**OPEN LETTER TO THE DRIVER TRAINING INDUSTRY (MOTOR  
DRIVING INSTRUCTORS, AUTHORISED EXAMINERS AND  
REGISTERED TRAINING ORGANISATIONS)**

Dear Industry Member

***DRIVER TRAINING REVIEW***

The Registrar of Motor Vehicles has commenced a review of driver training and assessment required for the issue of a drivers licence.

The Registrar's objective is to deliver a best practice driver training and assessment model that is both customer and road safety focussed.

The first step is to better understand the current situation and to gain information from the public who have recently experienced the process of gaining a drivers licence or has upgraded their licence.

Consultation with the community, via a survey, will commence shortly and will take approximately six weeks. The information gained through the survey will be used to develop a paper/survey for industry members.

The second step is for you to provide your ideas, suggestions and feedback. **You do not need to 'do' anything at this stage.**

I will write again in the last quarter of 2018 when you will be asked to provide your comments. I would appreciate your time and involvement in this review process.

Once both consultation stages are complete, decisions will be made as to how to best structure the delivery of driving training and assessment in South Australia in order to deliver a best practice model that is both customer and road safety focussed.

Thank you in anticipation of your engagement with us to improve the South Australian driver training industry.

Yours sincerely

Clare Heathcote  
Deputy Registrar Motor Vehicles
