(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof
3. Panels and associated components do not overhang any part of the roof
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |

| | |
|---------|-----|
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 8m if any part of the structure abuts or is situated on a boundary of the allotment
9. Site coverage does not exceed 50% or the amount specified in the Site Coverage Technical and Numeric Variation layer in the SA planning database (whichever is less)
10. Does not involve the clearance of native vegetation
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)

Except where any of the following apply:

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

Electricity Act 1996

- The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
- The tank is part of a roof drainage system
- Total floor area - not exceeding 15m²
- The tank is located wholly above ground
- Tank height - does not exceed 4m above natural ground level
- Primary street setback - at least as far back as the building line of the building to which it is ancillary
- In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour
- Does not involve the clearance of native vegetation
- Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- the amount of existing soft landscaping prior to the development occurring.

Water tank (underground)
Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Ramsar Wetlands Overlay

- The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
- The tank (including any associated pump) is located wholly below the level of the ground
- Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|------------------------------|--|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the | Overlay (applies only in the area affected by the |

| | | | Subzone) | Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-------------------------|--|---|--|--|

The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) |

| | |
|---|--|
| | <p>6. Does not involve the clearance of native vegetation.</p> |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Swimming pool or spa pool Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted 4. Allotment boundary setback - not less than 1m |

| | |
|---|---|
| <ul style="list-style-type: none"> • State Heritage Place Overlay | <ol style="list-style-type: none"> 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Temporary public service depot Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Local Heritage Place Overlay • Major Urban Transport Routes Overlay • State Heritage Place Overlay • Traffic Generating Development Overlay • Urban Transport Routes Overlay | <ol style="list-style-type: none"> 1. Occupies land for no longer than 3 months 2. Ensures litter and water are contained on site 3. Provides temporary security fencing around the perimeter of the site. |
| <p>Verandah Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • Nairne Redevelopment Subzone • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 40m² 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 10. Does not involve the clearance of native vegetation. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Nairne Redevelopment Subzone • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation. |

| | |
|---|---|
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation. |
|---|---|

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|-----------------------|--|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Hazards (Acid Sulfate Soils) Overlay Ramsar Wetlands Overlay | <ol style="list-style-type: none"> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system The tank (including any associated pump) is located wholly below the level of the ground Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |

| | <p>comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared</p> <p>3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where:</p> <p>(a) the building is a local heritage place</p> <p>or</p> <p>(b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made)</p> <p>or</p> <p>(c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.</p> |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Shade sail consists of permeable material. 4. The total area of the sail - does not exceed 40m². 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment. 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m. 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures |

| | |
|---|---|
| | <p>located along the boundary will not exceed 45% of the length of the boundary.</p> <p>9. Does not involve the clearance of native vegetation.</p> |
| <p>Shop</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved:</p> <ol style="list-style-type: none"> 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves: <ol style="list-style-type: none"> (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: <ol style="list-style-type: none"> (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |
| <p>Solar photovoltaic panels (roof mounted)</p> <p>Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the |

| | |
|---|---|
| <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay | <p><i>Electricity Act 1996.</i></p> <ol style="list-style-type: none"> Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof. Panels and associated components do not overhang any part of the roof. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Temporary public service depot Except where any of the following apply:</p> <ul style="list-style-type: none"> Hazards (Flooding) Overlay Local Heritage Place Overlay Major Urban Transport Routes Overlay State Heritage Place Overlay Traffic Generating Development Overlay Urban Transport Routes Overlay | <ol style="list-style-type: none"> Occupies land for no longer than 3 months Ensures litter and water are contained on site Provides temporary security fencing around the perimeter of the site. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> Historic Area Overlay Local Heritage Place Overlay Ramsar Wetlands Overlay State Heritage Area Overlay State Heritage Place Overlay | <ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996.</i> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank is part of a roof drainage system. Total floor area - not exceeding 15m². The tank is located wholly above ground. Tank height - does not exceed 4m above natural ground level. Primary street setback - at least as far back as the building line of the building to which it is ancillary. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Hazards (Acid Sulfate Soils) Overlay Ramsar Wetlands Overlay | <ol style="list-style-type: none"> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank (including any associated pump) is located wholly below the level of the ground. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|---------|---------|---------|
| | Zone | General | Subzone | Overlay |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |

Shade sail consists of permeable material 2. The total area of the sail - does not exceed 40m² 3. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 4. Primary street setback - at least as far back as the building line of the building to which it is ancillary 5. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 6. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 7. Does not involve the clearance of native vegetation 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Shop Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved:</p> <ol style="list-style-type: none"> 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves: <ol style="list-style-type: none"> (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the |

| | |
|--|--|
| | <p>rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where:</p> <ul style="list-style-type: none"> (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|------------------------------|---|---|
| | Zone | General Development Policies | Subzone <small>(applies only in the area affected by the</small> | Overlay <small>(applies only in the area affected by the</small> |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|-------------------------------|--|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|----------------------|--|
|----------------------|--|

| | |
|--|---|
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree. 3. There will be no alteration to the external appearance of the building where located within the Historic Area overlay. |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None.</p> |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the |

| | |
|---|--|
| | <p>allotment, the length of sail along a boundary does not exceed 11m</p> <ol style="list-style-type: none"> 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation. 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the Electricity Act 1996 2. The system is freestanding and not attached to a building or other structure. 3. No part of the system: <ol style="list-style-type: none"> (a) is more than 4m in height (measured as a height above the natural surface of the ground); (b) is within 100m of a dwelling not associated with the system (whether the dwelling is on the same allotment as the system or another allotment); and (c) is within 10m of a boundary of an allotment containing a dwelling not associated with the system. 4. The generating capacity of the system does not exceed 30 kW 5. Does not result in the clearance of any native vegetation. |
| <p>Swimming pool or spa pool Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted. 4. Allotment boundary setback - not less than 1m. 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation. 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Water tank (underground) Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or 7048 |

| | |
|--|---|
| <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <p>waste control system</p> <ol style="list-style-type: none"> 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation. |
|--|---|

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|--|---|--|

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of | Applicable Policies |
|----------|---------------------|

| Industry | Light industry |
| Shop | Any of the following: <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 4000m² (b) shop that is a restaurant. |

Urban Corridor (Business) Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|---|
| Building work on railway land Except where any of the following apply: <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |

Carport

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m².
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).
7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.
11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State maintained road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;

| | |
|---|---|
| | <ul style="list-style-type: none"> (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site. <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation.</p> |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building. 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree. 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Outbuilding Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m² 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end) 8. Building height - does not exceed 5m 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ul style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the |

existing adjacent wall or structure to the same or lesser extent

10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. If the outbuilding is a garage door opening for vehicle access facing a street frontage does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State maintained road, and will use a driveway that:
 - (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1m; or

| | |
|---|---|
| | <p>(b) filling exceeding a vertical height of 1m,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.</p> <p>16. Does not involve the clearance of native vegetation</p> <p>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</p> |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None.</p> |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Shade sail consists of permeable material. 4. The total area of the sail - does not exceed 40m². 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment. 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m. 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation. 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof. 3. Panels and associated components do not overhang any part of the roof. 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. |

| | |
|---|--|
| | <ol style="list-style-type: none"> If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Verandah Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system It is ancillary to a dwelling erected on the site Primary street setback - as far back as the building line of the building to which it is ancillary Total floor area - does not exceed 40m² Post height - does not exceed 3m measured from natural ground level Building height - does not exceed 5m Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% Does not involve the clearance of native vegetation. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank is part of a roof drainage system. Total floor area - not exceeding 15m². The tank is located wholly above ground. Tank height - does not exceed 4m above natural ground level. Primary street setback - at least as far back as the building line of the building to which it is ancillary. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank (including any associated pump) is located wholly below the level of the ground. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the ‘Deemed-to-Satisfy Development Classification Criteria’. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria |
|----------------------|---|
|----------------------|---|

| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
|---|---------------------------------------|--|--|--|
| <p>Advertisement Except where any of the following apply:</p> <ul style="list-style-type: none"> • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • Significant Trees Overlay • State Heritage Area Overlay • State Heritage Place Overlay | None | <p>Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4</p> <p>Advertisements [Proliferation of Advertisements] DTS/DPF 2.3</p> <p>Advertisements [Advertising Content] DTS/DPF 3.1</p> <p>Advertisements [Amenity Impacts] DTS/DPF 4.1</p> <p>Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6</p> <p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2</p> | None | <p>Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1</p> <p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1</p> <p>Building Near Airfields Overlay DTS/DPF 1.3</p> <p>Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1</p> <p>Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1</p> <p>Gateway Overlay [Advertisements] DTS/DPF 4.1</p> <p>Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1</p> <p>State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1</p> |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|-----------------------|--|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted. 4. Allotment boundary setback - not less than 1m. 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation. 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Verandah Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the |

| | |
|---|--|
| <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p><i>Electricity Act 1996.</i></p> <ol style="list-style-type: none"> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m². 6. Post height - does not exceed 3m measured from natural ground level. 7. Building height - does not exceed 5m. 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment. 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. The tank is part of a roof drainage system. 4. Total floor area - not exceeding 15m². 5. The tank is located wholly above ground. 6. Tank height - does not exceed 4m above natural ground level. 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|------------------------------|--|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the | Overlay (applies only in the area affected by the |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-----------------------------|----------------------------|---|--|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| | |
|-----------------|--|
| Industry | Light industry |
| Shop | Any of the following: (a) shop with a gross leasable floor area less than or equal to 1000m ² (b) shop within the Urban Corridor Living Retail Subzone (c) shop that is a Restaurant |

Urban Corridor (Main Street) Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| | |
|-----------------------------|-----------------------------|
| Class of Development | Accepted Development |
|-----------------------------|-----------------------------|

Classification Criteria

Consulting room

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved:

1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses
2. if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves:
 - (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road
 - or
 - (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared
3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where:
 - (a) the building is a local heritage place
 - or
 - (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made)
 - or
 - (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.

Internal building work

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree
3. There will be no alteration to the external appearance of the building where located within the Historic Area

| | |
|---|---|
| | <p>overlay.</p> |
| <p>Office</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved:</p> <ol style="list-style-type: none"> 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves: <ol style="list-style-type: none"> (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: <ol style="list-style-type: none"> (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |
| <p>Partial demolition of a building or structure</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |

Shade sail

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail does not exceed 40m²
5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.

Shop

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved:

1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses
2. if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves:
 - (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road

or

 - (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared

| | |
|--|--|
| | <p>3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where:</p> <p>(a) the building is a local heritage place</p> <p>or</p> <p>(b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made)</p> <p>or</p> <p>(c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared.</p> |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to a system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|---------------------|---|--|
| | Zone | General Development | Subzone <small>(applies only in the area</small> | Overlay <small>(applies only in the</small> |

| | | Policies | affected by the Subzone) | area affected by the Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|----------------------------------|--|---|---|

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|----------------|
| Industry | Light industry |

Urban Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay | <ol style="list-style-type: none"> The item will be installed on or within an existing building The item being installed does not encroach on a public street or affect the ability of the building to resist the spread of fire If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Internal building work Except where any of the following apply: | <ol style="list-style-type: none"> There will be no increase in the total floor area of the building. |

| | |
|---|---|
| <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree. 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Shade sail consists of permeable material. 4. The total area of the sail does not exceed 40m². 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment. 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m. 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation. 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof. 3. Panels and associated components do not overhang any part of the roof. 4. Does not apply to a system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |

| | |
|---|--|
| <p>Swimming pool or spa pool Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted. 4. Allotment boundary setback - not less than 1m. 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation. 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|---------------------|---|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

| Class of Development | Exclusions |
|----------------------|--|
| Industry | Light Industry |
| Shop | Any of the following: (a) shop located in the Main Street Subzone (b) shop located in the Urban Neighbourhood Retail Subzone (c) shop with a gross leasable floor area less than 2000m ² (d) shop that is a restaurant. |

Urban Renewal Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|--|
| Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: | <ol style="list-style-type: none"> 1. The item will be installed on or within an existing building 2. The item being installed does not encroach on a public |

| | |
|--|--|
| <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>street or affect the ability of the building to resist the spread of fire</p> <p>3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street.</p> |
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Carport Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 40m² 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end) 7. Building height - does not exceed 5m 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11.5m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary |

and

- (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
 11. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
 12. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour
 13. Does not involve the clearance of native vegetation
 14. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| | |

| | |
|---------|-----|
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Internal building work
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree.
3. There will be no alteration to the external appearance of the building where located within the Historic Area overlay.

Outbuilding
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure

11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

13. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour
14. Does not involve-
 - (a) excavation exceeding a vertical height of 1m; or
 - (b) filling exceeding a vertical height of 1m,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.

15. Does not involve the clearance of native vegetation
16. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
17. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |

| | |
|---------|-----|
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Partial demolition of a building or structure
Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

None

Private bushfire shelter
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Primary street setback - at least as far back as the building to which it is ancillary
4. Secondary street setback - at least 900mm from the boundary of the allotment
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)
6. Does not involve the clearance of native vegetation.

Shade sail
Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail does not exceed 40m²
5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11.5m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures

located along the boundary will not exceed 45% of the length of the boundary

9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof
3. Panels and associated components do not overhang any part of the roof
4. Does not apply to a system with a generating capacity of more than 5MW that is to be connected to the State's power system
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted;
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise

(b) not less than 12m in any other case.

7. Does not involve the clearance of native vegetation
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

Verandah

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment
9. Does not involve the clearance of native vegetation
10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|--|--|---|--|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| <p>Ancillary accommodation Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Bushfire - General Risk) (<i>General</i>) Overlay • Hazards (Bushfire - High Risk) (<i>High</i>) Overlay • Hazards (Bushfire - Medium Risk) (<i>Medium</i>) Overlay • Hazards (Bushfire - Regional) (<i>Regional</i>) Overlay • Hazards (Flooding) Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay • Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay • River Murray Flood Plain Protection Area Overlay • Scenic Quality Overlay • Significant Interface Management Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>Land Use and Intensity DTS/DPF 1.1</p> <p>Ancillary buildings and structures DTS/DPF 10.1, DTS/DPF 10.2</p> | <p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Design in Urban Areas [All Development [Earthworks and sloping land]] DTS/DPF 8.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2</p> <p>Transport, Access and Parking [Corner Cut-Offs] DTS/DPF 10.1</p> | <p>Landscape Transition Subzone [Built Form and Siting] DTS/DPF 1.1, DTS/DPF 1.2</p> | <p>Aircraft Noise Exposure Overlay [Land Use and Intensity] DTS/DPF 1.1</p> <p>Aircraft Noise Exposure Overlay [Built Form] DTS/DPF 2.1</p> <p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1</p> <p>Building Near Airfields Overlay DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3</p> <p>Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1</p> <p>Future Local Road Widening Overlay [Future Road Widening] DTS/DPF 1.1</p> <p>Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1</p> <p>Gateway Overlay [Landscape Amenity] DTS/DPF 2.1</p> <p>Hazards (Acid Sulfate Soils) Overlay [Land Use and Intensity] DTS/DPF 1.1</p> <p>Hazards (Bushfire - Outback) Overlay [Habitable Buildings] DTS/DPF 1.1</p> |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-------------------------|--|--|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|--|
| Shop | <p>Any of the following:</p> <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a restaurant. |

Waterfront Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Air handling unit, air conditioning system or exhaust fan Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Carport Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the |

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

Electricity Act 1996

2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end)
7. Building height - does not exceed 5m
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11.5m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
10. Site coverage does not exceed:
 - (a) on sites 300m² or less and with a dual frontage to the waterfront and a public street, 80%
 - (b) in all other cases, 60%.
11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary

the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average

- (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
- (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

- 13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour
- 14. Does not involve the clearance of native vegetation
- 15. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Internal building work
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

- 1. There will be no increase in the total floor area of the building
- 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree
- 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay.

Outbuilding
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay

- 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
- 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
- 3. It is detached from and ancillary to a dwelling erected on the site.

- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Site coverage does not exceed:
 - (a) on sites 300m² or less and with a dual frontage to the waterfront and a public street, 80%.
 - (b) in all other cases, 60%.
12. Door opening for vehicle access facing a street frontage - does not exceed, in total 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State maintained Road, and will use a driveway that:
 - (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of

the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average

- (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
- (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

- 14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour
- 15. Does not involve-
 - (a) excavation exceeding a vertical height of 1m; or
 - (b) filling exceeding a vertical height of 1m,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.

- 16. Does not involve the clearance of native vegetation
- 17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
- 18. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

Partial demolition of a building or structure
Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

None

Private bushfire shelter

Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Primary street setback - at least as far back as the building to which it is ancillary
4. Secondary street setback - at least 900mm from the boundary of the allotment
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)
6. Does not involve the clearance of native vegetation.

Shade sail

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 40m²
5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11.5m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |

| | |
|------|-----|
| >450 | 25% |
|------|-----|

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof
3. Panels and associated components do not overhang any part of the roof
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted
4. Allotment boundary setback - not less than 1m
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |

| | |
|------|-----|
| >450 | 25% |
|------|-----|

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m
8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment
9. Site coverage does not exceed:
 - (a) on sites 300m² or less and with a dual frontage to the waterfront and a public street, 80%
 - (b) in all other cases, 60%.
10. Does not involve the clearance of native vegetation
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system

| <ul style="list-style-type: none"> State Heritage Place Overlay | <ol style="list-style-type: none"> The tank is part of a roof drainage system Total floor area - not exceeding 15m² The tank is located wholly above ground Tank height - does not exceed 4m above natural ground level Primary street setback - at least as far back as the building line of the building to which it is ancillary In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour Does not involve the clearance of native vegetation Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: <ol style="list-style-type: none"> a total area as determined by the following table: <table border="1" data-bbox="901 571 1540 1064"> <thead> <tr> <th>Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m²)</th> <th>Minimum percentage of site</th> </tr> </thead> <tbody> <tr> <td><150</td> <td>10%</td> </tr> <tr> <td>150-200</td> <td>15%</td> </tr> <tr> <td>201-450</td> <td>20%</td> </tr> <tr> <td>>450</td> <td>25%</td> </tr> </tbody> </table> the amount of existing soft landscaping prior to the development occurring. | Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site | <150 | 10% | 150-200 | 15% | 201-450 | 20% | >450 | 25% |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|--|---|---------------------------------------|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| Ancillary accommodation Except where any of the | Land Use and Intensity DTS/DPF 1.1 | Clearance from Overhead Powerlines | None | Aircraft Noise Exposure Overlay [Land Use and |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-------------------------|---|--|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

| Class of Development | Exclusions |
|----------------------|------------|
| | |

| | |
|-------------|--|
| Shop | <p>Any of the following:</p> <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a restaurant. |
|-------------|--|

Workers' Settlement Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Air handling unit, air conditioning system or exhaust fan Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay • Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation. |
| <p>Carport Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m². 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end). 7. Building height - does not exceed 5m. 8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless: <ul style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the |

existing adjacent wall or structure to the same or lesser extent.

9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.
11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State maintained road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.
13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
14. Does not involve the clearance of native vegetation.

| | |
|---|---|
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree. 3. There will be no alteration to the external appearance of the building where located within the Historic Area overlay. |
| <p>Outbuilding Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads). 6. Total floor area - does not exceed 40m². 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end). 8. Building height - does not exceed 5m. 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 12. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall |

| | |
|--|---|
| | <p>along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.</p> <p>13. If the outbuilding is a garage, it is located so that vehicle access:</p> <ul style="list-style-type: none"> (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or (b) is not obtained from a State Maintained Road, and will use a driveway that: <ul style="list-style-type: none"> (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing; (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree; (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site <p>14. Does not involve-</p> <ul style="list-style-type: none"> (a) excavation exceeding a vertical height of 1 metre; or (b) filling exceeding a vertical height of 1 metre, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>16. Does not involve the clearance of native vegetation.</p> |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |
| <p>Shade sail Except where any of the following apply:</p> | <p>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the 7948</p> |

| | |
|---|---|
| <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p><i>Electricity Act 1996.</i></p> <ol style="list-style-type: none"> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Shade sail consists of permeable material. 4. The total area of the sail - does not exceed 40m². 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment. 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m. 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary. 9. Does not involve the clearance of native vegetation. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof. 3. Panels and associated components do not overhang any part of the roof. 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Swimming pool or spa pool Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted. 4. Allotment boundary setback - not less than 1m. 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or |

| | |
|--|--|
| | (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation. |
| Water tank (above ground) Except where any of the following apply: <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay | <ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank is part of a roof drainage system. Total floor area - not exceeding 15m². The tank is located wholly above ground. Tank height - does not exceed 4m above natural ground level. Primary street setback - at least as far back as the building line of the building to which it is ancillary. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. Does not involve the clearance of native vegetation |
| Water tank (underground) | <ol style="list-style-type: none"> The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. The tank (including any associated pump) is located wholly below the level of the ground. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|---|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|--|---|--|---|
| | Zone | General Development Policies | Subzone <small>(applies only in the area affected by the Subzone)</small> | Overlay <small>(applies only in the area affected by the Overlay)</small> |
