- waste control system
2. The tank (including any associated pump) is located wholly below the level of the ground
 3. Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|--|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| Advertisement Except where any of the following apply: <ul style="list-style-type: none"> • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • Significant Trees Overlay • State Heritage Area Overlay • State Heritage Place Overlay | None | Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4 Advertisements [Proliferation of Advertisements] DTS/DPF 2.3 Advertisements [Advertising Content] DTS/DPF 3.1 Advertisements [Amenity Impacts] DTS/DPF 4.1 Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6 Clearance from Overhead Powerlines DTS/DPF 1.1 Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2 | None | Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1 Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1 Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1 Building Near Airfields Overlay DTS/DPF 1.3 Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1 Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1 Gateway Overlay [Advertisements] DTS/DPF 4.1 Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1 State Significant Natural |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |

Conservation Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|--|
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Shack Relocation Subzone • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • Shack Relocation Subzone • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Shack Relocation Subzone • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |
| <p>Private bushfire shelter Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Shack Relocation Subzone • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) 6. Does not involve the clearance of native vegetation. |
| <p>Protective tree netting structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • Shack Relocation Subzone • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated) |

| | |
|---|---|
| | <ol style="list-style-type: none"> 5. Netting visible from the outside of the protective tree netting structure is of a low light reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour 6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following: <ol style="list-style-type: none"> (a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or (b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site 7. No part of the netting canopy of the protective tree netting structure: <ol style="list-style-type: none"> (a) will cover native vegetation; or (b) will be within 5m of a road (including any road reserve) 8. The points of attachment of any cables will not be located: <ol style="list-style-type: none"> (a) outside the boundaries of the site; or (b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>) 9. In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following: <ol style="list-style-type: none"> (a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling (b) in any other case, no part of the netting canopy is within 15m of the dwelling |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment |

| | |
|---|--|
| | <ol style="list-style-type: none"> 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • Shack Relocation Subzone • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • Shack Relocation Subzone • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay • Shack Relocation Subzone | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where ~~33~~31

development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|--|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| <p>Advertisement Except where any of the following apply:</p> <ul style="list-style-type: none"> • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Shack Relocation Subzone • Significant Landscape Protection Overlay • Significant Trees Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>Land Use DTS/DPF 1.1</p> <p>Advertisement DTS/DPF 6.1, DTS/DPF 6.2</p> | <p>Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4</p> <p>Advertisements [Proliferation of Advertisements] DTS/DPF 2.3</p> <p>Advertisements [Advertising Content] DTS/DPF 3.1</p> <p>Advertisements [Amenity Impacts] DTS/DPF 4.1</p> <p>Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6</p> <p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2</p> | <p>None</p> | <p>Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1</p> <p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1</p> <p>Building Near Airfields Overlay DTS/DPF 1.3</p> <p>Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1</p> <p>Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1</p> <p>Gateway Overlay [Advertisements] DTS/DPF 4.1</p> <p>Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1</p> <p>State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1</p> |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|--|---|--|---|---|

The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or |

- State Heritage Place Overlay

waste control system

- No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated)
- Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour
- In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following:
 - no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or
 - does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site
- No part of the netting canopy of the protective tree netting structure:
 - will cover native vegetation; or
 - will be within 5m of a road (including any road reserve)
- The points of attachment of any cables will not be located:
 - outside the boundaries of the site; or
 - within a watercourse (within the meaning of the *Landscape South Australia Act 2019*)
- In relation to a dwelling located on an allotment adjoining the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:
 - if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling
 - in any other case, no part of the netting canopy is within 15m of the dwelling
- No part of the protective tree netting structure will be in the 1956 River Murray Flood Plain as delineated by the SA Property and Planning Atlas.

Shade sail

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

- The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
- The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
- Shade sail consists of permeable material
- The total area of the sail - does not exceed 40m²

| | |
|---|---|
| | <ol style="list-style-type: none"> 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Swimming pool or spa pool Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted 4. Allotment boundary setback - not less than 1m 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation 8. The development will not be located within the extents of |

| | |
|--|---|
| | the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Verandah</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 40m² 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 10. Does not involve the clearance of native vegetation. |
| <p>Water tank (above ground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground)</p> <p>Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|---------|---------|---------|
| | Zone | General | Subzone | Overlay |

| | | Development Policies | (applies only in the area affected by the Subzone) | (applies only in the area affected by the Overlay) |
|--|-------------|---|---|--|

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |

Table 4 -Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|---|
| Dwelling | Detached dwelling that will not result in more than one dwelling on an allotment. |
| Land division | Land division that does not create additional allotments other than for the purpose of providing public infrastructure. |

Employment Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay | None |

| | |
|--|--|
| <ul style="list-style-type: none"> • State Heritage Place Overlay <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Temporary public service depot Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Local Heritage Place Overlay • Major Urban Transport Routes Overlay • State Heritage Place Overlay • Traffic Generating Development Overlay • Urban Transport Routes Overlay | <ol style="list-style-type: none"> 1. Occupies land for no longer than 3 months 2. Ensures litter and water are contained on site 3. Provides temporary security fencing around the perimeter of the site. |
| <p>Water tank (above ground) Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the |

| | |
|---|--|
| <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p><i>Electricity Act 1996</i></p> <ol style="list-style-type: none"> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Outbuilding Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the |

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

Electricity Act 1996

2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads)
6. Total floor area - does not exceed 40m²
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end)
8. Building height - does not exceed 5m
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
12. If the outbuilding is a garage door opening for vehicle access facing a street frontage does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters),

| | |
|--|--|
| | <p>other infrastructure, or a tree;</p> <ul style="list-style-type: none"> (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site <p>14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour</p> <p>15. Does not involve-</p> <ul style="list-style-type: none"> (a) excavation exceeding a vertical height of 1m; or (b) filling exceeding a vertical height of 1m, <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.</p> <p>16. Does not involve the clearance of native vegetation</p> <p>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</p> |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (above ground) Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the |

| | |
|---|--|
| <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p><i>Electricity Act 1996</i></p> <ol style="list-style-type: none"> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|--|---|---|---|
| | Zone | General Development Policies | Subzone <small>(applies only in the area affected by the Subzone)</small> | Overlay <small>(applies only in the area affected by the Overlay)</small> |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|---|
| Dwelling | Dwelling that is ancillary to a non-residential land use and will not result in more than one dwelling on an allotment. |

Employment (Enterprise) Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|--|
| Internal building work | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| Partial demolition of a building or structure | None |
| Shade sail | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 8. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| Solar photovoltaic panels (ground mounted) | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The system is freestanding and not attached to a building or other structure. 3. The area occupied by the system plus the total roofed area of all existing and proposed buildings on the site will not exceed 50% 4. No part of the system: <ol style="list-style-type: none"> (a) is more than 4 metres in height (measured as a height above the natural surface of the ground); (b) is within 100 metres of a dwelling not associated with the system (whether the |

| | |
|---|--|
| | <p>dwelling is on the same allotment as the system or another allotment); and</p> <p>(c) is within 10 metres of a boundary of an allotment containing a dwelling not associated with the system.</p> <p>5. The generating capacity of the system does not exceed 30 kW</p> <p>6. Does not result in the clearance of any native vegetation.</p> |
| <p>Solar photovoltaic panels (roof mounted)</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (above ground)</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. The tank is located wholly above ground 5. The total roofed area of all existing and proposed buildings on the site will not exceed 50% 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 8. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground)</p> | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| <p>Class of Development</p> | <p>Deemed-to-Satisfy Development Classification Criteria</p> |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|--------------------------|--|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| Advertisement | Advertisements PO 6.1 | Advertisements [Appearance] PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5 Advertisements [Proliferation of Advertisements] PO 2.1, PO 2.2 Advertisements [Advertising Content] PO 3.1 Advertisements [Amenity Impacts] PO 4.1 Advertisements [Safety] PO 5.1, PO 5.2, PO 5.3, PO 5.4, PO 5.5, PO 5.6 | None | Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] PO 1.1 Building Near Airfields Overlay PO 1.3 Native Vegetation Overlay [Environmental Protection] PO 1.1, PO 1.2, PO 1.4 |

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|--|
| Shop | <p>Any of the following:</p> <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a bulky goods outlet (c) shop that is ancillary to an industry on the same allotment (d) shop that is a restaurant. |

Established Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| <p>Air handling unit, air conditioning system or exhaust fan Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within |

| | |
|---|---|
| <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017)</p> <ol style="list-style-type: none"> 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building. 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree. 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Outbuilding Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads). 6. Total floor area - does not exceed 40m². 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end). 8. Building height - does not exceed 5m. 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 8m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 11. Site coverage does not exceed 50% or the the amount specified in the <i>Site Coverage Technical and Numeric</i>2119 |

Variation layer in the SA planning database, whichever is less.

12. If the outbuilding is a garage - door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 30% of the width of the allotment frontage (whichever lesser).
13. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
14. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
15. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.
16. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

| | <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <ol style="list-style-type: none"> 17. Does not involve the clearance of native vegetation. 18. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas 19. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: <ol style="list-style-type: none"> (a) a total area as determined by the following table: <table border="1" data-bbox="901 443 1544 931"> <thead> <tr> <th>Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m²)</th> <th>Minimum percentage of site</th> </tr> </thead> <tbody> <tr> <td><150</td> <td>10%</td> </tr> <tr> <td>150-200</td> <td>15%</td> </tr> <tr> <td>201-450</td> <td>20%</td> </tr> <tr> <td>>450</td> <td>25%</td> </tr> </tbody> </table> (b) the amount of existing soft landscaping prior to the development occurring. | Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site | <150 | 10% | 150-200 | 15% | 201-450 | 20% | >450 | 25% |

| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> | | | | | | | | | | |
| <p>Private bushfire shelter Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Primary street setback - at least as far back as the building to which it is ancillary. 4. Secondary street setback - at least 900mm from the boundary of the allotment. 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) 6. Does not involve the clearance of native vegetation. | | | | | | | | | | |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² | | | | | | | | | | |

5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
 Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang any part of the roof.
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool

Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m.
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. It is ancillary to a dwelling erected on the site
4. Primary street setback - as far back as the building line of the building to which it is ancillary
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level
7. Building height - does not exceed 5m

8. Length - does not exceed 8m if any part of the structure abuts or is situated on a boundary of the allotment
9. Site coverage does not exceed 50% or the amount specified in the Site Coverage Technical and Numeric Variation layer in the Sa planning database whichever is less.
10. Does not involve the clearance of native vegetation
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)
 Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. The tank is part of a roof drainage system.
4. Total floor area - not exceeding 15m².
5. The tank is located wholly above ground.
6. Tank height - does not exceed 4m above natural ground level.
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation
10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |

| | | | |
|---|---|------|-----|
| | <table border="1"> <tr> <td>>450</td> <td>25%</td> </tr> </table> <p>(b) the amount of existing soft landscaping prior to the development occurring.</p> | >450 | 25% |
| >450 | 25% | | |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation. | | |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| <p>Ancillary accommodation Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Bushfire - General Risk) (<i>General</i>) Overlay • Hazards (Bushfire - High Risk) (<i>High</i>) Overlay • Hazards (Bushfire - Medium Risk) (<i>Medium</i>) Overlay • Hazards (Bushfire - Regional) (<i>Regional</i>) Overlay • Hazards (Flooding) Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Water Supply Catchment (Area 1) | <p>Land Use and Intensity DTS/DPF 1.1</p> <p>Site coverage DTS/DPF 3.1</p> <p>Ancillary buildings and structures DTS/DPF 11.1, DTS/DPF 11.2</p> | <p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Design in Urban Areas [All Development [Earthworks and sloping land]] DTS/DPF 8.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2</p> <p>Transport, Access and Parking [Corner Cut-Offs] DTS/DPF 10.1</p> | <p>None</p> | <p>Aircraft Noise Exposure Overlay [Land Use and Intensity] DTS/DPF 1.1</p> <p>Aircraft Noise Exposure Overlay [Built Form] DTS/DPF 2.1</p> <p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1</p> <p>Building Near Airfields Overlay DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3</p> <p>Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1</p> |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-------------------------|---|---|--|---|
| | Zone | General Development Policies | Subzone <small>(applies only in the area affected by the Subzone)</small> | Overlay <small>(applies only in the area affected by the Overlay)</small> |

 [Flood Resilience]
 PO 3.1, PO 3.2, PO 3.3,
 PO 3.4

Hazard (Flooding)
 [Environmental
 Protection]
 PO 4.2

Hazard (Flooding) [Site
 Earthworks]
 PO 5.1, PO 5.2

Hazard (Flooding)
 [Access]
 PO 6.1, PO 6.2

Hazards (Flooding – General) Overlay [Flood Resilience]
PO 2.1

Hazards (Flooding - Evidence Required) Overlay [Flood Resilience]
PO 1.1

Heritage Adjacency Overlay [Built Form]
PO 1.1

Historic Area Overlay [All Development]
PO 1.1

Historic Area Overlay [Built Form]
PO 2.1, PO 2.2, PO 2.3, PO 2.4, PO 2.5

Historic Area Overlay [Alterations and additions]
PO 3.1, PO 3.2

Historic Area Overlay [Context and Streetscape Amenity]
PO 6.1, PO 6.2

Historic Area Overlay [Ruins]
PO 8.1

Historic Shipwrecks Overlay [General]
PO 1.1

Interface Management Overlay [Land Use and Intensity]
PO 1.1

Key Outback and Rural Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Key Outback and Rural Routes Overlay [Access - On-Site Queuing]
PO 2.1

Key Outback and Rural Routes Overlay [Access - Existing Access Points]
PO 3.1

Key Outback and Rural Routes Overlay [Access - Location (Spacing)]
PO 4.1

Key Outback and Rural Routes Overlay [Access - Location (Sight Lines)]
PO 5.1

Key Outback and Rural Routes Overlay [Access - Mud and Debris]
PO 6.1

Key Outback and Rural Routes Overlay [Access - Stormwater]
PO 7.1

Key Outback and Rural Routes Overlay [Public Road Junctions]
PO 8.1

Key Railway Crossings Overlay [Access, Design and Function]
PO 1.1

Local Heritage Place Overlay [Built Form]
PO 1.1, PO 1.2, PO 1.3, PO 1.4, PO 1.5, PO 1.6, PO 1.7

Local Heritage Place Overlay [Alterations and Additions]
PO 2.1, PO 2.2

Local Heritage Place Overlay [Landscape Context and Streetscape Amenity]
PO 5.1

Local Heritage Place Overlay [Conservation Works]
PO 7.1

Major Urban Transport Routes Overlay [Access - Safe Entry and Exit (Traffic Flow)]
PO 1.1

Major Urban Transport Routes Overlay [Access - On-Site Queuing]
PO 2.1

Major Urban Transport

Routes Overlay [Access
– Location (Spacing) -
Existing Access Points]
PO 3.1

Major Urban Transport
Routes Overlay [Access
– Location (Spacing) –
New Access Points]
PO 4.1

Major Urban Transport
Routes Overlay [Access
- Location (Sight Lines)]
PO 5.1

Major Urban Transport
Routes Overlay [Access
- Mud and Debris]
PO 6.1

Major Urban Transport
Routes Overlay [Access
- Stormwater]
PO 7.1

Major Urban Transport
Routes Overlay [Building
on Road Reserve]
PO 8.1

Major Urban Transport
Routes Overlay [Public
Road Junctions]
PO 9.1

Major Urban Transport
Routes Overlay [Corner
Cut-Offs]
PO 10.1

Mount Lofty Ranges
Water Supply
Catchment (Area 1)
Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges
Water Supply
Catchment (Area 1)
Overlay [Wastewater]
PO 2.2, PO 2.3, PO 2.4

Mount Lofty Ranges
Water Supply
Catchment (Area 1)
Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3,
PO 3.5, PO 3.9

Mount Lofty Ranges
Water Supply
Catchment (Area 1)
Overlay [Landscapes
and Natural Features] 174

PO 4.1

Mount Lofty Ranges
Water Supply
Catchment (Area 2)
Overlay [Water Quality]
PO 1.1

Mount Lofty Ranges
Water Supply
Catchment (Area 2)
Overlay [Wastewater]
PO 2.1, PO 2.4, PO 2.5

Mount Lofty Ranges
Water Supply
Catchment (Area 2)
Overlay [Stormwater]
PO 3.1, PO 3.2, PO 3.3,
PO 3.5, PO 3.9

Mount Lofty Ranges
Water Supply
Catchment (Area 2)
Overlay [Landscapes
and Natural Features]
PO 4.1

Native Vegetation
Overlay [Environmental
Protection]
PO 1.1, PO 1.2, PO 1.4

Non-Stop Corridors
Overlay [Non-Stop
Corridor Overlay]
PO 1.1

Resource Extraction
Protection Area Overlay
[Protection of Strategic
Resources]
PO 1.1

River Murray Flood Plain
Protection Area Overlay
[Wastewater]
PO 1.1

River Murray Flood Plain
Protection Area Overlay

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|---|
| Shop | Any of the following: (a) shop with a gross leasable floor area less than 1000m ² (b) shop that is a restaurant. |

General Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development |
|----------------------|----------------------|
|----------------------|----------------------|

| | <h2 style="text-align: center; margin: 0;">Classification Criteria</h2> |
|--|---|
| <p>Air handling unit, air conditioning system or exhaust fan Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Carport Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m². 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end). 7. Building height - does not exceed 5m. 8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. |

9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. Site coverage does not exceed 60%.
11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.
13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
14. Does not involve the clearance of native vegetation
15. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group | Minimum percentage of |
|--|-----------------------|
|--|-----------------------|

| dwelling(s), average site area) (m ²) | site |
|---|------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Internal building work
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree
3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay.

Outbuilding
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed 40m².
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and

- (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
- 11. Site coverage does not exceed 60%.
- 12. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).
- 13. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
- 14. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
- 15. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.
- 16. Does not involve-

| | <p>(a) excavation exceeding a vertical height of 1 metre; or</p> <p>(b) filling exceeding a vertical height of 1 metre,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <p>17. Does not involve the clearance of native vegetation.</p> <p>18. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</p> <p>19. | <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> | | | | | | | | | | |
| <p>Private bushfire shelter Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. Primary street setback - at least as far back as the building to which it is ancillary. 4. Secondary street setback - at least 900mm from the boundary of the allotment. 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) 6. Does not involve the clearance of native vegetation. | | | | | | | | | | |

Shade sail

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 40m²
5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 8m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)

Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang

| | <p>part of the roof.</p> <ol style="list-style-type: none"> Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. | | | | | | | | | | |
|---|---|--|----------------------------|------|-----|---------|-----|---------|-----|------|-----|
| <p>Swimming pool or spa pool Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Future Local Road Widening Overlay Future Road Widening Overlay Hazards (Acid Sulfate Soils) Overlay Hazards (Flooding) Overlay Historic Area Overlay Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay | <ol style="list-style-type: none"> The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted. Allotment boundary setback - not less than 1m. Primary street setback - at least as far back as the building line of the building to which it is ancillary. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or not less than 12m in any other case. Does not involve the clearance of native vegetation. - State Heritage Area Overlay
- State Heritage Place Overlay

3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level.
7. Building height - does not exceed 5m.
8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment.
9. Site coverage does not exceed 60%.
10. Does not involve the clearance of native vegetation
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)
 Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. The tank is part of a roof drainage system.
4. Total floor area - not exceeding 15m².
5. The tank is located wholly above ground.
6. Tank height - does not exceed 4m above natural ground level.
7. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
9. Does not involve the clearance of native vegetation
10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|--|---|---|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-------------------------|--|--|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Golf Course Estate Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Air handling unit, air conditioning system or exhaust fan Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree. 3. There will be no alteration to the external appearance of the building where located within the Historic Area overlay. |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |

Private bushfire shelter

Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Local Heritage Place Overlay
- River Murray Flood Plain Protection Area Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. Primary street setback - at least as far back as the building to which it is ancillary.
4. Secondary street setback - at least 900mm from the boundary of the allotment.
5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place)
6. Does not involve the clearance of native vegetation.

Shade sail

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system
3. Shade sail consists of permeable material
4. The total area of the sail - does not exceed 40m²
5. No part of the shade sail will be:
 - (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment
 - (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment
6. Primary street setback - at least as far back as the building line of the building to which it is ancillary
7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m
8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |

| | |
|------|-----|
| >450 | 25% |
|------|-----|

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang any part of the roof.
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m.
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |

| | |
|------|-----|
| >450 | 25% |
|------|-----|

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level.
7. Building height - does not exceed 5m.
8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment.
9. Site coverage does not exceed 60%.
10. Does not involve the clearance of native vegetation
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)

Except where any of the following apply:

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. The tank is part of a roof drainage system.
4. Total floor area - not exceeding 15m².
5. The tank is located wholly above ground.
6. Tank height - does not exceed 4m above natural ground level.

| | <ol style="list-style-type: none"> 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. 9. Does not involve the clearance of native vegetation 10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less: <ol style="list-style-type: none"> (a) a total area as determined by the following table: <table border="1" data-bbox="903 376 1540 869"> <thead> <tr> <th>Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m²)</th> <th>Minimum percentage of site</th> </tr> </thead> <tbody> <tr> <td><150</td> <td>10%</td> </tr> <tr> <td>150-200</td> <td>15%</td> </tr> <tr> <td>201-450</td> <td>20%</td> </tr> <tr> <td>>450</td> <td>25%</td> </tr> </tbody> </table> (b) the amount of existing soft landscaping prior to the development occurring. | Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site | <150 | 10% | 150-200 | 15% | 201-450 | 20% | >450 | 25% |

| 201-450 | 20% | | | | | | | | | | |
| >450 | 25% | | | | | | | | | | |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation. | | | | | | | | | | |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|--|---|--|--|--|
| | Zone | General Development Policies | Subzone <small>(applies only in the area affected by the Subzone)</small> | Overlay <small>(applies only in the area affected by the Overlay)</small> |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-------------------------|--|---|--|--|
| | Zone | General Development Policies | Subzone <small>(applies only in the area affected by the Subzone)</small> | Overlay <small>(applies only in the area affected by the Overlay)</small> |

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|---|
| Shop | <p>Any of the following:</p> <ul style="list-style-type: none"> (a) shop with a gross leasable floor area less than 1000m² (b) shop that is a restaurant. |

Hills Face Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | None |

| | |
|---|---|
| <p>Private bushfire shelter Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) 6. Does not involve the clearance of native vegetation. |
| <p>Protective tree netting structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. <i>The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas</i> 3. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 4. No part of the protective tree netting structure will be more than 6m above natural ground level (depending on where it is situated) 5. Netting visible from the outside of the protective tree netting structure is of a low light-reflective nature, and, in the case of a structure that has side netting, the side netting is of a dark colour 6. In the case of a development on a site that is within a Hazards (Bushfire - Outback) Overlay, Hazards (Bushfire - Regional) Overlay, Hazards (Bushfire - General Risk) Overlay, Hazards (Bushfire Medium - Risk) Overlay or Hazards (Bushfire - High Risk) Overlay, the protective tree netting structure provides for access to the site in accordance with the following: <ol style="list-style-type: none"> (a) no part of the protective tree netting structure (including cables and points of attachment of cables (known as 'auger' or 'anchor' points) will be within 5m of any boundary of the site; or (b) does not prevent access or movement of vehicles of 4m height and 3.5m width (or less) on any access road or track (including fire tracks) on the site 7. No part of the netting canopy of the protective tree netting structure: <ol style="list-style-type: none"> (a) will cover native vegetation; or (b) will be within 5m of a road (including any road reserve) 8. The points of attachment of any cables will not be located: <ol style="list-style-type: none"> (a) outside the boundaries of the site; or (b) within a watercourse (within the meaning of the <i>Landscape South Australia Act 2019</i>) 9. In relation to a dwelling located on an allotment adjoining |

| | |
|--|--|
| | <p>the site on which the protective tree netting structure is located, the protective tree netting structure complies with the following:</p> <ul style="list-style-type: none"> (a) if the netting canopy nearest the dwelling on the adjoining allotment is 4m or less above ground level (depending on where it is situated), no part of the netting canopy is within 10m of the dwelling (b) in any other case, no part of the netting canopy is within 15m of the dwelling |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|------------------------------|--|--|
| | Zone | General Development Policies | Subzone <small>(applies only in the area affected by the Subzone)</small> | Overlay <small>(applies only in the area affected by the Overlay)</small> |
| Farming | Land Use and Intensity DTS/DPF 1.2 | None | None | None |
| Replacement building Except where any of the following apply: <ul style="list-style-type: none">• Coastal Areas Overlay• Hazard (Flooding) – | None | None | None | None |

| | | | | |
|---|------|------|------|------|
| <ul style="list-style-type: none"> Phase 3 Overlay • Hazards (Bushfire - High Risk) (<i>High</i>) Overlay • Hazards (Bushfire - Medium Risk) (<i>Medium</i>) Overlay • Historic Area Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • State Heritage Area Overlay • State Heritage Place Overlay | | | | |
| Temporary accommodation in an area affected by bushfire | None | None | None | None |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |

Table 4 - Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|---|---|
| Caravan and tourist park | |
| Dwelling | Detached dwelling that does not result in more than one dwelling on an allotment. |
| Educational establishment | |
| Electricity generating station | |
| Excavation | <p>Any of the following:</p> <ul style="list-style-type: none"> (a) excavation where the depth of the excavation is less than 2m below natural ground level (b) excavation that is directly required for the portion of a building that is fully underground, an underground dwelling, pool, underground tank, cellar, pipeline or waste disposal and treatment system. |
| Filling | <p>Any of the following:</p> <ul style="list-style-type: none"> (a) filling where the height of fill is less than 1m above natural ground level (b) filling that is directly required for an underground dwelling, underground tank, or cellar. |
| Horticulture involving olive growing | |
| Industry | Light industry |
| Intensive animal husbandry | |
| Land division | |
| Landfill | |
| Prescribed mining operations | |
| Renewable energy facility | Solar photovoltaic panels (roof mounted) |
| Residential flat building | |
| Telecommunications facility | |

It is ancillary to a dwelling erected on the site. |

- State Heritage Place Overlay

4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m².
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).
7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street) - a length not exceeding 8m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. Site coverage does not exceed:
 - (a) On sites with a gradient more than 1-in-8, 40%
 - (b) On sites with a gradient less than 1-in-8, 50%.
11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
12. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the

centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access

- (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.

13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
14. Does not involve the clearance of native vegetation
15. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

Internal building work
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. There will be no increase in the total floor area of the building
2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree.
3. There will be no alteration to the external appearance of the building where located within the Historic Area overlay.

Outbuilding
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).

6. Total floor area - does not exceed 40m².
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 8m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
11. Site coverage does not exceed:
 - (a) On sites with a gradient more than 1-in-8, 40%
 - (b) On sites with a gradient less than 1-in-8, 50%.
12. If the outbuilding is a garage - door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
14. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs,

lighting, seating and weather shelters), other infrastructure, or a tree;

- (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
- (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
- (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

- 15. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.
- 16. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

- 17. Does not involve the clearance of native vegetation.
- 18. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
- 19. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

Partial demolition of a building or structure
Except where any of the following apply:

None

| <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | | | | | |
|---|--|--|----------------------------|------|-----|

(b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang any part of the roof.
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m.
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.
6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |

| | |
|---------|-----|
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah

Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m²
6. Post height - does not exceed 3m measured from natural ground level.
7. Building height - does not exceed 5m.
8. Length - does not exceed 8m if any part of the structure abuts or is situated on a boundary of the allotment.
9. Site coverage does not exceed:
 - (a) On sites with a gradient more than 1-in-8, 40%
 - (b) On sites with a gradient less than 1-in-8, 50%.
10. Does not involve the clearance of native vegetation
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Water tank (above ground)

Except where any of the following apply:

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the

- Historic Area Overlay
- Local Heritage Place Overlay
- Ramsar Wetlands Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

Electricity Act 1996.

- The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
- The tank is part of a roof drainage system.
- Total floor area - not exceeding 30m².
- The tank is located wholly above ground.
- Tank height - does not exceed 4m above natural ground level.
- Primary street setback - at least as far back as the building line of the building to which it is ancillary.
- In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour.
- Does not involve the clearance of native vegetation
- Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- the amount of existing soft landscaping prior to the development occurring.

Water tank (underground)
Except where any of the following apply:

- Coastal Areas Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Ramsar Wetlands Overlay

- The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
- The tank (including any associated pump) is located wholly below the level of the ground.
- Does not involve the clearance of native vegetation.

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|------------------------------|---|---|

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-------------------------|---|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

| Shop | Any of the following: (a) shop with a gross leasable floor area less than 1000m ² (b) shop that is a restaurant. |

Home Industry Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Carport Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m². 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end). 7. Building height - does not exceed 5m. 8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary |

| | |
|--|--|
| | <p>and</p> <p>(b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.</p> <p>10. The total roofed area of all existing or proposed buildings on the allotment does not exceed 60% of the area of the allotment.</p> <p>11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).</p> <p>12. The carport is located so that vehicle access:</p> <p>(a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or</p> <p>(b) will use a driveway that:</p> <p>(i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;</p> <p>(ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;</p> <p>(iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average</p> <p>(iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</p> <p>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.</p> <p>13. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>14. Does not involve the clearance of native vegetation.</p> |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>1. There will be no increase in the total floor area of the building.</p> <p>2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree.</p> <p>3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay.</p> |

Outbuilding

Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- Significant Landscape Protection Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is detached from and ancillary to a dwelling erected on the site.
4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary.
5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads).
6. Total floor area - does not exceed 40m².
7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end).
8. Building height - does not exceed 5m.
9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%.
12. If the outbuilding is a garage - door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
14. If the outbuilding is a garage, it is located so that

Post height - does not exceed 3m measured from natural ground level. 7. Building height - does not exceed 5m. 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment. 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%. 10. Does not involve the clearance of native vegetation. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. The tank is part of a roof drainage system. 4. Total floor area - not exceeding 15m². 5. The tank is located wholly above ground. 6. Tank height - does not exceed 4m above natural ground level. 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour. |

| | |
|--|---|
| | 9. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|--|---|---|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|-----------------------|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|--|
| Industry | Light industry |
| Shop | Shop with a gross leasable floor area less than 1000m ² . |

Housing Diversity Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|--|
| Air handling unit, air conditioning system or exhaust fan Except where any of the following apply: <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay | <ol style="list-style-type: none"> The item will be installed on or within an existing dwelling. The item being installed does not encroach on a public street. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| Brush fence Except where any of the following apply: <ul style="list-style-type: none"> Hazards (Flooding) Overlay Historic Area Overlay | <ol style="list-style-type: none"> The fence is formed (wholly or partially) from brush. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). |

| | |
|--|--|
| <ul style="list-style-type: none"> • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation. 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Carport Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Total floor area - does not exceed 40m². 6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end). 7. Building height - does not exceed 5m. 8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure. 10. Door opening for vehicle access facing a street |

frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser).

11. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site.

12. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.
13. Does not involve the clearance of native vegetation
14. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

| | |
|---|---|
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building. 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree. 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Outbuilding Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads). 6. Total floor area - does not exceed 40m². 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end). 8. Building height - does not exceed 5m. 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 11. Door opening for vehicle access facing a street frontage - does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser) 12. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; |

and

- (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.

13. If the outbuilding is a garage, it is located so that vehicle access:

- (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
- (b) is not located obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site

14. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.

15. Does not involve-

- (a) excavation exceeding a vertical height of 1 metre; or
- (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.

16. Does not involve the clearance of native vegetation.

17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas

18. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of | Minimum |
|---------------------------------------|---------|

The total area of the sail - does not exceed 40m². 5. No part of the shade sail will be: <ol data-bbox="948 1805 1544 2007" style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment. 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary. 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not | | | | | | | | | | |

exceed 11m.

8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary.
9. Does not involve the clearance of native vegetation.
10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
11. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:
 - (a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (b) the amount of existing soft landscaping prior to the development occurring.

Solar photovoltaic panels (roof mounted)
Except where any of the following apply:

- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof.
3. Panels and associated components do not overhang any part of the roof.
4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system.
5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street.

Swimming pool or spa pool
Except where any of the following apply:

- Coastal Areas Overlay
- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Hazards (Acid Sulfate Soils) Overlay
- Hazards (Flooding) Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted.
4. Allotment boundary setback - not less than 1m.
5. Primary street setback - at least as far back as the building line of the building to which it is ancillary.

6. Location of filtration system from a dwelling on an adjoining allotment:
 - (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or
 - (b) not less than 12m in any other case.
7. Does not involve the clearance of native vegetation.
8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas
9. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

(b) the amount of existing soft landscaping prior to the development occurring.

Verandah
 Except where any of the following apply:

- Future Local Road Widening Overlay
- Future Road Widening Overlay
- Historic Area Overlay
- Local Heritage Place Overlay
- State Heritage Area Overlay
- State Heritage Place Overlay

1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*.
2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system.
3. It is ancillary to a dwelling erected on the site.
4. Primary street setback - as far back as the building line of the building to which it is ancillary.
5. Total floor area - does not exceed 40m².
6. Post height - does not exceed 3.2m measured from natural ground level.
7. Building height - does not exceed 5m.
8. Length - does not exceed 11.5m if any part of the structure abuts or is situated on a boundary of the allotment.
9. Does not involve the clearance of native vegetation
10. Retains a total area of soft landscaping in accordance with (a) or (b), whichever is less:

(a) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |

The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 2. The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation. | | | | | | | | | | |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|-------------------------|--|--|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Infrastructure Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | None |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the |

| | |
|---|--|
| <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay | <p><i>Electricity Act 1996</i></p> <ol style="list-style-type: none"> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> Historic Area Overlay Local Heritage Place Overlay Ramsar Wetlands Overlay State Heritage Area Overlay State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Hazards (Acid Sulfate Soils) Overlay Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|--|---|------------------------------|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| Replacement building Except where any of the following apply: | None | None | None | None |

| | | | | |
|---|------|------|------|------|
| <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Bushfire - High Risk) (<i>High</i>) Overlay • Hazards (Bushfire - Medium Risk) (<i>Medium</i>) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • State Heritage Area Overlay • State Heritage Place Overlay | | | | |
| Temporary accommodation in an area affected by bushfire | None | None | None | None |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|---------------------|------------------------------|--|--|
| | Zone | General Development Policies | Subzone <small>(applies only in the area affected by the Subzone)</small> | Overlay <small>(applies only in the area affected by the Overlay)</small> |

| None specified | None specified |

Infrastructure (Airfield) Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|---|---|
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4m x 4m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Outbuilding Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is detached from and ancillary to a dwelling erected on the site 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads) 6. Total floor area - does not exceed 40m² 7. Wall height - does not exceed 3m measured from natural |

- ground level (and not including a gable end)
8. Building height - does not exceed 5m
 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 10m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
 11. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60%
 12. If the outbuilding is a garage door opening for vehicle access facing a street frontage does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
 13. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not located in an area subject to the Urban Transport Overlay, Non-Stop Corridors Overlay, Major Urban Transport Routes Overlay, Key Outback and Rural Routes Overlay, Key Railway Crossings Overlay, Future Local Road Widening Overlay or Future Road Widening Overlay, will use a driveway that:
 - (i) is not located within 6m of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the

| | |
|---|--|
| | <p>centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access</p> <p>(v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site</p> <p>14. If clad in sheet metal-is pre-colour treated or painted in a non-reflective colour</p> <p>15. Does not involve-</p> <p style="padding-left: 40px;">(a) excavation exceeding a vertical height of 1m; or</p> <p style="padding-left: 40px;">(b) filling exceeding a vertical height of 1m,</p> <p>and, if the development involves both excavation and filling, the total combined excavation and filling must not exceed a vertical height of 2m.</p> <p>16. Does not involve the clearance of native vegetation</p> <p>17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</p> |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |
| <p>Private bushfire shelter Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Acid Sulfate Soils) Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Primary street setback - at least as far back as the building to which it is ancillary 4. Secondary street setback - at least 900mm from the boundary of the allotment 5. At least 6m from the corner of an allotment which abuts the intersection of two or more roads (other than where a 4m x 4m allotment cut-off is already in place) 6. Does not involve the clearance of native vegetation. |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment |

| | |
|---|---|
| | <p>(b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment</p> <ol style="list-style-type: none"> 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Verandah Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site 4. Primary street setback - as far back as the building line of the building to which it is ancillary 5. Total floor area - does not exceed 40m² 6. Post height - does not exceed 3m measured from natural ground level 7. Building height - does not exceed 5m 8. Length - does not exceed 11m if any part of the structure abuts or is situated on a boundary of the allotment 9. Total roofed area of all existing and proposed buildings on the allotment - does not exceed 60% 10. Does not involve the clearance of native vegetation. |
| <p>Water tank (above ground) Except where any of the following apply:</p> | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the |

The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|--|---|--|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |

Table 4 -Restricted Development Classification

The following table identifies Classes of Development that are classified as Restricted subject to any 'Exclusions'.

| Class of Development | Exclusions |
|----------------------|---|
| Shop | Any of the following: (a) shop with a gross leasable floor area less than 1000m ² (b) shop that is ancillary to and located on the same allotment as an airfield passenger terminal. |

Infrastructure (Ferry and Marina Facilities) Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|--|
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush 2. The fence does not exceed 2.1m in height (measured from the lower of the 2 adjoining finished ground levels) 3. The fence does not exceed 1m in height within 6m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved) 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017) 3. It is required for the conduct or maintenance of railway activities 4. It does not involve the clearance of native vegetation 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Partial demolition of a building or structure Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>None</p> |
| <p>Shade sail Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail - does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment |

| | |
|---|--|
| | <ol style="list-style-type: none"> 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment - the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation 10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. The tank is part of a roof drainage system 4. Total floor area - not exceeding 15m² 5. The tank is located wholly above ground 6. Tank height - does not exceed 4m above natural ground level 7. Primary street setback - at least as far back as the building line of the building to which it is ancillary 8. In the case of a tank made of metal - the tank is pre-colour treated or painted in a non-reflective colour 9. Does not involve the clearance of native vegetation. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a

development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|---|--|---|--|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |
| <p>Advertisement Except where any of the following apply:</p> <ul style="list-style-type: none"> • Character Preservation District Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Non-stop Corridor Overlay • Significant Landscape Protection Overlay • Significant Trees Overlay • State Heritage Area Overlay • State Heritage Place Overlay | None | <p>Advertisements [Appearance] DTS/DPF 1.1, DTS/DPF 1.2, DTS/DPF 1.3, DTS/DPF 1.4</p> <p>Advertisements [Proliferation of Advertisements] DTS/DPF 2.3</p> <p>Advertisements [Advertising Content] DTS/DPF 3.1</p> <p>Advertisements [Amenity Impacts] DTS/DPF 4.1</p> <p>Advertisements [Safety] DTS/DPF 5.1, DTS/DPF 5.2, DTS/DPF 5.3, DTS/DPF 5.4, DTS/DPF 5.5, DTS/DPF 5.6</p> <p>Clearance from Overhead Powerlines DTS/DPF 1.1</p> <p>Infrastructure and Renewable Energy Facilities [Wastewater Services] DTS/DPF 12.2</p> | None | <p>Advertising Near Signalised Intersections Overlay [Advertisements Near Signalised Intersections] DTS/DPF 1.1</p> <p>Airport Building Heights (Aircraft Landing Areas) Overlay [Built Form] DTS/DPF 1.1</p> <p>Airport Building Heights (Regulated) Overlay [Built Form] DTS/DPF 1.1</p> <p>Building Near Airfields Overlay DTS/DPF 1.3</p> <p>Defence Aviation Area Overlay [Built Form] DTS/DPF 1.1</p> <p>Future Road Widening Overlay [Future Road Widening] DTS/DPF 1.1</p> <p>Gateway Overlay [Advertisements] DTS/DPF 4.1</p> <p>Native Vegetation Overlay [Environmental Protection] DTS/DPF 1.1</p> <p>State Significant Native Vegetation Areas Overlay [Environmental Protection] DTS/DPF 1.1</p> |

| <ul style="list-style-type: none"> • Hazards (Bushfire - High Risk) (<i>High</i>) Overlay • Hazards (Bushfire - Medium Risk) (<i>Medium</i>) Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • River Murray Flood Plain Protection Area Overlay • State Heritage Area Overlay • State Heritage Place Overlay | | | | |
| Temporary accommodation in an area affected by bushfire | None | None | None | None |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|--------------------------|--|---|---|

The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i> 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. Shade sail consists of permeable material 4. The total area of the sail does not exceed 40m² 5. No part of the shade sail will be: <ol style="list-style-type: none"> (a) 3m above ground or floor level (depending on where it is situated) at any place within 900mm of a boundary of the allotment (b) 5m above ground or floor level (depending on where it is situated) within any other part of the allotment 6. Primary street setback - at least as far back as the building line of the building to which it is ancillary 7. If any part of the sail will be situated on a boundary of the allotment, the length of sail along a boundary does not exceed 11m 8. In a case where any part of the sail or a supporting structure will be situated on a side boundary of the allotment, the length of the sail and any such supporting structure together with all relevant walls or structures located along the boundary will not exceed 45% of the length of the boundary 9. Does not involve the clearance of native vegetation |

| | |
|--|---|
| | <p>10. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.</p> |
| <p>Shop Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>A change of use to a shop (except where it involves handling and sale of foodstuffs, the heating and cooking of foodstuffs in a commercial kitchen, or a restaurant), office, consulting room or any combination of these uses where all of the following are achieved:</p> <ol style="list-style-type: none"> 1. the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses 2. if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves: <ol style="list-style-type: none"> (a) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road or (b) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared 3. off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking [Vehicle Parking Rates]: DTS 5.1 to the nearest whole number, except where: <ol style="list-style-type: none"> (a) the building is a local heritage place or (b) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (c) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |
| <p>Solar photovoltaic panels (roof mounted) Except where any of the following apply:</p> | <p>1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the</p> |

| | |
|---|---|
| <ul style="list-style-type: none"> Local Heritage Place Overlay State Heritage Area Overlay State Heritage Place Overlay | <p><i>Electricity Act 1996</i></p> <ol style="list-style-type: none"> 2. Panels are installed parallel to the roof of a building and with the underside surface of the panel not being more than 100mm above the surface of the roof 3. Panels and associated components do not overhang any part of the roof 4. Does not apply to a system with a generating capacity of more than 5MW that is to be connected to the State's power system 5. If the building is in a Historic Area Overlay-no part of the system, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Water tank (above ground) Except where any of the following apply:</p> <ul style="list-style-type: none"> Historic Area Overlay Local Heritage Place Overlay Ramsar Wetlands Overlay State Heritage Area Overlay State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 3. It is ancillary to a dwelling erected on the site or a dwelling to be erected on the site in accordance with a development authorisation which has been granted 4. Allotment boundary setback - not less than 1m 5. Primary street setback - at least as far back as the building line of the building to which it is ancillary 6. Location of filtration system from a dwelling on an adjoining allotment: <ol style="list-style-type: none"> (a) not less than 5m where the filtration system is located inside a solid structure that will have material impact on the transmission of noise; or (b) not less than 12m in any other case. 7. Does not involve the clearance of native vegetation 8. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Water tank (underground) Except where any of the following apply:</p> <ul style="list-style-type: none"> Coastal Areas Overlay Hazards (Acid Sulfate Soils) Overlay Ramsar Wetlands Overlay | <ol style="list-style-type: none"> 1. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system 2. The tank (including any associated pump) is located wholly below the level of the ground 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|----------------------|---|---------------------|---|--|
| | Zone | General Development | Subzone <small>(applies only in the area</small> | Overlay <small>(applies only in the</small> |

| | | Policies | affected by the Subzone) | area affected by the Overlay) |

Table 3 - Applicable Policies for Performance Assessed Development

The following table identifies the policies that are applicable to the assessment of the identified Class of Development. Policies referred to are Performance Outcome policies, and any associated Designated Performance Features. Relevant Desired Outcomes are not listed, but automatically apply in relation to a Performance Assessed Development. Where a development comprises more than one Class of Development the relevant policies will be taken to be the sum of the applicable policies for each Class of Development.

| Class of Development | Applicable Policies | | | |
|----------------------|----------------------------------|---|---|---|
| | Zone | General Development Policies | Subzone (applies only in the area affected by the Subzone) | Overlay (applies only in the area affected by the Overlay) |

| Class of Development | Exclusions |
|----------------------|----------------|
| Industry | Light industry |

Master Planned Neighbourhood Zone

Table 1 - Accepted Development Classification

The following table identifies Classes of Development that are classified as Accepted Development subject to meeting the Accepted Development Classification Criteria

| Class of Development | Accepted Development Classification Criteria |
|--|---|
| <p>Air handling unit, air conditioning system or exhaust fan Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The item will be installed on or within an existing dwelling. 2. The item being installed does not encroach on a public street. 3. If the associated building is in a Historic Area Overlay, no part of the item, when installed, will be able to be seen by a person standing at ground level in a public street. |
| <p>Brush fence Except where any of the following apply:</p> <ul style="list-style-type: none"> • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Ramsar Wetlands Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The fence is formed (wholly or partially) from brush. 2. The fence does not exceed 2.1 metres in height (measured from the lower of the 2 adjoining finished ground levels). 3. The fence does not exceed 1 m in height within 6 m of the intersection of 2 boundaries of land where those boundaries both face a road, other than where a 4 x 4 m corner cut-off has already been provided (and is to be preserved). 4. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |
| <p>Building work on railway land Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Acid Sulfate Soils) Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. Building work is associated with a railway. 2. It is situated (or to be situated) on railway land (within the meaning of Schedule 4 clause 14 of the Planning, Development and Infrastructure (General) Regulations 2017). 3. It is required for the conduct or maintenance of railway activities. 4. It does not involve the clearance of native vegetation. 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Carport Except where any of the following apply:</p> <ul style="list-style-type: none"> • Future Local Road Widening Overlay • Future Road Widening Overlay • Historic Area Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of |

the building to which it is ancillary.

5. Total floor area - does not exceed 40m².
6. Post height - does not exceed 3m measured from natural ground level (and not including a gable end).
7. Building height - does not exceed 5m.
8. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless:
 - (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and
 - (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent.
9. If the carport abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
10. Door opening for vehicle access – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
11. The carport is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley

| | |
|---|---|
| | <p>lane or right of way is at least 6.2m wide along the boundary of the allotment / site.</p> <p>12. If any part involves cladding in sheet metal-will have cladding which is pre-colour treated or painted in a non-reflective colour.</p> <p>13. Does not involve the clearance of native vegetation.</p> |
| <p>Detached dwelling Except where any of the following apply:</p> <ul style="list-style-type: none"> • Aircraft Noise Exposure Overlay • Character Area Overlay • Character Preservation District Overlay • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Bushfire - High Risk) (<i>High</i>) Overlay • Hazards (Flooding) Overlay • Heritage Adjacency Overlay • Historic Area Overlay • Local Heritage Place Overlay • Mount Lofty Ranges Water Supply Catchment (Area 1) Overlay • Mount Lofty Ranges Water Supply Catchment (Area 2) Overlay • Resource Extraction Protection Area Overlay • River Murray Flood Plain Protection Area Overlay • Significant Industry Interface Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay • Water Resources Overlay | <p>1. Development will not result in more than 1 dwelling on:</p> <p>(a) an existing allotment or</p> <p>(b) an allotment granted development authorisation under the <i>Planning, Development and Infrastructure Act 2016</i></p> <p>2. A building envelope plan has been approved in relation to the relevant site/allotment.</p> <p>3. No part of a dwelling (excluding open structures such as verandahs, porticos and eaves) will protrude beyond the relevant building envelope plan.</p> <p>4. A dwelling does not exceed the building height nominated on the relevant building envelope plan, or where none is specified, does not exceed:</p> <p>(a) a maximum building height of 3 building levels or 12m</p> <p>(b) a wall height of 10m (except where a gable end).</p> <p>5. Each dwelling with a frontage to a public street:</p> <p>(a) includes at least one window facing the primary street from a habitable room</p> <p>and</p> <p>(b) has an aggregate window area of at least 2m² facing the primary street.</p> <p>6. Upper level windows facing side or rear boundaries shared with another residential allotment/site:</p> <p>(a) are permanently obscured to a height of 1.5m above finished floor level and are fixed or not capable of being opened more than 125mm</p> <p>(b) have sill heights greater than or equal to 1.5m above finished floor level</p> <p>and/or</p> <p>(c) incorporate screening to a height of 1.5m above finished floor level.</p> <p>7. If the dwelling exceeds 1 building level, any balconies satisfy one of the following:</p> <p>(a) the longest side of the balcony or terrace will face a public road, public road reserve or public reserve that is at least 15m wide in all places faced by the balcony or terrace</p> <p>or</p> <p>(b) all sides of balconies or terraces on upper</p> |

building levels are permanently obscured by screening with a maximum 25% transparency/openings fixed to a minimum height of:

- (i) 1.5m above finished floor level there the balcony is located at least 15 metres from the nearest habitable window of a dwelling on adjacent land or
- (ii) 1.7m above finished floor level in all other cases.

- 8. Private open space is consistent with the minimum area of private open space nominated on a building envelope plan, or is provided in accordance with the following:
 - (a) Total private open space area:
 - (i) Site area <301m²: 24m² located behind the building line.
 - (ii) Site area ≥301m²: 60m² located behind the building line.
 - (b) Minimum directly accessible from a living room: 16m² / with a minimum dimension 3m
- 9. Dwellings provide car parking spaces on-site at a rate no less than:
 - (a) 1 bedroom dwelling - 1 space per dwelling.
 - (b) 2 or more bedroom dwelling - 2 spaces per dwelling, 1 of which is covered
- 10. Vehicle access to car parking spaces is located consistent with that shown on the relevant building envelope plan, or is located:
 - (a) 500mm or more from any street furniture, street pole, infrastructure services pit, or other stormwater or utility infrastructure unless consent is provided from the infrastructure owner;
 - (b) 2m or more from the base of the trunk of a street tree unless consent is provided from the tree owner;
 - (c) 6m or more from the tangent point of an intersection of 2 or more roads or a pedestrian-actuated crossing
 - (d) so that access is not obtained from, and is located at least 25m from the tangent point of any State Maintained Road.
- 11. Driveways are designed and sited so that:
 - (a) the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the garage or carport is not steeper than 1:4 on average
 - (b) they are aligned relative to the street boundary so that there is no more than a 20 degree deviation from 90 degrees between the centreline of any dedicated car parking space to which it provides access (measured from the front of that space) and the street boundary.

12. Development does not involve:
 - (a) excavation exceeding a vertical height of 1m
 - (b) filling exceeding a vertical height of 1m

or

 - (c) a total combined excavation and filling vertical height of 2m or more.

13. One of the following is satisfied:
 - (a) a declaration is provided by or on behalf of the applicant to the effect that the proposal would not be contrary to the regulations prescribed for the purposes of section 86 of the *Electricity Act 1996*

or

 - (b) there are no aboveground powerlines adjoining the site that are the subject of the proposed development.

14. A dwelling is connected, or will be connected, to a reticulated water scheme or mains water supply with the capacity to meet the requirements of the development.
15. Development is connected, or will be connected, to an approved common waste water disposal service with the capacity to meet the requirements of the development.
16. Where the Native Vegetation Overlay or State Significant Native Vegetation Overlay applies in relation to the relevant site/allotment, the application is accompanied by:
 - (a) a declaration stating that the proposal will not, or would not, involve clearance of native vegetation under the *Native Vegetation Act 1991*, including any clearance that may occur:
 - (i) in connection with a relevant access point and / or driveway
 - (ii) within 20m of a dwelling for fire prevention and control
 - (iii) within 50m of residential accommodation in connection with a requirement under a relevant overlay to establish an asset protection zone in a bushfire prone area

 - (b) a report prepared in accordance with Regulation 18(2)(a) of the Native Vegetation Regulations 2017 that establishes that the clearance is categorised as 'Level 1 clearance'.

17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas.

Fence and retaining wall structure
 Except where any of the following apply:

1. The retaining wall retains a difference in ground levels not exceeding 1.5 metres (measured from the lower of

| | |
|---|---|
| <ul style="list-style-type: none"> • Coastal Areas Overlay • Hazards (Flooding) Overlay • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <p>the 2 adjoining finished ground levels).</p> <ol style="list-style-type: none"> 2. The total combined height of the fence and retaining wall structure is less than 3.3 metres in height (measured from the lower of the 2 adjoining finished ground levels) 3. The structure is located behind the building line of the associated dwelling and any dwelling on adjoining land. 4. The structure is not located on a secondary street boundary. 5. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas |
| <p>Internal building work Except where any of the following apply:</p> <ul style="list-style-type: none"> • Local Heritage Place Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. There will be no increase in the total floor area of the building. 2. Other than where located within the Historic Area Overlay there will be no alteration to the external appearance of the building to any significant degree. 3. There will be no alteration to the external appearance of the building where located within the Historic Area Overlay. |
| <p>Outbuilding Except where any of the following apply:</p> <ul style="list-style-type: none"> • Coastal Areas Overlay • Future Local Road Widening Overlay • Future Road Widening Overlay • Hazards (Flooding) Overlay • Historic Area Overlay • Local Heritage Place Overlay • Significant Landscape Protection Overlay • State Heritage Area Overlay • State Heritage Place Overlay | <ol style="list-style-type: none"> 1. The development will not be contrary to the regulations prescribed for the purposes of section 86 of the <i>Electricity Act 1996</i>. 2. The development will not be built, or encroach, on an area that is, or will be, required for a sewerage system or waste control system. 3. It is detached from and ancillary to a dwelling erected on the site. 4. Primary street setback - at least 5.5m from the primary street boundary and as far back as the building line of the building to which it is ancillary. 5. Secondary street setback - at least 900mm from the boundary of the allotment (if the land has boundaries on two or more roads). 6. Total floor area - does not exceed 40m². 7. Wall height - does not exceed 3m measured from natural ground level (and not including a gable end). 8. Building height - does not exceed 5m. 9. If situated on or abutting a boundary (not being a boundary with a primary street or secondary street) - a length not exceeding 11.5m unless: <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. 10. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street): <ol style="list-style-type: none"> (a) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary; and (b) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent. |

11. If the outbuilding abuts or is situated on the boundary of the allotment (not being a boundary with a primary street or secondary street):
 - (a) it will not result in all relevant walls or structures located along the boundary exceeding 45% of the length of the boundary; and
 - (b) it will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure.
12. If the outbuilding is a garage - door opening for vehicle access facing a street frontage – does not exceed, in total, 7m in width or 50% of the width of the allotment frontage (whichever lesser)
13. If the outbuilding is a garage, it is located so that vehicle access:
 - (a) is provided via a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land; or
 - (b) is not obtained from a State Maintained Road, and will use a driveway that:
 - (i) is not located within 6 metres of an intersection of 2 or more roads or a pedestrian actuated crossing;
 - (ii) will not interfere with an item of street furniture (including directional signs, lighting, seating and weather shelters), other infrastructure, or a tree;
 - (iii) is located so that the gradient from the place of access on the boundary of the allotment to the finished floor level at the front of the carport when the work is completed is not steeper than 1:4 on average
 - (iv) is aligned relative to the street so that there is no more than a 20 degree deviation from 90 degrees between the centreline of the driveway at the public road boundary and the centre of the front of the covered car parking space for which it provides vehicle access
 - (v) if located so as to provide access from an alley, lane or right of way - the alley, lane or right of way is at least 6.2m wide along the boundary of the allotment / site
14. If clad in sheet metal is pre-colour treated or painted in a non-reflective colour.
15. Does not involve-
 - (a) excavation exceeding a vertical height of 1 metre; or
 - (b) filling exceeding a vertical height of 1 metre,

and, if the development involves both excavation and

| | |
|---|---|
| | <p>filling, the total combined excavation and filling must not exceed a vertical height of 2 metres.</p> <ol style="list-style-type: none"> 16. Does not involve the clearance of native vegetation. 17. The development will not be located within the extents of the River Murray 1956 Flood Level as delineated by the SA Property and Planning Atlas. |

The tank (including any associated pump) is located wholly below the level of the ground. 3. Does not involve the clearance of native vegetation. |

Table 2 - Deemed-to-Satisfy Development Classification

The following table identifies Classes of Development that are classified as Deemed-to-Satisfy Development subject to meeting the 'Deemed-to-Satisfy Development Classification Criteria'. Provisions referred to in the table are Deemed-to-Satisfy Criteria. Where a development comprises more than one Class of Development the relevant criteria will be taken to be the sum of the criteria for each Class of Development.

| Class of Development | Deemed-to-Satisfy Development Classification Criteria | | | |
|---|--|--|--|---|
