains water supply with the capacity to meet the requirements of the development.<br>15. Development is connected, or will be connected, to an approved common waste water disposal service with the capacity to meet the requirements of the development.<br>16. Where the Native Vegetation Overlay or State Significant Native Vegetation Overlay applies in relation to the relevant site/allotment, the application is accompanied by:<br>(a) a declaration stating that the proposal will not, or would not, involve clearance of native vegetation under the Native Vegetation Act 1991, including any clearance that may occur:<br>(b) in connection with a relevant access point and / or driveway<br>(c) within 20m of a dwelling for fire prevention and control<br>(d) within 50m of residential accommodation in connection with a requirement under a relevant overlay to establish an asset protection zone in a bushfire prone area<br>(e) a report prepared in accordance with Regulation 18(2)(a) of the Native Vegetation Regulations 2017 that establishes that the clearance is categorised as 'Level 1 clearance'.<br>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Fence and retaining wall structure<br>Except where any of the following apply:<br><br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The retaining wall retains a difference in ground levels not exceeding 1 metre (measured from the lower of the 2 adjoining finished ground levels).<br>2. The total combined height of the fence and retaining wall structure is less than 2.8 metres in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The structure is located behind the building line of the associated dwelling and any dwelling on adjoining land.<br>4. The structure is not located on a secondary street boundary.<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.<br>6. The structure will not materially result in the collection or diversion of surface water flowing over land or water flowing in a watercourse. |
| Outbuilding<br>Except where any of the following apply: | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*. |

| | |
|---|---|
| • Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or identified on an approved building envelope plan in relation to the relevant site/allotment.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.<br>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).<br>6. Total floor area - does not exceed 40m$^2$.<br>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).<br>8. Building height - does not exceed 5m.<br>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.<br>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.<br>11. If the outbuilding is a garage - door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)<br>12. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>13. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.<br>14. Does not involve-<br>(a) excavation exceeding a vertical height of 1 metre; or<br>(b) filling exceeding a vertical height of 1 metre,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.<br>15. Does not involve the clearance of native vegetation.<br>16. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None. |
| Private bushfire shelter<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. Primary street setback - at least as far back as the building to which it is ancillary.<br>4. Secondary street setback - at least 900mm from the boundary of the allotment.<br>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)<br>6. Does not involve the clearance of native vegetation. |
| Shade sail<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. Shade sail consists of permeable material.<br>4. The total area of the sail - does not exceed 40m$^2$.<br>5. No part of the shade sail will be:<br>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment<br>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment.<br>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary.<br>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11.5m.<br>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.<br>9. Does not involve the clearance of native vegetation.<br>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.<br>3. Panels and associated components do not overhang any part of the roof.<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Swimming pool or spa pool and associated swimming pool safety features<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.<br>4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).<br>5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.<br>6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:<br>(a) not less than 5m where the filtration system is located inside a solid acoustic structure; or<br>(b) not less than 12m in any other case.<br>7. Does not involve the clearance of native vegetation.<br>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Verandah<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or identified on an approved building envelope plan in relation to the relevant site/allotment.<br>4. Primary street setback - as far back as the building line of the building to which it is ancillary.<br>5. Total floor area - does not exceed 40m$^2$.<br>6. Post height - does not exceed 3m measured from natural ground level.<br>7. Building height - does not exceed 5m.<br>8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment.<br>9. Does not involve the clearance of native vegetation |
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. The tank is part of a roof drainage system.<br>4. Total floor area - not exceeding 15m$^2$.<br>5. The tank is located wholly above ground.<br>6. Tank height - does not exceed 4m above natural ground level.<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary.<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.<br>9. Does not involve the clearance of native vegetation. |
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>2. The tank (including any associated pump) is located wholly below the level of the ground.<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| Ancillary accommodation<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Bushfire - General) Overlay<br>• Hazards (Bushfire - High Risk) Overlay<br>• Hazards (Bushfire - Medium Risk) Overlay<br>• Hazards (Bushfire - Regional) Overlay<br>• Hazards (Flooding) Overlay<br>• Heritage Adjacency Overlay<br>• Historic Area Overlay<br>• Interface Management Overlay<br>• Local Heritage Place Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay<br>• Ramsar Wetlands Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• Significant Interface Management Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None | Transport, Access and Parking [Corner Cut-Offs]<br>DTS/DPF 10.1<br><br>Infrastructure and Renewable Energy Facilities [Wastewater Services]<br>DTS/DPF 12.2, DTS/DPF 12.1<br><br>Design in Urban Areas [All residential development and non-residential development [Ancillary Development]]<br>DTS/DPF 19.4, DTS/DPF 19.2<br><br>Design in Urban Areas [All Development [Earthworks and sloping land]]<br>DTS/DPF 8.1<br><br>Clearance from Overhead Powerlines<br>DTS/DPF 1.1 | None | Resource Extraction Protection Area Overlay [Protection of Strategic Resources]<br>DTS/DPF 1.1<br><br>Native Vegetation Overlay [Environmental Protection]<br>DTS/DPF 1.1<br><br>Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]<br>DTS/DPF 1.1<br><br>Hazards (Flooding – General) Overlay [Flood Resilience]<br>DTS/DPF 2.1<br><br>Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]<br>DTS/DPF 2.2<br><br>Hazards (Bushfire - Outback) Overlay [Habitable Buildings]<br>DTS/DPF 1.1<br><br>Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]<br>DTS/DPF 1.1<br><br>Gateway Overlay [Landscape Amenity]<br>DTS/DPF 2.1<br><br>Future Road Widening Overlay [Future Road Widening]<br>DTS/DPF 1.1<br><br>Future Local Road Widening Overlay [Future Road Widening]<br>DTS/DPF 1.1<br><br>Defence Aviation Area Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Building Near Airfields Overlay<br>DTS/DPF 1.3, DTS/DPF 1.2, DTS/DPF 1.1<br><br>Airport Building Heights (Regulated) Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Aircraft Noise Exposure Overlay [Built Form]<br>DTS/DPF 2.1<br><br>Aircraft Noise Exposure Overlay [Land Use and Intensity]<br>DTS/DPF 1.1<br><br>Water Resources Overlay [Water Catchment]<br>DTS/DPF 1.5<br><br>State Significant Native Vegetation Areas Overlay [Environmental Protection]<br>DTS/DPF 1.1<br><br>Scenic Quality Overlay [Earthworks]<br>DTS/DPF 4.1 |

Future Road Widening Overlay [Future Road Widening]
DTS/DPF 1.1

Gas and Liquid Petroleum Pipelines Overlay [Land Use and Intensity]
DTS/DPF 1.1

Gas and Liquid Petroleum Pipelines (Facilities) Overlay [Safety]
DTS/DPF 1.1

Native Vegetation Overlay [Environmental Protection]
DTS/DPF 1.1

Noise and Air Emissions Overlay [Siting and Design]
DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3

State Significant Native Vegetation Areas Overlay [Environmental Protection]
DTS/DPF 1.1

Traffic Generating Development Overlay [Traffic Generating Development]
DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3

Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
DTS/DPF 1.1

Urban Transport Routes Overlay [Access - On-Site Queuing]
DTS/DPF 2.1

Urban Transport Routes Overlay [Access - (Location Spacing) - Existing Access Point]
DTS/DPF 3.1

Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
DTS/DPF 4.1

Urban Transport Routes Overlay [Access - Location (Sight Lines)]
DTS/DPF 5.1

Urban Transport Routes Overlay [Access – Mud and Debris]
DTS/DPF 6.1

Urban Transport Routes Overlay [Access - Stormwater]
DTS/DPF 7.1

Urban Transport Routes Overlay [Building on Road Reserve]
DTS/DPF 8.1

Urban Transport Routes Overlay [Public Road Junctions]
DTS/DPF 9.1

Urban Transport Routes Overlay [Corner Cut-Offs]
DTS/DPF 10.1

Urban Tree Canopy Overlay
DTS/DPF 1.1

Water Protection Area Overlay [Wastewater]
DTS/DPF 5.1, DTS/DPF 5.2

Water Resources Overlay [Water Catchment]
DTS/DPF 1.5

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
DTS/DPF 1.1

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
DTS/DPF 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
DTS/DPF 2.2

Hazards (Flooding – General) Overlay [Flood Resilience]
DTS/DPF 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
DTS/DPF 1.1

Historic Shipwrecks Overlay [General]
DTS/DPF 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
DTS/DPF 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
DTS/DPF 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
DTS/DPF 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
DTS/DPF 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
DTS/DPF 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
DTS/DPF 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
DTS/DPF 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
DTS/DPF 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
DTS/DPF 9.1

Key Railway Crossings Overlay [Access, Design and Function]
DTS/DPF 1.1

Limited Dwelling Overlay
DTS/DPF 1.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
DTS/DPF 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
DTS/DPF 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
DTS/DPF 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
DTS/DPF 4.1

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

Site Contamination
PO 1.1

Character Preservation District Overlay [Land Use and Intensity]
PO 1.1

Character Preservation District Overlay [Earthworks]
PO 4.1

Coastal Areas Overlay [Land Division]
PO 1.1, PO 1.2, PO 1.3

Coastal Areas Overlay [Hazard Risk Minimisation]
PO 2.3

Coastal Areas Overlay [Coast Protection Works]
PO 3.1, PO 3.2

Coastal Areas Overlay [Environment Protection]
PO 4.2, PO 4.3, PO 4.5, PO 4.6, PO 4.7

Coastal Areas Overlay [Access]
PO 5.1, PO 5.2, PO 5.3, PO 5.4

Coastal Flooding Overlay
PO 1.1

Dwelling Excision Overlay [Land Division]
PO 1.1

Environment and Food Production Areas Overlay
PO 1.1

Future Local Road Widening Overlay [Future Road Widening]
PO 1.1

Future Road Widening Overlay [Future Road Widening]
PO 1.1

Gas and Liquid Petroleum Pipelines Overlay [Land Use and Intensity]
PO 1.1

Gas and Liquid Petroleum Pipelines (Facilities) Overlay [Safety]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Land Division]
PO 4.1, PO 4.2, PO 4.3, PO 4.4

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.1, PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1, PO 1.2

Hazards (Bushfire - High Risk) Overlay [Land Division]
PO 5.1, PO 5.2, PO 5.3, PO 5.4, PO 5.5

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.1, PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Land Division]
PO 4.1, PO 4.2, PO 4.3, PO 4.4

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.1, PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.1, PO 2.2

Hazards (Bushfire - Regional) Overlay [Land Division]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.1, PO 5.2, PO 5.3

Hazards (Bushfire - Urban Interface) Overlay [Land Division]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6

Hazards (Bushfire - Urban Interface) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 2.1

Hazards (Flooding) Overlay [Land Division]
PO 1.1

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Heritage Adjacency Overlay [Land Division]
PO 2.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Land Division]
PO 5.1

Historic Area Overlay [Ruins]
PO 8.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Land Division Overlay [General]
PO 1.1, PO 1.2

Local Heritage Place Overlay [Land Division]
PO 4.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Marine Parks (Managed Use) Overlay [Land Use]
PO 1.1

Marine Parks (Restricted Use) Overlay [Land Use]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.1, PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Land Division]
PO 5.1, PO 5.2

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.3, PO 2.4, PO 2.5

Hazards (Bushfire - General Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1

Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
PO 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - Regional) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Alterations and additions]
PO 3.1, PO 3.2

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Dwelling Overlay
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Noise and Air Emissions Overlay [Siting and Design]
PO 1.1, PO 1.2, PO 1.3

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Shop | Any of the following:<br>(a) shop with a gross leasable floor area less than 1000m$^2$<br>(b) shop that is a restaurant<br>(c) shop located in an Activity Centre. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A) | Exceptions<br>(Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by:<br>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies<br>or<br>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following:<br>1. residential flat building(s) of 3 or more building levels<br>2. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>3. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 3. Any development involving any of the following (or of any combination of any of the following) where **not** located in an activity centre within the Emerging Township Activity Centre Subzone:<br>(a) ancillary accommodation<br>(b) child care facility<br>(c) co-living<br>(d) community facility<br>(e) display home<br>(f) dwelling<br>(g) dwelling addition<br>(h) educational facility<br>(i) indoor recreation facility<br>(j) residential flat building<br>(k) retirement facility<br>(l) supported accommodation. | Except development that:<br>1. does not satisfy Master Planned Township Zone DTS/DPF 5.1<br>or<br>2. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where where in accordance with a building envelope plan or the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 4. Any development involving any of the following (or of any combination of any of the following) where located on a significant retirement facility and supported accommodation site:<br>(a) retirement facility<br>(b) supported accommodation. | Except development that:<br>1. exceeds 4 building levels or 15 m in height<br>or<br>2. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 2.2<br>or<br>3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where where in accordance with a building envelope plan or the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 5. Any development involving any of the following (or of any combination of any of the following) where **not** located in an activity centre within the Emerging Township Activity Centre Subzone<br>(a) consulting room<br>(b) office<br>(c) shop. | Except development that:<br>1. does not satisfy any of the following:<br>(a) Master Planned Township Zone DTS/DPF 1.4<br>(b) Master Planned Township Zone DTS/DPF 5.1<br>or<br>2. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 6. Any development involving any of the following (or of any combination of any of the following) where located on a significant retirement facility and supported accommodation site:<br>(a) consulting room<br>(b) office<br>(c) shop. | Except development that:<br>1. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 1.2<br>or<br>2. exceeds 4 building levels or 15 m in height<br>or<br>3. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 2.2<br>or<br>4. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where where in accordance with a building envelope plan or the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 7. Advertisement where **not** located in an activity centre within the Emerging Township Activity Centre Subzone. | Except advertisement that does not satisfy Master Planned Township Zone DTS / DPF 15.1. |
| 8. Any development involving any of the following (or of any combination of any of the following) where located in an activity centre within the Emerging Township Activity Centre Subzone:<br>(a) advertisement<br>(b) ancillary accommodation<br>(c) child care facility<br>(d) cinema<br>(e) community facility<br>(f) consulting room<br>(g) display home<br>(h) dwelling located above a non-residential building level<br>(i) educational facility<br>(j) emergency services establishment<br>(k) health facility<br>(l) hotel<br>(m) indoor recreation facility<br>(n) library<br>(o) office<br>(p) place of worship | Except development that exceeds the maximum building height specified in Emerging Township Activity Centre Subzone DTS/DPF 2.1 or does not satisfy any of the following:<br>1. Emerging Township Activity Centre Subzone DTS/DPF 2.2<br>2. Emerging Township Activity Centre Subzone DTS/DPF 2.3. |

| | |
|---|---|
| (q) public transport terminal<br>(r) retail fuel outlet<br>(s) service trade premises<br>(t) shop<br>(u) tourist accommodation. | |
| 9. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building works<br>(f) land division<br>(g) outbuilding<br>(h) pergola<br>(i) private bushfire shelter<br>(j) recreation area<br>(k) replacement building<br>(l) retaining wall<br>(m) shade sail<br>(n) solar photovoltaic panels (roof mounted)<br>(o) swimming pool or spa pool and associated swimming pool safety features<br>(p) temporary accommodation in an area affected by bushfire<br>(q) tree damaging activity<br>(r) verandah<br>(s) water tank. | None specified. |
| 10. Demolition. | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 11. Railway line. | Except where located outside of a rail corridor or rail reserve. |

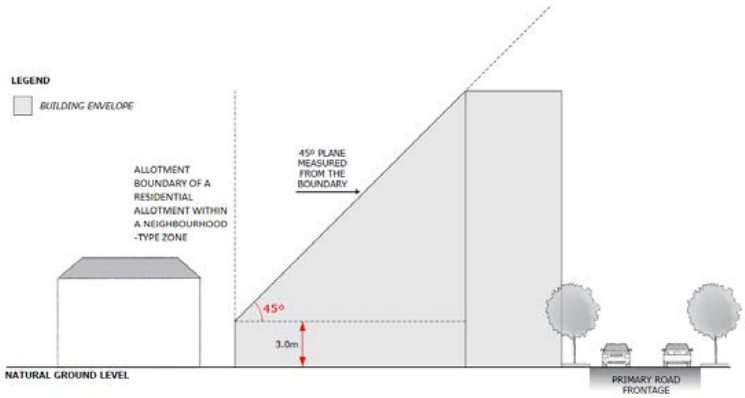
**Placement of Notices - Exemptions for Performance Assessed Development**

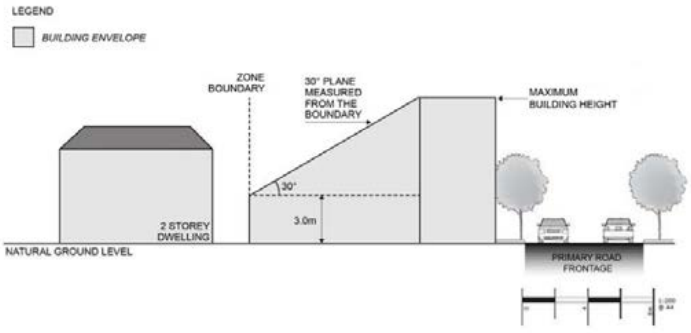
None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

### Emerging Township Activity Centre Subzone





Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO1 | Activity centres, employment, and community services make neighbourhoods a healthy and convenient place to live. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Activity centres within master-planned communities include a range of land uses to provide services at the local and neighbourhood level. | DTS/DPF 1.1<br>Development comprises one or more of the following where located in an Activity Centre:<br>(a) Child care facility<br>(b) Cinema<br>(c) Community facility<br>(d) Consulting room<br>(e) Dwelling located above non-residential development<br>(f) Educational facility<br>(g) Emergency services facility<br>(h) Hospital<br>(i) Hotel<br>(j) Indoor recreation facility<br>(k) Library<br>(l) Office<br>(m) Place of worship<br>(n) Public transport terminal<br>(o) Retail fuel outlet<br>(p) Service trade premises<br>(q) Shop<br>(r) Tourist accommodation.<br>And in any other case, one or more of the following land uses:<br>(a) Ancillary accommodation<br>(b) Child care facility<br>(c) Community facility<br>(d) Consulting room<br>(e) Display home<br>(f) Dwelling<br>(g) Educational facility<br>(h) Indoor recreation facility<br>(i) Office<br>(j) Recreation area<br>(k) Residential flat building<br>(l) Retirement facility<br>(m) Shop<br>(n) Supported accommodation. |
| PO 1.2<br>Land division design designates land for activity centres that is:<br>(a) distributed to maximise convenient access to shopping and services<br>(b) of sufficient size to cater for the anticipated catchment and future population. | DTS/DPF 1.2<br>None are applicable. |
| PO 1.3<br>Land division design ensures activity centres are located to maximise accessibility by public transport, walking and cycling. | DTS/DPF 1.3<br>None are applicable. |
| PO 1.4<br>Land division design ensures activity centres are established in locations that improve accessibility and exposure such as:<br>(a) at an intersection of higher order roads and main movement routes<br>(b) locations that have the highest residential density and pedestrian catchment | DTS/DPF 1.4<br>None are applicable. |

| | |
|---|---|
| or<br>(c) adjacent high frequency public transport. | |
| PO 1.5<br>Within Activity Centres, dwellings are developed only in conjunction with non-residential uses to support business, entertainment and recreational activities. | DTS/DPF 1.5<br>Within Activity Centres, dwellings are developed only in conjunction with non-residential uses and sited:<br>(a) at upper levels of buildings with non-residential uses located at ground level<br>or<br>(b) behind non-residential uses on the same allotment. |
| PO 1.6<br>Activity Centres include a range of non-residential uses such as shops, offices, consulting rooms, educational facilities and community facilities of a scale to support the anticipated future growth of the surrounding neighbourhood. | DTS/DPF 1.6<br>None are applicable. |
| PO 1.7<br>Activity Centres complement the role of established town centres and main streets within townships as the primary location for shopping, administrative, cultural, entertainment and community services. | DTS/DPF 1.7<br>None are applicable. |
| Built Form and Character | |
| PO 2.1<br>A range of low rise buildings within Activity Centres, with the highest intensity of built form sited away from residential development, and lower scale development at the interface with residential development. | DTS/DPF 2.1<br>Buildings within Activity Centres not exceeding the following maximum building heights:<br>(a) where the development is located on land adjacent to an allotment that will be used solely for residential purposes, 2 building levels or 9m<br>(b) in all other cases 3 building levels or 12m. |
| PO 2.2<br>Buildings in Activity Centres mitigate visual impacts of building massing on residential development within a neighbourhood-type zone. | DTS/DPF 2.2<br>Buildings within Activity Centres constructed within a building envelope provided by a 45 degree plane, measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):<br> |
| PO 2.3<br>Buildings in Activity Centres mitigate overshadowing of residential development within a neighbourhood-type zone. | DTS/DPF 2.3<br>Buildings within Activity Centres on sites with a southern boundary adjoining an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:<br> |
| Advertising | |
| PO 3.1<br>Advertisements are sited and designed to achieve an overall consistency and appearance along individual street frontages. | DTS/DPF 3.1 |
| PO 3.2<br>Freestanding advertisements:<br>(a) are of a size that is commensurate with the scale of the centre and the street frontage<br>(b) avoid visual clutter<br>(c) positively respond to the context without dominating the locality. | DTS/DPF 3.2<br>None are applicable. |

## Motorsport Park Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | Development primarily for and associated with:<br>(a) state-of-the-art motorsport facilities including sealed and non-sealed racing circuits and strips, spectator facilities and services and accommodation for visitors, event participants, motoring enthusiasts and workers<br>(b) tourism, recreation, leisure, sports and cultural events and activities. |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br><br>Multi-discipline motorsport facilities; a complementary range of logistical, industry, motor vehicle service, recreation, leisure, sports, cultural, tourist and spectator facilities; and associated administrative and other business functions contributing to the zone as a destination for motorsport events, racing enthusiasts, event spectators and innovation in motorsports. | DTS/DPF 1.1<br><br>Development (other than where a referral is required under Part 9 - Referrals of the Planning and Design Code) comprises one or more of the following:<br><br>(a) Advertisement<br>(b) Amenities block including shower, toilet and laundry facilities<br>(c) Automotive collision repair<br>(d) Caravan and tourist park<br>(e) Driver Training facility<br>(f) Dwellings providing accommodation for non-permanent residents<br>(g) Function venue<br>(h) Indoor recreation facility<br>(i) Industry (except special industry)<br>(j) Motor repair station<br>(k) Motorsport tracks, racing circuits, drag strips, trackside refuelling, testing tracks and facilities, pits, workshops, control tower and ancillary facilities<br>(l) Office in association with another non-residential use<br>(m) Parking areas ancillary to and in association with motorsport circuits, strips and track facilities<br>(n) Recreation and amusement areas, activities and facilities<br>(o) Retail fuel outlet<br>(p) Shop<br>(q) Special events, sporting events and festivals<br>(r) Tourist accommodation<br>(s) Workers' accommodation. |
| PO 1.2<br><br>Shops which enhance services and amenities at a scale that complements the role of shopping and business services in the nearby town of Tailem Bend. | DTS/DPF 1.2<br><br>Shop that meets any of the following:<br><br>(a) it has a gross leasable floor area not exceeding 500m$^2$<br>(b) it is a restaurant. |
| PO 1.3<br><br>Shops are integrated with a motorsport circuit, strip and track facilities or clustered with other business activities to aggregate services for the convenience of motorsport and tourism industry workers and motorsport spectators and enthusiasts, tourists and event spectators. | DTS/DPF 1.3<br><br>Shop that meets the following:<br><br>(a) it is located on the same allotment as a motorsport track, racing circuit or drag strip<br>or<br>(b) it is located on a site that is adjacent to an existing shop or another non-residential use with the same primary street frontage. |
| PO 1.4<br><br>Alterations or extensions to a motorsport circuits or strip do not unreasonably impact the amenity of existing dwellings on land in an adjacent zone. | DTS/DPF 1.4<br><br>Motorsport circuit or strip (including alterations and extensions) does not encroach closer to a relevant boundary of the zone or an existing dwelling in an adjacent zone than a 30-metre buffer surrounding any existing relevant circuit or strip. |
| PO 1.5<br><br>Workers' accommodation that is associated with and ancillary to motorsport tracks, racing circuits, drag strips, and tourist accommodation for the efficient management and maintenance of those activities and to support spectator events and festivals. | DTS/DPF 1.5<br><br>Workers' accommodation that is associated with motorsport tracks, racing circuits, drag strips or tourist accommodation. |
| PO 1.6<br><br>Dwellings that are associated with a non-residential use to provide accommodation of a temporary nature for event spectators and motorsport enthusiasts to manage potential adverse impacts from impact generating activities in the zone on residents and support the ongoing use of the zone for motorsport and other events. | DTS/DPF 1.6<br><br>Dwellings that meet the following:<br><br>(a) it is incorporated into a building that includes a vehicle garage, workshop or showroom<br>and<br>(b) it will not be a principal place of residence. |
| PO 1.7<br><br>Retail fuel outlets which do not hinder the movements of public roads and which do not have adverse impacts upon the environment. | DTS/DPF 1.7<br><br>A retail fuel outlet (including additions and alterations) that meets the following:<br><br>(a) utilises an existing access to a public road<br>and<br>(b) has received any required licences under the Environment Protection Act and are provided with the application. |
| PO 1.8<br><br>Commercial or industrial development with the potential to generate adverse emissions are grouped together to establish identifiable precincts to manage impacts on those parts of the zone used for visitor and non-permanent resident accommodation or events to enhance the amenity for motorsport enthusiasts and visitors. | DTS/DPF 1.8<br><br>Development comprising industry, motor repair station, automotive collision repair and the like are located:<br><br>(a) on an allotment, or within an area, identified in an approved plan of division as intended to be used for industry, motor repair station, automotive collision repair or the like<br>(b) adjacent to a site containing an existing industry, motor repair station, automotive collision repair or similar activity facing the same primary street<br>(c) is associated with and located on the same allotment as a motorsport track, racing circuits or drag strip. |
| Built Form and Character | |
| PO 2.1<br><br>Buildings and main activity areas are setback from zone boundaries to moderate the appearance of buildings within the predominant open landscape setting and accommodate provision for landscaping, or landscaping and mounding, to enhance the appearance of the zone when viewed from adjacent areas and public roads. | DTS/DPF 2.1<br><br>An area at least 3m wide is provided within the development site for landscaping along any boundary on the perimeter of the zone fronting a public road or thoroughfare, other than to accommodate a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land. |
| PO 2.2<br><br>Spectator viewing structures are setback from zone boundaries and use finishes to moderate the appearance of structures to enhance the appearance of the zone when viewed from adjacent areas and public roads. | DTS/DPF 2.2<br><br>Spectator viewing structures satisfy all of the following:<br><br>(a) do not exceed 10m in height<br>(b) are setback at least 30m from the zone boundaries<br>(c) utilise non-reflective materials and finishes. |
| Land Division | |
| PO 3.1<br><br>Land division that supports the delivery and ongoing operation of motorsport tracks, racing circuits, drag strips and associated and ancillary activities, together with a complementary range of uses that contribute to innovation in motorsports and provides accommodation and facilities for racing enthusiasts, event spectators and visitors. | DTS/DPF 3.1<br><br>None are applicable |
| PO 3.2<br><br>Land division is designed to:<br><br>(a) minimise fire risk danger to occupants of buildings and firefighting personnel;<br>(b) minimise the potential risk of damage to buildings and other property during a bushfire; and<br>(c) ensure each allotment contains a suitable building envelope that is located away from any vegetation that would pose an unacceptable risk in the event of bushfire. | DTS/DPF 3.2<br><br>None are applicable |
| Advertisements | |
| PO 4.1<br><br>Freestanding advertisements providing information about motorsport facilities and / or events are of a suitable scale to clearly identify the main public entranceways to those motorsport facilities from major public roads. | DTS/DPF 4.1<br><br>Freestanding advertisements do not exceed 15m in height. |
| Road and vehicle parking areas | |
| PO 5.1<br><br>Roadways, internal driveways and vehicle parking areas (except overflow parking areas for events) are designed and surfaced to control dust emissions to reduce impacts on adjacent land uses. | DTS/DPF 5.1<br><br>Roadways and vehicle parking areas (except overflow parking areas for events) are sealed. |
| PO 5.2<br><br>Vehicle parking for events and festivals caters for the expected maximum number of visitors, is conveniently located and does not cause undue disruption for other land uses and activities in the locality. | DTS/DPF 5.2<br><br>None are applicable |
| Landscaping | |
| PO 6.1<br><br>Existing vegetation along external boundaries of the zone is retained to assist in screening buildings in the zone and maintain the amenity of the locality when viewed from public roads and adjacent land in another zone. | DTS/DPF 6.1<br><br>None are applicable. |

| Concept Plans | |
|---|---|
| PO 7.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 7.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br>In relation to DTS/DPF 7.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Advertisement | 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The development meets one of the following:<br>(a) no part of the advertisement and associated advertising hoarding, when installed, will be able to be seen by a person standing at ground level in a public street or thoroughfare adjacent to the boundary of the zone<br>(b) in any other case, the advertisement and any associated advertising hoarding:<br>(i) if it is attached to a building, it does not exceed the wall height of the associated building<br>(ii) if it is freestanding, it does not exceed 15m in height from natural ground level and is setback:<br>A. at least 10m from an arterial road<br>B. in any other case, at least 30m from the zone boundary<br>(iii) will display information limited to any of the following:<br>A. a lawful use of land within the zone<br>B. an event or festival that is to take place in the zone<br>C. community or road safety<br>4. If located on a site adjacent to a road on the perimeter of the zone, it is not illuminated and does not move or flash<br>5. It does not encroach on public land<br>6. It does not involve the clearance of native vegetation. |
| Air handling unit, air conditioning system or exhaust fan | 1. The item will be installed on or within an existing building<br>2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire<br>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Brush fence | 1. The fence is formed (wholly or partially) from brush<br>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) |
| Building alterations | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land | 1. Building work is associated with a railway<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation |
| Carport | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The carport:<br>(a) is located so that vehicle access is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land<br>(b) does not involve altering a lawfully existing access point<br>4. Does not involve the clearance of native vegetation. |
| Dwelling addition | 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Does not involve the clearance of native vegetation. |
| Museum | 1. The development would not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The museum:<br>(a) is located so that vehicle access is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land<br>(b) does not involve altering a lawfully existing access point<br>4. Does not involve the clearance of native vegetation. |
| Outbuilding | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The garage:<br>(a) is located so that vehicle access is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land<br>(b) does not involve altering a lawfully existing access point<br>4. Does not involve the clearance of native vegetation |
| Partial demolition of a building or structure | None |
| Shade sail | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Does not involve the clearance of native vegetation |
| Solar photovoltaic panels (roof mounted) | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof<br>3. Panels and associated components do not overhang any part of the roof<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Swimming pool or spa pool and associated swimming pool safety features | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996.*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Does not involve the clearance of native vegetation<br>4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature). |
| Verandah | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Does not involve the clearance of native vegetation. |
| Water tank (above ground) | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system |

| | |
|---|---|
| | 3. The tank is part of a roof drainage system<br>4. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour<br>5. Does not involve the clearance of native vegetation. |
| Water tank (underground) | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>2. The tank (including any associated pump) is located wholly below the level of the ground<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| None specified | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A) | Exceptions<br>(Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All classes of performance assessed development. | Except development involving any of the following:<br>1. airstrip<br>2. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>3. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building)<br>4. development within 30m of the boundaries of the Zone<br>5. helicopter landing facility<br>6. shop with a gross leasable floor area greater than $500m^2$<br>7. wind farm. |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) land division<br>(f) outbuilding<br>(g) pergola<br>(h) private bushfire shelter<br>(i) retaining wall<br>(j) shade sail<br>(k) solar photovoltaic panels (roof mounted)<br>(l) swimming pool or spa pool and associated swimming pool safety features<br>(m) verandah<br>(n) water tank. | None specified. |
| 4. Railway line. | Except where located outside of a rail corridor or rail reserve. |
| **Placement of Notices - Exemptions for Performance Assessed Development** | |
| None specified. | |
| **Placement of Notices - Exemptions for Restricted Development** | |
| None specified. | |

## Neighbourhood Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | Housing supports a range of needs and complements the existing local context. Services and community facilities contribute to making a convenient place to live without compromising the residential amenity and character of the neighbourhood. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Predominantly residential development with complementary non-residential uses that support an active, convenient, and walkable neighbourhood. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Ancillary accommodation<br>(b) Child care facility<br>(c) Co-living<br>(d) Community facility<br>(e) Consulting room<br>(f) Dwelling<br>(g) Educational facility<br>(h) Office<br>(i) Outbuilding<br>(j) Recreation area<br>(k) Retirement facility<br>(l) Shop<br>(m) Supported accommodation. |
| PO 1.2<br>Commercial activities improve community access to services are of a scale and type to maintain residential amenity. | DTS/DPF 1.2<br>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:<br>(a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied:<br>(i) does not exceed $50m^2$ gross leasable floor area<br>(ii) does not involve the display of goods in a window or about the dwelling or its curtilage<br>(b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following:<br>(i) the building is a State or Local Heritage Place<br>(ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes. |
| PO 1.3<br>Non-residential development is located and designed to improve community accessibility to services, primarily in the form of:<br>(a) small-scale commercial uses such as offices, shops and consulting rooms<br>(b) community services such as educational facilities, community centres, places of worship, child care facilities and other health and welfare services<br>(c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities<br>(d) open space and recreation facilities. | DTS/DPF 1.3<br>None are applicable. |
| PO 1.4<br>Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood. | DTS/DPF 1.4<br>None are applicable. |
| PO 1.5<br>Expansion of existing community services such as educational facilities, community facilities and child care facilities in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood. | DTS/DPF 1.5<br>Alteration of or addition to existing educational facilities, community facilities or child care facilities where all the following are satisfied:<br>(a) set back at least 3m from any boundary shared with a residential land use<br>(b) building height not exceeding 1 building level<br>(c) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration<br>(d) off-street vehicular parking exists or will be provided in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |

Site Dimensions and Land Division

PO 2.1

Allotments/sites created for residential purposes are consistent with the density and dimensions expressed in any relevant *Minimum Site Area Technical and Numeric Variation* and *Minimum Frontage Technical and Numeric Variation*, or are otherwise generally consistent with the prevailing pattern of development in the locality and suitable for their intended use.

DTS/DPF 2.1

Development will not result in more than 1 dwelling on an existing allotment

or

Allotments/sites for residential purposes accord with the following:

(a) where allotments/sites are connected to mains sewer or a Community Wastewater Management System:
  (i) site areas (or allotment areas in the case of land division) are not less than the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building):

| **Minimum Site Area** |
|---|
| Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 1,000 sqm; row dwelling is 1,000 sqm; group dwelling is 1,000 sqm; residential flat building is 1,000 sqm |
| Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 600 sqm; row dwelling is 400 sqm; group dwelling is 500 sqm |
| Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 600 sqm; row dwelling is 450 sqm; group dwelling is 1,200 sqm; residential flat building is 450 sqm |
| Minimum site area for a detached dwelling is 1,200 sqm; semi-detached dwelling is 450 sqm; row dwelling is 350 sqm; group dwelling is 350 sqm; residential flat building is 350 sqm |
| Minimum site area for a detached dwelling is 1,500 sqm; group dwelling is 1,500 sqm |
| Minimum site area for a detached dwelling is 270 sqm; semi-detached dwelling is 220 sqm; row dwelling is 180 sqm; group dwelling is 250 sqm; residential flat building is 200 sqm |

| | In relation to DTS/DPF 2.1, in instances where:<br>(c) more than one value is returned in the same field, refer to the *Minimum Frontage Technical and Numeric Variation* layer or *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development<br>(d) no value is returned for DTS/DPF 2.1(a)(i) and/or (ii) (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy<br>(e) no value is returned for DTS/DPF 2.1(b)(i)(B) and/or 2.1(b)(ii)(B), the value for DTS/DPF 2.1(b)(i)(B) and/or 2.1(b)(ii)(B) is zero. |
| PO 2.2<br>Development results in sites suitable for their intended purpose. | DTS/DPF 2.2<br>Where the site of a dwelling does not comprise an entire allotment:<br>(a) the balance of the allotment accords with site area and frontage requirements specified in DTS/DPF 2.1 and<br>(b) if there is an existing dwelling on the allotment that will remain on the allotment after completion of the development it will not contravene:<br>(i) Private open space requirements specified in Design Table 1 - Private Open Space<br>(ii) Car parking requirements specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. |
| Site coverage | |
| PO 3.1<br>Building footprints are generally consistent with the prevailing pattern of development and retain sufficient space around buildings to limit visual impact and enable attractive outlook and access to light and ventilation. | DTS/DPF 3.1<br>The development does not result in site coverage exceeding 60% of the site area. |
| Building Height | |
| PO 4.1<br>Building height is consistent with the maximum height expressed in any relevant *Building Height Technical and Numeric Variation,* or are generally consistent with the prevailing character of the locality and complement the height of nearby buildings. | DTS/DPF 4.1<br>Building height (excluding garages, carports and outbuildings) is no greater than:<br>(a) the following: |
| | **Maximum Building Height (Metres)** |
| | Maximum building height is 4m |
| | Maximum building height is 5m |
| | Maximum building height is 6m |
| | Maximum building height is 6.5m |
| | Maximum building height is 7m |
| | Maximum building height is 8m |
| | Maximum building height is 8.2m |
| | Maximum building height is 8.5m |
| | Maximum building height is 9m |
| | Maximum building height is 10m |
| | Maximum building height is 7.5m |
| | Maximum building height is 11m |
| | Maximum building height is 15.1m AHD |

| Maximum Building Height (Metres) |
|---|
| Maximum building height is 8m restricted to 62m AHD |

| Maximum Building Height (Levels) |
|---|
| Maximum building height is 1 level |
| Maximum building height is 2 levels |
| Maximum building height is 3 levels |

(b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 2 building levels up to a height of 9m.

In relation to DTS/DPF 4.1, in instances where:

(a) more than one value is returned in the same field, refer to the *Maximum Building Height (Levels) Technical and Numeric Variation* layer or *Maximum Building Height (Meters) Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development.

(b) only one value is returned for DTS/DPF 4.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.

Primary Street Setback

PO 5.1

Buildings are set back from primary street boundaries consistent with the existing streetscape.

DTS/DPF 5.1

Buildings setback from the primary street boundary in accordance with the following table:

| Development Context | Minimum setback |
|---|---|
| There is an existing building on both abutting sites sharing the same street frontage as the site of the proposed building. | The average setback of the existing buildings. |
| There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is not on a corner site. | The setback of the existing building. |
| There is an existing building on only one abutting site sharing the same street frontage as the site of the proposed building and the existing building is on a corner site. | (a) Where the existing building shares the same primary street frontage – the setback of the existing building<br>(b) Where the existing building has a different primary street frontage - 5m |
| There is no existing building on either of the abutting sites sharing the same street frontage as the site of the proposed building. | 5m |

For the purposes of **DTS/DPF 5.1:**

(a) the setback of an existing building on an abutting site to the street boundary that it shares with the site of the proposed building is to be measured from the closest building wall to that street boundary at its closest point to the building wall and any existing projection from the building such as a verandah, porch, balcony, awning or bay window is not taken to form part of the building for the purposes of determining its setback

(b) any proposed projections such as a verandah, porch, balcony, awning or bay window may encroach not more than 1.5 metres into the minimum setback prescribed in the table.

Secondary Street Setback

PO 6.1

Buildings are set back from secondary street boundaries to maintain a pattern of separation between buildings and public streets and reinforce a consistent streetscape character.

DTS/DPF 6.1

Building walls are set back at least 900mm from the boundary of the allotment with the secondary street frontage.

Boundary Walls

PO 7.1

Walls on boundaries are limited in height and length to manage visual and overshadowing impacts on adjoining properties.

DTS/DPF 7.1

Except where the building is a dwelling and is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on side boundary and satisfy (a) or (b) below:

(a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height

(b) side boundary walls do not:
- (i) exceed 3.2m in wall height from the lower of the natural or finished ground level
- (ii) exceed 11.5m in length
- (iii) when combined with other walls on the boundary of the subject development site, exceed a length equal to 45% of the length of the boundary
- (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land.

PO 7.2

Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a low density streetscape character.

DTS/DPF 7.2

Dwelling walls in a semi-detached, row or terrace arrangement are set back from side boundaries shared with allotments outside the development site at least 900mm.

Side Boundary Setback

PO 8.1

Buildings are set back from side boundaries to provide:

(a) separation between buildings in a way that complements the character of the locality

(b) access to natural light and ventilation for neighbours.

DTS/DPF 8.1

Building walls are set back from the side boundary in accordance with the following:

(a) On sites greater than 800m$^2$:
- (i) at least 1900mm
- (ii) for a wall that is south facing and the wall height exceeds 3m measured from the lower of natural or finished ground level - at least 1.9m from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the lower of natural or finished ground level.

(b) On sites 800m$^2$ or less:
- (i) where the wall height does not exceed 3m measured from the lower of natural or finished ground level - at least 900mm
- (ii) for a wall that is not south facing and the wall height exceeds 3m measured from the lower of natural or finished ground level - at least 900mm from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the lower of natural or finished ground level
- (iii) for a wall that is south facing and the wall height exceeds 3m measured from the lower of natural or finished ground level - at least 1.9m from the boundary of the site plus a distance of 1/3 of the extent to which the height of the wall exceeds 3m from the lower of natural or finished ground level.

Rear Boundary Setback

PO 9.1

Buildings are set back from rear boundaries to provide:

(a) separation between buildings in a way that complements the character of the locality

(b) access to natural light and ventilation for neighbours

(c) private open space

(d) space for landscaping and vegetation.

DTS/DPF 9.1

Building walls (excluding ancillary buildings and structures) are set back from the rear boundary at least:

(a) if the size of the site is less than 301m2—
- (i) 3m in relation to the ground floor of the building
- (ii) 5m in relation to any second building level of the building
- (iii) 5m plus an additional 1m setback added for every 1m height increase above a wall height of 7m.

(b) if the size of the site is 301m2 or more—
- (i) 4m in relation to the ground floor of the building
- (ii) 6m in relation to any second building level of the building
- (iii) 6m plus an additional 1m setback added for every 1m height increase above a wall height of 7m.

Ancillary Buildings and Structures

PO 10.1

Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of buildings on the site or neighbouring properties.

DTS/DPF 10.1

Ancillary buildings and structures satisfy (a) to (k), inclusive:

(a) are ancillary to a dwelling erected on the site

(b) have a floor area not exceeding:
- (i) 60m$^2$ on sites less than 800m$^2$
- (ii) 80m$^2$ on sites 800m$^2$ or more

(c) are not constructed, added to or altered so that any part is situated:
- (i) in front of any part of the building line of the dwelling to which it is ancillary
- (ii) within 5.5m from the boundary of the primary street
- (iii) within 900mm of a boundary of the allotment with a secondary street

(d) in the case of a garage or carport, do not exceed 7m or 50% of the site frontage (whichever is the lesser) when facing a primary street or secondary street

(e) if situated on a boundary (not being a boundary with a primary street or secondary street) do not exceed 11.5m unless:
- (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary
- (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent

(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street) all walls or structures on the boundary do not exceed 45% of the length of that boundary

(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure

| | |
|---|---|
| | (h) have a wall height or post height not exceeding 3m above natural ground level (and not including a gable end)<br>(i) have a roof height where no part of the roof is more than 5m above the natural ground level<br>(j) if clad in sheet metal, are pre-colour treated or painted in a non-reflective colour<br>(k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:<br>(i) a total area as determined by the following table:<br>**Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) ($m^2$)** / **Minimum percentage of site**<br><150 / 10%<br>150-200 / 15%<br>201-450 / 20%<br>>450 / 25%<br>(ii) the amount of existing soft landscaping prior to the development occurring. |
| PO 10.2<br>Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements and do not result in over-development of the site. | DTS/DPF 10.2<br>Ancillary buildings and structures do not result in:<br>(a) less private open space than specified in Design Table 1 - Private Open Space<br>(b) less car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number<br>(c) site coverage exceeding 60%. |
| PO 10.3<br>Buildings and structures that are ancillary to an existing non-residential use do not detract from the streetscape character, appearance of buildings on the site of the development, or the amenity of neighbouring properties. | DTS/DPF 10.3<br>Non-residential ancillary buildings and structures satisfy (a) to (j), inclusive:<br>(a) are ancillary and subordinate to an existing non-residential use on the same site<br>(b) have a floor area not exceeding the following:<br>Allotment size / Floor area<br>≤500$m^2$ / 60$m^2$<br>>500$m^2$ / 80$m^2$<br>(c) are not constructed, added to or altered so that any part is situated:<br>(i) in front of any part of the building line of the main building to which it is ancillary<br>or<br>(ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)<br>(d) in the case of a garage or carport, the garage or carport:<br>(i) is set back at least 5.5m from the boundary of the primary street<br>(e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:<br>(i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary<br>(ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary<br>(g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure<br>(h) have a wall height (or post height) not exceeding 3m (and not including a gable end)<br>(i) have a roof height where no part of the roof is more than 5m above the natural ground level<br>(j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour. |
| Concept Plans | |
| PO 11.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 11.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br>**Description**<br>Concept Plan 73 - Port Vincent<br>Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie<br>Concept Plan 2 - Hurling Drive, Mount Barker<br>Concept Plan 3 - Mount Barker and Littlehampton<br>Concept Plan 71 - Hamley Bridge<br>Concept Plan 1 - Hawthorn Road South Mount Barker<br>Concept Plan 50 - Roseworthy Town Expansion<br>Concept Plan 76 - Infrastructure and Staging - Berri West<br>Concept Plan 72 - Wallaroo, Athena Drive<br>Concept Plan 99 - Two Wells<br>Concept Plan 98 - Mallala<br>Concept Plan 92 - Meadows<br>Concept Plan 91 - Nairne West<br>Concept Plan 90 - Residential - Gardner St, Littlehampton<br>Concept Plan 137 - Port Victoria<br>Concept Plan 147 - Old Bull Creek Road<br>Concept Plan 159 - Lot 42 Hay Flat Road<br>In relation to DTS/DPF 11.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 11.1 is met. |
| Advertisements | |
| PO 12.1<br>Advertisements identify the associated business activity, and do not detract from the residential character of the locality. | DTS/DPF 12.1<br>Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m2 and mounted flush with a wall or fence. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Air handling unit, air conditioning system or exhaust fan<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The item will be installed on or within an existing dwelling.<br>2. The item being installed does not encroach on a public street.<br>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush.<br>2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels).<br>3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved).<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas. |

| | |
|---|---|
| | 2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway.<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Carport<br>Except where any of the following apply:<br>• American River Subzone<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay<br>• Underground Subzone<br>• Wallaroo Landmark Subzone<br>• Waterfront Subzone | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.<br>5. Total floor area - does not exceed 40m$^2$.<br>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).<br>7. Building height - does not exceed 5m.<br>8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.<br>9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.<br>10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment<br>11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)<br>12. The carport is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site.<br>13. If If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour<br>14. Does not involve the clearance of native vegetation<br>15. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:<br>(a) a total area as determined by the following table:<br>**Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m$^2$)** — **Minimum percentage of site**<br><150 — 10%<br>150-200 — 15%<br>201-450 — 20%<br>>450 — 25%<br>(b) the amount of existing soft landscaping prior to the development occurring. |
| Outbuilding<br>Except where any of the following apply:<br>• American River Subzone<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay<br>• Underground Subzone<br>• Wallaroo Landmark Subzone<br>• Waterfront Subzone | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is detached from and ancillary to a dwelling erected on the site.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.<br>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).<br>6. Total floor area - does not exceed 40m$^2$.<br>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).<br>8. Building height - does not exceed 5m.<br>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.<br>10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.<br>11. If the outbuilding is a garage - door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).<br>12. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.<br>13. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State maintained Road, and will use a driveway that:<br>(i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>14. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.<br>15. Does not involve-<br>(a) excavation exceeding a vertical height of 1 metre; or<br>(b) filling exceeding a vertical height of 1 metre,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.<br>16. Does not involve the clearance of native vegetation<br>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas<br>18. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:<br>(a) a total area as determined by the following table:<br>**Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m$^2$)** — **Minimum percentage of site**<br><150 — 10%<br>150-200 — 15%<br>201-450 — 20%<br>>450 — 25%<br>(b) the amount of existing soft landscaping prior to the development occurring. |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None |

Private bushfire shelter
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. Primary street setback - at least as far back as the building to which it is ancillary.
4. Secondary street setback - at least 900mm from the boundary of the allotment.
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)
6. Does not involve the clearance of native vegetation.

Shade sail
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 40m$^2$
5. No part of the shade sail will be:
   (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
   (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11.5m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m$^2$) | Minimum percentage of site |
|---|---|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang any part of the roof.
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool and associated swimming pool safety features
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- Roxby Downs Subzone
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:
   (a) not less than 5m where the filtration system is located inside a solid acoustic structure; or
   (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m$^2$) | Minimum percentage of site |
|---|---|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah
Except where any of the following apply:

- American River Subzone
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m$^2$
6. Post height - does not exceed 3m measured from natural ground level.
7. Building height - does not exceed 5m.
8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment.
9. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.
10. Does not involve the clearance of native vegetation
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m$^2$) | Minimum percentage of site |
|---|---|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)
Except where any of the following apply:

- American River Subzone
- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. The tank is part of a roof drainage system.
4. Total floor area - not exceeding 30m$^2$.
5. The tank is located wholly above ground.
6. Tank height - does not exceed 4m above natural ground level.
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation
10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m$^2$) | Minimum percentage of site |
|---|---|

| | |
|---|---|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

| | |
|---|---|
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>2. The tank (including any associated pump) is located wholly below the level of the ground.<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |
| Ancillary accommodation | Site coverage<br>PO 3.1 | Clearance from Overhead Powerlines<br>PO 1.1<br><br>Design [All development [Earthworks and sloping land]]<br>PO 8.1, PO 8.4<br><br>Design [All residential development and non-residential development [Ancillary Development]]<br>PO 13.2, PO 13.4<br><br>Infrastructure and Renewable Energy Facilities [Wastewater Services]<br>PO 12.1, PO 12.2<br><br>Transport, Access and Parking [Corner Cut-Offs]<br>PO 10.1 | American River Subzone [Land Use and Character]<br>PO 1.1<br><br>Roxby Downs Subzone [Land Use and Intensity]<br>PO 1.1<br><br>Underground Subzone [Land Use and Intensity]<br>PO 1.1, PO 1.2<br><br>Underground Subzone [Side and Rear Boundary Setbacks]<br>PO 2.1, PO 2.2<br><br>Underground Subzone [Earthworks]<br>PO 3.1<br><br>Wallaroo Landmark Subzone [Built Form and Character]<br>PO 2.1, PO 2.3<br><br>Wallaroo Landmark Subzone [Building Height and Setbacks]<br>PO 3.1, PO 3.2, PO 3.3<br><br>Wallaroo Landmark Subzone [Site Coverage]<br>PO 4.1<br><br>Waterfront Subzone [Land Use and Intensity]<br>PO 1.1<br><br>Waterfront Subzone [Built Form and Character]<br>PO 2.3, PO 2.4<br><br>Waterfront Subzone [Site Coverage]<br>PO 3.1 | Aircraft Noise Exposure Overlay [Land Use and Intensity]<br>PO 1.1<br><br>Aircraft Noise Exposure Overlay [Built Form]<br>PO 2.1<br><br>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]<br>PO 1.1<br><br>Airport Building Heights (Regulated) Overlay [Built Form]<br>PO 1.1<br><br>Building Near Airfields Overlay<br>PO 1.3<br><br>Character Area Overlay [All Development]<br>PO 1.1<br><br>Character Area Overlay [Built Form]<br>PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5<br><br>Character Area Overlay [Ancillary Development]<br>PO 4.1, PO 4.2<br><br>Character Area Overlay [Context and Streetscape Amenity]<br>PO 6.1, PO 6.2<br><br>Character Preservation District Overlay [Built Form and Character]<br>PO 2.1, PO 2.2, PO 2.3<br><br>Character Preservation District Overlay [Built Form and Character in the Rural Area]<br>PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5, PO 3.6<br><br>Character Preservation District Overlay [Earthworks]<br>PO 4.1<br><br>Coastal Areas Overlay [Hazard Risk Minimisation]<br>PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5<br><br>Coastal Areas Overlay [Coast Protection Works]<br>PO 3.1, PO 3.2<br><br>Coastal Areas Overlay [Environment Protection]<br>PO 4.1, PO 4.2, PO 4.3, PO 4.4, PO 4.5, PO 4.6, PO 4.7<br><br>Coastal Areas Overlay [Access]<br>PO 5.1, PO 5.2, PO 5.4<br><br>Defence Aviation Area Overlay [Built Form]<br>PO 1.1<br><br>Future Local Road Widening Overlay [Future Road Widening]<br>PO 1.1<br><br>Future Road Widening Overlay [Future Road Widening]<br>PO 1.1<br><br>Gateway Overlay [Built Form and Character]<br>PO 1.1, PO 1.2<br><br>Gateway Overlay [Landscape Amenity]<br>PO 2.1<br><br>Gateway Overlay [Landscaping]<br>PO 3.1, PO 3.2, PO 3.3, PO 3.4<br><br>Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]<br>PO 1.1<br><br>Hazards (Bushfire - General Risk) Overlay [Siting]<br>PO 1.1<br><br>Hazards (Bushfire - General Risk) Overlay [Built Form]<br>PO 2.1, PO 2.2<br><br>Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]<br>PO 3.1, PO 3.2, PO 3.3<br><br>Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]<br>PO 5.1, PO 5.2, PO 5.3<br><br>Hazards (Bushfire - High Risk) Overlay [Land Use]<br>PO 1.1<br><br>Hazards (Bushfire - High Risk) Overlay [Siting]<br>PO 2.1<br><br>Hazards (Bushfire - High Risk) Overlay [Built Form]<br>PO 3.1, PO 3.2<br><br>Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]<br>PO 4.1, PO 4.2, PO 4.3<br><br>Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]<br>PO 6.1, PO 6.2, PO 6.3<br><br>Hazards (Bushfire - Medium Risk) Overlay [Siting]<br>PO 1.1<br><br>Hazards (Bushfire - Medium Risk) Overlay [Built Form]<br>PO 2.1, PO 2.2<br><br>Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]<br>PO 3.1, PO 3.2, PO 3.3<br><br>Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]<br>PO 5.1, PO 5.2, PO 5.3<br><br>Hazards (Bushfire - Outback) Overlay [Habitable Buildings]<br>PO 1.1<br><br>Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]<br>PO 2.1, PO 2.2 |

Underground Subzone [Land Use and Intensity]
PO 1.1, PO 1.2

Underground Subzone [Side and Rear Boundary Setbacks]
PO 2.1, PO 2.2

Underground Subzone [Earthworks]
PO 3.1

Wallaroo Landmark Subzone [Land Use and Intensity]
PO 1.1

Wallaroo Landmark Subzone [Built Form and Character]
PO 2.1, PO 2.2

Wallaroo Landmark Subzone [Building Height and Setbacks]
PO 3.1, PO 3.2, PO 3.3

Wallaroo Landmark Subzone [Site Coverage]
PO 4.1

Waterfront Subzone [Land Use and Intensity]
PO 1.1

Waterfront Subzone [Built Form and Character]
PO 2.1, PO 2.2, PO 2.4

Waterfront Subzone [Site Coverage]
PO 3.1

Affordable Housing Overlay [Affordable Housing Incentives]
PO 3.1, PO 3.2

Affordable Housing Overlay [Movement and Car Parking]
PO 4.1

Aircraft Noise Exposure Overlay [Land Use and Intensity]
PO 1.1

Aircraft Noise Exposure Overlay [Built Form]
PO 2.1

Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]
PO 1.1

Airport Building Heights (Regulated) Overlay [Built Form]
PO 1.1

Building Near Airfields Overlay
PO 1.3

Character Area Overlay [All Development]
PO 1.1

Character Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Character Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Character Preservation District Overlay [Land Use and Intensity]
PO 1.2

Character Preservation District Overlay [Built Form and Character]
PO 2.1, PO 2.2, PO 2.3

Character Preservation District Overlay [Built Form and Character in the Rural Area]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5, PO 3.6

Character Preservation District Overlay [Earthworks]
PO 4.1

Coastal Areas Overlay [Hazard Risk Minimisation]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Coastal Areas Overlay [Coast Protection Works]
PO 3.1, PO 3.2

Coastal Areas Overlay [Environment Protection]
PO 4.1, PO 4.2, PO 4.3, PO 4.4, PO 4.5, PO 4.6, PO 4.7

Coastal Areas Overlay [Access]
PO 5.1, PO 5.2, PO 5.4

Coastal Flooding Overlay
PO 1.1

Defence Aviation Area Overlay [Built Form]
PO 1.1

Future Local Road Widening Overlay [Future Road Widening]
PO 1.1

Future Road Widening Overlay [Future Road Widening]
PO 1.1

Gas and Liquid Petroleum Pipelines Overlay [Land Use and Intensity]
PO 1.1

Gas and Liquid Petroleum Pipelines (Facilities) Overlay [Safety]
PO 1.1

Gateway Overlay [Built Form and Character]
PO 1.1, PO 1.2, PO 1.3

Gateway Overlay [Landscaping]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.1, PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1, PO 3.2

Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.1, PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
PO 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.1, PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.1, PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.1, PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Alterations and additions]
PO 3.1, PO 3.2

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Dwelling Overlay
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Noise and Air Emissions Overlay [Siting and Design]
PO 1.1, PO 1.2, PO 1.3

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.3

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.2, PO 6.3

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Scenic Quality Overlay [Built Form and Character]
PO 2.1

Scenic Quality Overlay [Landscaping]
PO 3.1

Scenic Quality Overlay [Earthworks]
PO 4.1

Significant Interface Management Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Built Form and Character]
PO 2.1, PO 2.2

Significant Landscape Protection Overlay [Landscaping]
PO 3.1

Significant Landscape Protection Overlay [Earthworks]
PO 4.1

State Heritage Area Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5

State Heritage Area Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Area Overlay [Conservation Works]
PO 7.1

State Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

State Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

State Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Place Overlay [Conservation Works]
PO 7.1

State Significant Native Vegetation Areas Overlay [Environmental Protection]
PO 1.1

Stormwater Management Overlay
PO 1.1

Traffic Generating Development Overlay [Traffic Generating Development]
PO 1.1, PO 1.2, PO 1.3

Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Urban Transport Routes Overlay [Access - (Location Spacing) - Existing Access Point]
PO 3.1

Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Urban Transport Routes Overlay [Access – Mud and Debris]
PO 6.1

PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.3

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.2, PO 6.3

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Scenic Quality Overlay [Built Form and Character]
PO 2.1

Scenic Quality Overlay [Landscaping]
PO 3.1

Scenic Quality Overlay [Earthworks]
PO 4.1

Significant Interface Management Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Built Form and Character]
PO 2.1, PO 2.2

Significant Landscape Protection Overlay [Landscaping]
PO 3.1

Significant Landscape Protection Overlay [Earthworks]
PO 4.1

State Heritage Area Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5

State Heritage Area Overlay [Alterations and Additions]
PO 2.1, PO 2.2

State Heritage Area Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Area Overlay [Conservation Works]
PO 7.1

State Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

State Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

State Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Place Overlay [Conservation Works]
PO 7.1

State Significant Native Vegetation Areas Overlay [Environmental Protection]
PO 1.1

Stormwater Management Overlay
PO 1.1

Traffic Generating Development Overlay [Traffic Generating Development]
PO 1.1, PO 1.2, PO 1.3

Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Urban Transport Routes Overlay [Access - (Location Spacing) - Existing Access Point]
PO 3.1

Secondary Street Setback
PO 6.1

Boundary Walls
PO 7.1, PO 7.2

Side Boundary Setback
PO 8.1

Rear Boundary Setback
PO 9.1

Concept Plans
PO 11.1

Design [All development [On-site Waste Treatment Systems]]
PO 6.1

Design [All development [Carparking Appearance]]
PO 7.1, PO 7.2, PO 7.3, PO 7.4, PO 7.5, PO 7.6, PO 7.7

Design [All development [Earthworks and sloping land]]
PO 8.1, PO 8.2, PO 8.3, PO 8.4, PO 8.5

Design [All development [Overlooking / Visual Privacy (in building 3 storeys or less)]]
PO 10.1, PO 10.2

Design [All residential development and non-residential development [Front elevations and passive surveillance]]
PO 11.1

Design [All residential development and non-residential development [Outlook and amenity]]
PO 12.1, PO 12.2

Design [All residential development and non-residential development [Garage appearance]]
PO 14.1

Design [All residential development and non-residential development [Massing]]
PO 15.1

Design [All residential development and non-residential development [Private Open Space]]
PO 17.1

Design [All residential development and non-residential development [Water Sensitive Design]]
PO 18.1, PO 18.2

Design [All residential development and non-residential development [Car parking, access and manoeuvrability]]
PO 19.1, PO 19.2, PO 19.3, PO 19.4, PO 19.5

Design [All residential development and non-residential development [Waste storage]]
PO 20.1

Design [All residential development and non-residential development [Design of Transportable Dwellings]]
PO 21.1

Design [Group dwelling, residential flat buildings, co-living and battle-axe development [Amenity]]
PO 22.1, PO 22.2, PO 22.3

Design [Group dwelling, residential flat buildings, co-living and battle-axe development [Communal Open Space]]
PO 23.1

Design [Group dwelling, residential flat buildings, co-living and battle-axe development [Carparking, access and manoeuvrability]]
PO 24.1, PO 24.2, PO 24.3, PO 24.4, PO 24.5, PO 24.6

Design [Group dwelling, residential flat buildings, co-living and battle-axe development [Soft Landscaping]]
PO 25.1, PO 25.2

Design [Group dwelling, residential flat buildings, co-living and battle-axe development [Site Facilities / Waste Storage]]
PO 26.1, PO 26.2, PO 26.3, PO 26.4, PO 26.5, PO 26.6

Infrastructure and Renewable Energy Facilities [Water Supply]
PO 11.2

Infrastructure and Renewable Energy Facilities [Wastewater Services]
PO 12.1, PO 12.2

Interface between Land Uses [Overshadowing]
PO 3.1, PO 3.2

Site Contamination
PO 1.1

Transport, Access and Parking [Vehicle Parking Rates]
PO 5.1

Transport, Access and Parking [Corner Cut-Offs]
PO 10.1

Wallaroo Landmark Subzone [Land Use and Intensity]
PO 1.1

Wallaroo Landmark Subzone [Built Form and Character]
PO 2.1, PO 2.2

Wallaroo Landmark Subzone [Building Height and Setbacks]
PO 3.1, PO 3.2, PO 3.3

Wallaroo Landmark Subzone [Site Coverage]
PO 4.1

Waterfront Subzone [Land Use and Intensity]
PO 1.1

Waterfront Subzone [Built Form and Character]
PO 2.1, PO 2.2, PO 2.4

Waterfront Subzone [Site Coverage]
PO 3.1

Aircraft Noise Exposure Overlay [Land Use and Intensity]
PO 1.1

Aircraft Noise Exposure Overlay [Built Form]
PO 2.1

Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]
PO 1.1

Airport Building Heights (Regulated) Overlay [Built Form]
PO 1.1

Building Near Airfields Overlay
PO 1.1

Character Area Overlay [All Development]
PO 1.1

Character Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Character Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Character Preservation District Overlay [Land Use and Intensity]
PO 1.2

Character Preservation District Overlay [Built Form and Character]
PO 2.1, PO 2.2, PO 2.3

Character Preservation District Overlay [Built Form and Character in the Rural Area]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5, PO 3.6

Character Preservation District Overlay [Earthworks]
PO 4.1

Coastal Areas Overlay [Hazard Risk Minimisation]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Coastal Areas Overlay [Coast Protection Works]
PO 3.1, PO 3.2

Coastal Areas Overlay [Environment Protection]
PO 4.1, PO 4.2, PO 4.3, PO 4.4, PO 4.5, PO 4.6, PO 4.7

Coastal Areas Overlay [Access]
PO 5.1, PO 5.2, PO 5.4

Coastal Flooding Overlay
PO 1.1

Defence Aviation Area Overlay [Built Form]
PO 1.1

Future Local Road Widening Overlay [Future Road Widening]
PO 1.1

Future Road Widening Overlay [Future Road Widening]
PO 1.1

Gas and Liquid Petroleum Pipelines Overlay [Land Use and Intensity]
PO 1.1

Gas and Liquid Petroleum Pipelines (Facilities) Overlay [Safety]
PO 1.1

Gateway Overlay [Built Form and Character]
PO 1.1, PO 1.2, PO 1.3

Gateway Overlay [Landscaping]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.1, PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1, PO 3.2

Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.1, PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.1, PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
PO 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.1, PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - Regional) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.1, PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.1, PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Alterations and additions]
PO 3.1, PO 3.2

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.3

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.2, PO 6.3

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Site Dimensions and Land Division
PO 2.1, PO 2.2

Site coverage
PO 3.1

Building Height
PO 4.1

Primary Street Setback
PO 5.1

Secondary Street Setback
PO 6.1

Boundary Walls
PO 7.1, PO 7.2

Side Boundary Setback
PO 8.1

Rear Boundary Setback
PO 9.1

Concept Plans
PO 11.1

Design [All development [On-site Waste Treatment Systems]]
PO 6.1

Design [All development [Carparking Appearance]]
PO 7.1

Design [All development [Earthworks and sloping land]]
PO 8.1, PO 8.2, PO 8.3, PO 8.4, PO 8.5

Design [All development [Overlooking / Visual Privacy (in building 3 storeys or less)]]
PO 10.1, PO 10.2

Design [All residential development and non-residential development [Front elevations and passive surveillance]]
PO 11.1, PO 11.2

Design [All residential development and non-residential development [Outlook and amenity]]
PO 12.1

Design [All residential development and non-residential development [Garage appearance]]
PO 14.1

Design [All residential development and non-residential development [Massing]]
PO 15.1

Design [All residential development and non-residential development [Private Open Space]]
PO 17.1

Design [All residential development and non-residential development [Car parking, access and manoeuvrability]]
PO 19.1, PO 19.2, PO 19.3, PO 19.4, PO 19.5, PO 19.6

Design [All residential development and non-residential development [Waste storage]]
PO 20.1

Design [All residential development and non-residential development [Design of Transportable Dwellings]]
PO 21.1

Design [Group dwelling, residential flat buildings, co-living and battle-axe development [Amenity]]
PO 22.2, PO 22.3, PO 22.4

Design [Group dwelling, residential flat buildings, co-living and battle-axe development [Carparking, access and manoeuvrability]]
PO 24.4

Infrastructure and Renewable Energy Facilities [Water Supply]
PO 11.2

Infrastructure and Renewable Energy Facilities [Wastewater Services]
PO 12.1, PO 12.2

Interface between Land Uses [Overshadowing]
PO 3.1, PO 3.2, PO 3.3

Site Contamination
PO 1.1

Transport, Access and Parking [Vehicle Parking Rates]
PO 5.1

Transport, Access and Parking [Corner Cut-Offs]
PO 10.1

Roxby Downs Subzone [Land Use and Intensity]
PO 1.1

Underground Subzone [Land Use and Intensity]
PO 1.1, PO 1.2

Underground Subzone [Side and Rear Boundary Setbacks]
PO 2.1, PO 2.2

Underground Subzone [Earthworks]
PO 3.1

Wallaroo Landmark Subzone [Land Use and Intensity]
PO 1.1

Wallaroo Landmark Subzone [Built Form and Character]
PO 2.1, PO 2.2

Wallaroo Landmark Subzone [Building Height and Setbacks]
PO 3.1, PO 3.2, PO 3.3

Wallaroo Landmark Subzone [Site Coverage]
PO 4.1

Waterfront Subzone [Land Use and Intensity]
PO 1.1

Waterfront Subzone [Built Form and Character]
PO 2.1, PO 2.2, PO 2.4

Waterfront Subzone [Site Coverage]
PO 3.1

Affordable Housing Overlay [Land Division]
PO 1.1, PO 1.2, PO 1.3

Affordable Housing Overlay [Built Form and Character]
PO 2.1

Affordable Housing Overlay [Affordable Housing Incentives]
PO 3.1, PO 3.2

Affordable Housing Overlay [Movement and Car Parking]
PO 4.1

Aircraft Noise Exposure Overlay [Land Use and Intensity]
PO 1.1

Aircraft Noise Exposure Overlay [Built Form]
PO 2.1

Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]
PO 1.1

Airport Building Heights (Regulated) Overlay [Built Form]
PO 1.1, PO 1.2

Building Near Airfields Overlay
PO 1.3

Character Area Overlay [All Development]
PO 1.1

Character Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Character Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Character Preservation District Overlay [Land Use and Intensity]
PO 1.2

Character Preservation District Overlay [Built Form and Character]
PO 2.1, PO 2.2, PO 2.3

Character Preservation District Overlay [Built Form and Character in the Rural Area]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5, PO 3.6

Character Preservation District Overlay [Earthworks]
PO 4.1

Coastal Areas Overlay [Hazard Risk Minimisation]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Coastal Areas Overlay [Coast Protection Works]
PO 3.1, PO 3.2

Coastal Areas Overlay [Environment Protection]
PO 4.1, PO 4.2, PO 4.3, PO 4.4, PO 4.5, PO 4.6, PO 4.7

Coastal Areas Overlay [Access]
PO 5.1, PO 5.2, PO 5.4

Coastal Flooding Overlay
PO 1.1

Defence Aviation Area Overlay [Built Form]
PO 1.1

Future Local Road Widening Overlay [Future Road Widening]
PO 1.1

Future Road Widening Overlay [Future Road Widening]
PO 1.1

Gas and Liquid Petroleum Pipelines (Facilities) Overlay [Safety]
PO 1.1

Gateway Overlay [Built Form and Character]
PO 1.1, PO 1.2, PO 1.3

Gateway Overlay [Landscaping]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - General Risk) Overlay [Built Form]
PO 2.1

Hazards (Bushfire - General Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.3

Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - High Risk) Overlay [Land Use]
PO 1.1

Hazards (Bushfire - High Risk) Overlay [Siting]
PO 2.1

Hazards (Bushfire - High Risk) Overlay [Built Form]
PO 3.1

Hazards (Bushfire - High Risk) Overlay [Habitable Buildings]
PO 4.1, PO 4.2, PO 4.3

Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]
PO 6.2, PO 6.3

Hazards (Bushfire - Medium Risk) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Medium Risk) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - Medium Risk) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]
PO 5.2, PO 5.3

Hazards (Bushfire - Outback) Overlay [Habitable Buildings]
PO 1.1

Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]
PO 2.2

Hazards (Bushfire - Regional) Overlay [Siting]
PO 1.1

Hazards (Bushfire - Regional) Overlay [Built Form]
PO 2.1, PO 2.2

Hazards (Bushfire - Regional) Overlay [Habitable Buildings]
PO 3.1, PO 3.2, PO 3.3

Hazards (Bushfire - Regional) Overlay [Vehicle Access -Roads and Driveways]
PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.1, PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Alterations and additions]
PO 3.1, PO 3.2

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Dwelling Overlay
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Noise and Air Emissions Overlay [Siting and Design]
PO 1.1, PO 1.2, PO 1.3

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.3

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.2, PO 6.3

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Scenic Quality Overlay [Built Form and Character]
PO 2.1

Scenic Quality Overlay [Landscaping]
PO 3.1

Scenic Quality Overlay [Earthworks]
PO 4.1

Significant Interface Management Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Land Use and Intensity]

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Shop | Any of the following:<br><br>(a) shop with a gross leasable floor area less than 1000m$^2$<br>(b) shop that is a restaurant. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A) | Exceptions<br>(Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by:<br>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies<br>or<br>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following:<br><br>1. residential flat building(s) of 3 or more building levels<br>2. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>3. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) ancillary accommodation<br>(b) co-living<br>(c) dwelling<br>(d) dwelling addition<br>(e) jetty, pontoon or boat berth (or any combination thereof) within the *Waterfront Subzone*<br>(f) residential flat building<br>(g) retirement facility<br>(h) supported accommodation. | Except development that:<br><br>1. exceeds the maximum building height specified in Neighbourhood Zone DTS/DPF 4.1<br>or<br>2. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 4. Any development involving any of the following (or of any combination of any of the following) where located on a significant retirement facility and supported accommodation site:<br>(a) retirement facility<br>(b) supported accommodation. | Except development that:<br><br>1. exceeds 4 building levels or 15 m in height<br>or<br>2. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 2.2<br>or<br>3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 5. Any development involving any of the following (or of any combination of any of the following):<br>(a) consulting room<br>(b) office<br>(c) shop. | Except development that:<br><br>1. exceeds the maximum building height specified in Neighbourhood Zone DTS/DPF 4.1<br>or<br>2. does not satisfy Neighbourhood Zone DTS/DPF 1.2<br>or<br>3. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 6. Any development involving any of the following (or of any combination of any of the following) where located on a Significant Retirement Facility and Supported Accommodation Site:<br>(a) consulting room<br>(b) office<br>(c) shop | Except development that:<br><br>1. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 1.2<br>or<br>2. exceeds 4 building levels or 15 m in height<br>or<br>3. does not satisfy Significant Retirement Facility and Supported Accommodation Sites Overlay DTS/DPF 2.2<br>or<br>4. involves a building wall (or structure) that is proposed to be situated on (or abut) an allotment boundary (not being a boundary with a primary street or secondary street or an excluded boundary) and:<br>(a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment)<br>or<br>(b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 7. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building works<br>(f) land division<br>(g) outbuilding<br>(h) pergola<br>(i) private bushfire shelter<br>(j) recreation area<br>(k) replacement building | None specified. |

| | |
|---|---|
| (l) retaining wall<br>(m) shade sail<br>(n) solar photovoltaic panels (roof mounted)<br>(o) swimming pool or spa pool and associated swimming pool safety features<br>(p) temporary accommodation in an area affected by bushfire<br>(q) tree damaging activity<br>(r) verandah<br>(s) water tank. | |
| 8. Demolition. | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 9. Railway line. | Except where located outside of a rail corridor or rail reserve. |

| Placement of Notices - Exemptions for Performance Assessed Development |
|---|
| None specified. |

| Placement of Notices - Exemptions for Restricted Development |
|---|
| None specified. |

**American River Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | An area where a mix of residential and holiday homes including small, compact shack development, low density residential and elevated homes are set within a bush setting containing critical habitat for the Glossy Black Cockatoo. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Character | |
| PO 1.1<br>Development, including land division that maintains the rural surrounds and native vegetation in the township and that particularly avoids Glossy Black Cockatoo habitat of Drooping Sheoak (Allocasuarina verticillata). | DTS/DPF 1.1<br>Development including land division does not result in the removal of Drooping Sheoak (Allocasuarina verticillata) or fragmentation of stands of Drooping Sheoak (Allocasuarina verticillata). |

**Roxby Downs Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO1 | A residential neighbourhood that includes workers accommodation to meet the housing needs of workers associated with key local industries. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Workers accommodation and residential parks integrated into residential neighbourhoods to meet the needs of short term and permanent long distance commuter workers. | DTS/DPF 1.1<br>None are applicable. |

**Underground Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | Housing that contributes to the existing local context and development pattern primarily in the form of underground dwellings. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Underground dwellings located in areas that are best suited for subterranean development. | DTS/DPF 1.1<br>None are applicable. |
| PO 1.2<br>Underground dwellings designed and constructed to avoid impacts beyond the development site. | DTS/DPF 1.2<br>None are applicable. |
| Side and Rear Boundary Setbacks | |
| PO 2.1<br>Underground dwellings constructed in a manner that minimises alteration to the natural landform, including the removal of vegetation. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Underground dwellings are set back from allotment boundaries to provide adequate separation between dwellings. | DTS/DPF 2.2<br>Underground dwellings are set back at least 2m from side and rear boundaries. |
| Earthworks | |
| PO 3.1<br>Incomplete excavation is returned to the naturally occurring landform. | DTS/DPF 3.1<br>None are applicable. |

**Wallaroo Landmark Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO1 | A high quality medium density residential development presenting an attractive built form overlooking the Wallaroo Marina. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Development comprising medium density residential development. | DTS/DPF 1.1<br>None are applicable. |
| Built Form and Character | |
| PO 2.1<br>Development that fronts or overlooks the marina or public open space designed to take advantage of waterfront views while providing attractive frontages to public streets. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Service areas associated with dwellings such as open storage and clothes drying screened from public view. | DTS/DPF 2.2<br>None are applicable. |
| PO 2.3<br>Outbuildings designed and sited to minimise their visibility from the waterfront and do not dominate the appearance of public places. | DTS/DPF 2.3<br>None are applicable. |
| Building Height and Setbacks | |
| PO 3.1<br>Building height that achieves the highest intensity of built form with frontage to the marina and lower scale behind. | DTS/DPF 3.1<br>Building height is not less than 4 levels or 12m. |
| PO 3.2<br>Buildings setback from primary street frontages to reinforce a consistent and attractive streetscape character. | DTS/DPF 3.2<br>Buildings are no closer to the primary street boundary than:<br>(a) 4.0m<br>or<br>(b) 5.5m in the case of a garage or where the main facade of the building is set back more than 5m. |
| PO 3.3<br>Buildings provided with minimal setback to the marina to ensure a cohesive frontage to the marina and public walkway. | DTS/DPF 3.3<br>Buildings setback a maximum 1.0 metre from the marina basin frontage. |
| Site Coverage | |
| PO 4.1<br>Building footprints with a dual frontage to public streets and the waterfront consistent with established waterfront residential development. | DTS/DPF 4.1<br>Development not resulting in a total building footprint on the site exceeding 90%. |

**Waterfront Subzone**

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO1 | Residential development located with a coastal frontage or within a marina that provides opportunities for water-based recreation. Development is sited and designed to complement a waterfront environment. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Dwellings and ancillary buildings that complement a residential waterfront character. | DTS/DPF 1.1<br>None are applicable. |
| PO 1.2<br>Marinas include constructed waterways, mooring facilities, pontoons and small jetties to accommodate recreational activities and mooring of small boats associated with residential allotments. | DTS/DPF 1.2<br>None are applicable. |
| Built Form and Character | |
| PO 2.1<br>Dwellings on sites/allotments that front or overlook water or public space designed to take advantage of waterfront views while providing attractive frontages to public streets. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Service areas associated with dwellings such as open storage and clothes drying screened from public view. | DTS/DPF 2.2<br>None are applicable. |
| PO 2.3<br>Outbuildings designed and sited to minimise their visibility from the waterfront and do not dominate the appearance of public places. | DTS/DPF 2.3<br>None are applicable. |
| PO 2.4<br>Development setback from canals to establish a consistent character that includes soft landscaping along canal frontages. | DTS/DPF 2.4<br>None are applicable. |
| Site Coverage | |
| PO 3.1<br>Building footprints on sites with a dual frontage to a public street and the waterfront consistent with the residential waterfront character while maximising use of available land in waterfront locations. | DTS/DPF 3.1<br>Development on sites:<br>(a) with a dual frontage to the waterfront and a public street<br>and<br>(b) 300m$^2$ or less<br>not resulting in a total building footprint on the site exceeding 90%. |

**Open Space Zone**

**Assessment Provisions (AP)**

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO1 | Areas of natural and landscaped open space provide for biodiversity, tree canopy cover, urban cooling and visual relief to the built environment for the health and enjoyment of the community. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Development is associated with or ancillary to the provision of unstructured outdoor passive and active recreation facilities. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Open space<br>(b) Outdoor sports courts<br>(c) Recreation area<br>(d) Sporting ovals and fields |
| PO 1.2 | DTS/DPF 1.2 |

| | |
|---|---|
| Buildings are limited in number and size to provide a natural, landscaped setting. | None are applicable. |
| PO 1.3<br>Shops including restaurants are of a scale that is subordinate to the principal open space and recreation use of the land. | DTS/DPF 1.3<br>Shop gross leasable floor area does not exceed 50m$^2$. |
| PO 1.4<br>Offices are of a scale that is subordinate to the principal open space use of the land. | DTS/DPF 1.4<br>Office gross leasable floor area does not exceed 80m$^2$. |
| Built Form and Character | |
| PO 2.1<br>Development is designed and sited to be unobtrusive and not spoil the open space character or interrupt views of natural or landscape features. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Outbuildings are of a scale that mitigates visual impacts of buildings on natural or landscape features. | DTS/DPF 2.2<br>Outbuildings have a:<br>(a) floor area that does not exceed 80m$^2$<br>(b) wall height that does not exceed 3m<br>(c) building height that does not exceed 5m |
| PO 2.3<br>Development is sited and designed to be compatible with the conservation and enhancement of the natural environment. | DTS/DPF 2.3<br>None are applicable. |
| Land Division | |
| PO 3.1<br>Land division supports the provision of public open space. | DTS/DPF 3.1<br>Land division is for the purposes of:<br>(a) the creation of a public road or a public reserve<br>or<br>(b) a minor adjustment of allotment boundaries to:<br>(i) remove an anomaly in existing boundaries with respect to the location of existing buildings or structures or<br>(ii) result in the preservation of existing stands of native vegetation, habitat or biodiversity |
| Concept Plans | |
| PO 4.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 4.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br>**Description**<br>Concept Plan 3 - Mount Barker and Littlehampton<br>Concept Plan 9 - Blakeview<br>Concept Plan 14 - Buckland Park<br>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints<br>Concept Plan 96 - Maslin Beach<br>Concept Plan 107 - Proper Bay<br>Concept Plan 101 - Evanston Gardens, Evanston South, Hillier<br>Concept Plan 100 - Gawler East<br>Concept Plan 135 - Thebarton<br>Concept Plan 175 - Smithfield Regeneration<br>In relation to DTS/DPF 4.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush<br>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Outbuilding<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is detached from and ancillary to a dwelling erected on the site.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)<br>6. Total floor area - does not exceed 40m$^2$ (60m$^2$ in the Rural Zone, Rural Horticulture Zone, Rural Living Zone, Rural Intensive Enterprise Zone)<br>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>8. Building height - does not exceed 5m<br>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure<br>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%<br>12. If the outbuilding is a garage – door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)<br>13. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not located in an area subject to the Urban Transport Overlay, Non-Stop Corridors Overlay, Major Urban Transport Routes Overlay, Key Outback and Rural Routes Overlay, Key Railway Crossings Overlay, Future Local Road Widening Overlay or Future Road Widening Overlay, will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; |

| | |
|---|---|
| | (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour<br>15. Does not involve-<br>(a) excavation exceeding a vertical height of 1m; or<br>(b) filling exceeding a vertical height of 1m,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.<br>16. Does not involve the clearance of native vegetation<br>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None |
| Protective tree netting structure<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. *The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas*<br>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)<br>5. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour<br>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:<br>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or<br>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site<br>7. No part of the netting canopy of the protective tree netting structure:<br>(a) will cover native vegetation; or<br>(b) will be within 5m of a road (including any road reserve)<br>8. The points of attachment of any cables will not be located:<br>(a) outside the boundaries of the site; or<br>(b) within a watercourse (within the meaning of the *Landscape South Australia Act 2019*)<br>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:<br>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling<br>(b) in any other case, no part of the netting canopy is within 15m of the dwelling |
| Shade sail<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Shade sail consists of permeable material<br>4. The total area of the sail - does not exceed 40m$^2$<br>5. No part of the shade sail will be:<br>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment<br>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment<br>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m<br>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary<br>9. Does not involve the clearance of native vegetation<br>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof<br>3. Panels and associated components do not overhang any part of the roof<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Verandah<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 40m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level<br>7. Building height - does not exceed 5m<br>8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment<br>9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%<br>10. Does not involve the clearance of native vegetation. |
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The tank is part of a roof drainage system<br>4. Total floor area - not exceeding 15m$^2$<br>5. The tank is located wholly above ground<br>6. Tank height - does not exceed 4m above natural ground level<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour<br>9. Does not involve the clearance of native vegetation. |
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>2. The tank (including any associated pump) is located wholly below the level of the ground<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |
| Replacement building<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Coastal Flooding Overlay<br>• Hazards (Bushfire - High Risk) Overlay<br>• Hazards (Bushfire - Medium Risk) Overlay<br>• Hazards (Flooding - General) Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None | None | None | None |
| Temporary accommodation in an area affected by bushfire | None | None | None | None |

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |

| All other Code Assessed Development | All | All | All | Any relevant Overlay: All |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Industry | None specified |
| Intensive Animal Husbandry | None specified |
| Shop | Any of the following:<br><br>(a) shop with a gross leasable floor area less than 1000$m^2$<br>(b) shop that is a restaurant. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A) | Exceptions<br>(Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) air handling unit, air conditioning system or exhaust fan<br>(c) carport<br>(d) deck<br>(e) fence<br>(f) internal building works<br>(g) land division<br>(h) open space<br>(i) pergola<br>(j) playground<br>(k) private bushfire shelter<br>(l) protective tree netting structure<br>(m) recreation area<br>(n) replacement building<br>(o) retaining wall<br>(p) shade sail<br>(q) solar photovoltaic panels (roof mounted)<br>(r) swimming pool or spa pool and associated swimming pool safety features<br>(s) temporary accommodation in an area affected by bushfire<br>(t) tree damaging activity<br>(u) verandah<br>(v) water tank. | None specified. |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) outdoor sports courts<br>(b) sporting ovals and fields | Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. |
| 4. Demolition. | Except any of the following:<br><br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 5. Office. | Except office that does not satisfy Open Space Zone DTS/DPF 1.4. |
| 6. Outbuilding. | Except outbuilding that does not satisfy Open Space Zone DTS/DPF 2.2. |
| 7. Railway line. | Except where located outside of a rail corridor or rail reserve. |

| | |
|---|---|
| 8. Shop. | Except shop that does not satisfy Open Space Zone DTS/DPF 1.3. |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

## Productive Rural Landscape Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | A diverse range of land uses at an appropriate scale and intensity that capitalise on the region's proximity to the metropolitan area and the tourist and lifestyle opportunities this presents while also conserving the natural and rural character, identity, biodiversity and sensitive environmental areas and scenic qualities of the landscape. |
| DO 2 | A zone that promotes agriculture, horticulture, value adding opportunities, farm gate businesses, the sale and consumption of agricultural based products, tourist development and accommodation that expands the economic base and promotes its regional identity. |
| DO 3 | Create local conditions that support new and continuing investment while seeking to promote co-existence with adjoining activities and mitigate land use conflicts. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>The productive value of rural land for a range of primary production and horticultural activities and associated value adding of primary produce (such as beverage production), retailing and tourism is supported, protected and maintained. The proliferation of land uses that may be sensitive to those activities is avoided. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Advertisement<br>(b) Agricultural building<br>(c) Brewery<br>(d) Carport<br>(e) Cidery<br>(f) Commercial forestry<br>(g) Distillery<br>(h) Dwelling<br>(i) Dwelling addition<br>(j) Farming<br>(k) Function venue<br>(l) Horse keeping<br>(m) Horticulture<br>(n) Industry<br>(o) Low intensity animal husbandry<br>(p) Outbuilding<br>(q) Shop<br>(r) Small-scale ground mounted solar power facility<br>(s) Tourist accommodation<br>(t) Transport distribution<br>(u) Verandah<br>(v) Warehouse<br>(w) Winery<br>(x) Workers' accommodation |
| Siting and Design | |
| PO 2.1<br>Development is provided with suitable vehicle access. | DTS/DPF 2.1<br>Development is serviced by an all-weather trafficable public road. |
| PO 2.2<br>Buildings are generally located on flat land to minimise cut and fill and the associated visual impacts. | DTS/DPF 2.2<br>Buildings:<br>(a) are located on a site with a slope not greater than 10% (1-in-10)<br>and<br>(b) do not result excavation and/or filling of land that is greater than 1.5m from natural ground level. |
| Horticulture | |
| PO 3.1<br>Horticulture is located and conducted on land that has the physical capability of supporting the activity and in a manner that:<br>(a) enhances the productivity of the land for the growing of food and produce in a sustainable manner<br>(b) avoids adverse interface conflicts with other land uses<br>(c) utilises sound environmental practices to mitigate negative impacts on natural resources and water quality<br>(d) is sympathetic to surrounding rural landscape character and amenity, where horticulture is proposed to be carried out in an enclosed building such as such as a greenhouse. | DTS/DPF 3.1<br>Horticultural activities satisfy all of the following:<br>(a) are conducted on an allotment with an area of at least 1ha<br>(b) are sited on land with a slope not greater than 10% (1-in-10)<br>(c) are not conducted within 50m of a watercourse or native vegetation<br>(d) are not conducted within 100m of a sensitive receiver in other ownership<br>(e) provide for a headland area between plantings and property boundaries of at least 10m in width<br>(f) where carried out in an enclosed building such as a greenhouse, the building has a total floor area not greater than 250m$^2$<br>(g) in the form of olive growing, is not located within 500m of a conservation or national park. |
| Rural Industry | |
| PO 4.1<br>Small-scale industry (including beverage production and washing, processing, bottling and packaging activities), storage, warehousing, produce grading and packing, transport distribution or similar activities provide opportunities for diversification and value adding to locally sourced primary production activities. | DTS/DPF 4.1<br>Industries, storage, warehousing, produce grading and packing and transport distribution activities and similar activities (or any combination thereof) satisfy all of the following:<br>(a) are directly related and ancillary to a primary production use on the same or adjoining allotment<br>(b) are located on an allotment not less than 2ha in area<br>(c) have a total floor area not exceeding 350m$^2$. |
| PO 4.2<br>Expansion of established small-scale or new large scale industry (including beverage production and washing, processing, bottling and packaging activities), storage, warehousing, produce grading and packing, transport distribution or similar activities:<br>(a) are commensurate with the allotment on which it is situated to mitigate adverse impacts on the amenity of land in other ownership and the character of locality<br>(b) realise efficiencies in primary production related storage, sorting, packaging, manufacturing and the like<br>(c) primarily involve primary production commodities sourced from the same allotment and/or surrounding rural areas. | DTS/DPF 4.2<br>None are applicable. |
| PO 4.3<br>Industry, storage, warehousing, transport distribution or similar activities are sited, designed and of a scale that maintains rural function and character in a manner that respects landscape amenity. | DTS/DPF 4.3<br>Buildings and associated activities satisfy all of the following:<br>(a) are setback at least 50m from all road and allotment boundaries<br>(b) are not sited within 100m of a sensitive receiver in other ownership<br>(c) have a building height not greater than 10m above natural ground level<br>(d) incorporate the loading and unloading of vehicles within the confines of the allotment. |
| Dwellings | |
| PO 5.1<br>Dwellings provide a convenient base for landowners to conduct and manage commercial scale primary production and related value adding activities without compromising the use of the allotment, adjacent land or long term purpose of the zone for primary production or related tourism values due to a proliferation of dwellings. | DTS/DPF 5.1<br>Dwellings:<br>(a) are located on an allotment with an area not less than: |

| | |
|---|---|
| | **Minimum Dwelling Allotment Size**<br>Minimum dwelling allotment size is 32 ha<br><br>(b) are located on an allotment used for and is ancillary to primary production and/or primary production related value-adding activities<br>(c) will not result in more than one dwelling on an allotment.<br><br>In relation to DTS/DPF 5.1, in instances where:<br><br>(d) more than one value is returned, refer to the *Minimum Dwelling Allotment Size Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development<br>(e) no value is returned for DTS/DPF 5.1(a) (ie there is a blank field), then there is no minimum dwelling allotment size applicable and DTS/DPF 5.1(a) is met. |
| PO 5.2<br><br>Dwelling are sited, designed and of a scale that maintains a pleasant natural and rural character and amenity. | DTS/DPF 5.2<br><br>Dwellings satisfy all of the following:<br><br>(a) are setback from all allotment boundaries by at least 40m<br>(b) do not exceed 2 building levels and 9m measured from the top of the footings<br>(c) have a wall height no greater than 6m. |
| PO 5.3<br><br>Development resulting in more than one dwelling on an allotment supports ageing in place for the owner of the allotment or multi-generational management of farms in a manner that minimises the potential loss of land available for primary production. | DTS/DPF 5.3<br><br>Dwelling that will result in more than one dwelling on an allotment where all the following are satisfied:<br><br>(a) it is located within 20m of an existing dwelling<br>(b) share the same utilities of the existing dwelling<br>(c) will use the same access point from a public road as the existing dwelling<br>(d) it is located on an allotment not less than 40ha in area<br>(e) will not result in more than two dwellings on an allotment. |
| PO 5.4<br><br>Dwelling additions are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 5.4<br><br>Additions or alterations to an existing dwelling satisfy all of the following:<br><br>(a) are setback behind the main façade of the existing dwelling<br>(b) do not exceed 2 building levels and 9m measured from the top of the footings<br>(c) have a wall height that is no greater than 6m from the top of the footings. |
| Shops, Tourism and Function Venues | |
| PO 6.1<br><br>Shops are associated with an existing primary production or primary production related value adding industry to support diversification of employment, provide services to visitors and showcase local and regional products. | DTS/DPF 6.1<br><br>Shops, other than where located in The Cedars Subzone, satisfy all of the following:<br><br>(a) are ancillary to and located on the same allotment or adjoining allotment used for primary production or primary production related value adding industries<br>(b) offer for sale or consumption produce or goods that are primarily sourced, produced or manufactured on the same allotment or adjoining allotments<br>(c) have a gross leasable floor area not exceeding $100m^2$ or $250m^2$ in the case of a cellar door<br>(d) have an area for the display of produce or goods external to a building not exceeding $25m^2$<br>(e) do not result in more than 75 seats for customer dining purposes in a restaurant. |
| PO 6.2<br><br>Shops that are proposed in new buildings are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 6.2<br><br>Shops in new buildings satisfy all of the following:<br><br>(a) are setback from all property boundaries by at least 20m<br>(b) are not sited within 100m of a sensitive receiver in other ownership<br>(c) have a building height that does not exceed 9m above natural ground level. |
| PO 6.3<br><br>Tourist accommodation is associated with the primary use of the land for primary production or primary production related value adding industry to enhance and provide authentic visitor experiences. | DTS/DPF 6.3<br><br>Tourist accommodation, other than where located in The Cedars Subzone, satisfy (a) to (c), inclusive:<br><br>(a) is ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry<br>(b) in relation to the area used for accommodation:<br>(i) where in a new building, or buildings, does not exceed a cumulative total floor area of $100m^2$<br>or<br>(ii) where in an existing building, does not exceed $150m^2$<br>and<br>(c) does not result in more than one tourist accommodation facility being located on the same allotment. |
| PO 6.4<br><br>Tourist accommodation proposed in a new building or buildings are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 6.4<br><br>Tourist accommodation in new buildings:<br><br>(a) is setback from all property boundaries by at least 40m<br>and<br>(b) has a building height that does not exceed 7m above natural ground level. |
| PO 6.5<br><br>Function venues are associated with the primary use of the land for primary production or primary production related value adding industry. | DTS/DPF 6.5<br><br>Function venues, other than where located in The Cedars Subzone:<br><br>(a) are ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry<br>and<br>(b) do not exceed a capacity of 75 persons for customer dining purposes. |
| PO 6.6<br><br>Function venues are sited, designed and of a scale that maintains a pleasant natural and rural character and amenity. | DTS/DPF 6.6<br><br>Function venues satisfy all of the following:<br><br>(a) are located on an allotment having an area of at least 5ha<br>(b) are setback from all property boundaries by at least 40m<br>(c) are not sited within 100m of a sensitive receiver in other ownership<br>(d) have a building height that does not exceed 9m above natural ground level. |
| Offices | |
| PO 7.1<br><br>Offices are directly related to and associated with the primary use of the land for primary production or primary production related value adding industry. | DTS/DPF 7.1<br><br>Offices, other than where located in The Cedars Subzone:<br><br>(a) are ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry<br>and<br>(b) have a gross leasable floor area not exceeding $100m^2$. |
| Adaptive Reuse of Existing Buildings | |
| PO 8.1<br><br>Adaptive reuse of existing buildings for small-scale shops, offices, tourist accommodation or ancillary rural activities. | DTS/DPF 8.1<br><br>Development within an existing building is for any of the following:<br><br>(a) a shop<br>(b) office<br>(c) tourist accommodation. |
| Workers' accommodation | |
| PO 9.1<br><br>Workers' accommodation provides short-term accommodation for persons temporarily engaged in the production, management or processing of primary produce. | DTS/DPF 9.1<br><br>Workers' accommodation satisfies all of the following:<br><br>(a) is developed on a site at least 2ha in area<br>(b) has a total floor area not exceeding $250m^2$<br>(c) is in the form of a single building or part of a cluster of buildings that are physically connected<br>(d) amenities accommodate not more than 20 persons at any one time<br>(e) is setback at least 50m from a road boundary<br>(f) is setback at least 40m from a side or rear allotment boundary<br>(g) is located within 20m of an existing dwelling on the same allotment<br>(h) does not result in more than one facility being located on the same allotment. |

| | |
|---|---|
| Renewable Energy Facilities | |
| PO 10.1<br>Renewable energy facilities and ancillary development minimises significant fragmentation or displacement of existing primary production. | DTS/DPF 10.1<br>None are applicable. |
| PO 10.2<br>Small-scale ground mounted solar power facilities support rural production or value-adding industries. | DTS/DPF 10.2<br>None are applicable. |
| Built Form and Character | |
| PO 11.1<br>Large buildings designed and sited to reduce impacts on scenic and rural vistas by:<br>(a) having substantial setbacks from boundaries and adjacent public roads<br>(b) using low reflective materials and finishes that blend with the surrounding landscape<br>(c) being located below ridgelines. | DTS/DPF 11.1<br>None are applicable. |
| Land Division | |
| PO 12.1<br>Land division creating additional allotments is not supported other than where located in The Cedars Subzone to support tourist development. | DTS/DPF 12.1<br>Except where the land division is proposed in The Cedars Subzone, no additional allotments are created. |
| PO 12.2<br>Allotment boundaries, including by realignment, are positioned to incorporate sufficient space around existing residential, tourist accommodation and other habitable buildings (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) to:<br>(a) maintain a pleasant rural character and amenity for occupants<br>(b) manage vegetation within the same allotment to mitigate bushfire hazard. | DTS/DPF 12.2<br>Allotment boundaries are located no closer to an existing residential, tourist accommodation or other habitable building than the greater of the following:<br>(a) 40m<br>or<br>(b) the distance required to accommodate an asset protection zone wholly within the relevant allotment. |
| Agricultural Buildings | |
| PO 13.1<br>Agricultural buildings and associated activities are sited, designed and of a scale that maintains a pleasant rural character and function. | DTS/DPF 13.1<br>Agricultural buildings satisfy all of the following:<br>(a) are located on an allotment having an area of at least 2ha<br>(b) are setback at least 40m from an allotment boundary<br>(c) have a building height not exceeding 10m above natural ground level<br>(d) do not exceed 350m$^2$ in total floor area<br>(e) incorporate the loading and unloading of vehicles within the confines of the allotment. |
| Outbuildings, Carports and Verandahs | |
| PO 14.1<br>Outbuildings are sited, designed and of a scale that maintain a pleasant natural and rural character and amenity. | DTS/DPF 14.1<br>Outbuildings satisfy all of the following:<br>(a) have a primary street setback that is at least as far back as the building to which it is ancillary<br>(b) have a combined total floor area that does not exceed 100m$^2$<br>(c) do not exceed 5m in wall height measured from natural ground level (not including a gable end)<br>(d) have a total roof height that does not exceed 6m measured from natural ground level<br>(e) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour<br>(f) will not result in more than 2 outbuildings on the same allotment. |
| PO 14.2<br>Carports and verandahs are sited, designed and of a scale to maintain a pleasant natural and rural character and amenity. | DTS/DPF 14.2<br>Carports and verandahs satisfy all of the following:<br>(a) are set back from the primary street at least as far back as the building to which it is ancillary<br>(b) have a total floor area that does not exceed 80m$^2$<br>(c) have a post height that does not exceed 3m measured from natural ground level (not including a gable end)<br>(d) have a total roof height that does not exceed 5m measured from natural ground level<br>(e) if clad in sheet metal, the cladding is pre-colour treated or painted in a non-reflective colour. |
| Concept Plans | |
| PO 15.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 15.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br>**Description**<br>Concept Plan 3 - Mount Barker and Littlehampton<br>Concept Plan 100 - Gawler East<br>In relation to DTS/DPF 15.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 15.1 is met. |
| Advertisements | |
| PO 16.1<br>Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality. | DTS/DPF 16.1<br>Freestanding advertisements:<br>(a) do not exceed 2m in height<br>and<br>(b) do not have a sign face that exceeds 2m$^2$ per side. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Agricultural building<br>Except where any of the following apply:<br>• Character Area Overlay<br>• Coastal Areas Overlay<br>• Gateway Overlay<br>• Hazards (Flooding) Overlay<br>• Heritage Adjacency Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will be located on an allotment having an area of at least 10ha<br>2. The development is set back at least 50m from an allotment boundary<br>3. Building height - does not exceeding 10m above natural ground level<br>4. Total floor area - does not exceed 250m$^2$<br>5. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour<br>6. Does not involve- excavation exceeding a vertical height of 1m; or filling exceeding a vertical height of 1m, and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m<br>7. Does not involve the clearance of native vegetation<br>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas<br>9. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. |
| Air handling unit, air conditioning system or exhaust fan<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The item will be installed on or within an existing dwelling.<br>2. The item being installed does not encroach on a public street.<br>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |

| | |
|---|---|
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway<br>2. It is situated (or to be situated) on railway land<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Carport<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 80m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>7. Building height - does not exceed 5m<br>8. The carport is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>9. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour<br>10. Does not involve the clearance of native vegetation. |
| Farming<br>Except where any of the following apply:<br>• Building Near Airfields Overlay<br>• Marine Parks (Managed Use) Overlay<br>• Marine Parks (Restricted Use) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay<br>• Ramsar Wetlands Overlay<br>• Water Protection Area Overlay | 1. There is no excavation of filling of land<br>2. Does not involve the erection, construction or alteration of, or addition to, any building or structure<br>3. Does not involve the clearance of native vegetation<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| Outbuilding<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is detached from and ancillary to a dwelling erected on the site.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.<br>5. Total floor area - does not exceed 80m$^2$.<br>6. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).<br>7. Building height - does not exceed 5m.<br>8. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>9. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.<br>10. Does not involve-<br>(a) excavation exceeding a vertical height of 1 metre; or<br>(b) filling exceeding a vertical height of 1 metre,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.<br>11. Does not involve the clearance of native vegetation.<br>12. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None |
| Private bushfire shelter<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Primary street setback - at least as far back as the building to which it is ancillary<br>4. Secondary street setback - at least 900mm from the boundary of the allotment<br>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)<br>6. Does not involve the clearance of native vegetation. |
| Protective tree netting structure<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996<br>2. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas<br>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)<br>5. Netting visible from the outside of the protective tree netting structure is of a low light reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour<br>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:<br>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or<br>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site<br>7. No part of the netting canopy of the protective tree netting structure:<br>(a) will cover native vegetation; or<br>(b) will be within 5m of a road (including any road reserve)<br>8. The points of attachment of any cables will not be located:<br>(a) outside the boundaries of the site; or<br>(b) within a watercourse (within the meaning of the *Landscape South Australia Act 2019*)<br>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:<br>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling<br>(b) in any other case, no part of the netting canopy is within 15m of the dwelling. |
| Shade sail<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Shade sail consists of permeable material<br>4. The total area of the sail - does not exceed 40m$^2$<br>5. No part of the shade sail will be:<br>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment<br>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment<br>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary |

| | |
|---|---|
| | 7. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary<br>8. Does not involve the clearance of native vegetation<br>9. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Solar photovoltaic panels (ground mounted)<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The system is freestanding and not attached to a building or other structure<br>3. No part of the system:<br>(a) is more than 4 metres in height (measured as a height above the natural surface of the ground);<br>(b) is within 100 metres of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and<br>(c) is within 10 metres of a boundary of an allotment containing a dwelling not associated with the system.<br>4. The generating capacity of the system does not exceed 30 kW<br>5. Does not result in the clearance of any native vegetation. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof<br>3. Panels and associated components do not overhang any part of the roof<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Swimming pool or spa pool and associated swimming pool safety features<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.<br>3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.<br>4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).<br>5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.<br>6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:<br>(a) not less than 5m where the filtration system is located inside a solid acoustic structure; or<br>(b) not less than 12m in any other case.<br>7. Does not involve the clearance of native vegetation.<br>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Verandah<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 80m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level<br>7. Building height - does not exceed 5m<br>8. Does not involve the clearance of native vegetation. |
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The tank is part of a roof drainage system<br>4. Total floor area - not exceeding 30m$^2$<br>5. The tank is located wholly above ground<br>6. Tank height - does not exceed 4m above natural ground level<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour<br>9. Does not involve the clearance of native vegetation. |
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>2. The tank (including any associated pump) is located wholly below the level of the ground<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Alterations and additions]
PO 3.1, PO 3.2

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.5, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.5, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

| All other Code Assessed Development | All | All | All | Any relevant Overlay: All |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Land Division within the Limited Land Division Overlay | Land division that involves any of the following:<br><br>(a) is a boundary realignment<br>(b) is located in The Cedars Subzone. |
| Shop | Any of the following:<br><br>(a) shop located in The Cedars Subzone<br>(b) shop that is ancillary to and located on the same allotment or adjoining allotment used for primary production or value adding and offers for sale or consumption produce or goods that are primarily sourced, produced or manufactured on the same allotment or from the region<br>(c) shop that has a gross leasable floor area less than 1000m$^2$<br>(d) shop that is a restaurant. |
| Special industry | None specified |
| Wind farm | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| **Class of Development**<br>**(Column A)** | **Exceptions**<br>**(Column B)** |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) agricultural building<br>(c) air handling unit, air conditioning system or exhaust fan<br>(d) ancillary accommodation<br>(e) carport<br>(f) deck<br>(g) fence<br>(h) dwelling<br>(i) dwelling addition<br>(j) farming<br>(k) horse keeping<br>(l) internal building work<br>(m) land division<br>(n) outbuilding<br>(o) pergola<br>(p) private bushfire shelter<br>(q) protective tree netting structure<br>(r) replacement building<br>(s) retaining wall<br>(t) solar photovoltaic panels (roof mounted)<br>(u) shade sail<br>(v) swimming pool or spa pool and associated swimming pool safety features<br>(w) temporary accommodation in an area affected by bushfire<br>(x) tree damaging activity<br>(y) verandah<br>(z) water tank. | None specified. |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) industry<br>(b) store<br>(c) warehouse. | Except development that does not satisfy any of the following:<br><br>1. Productive Rural Landscape Zone DTS/DPF 4.1<br>2. Productive Rural Landscape Zone DTS/DPF 4.3. |
| 4. Demolition. | Except any of the following:<br><br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 5. Function venue within The Cedars Subzone. | None specified. |
| 6. Function venue. | Except function venue that does not satisfy Productive Rural Landscape Zone DTS/DPF 6.6. |
| 7. Horticulture. | Except horticulture that does not satisfy any of the following:<br><br>1. Productive Rural Landscape Zone DTS/DPF 3.1(d)<br>2. Productive Rural Landscape Zone DTS/DPF 3.1(e). |
| 8. Railway line. | Except where located outside of a rail corridor or rail reserve. |
| 9. Shop within The Cedars Subzone. | None specified. |
| 10. Shop. | Except shop that does not satisfy any of the following:<br><br>1. Productive Rural Landscape Zone DTS/DPF 6.1<br>2. Productive Rural Landscape Zone DTS/DPF 6.2. |
| 11. Tourist accommodation within The Cedars Subzone. | None specified. |

| | |
|---|---|
| 12. Tourist accommodation. | Except tourist accommodation that does not to satisfy any of the following:<br>1. Productive Rural Landscape Zone DTS/DPF 6.3<br>2. Productive Rural Landscape Zone DTS/DPF 6.4. |

**Placement of Notices - Exemptions for Performance Assessed Development**

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Productive Rural Landscape Zone.

**Placement of Notices - Exemptions for Restricted Development**

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Productive Rural Landscape Zone.

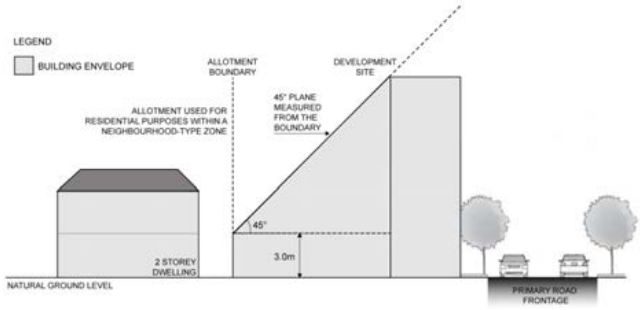
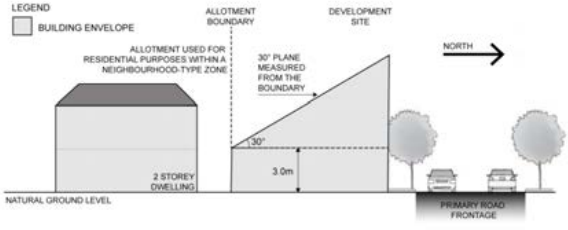
| Desired Outcome | |
|---|---|
| DO 1 | A cultural, arts and tourist precinct centred on the former residence and studio of artist Hans Heysen and conservation of the surrounding eucalypt forest. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Cultural, arts and tourist development supported by complimentary activities catering to the needs and enjoyment of visitors. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Art gallery and studio<br>(b) Function venue<br>(c) Office<br>(d) Shop<br>(e) Tourist accommodation |
| PO 1.2<br>Conservation and enhancement of the Heysen eucalypt forest. | DTS/DPF 1.2<br>None are applicable. |
| Built form and siting | |
| PO 2.1<br>Buildings and associated vehicle parking areas, are designed and sited to:<br>(a) minimise removal of native vegetation or areas of significant landscape quality<br>(b) be screened by existing vegetation, particularly when viewed from public roads. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Vehicle access points are limited and sited to minimise vegetation clearance. | DTS/DPF 2.2<br>None are applicable. |
| Land division | |
| PO 3.1<br>Land division creates allotments suitable for land uses associated with cultural, arts or tourism development. | DTS/DPF 3.1<br>None are applicable. |
| PO 3.2<br>Land divison is designed to conserve native vegetation and landscape quality. | DTS/DPF 3.2<br>None are applicable. |

### Recreation Zone





**Assessment Provisions (AP)**

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | Provision of a range of accessible recreational facilities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Development is associated with or ancillary to the primary purpose of structured, unstructured, active and / or passive recreational facilities. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Car parking<br>(b) Change rooms<br>(c) Golf course<br>(d) Indoor recreation facility<br>(e) Lighting for night use of facilities<br>(f) Market<br>(g) Motorsport track and associated activities<br>(h) Office ancillary to recreation facility<br>(i) Open space<br>(j) Outdoor sports courts<br>(k) Playground<br>(l) Racecourse and associated activities<br>(m) Recreation area<br>(n) Shop ancillary to recreation facility<br>(o) Showground and associated activities<br>(p) Special event<br>(q) Spectator viewing structure<br>(r) Sporting clubrooms<br>(s) Sporting ovals and fields<br>(t) Stadium<br>(u) Swimming pool<br>(v) Tourist accommodation ancillary to recreation facility |
| PO 1.2<br>Shops including restaurants are of a scale that is subordinate to the principal recreational use of land. | DTS/DPF 1.2<br>Shop gross leasable floor area does not exceed 80m$^2$. |
| PO 1.3<br>Offices are of a scale that is subordinate to the principal recreational use of land. | DTS/DPF 1.3<br>Office gross leasable floor area does not exceed 80m$^2$. |
| PO 1.4<br>Tourist accommodation of a scale that is subordinate to the principal recreational use of land. | DTS/DPF 1.4<br>None are applicable. |
| PO 1.5<br>Facilities capable of attracting larger numbers of spectators may include complementary activities associated with the principal recreational use of land, | DTS/DPF 1.5<br>None are applicable. |

| | |
|---|---|
| such as:<br><br>(a) Horse breeding, keeping, sales and training activities associated with a racecourse<br>(b) Storage and maintenance of racing vehicles associated with a motorsport track. | |
| PO 1.6<br>Facilities that may attract longer-term stays may include complementary activities associated with the principal recreational use of land, such as tourist accommodation. | DTS/DPF 1.6<br>None are applicable. |
| Built Form and Character | |
| PO 2.1<br>Development includes building, landscape and streetscape design elements to achieve high visual amenity particularly along public roads and open spaces. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Buildings are designed and sited to manage visual impacts. | DTS/DPF 2.2<br>Buildings are set back:<br><br>(a) no closer to a public road than an existing building on an adjoining allotment, or 8m where no building exists on an adjoining site<br>(b) 8m from the boundary of an allotment containing, or zoned to primarily accommodate, a sensitive receiver in other ownership. |
| PO 2.3<br>Outbuildings are of a scale that manages visual impacts. | DTS/DPF 2.3<br>Outbuildings have a:<br><br>(a) floor area that does not exceed 80m$^2$<br>(b) wall height that does not exceed 3m<br>(c) building height that does not exceed 5m |
| Interface Height | |
| PO 3.1<br>Buildings mitigate the visual impacts of massing on residential development within a neighbourhood-type zone. | DTS/DPF 3.1<br>Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the street boundary):<br><br><br> |
| PO 3.2<br>Buildings mitigate overshadowing of residential development within a neighbourhood-type zone. | DTS/DPF 3.2<br>Buildings on sites with a southern boundary adjoining the boundary of an allotment used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram (except where this boundary is a street boundary):<br><br><br> |
| PO 3.3<br>Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character. | DTS/DPF 3.3<br>None are applicable. |
| Land Division | |
| PO 4.1<br>Land division supports the provision of recreational facilities. | DTS/DPF 4.1<br>Land division is for the purposes of:<br><br>(a) the creation of a public road or a public reserve<br>or<br>(b) a minor adjustment of allotment boundaries to remove an anomaly in existing boundaries with respect to the location of existing buildings or structures. |
| Concept Plans | |
| PO 5.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 5.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br><br>**Description**<br>Concept Plan 3 - Mount Barker and Littlehampton<br>Concept Plan 9 - Blakeview<br>Concept Plan 21 - Virginia<br>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints<br>Concept Plan 80 - Murray Bridge |

| Description |
|---|
| Concept Plan 99 - Two Wells |
| Concept Plan 98 - Mallala |
| Concept Plan 92 - Meadows |
| Concept Plan 101 - Evanston Gardens, Evanston South, Hillier |
| Concept Plan 100 - Gawler East |
| Concept Plan 175 - Smithfield Regeneration |
| Concept Plan 177 - Prospect Lifestyle Precinct |

In relation to DTS/DPF 5.1, in instances where:

(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met.

Advertisements

| | |
|---|---|
| PO 6.1<br>Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality. | DTS/DPF 6.1<br>Freestanding advertisements:<br>(a) do not exceed 2m in height and<br>(b) do not have a sign face that exceeds $2m^2$ per side. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush<br>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas<br>6. It does not involve the construction of a building that exceeds 3 building levels above the regulated surface level where located within the Tunnel Protection Overlay<br>7. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay<br>8. It does not include storage of materials, equipment or vehicles (whether temporary or permanent) over an area exceeding 100 square metres where located within the Tunnel Protection Overlay<br>9. It does not include temporary stockpiling of soil, gravel, rock or other natural material over an area exceeding 100 square metres where located within the Tunnel Protection Overlay<br>10. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay. |
| Outbuilding<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is detached from and ancillary to a dwelling erected on the site.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)<br>6. Total floor area - does not exceed $40m^2$<br>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>8. Building height - does not exceed 5m<br>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure<br>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%<br>12. If the outbuilding is a garage – door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)<br>13. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not located on a State maintained road, and will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour<br>15. Does not involve-<br>(a) excavation exceeding a vertical height of 1m; or<br>(b) filling exceeding a vertical height of 1m,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.<br>16. Does not involve the clearance of native vegetation<br>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas<br>18. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay. |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None |
| Protective tree netting structure<br>Except where any of the following apply: | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* |

| | |
|---|---|
| • Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 2. *The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas*<br>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)<br>5. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour<br>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:<br>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or<br>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site<br>7. No part of the netting canopy of the protective tree netting structure:<br>(a) will cover native vegetation; or<br>(b) will be within 5m of a road (including any road reserve)<br>8. The points of attachment of any cables will not be located:<br>(a) outside the boundaries of the site; or<br>(b) within a watercourse (within the meaning of the *Landscape South Australia Act 2019*)<br>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:<br>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling<br>(b) in any other case, no part of the netting canopy is within 15m of the dwelling |
| Shade sail<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Shade sail consists of permeable material<br>4. The total area of the sail - does not exceed 40m$^2$<br>5. No part of the shade sail will be:<br>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment<br>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment<br>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m<br>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary<br>9. Does not involve the clearance of native vegetation<br>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas<br>11. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay<br>12. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof<br>3. Panels and associated components do not overhang any part of the roof<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Verandah<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 40m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level<br>7. Building height - does not exceed 5m<br>8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment<br>9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%<br>10. Does not involve the clearance of native vegetation<br>11. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay<br>12. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay. |
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The tank is part of a roof drainage system<br>4. Total floor area - not exceeding 15m$^2$<br>5. The tank is located wholly above ground<br>6. Tank height - does not exceed 4m above natural ground level<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour<br>9. Does not involve the clearance of native vegetation<br>10. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay<br>11. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay. |
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>2. The tank (including any associated pump) is located wholly below the level of the ground<br>3. Does not involve the clearance of native vegetation<br>4. It does not involve filling of land more than 1m above the regulated surface level where located within the Tunnel Protection Overlay<br>5. It does not involve excavation or ground intruding activity more than 2.5m below the regulated surface level where located within the Tunnel Protection Overlay. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |
| Advertisement<br>Except where any of the following apply:<br>• Character Preservation District Overlay<br>• Heritage Adjacency Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Non-stop Corridor Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None | Advertisements [Appearance]<br>DTS/DPF 1.1<br><br>Advertisements [Safety]<br>DTS/DPF 5.4, DTS/DPF 5.3, DTS/DPF 5.2, DTS/DPF 5.1<br><br>Advertisements [Amenity Impacts]<br>DTS/DPF 4.1<br><br>Advertisements [Advertising Content]<br>DTS/DPF 3.1<br><br>Advertisements [Proliferation of Advertisements]<br>DTS/DPF 2.3<br><br>Advertisements [Appearance]<br>DTS/DPF 1.4, DTS/DPF 1.3, DTS/DPF 1.2<br><br>Infrastructure and Renewable Energy Facilities [Wastewater Services]<br>DTS/DPF 12.2<br><br>Clearance from Overhead Powerlines<br>DTS/DPF 1.1<br><br>Advertisements [Safety]<br>DTS/DPF 5.6, DTS/DPF 5.5 | None | Native Vegetation Overlay [Environmental Protection]<br>DTS/DPF 1.1<br><br>Defence Aviation Area Overlay [Built Form]<br>DTS/DPF 1.1<br><br>Tunnel Protection Overlay [Excavation and Ground Intruding Activity]<br>DTS/DPF 2.1<br><br>Tunnel Protection Overlay [Land Use and Intensity]<br>DTS/DPF 1.1<br><br>State Significant Native Vegetation Areas Overlay [Environmental Protection]<br>DTS/DPF 1.1<br><br>Gateway Overlay [Advertisements]<br>DTS/DPF 4.1<br><br>Future Road Widening Overlay [Future Road Widening]<br>DTS/DPF 1.1<br><br>Building Near Airfields Overlay<br>DTS/DPF 1.3<br><br>Airport Building Heights (Regulated) Overlay [Built Form]<br>DTS/DPF 1.1 |

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Shop | Any of the following:<br><br>(a) shop with a gross leasable floor area less than 1000m$^2$<br>(b) shop that is a restaurant. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development | Exceptions |
|---|---|

| (Column A) | (Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) change rooms<br>(c) outdoor sports courts<br>(d) playground<br>(e) protective tree netting structure. | Except development that does not satisfy any of the following:<br>1. Recreation Zone DTS/DPF 2.2<br>2. Recreation Zone DTS/DPF 3.1<br>3. Recreation Zone DTS/DPF 3.2. |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) indoor recreation facility<br>(b) market<br>(c) showground<br>(d) special event<br>(e) sporting clubrooms<br>(f) Swimming pool or spa pool and associated swimming pool safety features<br>(g) horse breeding, keeping, sales, training or stables ancillary to an existing racecourse | Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. |
| 4. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building works<br>(f) land division<br>(g) open space<br>(h) outbuilding<br>(i) pergola<br>(j) private bushfire shelter<br>(k) recreation area<br>(l) replacement building<br>(m) retaining wall<br>(n) shade sail<br>(o) solar photovoltaic panels (roof mounted)<br>(p) swimming pool or spa pool and associated swimming pool safety features<br>(q) temporary accommodation in an area affected by bushfire<br>(r) tree damaging activity<br>(s) verandah<br>(t) water tank. | None specified. |
| 5. Any development involving any of the following (or of any combination of any of the following) within the Tunnel Protection Overlay:<br>(a) storage of materials, equipment or vehicles (whether temporary or permanent) over an area exceeding 100 square metres<br>(b) temporary stockpiling of soil, gravel, rock or other natural material over an area exceeding 100 square metres<br>(c) excavation or ground intruding activity at a depth greater than 2.5 metres below the regulated surface level. | Except where not undertaken by the Crown, a Council or an essential infrastructure provider. |
| 6. Demolition. | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 7. Office. | Except office that does not satisfy any of the following:<br>1. Recreation Zone DTS/DPF 1.3<br>2. Recreation Zone DTS/DPF 2.2<br>3. Recreation Zone DTS/DPF 3.1<br>4. Recreation Zone DTS/DPF 3.2. |
| 8. Railway line. | Except where located outside of a rail corridor or rail reserve. |
| 9. Shop. | Except shop that does not satisfy any of the following:<br>1. Recreation Zone DTS/DPF 1.2<br>2. Recreation Zone DTS/DPF 2.2<br>3. Recreation Zone DTS/DPF 3.1<br>4. Recreation Zone DTS/DPF 3.2. |
| 10. Telecommunications facility. | Except telecommunications facility exceeding 30m in height or where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood zone. |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

### Adelaide Showgrounds Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | Multifunctional showground facilities and spaces catering to a wide range of cultural, agricultural, recreational, sporting and business events, conferences, shows, markets and exhibitions together with supporting administrative and visitor facilities. |
| DO 2 | An area supporting transitional development between core showground facilities and adjacent areas along Leader Street and Rose Terrace achieve complementary land use and built form outcomes that support the multifunctional role of core showground facilities and spaces. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Showground facilities and spaces accommodating events, conferences, shows, markets and exhibitions together with associated administrative functions and visitor amenities are maintained for the long term education, entertainment and enjoyment of visitors, spectators, event competitors and businesses. | DTS/DPF 1.1<br>None are applicable. |
| PO 1.2<br>Development of land near the periphery of the subzone along Leader Street or Rose Terrace surplus to showground activities is compatible with showground facilities and provides an orderly transition to development outside the subzone to mitigate adverse impacts on residential amenity. | DTS/DPF 1.2<br>Development comprising one or more of the following on a site adjacent land in another zone:<br>(a) Car parking<br>(b) Child care facility<br>(c) Community facility<br>(d) Consulting room<br>(e) Educational facility<br>(f) Hotel<br>(g) Office<br>(h) Residential flat building |

| | |
|---|---|
| | (i) Restaurant<br>(j) Service trade premises<br>(k) Shop<br>(l) Tourist accommodation<br>(m) Warehouse |
| PO 1.3<br>Shops are ancillary to showground facilities to enhance visitor experiences or provide a local convenience as part of a transitional development at the subzone interface that complements the role of activity centres. | DTS/DPF 1.3<br>Shop where one of the following applies:<br>(a) is ancillary to showground facilities<br>(b) with a gross leasable floor area up to 500m$^2$ in a single building. |
| PO 1.4<br>Offices or consulting rooms are ancillary to showground activities, or on sites with an interface with Leader Street or Rose Terrace at a scale appropriate to maintain the local character and amenity. | DTS/DPF 1.4<br>None are applicable. |
| Built Form and Character | |
| PO 2.1<br>Buildings are generally medium rise, and where fronting Leader Street provide an orderly transition to the built form scale envisaged in any adjacent neighbourhood-type zone to complement the streetscape character. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Buildings fronting a public road are setback from the road frontage to:<br>(a) enable provision of a pedestrian walkway and environment of sufficient width and amenity to safely and conveniently accommodate expected pedestrian movements<br>and<br>(b) complement the prevailing streetscape character. | DTS/DPF 2.2<br>None are applicable. |
| PO 2.3<br>Buildings adjacent to Leader Street or Rose Terrace include activities that contribute to active street frontages, of a scale that minimises impact on residential amenity in any adjacent neighbourhood-type zone. | DTS/DPF 2.3<br>None are applicable. |

## Remote Areas Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | A zone that includes a diverse range of uses including pasture growing, grazing, farming, agricultural processing and transportation, mining and petroleum, energy generation and storage, pipeline infrastructure, aerospace and defence-related facilities, Aboriginal lands and related activities, tourist development, workers' accommodation and settlements. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Land used primarily for primary production, remote rural activities and remote rural settlements. | DTS/DPF 1.1<br>Development comprises one or more of the following land uses:<br>(a) Advertisement<br>(b) Agricultural building<br>(c) Carport<br>(d) Demolition<br>(e) Detached dwelling<br>(f) Dwelling addition<br>(g) Excavation and filling<br>(h) Farming<br>(i) Intensive animal husbandry<br>(j) Outbuilding<br>(k) Small-scale ground mounted solar power facility<br>(l) Solar farm<br>(m) Stock sales yard<br>(n) Stock slaughter works<br>(o) Tourist accommodation<br>(p) Verandah<br>(q) Wind farm<br>(r) Workers' accommodation |
| Built Form and Character | |
| PO 2.1<br>Development is sited and designed to protect natural features and the conservation value of the area. | DTS/DPF 2.1<br>None are applicable. |
| PO 2.2<br>Large buildings are designed and sited to reduce impacts on scenic and rural vistas by:<br>(a) having substantial setbacks from boundaries and adjacent public roads<br>(b) using low reflective materials and finishes that blend with the surrounding landscape<br>(c) being located below ridgelines where practicable. | DTS/DPF 2.2<br>Building are:<br>(a) of a height no greater than 2 building levels and 9m<br>and<br>(b) set back at least 40m from any allotment boundary or public road. |
| Hazard Risk Minimisation | |
| PO 3.1<br>Habitable buildings are designed and sited to manage the risks of natural hazards on personal and public safety and property. | DTS/DPF 3.1<br>None are applicable. |
| Advertisements | |
| PO 4.1<br>Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality. | DTS/DPF 4.1<br>Freestanding advertisements:<br>(a) do not exceed 2m in height<br>and<br>(b) do not have a sign face that exceeds 2m$^2$ per side. |
| Concept Plans | |
| PO 5.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 5.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br>In relation to DTS/DPF 5.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Air handling unit, air conditioning system or exhaust fan<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The item will be installed on or within an existing building<br>2. The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire<br>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |

| | |
|---|---|
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush<br>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Carport<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 40m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>7. Building height - does not exceed 5m<br>8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure<br>10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment<br>11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)<br>12. The carport is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour<br>14. Does not involve the clearance of native vegetation. |
| Farming<br>Except where any of the following apply:<br>• Building Near Airfields Overlay<br>• Marine Parks (Managed Use) Overlay<br>• Marine Parks (Restricted Use) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay<br>• Ramsar Wetlands Overlay<br>• Water Protection Area Overlay | 1. There is no excavation of filling of land<br>2. Does not involve the erection, construction or alteration of, or addition to, any building or structure<br>3. Does not involve the clearance of native vegetation<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Outbuilding<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is detached from and ancillary to a dwelling erected on the site.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)<br>6. Total floor area - does not exceed 40m$^2$<br>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>8. Building height - does not exceed 5m<br>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure<br>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%<br>12. If the outbuilding is a garage – door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)<br>13. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not located in an area subject to the Urban Transport Overlay, Non-Stop Corridors Overlay, Major Urban Transport Routes Overlay, Key Outback and Rural Routes Overlay, Key Railway Crossings Overlay, Future Local Road Widening Overlay or Future Road Widening Overlay, will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour<br>15. Does not involve-<br>(a) excavation exceeding a vertical height of 1m; or<br>(b) filling exceeding a vertical height of 1m,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.<br>16. Does not involve the clearance of native vegetation<br>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None |
| Private bushfire shelter<br>Except where any of the following apply: | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* |

| | |
|---|---|
| • Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Primary street setback - at least as far back as the building to which it is ancillary<br>4. Secondary street setback - at least 900mm from the boundary of the allotment<br>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)<br>6. Does not involve the clearance of native vegetation. |
| Protective tree netting structure<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996<br>2. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas<br>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)<br>5. Netting visible from the outside of the protective tree netting structure is of a low light reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour<br>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:<br>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or<br>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site<br>7. No part of the netting canopy of the protective tree netting structure:<br>(a) will cover native vegetation; or<br>(b) will be within 5m of a road (including any road reserve)<br>8. The points of attachment of any cables will not be located:<br>(a) outside the boundaries of the site; or<br>(b) within a watercourse (within the meaning of the *Landscape South Australia Act 2019*)<br>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:<br>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling<br>(b) in any other case, no part of the netting canopy is within 15m of the dwelling. |
| Shade sail<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Shade sail consists of permeable material<br>4. The total area of the sail - does not exceed 40m$^2$<br>5. No part of the shade sail will be:<br>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment<br>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment<br>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m<br>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary<br>9. Does not involve the clearance of native vegetation<br>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Solar photovoltaic panels (ground mounted)<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996<br>2. The system is freestanding and not attached to a building or other structure.<br>3. No part of the system:<br>(a) is more than 4m in height (measured as a height above the natural surface of the ground);<br>(b) is within 100m of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and<br>(c) is within 10m of a boundary of an allotment containing a dwelling not associated with the system.<br>4. The generating capacity of the system does not exceed 30 kW<br>5. Does not result in the clearance of any native vegetation. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof<br>3. Panels and associated components do not overhang any part of the roof<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Swimming pool or spa pool and associated swimming pool safety features<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996.*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted<br>4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).<br>5. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:<br>(a) not less than 5m where the filtration system is located inside a solid acoustic structure; or<br>(b) not less than 12m in any other case.<br>7. Does not involve the clearance of native vegetation<br>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Verandah<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 40m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level<br>7. Building height - does not exceed 5m<br>8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment<br>9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%<br>10. Does not involve the clearance of native vegetation. |
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The tank is part of a roof drainage system<br>4. Total floor area - not exceeding 15m$^2$<br>5. The tank is located wholly above ground<br>6. Tank height - does not exceed 4m above natural ground level<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour<br>9. Does not involve the clearance of native vegetation. |
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>2. The tank (including any associated pump) is located wholly below the level of the ground<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |

PO 5.2, PO 5.3

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Limited Dwelling Overlay
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Noise and Air Emissions Overlay [Siting and Design]
PO 1.1, PO 1.2, PO 1.3

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.3

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.2, PO 6.3

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Scenic Quality Overlay [Built Form and Character]
PO 2.1

Scenic Quality Overlay [Landscaping]
PO 3.1

Scenic Quality Overlay [Earthworks]
PO 4.1

Significant Interface Management Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Land Use and Intensity]
PO 1.1

Significant Landscape Protection Overlay [Built Form and Character]
PO 2.1, PO 2.2

Significant Landscape Protection Overlay [Landscaping]
PO 3.1

Significant Landscape Protection Overlay [Earthworks]
PO 4.1

State Heritage Area Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5

State Heritage Area Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Area Overlay [Conservation Works]
PO 7.1

State Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

State Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Place Overlay [Conservation Works]
PO 7.1

State Significant Native Vegetation Areas Overlay [Environmental Protection]
PO 1.1

Stormwater Management Overlay
PO 1.1

Traffic Generating Development Overlay [Traffic Generating Development]
PO 1.1, PO 1.2, PO 1.3

Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Urban Transport Routes Overlay [Access - (Location Spacing) - Existing Access Point]
PO 3.1

Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Urban Transport Routes Overlay [Access – Mud and Debris]
PO 6.1

Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Urban Tree Canopy Overlay
PO 1.1

Water Resources Overlay [Water Catchment]
PO 1.1, PO 1.2, PO 1.5, PO 1.6, PO 1.7, PO 1.8

Coastal Areas Overlay [Access]
PO 5.1, PO 5.2, PO 5.4

Coastal Flooding Overlay
PO 1.1

Defence Aviation Area Overlay [Built Form]
PO 1.1

Future Local Road Widening Overlay [Future Road Widening]
PO 1.1

Future Road Widening Overlay [Future Road Widening]
PO 1.1

Gas and Liquid Petroleum Pipelines Overlay [Land Use and Intensity]
PO 1.3

Gateway Overlay [Landscape Amenity]
PO 2.1

Gateway Overlay [Landscaping]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]
PO 1.1

Hazards (Flooding) Overlay [Land Use]
PO 2.1

Hazards (Flooding) Overlay [Flood Resilience]
PO 3.1, PO 3.2, PO 3.3, PO 3.4

Hazards (Flooding) Overlay [Environmental Protection]
PO 4.1, PO 4.2

Hazards (Flooding) Overlay [Site Earthworks]
PO 5.1, PO 5.2

Hazards (Flooding) Overlay [Access]
PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding – General) Overlay [Environmental Protection]
PO 3.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Ancillary development]
PO 4.1

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
PO 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 9.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Ancillary Development]
PO 3.1, PO 3.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]

| All other Code Assessed Development | All | All | All | Any relevant Overlay: All |

**Table 4 -Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| None specified | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A) | Exceptions<br>(Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) agricultural building<br>(c) ancillary accommodation | Except development that does not satisfy Remote Areas Zone DTS/DPF 2.2. |

| | |
|---|---|
| (d) detached dwelling<br>(e) dwelling addition<br>(f) horse keeping<br>(g) intensive animal husbandry<br>(h) protective tree netting structure<br>(i) solar photovoltaic panels (ground mounted)<br>(j) solar farm<br>(k) stock sales yard<br>(l) stock slaughter works<br>(m) tourist accommodation. | |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) building work on railway land<br>(c) carport<br>(d) deck<br>(e) excavation or filling<br>(f) farming<br>(g) fence<br>(h) internal building works<br>(i) land division<br>(j) outbuilding<br>(k) pergola<br>(l) private bushfire shelter<br>(m) replacement building<br>(n) retaining wall<br>(o) shade sail<br>(p) solar photovoltaic panels (roof mounted)<br>(q) swimming pool or spa pool and associated swimming pool safety features<br>(r) temporary accommodation in an area affected by bushfire<br>(s) tree damaging activity<br>(t) verandah<br>(u) water tank. | None specified. |
| 4. Demolition. | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 5. Railway line. | Except where located outside of a rail corridor or rail reserve. |
| 6. Wind farm, including any ancillary development including electricity substation, maintenance sheds, access roads, and connecting power-lines. | Except:<br>1. wind monitoring mast<br>or<br>2. where the base of any wind turbine is 2,000m or less from any of the following:<br>(a) an existing dwelling or tourist accommodation that is not associated with the wind farm<br>(b) a proposed dwelling or tourist accommodation for which an operable planning consent exists<br>(c) the boundaries of any airfield, airport, Local Infrastructure (Airfield) Zone, Rural Settlement Zone, Township Zone or any State Heritage Area Overlay. |

**Placement of Notices - Exemptions for Performance Assessed Development**

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Remote Areas Zone.

**Placement of Notices - Exemptions for Restricted Development**

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Remote Areas Zone.

## Residential Park Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | Affordable living, short term accommodation and associated small-scale services and facilities are provided in an open landscaped setting. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Long-term and short-term affordable and visitor accommodation predominantly characterised by caravan and camping sites, cabins, and transportable dwellings, with complementary support services that maintain a low-rise, open landscape setting. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Amenity block<br>(b) Caravan permanently fixed to land<br>(c) Community facility<br>(d) Detached dwelling<br>(e) Indoor recreation facility<br>(f) Outbuilding<br>(g) Residential Park<br>(h) Shop<br>(i) Office<br>(j) Tourist accommodation |
| PO 1.2<br>Permanent buildings are consistent with the primary role of the park and maintain an open landscaped character by being limited to:<br>(a) a dwelling (manager's house)<br>(b) shop or office (in association with and ancillary to a residential park)<br>(c) community or recreational facilities<br>(d) toilets/amenities. | DTS/DPF 1.2<br>None are applicable. |
| PO 1.3<br>Facilities to support the needs and enjoyment of visitors and occupants (such as shower, toilet and laundry facilities, recreation areas including tennis court, basketball court, playground, swimming pool/spa and the like) are provided at a scale suitable to maintain the open natural character of the area and ancillary to the primary role of the park. | DTS/DPF 1.3<br>None are applicable. |
| PO 1.4<br>A dwelling in the form of a manager's residence associated with and ancillary to tourist accommodation and tourist facilities to support tourism operations and maximise available accommodation for long-term occupants, visitors and travellers. | DTS/DPF 1.4<br>None are applicable. |
| PO 1.5<br>Shops and offices associated with and ancillary to tourist accommodation and tourist facilities support tourism operations and maximise available accommodation for visitors and travellers. | DTS/DPF 1.5<br>Shops and offices (or any combination thereof) do not exceed 250m$^2$ in gross leasable floor area<br>or<br>Shops and offices (or any combination thereof) are to be located in an existing building that is being lawfully used as a shop or office (or any combination |

| | |
|---|---|
| | thereof). |
| PO 1.6<br>Home-based businesses support opportunities to work from home are of a scale and type to maintain the amenity of nearby residents. | DTS/DPF 1.6<br>A shop, consulting room or office (or any combination thereof) located on the same allotment and in conjunction with a dwelling where all the following are satisfied:<br>(a) it does not exceed 50m$^2$ gross leasable floor area<br>(b) it does not involve the display of goods in a window or about the dwelling or its curtilage. |
| Site Dimensions and Land Division | |
| PO 2.1<br>No additional allotment(s) are created wholly or partly within the zone except where a lease or license agreement is made, granted or accepted under the Residential Parks Act 2007. | DTS/DPF 2.1<br>Land division is permitted for a lease or licence under the *Residential Parks Act 2007* where an agreement is made, granted or accepted under that Act. |
| PO 2.2<br>Each caravan, cabin and dwelling is provided with adequate space for the occupants' exclusive use to enhance the amenity for travellers. | DTS/DPF 2.2<br>Caravan, cabin and dwelling sites are not less than 100m$^2$ in area. |
| Built Form and Character | |
| PO 3.1<br>Landscaping is used to define spaces, reinforce internal networks, screen utility areas and enhance the visual amenity of the area. | DTS/DPF 3.1<br>None are applicable. |
| PO 3.2<br>Buildings and structures incorporate a small setback from internal roads to ensure safe internal movement. | DTS/DPF 3.2<br>Buildings and structures are set back at least 1m from any internal road. |
| PO 3.3<br>Buildings and structures are sufficiently set back from any public road to minimise impacts on the streetscape. | DTS/DPF 3.3<br>Buildings and structure are set back at least 6m from a public road. |
| PO 3.4<br>Buildings and structures are set back from the park boundary to minimise impacts on neighbouring properties. | DTS/DPF 3.4<br>Building and structures are set back at least 2m from the park boundary. |
| Concept Plans | |
| PO 4.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 4.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br>**Description**<br>Concept Plan 21 - Virginia<br>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints<br>Concept Plan 101 - Evanston Gardens, Evanston South, Hillier<br>Concept Plan 142 - Hillier<br>In relation to DTS/DPF 4.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Air handling unit, air conditioning system or exhaust fan<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The item will be installed on or within an existing dwelling.<br>2. The item being installed does not encroach on a public street.<br>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street |
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush<br>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Carport<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 40m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>7. Building height - does not exceed 5m<br>8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure<br>10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment<br>11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)<br>12. The carport is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site |

|---|---|
| | 13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour<br>14. Does not involve the clearance of native vegetation. |
| Outbuilding<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is detached from and ancillary to a dwelling erected on the site.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)<br>6. Total floor area - does not exceed 40m$^2$<br>7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>8. Building height - does not exceed 5m<br>9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:<br>(a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and<br>(b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent<br>10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):<br>(a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and<br>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure<br>11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%<br>12. If the outbuilding is a garage – door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)<br>13. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not located in an area subject to the Urban Transport Overlay, Non-Stop Corridors Overlay, Major Urban Transport Routes Overlay, Key Outback and Rural Routes Overlay, Key Railway Crossings Overlay, Future Local Road Widening Overlay or Future Road Widening Overlay, will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour<br>15. Does not involve-<br>(a) excavation exceeding a vertical height of 1m; or<br>(b) filling exceeding a vertical height of 1m,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.<br>16. Does not involve the clearance of native vegetation<br>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None |
| Private bushfire shelter<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Primary street setback - at least as far back as the building to which it is ancillary<br>4. Secondary street setback - at least 900mm from the boundary of the allotment<br>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)<br>6. Does not involve the clearance of native vegetation. |
| Shade sail<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Shade sail consists of permeable material<br>4. The total area of the sail - does not exceed 40m$^2$<br>5. No part of the shade sail will be:<br>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment<br>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment<br>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m<br>8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary<br>9. Does not involve the clearance of native vegetation<br>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof<br>3. Panels and associated components do not overhang any part of the roof<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Swimming pool or spa pool and associated swimming pool safety features<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted<br>4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature).<br>5. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:<br>(a) not less than 5m where the filtration system is located inside a solid acoustic structure; or<br>(b) not less than 12m in any other case.<br>7. Does not involve the clearance of native vegetation<br>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Verandah<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 40m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level<br>7. Building height - does not exceed 5m<br>8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment<br>9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%<br>10. Does not involve the clearance of native vegetation. |
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The tank is part of a roof drainage system<br>4. Total floor area - not exceeding 15m$^2$<br>5. The tank is located wholly above ground<br>6. Tank height - does not exceed 4m above natural ground level<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour<br>9. Does not involve the clearance of native vegetation. |

| | |
|---|---|
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>2. The tank (including any associated pump) is located wholly below the level of the ground<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |
| Carport | Built Form and Character<br>PO 3.2, PO 3.3, PO 3.4 | Clearance from Overhead Powerlines<br>PO 1.1<br><br>Design [All development [Earthworks and sloping land]]<br>PO 8.1, PO 8.2, PO 8.3, PO 8.4<br><br>Design [All residential development and non-residential development [Ancillary Development]]<br>PO 13.1, PO 13.2, PO 13.3<br><br>Design [All residential development and non-residential development [Car parking, access and manoeuvrability]]<br>PO 19.1, PO 19.3, PO 19.4, PO 19.5<br><br>Infrastructure and Renewable Energy Facilities [Wastewater Services]<br>PO 12.2 | None | Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]<br>PO 1.1<br><br>Airport Building Heights (Regulated) Overlay [Built Form]<br>PO 1.1<br><br>Building Near Airfields Overlay<br>PO 1.3<br><br>Character Area Overlay [All Development]<br>PO 1.1<br><br>Character Area Overlay [Built Form]<br>PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5<br><br>Character Area Overlay [Ancillary Development]<br>PO 4.1, PO 4.2<br><br>Character Area Overlay [Context and Streetscape Amenity]<br>PO 6.1, PO 6.2<br><br>Character Preservation District Overlay [Built Form and Character]<br>PO 2.1, PO 2.2<br><br>Character Preservation District Overlay [Built Form and Character in the Rural Area]<br>PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.5, PO 3.6<br><br>Character Preservation District Overlay [Earthworks]<br>PO 4.1<br><br>Coastal Areas Overlay [Hazard Risk Minimisation]<br>PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5<br><br>Coastal Areas Overlay [Coast Protection Works]<br>PO 3.1, PO 3.2<br><br>Coastal Areas Overlay [Environment Protection]<br>PO 4.1, PO 4.2, PO 4.3, PO 4.4, PO 4.6, PO 4.7<br><br>Coastal Areas Overlay [Access]<br>PO 5.1, PO 5.2, PO 5.4<br><br>Coastal Flooding Overlay<br>PO 1.1<br><br>Defence Aviation Area Overlay [Built Form]<br>PO 1.1<br><br>Future Local Road Widening Overlay [Future Road Widening]<br>PO 1.1<br><br>Future Road Widening Overlay [Future Road Widening]<br>PO 1.1<br><br>Gateway Overlay [Built Form and Character]<br>PO 1.1, PO 1.2<br><br>Gateway Overlay [Landscape Amenity]<br>PO 2.1<br><br>Gateway Overlay [Landscaping]<br>PO 3.1, PO 3.2, PO 3.3, PO 3.4<br><br>Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity]<br>PO 1.1<br><br>Hazards (Bushfire - General Risk) Overlay [Siting]<br>PO 1.1<br><br>Hazards (Bushfire - General Risk) Overlay [Built Form]<br>PO 2.1, PO 2.2<br><br>Hazards (Bushfire - General Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]<br>PO 5.2, PO 5.3<br><br>Hazards (Bushfire - High Risk) Overlay [Land Use]<br>PO 1.1<br><br>Hazards (Bushfire - High Risk) Overlay [Siting]<br>PO 2.1<br><br>Hazards (Bushfire - High Risk) Overlay [Built Form]<br>PO 3.1, PO 3.2<br><br>Hazards (Bushfire - High Risk) Overlay [Vehicle Access – Roads, Driveways and Fire Tracks]<br>PO 6.2, PO 6.3<br><br>Hazards (Bushfire - Medium Risk) Overlay [Siting]<br>PO 1.1<br><br>Hazards (Bushfire - Medium Risk) Overlay [Built Form]<br>PO 2.1, PO 2.2<br><br>Hazards (Bushfire - Medium Risk) Overlay [Vehicle Access - Roads, Driveways and Fire Tracks]<br>PO 5.2, PO 5.3<br><br>Hazards (Bushfire - Outback) Overlay [Vehicle Access - Roads and Driveways]<br>PO 2.2<br><br>Hazards (Bushfire - Regional) Overlay [Siting]<br>PO 1.1 |

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
PO 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
PO 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
PO 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
PO 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
PO 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
PO 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
PO 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Landscapes and Natural Features]
PO 4.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3, PO 3.4, PO 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Landscapes and Natural Features]
PO 4.1

Native Vegetation Overlay [Environmental Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors Overlay [Non-Stop Corridor Overlay]
PO 1.1

River Murray Flood Plain Protection Area Overlay [Wastewater]
PO 2.1

River Murray Flood Plain Protection Area Overlay [Built Form and Character]
PO 5.1, PO 5.2, PO 5.3, PO 5.4

River Murray Flood Plain Protection Area Overlay [Flood Resilience]
PO 6.1, PO 6.3, PO 6.4

River Murray Flood Plain Protection Area Overlay [Environmental Protection]
PO 7.1, PO 7.2, PO 7.3, PO 7.4

River Murray Flood Plain Protection Area Overlay [Access]
PO 8.1, PO 8.2, PO 8.3

Scenic Quality Overlay [Land Use and Intensity]
PO 1.1

Scenic Quality Overlay [Built Form and Character]
PO 2.1

Scenic Quality Overlay [Earthworks]
PO 4.1

Significant Landscape Protection Overlay [Built Form and Character]
PO 2.1, PO 2.2

Significant Landscape Protection Overlay [Landscaping]
PO 3.1

Significant Landscape Protection Overlay [Earthworks]
PO 4.1

State Heritage Area Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5

State Heritage Area Overlay [Ancillary Development]
PO 3.1, PO 3.2

State Heritage Area Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

State Heritage Area Overlay [Conservation Works]
PO 7.1

State Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

State Heritage Place Overlay [Ancillary Development]

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Shop | Any of the following:<br><br>(a) shop with a gross leasable floor area less than 1000$m^2$<br>(b) shop that is a restaurant. |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A) | Exceptions<br>(Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) amenity block, shower, toilet or laundry facilities<br>(b) caravan permanently fixed to land<br>(c) community facility<br>(d) dwelling<br>(e) dwelling addition<br>(f) indoor recreation facility<br>(g) residential park<br>(h) tourist accommodation. | Except development that does not satisfy any of the following:<br>1. Residential Park DTS/DPF 3.3<br>2. Residential Park DTS/DPF 3.4. |
| 3. Any development involving any of the following (or of any combination of any of the following):<br>(a) office<br>(b) shop. | Except development that does not satisfy any of the following:<br>1. Residential Park DTS/DPF 1.5<br>2. Residential Park DTS/DPF 3.3<br>3. Residential Park DTS/DPF 3.4. |
| 4. Any development involving any of the following (or of any combination of any of the following):<br>(a) air handling unit, air conditioning system or exhaust fan<br>(b) carport<br>(c) deck<br>(d) fence<br>(e) internal building works<br>(f) outbuilding<br>(g) pergola<br>(h) private bushfire shelter<br>(i) replacement building<br>(j) retaining wall<br>(k) shade sail<br>(l) solar photovoltaic panels (roof mounted)<br>(m) swimming pool or spa pool and associated swimming pool safety features<br>(n) temporary accommodation in an area affected by bushfire<br>(o) tree damaging activity<br>(p) verandah<br>(q) water tank. | None specified. |
| 5. Demolition. | Except any of the following:<br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 6. Land division. | Except development that does not satisfy Residential Park DTS/DPF 2.1. |
| 7. Railway line. | Except where located outside of a rail corridor or rail reserve. |

| Placement of Notices - Exemptions for Performance Assessed Development |
|---|
| None specified. |

| Placement of Notices - Exemptions for Restricted Development |
|---|
| None specified. |

## Resource Extraction Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | The provision and protection of land for the extraction, production or processing of a mineral, extractive or petroleum resource. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br>Development is associated with or ancillary to resource extraction and processing. | DTS/DPF 1.1<br>Development comprises one or more of the following:<br>(a) Office<br>(b) Resource extraction operation<br>(c) Resource processing facility<br>(d) Store |
| PO 1.2<br>Remediation and rehabilitation is facilitated where resource extraction is no longer viable. | DTS/DPF 1.2<br>None are applicable. |
| PO 1.3<br>Undeveloped resource areas accommodate a limited range of low-intensity activities to maintain access to future resources. | DTS/DPF 1.3<br>Development comprises one or more of the following land uses:<br>(a) Farming<br>(b) Horse keeping<br>(c) Horticulture |
| PO 1.4<br>Offices are ancillary to and support the management and maintenance of a resource extraction or processing facility. | DTS/DPF 1.4<br>Office:<br>(a) ancillary to and located on the same site as resource extraction and / or processing operations and<br>(b) with a gross leasable floor area up to 150m$^2$. |
| PO 1.5<br>Telecommunication facilities are located to mitigate impacts on visual amenity on residential areas. | DTS/DPF 1.5<br>Telecommunications facility in the form of a monopole:<br>(a) up to a height of 30m and<br>(b) no closer than 50m to neighbourhood-type zone. |
| Land Division | |
| PO 2.1<br>Land division, including boundary realignment: | DTS/DPF 2.1<br>None are applicable. |

| | |
|---|---|
| (a) does not further fragment resource areas<br>(b) creates allotments of suitable size and dimension for compatible activities away from resource areas. | |
| PO 2.2<br>Land division supports effective remediation and rehabilitation of the site and environs. | DTS/DPF 2.2<br>None are applicable. |
| Fencing | |
| PO 3.1<br>Fencing is designed to complement the appearance of land and buildings and does not form a dominant visual feature from adjacent areas, roads and thoroughfares. | DTS/DPF 3.1<br>Fencing exceeding 2.1m in height is:<br>(a) located behind a facade of an associated building located on the same site; or<br>(b) located behind a landscaped area along relevant street frontages or<br>(c) consists of visually permeable materials with landscaping behind. |
| Concept Plans | |
| PO 4.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 4.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br>**Description**<br>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints<br>In relation to DTS/DPF 4.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met |
| Advertisements | |
| PO 5.1<br>Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality. | DTS/DPF 5.1<br>Freestanding advertisements:<br>(a) do not exceed 2m in height and<br>(b) do not have a sign face that exceeds $2m^2$ per side. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush<br>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Farming<br>Except where any of the following apply:<br>• Building Near Airfields Overlay<br>• Marine Parks (Managed Use) Overlay<br>• Marine Parks (Restricted Use) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay<br>• Ramsar Wetlands Overlay<br>• Water Protection Area Overlay | 1. There is no excavation or filling of land<br>2. Does not involve the erection, construction or alteration of, or addition to, any building or structure<br>3. Does not involve the clearance of native vegetation<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None |
| Protective tree netting structure<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. *The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas*<br>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)<br>5. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour<br>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:<br>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or<br>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site<br>7. No part of the netting canopy of the protective tree netting structure:<br>(a) will cover native vegetation; or<br>(b) will be within 5m of a road (including any road reserve)<br>8. The points of attachment of any cables will not be located:<br>(a) outside the boundaries of the site; or<br>(b) within a watercourse (within the meaning of the *Landscape South Australia Act 2019*)<br>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:<br>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling<br>(b) in any other case, no part of the netting canopy is within 15m of the dwelling. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof<br>3. Panels and associated components do not overhang any part of the roof<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |

| | |
|---|---|
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The tank is part of a roof drainage system<br>4. Total floor area - not exceeding 15m$^2$<br>5. The tank is located wholly above ground<br>6. Tank height - does not exceed 4m above natural ground level<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour<br>9. Does not involve the clearance of native vegetation. |
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>2. The tank (including any associated pump) is located wholly below the level of the ground<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |

**Table 3 - Applicable Policies for Performance Assessed Development**

The following table identifies the policies that are applicable to the assessment of the identified Class of Development to the exclusion of all other policies within the Code. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

In the case of 'All Other Code Assessed Development', all policies from the zone subzone and overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

| Class of Development | Applicable Policies | | | |
|---|---|---|---|---|

**Table 4 - Restricted Development Classification**

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| None specified | None specified |

**Table 5 - Procedural Matters (PM) - Notification**

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

**Interpretation**

Notification tables exclude the classes of development listed in Column A from notification provided that they do not fall within a corresponding exclusion prescribed in Column B.

Where a development or an element of a development falls within more than one class of development listed in Column A, it will be excluded from notification if it is excluded (in its entirety) under any of those classes of development. It need not be excluded under all applicable classes of development.

Where a development involves multiple performance assessed elements, all performance assessed elements will require notification (regardless of whether one or more elements are excluded in the applicable notification table) unless every performance assessed element of the application is excluded in the applicable notification table, in which case the application will not require notification.

A relevant authority may determine that a variation to 1 or more corresponding exclusions prescribed in Column B is minor in nature and does not require notification.

| Class of Development<br>(Column A) | Exceptions<br>(Column B) |
|---|---|
| 1. Development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following):<br>(a) advertisement<br>(b) agricultural building<br>(c) air handling unit, air conditioning system or exhaust fan<br>(d) carport | None specified. |

| | |
|---|---|
| (e) deck<br>(f) farming<br>(g) fence<br>(h) horse keeping<br>(i) horticulture<br>(j) internal building work<br>(k) land division<br>(l) outbuilding<br>(m) pergola<br>(n) private bushfire shelter<br>(o) protective tree netting structure<br>(p) replacement building<br>(q) retaining wall<br>(r) shade sail<br>(s) solar photovoltaic panels (roof mounted)<br>(t) store<br>(u) swimming pool or spa pool and associated swimming pool safety features<br>(v) temporary accommodation in an area affected by bushfire<br>(w) tree damaging activity<br>(x) verandah<br>(y) water tank. | |
| 3. Demolition. | Except any of the following:<br><br>1. the demolition (or partial demolition) of a State or Local Heritage Place (other than an excluded building)<br>2. the demolition (or partial demolition) of a building in a Historic Area Overlay (other than an excluded building). |
| 4. Office. | Except office that does not satisfy Resource Extraction Zone DTS/DPF 1.4. |
| 5. Railway line. | Except where located outside of a rail corridor or rail reserve. |
| 6. Telecommunications facility. | Except telecommunications facility that does not satisfy Resource Extraction Zone DTS/DPF 1.5. |

**Placement of Notices - Exemptions for Performance Assessed Development**

None specified.

**Placement of Notices - Exemptions for Restricted Development**

None specified.

## Rural Zone

### Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|---|---|
| DO 1 | A zone supporting the economic prosperity of South Australia primarily through the production, processing, storage and distribution of primary produce, forestry and the generation of energy from renewable sources. |
| DO 2 | A zone supporting diversification of existing businesses that promote value-adding such as industry, storage and warehousing activities, the sale and consumption of primary produce, tourist development and accommodation. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1<br><br>The productive value of rural land for a range of primary production activities and associated value adding, processing, warehousing and distribution is supported, protected and maintained. | DTS/DPF 1.1<br><br>Development comprises one or more of the following:<br><br>(a) Advertisement<br>(b) Agricultural building<br>(c) Brewery<br>(d) Carport<br>(e) Cidery<br>(f) Commercial forestry<br>(g) Dairy<br>(h) Dam<br>(i) Distillery<br>(j) Dwelling<br>(k) Dwelling addition<br>(l) Farming<br>(m) Horse keeping<br>(n) Horticulture<br>(o) Industry<br>(p) Intensive animal husbandry<br>(q) Low intensity animal husbandry<br>(r) Outbuilding<br>(s) Renewable energy facility<br>(t) Shop<br>(u) Small-scale ground mounted solar power facility<br>(v) Stock slaughter works<br>(w) Tourist accommodation<br>(x) Transport distribution<br>(y) Verandah<br>(z) Warehouse<br>(aa) Winery<br>(ab) Workers' accommodation |
| Siting and Design | |
| PO 2.1<br><br>Development is provided with suitable vehicle access. | DTS/DPF 2.1<br><br>Development is serviced by an all-weather trafficable public road. |
| PO 2.2<br><br>Buildings are generally located on flat land to minimise cut and fill and the associated visual impacts. | DTS/DPF 2.2<br><br>Buildings:<br><br>(a) are located on sites with a slope not greater than 10% (1-in-10)<br>and<br>(b) do not result in excavation and/or filling of land greater than 1.5m from natural ground level. |
| Horticulture | |
| PO 3.1<br><br>Horticulture is located and conducted on land that has the physical capability of supporting the activity and in a sustainable manner that:<br><br>(a) enhances the productivity of the land for the growing of food and produce in a sustainable manner<br>(b) avoids adverse interface conflicts with other land uses<br>(c) utilises sound environmental practices to mitigate negative impacts on natural resources and water quality<br>(d) is sympathetic to surrounding rural landscape character and amenity where horticulture is proposed to be carried out in enclosed buildings such as such as greenhouses. | DTS/DPF 3.1<br><br>Horticultural activities satisfy all of the following:<br><br>(a) are conducted on an allotment with an area of at least 1ha<br>(b) are sited on land with a slope not greater than 10% (1-in-10)<br>(c) are not conducted within 50m of a watercourse or native vegetation<br>(d) are not conducted within 100m of a sensitive receiver in other ownership<br>(e) provide for a headland area between plantings and property boundaries of at least 10m in width |

| | |
|---|---|
| | (f) where carried out in an enclosed building such as a greenhouse, the building has a total floor area not greater than 250m$^2$<br>(g) where in the form of olive growing are not located within 500m of a conservation or national park. |
| Rural Industry | |
| PO 4.1<br>Small-scale industry (including beverage production and washing, processing, bottling and packaging activities), storage, warehousing, produce grading and packing, transport distribution or similar activities provide opportunities for diversification and value adding to locally sourced primary production activities. | DTS/DPF 4.1<br>Industries, storage, warehousing, produce grading and packing and transport distribution activities and similar activities (or any combination thereof) satisfy all of the following:<br>(a) are directly related and ancillary to a primary production use on the same or adjoining allotment<br>(b) are located on an allotment not less than 20ha in area<br>(c) have a total floor area not exceeding 500m$^2$. |
| PO 4.2<br>Expansion of established small-scale or new large scale industry (including beverage production and washing, processing, bottling and packaging activities), storage, warehousing, produce grading and packing, transport distribution or similar activities:<br>(a) are commensurate with the allotment on which it is situated to mitigate adverse impacts on the amenity of land in other ownership and the character of the locality<br>(b) realise efficiencies in primary production related storage, sorting, packaging, manufacturing and the like<br>(c) primarily involve primary production commodities sourced from the same allotment and /or surrounding rural areas. | DTS/DPF 4.2<br>None are applicable. |
| PO 4.3<br>Industry, storage, warehousing, transport distribution or similar activities are sited, designed and of a scale that maintains rural character and function and respects landscape amenity. | DTS/DPF 4.3<br>Buildings and associated activities satisfy all of the following:<br>(a) are set back at least 100m from all road and allotment boundaries<br>(b) are not sited within 200m of a sensitive receiver in other ownership<br>(c) have a building height not greater than 10m above natural ground level<br>(d) incorporate the loading and unloading of vehicles within the confines of the allotment. |
| Dwellings | |
| PO 5.1<br>Dwellings provide a convenient base for landowners to conduct and manage commercial scale primary production and rural related value adding activities without compromising the use of the allotment, adjacent land or long term purpose of the zone for primary production or related tourism values due to a proliferation of dwellings. | DTS/DPF 5.1<br>Dwellings:<br>(a) are located on an allotment with an area not less than:<br>**Minimum Dwelling Allotment Size**<br>Minimum dwelling allotment size is 16 ha<br>Minimum dwelling allotment size is 20 ha<br>Minimum dwelling allotment size is 25 ha<br>Minimum dwelling allotment size is 30 ha<br>Minimum dwelling allotment size is 32 ha<br>Minimum dwelling allotment size is 33 ha<br>Minimum dwelling allotment size is 36 ha<br>Minimum dwelling allotment size is 40 ha<br>Minimum dwelling allotment size is 60 ha<br>Minimum dwelling allotment size is 100 ha<br>Minimum dwelling allotment size is 200 ha<br>Minimum dwelling allotment size is 300 ha<br>Minimum dwelling allotment size is 900 ha<br>(b) are located on an allotment used for and is ancillary to primary production and/or primary production related value-adding activities<br>(c) will not result in more than one dwelling on an allotment.<br>In relation to DTS/DPF 5.1, in instances where:<br>(d) more than one value is returned in the same field, refer to the *Minimum Dwelling Allotment Size Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development<br>(e) no value is returned for DTS/DPF 5.1(a) (ie there is a blank field), then there is no minimum dwelling allotment size applicable and DTS/DPF 5.1(a) is met. |
| PO 5.2<br>Development resulting in more than one dwelling on an allotment supports ageing in place for the owner of the allotment or multi-generational management of farms in a manner that minimises the potential loss of land available for primary production. | DTS/DPF 5.2<br>Dwelling that will result in more than one dwelling on an allotment where all the following are satisfied:<br>(a) it is located within 20m of an existing dwelling<br>(b) shares the same utilities of the existing dwelling<br>(c) will use the same access point from a public road as the existing dwelling<br>(d) it is located on an allotment not less than 40ha in area<br>(e) will not result in more than two dwellings on the allotment. |
| PO 5.3<br>Dwelling are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 5.3<br>Dwellings satisfy all of the following:<br>(a) are set back from all allotment boundaries by at least 40m<br>(b) do not exceed 2 building levels and 9m measured from the top of the footings<br>(c) have a wall height that is no greater than 6m. |
| PO 5.4<br>Dwelling additions are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 5.4<br>Additions or alterations to an existing dwelling satisfy all of the following:<br>(a) are set back from all allotment boundaries by at least 40m<br>(b) do not exceed 2 building levels and 9m measured from the top of the footings<br>(c) have a wall height that is no greater than 6m. |
| Shops, Tourism and Function Venues | |
| PO 6.1<br>Shops are associated with an existing primary production use or primary production related value adding industry to support diversification of employment, provide services to visitors and showcase local and regional products. | DTS/DPF 6.1<br>Shops satisfy all of the following:<br>(a) are ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industries<br>(b) offer for sale or consumption produce or goods that are primarily sourced, produced or manufactured on the same allotment or adjoining allotments<br>(c) have a gross leasable floor area not exceeding 100m$^2$ or 250m$^2$ in the case of a cellar door<br>(d) have an area for the display of produce or goods external to a building not exceeding 25m$^2$. |
| PO 6.2<br>Shops that are proposed in new buildings are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 6.2<br>Shops in new buildings satisfy all of the following:<br>(a) are set back from all allotment boundaries by at least 40m<br>(b) are not sited within 100m of a sensitive receiver in other ownership<br>(c) have a building height that does not exceed 9m above natural ground level. |
| PO 6.3<br>Tourist accommodation is associated with the primary use of the land for primary production or primary production related value adding industry to enhance and provide authentic visitor experiences. | DTS/DPF 6.3<br>Tourist accommodation satisfies all of the following:<br>(a) is ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry<br>(b) in relation to the area used for accommodation:<br>(i) where in a new building, or buildings, does not exceed a cumulative total floor area of 100m$^2$<br>or<br>(ii) where in an existing building, does not exceed a total floor area of 150m$^2$<br>(c) does not result in more than one tourist accommodation facility being located on the same allotment. |
| PO 6.4<br>Tourist accommodation proposed in a new building or buildings is sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 6.4<br>Tourist accommodation in new buildings:<br>(a) is set back from all allotment boundaries by at least 40m<br>and<br>(b) has a building height that does not exceed 7m above natural ground level. |

| | |
|---|---|
| PO 6.5<br>Function venues are associated with the primary use of the land for primary production or primary production related value adding industry. | DTS/DPF 6.5<br>Function venues:<br>(a) are ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry<br>and<br>(b) do not result in more than 75 persons for customer dining purposes. |
| PO 6.6<br>Function venues are sited, designed and of a scale that maintains a pleasant natural and rural character and amenity. | DTS/DPF 6.6<br>Function venues satisfy all of the following:<br>(a) are located on an allotment having an area of at least 5ha<br>(b) are set back from all property boundaries by at least 40m<br>(c) are not sited within 100m of a sensitive receiver in other ownership<br>(d) have a building height that does not exceed 9m above natural ground level. |
| Offices | |
| PO 7.1<br>Offices are directly related to and associated with the primary use of the land for primary production or primary production related value adding industry. | DTS/DPF 7.1<br>Offices:<br>(a) are ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry<br>and<br>(b) have a gross leasable floor area not exceeding 100m$^2$. |
| Adaptive Reuse of Existing Buildings | |
| PO 8.1<br>Adaptive reuse of existing buildings for small-scale shops, offices, tourist accommodation or ancillary rural activities. | DTS/DPF 8.1<br>Development within an existing building is for any of the following:<br>(a) a shop<br>(b) office<br>(c) tourist accommodation. |
| Renewable Energy Facilities | |
| PO 9.1<br>Renewable energy facilities and ancillary development minimises significant fragmentation or displacement of existing primary production. | DTS/DPF 9.1<br>None are applicable. |
| PO 9.2<br>Small-scale, ground-mounted solar power facilities support rural production or value-adding industries. | DTS/DPF 9.2<br>None are applicable. |
| Built Form and Character | |
| PO 10.1<br>Large buildings are designed and sited to reduce impacts on scenic and rural vistas by:<br>(a) having substantial setbacks from boundaries and adjacent public roads<br>(b) using low-reflective materials and finishes that blend with the surrounding landscape<br>(c) being located below ridgelines. | DTS/DPF 10.1<br>None are applicable. |
| Land Division | |
| PO 11.1<br>Land division, including boundary realignments, promotes productive, efficient and sustainable primary production by establishing allotments that are of sufficient dimension and area to support these outcomes and the intended use of the land for primary production. | DTS/DPF 11.1<br>Allotments have an area not less than:<br>**Minimum Site Area**<br>Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 1,000 sqm; row dwelling is 1,000 sqm; group dwelling is 1,000 sqm; residential flat building is 1,000 sqm<br>Minimum site area for a detached dwelling is 1,500 sqm; group dwelling is 1,500 sqm<br>Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 300 sqm; row dwelling is 250 sqm; group dwelling is 300 sqm; residential flat building is 250 sqm<br>Minimum site area for a detached dwelling is 450 sqm; semi-detached dwelling is 450 sqm; row dwelling is 450 sqm; group dwelling is 450 sqm; residential flat building is 450 sqm<br>Minimum site area is 1,000 sqm<br>Minimum site area is 10 ha<br>Minimum site area is 100 ha<br>Minimum site area is 1,200 sqm<br>Minimum site area is 1,500 sqm<br>Minimum site area is 16 ha<br>Minimum site area is 2 ha<br>Minimum site area is 20 ha<br>Minimum site area is 200 ha<br>Minimum site area is 25 ha<br>Minimum site area is 3,000 sqm<br>Minimum site area is 30 ha<br>Minimum site area is 32 ha<br>Minimum site area is 33 ha<br>Minimum site area is 4 ha<br>Minimum site area is 40 ha<br>Minimum site area is 5,000 sqm<br>Minimum site area is 5 ha<br>Minimum site area is 60 ha<br>Minimum site area is 7 ha<br>Minimum site area is 81 sqm<br>Minimum site area is 9,000 sqm<br>Minimum site area is 900 ha<br>In relation to DTS/DPF 11.1, in instances where:<br>(a) more than one value is returned in the same field, refer to the *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development<br>(b) no value is returned (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. |
| PO 11.2<br>Land division, including boundary realignments, which facilitates the more intensive use of the land should occur only where:<br>(a) the allotments are of a size and configuration to support the existing and proposed land uses<br>(b) water of sufficient quality and quantity is available to sustain the proposed use<br>(c) the use will be compatible with adjacent or nearby uses of land. | DTS/DPF 11.2<br>None are applicable. |
| PO 11.3<br>Allotment boundaries, including by realignment, are positioned to incorporate sufficient space around existing residential, tourist accommodation and other habitable buildings (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) to:<br>(a) maintain a pleasant rural character and amenity for occupants<br>(b) manage vegetation within the same allotment to mitigate bushfire hazard. | DTS/DPF 11.3<br>Allotment boundaries are located no closer to an existing residential, tourist accommodation or other habitable building than the greater of the following:<br>(a) 40m<br>or<br>(b) the distance required to accommodate an asset protection zone wholly within the relevant allotment. |
| Agricultural Buildings | |
| PO 12.1<br>Agricultural buildings and associated activities are sited, designed and of a scale that maintains a pleasant rural character and function. | DTS/DPF 12.1<br>Agricultural buildings satisfy all of the following:<br>(a) are located on an allotment having an area of at least 10ha<br>(b) are set back at least 50m from an allotment boundary<br>(c) have a building height not exceeding 10m above natural ground level<br>(d) do not exceed 500m$^2$ in total floor area |

| | |
|---|---|
| | (e) incorporate the loading and unloading of vehicles within the confines of the allotment. |
| Outbuildings, Carports and Verandahs | |
| PO 13.1<br>Outbuildings are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 13.1<br>Outbuildings satisfy all of the following:<br>(a) have a primary street setback that is at least as far back as the building to which it is ancillary<br>(b) have a combined total floor area that does not exceed 150m$^2$<br>(c) do not exceed 5m in wall height measured from natural ground level (not including a gable end)<br>(d) have a total roof height that does not exceed 6m measured from natural ground level<br>(e) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour<br>(f) will not result in more than 2 outbuildings on the same allotment . |
| PO 13.2<br>Carports and verandahs are sited, designed and of a scale to maintain a pleasant rural character and amenity. | DTS/DPF 13.2<br>Carports and verandahs satisfy all of the following:<br>(a) are set back from the primary street at least as far back as the building to which it is ancillary<br>(b) have a total floor area that does not exceed 80m$^2$<br>(c) have a post height that does not exceed 3m measured from natural ground level (not including a gable end)<br>(d) have a total roof height that does not exceed 5m measured from natural ground level<br>(e) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour. |
| Concept Plans | |
| PO 14.1<br>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 14.1<br>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:<br>**Description**<br>Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie<br>Concept Plan 3 - Mount Barker and Littlehampton<br>Concept Plan 71 - Hamley Bridge<br>Concept Plan 50 - Roseworthy Town Expansion<br>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints<br>Concept Plan 98 - Mallala<br>Concept Plan 106 - Hindmarsh Valley<br>Concept Plan 101 - Evanston Gardens, Evanston South, Hillier<br>Concept Plan 100 - Gawler East<br>In relation to DTS/DPF 14.1, in instances where:<br>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.<br>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 14.1 is met. |
| Advertisements | |
| PO 15.1<br>Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality. | DTS/DPF 15.1<br>Freestanding advertisements:<br>(a) do not exceed 2m in height<br>and<br>(b) do not have a sign face that exceeds 2m$^2$ per side. |
| Workers' Accommodation | |
| PO 16.1<br>Workers' accommodation provides short-term accommodation for persons temporarily engaged in the production, management or processing of primary produce. | DTS/DPF 16.1<br>Workers' accommodation satisfies all of the following:<br>(a) is developed on a site at least 2ha in area<br>(b) has a total area not exceeding 250m$^2$<br>(c) is in the form of a single building or part of a cluster of buildings that are physically connected<br>(d) accommodates not more than 20 persons at any one time<br>(e) is set back at least 50m from a road boundary<br>(f) is set back at least 40m from a side or rear allotment boundary<br>(g) is located within 20m of an existing dwelling on the same allotment<br>(h) does not result in more than one facility being located on the same allotment. |

**Table 1 - Accepted Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Agricultural building<br>Except where any of the following apply:<br>• Character Area Overlay<br>• Coastal Areas Overlay<br>• Gateway Overlay<br>• Hazards (Flooding) Overlay<br>• Heritage Adjacency Overlay<br>• Historic Area Overlay<br>• Kangaroo Island Subzone<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will be located on an allotment having an area of at least 10ha<br>2. The development is set back at least 50m from an allotment boundary<br>3. Building height - does not exceeding 10m above natural ground level<br>4. Total floor area - does not exceed 250m$^2$<br>5. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour<br>6. Does not involve- excavation exceeding a vertical height of 1m; or filling exceeding a vertical height of 1m, and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m<br>7. Does not involve the clearance of native vegetation<br>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas<br>9. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. |
| Air handling unit, air conditioning system or exhaust fan<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The item will be installed on or within an existing dwelling.<br>2. The item being installed does not encroach on a public street.<br>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Brush fence<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The fence is formed (wholly or partially) from brush<br>2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels)<br>3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved)<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Building alterations<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The alteration does not:<br>(a) increase the floor area of the building<br>(b) exceed the existing wall height<br>(c) exceed the existing overall building height<br>(d) alter the roof profile<br>(e) alter an approved privacy screening arrangement or window treatment<br>(f) result in less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.<br>2. Where located within the Historic Area Overlay, there will be no external alterations to the external appearance of the building where visible from the public realm. |
| Building work on railway land<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. Building work is associated with a railway<br>2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)<br>3. It is required for the conduct or maintenance of railway activities<br>4. It does not involve the clearance of native vegetation<br>5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |

| | |
|---|---|
| Carport<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 80m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>7. Building height - does not exceed 5m<br>8. The carport is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>9. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.<br>10. Does not involve the clearance of native vegetation. |
| Farming<br>Except where any of the following apply:<br>• Building Near Airfields Overlay<br>• Marine Parks (Managed Use) Overlay<br>• Marine Parks (Restricted Use) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay<br>• Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay<br>• Ramsar Wetlands Overlay<br>• Water Protection Area Overlay | 1. There is no excavation or filling of land<br>2. Does not involve the erection, construction or alteration of, or addition to, any building or structure<br>3. Does not involve the clearance of native vegetation<br>4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Outbuilding<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is detached from and ancillary to a dwelling erected on the site.<br>4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 80m$^2$<br>6. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)<br>7. Building height - does not exceed 5m<br>8. If the outbuilding is a garage, it is located so that vehicle access:<br>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or<br>(b) is not obtained from a State Maintained Road, and will use a driveway that:<br>(i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;<br>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;<br>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average<br>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access<br>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right or way is at least 6.2m wide along the boundary of the allotment / site<br>9. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour<br>10. Does not involve-<br>(a) excavation exceeding a vertical height of 1m; or<br>(b) filling exceeding a vertical height of 1m,<br>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.<br>11. Does not involve the clearance of native vegetation |
| Partial demolition of a building or structure<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | None |
| Private bushfire shelter<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• River Murray Flood Plain Protection Area Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Primary street setback - at least as far back as the building to which it is ancillary<br>4. Secondary street setback - at least 900mm from the boundary of the allotment<br>5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)<br>6. Does not involve the clearance of native vegetation. |
| Protective tree netting structure<br>Except where any of the following apply:<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. *The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas*<br>3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)<br>5. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour<br>6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:<br>(a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or<br>(b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site<br>7. No part of the netting canopy of the protective tree netting structure:<br>(a) will cover native vegetation; or<br>(b) will be within 5m of a road (including any road reserve)<br>8. The points of attachment of any cables will not be located:<br>(a) outside the boundaries of the site; or<br>(b) within a watercourse (within the meaning of the *Landscape South Australia Act 2019*)<br>9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:<br>(a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling<br>(b) in any other case, no part of the netting canopy is within 15m of the dwelling. |
| Shade sail<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. Shade sail consists of permeable material<br>4. The total area of the sail - does not exceed 40m$^2$<br>5. No part of the shade sail will be:<br>(a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment<br>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment<br>6. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>7. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary<br>8. Does not involve the clearance of native vegetation<br>9. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Solar photovoltaic panels (ground mounted)<br>Except where any of the following apply: | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996* |

| | |
|---|---|
| • Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• Significant Landscape Protection Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 2. The system is freestanding and not attached to a building or other structure.<br>3. No part of the system:<br>(a) is more than 4m in height (measured as a height above the natural surface of the ground);<br>(b) is within 100m of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and<br>(c) is within 10m of a boundary of an allotment containing a dwelling not associated with the system.<br>4. The generating capacity of the system does not exceed 30 kW<br>5. Does not result in the clearance of any native vegetation.<br>6. Does not involve the clearance of native vegetation. |
| Solar photovoltaic panels (roof mounted)<br>Except where any of the following apply:<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof<br>3. Panels and associated components do not overhang any part of the roof<br>4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system<br>5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Swimming pool or spa pool and associated swimming pool safety features<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Hazards (Flooding) Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted<br>4. Allotment boundary setback - not less than 1m (other than a swimming pool safety feature)<br>5. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>6. Location of pumps and/or filtration systems from a dwelling on an adjoining allotment:<br>(a) not less than 5m where the filtration system is located inside a solid acoustic structure; or<br>(b) not less than 12m in any other case.<br>7. Does not involve the clearance of native vegetation<br>8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Verandah<br>Except where any of the following apply:<br>• Future Local Road Widening Overlay<br>• Future Road Widening Overlay<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. It is ancillary to a dwelling erected on the site<br>4. Primary street setback - as far back as the building line of the building to which it is ancillary<br>5. Total floor area - does not exceed 80m$^2$<br>6. Post height - does not exceed 3m measured from natural ground level<br>7. Building height - does not exceed 5m<br>8. Does not involve the clearance of native vegetation. |
| Water tank (above ground)<br>Except where any of the following apply:<br>• Historic Area Overlay<br>• Local Heritage Place Overlay<br>• Ramsar Wetlands Overlay<br>• State Heritage Area Overlay<br>• State Heritage Place Overlay | 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*<br>2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>3. The tank is part of a roof drainage system<br>4. Total floor area - not exceeding 30m$^2$<br>5. The tank is located wholly above ground<br>6. Tank height - does not exceed 4m above natural ground level<br>7. Primary street setback - at least as far back as the building line of the building to which it is ancillary<br>8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour<br>9. Does not involve the clearance of native vegetation. |
| Water tank (underground)<br>Except where any of the following apply:<br>• Coastal Areas Overlay<br>• Hazards (Acid Sulfate Soils) Overlay<br>• Ramsar Wetlands Overlay | 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system<br>2. The tank (including any associated pump) is located wholly below the level of the ground<br>3. Does not involve the clearance of native vegetation. |

**Table 2 - Deemed-to-Satisfy Development Classification**

Unless otherwise specified in another class of development, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone<br>(applies only in the area affected by the Subzone) | Overlay<br>(applies only in the area affected by the Overlay) |

Interface between Land Uses [Activities Generating Noise or Vibration]
DTS/DPF 4.1, DTS/DPF 4.6

Transport, Access and Parking [Movement Systems]
DTS/DPF 1.4

Transport, Access and Parking [Vehicle Access]
DTS/DPF 3.1, DTS/DPF 3.5

Transport, Access and Parking [Vehicle Parking Rates]
DTS/DPF 5.1

Transport, Access and Parking [Vehicle Parking Areas]
DTS/DPF 6.1, DTS/DPF 6.6

Transport, Access and Parking [Corner Cut-Offs]
DTS/DPF 10.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
DTS/DPF 1.1

Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form]
DTS/DPF 1.1

Airport Building Heights (Regulated) Overlay [Built Form]
DTS/DPF 1.1, DTS/DPF 1.2

Building Near Airfields Overlay
DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3

Defence Aviation Area Overlay [Built Form]
DTS/DPF 1.1

Future Road Widening Overlay [Future Road Widening]
DTS/DPF 1.1

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Stormwater]
DTS/DPF 3.6, DTS/DPF 3.9

Native Vegetation Overlay [Environmental Protection]
DTS/DPF 1.1

Resource Extraction Protection Area Overlay [Protection of Strategic Resources]
DTS/DPF 1.1

Historic Shipwrecks Overlay [General]
DTS/DPF 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
DTS/DPF 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
DTS/DPF 2.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - Existing Access Points]
DTS/DPF 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing) - New Access Points]
DTS/DPF 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
DTS/DPF 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
DTS/DPF 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
DTS/DPF 7.1

Key Outback and Rural Routes Overlay [Building on Road Reserve]
DTS/DPF 8.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
DTS/DPF 9.1

Key Railway Crossings Overlay [Access, Design and Function]
DTS/DPF 1.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
DTS/DPF 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
DTS/DPF 2.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) - Existing Access Points]
DTS/DPF 3.1

Major Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
DTS/DPF 4.1

Major Urban Transport Routes Overlay [Access - Location (Sight Lines)]
DTS/DPF 5.1

Major Urban Transport Routes Overlay [Access - Mud and Debris]
DTS/DPF 6.1

Major Urban Transport Routes Overlay [Access - Stormwater]
DTS/DPF 7.1

Major Urban Transport Routes Overlay [Building on Road Reserve]
DTS/DPF 8.1

Major Urban Transport Routes Overlay [Public Road Junctions]
DTS/DPF 9.1

Major Urban Transport Routes Overlay [Corner Cut-Offs]
DTS/DPF 10.1

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Wastewater]
DTS/DPF 2.4

Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay [Stormwater]
DTS/DPF 3.6, DTS/DPF 3.9

Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay [Wastewater]
DTS/DPF 2.5

Urban Transport Routes Overlay [Access - (Location Spacing) - Existing Access Point]
DTS/DPF 3.1

Urban Transport Routes Overlay [Access – Location (Spacing) – New Access Points]
DTS/DPF 4.1

Urban Transport Routes Overlay [Access - Location (Sight Lines)]
DTS/DPF 5.1

Urban Transport Routes Overlay [Access – Mud and Debris]
DTS/DPF 6.1

Urban Transport Routes Overlay [Access - Stormwater]
DTS/DPF 7.1
