

Superseded by Version 2021.4
dated 8 April 2021

Part 1 - Rules of Interpretation

This Part sets out how the Planning and Design Code (the Code) implements the requirements of section 66 of the *Planning, Development and Infrastructure Act 2016* (the Act), instructs the user on how the Code is to be read and applied to development assessed under the Act, and provides for other matters relevant to the interpretation and operation of the Code.

Introduction

Section 65 of the Act provides that there must be a *Planning and Design Code* and that the State Planning Commission (the Commission) is responsible for preparing and maintaining the Code as a statutory instrument under the Act. The Code, and any amendments to the Code, as published on the SA planning portal, have been adopted by the Minister.¹

As provided by section 66 of the Act, the primary purpose of the Code is to set out a comprehensive set of policies, rules and classifications which may be selected and applied in the various parts of the State, through the operation of the Code and the SA planning database, for the purposes of development assessment and related matters within the State.²

The Code also provides for other matters envisaged by the Act, and regulations made under the Act.

Commencement and amendments

The commencement date for the Code was 1 July 2019.

The initial version of the Code applied to those parts of the State outside council areas under transitional arrangements put in place to provide for the staged commencement of development assessment under the new Act in place of the *Development Act 1993*³.

The second version of the Code extends to regional areas of the State under the transitional arrangements.

The processes associated with initiating and making amendments to the Code are mainly set out in section 73 of the Act. One important feature is consultation under the Community Engagement Charter, and other consultation that may be required by the Commission, in connection with a particular amendment proposal.

An amendment to the Code does not have effect unless and until it is approved by the Minister. The approval process includes a report to the Minister about the processes undertaken in connection with developing the proposed amendment and certification as to the accuracy of information presented or provided to the Minister for the purposes of gaining approval.

Any amendments, once approved, are published on the SA planning portal. Electronic publication of an up-to-date version of the Code is a key feature of the scheme under the Act, and is supported by a number of related features and processes that facilitate the operation and application of the Code for the purposes of development assessment.⁴

Information about amendments to the Code is set out in Part 13 - Table of Amendments.

Major features of the Code

The Code Library

The Code incorporates a scheme that collates and organises its policies and rules for development classification and assessment into zones, subzones, overlays and general development policies. Together, these components of the Code form a library of policies (the "Code Library"). The policies that make up the library have no application in their own right, but apply depending on the class of development and spatial location under the scheme that is outlined in this Part.

Classification of development

The Code divides development into 3 categories of development depending on whether it is classified under the Code as:

- (a) accepted development (see section 104(1) of the Act); and
- (b) deemed-to-satisfy development (see section 105(a) of the Act); and
- (c) restricted development (see section 108(1)(a) of the Act)⁵.

All development is classified firstly by reference to its location and the zone, subzone and overlays that are applicable to the location. Classification tables applicable to each zone identify development as accepted development, deemed-to-satisfy development or restricted development.⁶

Accepted development

Each zone contains a table - Table 1 - which specifies classes of development which will be classified as 'accepted development' under section 104 of the Act in that zone if all of the corresponding criteria in the table are satisfied.

Accepted development does not require planning consent.

Deemed-to-satisfy development

Each zone contains a table - Table 2 - which specifies classes of development which will be classified as "deemed-to-satisfy development" under section 106 of the Act in that zone if all of the corresponding criteria in the table are satisfied, insofar as they are relevant to the nature of the particular development.

Section 106(2) of the Act specifies that if a relevant authority is satisfied that development is deemed-to-satisfy development except for 1 or more minor variations, the relevant authority must assess it as deemed-to-satisfy development.

Deemed-to-satisfy development must be granted planning consent subject to the requirements of section 106 of the Act and therefore does not require assessment against the policies and rules applicable to performance assessed development.

Restricted development

Each zone contains a table - Table 4 - which specifies classes of development which will be categorised as "impact assessed development" and classified as "restricted development" under section 108 of the Act, subject to any exclusions specified in the table.

The Commission is the relevant authority for restricted development.

All policies and rules relative to the spatial location of proposed restricted development, together with all general development policies, are applicable and may be determined by the Commission to be relevant for the purposes of a restricted development under section 110(10) of the Act (but the Commission is not bound by those provisions).

Performance assessed development

All development not classified as accepted, deemed-to-satisfy, restricted or impact assessed development will be categorised as code assessed development and classified as "performance assessed development" under sections 105(b) and 107 of the Act, and will be assessed on its merits against the Code as contemplated by section 107 of the Act.

Application of Policies to Performance Assessed Classes of Development

The Code applies policies to performance assessed development through an Applicable Policies for Performance Assessed Development Table relative to each zone - Table 3.

In particular, for each zone, Table 3 specifies the policies and rules that apply to classes of development within the zone, including by the application of policies within subzones and overlays (applies only in the area affected by the subzone/overlay), together with the relevant general development policies. Table 3 also contains rules for application of the policies, including rules relating to the application of Desired Outcome policies and Designated Performance Features.

The policies specified in Table 3 constitute the policies applicable to the particular class of development within the zone to the exclusion of all other policies within the Code, and no other policies are applicable.

Development that does not fall within one of the specified classes of development in Table 3 will be designated in the table as "All Other Code Assessed Development". To assess such development, all policies from the zone and subzone, and all policies in overlays that have application to the spatial location of the development, and all general development policies, apply for the purpose of assessment.

For the purposes of section 102 of the Act, the relevant authority must assess the development against the applicable policies specified by Table 3 that are relevant to the particular development. For the avoidance of doubt, the relevant authority may determine that one or more of the listed policies are not relevant to a particular development.

Determination of Classes of Development

The Classification and Procedural Matters tables in the Code list classes of development (in the left-hand column). Unless otherwise specified in another class of development in that table, the reference to a class of development includes a reference to a change in the use of the relevant land or building work (including construction of a new building, or alteration/addition of an existing building).

If a proposed development comprises more than one element or more than one class (or form) of development, each of the applicable listed classes of development is relevant. This means that:

- (a) for the purposes of assessment - all applicable policies and criteria must be considered by the relevant authority for the purposes of section 102 of the Act; and
- (b) for the purposes of procedural matters - any development that comprises more than one of the listed classes of development may trigger more than one relevant procedure.⁷

Subject to the preceding paragraph, if there are two or more classes of development listed in a particular table that relate to a proposed development, the class of development that most closely corresponds to the nature of the development (after considering the substance of the development) applies. This is subject to the need to make a practical and realistic assessment of proposed development, and to consider the proper construction of the relevant parts of the Code, in the event of any inconsistency between two classifications as they apply to proposed development.

Policies - Desired Outcomes and Performance Outcomes

Zone, subzone, overlay and general development policies are comprised of desired outcomes (DOs) and performance outcomes (POs). These are applicable to performance assessed development and to restricted development.

Desired outcomes

Desired outcome are policies designed to aid the interpretation of performance outcomes by setting a general policy agenda for a zone, subzone, overlay or general development policies module. Where a relevant authority is uncertain as to whether or how a performance outcome applies to a development, the desired outcome(s) may inform its consideration of the relevance and application of a performance outcome, or assist in assessing the merits of the development against the applicable performance outcomes collectively.

Performance outcomes

Performance outcomes are policies designed to facilitate assessment according to specified factors, including land use, site dimensions and land division, built form, character and hazard risk minimisation.

Designated performance features

In order to assist a relevant authority to interpret the performance outcomes, in some cases the policy includes a standard outcome which will generally meet the corresponding performance outcome (a *designated performance feature* or DPF). A DPF provides a guide to a relevant authority as to what is generally considered to satisfy the corresponding performance outcome but does not need to necessarily be satisfied to meet the performance outcome, and does not derogate from the discretion to determine that the outcome is met in another way, or from the need to assess development on its merits against all relevant policies.

Technical and Numeric Variations

The Code has facilities that set or determine various technical and/or numeric requirements in relation to specified classes of development.⁸

Section 66(4) of the Act provides that the Code may include provisions that provide for the adaptation of the rules that apply in relation to a specified zone or subzone or as an overlay to provide for necessary and appropriate local variations in specified circumstances. The requirements specified or reflected in technical or numeric variations form part of the planning rules to apply to the assessment of development, as relevant, through the classification tables and other provisions that make reference to these matters in specified circumstances. In varying a particular policy, these specific provisions or policies may be spatially applied without the need for the Code to apply the specific policy through a separate zone, subzone or overlay.

One type of adaptation of the rules is a variation of a technical or numeric requirement that would otherwise apply under a zone, subzone or overlay that applies to a particular location.⁹ A technical or numeric variation of a technical or numeric requirement operates within parameters specified in the Code and is spatially applied through the operation of the Code and its interaction with the SA planning database.

Hierarchy of Policies/Modification of Provisions

If there is an inconsistency between provisions in the relevant policies for a particular development, and for the purpose of section 66(3)(b) of the Act, the following rules will apply to the extent of any inconsistency between policies:

- (a) the provisions of an overlay will prevail over all other policies applying in the particular case; and
- (b) a subzone policy will prevail over a zone policy or a general development policy; and
- (c) a zone policy will prevail over a general development policy.

This hierarchy is represented by the following diagram.

Procedural Matters

The zones, subzones, overlays and general development policies may contain sections headed "Procedural matters". Material in these sections provide for various procedural and related matters under the Act and regulations¹⁰, such as some exclusions from the requirement to notify certain applications for planning consent, and referrals to prescribed bodies.

Notification of applications for planning consent

A table headed "Notification" in the section of a policy relating to procedural matters specifies classes of development to be assessed under section 107 of the Act which are excluded from the requirement to give notice of an application for planning consent under section 107(3) and (4).¹¹ The table may also specify cases where notice need not be given to members of the public by a notice placed on the relevant land under regulation 47(6)(a) of the *Planning, Development and Infrastructure (General) Regulations 2017*.

Referrals

The Code also interacts with regulation 41 and Schedule 9 of the *Planning, Development and Infrastructure (General) Regulations 2017* for the purposes of section 122 of the Act. Schedule 9 prescribes classes of development that must be referred to a body prescribed in Schedule 9.

"Referral" tables in various parts of the Code specify classes of development to which an item in the table in clause 3 of Schedule 9 applies, identified by reference to the prescribed referral body.¹²

A "Referrals" table also identifies the purpose of a particular referral (that being a matter that is considered by the Commission under section 66(2)(e)(ii) of the Act as being appropriate to include in the Code).

In relation to development that is to be assessed under section 107 of the Act, if policies from a particular overlay are not listed within the 'Applicable Policies' in Table 3 for that class of development, any referral within that overlay will not apply to that class of development.

Other matters specified by the Code

Specified matters and areas identified under the Act and Regulations

Part 5 sets out areas and matters that are specified or identified for various matters under the Act or associated regulations.

Definitions of land use and land use classes

Part 7 sets out definitions of land use for the purposes of section 66(2)(c) of the Act.

Local heritage places

Part 11 designates places as places of local heritage value for the purposes of section 67 of the Act.

Regulated and significant trees

Part 10 makes declarations for the purposes of the definition of regulated tree(s) and the definition of significant tree(s) under the Act.

Spatial Information and Electronic Databases and Files

The spatial boundaries of zones, subzones and overlays, as they apply in relation to the various parts of the State, are determined through the operation of the Code and may accessed through the SA planning database.

In particular, the Code spatially applies the zones, subzones and overlays to the various parts of the State. This application results in spatial layers that show the location of the zones, subzones and overlays and, accordingly, applies the policies, rules and other information that are relevant to any specific place within the State. This feature of the Code operates through data that is housed in multiple databases and electronic files. These databases and files interact to produce data that accurately shows the spatial application of the policies, rules and other relevant information within the Code, combining textual information with spatial information.

This electronic feature of the Code works in conjunction with the SA planning database under section 49 of the Act, so that the spatial boundaries of any zone, subzone or overlay, and accordingly relevant textual information, may be accessed and applied through the SA planning database.¹³

The Code and the SA planning database in turn operate in conjunction with the South Australian Property and Planning Atlas (SAPPA) and other related databases and systems and services. The data in SAPPA defines the spatial extent and boundaries of the zones, subzones and overlays established by the Code. This spatial data is developed, maintained, securely stored and delivered through information systems established and maintained by the Department. This functionality allows spatial data and textual data to be brought together in the SA planning database, and in the Code as published on the SA planning portal.

The status of the SA planning database is further supported by any standards established by the Commission under section 51 of the Act and, importantly, section 52 of the Act supports the electronic publication of statutory instruments, including the Code. A version of the Code, published on that part of the SA planning portal that states that instruments published on that part are certified by the Chief Executive of the Department under section 52(1) of the Act, is able to be presumed (in the absence of proof to the contrary) to be a complete and accurate record of the statutory instrument (as amended from time to time and as in force at a specified day).¹⁴ In addition, any information produced on the SA planning database as to the application of planning policies, rules and information to a specified place within the State (as envisaged by section 49(1) of the Act) will be presumed, in the absence of proof to the contrary, to be accurate and correct (and may be relied on for the purposes of the Act).¹⁵

Furthermore, as part of the SA planning portal and in connection with the SA planning database, the online atlas under section 50 of the Act provides a search facility to search across the database that is relevant to the spatial application of the Code. The online atlas enables the viewing and searching of the spatial mapping feature of the Code, and enables viewing of the location of zones, subzones and overlays by reference to council areas. This feature may be viewed as replacing an aspect of the scheme under the *Development Act 1993*.

The official sources for planning spatial data under the *Development Act 1993* are the various hard copy maps of a Development Plan for a council area. With the implementation of the SAPPA and Online Planning and Design Code Enquiry (OPD) application, pre-defined and printed maps are no longer relevant or required. Rather, the scheme under the Act provides for the electronic publication of the Code, facilities to identify the policies, rules and information that apply to any place in the State, and the authorisation and verification of an electronic version of the Code as in force at any particular time.

Interpretation

Definitions and other rules of interpretation

A term used in the Code may have a meaning specifically assigned to that term by one of the following:

- (a) the *Planning, Development and Infrastructure Act 2016* (the Act);
- (b) the *Acts Interpretation Act 1915*;
- (c) the definitions in Parts 7 and 8 of the Code.

In the event a term has been assigned a meaning in more than one of the Code's parts (i.e., a zone, subzone, overlay, or general development policy), the meaning contained in the part that sits highest in the hierarchy of policies described above will prevail.

A reference in the Code to an Act includes a reference to any regulations or instrument made under that Act, and where an Act, regulation or instrument has been amended or replaced, if the context permits, includes a reference to the amended or replaced Act, regulations or instrument.

A reference in the Code to a specific resource document or standard, means the latest version of the resource document or standard.

Unless otherwise indicated, a reference in the Code to a Part, section or table is a reference to a Part, section or table of the Code.

Footnotes

1

See especially Part 5 Division 2 Subdivision 5 of the Act in relation to the processes for the adoption and amendment of the Code.

2

The Chief Executive of the Department of Planning, Transport and Infrastructure is responsible for establishing and maintaining an electronic database (the SA planning database) that produces, by gaining access to-

- (a) the state planning policies; and
- (b) the Planning Rules; and
- (c) any relevant land management agreements; and
- (d) other instruments and documents as the Chief Executive thinks fit,

textual and spatial information that identifies the planning policies, rules and information that apply to specific places within the State under the Act. The SA planning database must be accessible on the SA planning portal.

3

See especially the *Planning, Development and Infrastructure (Transitional Provisions) Regulations 2017* Part 4.

4

A further explanation of aspects of these features is described in a later section of this Part.

5

Section 103(c) of the Act refers to a category of development called *impact assessed development*. Under section 108(1)(a) of the Act, the Code classifies various forms of impact assessed development as "restricted development" for the purposes of assessment under Part 7 Division 2 Subdivision 4 of the Act.

6

Any development that does not fall into a category established under this part of the scheme (and that is not otherwise to be assessed as "impact assessed development" under the Act), is development that is to be assessed on its merits under the Act and the Code.

7

This applies subject to provisions of the Act such as section 107(2)(a).

8

Part 6 of the Code sets out technical and/or numeric requirements and any relevant variations

9

See section 66(4)(a) of the Act.

10

The *Planning, Development and Infrastructure (General) Regulations 2017*.

11

Section 107(6) of the Act provides that the Code may exclude classes of development from the requirement to give notice of an application for planning consent to owners or occupiers of adjacent land, and to members of the public by notice placed on the relevant land.

12

Development that is within a class specified in a "Referrals" table must be referred to the prescribed referral body pursuant to section 122 of the Act.

13

The zones, subzones and overlays may be viewed as part of the SA planning portal at: <https://sappa.plan.sa.gov.au/>

The SA planning database is not the Code itself, but is rather a database which gains access to the Code and identifies the planning policies, rules and information that apply to specific places within the State.

14

See also regulation 7 of the *Planning, Development and Infrastructure (General) Regulations 2017*.

15

See section 52(2) of the Act.

Part 2 - Zones and Sub Zones

Adelaide Park Lands Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A unique publicly accessible and well connected open space system, including the formal city squares, that creates a distinctive landscaped park setting for the City of Adelaide. |
| DO 2 | A range of passive and active recreational activities with a high-level of amenity, including a safe and connected walking and cycling network, natural areas, sporting fields and club facilities, formal cultural gardens, public artwork and passive recreation areas, as well as opportunities to support a variety of temporary events, such as festivals, |

concerts and sporting events.

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A diverse range of open space, recreation and sporting activities.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Conservation work (c) Outbuilding associated with open space maintenance (d) Recreation area (e) Shop (f) Special events (g) Sporting field or club facility (h) Structures associated with a public facility such as bike and vehicle parking, picnic / barbeque area, shelter and toilet. |
| <p>PO 1.2</p> <p>Shops in appropriate areas of the Adelaide Park Lands:</p> <ul style="list-style-type: none"> (a) provide a range of goods and services for the users of activities in the Adelaide Park Lands and where such goods and services are not otherwise conveniently located and (b) positively contribute to Adelaide Park Lands activation and setting without being visually prominent. | <p>DTS/DPF 1.2</p> <p>Shops:</p> <ul style="list-style-type: none"> (a) are ancillary to a recreational use, club, sporting facility (b) do not exceed 50m² in gross leasable floor space and (c) do not increase the building footprint. |
| <p>PO 1.3</p> <p>Community, cultural, tourism, shop or licensed premises located adjacent to the southern bank of the River Torrens between Montefiore Road and King William Road.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Community, cultural and tourism uses in association with the Torrens Training Depot and Parade Ground.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Special events in suitable locations and recreation uses of a temporary or transient nature limiting their impacts on the open and natural character of the Adelaide Park Lands.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| <p>PO 1.6</p> <p>The adaptive reuse of existing buildings to improve the design quality and appearance of the building, minimise the need to increase the building footprint and positively contribute to the cultural value, amenity and activation of the Adelaide Park Lands.</p> | <p>DTS/DPF 1.6</p> <p>None are applicable.</p> |
| <p>PO 1.7</p> <p>New buildings seek to minimise the building footprint on the landscaped and open setting of the Adelaide Park Lands and should only be considered where:</p> <ul style="list-style-type: none"> (a) the development is the replacement of an existing building and does not increase the overall building footprint (b) the building design is contextual and of high-quality so that it complements its setting when viewed from all perspectives (c) provides complementary recreation, sporting or tourism facilities that could not otherwise have been provided in the zone <p>and</p> <ul style="list-style-type: none"> (d) the building is designed to be multi-purpose and can be used by more than one user group. | <p>DTS/DPF 1.7</p> <p>None are applicable.</p> |
| <p>PO 1.8</p> <p>The redevelopment of existing buildings and structures within the following sites in a way that is ancillary and complementary to existing uses including:</p> <ul style="list-style-type: none"> (a) Adelaide Oval (b) Memorial Drive tennis precinct- formal sport related facilities (c) Torrens Lake - boating facilities (d) Police Barracks and Old Adelaide Gaol - adaptation of existing buildings and supportive public uses (e) Adelaide and Botanic High Schools - education and related facilities (f) National Wine Centre - tourism related facilities within the existing site boundaries | <p>DTS/DPF 1.8</p> <p>None are applicable.</p> |

| | |
|--|--|
| <ul style="list-style-type: none"> (g) Adelaide Botanic Garden - restaurants, function facilities and passive recreation facilities (h) Adelaide Zoo - a range of ancillary activities that add to the zoo as a key city attraction (i) Golf Course - club facilities and restaurants (j) West Terrace Cemetery - chapel, visitor and interpretative centre and operational facilities (k) North Adelaide Train Station - rail services facilities (l) Victoria Park Grandstand. | |
| <p>PO 1.9</p> <p>Development at the Adelaide Aquatic Centre site consolidates and replaces existing buildings with recreational sporting clubrooms, facilities and associated administrative functions.</p> | <p>DTS/DPF 1.9</p> <p>None are applicable.</p> |
| <p>PO 1.10</p> <p>Development of public infrastructure is appropriate within existing roads, railway corridors or the O-Bahn corridor where it does not create any additional impact on the amenity of the Adelaide Park Lands.</p> | <p>DTS/DPF 1.10</p> <p>None are applicable.</p> |
| <p>Built Form and Character</p> | |
| <p>PO 2.1</p> <p>A contextual design response that complements the open space function, natural and cultural character of the area and is suitably screened by landscaping</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development includes lighting that positively contributes to public safety, activity and amenity within the Adelaide Park Lands.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Utility and supply services, holding tanks, sub-stations, power lines and other utility facilities that are unobtrusive and where practicable, placed underground.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Development sited and designed to minimise negative impacts on adjacent residential uses.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>Natural / Cultural Landscape Character</p> | |
| <p>PO 3.1</p> <p>Development that protects, enhances and improves public access to:</p> <ul style="list-style-type: none"> (a) areas of special landscape character (such as formal gardens, significant stands of trees, and the like) and (b) areas and items of indigenous and post-colonial cultural significance. | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>PO 3.2</p> <p>Development recognises the Park Land's National Heritage Values.</p> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
| <p>PO 3.3</p> <p>Development maintains the visual distinction between the predominantly open landscape character of the Adelaide Park Lands and the built-form of adjacent Zones.</p> | <p>DTS/DPF 3.3</p> <p>None are applicable.</p> |
| <p>PO 3.4</p> <p>Development contributes to the return of alienated land to Adelaide Park Lands where practical.</p> | <p>DTS/DPF 3.4</p> <p>None are applicable.</p> |
| <p>PO 3.5</p> <p>Development sensitive to native biodiversity which incorporates ways to protect and improve biodiversity through its design and siting.</p> | <p>DTS/DPF 3.5</p> <p>None are applicable.</p> |
| <p>PO 3.6</p> <p>Development enhances natural creek channels and watercourses as a major landscape and stormwater management feature.</p> | <p>DTS/DPF 3.6</p> <p>None are applicable.</p> |
| <p>Advertisements</p> | |
| <p>PO 4.1</p> <p>Permanent advertisements or advertising hoardings only provide interpretive information or directions relating to features and facilities within the Adelaide Park Lands .</p> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>Temporary advertisements relating to a local event of a religious, educational, cultural, social or recreational character or to an event of a political character limited in size and number which do not detract from the open and natural character of the zone.</p> | <p>DTS/DPF 4.2</p> <p>Advertisements:</p> <ul style="list-style-type: none"> (a) not exceeding 2m² on a building or site |

| | <p>(b) not displayed more than 1 month prior to the event and 1 week after the event concludes except for an advertisement that relates to a federal, state or local government election and</p> <p>(c) do not:</p> <ul style="list-style-type: none"> (i) move or flash (ii) reflect light so as to be an undue distraction to motorists (iii) use internal lighting or (iv) principally advertise brands or products. | | |
|--|--|-------------|---|
| Movement, access and parking | | | |
| <p>PO 5.1</p> <p>Development does not restrict public access to land within the zone and ensures the Adelaide Park Lands are universally accessible.</p> | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> | | |
| <p>PO 5.2</p> <p>Car parking in the Zone is limited to serving activities within the Adelaide Park Lands, and located close to existing road networks to minimise impact on the Adelaide Park Lands character.</p> | <p>DTS/DPF 5.2</p> <p>None are applicable.</p> | | |
| <p>PO 5.3</p> <p>Additional car parking is avoided by utilising on street parking or shared parking areas, locating close to walking and cycling infrastructure, utilising the existing road network and other such means.</p> | <p>DTS/DPF 5.3</p> <p>None are applicable.</p> | | |
| <p>PO 5.4</p> <p>Public vehicle access limited to existing roads.</p> | <p>DTS/DPF 5.4</p> <p>None are applicable.</p> | | |
| Fencing | | | |
| <p>PO 6.1</p> <p>Fencing is open so that Adelaide Park Lands character is maintained, and maintains public access.</p> | <p>DTS/DPF 6.1</p> <p>None are applicable.</p> | | |
| Concept Plans | | | |
| <p>PO 7.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 7.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" style="width: 100%;"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 79 - Primary Pedestrian Area</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 7.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met. | Description | Concept Plan 79 - Primary Pedestrian Area |
| Description | | | |
| Concept Plan 79 - Primary Pedestrian Area | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement | None specified. |

| | |
|--|--|
| <ul style="list-style-type: none"> (b) conservation work (c) fence (d) internal building work (e) outbuilding associated with open space maintenance (f) recreation area (g) retaining wall (h) shade sail (i) solar photovoltaic panels (roof mounted) (j) special events (k) sporting field or club facility (l) structures associated with a public facility such as bike and vehicle parking, picnic / barbeque area, shelter and toilet (m) temporary public service depot (n) water tank. | |
| <p>2. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Shop.</p> | <p>Except shop that does not satisfy Adelaide Park Lands Zone DTS/DPF 1.2.</p> |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <p>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies or</p> <p>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust.</p> | <p>Except development involving any of the following:</p> <ol style="list-style-type: none"> residential flat building(s) of 3 more more building levels the demolition of a State or Local Heritage Place the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Melbourne Street West Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| <h2 style="text-align: center; margin: 0;">Desired Outcome</h2> | |
|---|---|
| <p>DO 1</p> | <p>A mixed use area accommodating low-impact employment-generating activities and a range of low to medium density housing.</p> |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Low impact non-residential uses that complement low to medium density residential accommodation.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Community facility (b) Consulting room (c) Dwelling (d) Educational establishment (e) Office (f) Pre-school (g) Residential flat building (h) Retirement village (i) Supported accommodation (j) Tourist accommodation. |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings setback from side boundaries to complement the pattern of development.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Buildings set back behind landscaped frontages to Melbourne Street to provide a consistent and attractive streetscape.</p> | <p>DTS/DPF 2.2</p> <p>A landscape strip at least 3.5m wide is provided along the Melbourne Street frontage.</p> |
| <p>PO 2.3</p> <p>Other than for catalyst sites, parts of buildings above 2 building levels are set back from Melbourne Street to complement the prevailing character to Melbourne Street.</p> | <p>DTS/DPF 2.3</p> <p>Parts of a building above 2 building levels are set back at least 6m from Melbourne Street.</p> |
| <p>PO 2.4</p> <p>Development is set back from the boundary of an adjacent zone and from Old Street to maintain residential amenity.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>PO 2.5</p> <p>Verandahs, awnings or balconies and the like not constructed over the public footpath.</p> | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |
| Catalyst Sites | |
| <p>PO 3.1</p> <p>Development on catalyst sites (sites greater than 1500m², which may include one or more allotments) is comprised of medium-rise residential uses integrated with non-residential uses to contribute to vibrancy of the street.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>PO 3.2</p> <p>Development on catalyst sites (sites greater than 1500m², which may include one or more allotments) is designed to manage the interface with the City Living Zone with regard to intensity of use, overshadowing, massing, building proportions and traffic to minimise impacts on residential amenity.</p> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
| <p>PO 3.3</p> <p>Development on catalyst sites (sites greater than 1500m², which may include one or more allotments) contribute to streetscape character and vibrancy through building designs that:</p> <ul style="list-style-type: none"> (a) encourage overlooking of the street, particularly at the ground and first floor (b) create the appearance of narrow frontages and enhance visual interest (c) are vertically massed (d) include above street level fenestration, balconies, parapets, architectural detailing and ornamentation which contribute to the rich visual texture. | <p>DTS/DPF 3.3</p> <p>None are applicable.</p> |
| Access and Parking | |
| <p>PO 4.1</p> <p>Development does not result in additional crossovers on the primary street frontage to minimise conflicts with pedestrians and cyclists.</p> | <p>DTS/DPF 4.1</p> <p>Vehicular access where it consolidates or replaces existing crossovers.</p> |
| <p>PO 4.2</p> <p>Vehicle access from Melbourne Street is designed and located to minimise disruption to the pattern of built form and landscaping.</p> | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>PO 4.3</p> <p>Vehicle parking areas are located to minimise disruption to the continuity of built form and the streetscape character along Melbourne Street.</p> | <p>DTS/DPF 4.3</p> <p>Vehicle parking areas are located behind buildings with a frontage to Melbourne Street.</p> |

| Advertisements | |
|---|-------------------------------------|
| PO 5.1 Advertisements are: (a) restrained in size, design and illumination to complement the character of the locality (b) limited to one advertisement identifying the lawful existing or proposed activity for the site. | DTS/DPF 5.1 None are applicable. |

Capital City Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A zone that is the economic and cultural focus of the state supporting a range of residential, employment, community, educational, innovation, recreational, tourism and entertainment facilities generating opportunities for population and employment growth. |
| DO 2 | High intensity and large- scale development with high street walls reinforcing the distinctive grid pattern layout of the city with active non-residential ground level uses to positively contribute to public safety, inclusivity and vibrancy. Design quality of buildings and public spaces is a priority in this zone. |

|--|--|
| Land Use | |
| PO 1.1 A vibrant mix of residential, retail, community, commercial and professional services, civic and cultural, health, educational, recreational, tourism and entertainment facilities. | DTS/DPF 1.1 The following types of development, or combinations thereof, are envisaged: (a) Advertisement (b) Consulting Room (c) Dwelling (d) Educational Establishment (e) Hospital (f) Hotel (g) Licensed Premises (h) Library (i) Office (j) Pre-School (k) Supported Accommodation (l) Residential Flat Building (m) Shop (n) Student Accommodation (o) Tourist accommodation. |
| PO 1.2 Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality. | DTS/DPF 1.2 A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved: (a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m ² and has direct frontage to an arterial road, it achieves either (i) or (ii): (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |

| | |
|---|---|
| <p>PO 2.1</p> <p>Non-residential land uses at ground floor level such as shops and restaurants support and maximise pedestrian activity to provide visual interest and positively contribute to public safety, walkability and vibrancy.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development:</p> <ul style="list-style-type: none"> (a) contributes to the activation of the public realm by presenting an attractive human scaled pedestrian-oriented frontage at ground level that adds interest and vibrancy; (b) maintains a sense of openness to the sky for pedestrians and allow sunlight access to the public realm; (c) provides a clear sense of address to each building. | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Land uses typically open during night time hours incorporate activities along street frontages at ground level that encourage day time activation compatible with surrounding land uses.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Shopfronts incorporating security features such as security grilles and shutters are designed to allow visual permeability into the premises, allow for light spill onto the street, and complement the appearance of the building's frontage.</p> | <p>DTS/DPF 2.4</p> <p>Grilles, shutters or similar security features with at least 75% permeability.</p> |
| <p>Built form and Character</p> | |
| <p>PO 3.1</p> <p>A contextual design response that manages differences in scale and building proportions to maintain a cohesive streetscape and frame city streets.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable</p> |
| <p>PO 3.2</p> <p>Buildings:</p> <ul style="list-style-type: none"> (a) are designed to reinforce the prevailing datum heights and parapet levels of the street through design elements that provide a clear distinction between levels above and below the prevailing datum line; (b) where located in an existing low-rise context, are designed to include a podium/street wall height and upper level setback that: <ul style="list-style-type: none"> (i) relates to the scale and context of adjoining built form; (ii) provides a human scale at street level; (iii) creates a well-defined and continuity of frontage; (iv) gives emphasis and definition to street corners to clearly define the street grid; and (v) contributes to the interest, vitality and security of the pedestrian environment. | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
| <p>PO 3.3</p> <p>Building façades are strongly modelled, incorporate a vertical composition which reflects the proportions of existing frontages, and ensure that architectural detailing is consistent around corners and along minor streets and laneways.</p> | <p>DTS/DPF 3.3</p> <p>None are applicable</p> |
| <p>PO 3.4</p> <p>Development along The Terraces (North, East, South and West) is designed to positively contribute to a continuous built form to frame the Park Lands and city edge.</p> | <p>DTS/DPF 3.4</p> <p>None are applicable.</p> |
| <p>PO 3.5</p> <p>Development along the city's boulevards (as identified in Capital City Zone Table 5.1):</p> <ul style="list-style-type: none"> (a) built to the street boundary at lower levels to reinforce the City's grid layout and frame the boulevard (b) designed to provide a sense of arrival into the City and strongly define junctions where located on a corner site. | <p>DTS/DPF 3.5</p> <p>None are applicable.</p> |
| <p>PO 3.6</p> <p>Development avoids activities that result in a gap in the built form along a public road or thoroughfare (such as an open lot car park) for an extended period of time to minimise negative impacts on streetscape continuity.</p> | <p>DTS/DPF 3.6</p> <p>None are applicable.</p> |
| <p>PO 3.7</p> <p>Development along the city's boulevards (as identified in Capital City Zone Table 5.1) is designed to maximise views to the Park Lands and not clutter existing view corridors to the Adelaide Hills when viewed from the public realm.</p> | <p>DTS/DPF 3.7</p> <p>None are applicable.</p> |
| <p>PO 3.8</p> <p>Development fronting Victoria, Hindmarsh, Whitmore, Hurtle and Light Squares is designed to provide a comfortable pedestrian and recreation environment by enabling direct sunlight to a majority of the Square.</p> | <p>DTS/DPF 3.8</p> <p>Development enables direct sunlight to a minimum of 75% of the landscaped part of each Square at the September equinox.</p> |
| <p>PO 3.9</p> | <p>DTS/DPF 3.9</p> |

| <p>Development fronting Victoria, Hindmarsh, Whitmore, Hurtle and Light Squares is designed to reinforce the enclosure of the Squares with a continuous built-form with no upper level setbacks.</p> | <p>None are applicable.</p> | | | | | | | | | | | | |
|---|--|----------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|----------------------------------|--------------------------------|--------------------------------|--------------------------------|--------------------------------|--------------------------------|--------------------------------|----------------------------|
| <p>PO 3.10 Provision of outdoor eating and drinking facilities associated with cafes and restaurants fronting Victoria, Hindmarsh, Whitmore, Hurtle and Light Squares positively contributes to activity and creates a focus for leisure in the Squares.</p> | <p>DTS/DPF 3.10 None are applicable.</p> | | | | | | | | | | | | |
| <p>PO 3.11 Development along minor streets and laneways is informed by its local context to maintain the prevailing built form pattern and structure, and designed to provide a sense of enclosure, and enable fine-grain uses at street level to create an intimate, active, inclusive and walkable public realm.</p> | <p>DTS/DPF 3.11 None are applicable.</p> | | | | | | | | | | | | |
| <p>PO 3.12 Buildings north of the City Main Street Zone are designed to enable natural sunlight access to the southern footpath of the main street.</p> | <p>DTS/DPF 3.12 Buildings north of the City Main Street Zone that cast a shadow on the southern footpath of the main street incorporate narrow and setback tower elements and provide spaces between buildings.</p> | | | | | | | | | | | | |
| <p>PO 3.13 Buildings are adaptable and flexible to accommodate a range of land uses.</p> | <p>DTS/DPF 3.13 The ground floor of buildings has a minimum floor to ceiling height of 3.5m.</p> | | | | | | | | | | | | |
| <p>Building Height</p> | | | | | | | | | | | | | |
| <p>PO 4.1 Building height is consistent with the form expressed in any relevant <i>Maximum Building Height (Levels) Technical and Numeric Variation</i> and <i>Maximum Building Height (Metres) Technical and Numeric Variation</i> or otherwise positively responds to the local context and achieves the desired outcomes of the Zone.</p> | <p>DTS/DPF 4.1 Development does not exceed the following building heights:</p> <table border="1" data-bbox="802 846 1556 1234"> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> <tr> <td>Maximum building height is 3 levels</td> </tr> <tr> <td>Maximum building height is 4 levels</td> </tr> <tr> <td>Maximum building height is 6 levels</td> </tr> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> <tr> <td>Maximum building height is 22m</td> </tr> <tr> <td>Maximum building height is 28m</td> </tr> <tr> <td>Maximum building height is 29m</td> </tr> <tr> <td>Maximum building height is 36m</td> </tr> <tr> <td>Maximum building height is 43m</td> </tr> <tr> <td>Maximum building height is 53m</td> </tr> <tr> <td>No prescribed height limit</td> </tr> </table> <p>In relation to DTS/DPF 4.1, in instances where:</p> <ul style="list-style-type: none"> (a) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> or <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development (b) only one value is returned (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other (c) no value is returned (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. | Maximum Building Height (Levels) | Maximum building height is 3 levels | Maximum building height is 4 levels | Maximum building height is 6 levels | Maximum Building Height (Metres) | Maximum building height is 22m | Maximum building height is 28m | Maximum building height is 29m | Maximum building height is 36m | Maximum building height is 43m | Maximum building height is 53m | No prescribed height limit |
| Maximum Building Height (Levels) | | | | | | | | | | | | | |
| Maximum building height is 3 levels | | | | | | | | | | | | | |
| Maximum building height is 4 levels | | | | | | | | | | | | | |
| Maximum building height is 6 levels | | | | | | | | | | | | | |
| Maximum Building Height (Metres) | | | | | | | | | | | | | |
| Maximum building height is 22m | | | | | | | | | | | | | |
| Maximum building height is 28m | | | | | | | | | | | | | |
| Maximum building height is 29m | | | | | | | | | | | | | |
| Maximum building height is 36m | | | | | | | | | | | | | |
| Maximum building height is 43m | | | | | | | | | | | | | |
| Maximum building height is 53m | | | | | | | | | | | | | |
| No prescribed height limit | | | | | | | | | | | | | |
| <p>PO 4.2 Development exceeding the building height specified in the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> and the <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> is generally not contemplated unless:</p> <ul style="list-style-type: none"> (a) the development provides for the retention, conservation and reuse of a building that: <ul style="list-style-type: none"> (i) is a State or local heritage place and the heritage values of the place will be maintained (ii) provides a notable positive contribution to the character of the local area or (b) the building incorporates measures that provide for a substantial additional gain in sustainability and it demonstrates at least four of the following are met: <ul style="list-style-type: none"> (i) the development provides an orderly transition up to an existing taller building or prescribed maximum height in an adjacent Zone or building height area on the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> and <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> (ii) incorporates high quality open space that is universally accessible and directly connected to, and well integrated with, public realm areas of the street (iii) Incorporates high quality, safe and secure, universally accessible pedestrian linkages that connect through the development site to the surrounding pedestrian network (iv) provides higher amenity through provision of private open space in excess of minimum requirements by 25 percent for at least 50 percent of dwellings (v) no on site car parking is provided (vi) at least 75% of the ground floor street fronts of the building are active | <p>DTS/DPF 4.2 None are applicable.</p> | | | | | | | | | | | | |

| <p>frontages</p> <p>(vii) the building has frontage to a public road that abuts the Adelaide Park Lands;</p> <p>(viii) where the development includes housing, at least 15% of the dwellings are affordable housing</p> <p>(ix) the impact on adjacent properties is no greater than a building of the maximum height on the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> and <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> in relation to sunlight access and overlooking.</p> | | | |
|--|--|-------------|---|
| <p>PO 4.3</p> <p>Buildings designed to achieve optimal height and floor space yields.</p> | <p>DTS/DPF 4.3</p> <p>New development has a minimum building height of:</p> <p>(a) not less than half of the maximum building height specified in DTS/DPF 4.1, or 8 building levels (with a minimum of 28m) in instances where 'No prescribed height limit' is specified in DTS/DPF 4.1;</p> <p>or</p> <p>(b) within the City Frame Subzone: 3 building levels (with a minimum of 11.5m), or 4 building levels (with a minimum of 15m) on sites fronting South Terrace</p> <p>other than where:</p> <p>(a) a lower building height is necessary to achieve compliance with the Commonwealth Airports (Protection of Airspace) Regulations</p> <p>(b) the site of the development adjoins the City Living Zone and a lesser building height is required to positively manage the interface with low-rise residential development</p> <p>(c) the site of the development adjoins a heritage place, or contains a heritage place or</p> <p>(d) the development includes the construction of a building in the same, or substantially the same, position as a building which was demolished, as a result of significant damage caused by an event within the previous three years where the new building has the same, or substantially the same, layout and external appearance as the previous building.</p> | | |
| Interface | | | |
| <p>PO 5.1</p> <p>Development is designed to manage the interface with residential uses in the City Living Zone:</p> <p>(a) in relation to building proportions, massing, and overshadowing; and</p> <p>(b) by avoiding land uses, or intensity of land uses, that unduly impact residential amenity (including licensed premises).</p> | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> | | |
| <p>PO 5.2</p> <p>Parts of a development exceed the maximum building height specified in DTS/DPF 4.1 and adjoin the City Living Zone boundaries are designed to minimise negative visual and amenity impacts to residential living areas and outdoor open space.</p> | <p>DTS/DPF 5.2</p> <p>Parts of a building above the maximum building height specified in DTS/DPF 4.1 include additional setbacks, avoid tall sheer walls, centrally locate taller elements, and provide variation of light and shadow through articulation.</p> | | |
| Movement | | | |
| <p>PO 6.1</p> <p>Access to, and movement within, the Capital City Zone to be universally accessible, easy, safe, comfortable, convenient and legible for people of all abilities, with priority given to pedestrians and cyclists.</p> | <p>DTS/DPF 6.1</p> <p>None are applicable.</p> | | |
| Access | | | |
| <p>PO 7.1</p> <p>Vehicular access points are associated with multi-level and/or non-ancillary car parks located to minimise disruption to traffic flow.</p> | <p>DTS/DPF 7.1</p> <p>Vehicular access points associated with multi-level and/or non-ancillary car parks are located on a secondary road frontage, or utilise an existing crossover.</p> | | |
| <p>PO 7.2</p> <p>Development designed so that vehicle access points for parking, servicing or deliveries, and pedestrian access to a site, are located to minimise interrupting the operation of and queuing on public roads and pedestrian paths.</p> | <p>DTS/DPF 7.2</p> <p>None are applicable.</p> | | |
| Advertisements | | | |
| <p>PO 8.1</p> <p>Advertisements use simple graphics and are restrained in their size, design and colour, and achieve an overall consistency of design and appearance along individual street frontages.</p> | <p>DTS/DPF 8.1</p> <p>None are applicable.</p> | | |
| <p>PO 8.2</p> <p>Advertisements along Chesser Street, French Street and Coromandel Place are located below verandah level of the ground floor.</p> | <p>DTS/DPF 8.2</p> <p>Along Chesser Street, French Street and Coromandel Place, advertisements are not located more than 3.7m above natural ground level or an abutting footpath or street.</p> | | |
| Concept Plans | | | |
| <p>PO 9.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 9.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" data-bbox="802 2145 1552 2206"> <thead> <tr> <th data-bbox="802 2145 1552 2179">Description</th> </tr> </thead> <tbody> <tr> <td data-bbox="802 2179 1552 2206">Concept Plan 79 - Primary Pedestrian Area</td> </tr> </tbody> </table> | Description | Concept Plan 79 - Primary Pedestrian Area |
| Description | | | |
| Concept Plan 79 - Primary Pedestrian Area | | | |

| | |
|--|---|
| | <p>In relation to DTS/DPF 9.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 9.1 is met. |
| Public Realm | |
| <p>PO 10.1</p> <p>Development in the public realm where it:</p> <ul style="list-style-type: none"> (a) does not present a safety risk to pedestrians or other users of the public road (b) does not interrupt pedestrian movement (c) does not interfere with existing infrastructure or services on the street (d) positively contributes to the vibrancy of the area (e) is consistent with the outcomes of the zone. | <p>DTS/DPF 10.1</p> <p>None are applicable.</p> |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) consulting room (d) dwelling (e) fence (f) office (g) pre-school (h) residential flat building (i) retaining wall (j) shade sail (k) shop (l) solar photovoltaic panels (roof mounted) (m) student accommodation (n) temporary public service depot (o) water tank. | <p>Except development that exceeds the maximum building height specified in Capital City Zone DTS/DPF 4.1.</p> |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) tree damaging activity. | None specified. |
| 5. Demolition. | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--------------------------|
| Placement of Notices - Exemptions for Restricted Development | |
| None specified. | |

City Frame Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|------------------------|--|
| DO 1 | Primarily medium to high rise residential development supported by a mix of ground level shops, personal services, restaurants and community and hospitality uses, to create an active and visually continuous edge to the Adelaide Park Lands Zone. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use | |
| <p>PO 1.1</p> <p>Medium to high rise residential development and other forms of accommodation supported by a mix of shops, personal services, restaurants and community and hospitality uses.</p> | <p>DTS/DPF 1.1</p> <p>Development in medium-rise or high-rise buildings comprising one or more of the following:</p> <ul style="list-style-type: none"> (a) Dwelling (b) Non-residential land uses at ground level, including: <ul style="list-style-type: none"> (i) Consulting room (ii) Hotel (iii) Indoor recreation facility (iv) Licensed premises (v) Office (vi) Pre-school (vii) Shop (c) Residential flat building (d) Retirement facility (e) Supported accommodation (f) Tourist accommodation. |
| <p>PO 1.2</p> <p>Additions to existing wholly non-residential development may occur where it is located and/or designed in a manner that does not unreasonably impact negatively upon adjacent residential land uses.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Small scale licensed premises, nightclubs or bars are designed and sited to maintain day and evening activation at street level where they do not unreasonably negatively impact dwellings contained within the same building or adjacent residential development.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| Design and Appearance | |
| <p>PO 2.1</p> <p>Development encourages a uniform streetscape established through a largely consistent front setback. Landscaping and small variations in front setback may occur where they will assist in softening the continuous edge of new built form, reinforce the sense of address and provide a higher amenity streetscape and pedestrian environment which is shaded by street trees and other mature vegetation.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Buildings create visual interest and active street frontages to maximise passive surveillance of the street and Adelaide Park Lands Zone.</p> | <p>DTS/DPF 2.2</p> <p>The ground floor primary frontage of buildings provides at least 70% of the street frontage as visually permeable, transparent or clear glazed.</p> |

Caravan and Tourist Park Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Tourist accommodation and associated services and facilities enhance visitor experiences and enjoyment. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>The provision of tourist accommodation in non-permanent structures largely in the form of caravan and tent sites, cabins and transportable dwellings, are complemented by permanent buildings for tourist accommodation in appropriate locations and a range of associated facilities to enhance experiences for travellers.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Amenity block, including shower, toilet and laundry facilities (c) Dwelling in the form of a manager's residence ancillary to tourist accommodation (d) Office ancillary to tourist accommodation (e) Recreation area including tennis court, basketball court, playground (f) Shop ancillary to tourist accommodation (g) Swimming pool/spa pool (h) Tourist accommodation comprising cabins, caravans, tent sites. |
| <p>PO 1.2</p> <p>Tourist accommodation and associated facilities are located within an open landscaped setting for the amenity of travellers.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>On-site amenities including shower, toilet and laundry facilities, recreation areas, swimming pool/spa and similar activities are provided in association with tourist accommodation at a scale commensurate with the number of travellers and residents able to be accommodated within the park for their convenience and enjoyment.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Dwelling in the form of a manager or caretaker residence associated with and ancillary to tourist accommodation for the efficient management, maintenance and support of tourist activities.</p> | <p>DTS/DPF 1.4</p> <p>Dwelling:</p> <ul style="list-style-type: none"> (a) is ancillary to and located on the same allotment as the tourist accommodation (b) has a demonstrated connection with tourist accommodation (c) will not result in more than one worker's dwelling on an allotment. |
| <p>PO 1.5</p> <p>Caravans, cabins and other forms of accommodation used for non-traveller residential purposes do not unduly compromise the provision and availability of tourist accommodation for the benefit and convenience of travellers.</p> | <p>DTS/DPF 1.5</p> <p>Residential accommodation comprises no more than 40% of the total number of residences (cabins, caravan and tent sites and other accommodation) on each allotment.</p> |
| <p>PO 1.6</p> <p>Shop associated with and ancillary to tourist accommodation as a convenient service to travellers accommodated within the zone.</p> | <p>DTS/DPF 1.6</p> <p>Shop:</p> <ul style="list-style-type: none"> (a) is ancillary to and located on the same allotment as tourist accommodation (b) has a gross leasable floor area up to 150m². |
| <p>PO 1.7</p> <p>Office associated with and ancillary to tourist accommodation to support the management and operational aspects of tourist development.</p> | <p>DTS/DPF 1.7</p> <p>Office:</p> <ul style="list-style-type: none"> (a) is ancillary to and located on the same allotment as tourist accommodation (b) has a gross leasable floor area up to 50m². |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings positively contribute to the character of the locality and complement the height of nearby buildings.</p> | <p>DTS/DPF 2.1</p> <p>Building height does not exceed 1 building level and 6m.</p> |
| <p>PO 2.2</p> <p>Landscaping is used to define spaces, reinforce internal networks and screen utility areas from surrounding uses to enhance visual amenity within and around the perimeter of the zone.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |

| PO 2.3 Buildings and fixtures attached to the land and recreational facilities are set back from internal roads to accommodate vehicular movements and contribute to the safety of residents and travellers. | DTS/DPF 2.3 Buildings and fixtures attached to the land and recreational facilities are set back at least 1 metre from an internal road. | | | |
|---|--|-------------|--|---|
| PO 2.4 Buildings are set back from public roads to mitigate impacts on the streetscape. | DTS/DPF 2.4 Buildings are set back at least 6m from a public road. | | | |
| PO 2.5 Buildings, caravan and tent sites and recreational areas set back from the boundary of the zone to minimise impacts on neighbouring properties. | DTS/DPF 2.5 Buildings, caravan and tent sites and recreational areas are set back at least 2m from the zone boundary and an adjoining site in other ownership used for residential purposes. | | | |
| Land Division | | | | |
| PO 3.1 No additional allotment(s) are created except where a lease or licence agreement is made, granted or accepted under the <i>Residential Parks Act 2007</i> to provide for the secure accommodation of longer-term residents. | DTS/DPF 3.1 Land division for a lease or licence under the <i>Residential Parks Act 2007</i> where an agreement is made, granted or accepted under that Act. | | | |
| PO 3.2 Each caravan, cabin and dwelling is provided with adequate space for the occupant's exclusive use to enhance the amenity for travellers. | DTS/DPF 3.2 Caravan, cabin and dwelling sites are not less than 100m ² in area. | | | |
| Internal Roads | | | | |
| PO 4.1 Internal road surfaces are treated to prevent the generation of dust to contribute to the amenity of residents and travellers. | DTS/DPF 4.1 None are applicable. | | | |
| Advertisements | | | | |
| PO 5.1 Freestanding advertisements do not create a visually dominant element within the locality, particularly when facing a residential area. | DTS/DPF 5.1 Freestanding advertisements are: (a) up to 2m in height above natural ground level and up to 2m ² per sign face when located adjacent to a zone primarily for residential development (b) up to 4m in height above natural ground level and up to 4m ² per sign face in any other case. | | | |
| Concept Plans | | | | |
| PO 6.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 6.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: <table border="1" style="width: 100%;"><thead><tr><th>Description</th></tr></thead><tbody><tr><td>Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie</td></tr><tr><td>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints</td></tr></tbody></table> In relation to DTS/DPF 6.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met. | Description | Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie | Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Description | | | | |
| Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie | | | | |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--------------------------|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): | Except development that: |

| | |
|--|--|
| <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) amenity block, shower, toilet and laundry facilities (or any combination thereof) (d) building work on railway land (e) carport (f) fence (g) outbuilding (h) private bushfire shelter (i) retaining wall (j) shade sail (k) solar photovoltaic panels (roof mounted) (l) swimming pool or spa pool (m) tourist accommodation (n) verandah (o) water tank. | <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Caravan and Tourist Park Zone DTS/DPF 2.1 or 2. development that does not satisfy Caravan and Tourist Park Zone DTS/DPF 2.5. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building work (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | <p>None specified.</p> |
| <p>4. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>5. Office.</p> | <p>Except office that does not satisfy Caravan and Tourist Park Zone DTS/DPF 1.7.</p> |
| <p>6. Shop.</p> | <p>Except shop that does not satisfy Caravan and Tourist Park Zone DTS/DPF 1.6 or where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p> |
| <p>7. Telecommunications facility.</p> | <p>Except telecommunications facility exceeding 30m in height or where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p> |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

City Living Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Predominantly low-rise, low to medium-density housing, with medium rise in identified areas, that supports a range of needs and lifestyles located within easy reach of a diversity of services and facilities that support city living. Small scale employment and community service uses contribute to making the neighbourhood a convenient place to live without compromising residential amenity. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|------------------------|---|
| Land Use and Intensity | |
| PO 1.1 | DTS/DPF 1.1 |

| | |
|---|---|
| <p>Diverse housing and accommodation complemented by a range of compatible non-residential uses supporting an active and convenient neighbourhood.</p> | <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Community facility (b) Consulting room (c) Dwelling (d) Educational establishment (e) Office (f) Personal or domestic services establishment (g) Place of worship (h) Pre-school (i) Recreation area (j) Residential flat building (k) Retirement facility (l) Supported accommodation. |
| <p>PO 1.2</p> <p>Non-residential development located and designed to improve community accessibility to services primarily in the form of:</p> <ul style="list-style-type: none"> (a) small-scale commercial uses such as offices, consulting rooms and personal or domestic services establishments (b) community services such as educational establishments, community centres, places of worship, pre-schools, childcare and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement housing (d) open space and recreation facilities (e) expansion of existing hospital and associated facilities. | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity, and primarily comprise:</p> <ul style="list-style-type: none"> (a) home-based business activities (b) the reuse and adaption of existing commercial premises (c) new businesses along street frontages with an established mixed use character, particularly the following: <ul style="list-style-type: none"> (i) within the Medium-High Intensity Subzone and fronting: <ul style="list-style-type: none"> A. Gilles Street / Gilbert Street B. Sturt Street C. Carrington Street (west of Hurtle Square) D. Archer Street E. Ward Street (ii) Tynte Street (west of Bevis Street) | <p>DTS/DPF 1.4</p> <p>A consulting room, office or personal or domestic services establishment (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) comprises a change in the use of an existing building that is lawfully used as a consulting room, office or personal or domestic services establishment (or any combination thereof) (b) is located on the ground floor and associated with a dwelling where at least 50% of the total floor area of the ground floor is used for residential purposes (excluding any garage or carport associated with residential development) (c) it is wholly located on the ground floor of a building and satisfies one of the following: <ul style="list-style-type: none"> (i) the building is in the Medium-High Intensity Subzone and has a primary street frontage to any of the following: <ul style="list-style-type: none"> A. Gilles Street / Gilbert Street B. Sturt Street C. Carrington Street (west of Hurtle Square) D. Archer Street E. Ward Street (ii) the building has a primary street frontage to Tynte Street (west of Bevis Street). |
| <p>PO 1.5</p> <p>Development associated with or ancillary to an existing non-residential or institutional activity identified on any relevant Concept Plan contained within Part 12 – Concept Plans of the Planning and Design Code is contained on a site within a Concept Plan boundary, or any directly adjoining site, to avoid detrimental impact on adjacent residential amenity.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| <p>PO 1.6</p> <p>Expansion of existing community services such as educational establishments, community facilities and pre-schools in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood.</p> | <p>DTS/DPF 1.6</p> <p>Alteration of or addition to existing educational establishments, community facilities or pre-schools where all the following are satisfied:</p> <ul style="list-style-type: none"> (a) where the alterations or additions relate to a facility located within any relevant Concept Plan boundary as contained in Part 12 – Concept Plans of the Planning and Design Code, the alterations or additions are located wholly within the Concept Plan boundary (b) set back at least 3m from any boundary shared with a residential land use (c) building height not exceeding 1 building level (d) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration (e) off-street vehicular parking exists or will be provided in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |

| <p>P0 2.1</p> <p>The number of dwellings is increased in the zone while maintaining residential amenity.</p> | <p>DTS/DPF 2.1</p> <p>The number of dwellings in the zone is increased in accordance with one of the following:</p> <ul style="list-style-type: none"> (a) redevelopment of poor quality and underutilised buildings or sites that are in discord with the desired outcomes of the zone and relevant subzone (b) adaptation and conversion of non-residential buildings to residential uses (c) development in upper levels of existing buildings, or by increasing the height of buildings or roof volumes, or on sites behind existing buildings. | | | | | | | | | | | | | | | | |
|--|--|----------------------------------|------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|----------------------------------|-------------------------------|-------------------------------|---------------------------------|--------------------------------|--------------------------------|--------------------------------|----------------------------------|-------------------------------------|-------------------------------------|
| <p>P0 2.2</p> <p>Development contributes to a predominantly low-rise residential character, except when located in the Medium - High Intensity Subzone or East Terrace Subzone where it contributes to a predominantly medium rise residential character, consistent with the form expressed in the <i>Maximum Building Height (Levels) Technical and Numeric Variation</i> layer and the <i>Maximum Building Height (Metres) Technical and Numeric Variation</i> layer in the SA planning database or any relevant Concept Plan and positively responds to the local context.</p> | <p>DTS/DPF 2.2</p> <p>Except where a Concept Plan specifies otherwise or on a Catalyst Site in the East Terrace Subzone, development (excluding garages, carports and outbuildings):</p> <ul style="list-style-type: none"> (a) does not exceed the following building height(s): <table border="1" data-bbox="802 477 1552 898"> <thead> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> </thead> <tbody> <tr><td>Maximum building height is 1 level</td></tr> <tr><td>Maximum building height is 2 levels</td></tr> <tr><td>Maximum building height is 3 levels</td></tr> <tr><td>Maximum building height is 4 levels</td></tr> <tr><td>Maximum building height is 6 levels</td></tr> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> <tr><td>Maximum building height is 3m</td></tr> <tr><td>Maximum building height is 6m</td></tr> <tr><td>Maximum building height is 8.5m</td></tr> <tr><td>Maximum building height is 14m</td></tr> <tr><td>Maximum building height is 18m</td></tr> <tr><td>Maximum building height is 11m</td></tr> </tbody> </table> <ul style="list-style-type: none"> (b) is not less than the following building height: <table border="1" data-bbox="802 969 1552 1061"> <thead> <tr> <th style="text-align: center;">Minimum Building Height (Levels)</th> </tr> </thead> <tbody> <tr><td>Minimum building height is 2 levels</td></tr> <tr><td>Minimum building height is 3 levels</td></tr> </tbody> </table> <p>In relation to DTS/DPF 2.2, in instances where:</p> <ul style="list-style-type: none"> (c) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation</i> layer, <i>Maximum Building Height (Metres) Technical and Numeric Variation</i> layer, or <i>Minimum Building Height (Levels) Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) only one value is returned for DTS/DPF 2.2(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other (e) no value is returned for DTS/DPF 2.2(a) (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. (f) no value is returned for DTS/DPF 2.2(b) (i.e. there is a blank field), then there is no minimum building height and DTS/DPF 2.2(b) is met. | Maximum Building Height (Levels) | Maximum building height is 1 level | Maximum building height is 2 levels | Maximum building height is 3 levels | Maximum building height is 4 levels | Maximum building height is 6 levels | Maximum Building Height (Metres) | Maximum building height is 3m | Maximum building height is 6m | Maximum building height is 8.5m | Maximum building height is 14m | Maximum building height is 18m | Maximum building height is 11m | Minimum Building Height (Levels) | Minimum building height is 2 levels | Minimum building height is 3 levels |
| Maximum Building Height (Levels) | | | | | | | | | | | | | | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| <p>Class of Development (Column A)</p> | <p>Exceptions (Column B)</p> |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) ancillary accommodation (b) carport (c) community centre (d) dwelling (e) dwelling addition (f) fence (g) outbuilding (h) pre-school (i) recreation area (j) residential flat building (k) retaining wall (l) retirement facility (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) swimming pool or spa pool (p) supported accommodation (q) temporary public service depot (r) verandah (s) water tank. | <p>Except development involving any of the following:</p> <ul style="list-style-type: none"> (a) development that exceeds the maximum building height specified in City Living DTS/DPF 2.2 (b) development on a Catalyst Site that exceeds the maximum building height in City Living DTS/DPF 2.2 that applies to development not on a Catalyst Site. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) personal or domestic services establishment. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. does not satisfy City Living Zone DTS/DPF 1.4 or 2. exceeds the maximum building height specified in City Living Zone DTS/DPF 2.2. |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> | <p>None specified.</p> |

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| (a) internal building works (b) land division (c) tree damaging activity. | |
| 5. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Medium-High Intensity Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO1 | Medium rise, medium density housing in a variety of forms with an eclectic mix of supporting non-residential land uses interspersed (including as mixed use development) that complement the area's urban residential amenity. |
| DO2 | Redevelopment of existing non-residential sites into integrated mixed use developments to increase the residential population and vibrancy of the area. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Development of medium density accommodation types for living, including dwellings and supported accommodation. | DTS/DPF 1.1 None are applicable. |
| Interface Height | |
| PO 2.1 Development in the Medium-High Intensity Subzone that abuts the subzone boundary is designed to manage the interface with areas of the City Living Zone outside the subzone to minimise impacts with regard to building massing, proportions and overshadowing on residential development. | DTS/DPF 2.1 None are applicable. |

North Adelaide Low Intensity Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO1 | Predominantly low rise low density housing on large allotments in an open landscaped setting. |
| DO2 | An important part of the town plan of Adelaide and the city grid layout, containing large grand dwellings on landscaped grounds. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Built Form and Character | |
| PO 1.1 Buildings sited and designed to complement the low-density or very-low density character of the neighbourhood, in locations where an open landscape setting is the prevailing character. | DTS/DPF 1.1 None are applicable. |
| Site Coverage | |
| PO 2.1 Building footprints consistent with the character and pattern of the prevailing open landscaped character of the neighbourhood, in locations where an open landscaped setting is the prevailing character. | DTS/DPF 2.1 The development does not result in site coverage exceeding 50%. |

East Terrace Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO1 | Predominately medium rise housing on large allotments in an open landscaped setting. |
| DO2 | Integrated developments on catalyst sites to assist in the transformation of a locality and facilitate an increase in the residential population of the City, while also creating a greater level of activity fronting the Park Lands. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Site Coverage | |
| PO 1.1 Building footprints consistent with the character and pattern of the prevailing open landscaped character of the neighbourhood. | DTS/DPF 1.1 Except on catalyst sites, the development does not result in site coverage exceeding 50%. |
| Catalyst Sites | |
| PO 2.1 Development on catalyst sites (sites greater than 1500m2 including one or more allotments) includes medium to high scale residential uses. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Small scale shops, cafes and restaurants generally integrated with residential development and located on ground or first floor levels to increase street level activity facing the Park Lands. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Development designed to respond to its context and manage impacts in relation to building height, building proportions and traffic impacts, and avoid land uses, or intensity of land uses, that adversely affect residential amenity. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 Parts of a development on a catalyst site that exceed the maximum building height specified in the <i>Building Height (Maximum Levels) Technical and Numeric Variation</i> layer designed to minimise visual impacts on adjacent sensitive uses. | DTS/DPF 2.4 None are applicable. |

City Main Street Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | A mixed use zone providing important shopping, hospitality, commercial, community, cultural and entertainment facilities for the city supported by medium to high-density residential development. Non-residential activities including shops, restaurants and licensed premises positively contribute to the day and evening economies, public safety, walkability and city vibrancy. |
| DO 2 | The built form positively contributes to: <ul style="list-style-type: none"> (a) a streetscape that is visually interesting at human-scale, comprising articulated buildings with a high level of fenestration and balconies oriented towards the street (b) a fine-grain public realm comprising buildings with active frontages that are designed to reinforce the street rhythm and intimate character, that consider the facades, articulation and massing of existing buildings and any spaces between them, and provide narrow tenancy footprints at ground level. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A vibrant mix of land uses adding to the vitality of the area and extend activities outside shop hours, including restaurants, educational, community and cultural facilities and visitor and residential accommodation.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Consulting Room (b) Dwelling (c) Educational Establishment (d) Hotel (e) Licensed Premises (f) Office (g) Pre-School (h) Residential Flat Building (i) Retirement Facility (j) Student Accommodation (k) Supported Accommodation (l) Shop (m) Tourist Accommodation |
| <p>PO 1.2</p> <p>Retail, office, entertainment and recreation related uses, supplemented by other businesses that provide a range of goods and services to the city and the surrounding district.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Land uses typically open during night time hours incorporate activities along street frontages at ground level that encourage day time activation compatible with surrounding land uses.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Dwellings developed in conjunction with non-residential uses to support business, entertainment and recreational activities that contribute to making the main street locality and pedestrian thoroughfares safe, walkable, comfortable, pleasant and vibrant places.</p> | <p>DTS/DPF 1.4</p> <p>Dwellings developed in conjunction with non-residential uses sited:</p> <ul style="list-style-type: none"> (a) at upper levels of buildings with non-residential uses located at ground level <p style="text-align: center;">or</p> <ul style="list-style-type: none"> (b) behind non-residential uses on the same allotment. |
| <p>PO 1.5</p> <p>Development of well-designed and diverse medium to high density accommodation options, including dwellings, supported accommodation, student accommodation, short term accommodation, either as part of a mixed use development or wholly residential development.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| <p>PO 1.6</p> <p>Ground floor level uses generate high levels of pedestrian activity and contribute to an active and vibrant main street.</p> | <p>DTS/DPF 1.6</p> <p>Shop, office, or consulting room uses located on the ground floor level of buildings.</p> |
| <p>PO 1.7</p> <p>Changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within activity centres.</p> | <p>DTS/DPF 1.7</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> (a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses; (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves either (i) or (ii): <ul style="list-style-type: none"> (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared |
| Built Form and Character | |
| <p>PO 2.1</p> | <p>DTS/DPF 2.1</p> |

| | | | | | | | | | | |
|---|--|---|-------------------------------------|-------------------------------------|---|--------------------------------|--------------------------------|--------------------------------|--------------------------------|--------------------------------|
| <p>Buildings are:</p> <ul style="list-style-type: none"> (a) designed to reinforce the street edge and grid pattern of the city streets (b) designed to include a podium/street wall and upper level setback that responds to local context, including the scale and context of adjacent built form, to ensure a cohesive and consistent streetscape and positively contribute to a sense of enclosure (c) of a rich visual design that has regard to above street level fenestration, balconies, parapets, architectural detailing and ornamentation. | <p>None are applicable.</p> | | | | | | | | | |
| <p>PO 2.2</p> <p>Buildings and structures are designed to complement and respond to the established fine grained main street character by:</p> <ul style="list-style-type: none"> (a) ensuring the verandah profile, and materials of construction are consistent with and positively respond to adjacent traditional main street buildings (b) complementing the traditional shop-front elements, such as narrow buildings and tenancy footprints, with frequently repeated frontages, and clear-glazed narrow shop front displays above raised display levels [base stall boards] and recessed entries. | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> | | | | | | | | | |
| <p>PO 2.3</p> <p>Buildings are designed to create visual connection between the public realm and ground level interior to ensure an active interface with the main street and maximise passive surveillance.</p> | <p>DTS/DPF 2.3</p> <p>The ground floor primary frontage of buildings provide at least 60% of the street frontage as an entry / foyer or display window to a shop or other community or commercial use that provides pedestrian interest and activation.</p> | | | | | | | | | |
| <p>PO 2.4</p> <p>Buildings provide a high amenity pedestrian environment by providing shelter and shade over footpaths.</p> | <p>DTS/DPF 2.4</p> <p>Buildings that provide a continuity of verandahs, canopies, awnings or other pedestrian shelters.</p> | | | | | | | | | |
| <p>PO 2.5</p> <p>Buildings are adaptable and flexible to accommodate a range of land uses.</p> | <p>DTS/DPF 2.5</p> <p>The ground floor of buildings has a minimum floor to ceiling height of 3.5m.</p> | | | | | | | | | |
| <p>PO 2.6</p> <p>Development that reinforces the main street as important pedestrian promenades and vibrant places.</p> | <p>DTS/DPF 2.6</p> <p>None are applicable</p> | | | | | | | | | |
| <p>PO 2.7</p> <p>Shopfront security features are designed to allow visual permeability into the shop, allow for the spill of light from the shopfront onto the street, and complement the appearance of the frontage.</p> | <p>DTS/DPF 2.7</p> <p>Security grilles incorporating solid shutters with at least 75% permeability.</p> | | | | | | | | | |
| <p>PO 2.8</p> <p>Buildings sited on the primary street boundary to achieve a continuity of built form frontage to the main street.</p> | <p>DTS/DPF 2.8</p> <p>Buildings with a 0m setback from the primary street boundary.</p> | | | | | | | | | |
| <p>PO 2.9</p> <p>In secondary streets and laneways (off the main street) building setbacks above the street wall may be relatively shallow or non-existent to create intimate spaces through a greater sense of enclosure.</p> | <p>DTS/DPF 2.9</p> <p>Buildings with a 0m setback from the secondary street boundary.</p> | | | | | | | | | |
| <p>PO 2.10</p> <p>High rise built form on the northern side of Rundle Mall, Rundle Street, Hindley Street and Gouger Street incorporating slender tower elements, spaces between buildings or other design techniques that enable natural sunlight access to the southern footpath.</p> | <p>DTS/DPF 2.10</p> <p>None are applicable.</p> | | | | | | | | | |
| <p>PO 2.11</p> <p>Development avoids activities that result in a gap in the built form along a public road or thoroughfare (such as an open lot car park) for an extended period of time to minimise negative impacts on streetscape continuity.</p> | <p>DTS/DPF 2.11</p> <p>None are applicable.</p> | | | | | | | | | |
| <p>Building Height</p> | | | | | | | | | | |
| <p>PO 3.1</p> <p>Building height is consistent with the maximum height expressed in any relevant <i>Maximum Building Height Technical and Numeric Variation</i> layer or otherwise positively responds to the local context and achieves the desired outcomes of the Zone, except a catalyst site in the City High Street Subzone.</p> | <p>DTS/DPF 3.1</p> <p>Except where a Concept Plan specifies otherwise or the development is located on a catalyst site in the City High Street Subzone, development does not exceed the following building height(s):</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <tr> <td style="text-align: center;">Maximum Building Height (Levels)</td> </tr> <tr> <td>Maximum building height is 4 levels</td> </tr> <tr> <td>Maximum building height is 6 levels</td> </tr> <tr> <td style="text-align: center;">Maximum Building Height (Metres)</td> </tr> <tr> <td>Maximum building height is 14m</td> </tr> <tr> <td>Maximum building height is 22m</td> </tr> <tr> <td>Maximum building height is 34m</td> </tr> <tr> <td>Maximum building height is 43m</td> </tr> <tr> <td>Maximum building height is 53m</td> </tr> </table> | Maximum Building Height (Levels) | Maximum building height is 4 levels | Maximum building height is 6 levels | Maximum Building Height (Metres) | Maximum building height is 14m | Maximum building height is 22m | Maximum building height is 34m | Maximum building height is 43m | Maximum building height is 53m |
| Maximum Building Height (Levels) | | | | | | | | | | |
| Maximum building height is 4 levels | | | | | | | | | | |
| Maximum building height is 6 levels | | | | | | | | | | |

| <p>Public Realm</p> | | | |
| <p>PO 7.1</p> <p>Development in the public realm where it:</p> <ul style="list-style-type: none"> (a) does not present a safety risk to pedestrians or other users of the public road (b) does not interrupt pedestrian movement (c) does not interfere with existing infrastructure or services on the street (d) positively contributes to the vibrancy of the area (e) is consistent with the outcomes of the zone. | <p>DTS/DPF 7.1</p> <p>None are applicable.</p> | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) air handling unit, air conditioning system or exhaust fan (b) advertisement (c) consulting room (d) demolition (e) dwelling (f) office (g) pre-school (h) residential flat building (i) shade sail (j) shop (k) solar photovoltaic panels (roof mounted) (l) student accommodation (m) supported accommodation (n) temporary public service depot | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in City Main Street Zone DTS/DPF 3.1 or 2. is on a Catalyst Site and exceeds the maximum building height in City Main Street Zone DTS/DPF 3.1 that applies to development not on a Catalyst Site or 3. development that does not satisfy City High Street Subzone DTS/DPF 3.1 or 3.2 in areas where the Subzone applies. |

| | |
|--|--|
| (o) water tank. | |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) tree damaging activity. | None specified. |
| 5. Demolition | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Gouger and Grote Street Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| D01 | Development of: (a) Gouger Street as a mix of retail, restaurant, commercial and mixed business uses, including professional services, wholesaling and culturally diverse community activities that contribute to the unique character and vibrancy of the street during the day and evening and (b) Grote Street as an active restaurant and shopping street that complements the main entrance and vibrancy of the Adelaide Central Market and supports the retail, community and diverse cultural functions of the area. |
| D02 | Development of Gouger Street respects a cohesive streetscape derived from the predominant 2 to 3 storey high buildings along the street edge. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Gouger and Grote streets continue to develop as an active restaurant and shopping precinct complementing the main entry points and activity of the adjacent Adelaide Central Market, while also supporting the retail, community and diverse cultural function of the wider precinct. | DTS/DPF 1.1 None are applicable. |
| PO 1.2 Licensed premises, nightclubs or bars that: (a) are small in scale (b) secondary to the primary land uses mix of the street (c) are located above or below ground level (d) limited in number (e) do not detract from the streets daytime activation (f) minimise negative impacts on nearby residential development. and (g) are avoided at the interface with the City Living Zone. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 Mix of land uses within 'Chinatown' around Moonta Street is reinforced and opportunities for new precincts, such as in minor streets and lanes, established. | DTS/DPF 1.3 None are applicable. |
| Built Form and Character | |

| | |
|--|--|
| <p>PO 2.1</p> <p>Buildings are informed by local context frame Gouger Street and nearby public realm, and provide overall visual relief from building mass at ground level.</p> | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> (a) include a clearly defined podium or street wall with a maximum building height of 6 building levels and (b) have levels above the defined podium or street wall setback of 3m or more from that wall. |
| <p>PO 2.2</p> <p>Buildings fronting Gouger Street are designed to reinforce the prevailing datum heights and parapet levels of the street through articulated facades that provide a clear distinction between levels above and below the prevailing datum line.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |

Hindley Street Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| <p>DO1</p> | <p>Development of:</p> <ul style="list-style-type: none"> (a) Hindley Street (east of Morphett Street) as the pre-eminent evening and late night entertainment hub for metropolitan Adelaide with complementary shopping, hospitality, mixed business and high-density living and (b) Hindley Street (west of Morphett Street) as a main street with a range of retail, educational, mixed business, cultural, short-stay accommodation, hospitality uses and high-density living. |
| <p>DO2</p> | <p>Development along Hindley Street is cognisant of a streetscape characterised by nineteenth century buildings that are predominantly 2 and 3 storeys with buildings forming a continuous built form edge along the street frontage.</p> |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Hindley Street (east of Morphett Street) comprises a mix of land uses making the area the City's primary focus for late night hospitality and entertainment.</p> | <p>DTS/DPF 1.1</p> <p>None are applicable.</p> |
| <p>PO 1.2</p> <p>Late night entertainment on Hindley Street (east of Morphett Street) is designed and managed to integrate effectively with day time and evening land use activities.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Hindley Street (west of Morphett Street) comprises a mix of business, educational, cultural, short-stay accommodation, hospitality and retail activities with licensed premises integrating effectively with day time and evening land use activities.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings informed by local context that frame Hindley Street and nearby public realm, and provide overall visual relief from building mass at ground level.</p> | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> (a) include a clearly defined podium or street wall with a maximum building height of 6 building levels in height and (b) have levels above the defined podium or street wall setback of 3m or more from that wall. |
| <p>PO 2.2</p> <p>Buildings fronting Hindley Street are designed to reinforce the prevailing datum heights and parapet levels of the street through articulated facades that provide a clear distinction between levels above and below the prevailing datum line.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |

| | |
|---|--|
| <p>PO 2.3</p> <p>Buildings fronting Hindley Street are:</p> <ul style="list-style-type: none"> (a) enhanced by the refurbishment of nineteenth century buildings (b) complemented by contextual new development that provides a visually interesting built form, positively contributes to the existing and desired character and provides a safe, active and intimate human scale <p style="text-align: center;">and</p> <ul style="list-style-type: none"> (c) maintain the rhythm and visually continuity of verandahs, awnings, parapets and facade lines and other architectural details at podium level. | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
|---|--|

Rundle Mall Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO1 | Rundle Mall is developed as the state’s premier shopping destination. |
| DO2 | Development is informed by Rundle Mall’s strong and unique character, vibrancy and sense of place, established by a pedestrian space framed by continuous built form made-up of active frontages that are fine-grained and visually interesting from the public realm, and framed with a strong sense of arrival from King William Street and Pultney Street and the adjoining minor streets, arcades and laneways. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A premier retail area consisting of a mix of complementary land uses that include a wide range of specialty and larger scale shops and mixed business and land uses, including residential and office on upper levels, that extend activity into the evening to enhance public safety and the vibrancy of the area.</p> | <p>DTS/DPF 1.1</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings positively contribute to the built form framing Rundle Mall’s public realm by responding the local context and provide visual relief at ground level from building height and massing.</p> | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> (a) include a clearly defined podium or street wall with a maximum building height of 6 building levels and <li style="text-align: center;">and (b) have levels above the defined podium or street wall setback of 3m or more from that wall. |
| Movement and Access | |
| <p>PO 3.1</p> <p>Pedestrian movement network is made up of pedestrian malls, arcades and lanes that are safe, legible, comfortable and universally designed, and link the surrounding areas to provide a variety of north-south routes to Rundle Mall and east-west links for people moving between buildings.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>PO 3.2</p> <p>Access for on-site servicing and deliveries from minor streets and private lanes is provided wherever possible, rather than from Rundle Mall.</p> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |

Rundle Street Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO1 | Rundle Street is developed as an important shopping, leisure, dining and gathering place, complemented by compatible residential accommodation in upper levels. |

| | |
|-----|---|
| DO2 | Development along Rundle Street is informed by the local context, including the existing built form and heritage buildings of relatively consistent scale and massing that were built in the nineteenth and early twentieth century with façades that typically provide a high proportion of solid-to-void, a high level of articulation (including ornamentation and fenestration) and a combination of high-quality materials). |
|-----|---|

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A premium retail and leisure area comprising an active restaurant and shopping precinct and a mix of land uses, including residential on upper levels, that extend activity into the evening to enhance the vibrancy of the area.</p> | <p>DTS/DPF 1.1</p> <p>None are applicable.</p> |
| <p>PO 1.2</p> <p>Licensed premises, nightclubs or bars:</p> <ul style="list-style-type: none"> (a) small in scale (b) secondary to the primary land uses mix of the street (c) located above or below ground level (d) limited in numbers (e) do not detract from the streets daytime activation (f) minimise negative impacts on nearby residential development. | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings with frontage to Rundle Street (west of Frome Street) are informed by the local context when transitioning from podium element within the streetscape to taller set-back elements to protect the human scale of the main street.</p> | <p>DTS/DPF 2.1</p> <p>Buildings with frontage to Rundle Street (west of Frome Street):</p> <ul style="list-style-type: none"> (a) include a clearly defined podium or street wall with a maximum building height of 6 building levels in height (b) have levels above the defined podium or street wall setback a minimum of 3m from that wall. |
| <p>PO 2.2</p> <p>Buildings with frontage to Rundle Street (west of Frome Street) are designed to reinforce the prevailing datum heights and parapet levels of the street by design elements that provide a clear distinction between levels above and below the prevailing datum line.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Buildings with frontage to Rundle Street (east of Frome Street):</p> <ul style="list-style-type: none"> (a) incorporate podium elements to reconcile the scale relationship between the taller elements and the existing streetscape and (b) are designed to reinforce the prevailing datum heights and parapet levels of the street. | <p>DTS/DPF 2.3</p> <p>Buildings fronting Rundle Street (east of Frome Street) include:</p> <ul style="list-style-type: none"> (a) a maximum podium/street wall height that is consistent with one of the adjacent buildings facing the street and does not exceed 13m (b) an upper level setback, measured from the street wall, of not less than 3m stepping up to a height of 6 storeys, then a further setback of not less than 3m stepping up to the maximum overall height and (c) design elements that create a clear distinction between the 13m and 22m datum lines. |
| <p>PO 2.4</p> <p>Buildings with frontage to Rundle Street:</p> <ul style="list-style-type: none"> (a) are carefully designed so that the historic main street character is retained and enhanced (b) are consistent with the intimate scale and intricate and diverse architectural features of Rundle Street (c) maintain the continuity of building facades retaining the subtle diversity and variety of roof and parapet lines and the horizontal massing of the townscape (d) incorporate a vertical emphasis in the composition of their street facades and the disposition and proportioning of openings and (e) ensure upper levels of buildings are designed to reduce visual mass from the human scale of the main street. | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| Movement and Access | |
| <p>PO 3.1</p> <p>Pedestrian movement network is made up of pedestrian malls, arcades and lanes that are safe, legible, comfortable and universally designed, and link the surrounding areas to provide a variety of north-south routes to Rundle Mall and east-west links for people moving between buildings.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |

| | |
|--|--|
| <p>PO 3.2</p> <p>Access for on-site servicing and deliveries from minor streets and private lanes is provided wherever possible, rather than from Rundle Mall.</p> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
|--|--|

City High Street Subzone

Assessment Provisions (AP)
 Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A safe, walkable and vibrant shopping, entertainment and commercial high street precinct with an active day and evening economy supported by medium density residential development. |
| DO 2 | Development along a city high street that contributes to an intimate public realm with active streets. |
| DO 3 | Integrated developments on catalyst sites to assist in the transformation of a locality and facilitate an increase in the residential population of the City, while also activating the public realm and creating a vibrant main street feel. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A vibrant mix of land uses adding to the vitality of the area, providing services to the local community, and visitor and residential accommodation.</p> | <p>DTS/DPF 1.1</p> <p>None are applicable.</p> |
| <p>PO 1.2</p> <p>Licensed premises, nightclubs or bars that:</p> <ul style="list-style-type: none"> (a) are small in scale (b) secondary to the primary land uses mix of the street (c) are located above or below ground level (d) limited in number (e) do not detract from the street's daytime activation <p>and</p> <ul style="list-style-type: none"> (f) minimise negative impacts on nearby residential development. | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings informed by local context that frame main street and nearby public realm, and provide overall visual relief from building mass at ground level.</p> | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> (a) include a clearly defined podium or street wall with a maximum building height of 2 building levels in height; and (b) have levels above the defined podium or street wall setback of 3m or more from that wall. |
| <p>PO 2.2</p> <p>Buildings fronting the main streets are designed to reinforce the prevailing datum heights and parapet levels of the street through articulated facades that provide a clear distinction between levels above and below the prevailing datum line.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Buildings fronting the main street are:</p> <ul style="list-style-type: none"> (a) enhanced by the refurbishment of nineteenth century buildings (b) complemented by contextual new development that provides a visually interesting built form, positively contributes to the existing and desired character and provides a safe, active and intimate human scale <p>and</p> <ul style="list-style-type: none"> (c) maintain the rhythm and visually continuity of verandahs, awnings, parapets and facade lines and other architectural details at podium level. | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| Interface | |
| <p>PO 3.1</p> <p>Except on catalyst sites , buildings mitigate visual impacts of building massing on residential development within the City Living Zone.</p> | <p>DTS/DPF 3.1</p> <p>Except on catalyst sites , buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within the City Living Zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):</p> |

| | |
|---|---|
| | |
| <p>PO 3.2</p> <p>Except on catalyst sites, buildings mitigate overshadowing of residential development within the City Living Zone.</p> | <p>DTS/DPF 3.2</p> <p>Except on catalyst sites, buildings on sites with a southern boundary adjoining the boundary of an allotment used for residential purposes in the City Living Zone are constructed within a building envelope provided by a 30 degree plane grading north, measured from a height of 3m above natural ground level at the allotment boundary as shown in the following diagram:</p> |
| <p>PO 3.3</p> <p>Buildings on an allotment fronting a road that is not the primary corridor (ie O'Connell Street, Hutt Street, Melbourne Street, Sturt Street or Halifax Street) and where land on the opposite side of that road is within a neighbourhood-type zone, provide an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.</p> | <p>DTS/DPF 3.3</p> <p>None are applicable.</p> |
| <p>Catalyst Sites</p> | |
| <p>PO 4.1</p> <p>Development on catalyst sites (sites greater than 1500m², which may include one or more allotments) comprises medium to high rise residential development that is carefully integrated with non-residential development.</p> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>Development on catalyst sites designed to manage the interface with the City Living Zone with regard to intensity of use, overshadowing, massing, building proportions and traffic to minimise impacts on residential amenity.</p> | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>PO 4.3</p> <p>Catalyst sites contribute to the vibrancy of the main street through building designs that:</p> <ul style="list-style-type: none"> (a) include a mix of land uses that create activity and overlooking of the street, particularly at the ground level and the first floor; (b) create the appearance of narrow frontages and enhance visual interest; (c) are vertically massed; and (d) include above street level fenestration, balconies, parapets, architectural detailing and ornamentation which contribute to the rich visual texture. | <p>DTS/DPF 4.3</p> <p>None are applicable.</p> |
| <p>PO 4.4</p> <p>The scale of development on catalyst sites respond to its context, particularly the nature of adjacent land uses and the interface treatments required to address impacts on sensitive uses.</p> | <p>DTS/DPF 4.4</p> <p>None are applicable.</p> |
| <p>PO 4.5</p> <p>Where there is an apparent conflict between the catalyst site provisions and subzone provisions (including any quantitative criteria) the catalyst site provisions will take precedence.</p> | <p>DTS/DPF 4.5</p> <p>None are applicable.</p> |

City Riverbank Zone

Assessment Provisions (AP)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Exemplary design quality and architecture that is contemporary and innovative and respectful of the heritage buildings, Adelaide Park Lands setting and civic functions of the locality. |
| DO 2 | A fine grained precinct with a quality public realm that is inviting and comfortable for pedestrians. |
| DO 3 | Strong visual and physical connections between important buildings, public spaces, the Adelaide Park Lands and other key destinations. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A diverse range of land uses that connect the city centre to the natural environment of the River Torrens and Adelaide Park Lands with clusters of related activities, such as:</p> <ul style="list-style-type: none"> (a) clinical health, training, education and research (b) entertainment, tourism and accommodation (c) education and administration (d) innovative science and employment (e) community and cultural institutions. | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Community centre (c) Consulting room (d) Office (e) Convention centre (f) Educational establishment (g) Entertainment venue (h) Helicopter landing facility (i) Hospital (j) Hotel (k) Licensed premises in association with hotel, restaurant, shop or the like (l) Land division (m) Light industry (including high technology and research based activity) (n) Pre-school (o) Shop (p) Serviced apartments (q) Tourist accommodation. |
| <p>PO 1.2</p> <p>Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality.</p> | <p>DTS/DPF 1.2</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> (a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from any neighbourhood-type zone, or the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to a state maintained road, it achieves either (i) or (ii): <ul style="list-style-type: none"> (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Building heights provide an orderly transition in scale, with lower buildings located towards the Adelaide Park Lands, Adelaide Botanic Garden and River Torrens and taller buildings towards North Terrace.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable</p> |

| | |
|--|--|
| <p>PO 2.2</p> <p>Development:</p> <ul style="list-style-type: none"> (a) contributes to the activation of the public realm by presenting an attractive human scaled pedestrian-oriented frontage at ground level that adds interest and vibrancy (b) contributes to pedestrian comfort by minimising micro climatic impacts (c) maintains a sense of openness to the sky for pedestrians and allow sunlight access to the public realm, particularly plaza areas during the Spring and Autumn (d) provides a clear sense of address to each building and (e) is compatible with the topography of the site and change in character from a strong city edge on the southern side of North Terrace to the landscaped setting provided by the River Torrens and Adelaide Park Lands. | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Development reinforces the grand boulevard character of North Terrace and King William Road by reflecting the patterns of landscaped spaces and built form, building proportions and scale.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Coordinated development provides public spaces and landscaping, including deep plantings that soften the dominance of buildings and provide a range of spaces that are suitable for group meetings, social activities and passive enjoyment.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>PO 2.5</p> <p>Pedestrian shelter, public art, street furniture and the like designed as an integral part of built form, open space and landscaping.</p> | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |
| <p>PO 2.6</p> <p>The contribution of heritage buildings is enhanced by ensuring:</p> <ul style="list-style-type: none"> (a) buildings can be adapted and reused for modern purposes while protecting important heritage fabric (b) views and physical connections to heritage buildings and their important heritage features is maintained (c) the ground level interface with heritage buildings incorporates publicly accessible spaces and active land uses that support public access where appropriate. | <p>DTS/DPF 2.6</p> <p>None are applicable.</p> |
| <p>Advertising</p> | |
| <p>PO 3.1</p> <p>Advertisements designed to achieve an overall consistency of appearance and be of a type, scale and image that complement the zone.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>Movement, parking and access</p> | |
| <p>PO 4.1</p> <p>Pedestrian and cycle movement based on a network of pathways linking the surrounding zones and providing a variety of north-south and east-west links including:</p> <ul style="list-style-type: none"> (a) connections between North Terrace and the River Torrens linear park at key pedestrian focal points, in particular: <ul style="list-style-type: none"> (i) the continuation of Bank Street connecting through to the Adelaide Oval footbridge, (ii) along the western side of the Adelaide Railway Station Building connecting through to the Adelaide oval footbridge (iii) the continuation of Gray Street, (iv) along Montefiore Road through to Morphett Street and (v) along King William Road through to King William Street (b) the Gawler Greenway, Outer Harbor Greenway and River Torrens Linear Park trail (c) the Adelaide Park Lands trail along the western boundary of the Innovation Subzone. | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>A central pedestrian pathway designed as a single plane surface and maintained to:</p> <ul style="list-style-type: none"> (a) allow people to walk and ride through and within the Zone from East to West and connect with the North to South pathways (b) link key buildings and public areas within the Zone. | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>PO 4.3</p> <p>Pedestrian movement prioritised and designed to be free from vehicle conflict.</p> | <p>DTS/DPF 4.3</p> <p>None are applicable.</p> |
| <p>PO 4.4</p> <p>Development provides a safe night-time environment along streetscapes, pedestrian and cycle paths and building surrounds by the arrangement of buildings and active building frontages that enhance casual surveillance and provide appropriate lighting and clear lines of sight.</p> | <p>DTS/DPF 4.4</p> <p>None are applicable.</p> |

| <p>PO 5.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land.</p> | <p>DTS/DPF 5.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" style="width: 100%;"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td style="text-align: center;">Concept Plan 85 - City Riverbank, Adelaide</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 5.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met. | Description | Concept Plan 85 - City Riverbank, Adelaide |
|---|---|-------------|--|
| Description | | | |
| Concept Plan 85 - City Riverbank, Adelaide | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) consulting room (d) demolition (e) fence (f) light industry (including high technology and research based activity) (g) office (h) retaining wall (i) shade sail (j) shop (k) solar photovoltaic panels (roof mounted) (l) temporary public service depot (m) water tank. | Except development that does not satisfy: <ul style="list-style-type: none"> 1. Health Subzone DTS/DPF 2.1 in areas where the Subzone applies 2. Entertainment Subzone DTS/DPF 2.1 in areas where the Subzone applies 3. Innovation Subzone DTS/DPF 3.1 in areas where the Subzone applies 4. Cultural Institutions Subzone DTS/DPF 2.4 in areas where the Subzone applies. |
| 3. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) internal building works (b) land division (c) tree damaging activity. | None specified. |
| 4. Demolition. | Except any of the following: <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Cultural Institutions Subzone

| Desired Outcome | |
|-----------------|---|
| DO 1 | A vibrant cluster of cultural and institution uses including tertiary education, research, viceregal, libraries and museums that attract students, professionals, workers and visitors to the city. |
| DO 2 | Well designed and functional buildings and public spaces that provide pedestrian and cyclist friendly streetscapes and active street frontages that facilitate positive social interaction. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| PO 1.1 A diverse range of cultural and institutional uses including tertiary education and associated student accommodation, research, library, viceregal, museums and galleries. | DTS/DPF 1.1 The types of development envisaged within the zone, except: <ul style="list-style-type: none"> (a) Convention centre (b) Entertainment venue (c) Helicopter landing facility (d) Hospital (e) Motel (f) Serviced apartments (g) Tourist accommodation. |
| PO 1.2 A limited range of secondary activities that are complementary to the primary purpose of the subzone, such as student accommodations and research facilities, and avoid other uses. | DTS/DPF 1.2 None are applicable. |
| Built Form and Character | |
| PO 2.1 Development that emphasises the horizontal grouping of building elements and uses vertical proportions in projections and in the disposition of openings. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Buildings with modelled and textured facades of predominantly masonry appearance similar to the early buildings that contribute to the established historical character of the zone. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Buildings that complement the form, appearance, materials and finishes of existing buildings in the locality, including the predominant: <ul style="list-style-type: none"> (a) red brick or masonry walls (b) slate, shingles, terra cotta tiles or copper for exposed roofs. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 Building heights within the zone transition down to the Adelaide Park Lands from the height of existing buildings established along North Terrace. | DTS/DPF 2.4 Buildings located: <ul style="list-style-type: none"> (a) along road and Adelaide Park Lands frontages not exceeding 3 building levels and 11.5m in building height (b) away from road and Adelaide Park Lands frontages not exceeding 6 building levels and 22m in building height. |
| PO 2.5 Pleasant and interesting lawn and paved landscaped areas that create spaces suitable for a variety of activities ranging from those suitable for group meetings and social activities to those for quiet retreat and relaxation. | DTS/DPF 2.5 None are applicable. |

Entertainment Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A prominent, vibrant and safe public plaza that provides a focal point for the Riverbank precinct and is supported by a vibrant mix of land uses that encourage use by city workers, residents, families, students, youth, children and tourists. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Development of a range of cultural, parliamentary, office, entertainment, retail, conference and ancillary land uses. | DTS/DPF 1.1 None are applicable |
| PO 1.2 Residential development only where it is demonstrated that noise, light spill and other impacts on residential amenity associated with the envisaged mix of uses and a vibrant public plaza can be adequately addressed. | DTS/DPF 1.2 None are applicable. |
| Built Form and Character | |
| PO 2.1 Buildings of a height and scale that references North Terrace, and minimises impacts on the River Torrens. | DTS/DPF 2.1 Except where adjacent to the River Torrens, buildings not exceeding 20 building levels and 71m in building height. |
| PO 2.2 Where buildings exceed 20 building levels or 71m in building height they will be of exemplary design, not located adjacent to the River Torrens and meet the Commonwealth Airports (Protection of Airspace) Regulations. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Buildings adjacent to the River Torrens are designed to provide an active edge to the river and are of a low scale commensurate with its landscape setting. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 Buildings along King William Road are designed to enable views through to important State Heritage buildings and the public plaza area. | DTS/DPF 2.4 None are applicable. |
| PO 2.5 A new public plaza developed on a single plane minimising grade changes across the site so as to maximise pedestrian connectivity. | DTS/DPF 2.5 None are applicable. |

Health Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A health precinct that creates an identifiable and unified city precinct with strong connections to the Torrens River, North Terrace, the Royal Adelaide Hospital and the city. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| PO 1.1 A range of significant health, education and research facilities that support the establishment of a significant health and biomedical precinct. | DTS/DPF 1.1 None are applicable |
| Built Form and Character | |
| PO 2.1 Buildings have a positive scale relationship to the North Terrace edge of the Capital City Zone and provide a grand entrance to the city from the west. | DTS/DPF 2.1 Buildings fronting North Terrace not exceeding 15 building levels and 53m in building height. |
| PO 2.2 Where buildings exceed 15 building levels or 53m in building height they will be of exemplary design and meet the Commonwealth Airports (Protection of Airspace) Regulations. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 | DTS/DPF 2.3 |

| | |
|--|--|
| Buildings north of the central pathway provide an active edge to the River Torrens and are of a low scale commensurate with the landscape setting. | None are applicable. |
| <p>PO 2.4</p> <p>Development provides a satisfactory interface to roads and railways by addressing issues of access, safety, security, noise, air emissions and vibration so that:</p> <p>(a) the effective and efficient operation of the road system and rail service adjacent to the Zone is not detrimentally affected</p> <p>(b) the potential for adverse impacts on hospital occupants and activities as a result of road traffic and the operation of rail services adjacent to the Zone is minimised.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>PO 2.5</p> <p>Development sited and designed to enable the continued operation of rail and road services within and adjacent to the Zone.</p> | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |

Innovation Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | An innovation precinct accommodating a range of commercial, educational and research activities supported by a mix of compatible employment generating land uses including tourism, hospitality, cultural, entertainment and retail activities. |
| DO 2 | A range of low to high rise buildings with high quality contemporary buildings and public spaces within a landscaped setting that responds to heritage buildings on the site and transition down in height and scale towards the Adelaide Park Lands and the Adelaide Botanic Garden. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Development of innovative commercial, cultural (including museum and art gallery), educational and research activities supported by a mix of compatible employment generating land uses.</p> | <p>DTS/DPF 1.1</p> <p>None are applicable.</p> |
| <p>PO 1.2</p> <p>Small scale retail development to meet the day to day needs of workers and visitors to the precinct.</p> | <p>DTS/DPF 1.2</p> <p>Shops not exceeding 250m² total gross leasable floor area.</p> |
| <p>PO 1.3</p> <p>A range of small to medium scale services and facilities serving the area such as child care facilities, personal services, entertainment, hospitality and the like.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Child care facilities, hotels, licensed premises, personal services establishments and tourism accommodation established as secondary uses on the site of a lesser scale and prominence.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Higher impact land uses such commercial development (including high technology and research based activity) clustered in key nodes where compatible with adjoining uses.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>A high standard of contemporary architectural design providing an innovative response to the unique context of the area.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development reinforces the grand boulevard character of North Terrace by reflecting the patterns of landscaped spaces and built form, building proportions and scale.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Outdoor eating and drinking facilities associated with cafés and restaurants on ground floors contribute to the vitality of the Zone.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |

| | |
|---|---|
| <p>PO 2.4</p> <p>Buildings in proximity to the Adelaide Botanic Garden or Adelaide Park Lands are sited and designed to create view corridors to and from the Botanic Garden.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>PO 2.5</p> <p>Buildings in proximity to the Adelaide Botanic Garden or Adelaide Park Lands should seek to minimise impacts on plant collections as a result of overshadowing, stormwater runoff, heat, light or wind direction.</p> | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |
| <p>Building Height</p> | |
| <p>PO 3.1</p> <p>Buildings of a height and scale that minimise impacts on the Adelaide Botanic Garden and Adelaide Park Lands as well as referencing the scale of buildings facing North Terrace and Frome Road.</p> | <p>DTS/DPF 3.1</p> <p>Except where located in the Innovation Centre (identified on the Innovation Subzone Concept Plan), buildings not exceeding 15 building levels and 53m in building height.</p> |
| <p>PO 3.2</p> <p>Buildings in the Innovation Centre (identified on the Innovation Subzone Concept Plan) only exceed 15 building levels or 53m in building height where:</p> <ul style="list-style-type: none"> (a) exemplary standards of architectural merit and environmental sustainability are met; (b) the building positively contributes to the quality and function of the urban fabric of the precinct overall; (c) overshadowing impacts on the Adelaide Botanic Garden are minimised; (d) and at least four of the following are provided: <ul style="list-style-type: none"> (i) high quality open space that is universally accessible and is directly connected to, and well integrated with, public realm areas of the street; (ii) high quality, safe and secure, universally accessible pedestrian linkages that connect through the development site to the surrounding pedestrian network; (iii) no on-site car parking; (iv) active frontages are located on at least 75 percent of the ground floor street fronts of the building; or (v) the building is designed to provide measures that provides for a substantial additional gain in sustainability. | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
| <p>Open Space</p> | |
| <p>PO 4.1</p> <p>Open space:</p> <ul style="list-style-type: none"> (a) is coordinated to provide a variety of pleasant, cohesive, hard and soft, high quality landscaped spaces among and adjacent to buildings; (b) incorporates planting themes defined by a mix of exotic and Australian native plantings, lawns and garden beds; | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>Development on the eastern portion of the site (as shown on Innovation Subzone Concept Plan):</p> <ul style="list-style-type: none"> (a) results in an open park like setting complementary to the Adelaide Botanic Garden (b) is carefully managed to sensitively balance its interaction with surrounding uses such as the Adelaide Zoo, Adelaide Botanic Garden and the Adelaide Park Lands (c) minimises uses or activities that would alienate the area from public usage (d) provides opportunities for tourism, education, research, informal recreation and cultural enjoyment (e) improves pedestrian links through the area, and improve the public realm and use and enjoyment of the Adelaide Park Lands (f) provides greater exposure and accessibility for the Adelaide Botanic Garden and North Terrace frontage | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>PO 4.3</p> <p>Boundary treatments with the Adelaide Botanic Garden are of an open and transparent nature with the use of design features, fencing, landscaping treatments that integrate with the open space setting.</p> | <p>DTS/DPF 4.3</p> <p>None are applicable.</p> |
| <p>Movement and parking</p> | |
| <p>PO 5.1</p> <p>Development incorporates the connection of the Adelaide Park Lands Trail between the Adelaide Park Lands and North Terrace within the area identified as Public Space and Park Lands Trail on the Innovation Subzone Concept Plan, and:</p> <ul style="list-style-type: none"> (a) provides a safe, welcoming, connected and convenient experience for people walking and cycling; (b) supports interaction with the variety of Park Lands landscapes and activities, including a high amenity interface with the Adelaide Botanic Gardens and buildings within the cultural precinct; (c) creates a natural Park Lands experience that blends the edge between the site and Botanic Garden; and | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> |

| | |
|---|--|
| (d) minimises the length of the trail adjacent to a public road. | |
| <p>PO 5.2</p> <p>Where parking for multiple cars is provided, it:</p> <ul style="list-style-type: none"> (a) is not located at ground floor street frontages or detract from the provision of active street frontages; (b) minimises the extent of parking that is visible from public areas to that which is required for emergency service vehicles, temporary event parking and set down (drop off) functions; (c) incorporates façade treatments where located along major street frontages or interfacing with the Adelaide Park Lands or Botanic Garden, with the built form sufficiently enclosed and detailed to complement neighbouring buildings and screen vehicle parking from view from public areas and other buildings (d) is comprehensively integrated with high quality landscaping that includes large trees (e) is ancillary to an approved or existing use. | <p>DTS/DPF 5.2</p> <p>None are applicable.</p> |
| Advertising | |
| <p>PO 6.1</p> <p>Advertisements use simple graphics and be restrained in their size, design and colour.</p> | <p>DTS/DPF 6.1</p> <p>None are applicable.</p> |
| <p>PO 6.2</p> <p>In minor streets and laneways, a greater diversity of type, shape, numbers and design of advertisements are appropriate provided they are of a small-scale and located to present a consistent message band to pedestrians.</p> | <p>DTS/DPF 6.2</p> <p>None are applicable.</p> |

Coastal Waters and Offshore Islands Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Protection and enhancement of the natural marine and coastal environment and recognition of it as an important ecological, commercial, tourism and recreational resource and passage for safe watercraft navigation. |
| DO 2 | A limited number of small-scale, low-impact developments supporting conservation, navigation, science, recreation, tourism, aquaculture or carbon storage. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use | |
| <p>PO 1.1</p> <p>Small-scale, low-impact development for the purpose of conservation, navigation, science, recreation, tourism or aquaculture.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Agricultural building (c) Aquaculture (d) Boat berth (e) Campground (f) Dwelling alterations or additions (g) Farming (h) Jetty (i) Navigation structures, boat berth, pier, pontoon or similar structure (j) Public amenities (k) Renewable energy facility. |
| Development on off-shore islands | |
| <p>PO 2.1</p> <p>Islands that are isolated from the mainland are not developed for residential development until the appropriate level of infrastructure, hazard protection and environmental management is in place.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Farming activities on offshore islands occur on already cleared land and outside of areas containing native vegetation, coastal dunes and wetlands.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Small-scale tourist accommodation on offshore islands such as camping grounds, huts and cabins avoids delicate or environmentally sensitive areas.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |

| | |
|--|--|
| <p>P0 2.4</p> <p>Renewable energy facilities and ancillary development do not impact on the scenic quality of the coast and islands.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>P0 2.5</p> <p>Small-scale ground-mounted solar power facilities on islands to service existing approved development on the same land.</p> | <p>DTS/DPF 2.5</p> <p>Solar power facilities:</p> <ul style="list-style-type: none"> (a) do not generate more than 30KW (b) generate power which is to be used wholly in association an approved land use (c) are set back at least 10m from adjoining allotments in other ownership (d) are not located within 100m of a dwelling in other ownership. |
| <p>P0 2.6</p> <p>Offshore recreational pontoons avoid seagrass and are safely secured.</p> | <p>DTS/DPF 2.6</p> <p>Offshore recreational pontoons are:</p> <ul style="list-style-type: none"> (a) not fixed to the shoreline or to any other structure (b) not located over seagrass (c) include anchors designed to withstand seasonal wave conditions. |
| <p>Environmental Protection</p> | |
| <p>P0 3.1</p> <p>Development is undertaken in a manner which minimises the potential for harm to the marine and coastal environment or to fisheries and aquaculture, including harm arising from actions that introduce a biosecurity risk.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>P0 3.2</p> <p>Development avoids pollution (including turbidity and sedimentation) ,shading and effects on water flows harming the marine environment both inside and outside of the zone.</p> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
| <p>P0 3.3</p> <p>Development avoids important nesting or breeding areas and areas that are important for the movement/migration patterns of fauna.</p> | <p>DTS/DPF 3.3</p> <p>None are applicable.</p> |
| <p>P0 3.4</p> <p>Development avoids delicate or environmentally sensitive coastal areas and key habitat areas within and adjacent offshore islands such as sand dunes, cliff tops, estuaries, wetlands, mangroves and samphire areas.</p> | <p>DTS/DPF 3.4</p> <p>None are applicable.</p> |
| <p>P0 3.5</p> <p>Offshore development is sited to minimise potential impacts on, and to protect the integrity of, reserves under the <i>National Parks and Wildlife Act 1972</i> and the <i>Marine Parks Act 2007</i>.</p> | <p>DTS/DPF 3.5</p> <p>Offshore development is located not less than 1km from the boundary of any reserve under the <i>National Parks and Wildlife Act 1972</i>, unless a lesser distance is agreed with the Minister responsible for that Act.</p> |
| <p>Built Form and Character</p> | |
| <p>P0 4.1</p> <p>Development on offshore islands is sited and designed unobtrusively to minimise the visual impact on the natural environment by:</p> <ul style="list-style-type: none"> (a) using low-reflective materials and finishes that blend with, and colours that complement, the surrounding landscape (b) being located below hilltops and ridgelines (c) being screened by existing vegetation. | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>Land Division</p> | |
| <p>P0 5.1</p> <p>Land division on offshore islands supports the management or improvement of the natural environment including avoiding:</p> <ul style="list-style-type: none"> (a) further fragmentation of land that may reduce effective management of the environment (b) parcel arrangements that increase direct property access to waterfront areas. | <p>DTS/DPF 5.1</p> <p>Land division on offshore islands achieves (a) and (b):</p> <ul style="list-style-type: none"> (a) does not create any additional allotments (b) boundary realignments do not result in any additional allotments with frontage or direct access to the coast and will satisfy one of the following: <ul style="list-style-type: none"> (i) is for the creation of a public road or a public reserve (ii) is to remove an anomaly in existing boundaries with respect to the location of existing buildings or structures (iii) is for the management of existing native vegetation. |
| <p>Concept Plans</p> | |
| <p>P0 6.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 6.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. development. Note: multiple concept plans may be relevant.
 (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) agricultural building (c) air handling unit, air conditioning system or exhaust fan (d) building work on railway land (e) dwelling alterations or additions (f) farming (g) fence (h) internal building works (i) navigation structures, boat berth, pier, pontoon or similar structure (or any combination thereof) (j) private bushfire shelter (k) protective tree netting structure (l) public amenities (m) recreational pontoon (n) replacement building (o) retaining wall (p) shade sail (q) solar photovoltaic panels (roof mounted) (r) tree damaging activity (s) temporary accommodation in an area affected by bushfire (t) water tank. | None specified. |
| 3. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

Pursuant to regulation 47(6)(c) of the *Planning, Development and Infrastructure (General) Regulations 2017*, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Coastal Waters and Offshore Islands Zone.

Placement of Notices - Exemptions for Restricted Development

Pursuant to regulation 47(6)(c) of the *Planning, Development and Infrastructure (General) Regulations 2017*, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Coastal Waters and Offshore Islands Zone.

| Placement of Notices - Exemptions for Restricted Development | |
| None specified. | |

Community Facilities Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Provision of a range of community, educational, recreational and health care facilities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Development is associated with or ancillary to the provision of community, educational, recreational and / or health care services. | DTS/DPF 1.1 Development comprises one or more of the following: <ul style="list-style-type: none"> (a) Cemetery (b) Community facility (c) Consulting room (d) Educational establishment (e) Emergency services facility (f) Health care facility (g) Hospital (h) Indoor recreation facility (i) Library (j) Office associated with community service (k) Place of worship (l) Pre-school (m) Recreation area |

| | |
|--|---|
| | (n) Shop |
| PO 1.2 Shops including restaurants are of a scale that is subordinate to the principal community use of land. | DTS/DPF 1.2 Shop gross leasable floor area does not exceed 250m ² . |
| PO 1.3 Offices are of a scale that is subordinate to the principal community use of land. | DTS/DPF 1.3 Office gross leasable floor area does not exceed 250m ² . |
| PO 1.4 Integration and coordination of land uses to enhance the accessibility and efficiency of service delivery. | DTS/DPF 1.4 None are applicable. |
| PO 1.5 Development avoids inhibiting or prejudicing future delivery of community, educational, recreational or health care services. | DTS/DPF 1.5 None are applicable. |
| PO 1.6 Community facilities are designed to encourage flexible and adaptable use of open space and facilities for a range of uses over time. | DTS/DPF 1.6 None are applicable. |
| PO 1.7 Expansion of existing community services such as educational establishments, community facilities and pre-schools in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood. | DTS/DPF 1.7 Alteration of or addition to existing educational establishments, community facilities or pre-schools where all the following are satisfied: <ul style="list-style-type: none"> (a) set back at least 3m from any boundary shared with a residential land use (b) building height not exceeding 1 building level (c) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration (d) development satisfies Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |

Building Height and Setbacks

| PO 2.1 Building height is consistent with the maximum height expressed in any relevant <i>Building Height Technical and Numeric Variation</i> or otherwise generally consistent with the prevailing character of the locality and height of nearby buildings. | DTS/DPF 2.1 Other than on a Catalyst site in the St Andrews Hospital Precinct Subzone, development does not exceed the following building height(s): <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> </thead> <tbody> <tr><td>Maximum building height is 1 level</td></tr> <tr><td>Maximum building height is 2 levels</td></tr> <tr><td>Maximum building height is 3 levels</td></tr> <tr><td>Maximum building height is 4 levels</td></tr> <tr><td>Maximum building height is 5 levels</td></tr> <tr><td>Maximum building height is 6 levels</td></tr> <tr><td>Maximum building height is 14 levels</td></tr> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> <tr><td>Maximum building height is 4.5m</td></tr> <tr><td>Maximum building height is 6m</td></tr> <tr><td>Maximum building height is 8.2m</td></tr> <tr><td>Maximum building height is 9m</td></tr> <tr><td>Maximum building height is 10m</td></tr> <tr><td>Maximum building height is 11.5m</td></tr> <tr><td>Maximum building height is 12m</td></tr> <tr><td>Maximum building height is 12.5m</td></tr> <tr><td>Maximum building height is 15m</td></tr> <tr><td>Maximum building height is 18m</td></tr> <tr><td>Maximum building height is 18.5m</td></tr> <tr><td>Maximum building height is 43m</td></tr> </tbody> </table> In relation to DTS/DPF 2.1, in instances where: <ul style="list-style-type: none"> (a) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation</i> layer or <i>Maximum Building Height (Metres) Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (b) only one value is returned (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other (c) no value is returned (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. | Maximum Building Height (Levels) | Maximum building height is 1 level | Maximum building height is 2 levels | Maximum building height is 3 levels | Maximum building height is 4 levels | Maximum building height is 5 levels | Maximum building height is 6 levels | Maximum building height is 14 levels | Maximum Building Height (Metres) | Maximum building height is 4.5m | Maximum building height is 6m | Maximum building height is 8.2m | Maximum building height is 9m | Maximum building height is 10m | Maximum building height is 11.5m | Maximum building height is 12m | Maximum building height is 12.5m | Maximum building height is 15m | Maximum building height is 18m | Maximum building height is 18.5m | Maximum building height is 43m |
|--|--|----------------------------------|------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|--------------------------------------|----------------------------------|---------------------------------|-------------------------------|---------------------------------|-------------------------------|--------------------------------|----------------------------------|--------------------------------|----------------------------------|--------------------------------|--------------------------------|----------------------------------|--------------------------------|
| Maximum Building Height (Levels) | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 1 level | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 2 levels | | | | | | | | | | | | | | | | | | | | | | |

| Maximum building height is 4.5m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 6m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 8.2m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 9m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 10m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 11.5m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 12m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 12.5m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 15m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 18m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 18.5m | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 43m | | | | | | | | | | | | | | | | | | | | | | |

PO 2.2
Buildings mitigate the visual impacts of massing on residential development within a neighbourhood-type zone.

DTS/DPF 2.2
Except in the St Andrews Hospital Precinct Subzone and the part of the WHC and Memorial Hospital Precinct Subzone north of Kermode Street, buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):

LEGEND

45°

3.0m

NATURAL GROUND LEVEL

2 STOREY DWELLING

PRIMARY ROAD

PO 2.3
Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 2.3
Buildings on sites with a southern boundary adjoining the an allotment boundary used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:

LEGEND

NORTH

1:100

PO 2.4
Buildings are set back from all boundaries (other than street boundaries) to minimise impacts on neighbouring residential properties, including access to natural light and ventilation

DTS/DPF 2.4
Buildings are set back a minimum 3m from all boundaries where the subject land abuts an allotment used for residential purposes, except where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land.

PO 2.5
Buildings on an allotment fronting a road that is not a State Maintained Road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 2.5
None are applicable.

Advertisements

PO 3.1
Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality.

DTS/DPF 3.1
Freestanding advertisements:
(a) do not exceed 2m in height
(b) do not have a sign face that exceeds 2m² per side.

Concept Plans

PO 4.1
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 4.1
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|--|
| Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie |
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 71 - Hamley Bridge |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Concept Plan 90 - Residential - Gardner St, Littlehampton |
| Concept Plan 101 - Evanston Gardens, Evanston South, Hillier |
| Concept Plan 100 - Gawler East |

In relation to DTS/DPF 4.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) community facility (e) educational establishment (f) fence (g) pre-school (h) private bushfire shelter (i) protective tree netting structure (j) recreation area (k) retaining wall (l) shade sail (m) solar photovoltaic panels (roof mounted) (n) swimming pool or spa pool (o) water tank. | Except development that exceeds the maximum building height specified in Community Facilities Zone DTS/DPF 2.1 or does not satisfy any of the following: 1. Community Facilities Zone DTS/DPF 2.2 2. Community Facilities Zone DTS/DPF 2.3. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) land division (c) replacement building (d) temporary accommodation in an area affected by bushfire (e) tree damaging activity. | None specified. |
| 4. Consulting room. | Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. |
| 5. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 6. Office. | Except office that exceeds the maximum building height specified in Community Facilities Zone DTS/DPF 2.1, or is on a Catalyst Site in the St Andrews Hospital Precinct Subzone and exceeds the maximum building height in Community Facilities Zone DTS/DPF 2.1 that applies to development not on a Catalyst Site, or does not satisfy any of the following: 1. Community Facilities Zone DTS/DPF 1.3 2. Community Facilities Zone DTS/DPF 2.2 3. Community Facilities Zone DTS/DPF 2.3. |
| 7. Shop. | Except shop that exceeds the maximum building height specified in Community Facilities Zone DTS/DPF 2.1, or is on a Catalyst Site in the St Andrews Hospital Precinct Subzone and exceeds the maximum building height in Community Facilities Zone DTS/DPF 2.1 that applies to development not on a Catalyst Site, or does not satisfy any of the following: 1. Community Facilities Zone DTS/DPF 1.2 |

| | |
|---------------------------------|--|
| | 2. Community Facilities Zone DTS/DPF 2.2 3. Community Facilities Zone DTS/DPF 2.3. |
| 8. Telecommunications facility. | Except telecommunications facility that: <ol style="list-style-type: none"> 1. is within 50m of a neighbourhood-type zone or 2. exceeds 30m in height or 3. is on a site that is adjacent land to a site (or land) used for residential purposes. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

St Andrews Hospital Precinct Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Accommodating hospital, clinical and health training, and allied research and educational facilities, along with independent medical and allied health facilities, supported by a mix of compatible accommodation and retail activity. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Development is associated with or ancillary to the provision of community or health care services. | DTS/DPF 1.1 Development comprises one or more of the following: <ol style="list-style-type: none"> (a) Consulting room (b) Dwelling (c) Educational facilities (d) Hospital (e) Office (f) Pre-school (g) Shop (h) Supported Accommodation |
| PO 1.2 Small-scale shops, cafés restaurants or kiosks, located at ground or lower building floor levels to increase street level activity facing the Park Lands and service the local community. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 Residential development primarily as part of a mixed use building located on the upper floors. | DTS/DPF 1.3 None are applicable. |
| Built Form and Character | |
| PO 2.1 Buildings designed to reduce the apparent bulk of large scale development to contribute to a more intimate and human-scaled environment. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Development is designed to manage the interface with residential uses in the City Living Zone: <ol style="list-style-type: none"> (a) in relation to building proportions, massing, and overshadowing (b) by avoiding land uses, or intensity of land uses, that unduly impact residential amenity. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Buildings adjacent to Gilles Street, Vincent Street and St John's Lane are designed to complement the streetscape character regarding scale, massing, siting, composition and form. | DTS/DPF 2.3 None are applicable. |
| Catalyst Sites | |
| PO 3.1 Development on catalyst sites (sites greater than 1500m ² , which may include one or more allotments) is medium to high scale. | DTS/DPF 3.1 None are applicable. |

| | |
|--|-------------------------------------|
| PO 3.2 Catalyst sites should be developed to manage the interface with residential development regarding intensity of use, overshadowing, massing, building proportions and traffic to minimise impacts on residential amenity. | DTS/DPF 3.2 None are applicable. |
| PO 3.3 The scale of development on a catalyst site should respond to its context, particularly the nature of the adjacent land uses and the interface treatments required to address impacts on sensitive uses. | DTS/DPF 3.3 None are applicable. |
| PO 3.4 Where there is an apparent conflict between the catalyst site provisions and Subzone, provisions (including any quantitative criteria) the catalyst site provisions will take precedence. | DTS/DPF 3.4 None are applicable. |
| Access | |
| PO 4.1 Vehicle access, or intensification of access, from South Terrace or Gilles Street where possible. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Car parking located behind buildings wherever possible. | DTS/DPF 4.2 None are applicable. |
| Advertisements | |
| PO 5.1 Advertisements are restrained in design, and simple in use of colour to achieve a coherent and complementary appearance. | DTS/DPF 5.1 None are applicable. |

| Desired Outcome | |
|-----------------|---|
| DO 1 | The conservation and enhancement of the natural environment and natural ecological processes for their ability to reduce the effects of climate change, for their historic, scientific, landscape, habitat, biodiversity, carbon storage and cultural values and provision of opportunities for the public to experience these through low-impact recreational and tourism development. |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature | | | | | |
|--|---|-------------------|---|----------------------------|-----------------------------|---------------------------|
| Land Use | | | | | | |
| <p>PO 1.1</p> <p>Small-scale, low-impact land uses that provide for the conservation and protection of the area, while allowing the public to experience these important environmental assets.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Camp ground (c) Farming (d) Public toilet | | | | | |
| <p>PO 1.2</p> <p>Development is primarily in the form of:</p> <ul style="list-style-type: none"> (a) directional, identification and/or interpretative advertisements and/or advertising hoardings for conservation management and tourist information purposes (b) scientific monitoring structures or facilities (c) a small-scale facility associated with the interpretation and appreciation of natural and cultural heritage such as public amenities, camping grounds, remote shelters or huts (d) structures for conservation management purposes. | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> | | | | | |
| <p>PO 1.3</p> <p>Farming activities occur on already cleared land and outside of areas containing native vegetation (including revegetated areas lost through bushfire), coastal dunes and wetlands of national importance.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> | | | | | |
| Land Division | | | | | | |
| <p>PO 2.1</p> <p>Land division supports the management or improvement of the natural environment including avoiding:</p> <ul style="list-style-type: none"> (a) further fragmentation of land that may reduce effective management of the environment (b) parcel arrangements that increase direct property access to waterfront areas. | <p>DTS/DPF 2.1</p> <p>Land division satisfies (a) and (b):</p> <ul style="list-style-type: none"> (a) does not create any additional allotments (b) for a boundary realignment that does not result in any additional allotments with frontage or direct access to the coast and will satisfy one of the following: <ul style="list-style-type: none"> (i) is for the creation of a public road or a public reserve (ii) is to remove an anomaly in existing boundaries with respect to the location of existing buildings or structures (iii) is for the management of existing native vegetation (iv) the resultant allotments are not less than: <table border="1" style="width: 100%; margin-top: 5px;"> <thead> <tr> <th style="text-align: center;">Minimum Site Area</th> </tr> </thead> <tbody> <tr> <td>Minimum site area for a detached dwelling is 400 sqm; semi-detached dwelling is 300 sqm; row dwelling is 300 sqm; group dwelling is 300 sqm; residential flat building is 250 sqm</td> </tr> <tr> <td>Minimum site area is 10 ha</td> </tr> <tr> <td>Minimum site area is 100 ha</td> </tr> <tr> <td>Minimum site area is 2 ha</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 2.1, in instances where:</p> <ul style="list-style-type: none"> (c) more than one value is returned in the same field for DTS/DPF 2.1(b)(iv), refer to the <i>Minimum Site Area Technical and Numeric Variation</i>, layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) no value is returned for DTS/DPF 2.1 (b)(iv) (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. | Minimum Site Area | Minimum site area for a detached dwelling is 400 sqm; semi-detached dwelling is 300 sqm; row dwelling is 300 sqm; group dwelling is 300 sqm; residential flat building is 250 sqm | Minimum site area is 10 ha | Minimum site area is 100 ha | Minimum site area is 2 ha |
| Minimum Site Area | | | | | | |
| Minimum site area for a detached dwelling is 400 sqm; semi-detached dwelling is 300 sqm; row dwelling is 300 sqm; group dwelling is 300 sqm; residential flat building is 250 sqm | | | | | | |
| Minimum site area is 10 ha | | | | | | |
| Minimum site area is 100 ha | | | | | | |
| Minimum site area is 2 ha | | | | | | |
| Environmental Protection | | | | | | |
| <p>PO 3.1</p> <p>Development avoids important habitat, nesting or breeding areas or areas that are important for the movement/migration patterns of fauna.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> | | | | | |
| <p>PO 3.2</p> <p>Development avoids seagrass, mangroves and saltmarshes for their biodiversity value and carbon storage potential.</p> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> | | | | | |
| Built Form and Character | | | | | | |
| <p>PO 4.1</p> <p>Development is sited and designed unobtrusively to minimise the visual impact on the natural environment by:</p> <ul style="list-style-type: none"> (a) using low-reflective materials and finishes that blend with, and colours that complement, the surrounding landscape (b) being located below hilltops and ridgelines | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> | | | | | |

| (c) being screened by existing vegetation. | | | |
|---|--|-------------|--|
| PO 4.2 Development is sited and designed to minimise impacts on the natural environment by: (a) containing construction and built form within a tightly defined site boundary (b) minimising the extent of earthworks. | DTS/DPF 4.2 None are applicable. | | |
| PO 4.3 Recreation or visitor facilities are located in publicly accessible areas in proximity to existing recreation trails to minimise impact on the natural environment. | DTS/DPF 4.3 None are applicable. | | |
| PO 4.4 Development does not obscure existing public views to landscape, river or seascape features and is not visibly prominent from key public vantage points, including public roads or car parking areas. | DTS/DPF 4.4 None are applicable. | | |
| Access and Car Parking | | | |
| PO 5.1 Vehicle access points are limited to minimise impact on the natural environment. | DTS/DPF 5.1 No more than one vehicle access point is provided to a site, landmark or lookout. | | |
| PO 5.2 Roads and vehicle access ways are located to minimise vegetation clearance and are constructed of permeable materials. | DTS/DPF 5.2 None are applicable. | | |
| PO 5.3 Roads are of a width and route to encourage low speeds and minimise impact on the natural environment. | DTS/DPF 5.3 None are applicable. | | |
| PO 5.4 Recreational trails and access ways are located to direct the public away from sensitive areas to minimise impact on the natural environment. | DTS/DPF 5.4 None are applicable. | | |
| PO 5.5 Recreational trails are raised or surfaced with permeable materials to minimise impact on the natural environment. | DTS/DPF 5.5 Pedestrian access ways/recreational trails are raised or constructed of permeable materials. | | |
| PO 5.6 Car parking areas are designed to minimise impact on the natural environment. | DTS/DPF 5.6 Car parking areas are: (a) constructed of permeable material (b) located on already legally cleared land (c) consolidated in one location. | | |
| Advertisement | | | |
| PO 6.1 Advertisements are limited to those needed for direction, identification and/or interpretation of environmental or cultural values and recreational and tourism facilities. | DTS/DPF 6.1 Advertisements are for one or more of the following: (a) direction (b) identification and interpretation of environmental values (c) identification of recreational and tourism facilities. | | |
| PO 6.2 Advertisements are limited in number and size to minimise impact on the visual and natural environment. | DTS/DPF 6.2 The total combined area of advertisement(s) is not greater than 2m ² on any one site and no part is greater than 3m in height from natural ground level. | | |
| Landscaping | | | |
| PO 7.1 Screening and planting are provided to buildings and structures and comprise locally indigenous species to enhance the natural environment. | DTS/DPF 7.1 None are applicable. | | |
| Hazard Risk Minimisation | | | |
| PO 8.1 Habitable buildings are designed and sited to manage the risks of natural hazards on personal and public safety and property. | DTS/DPF 8.1 None are applicable. | | |
| Concept Plans | | | |
| PO 9.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 9.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie</td> </tr> </tbody> </table> | Description | Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie |
| Description | | | |
| Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie | | | |

| Description |
|--|
| Concept Plan 4 - Minda Incorporated Brighton Campus - North Brighton |
| Concept Plan 74 - Shelley Beach - Kellidie Bay |
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 14 - Buckland Park |
| Concept Plan 71 - Hamley Bridge |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| In relation to DTS/DPF 9.1, in instances where: |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 9.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) agricultural building (d) building work on railway land (e) camp ground (f) carport (g) demolition (h) dwelling alterations or additions (i) farming (j) fence (k) internal building works (l) navigation structures, boat berth, pier, pontoon or similar structure (or any combination thereof) (m) outbuilding (n) private bushfire shelter (o) protective tree netting structure (p) public toilets (q) replacement building (r) retaining wall (s) shade sail (t) solar photovoltaic panels (roof mounted) (u) temporary accommodation in an area affected by bushfire (v) tree damaging activity (w) water tank. | None specified. |
| 3. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Aquaculture and Recreation Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Aquaculture, tourism, boating, fishing, recreation and associated facilities located, sited and designed to minimise detrimental impacts on the natural environment including offshore islands, and natural ecological processes including their historic, scientific, landscape, habitat, biodiversity and cultural values. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use | |
| PO 1.1 Aquaculture, tourism, recreation and other facilities | DTS/DPF 1.1 Development comprises one or more of the following: (a) a land use listed in Conservation Zone DTS/DPF 1.1 (b) Aquaculture (c) Boat Launching Facility (d) Pontoon |
| PO 1.2 An area for aquaculture grow out facilities and associated infrastructure including boat launching. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 An area for recreational and tourist related fishing and associated infrastructure including boat launching and a boating channel and mooring basin. | DTS/DPF 1.3 None are applicable. |
| PO 1.4 Oyster cultivation sites do not exceed a total area (including approved, but not yet developed leases) of 112.5 hectares, with an additional area of two hectares for educational purposes associated with the Cowell Area School. | DTS/DPF 1.4 None are applicable. |
| PO 1.5 Oyster holding areas are limited to two areas not exceeding 2.5 hectares. | DTS/DPF 1.5 None are applicable. |
| PO 1.6 Culture of species other than oysters (excluding other filter feeders) is restricted to two 5 hectare lease areas within the north eastern section of Franklin Harbour. | DTS/DPF 1.6 None are applicable. |
| Environment Protection | |
| PO 2.1 Development is sited and designed in a manner where adverse impacts on natural features, landscapes, habitats and cultural assets are minimised including avoiding: (a) the need to remove mangroves (b) the creation of turbidity of waters (c) contributing to water toxicity or the creation of algal blooms. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Oyster cultivation sites: (a) do not exceed 10 hectares site area per lease (b) do not exceed a stocking rate of 100,000 mature oysters, or their equivalent by weight per hectare (c) are located: (i) at least 100m apart (ii) an adequate distance from townships, to avoid potential pollution and contamination problems and conflicts with users generated by township activities. | DTS/DPF 2.2 None are applicable. |

Dwelling Subzone

| Desired Outcome | |
|-----------------|--|
| DO 1 | Replacement dwellings and limited new dwellings minimise detrimental impacts on the natural environment and natural ecological processes including their historic, scientific, landscape, habitat, biodiversity and cultural values. |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land use | |
| PO 1.1 Low-scale, low rise residential development. | DTS/DPF 1.1 Development comprises one or more of the following: (a) a land use listed in Conservation Zone DTS/DPF 1.1 (b) Single Storey Detached Dwelling (c) Domestic Outbuilding (d) Verandah |
| Dwellings | |
| PO 2.1 New dwellings minimise impacts on the environment and do not result in more than one dwelling on an allotment. | DTS/DPF 2.1 Detached dwellings, or dwelling extensions: (a) are no closer to a water frontage than the associated existing dwelling (b) are replacing an existing dwelling on substantially the same building footprint, allowing for up to 10% variation in total footprint area (c) do not result in more than one dwelling on an allotment. |
| PO 2.2 Dwellings are appropriately serviced by essential infrastructure. | DTS/DPF 2.2 Dwellings are self-sufficient in terms of water, sewerage, electricity and waste disposal unless existing infrastructure is available. |
| Environment Protection and Hazard Risk Minimisation | |
| PO 3.1 Replacement dwellings and alterations to existing dwellings result in environmental improvements by: (a) the provision of an approved wastewater system (b) reduced site coverage and/or (c) a reduction of the level of hazard risk. | DTS/DPF 3.1 None are applicable. |
| Ancillary Structures | |
| PO 4.1 Ancillary structures are associated with a dwelling and are clustered to minimise impacts on the natural environment. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Ancillary structures are limited in number and size to minimise impacts on the natural environment. | DTS/DPF 4.2 None are applicable. |

Shack Relocation Subzone

| Desired Outcome | |
|-----------------|--|
| DO 1 | An area subject to significant coastal hazard risk that is returned to its natural state by the relocation of existing shacks to a location adjacent to the subzone. |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land use | |
| PO 1.1 Demolition of existing shacks. | DTS/DPF 1.1 None are applicable. |

Small Scale Settlement Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Limited land division and dwelling opportunities within a conservation area are designed to minimise detrimental impacts on the natural environment and natural ecological processes including their historic, scientific, landscape, habitat, biodiversity and cultural values. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land use | |
| PO 1.1 Low-scale residential development and ancillary uses, including the division of land. | DTS/DPF 1.1 Development comprises one or more of the following: (a) a land use listed in Conservation Zone DTS/DPF 1.1 (b) Single Storey Detached Dwelling (c) Domestic Outbuilding (d) Land Division (e) Verandah |
| Dwellings | |
| PO 2.1 New dwellings minimise impacts on the environment and do not result in more than one dwelling on an allotment. | DTS/DPF 2.1 Detached dwellings, or dwelling extensions: (a) are no closer to a water frontage than the associated existing dwelling (b) are replacing an existing dwelling on substantially the same building footprint, allowing for up to 10% variation in total footprint area (c) do not result in more than one dwelling on an allotment. |
| PO 2.2 Dwellings are appropriately serviced by essential infrastructure. | DTS/DPF 2.2 Dwellings are self-sufficient in terms of water, sewerage, electricity and waste disposal unless existing infrastructure is available. |
| PO 2.3 Replacement dwellings and alterations to existing dwellings result in environmental improvements by: (a) the provision of an approved wastewater system (b) reduced site coverage and/or (c) a reduction of the level of hazard risk. | DTS/DPF 2.3 None are applicable. |
| Land division | |
| PO 3.1 Land division avoids areas where coastal or river processes occur and is for the creation of allotments required to accommodate dwellings relocated as a result of unacceptable coastal hazard risk. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Land division that accommodates an existing lawful dwelling. | DTS/DPF 3.2 None are applicable. |
| Ancillary Structures | |
| PO 4.1 Ancillary structures are associated with a dwelling and are clustered to minimise impacts on the natural environment. | DTS/DPF 4.1 None are applicable. |

| | |
|--|--|
| <p>PO 4.2</p> <p>Ancillary structures are limited in number and size to minimise impacts on the natural environment.</p> | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
|--|--|

Visitor Experience Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|-------------|---|
| <p>DO 1</p> | <p>Tourist accommodation within a conservation area complements visitor experiences, and is located, sited and designed to minimise detrimental impacts on the natural environment and natural ecological processes including their historic, scientific, landscape, habitat, biodiversity and cultural values.</p> |
|-------------|---|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use | |
| <p>PO 1.1</p> <p>A range of tourism, conservation and recreational land uses that provide an experience to visitors, while minimising environmental impacts.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) a land use listed in Conservation Zone DTS/DPF 1.1 (b) Tourist accommodation (c) Shop |
| <p>PO 1.2</p> <p>Small scale shops that cater for the needs of users and visitors of conservation areas.</p> | <p>DTS/DPF 1.2</p> <p>Shop with a gross leasable floor area less than 150m².</p> |
| Tourist Accommodation | |
| <p>PO 2.1</p> <p>Tourist accommodation avoids delicate or environmentally sensitive areas such as sand dunes, cliff tops, estuaries, wetlands or substantially intact strata of native vegetation (<i>including regeneration areas of native vegetation lost through bush fire</i>)</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Tourist accommodation is sited and designed in a manner that is subservient to the natural environment and where adverse impacts on natural features, landscapes, habitats and cultural assets are avoided.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Tourist accommodation and recreational facilities, including associated access ways and ancillary structures are located on cleared or degraded areas or where environmental improvements can be achieved.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Tourist accommodation designed to prevent conversion to dwellings through:</p> <ul style="list-style-type: none"> (a) comprising a minimum of 10 accommodation units (b) clustering of separated individual accommodation units (c) accommodation units being of a size unsuitable for a dwelling (d) functional areas that are generally associated with a dwelling such as kitchens and laundries are excluded from, or physically separated from individual accommodation units, or are of a size unsuitable for a dwelling. | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| Land Division | |
| <p>PO 3.1</p> <p>Land division for existing tourist accommodation purposes creates allotments of a number and size that will not detrimentally affect the natural environment.</p> | <p>DTS/DPF 3.1</p> <p>Land division resulting in all allotments being greater than 5ha in area to accommodate an existing tourist accommodation development.</p> |
| Car parking | |
| <p>PO 4.1</p> <p>Parking for tourist accommodation should:</p> <ul style="list-style-type: none"> (a) comprise a maximum of one space per tourist accommodation unit, plus parking for employees (b) be grouped in one location, unless it can be demonstrated that an alternative arrangement will reduce the impact on the natural environment | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |

(c) be located in an area where minimal vegetation clearance is required.

Deferred Urban Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | To safeguard land for future urban growth. |
|------|--|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Desired Outcome | |
|-----------------|--|
| DO 1 | A diverse range of low-impact light industrial, commercial and business activities that complement the role of other zones accommodating significant industrial, shopping and business activities. |
| DO 2 | Distinctive building, landscape and streetscape design to achieve high visual and environmental amenity particularly along arterial roads, zone boundaries and public open spaces. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A range of employment-generating light industrial, service trade, motor repair and other compatible businesses servicing the local community that do not produce emissions that would detrimentally affect local amenity.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Consulting room (c) Indoor recreation facility (d) Light industry (e) Motor repair station (f) Office (g) Place of worship (h) Research facility (i) Retail fuel outlet (j) Service trade premises (k) Shop (l) Store (m) Telecommunications facility (n) Training facility (o) Warehouse. |
| <p>PO 1.2</p> <p>Shops provide convenient day-to-day services and amenities to local businesses and workers, support the sale of products manufactured on-site and otherwise complement the role of Activity Centres.</p> | <p>DTS/DPF 1.2</p> <p>Shop where one of the following applies:</p> <ul style="list-style-type: none"> (a) with a gross leasable floor area up to 100m² (b) is a bulky goods outlet (c) is a restaurant (d) is ancillary to and located on the same allotment as an industry and primarily involves the sale by retail of goods manufactured by the industry. |
| <p>PO 1.3</p> <p>Telecommunication facilities located to mitigate impacts on visual amenity in residential areas.</p> | <p>DTS/DPF 1.3</p> <p>Telecommunications facility in the form of a monopole:</p> <ul style="list-style-type: none"> (a) up to a height of 30m (b) no closer than 50m to a neighbourhood-type zone. |
| <p>PO 1.4</p> <p>Bulky good outlets and standalone shops are located to provide convenient access.</p> | <p>DTS/DPF 1.4</p> <p>Bulky goods outlets and standalone shops are located on sites with a frontage to a State Maintained Road.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Development achieves distinctive building, landscape and streetscape design to achieve high visual and environmental amenity particularly along arterial roads, zone boundaries and public open spaces.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Building facades facing a boundary of a zone primarily intended to accommodate residential development, public roads, or public open space incorporate design elements to add visual interest by considering the following:</p> <ul style="list-style-type: none"> (a) using a variety of building finishes (b) avoiding elevations that consist solely of metal cladding (c) using materials with a low reflectivity (d) using techniques to add visual interest and reduce large expanses of blank walls including modulation and incorporation of offices and showrooms along elevations visible to a public road. | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| Building height and setbacks | |
| <p>PO 3.1</p> <p>Buildings are set back from the primary street boundary to contribute to the existing/emerging pattern of street setbacks in the streetscape.</p> | <p>DTS/DPF 3.1</p> <p>The building line of a building set back from the primary street boundary:</p> <ul style="list-style-type: none"> (a) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building or (c) not less than 3m where no building exists on an adjoining site with the same primary street frontage. |
| <p>PO 3.2</p> <p>Buildings are set back from a secondary street boundary to accommodate the provision of landscaping between buildings and the street to enhance the appearance of land and buildings</p> | <p>DTS/DPF 3.2</p> <p>Building walls are no closer than 2m to the secondary street boundary.</p> |

| <p>when viewed from the street.</p> | | | | | | | | | | | | | | | | | | |
|---|---|----------------------------------|--|------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|----------------------------------|--|-------------------------------|-------------------------------|---------------------------------|-------------------------------|--------------------------------|--------------------------------|----------------------------------|--------------------------------|
| <p>PO 3.3 Buildings are set back from rear access ways to provide adequate manoeuvrability for vehicles to enter and exit the site.</p> | <p>DTS/DPF 3.3 Building walls are set back from the rear access way: (a) where the access way is 6.5m wide or more, no requirement (b) where the access way is less than 6.5m wide, the distance equal to the additional width required to make the access way at least 6.5m wide.</p> | | | | | | | | | | | | | | | | | |
| <p>PO 3.4 Buildings are sited to accommodate vehicle access to the rear of a site for deliveries, maintenance and emergency purposes.</p> | <p>DTS/DPF 3.4 Building walls are set back at least 3m from at least one side boundary, unless an alternative means for vehicular access to the rear of the site is available.</p> | | | | | | | | | | | | | | | | | |
| <p>PO 3.5 Building height is consistent with the form expressed in any relevant <i>Maximum Building Height (Levels) Technical and Numeric Variation</i> layer, and is otherwise generally low-rise to complement the established streetscape and local character.</p> | <p>DTS/DPF 3.5 Building height is not greater than: (a) the following:</p> <table border="1" data-bbox="802 571 1554 1064"> <thead> <tr> <th colspan="2">Maximum Building Height (Levels)</th> </tr> </thead> <tbody> <tr><td>Maximum building height is 1 level</td></tr> <tr><td>Maximum building height is 2 levels</td></tr> <tr><td>Maximum building height is 3 levels</td></tr> <tr><td>Maximum building height is 4 levels</td></tr> <tr><td>Maximum building height is 6 levels</td></tr> <tr> <th colspan="2">Maximum Building Height (Metres)</th> </tr> <tr><td>Maximum building height is 6m</td></tr> <tr><td>Maximum building height is 8m</td></tr> <tr><td>Maximum building height is 8.5m</td></tr> <tr><td>Maximum building height is 9m</td></tr> <tr><td>Maximum building height is 10m</td></tr> <tr><td>Maximum building height is 12m</td></tr> <tr><td>Maximum building height is 12.5m</td></tr> <tr><td>Maximum building height is 22m</td></tr> </tbody> </table> <p>(b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 2 building levels up to a height of 9m.</p> <p>In relation to DTS/DPF 3.5, in instances where:</p> <p>(c) more than one value is returned in the same field for DTS/DPF 3.5(a) refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation</i> layer or <i>Maximum Building Height (Metres) Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development</p> <p>(d) only one value is returned for DTS/DPF 3.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.</p> | Maximum Building Height (Levels) | | Maximum building height is 1 level | Maximum building height is 2 levels | Maximum building height is 3 levels | Maximum building height is 4 levels | Maximum building height is 6 levels | Maximum Building Height (Metres) | | Maximum building height is 6m | Maximum building height is 8m | Maximum building height is 8.5m | Maximum building height is 9m | Maximum building height is 10m | Maximum building height is 12m | Maximum building height is 12.5m | Maximum building height is 22m |
| Maximum Building Height (Levels) | | | | | | | | | | | | | | | | | | |
| Maximum building height is 1 level | | | | | | | | | | | | | | | | | | |
| Maximum building height is 2 levels | | | | | | | | | | | | | | | | | | |
| Maximum building height is 3 levels | | | | | | | | | | | | | | | | | | |
| Maximum building height is 4 levels | | | | | | | | | | | | | | | | | | |
| Maximum building height is 6 levels | | | | | | | | | | | | | | | | | | |
| Maximum Building Height (Metres) | | | | | | | | | | | | | | | | | | |
| Maximum building height is 6m | | | | | | | | | | | | | | | | | | |
| Maximum building height is 8m | | | | | | | | | | | | | | | | | | |
| Maximum building height is 8.5m | | | | | | | | | | | | | | | | | | |
| Maximum building height is 9m | | | | | | | | | | | | | | | | | | |
| Maximum building height is 10m | | | | | | | | | | | | | | | | | | |
| Maximum building height is 12m | | | | | | | | | | | | | | | | | | |
| Maximum building height is 12.5m | | | | | | | | | | | | | | | | | | |
| Maximum building height is 22m | | | | | | | | | | | | | | | | | | |
| <p>PO 3.6 Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.</p> | <p>DTS/DPF 3.6 Buildings are constructed within a building envelope provided by a 45 degree plane, measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes in a neighbourhood-type zone as shown in the following diagram, except where the relevant boundary is a southern boundary or where this boundary is the primary street boundary.</p>  | | | | | | | | | | | | | | | | | |
| <p>PO 3.7 Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.</p> | <p>DTS/DPF 3.7 Buildings on sites with a southern boundary adjoining an allotment used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:</p> | | | | | | | | | | | | | | | | | |

PO 3.8
Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 3.8
None are applicable.

Site Dimensions and Land Division

PO 4.1
Land division creates allotments that vary in size and are suitable for a variety of commercial and business activities.

DTS/DPF 4.1
Allotments:
(a) connected to an approved common wastewater disposal service have an area of 1250m² or more and a frontage width of 20m or more
(b) that will require the disposal of wastewater on-site have an area of 2000m² or more and a frontage width of 20m or more.

Landscaping

PO 5.1
Landscaping is provided to enhance the visual appearance of development when viewed from public roads and thoroughfares.

DTS/DPF 5.1
Other than to accommodate a lawfully existing or authorised driveway or access point, or an access point for which consent has been granted as part of an application for the division of land, a landscaped area is provided within the development site:
(a) where a building is set back less than 3m from the street boundary - 1m wide or the area remaining between the relevant building and the street boundary where the building is less than 1m from the street boundary
or
(b) in any other case - at least 1.5m wide.

PO 5.2
Development incorporates areas for landscaping to enhance the overall amenity of the site and locality.

DTS/DPF 5.2
Landscape areas comprise:
(a) not less than 10 percent of the site
(b) a dimension of at least 1.5m.

Advertisements

PO 6.1
Freestanding advertisements are not visually dominant within the locality.

DTS/DPF 6.1
Freestanding advertisements:
(a) do not exceed 6m in height above natural ground level
(b) do not have a face that exceeds 8m².

Concept Plans

PO 7.1
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 7.1
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|--|
| Concept Plan 70 - Mount Gambier Northern Gateway |
| Concept Plan 73 - Port Vincent |
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 9 - Blakeview |
| Concept Plan 11 - Munno Para |
| Concept Plan 17 - Angle Vale |
| Concept Plan 21 - Virginia |
| Concept Plan 22 - Virginia Infrastructure |
| Concept Plan 71 - Hamley Bridge |
| Concept Plan 16 - Angle Vale Infrastructure |

| Description |
|--|
| Concept Plan 50 - Roseworthy Town Expansion |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Concept Plan 87 - Hindmarsh Road |
| Concept Plan 99 - Two Wells |
| Concept Plan 98 - Mallala |
| Concept Plan 95 - Kingsford Regional Estate |
| Concept Plan 94 - Old Reynella |
| Concept Plan 101 - Evanston Gardens, Evanston South, Hillier |
| Concept Plan 100 - Gawler East |
| Concept Plan 114 - Totness |
| In relation to DTS/DPF 7.1, in instances where: |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building on railway land (d) carport (e) fence (f) outbuilding (g) retaining wall (h) shade sail (i) solar photovoltaic panels (roof mounted) (j) temporary public service depot (k) verandah (l) water tank. | Except development that exceeds the maximum building height specified in Employment Zone DTS/DPF 3.5 or does not satisfy any of the following: 1. Employment Zone DTS/DPF 3.6 2. Employment Zone DTS/DPF 3.7. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) light industry (c) office (d) motor repair station (e) retail fuel outlet (f) store (g) warehouse. | Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) land division (c) replacement building (d) temporary accommodation in an area affected by bushfire (e) tree damaging activity. | None specified. |
| 5. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place |

| | |
|--|---|
| | 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 6. Shop within any of the following: (a) Retail Activity Centre Subzone (b) Roadside Service Centre Subzone. | Except shop that exceeds the maximum building height specified in Employment Zone DTS/DPF 3.5 or does not satisfy any of the following: 1. Employment Zone DTS/DPF 3.6 2. Employment Zone DTS/DPF 3.7. |
| 7. Shop. | Except: 1. where the site of the shop is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone or 2. shop that exceeds the maximum building height specified in Employment Zone DTS/DPF 3.5 or 3. shop that does not satisfy Employment Zone DTS/DPF 1.2. |
| 8. Telecommunications facility. | Except telecommunications facility that does not satisfy Employment Zone DTS/DPF 1.3. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Roadside Service Centre Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Provision of services and facilities to cater for the needs of road users, particularly on long journeys. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land use and Intensity | |
| PO 1.1 Roadside service centres provide integrated services and facilities to encourage road users, particularly on the state's highways, to stop and take an effective break in the interests of driver safety. | DTS/DPF 1.1 Development comprises a retail fuel outlet and any of the following uses: (a) Advertisement (b) Electric vehicle recharging station (c) Emergency services facilities (d) Marshalling yard for heavy vehicles (e) Playground (f) Public amenities, including toilets, showers and washrooms (g) Restaurant (h) Rest facilities for drivers (i) Shop with a gross leasable area up to 250m ² (j) Telecommunications facilities (k) Tourist information centre (l) Wastewater dump point for recreational vehicles. |
| Built form and Character | |
| PO 2.1 Integrated roadside service centres are clearly visible from the adjoining roadway, well lit and clearly signposted to promote safe access from the highway without being so prominent so as to adversely impact on the landscape character of the locality. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Integrated roadside service centres comprise a unified architectural design with building material, colour and the layout of buildings to address the visual context of the locality. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Development of an integrated roadside service centre provides safe and convenient access to and from the adjoining road network for all vehicles up to and including the largest vehicle type expected to access the site. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 Integrated roadside service centres are designed to provide a layout that is simple, understandable and accessible for drivers and cater for separation of heavy and light vehicles. | DTS/DPF 2.4 None are applicable. |

| | |
|--|--|
| PO 2.5 Integrated roadside service centres encourage slow internal vehicular traffic speeds for the safety of motorists and pedestrians. | DTS/DPF 2.5 The internal vehicular traffic speeds do not exceed 20 km/h. |
| Building Setbacks | |
| PO 3.1 Buildings and structures are set back from public roadways to reduce their visual dominance and maintain an open character to the entrance to townships. | DTS/DPF 3.1 Buildings and structures, excluding freestanding advertisements, are setback at least 25m from any adjoining roadway. |
| Fencing | |
| PO 4.1 Fencing associated with an integrated roadside service centre comprises traditional post and wire fencing except where required to screen service areas from public view. | DTS/DPF 4.1 None are applicable. |
| Landscaping | |
| PO 5.1 Integrated roadside service centres provide a strip of landscaping of a minimum of 5m wide along road frontages to enhance the appearance of land and buildings while providing safe driver sightlines. | DTS/DPF 5.1 None are applicable. |
| PO 5.2 Development of a roadside service centre provides landscaping around buildings and to separate driveways. | DTS/DPF 5.2 None are applicable. |
| Advertisements | |
| PO 6.1 A multi-tenancy freestanding pylon advertisement identifies available services and facilities to support early driver recognition of, and safe navigation in to, an integrated roadside service centre from roads with high vehicular traffic speeds (ie at least 80km/h). | DTS/DPF 6.1 One multi-tenancy pylon sign is erected in association with an integrated roadside service centre that: (a) does not exceed 12m in height above natural ground level (b) does not have a face that exceeds 8m ² (c) only identifies the primary integrated roadside service centre facility and individual tenancies. |
| PO 6.2 Freestanding advertisements, other than a multi-tenancy pylon advertisement, are not visually dominant within the locality. | DTS/DPF 6.2 Individual freestanding advertisements for individual tenancies: (a) do not exceed 6m in height above natural ground level (b) do not have a face that exceeds 8m ² (c) are sited a minimum distance of 20m from each other and from any adjoining road reserves. |
| PO 6.3 Advertisements relating to services and facilities associated with an integrated roadside service centre do not dominate the buildings to which they relate and are: (a) integrated with the design of buildings (b) not located above the roofline of any building or refuelling area canopy. | DTS/DPF 6.3 None are applicable. |

Retail Activity Centre Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Specialist activity centres that comprise large format retail and commercial activities which complement the principal land uses desired in the zone and the role of other zones accommodating significant shopping, business and commercial activities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Large format retail and commercial activities, including indoor recreation and leisure facilities, of a scale that caters for demand. | DTS/DPF 1.1 Development comprises one or more of the following land uses: (a) Indoor recreation facility (b) Leisure and entertainment facility (c) Service trade premises (d) Shop. |
| PO 1.2 Contemporary retail opportunities provided at larger scales. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 Shops, including supermarkets, restaurants and cafes, designed and sited to be complementary to established land uses and of appropriate scale to cater for demand. | DTS/DPF 1.3 None are applicable. |

| | |
|---|-------------------------------------|
| PO 1.4 Indoor recreation and leisure facilities that complement retail and commercial activities. | DTS/DPF 1.4 None are applicable. |
| Built Form and Character | |
| PO 2.1 Development takes the form of large buildings which are well designed, articulated and of a scale which respects adjoining land uses. | DTS/DPF 2.1 None are applicable. |

Employment (Bulk Handling) Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Agricultural and other commodities are received, stored and dispatched in bulk to generate wealth and employment for the state. |
| DO 2 | A pleasant visual amenity when viewed from adjacent arterial roads, adjoining zones, and entrance ways to towns, settlements and cities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Development primarily in the form of facilities for the handling and storage of bulk commodities to enhance economic activity and supply chain efficiencies. | DTS/DPF 1.1 Development comprises one or more of the following: (a) Advertisement (b) Bulk handling facility including bunkers and silos for the reception, storage and dispatch of commodities in bulk (c) Office in association with a facility for the reception, storage and dispatch of commodities in bulk (d) Store (e) Telecommunications facility (f) Truck parking area. |
| PO 1.2 Value-adding industries, including the processing and packaging of commodities, that complement facilities for the reception, storage and dispatch of agricultural and other commodities in bulk to enhance the use of the zone and support local job opportunities. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 Office associated with and ancillary to facilities for the handling and storage of bulk commodities to support the management and operational aspects of those facilities. | DTS/DPF 1.3 Office: (a) in association with and ancillary to a facility for the reception, storage and dispatch of commodities in bulk (b) with a gross leasable floor area up to 150m ² . |
| PO 1.4 Telecommunication facilities located to mitigate impacts on visual amenity in residential areas. | DTS/DPF 1.4 Telecommunications facility in the form of a monopole: (a) up to a height of 30m (b) no closer than 50m to a neighbourhood-type zone. |
| Land Division | |
| PO 2.1 Land division that creates allotments that are of a size and shape suitable for bulk handling and complementary uses. | DTS/DPF 2.1 None are applicable. |
| Fencing | |
| PO 3.1 Fencing exceeding 2.1m in height is integrated and designed to complement the appearance of land and buildings and does not form a dominant visual feature from adjacent streets to enhance the character of employment areas. | DTS/DPF 3.1 Fencing exceeding 2.1m in height satisfies one of the following: (a) located behind a façade of an associated building located on the same site (b) located behind a landscaped area along relevant street frontages (c) consists of visually permeable materials with landscaping behind. |

| Advertisements | | | | | |
|--|---|-------------|---|-----------------------------|---------------------------|
| <p>PO 4.1</p> <p>Freestanding advertisements do not create a visually dominant element within the locality.</p> | <p>DTS/DPF 4.1</p> <p>Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) up to 4m in height from natural ground level (b) with a sign face up to 6m² per side. | | | | |
| Concept Plans | | | | | |
| <p>PO 5.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 5.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met. | Description | Concept Plan 50 - Roseworthy Town Expansion | Concept Plan 99 - Two Wells | Concept Plan 98 - Mallala |
| Description | | | | | |
| Concept Plan 50 - Roseworthy Town Expansion | | | | | |
| Concept Plan 99 - Two Wells | | | | | |
| Concept Plan 98 - Mallala | | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building on railway land (d) carport (e) fence (f) internal building works (g) outbuilding (h) replacement building (i) solar photovoltaic panels (roof mounted) (j) temporary accommodation in an area affected by bushfire (k) tree damaging activity (l) verandah (m) water tank. | None specified. |
| 3. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) bulk handling facility (b) store (c) telecommunications facility (d) truck parking area. | Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. |
| 4. Demolition. | Except any of the following: <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 5. Office. | Except: |

1. where the site of the office is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone
or
2. office that does not satisfy Employment (Bulk Handling) Zone DTS/DPF 1.3.

Placement of Notices - Exemptions for Performance Assessed Development

| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Development for a range of land uses that may generate emissions including general industry, warehouse, transport distribution and the like supplemented by other compatible development so as not to unduly impede the use of land in other ownership in the zone for employment-generating land uses.</p> | <p>DTS/DPF 1.1</p> <p>Development (other than where a referral is required under Part 9 - Referrals of the Planning and Design Code) comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Aerodrome (c) Automotive collision repair (d) Builder's yard (e) Electricity substation (f) Fuel depot (g) General industry (h) Light Industry (i) Motor repair station (j) Office (k) Public service depot (l) Retail fuel outlet (m) Service trade premises (n) Shop (o) Store (p) Transport distribution facility (q) Telecommunications facility (r) Warehouse (s) Workers' accommodation |
| <p>PO 1.2</p> <p>Shops catering to the surrounding workforce and residents within workers' accommodation enhances the amenity of the zone for those workers.</p> | <p>DTS/DPF 1.2</p> <p>Shop (other than a bulky goods outlet) comprising any of the following:</p> <ul style="list-style-type: none"> (a) shop with a gross leasable floor area up to 450m² (b) shop that is a restaurant. |
| <p>PO 1.3</p> <p>Office associated with and ancillary to another land use contemplated in the zone to support the management and administrative aspects of those business activities.</p> | <p>DTS/DPF 1.3</p> <p>Office ancillary to and located on the same allotment as another land use identified in DTS/DPF 1.1.</p> |
| <p>PO 1.4</p> <p>Development provides space adjacent to and around buildings to accommodate areas for the manoeuvring, loading / unloading and parking of vehicles, storage of waste and landscaping to enhance local amenity and mitigate interrupting the operation of and safety on public roads and thoroughfares.</p> | <p>DTS/DPF 1.4</p> <p>The total roofed area of all existing and proposed buildings on the allotment or lease area does not exceed 50%.</p> |
| <p>PO 1.5</p> | <p>DTS/DPF 1.5</p> |

| | |
|--|--|
| <p>Telecommunication facilities are located to mitigate impacts on visual amenity on residential areas.</p> | <p>Telecommunications facility in the form of a monopole, tower or mast:</p> <ul style="list-style-type: none"> (a) up to a height of 30m (b) no closer than 50m to neighbourhood-type zone. |
| <p>PO 1.6 Workers' accommodation provided to support major industrial, mining and business activities to facilitate economic activity.</p> | <p>DTS/DPF 1.6 Workers' accommodation in connection with a resource extraction operation:</p> <ul style="list-style-type: none"> (a) is constructed by the principal operator of the mine or authorised agent thereof (b) primarily accommodates workers for the relevant mine. |
| <p>Land Division</p> | |
| <p>PO 2.1 Land division creates allotments of a size and shape suitable for a range of industrial, transport, warehouse and similar or complementary land uses that support employment generation.</p> | <p>DTS/DPF 2.1 Allotments:</p> <ul style="list-style-type: none"> (a) connected to an approved common waste water disposal service, have an area of 1000m² or more and a frontage width of 20m or more. (b) involving the disposal of waste water on-site, have an area of 1500m² or more and a frontage width of 20m or more. |
| <p>PO 2.2 Land division is designed to:</p> <ul style="list-style-type: none"> (a) minimise fire risk danger to occupants of buildings and firefighting personnel (b) minimise the potential risk of damage to buildings and other property during a bushfire (c) ensure each allotment contains a suitable building envelope that is located away from any vegetation that would pose an unacceptable risk in the event of bushfire. | <p>DTS/DPF 2.2 None are applicable.</p> |
| <p>Built Form and Character</p> | |
| <p>PO 3.1 Buildings use materials and finishes complement the landscape and mitigate the effects of glare on adjacent land users.</p> | <p>DTS/DPF 3.1 Buildings are clad in any of the following or a combination thereof:</p> <ul style="list-style-type: none"> (a) materials other than sheet metal (b) if sheet metal is used it is pre-colour treated or painted in a non-reflective colour. |
| <p>PO 3.2 Buildings are sited to accommodate vehicle access to the rear of a site for deliveries, maintenance and emergency purposes.</p> | <p>DTS/DPF 3.2 Buildings set back 3m or more from at least one side boundary.</p> |
| <p>Landscaping</p> | |
| <p>PO 4.1 Landscaping is provided along public roads, thoroughfares and zone boundaries to enhance the visual appearance of development and soften the impact of large buildings when viewed from public spaces and adjacent land outside the zone.</p> | <p>DTS/DPF 4.1 Other than to accommodate a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land, a landscaped area is provided within the development site in accordance with the following:</p> <ul style="list-style-type: none"> (a) 3m wide along any boundary on the perimeter of the zone fronting a public road or thoroughfare (b) 1.5m wide fronting a public road or thoroughfare within the zone (and not on the perimeter of the zone) (c) 1.5m wide along any boundary on the perimeter of the zone not fronting a public road or thoroughfare. |
| <p>PO 4.2 Development incorporates areas for landscaping to enhance the overall amenity of the site and locality.</p> | <p>DTS/DPF 4.2 Landscape areas comprise:</p> <ul style="list-style-type: none"> (a) not less than 10 percent of the site area (b) a dimension of at least 1.5m. |
| <p>Fencing</p> | |
| <p>PO 5.1 Fencing exceeding 2.1m in height is integrated and designed to complement the appearance of land and buildings and does not form a dominant visual feature from adjacent streets to enhance the character of employment areas.</p> | <p>DTS/DPF 5.1 Fencing exceeding 2.1m in height:</p> <ul style="list-style-type: none"> (a) is located behind a façade of an associated building located on the same site or (b) is located behind a landscaped area along relevant street frontages or (c) consists of visually permeable materials with landscaping behind. |
| <p>Advertisements</p> | |
| <p>PO 6.1 Freestanding advertisements do not create a visually dominant element within the locality.</p> | <p>DTS/DPF 6.1 Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) do not exceed 6m in height |

| | |
|--|--|
| | (b) do not have a sign face exceeding 8m ² per side. |
| Concept Plans | |
| <p>PO 7.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 7.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 7.1, in instances where:</p> <p>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</p> <p>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met.</p> |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) automotive collision repair (d) builder's yard (e) carport (f) internal building works (g) light industry (h) land division (i) motor repair station (j) office (k) outbuilding (l) replacement building (m) retaining wall (n) plant nursery (o) public service depot (p) service trade premises (q) shade sail (r) solar photovoltaic panels (roof mounted) (s) store (t) temporary accommodation in an area affected by bushfire (u) verandah (v) warehouse (w) water tank (x) workers' accommodation. | None specified. |
| 3. Aerodrome. | Except aerodrome within the Light Industry Subzone. |
| 4. Demolition. | Except any of the following: <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 5. General industry. | Except general industry within the Light Industry Subzone. |
| 6. Shop within the Light Industry Subzone. | Except shop that does not satisfy Light Industry Subzone DTS/DPF 1.2. |
| 7. Shop. | Except shop that does not satisfy Employment (Enterprise) Zone DTS/DPF 1.2. |
| 8. Telecommunications facility. | Except telecommunications facility that does not satisfy Employment (Enterprise) Zone DTS/DPF |

| | |
|-------------------------------------|---|
| | 1.5. |
| 9. Transport distribution facility. | Except transport distribution facility within the Light Industry Subzone. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Light Industry Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | A range of light industrial and other business activities that complement the role of other zones that provide a focus for shopping, administrative, civic and community activities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land use and Intensity | |
| <p>PO 1.1</p> <p>A range of employment generating light industrial and compatible commercial businesses servicing the local community that do not produce objectionable emissions.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the land uses:</p> <ul style="list-style-type: none"> (a) Light industry (b) Motor repair station (c) Public service depot (d) Retail fuel outlet (e) Service trade premises (f) Shop (g) Store (h) Warehouse (i) Waste transfer station. |
| <p>PO 1.2</p> <p>Shops provide a local convenience service to meet the day to day needs of the local community and surrounding businesses as well as support the sale of products manufactured on-site to supplement business activities and support local employment.</p> | <p>DTS/DPF 1.2</p> <p>Shop that meets any one of the following:</p> <ul style="list-style-type: none"> (a) has a gross leasable floor area not exceeding 100m² (b) it is ancillary to and located on the same allotment as a light industry (c) it is a bulky goods outlet and has a gross leasable floor area exceeding 250m². |
| <p>PO 1.3</p> <p>Office associated with and ancillary to another land use contemplated in the subzone to support the management and operational aspects of business activities.</p> | <p>DTS/DPF 1.3</p> <p>Office:</p> <ul style="list-style-type: none"> (a) located on the same allotment as a land use identified in Light Industry Subzone DTS/DPF 1.1; and (b) with a gross leasable floor area up to 100m² |

Established Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A neighbourhood that includes a range of housing types, with new buildings sympathetic to the predominant built form character and development patterns. |
| DO 2 | Maintain the predominant streetscape character, having regard to key features such as roadside plantings, footpaths, front yards, and space between crossovers. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Predominantly residential development with complementary non-residential activities compatible with the established development pattern of the neighbourhood.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Ancillary accommodation (b) Community facility (c) Consulting room (d) Dwelling (e) Office (f) Recreation area (g) Shop. |
| <p>PO 1.2</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.2</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 30% of the total floor area of the associated dwelling (excluding any garage or carport) or 50m² gross leasable floor area, whichever is the lesser (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: <ul style="list-style-type: none"> (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes (c) is located more than 500m from an Activity Centre and satisfies one of the following: <ul style="list-style-type: none"> (i) does not exceed 100m² gross leasable floor area (individually or combined, in a single building) where the site does not have a frontage to a State Maintained Road (ii) does not exceed 200m² gross leasable floor area (individually or combined, in a single building) where the site has a frontage to a State Maintained Road (d) the development site abuts an Activity Centre and all the following are satisfied: <ul style="list-style-type: none"> (i) it does not exceed 200m² gross leasable floor area (individually or combined, in a single building) (ii) the proposed development will not result in a combined gross leasable floor area (existing and proposed) of all shops, consulting rooms and offices that abut the Activity Centre in this zone exceeding the lesser of the following: <ul style="list-style-type: none"> A. 50% of the existing gross leasable floor area within the Activity Centre B. 1000m². |
| <p>PO 1.3</p> <p>Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Non-residential development located and designed to improve community accessibility to services, primarily in the form of:</p> <ul style="list-style-type: none"> (a) small scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational establishments, community centres, places of worship, pre-schools, childcare and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities (d) open space and recreation facilities. | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Expansion of existing community services such as educational establishments, community facilities and pre-schools in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood.</p> | <p>DTS/DPF 1.5</p> <p>Alteration of or addition to existing educational establishments, community facilities or pre-schools where all the following are satisfied:</p> <ul style="list-style-type: none"> (a) set back at least 3m from any boundary shared with a residential land use (b) building height not exceeding 1 building level (c) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration (d) off-street vehicular parking exists or will be provided in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |
| Site Dimensions and Land Division | |

P02.1

Allotments/sites for residential purposes are of suitable size and dimension to accommodate the anticipated dwelling form and are compatible with the prevailing development pattern in the locality.

DTS/DPF 2.1

Development will not result in more than 1 dwelling on an existing allotment

or

Development involves the conversion of an existing dwelling into two or more dwellings and the existing dwelling retains its original external appearance to the public road

or

Allotments/sites for residential purposes accord with the following:

- (a) site areas (or allotment areas in the case of land division) are not less than the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building):

| Minimum Site Area |
|---|
| Minimum site area for a detached dwelling is 1,000 sqm |
| Minimum site area for a detached dwelling is 125 sqm; semi-detached dwelling is 125 sqm; row dwelling is 125 sqm; group dwelling is 275 sqm; residential flat building is 275 sqm |
| Minimum site area for a detached dwelling is 150 sqm; semi-detached dwelling is 150 sqm; row dwelling is 150 sqm |
| Minimum site area for a detached dwelling is 150 sqm; semi-detached dwelling is 150 sqm; row dwelling is 150 sqm; group dwelling is 150 sqm; residential flat building is 150 sqm |
| Minimum site area for a detached dwelling is 1,500 sqm |
| Minimum site area for a detached dwelling is 200 sqm; semi-detached dwelling is 200 sqm; row dwelling is 200 sqm |
| Minimum site area for a detached dwelling is 250 sqm; semi-detached dwelling is 250 sqm; row dwelling is 190 sqm; group dwelling is 275 sqm; residential flat building is 275 sqm |
| Minimum site area for a detached dwelling is 250 sqm; semi-detached dwelling is 250 sqm; row dwelling is 250 sqm; group dwelling is 250 sqm |
| Minimum site area for a detached dwelling is 270 sqm; semi-detached dwelling is 270 sqm |
| Minimum site area for a detached dwelling is 270 sqm; semi-detached dwelling is 270 sqm; row dwelling is 270 sqm |
| Minimum site area for a detached dwelling is 300 sqm |
| Minimum site area for a detached dwelling is 300 sqm; semi-detached dwelling is 270 sqm; row dwelling is 200 sqm |
| Minimum site area for a detached dwelling is 300 sqm; semi-detached dwelling is 300 sqm |
| Minimum site area for a detached dwelling is 300 sqm; semi-detached dwelling is 300 sqm; row dwelling is 300 sqm |
| Minimum site area for a detached dwelling is 300 sqm; semi-detached dwelling is 300 sqm; row dwelling is 300 sqm; group dwelling is 300 sqm |

or

- (b) where no side boundary setback value is returned in (a) above, and except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on one side boundary and satisfy (i) or (ii) below:
 - (i) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height
 - (ii) side boundary walls do not:
 - A. exceed 3.2m in height from the lower of the natural or finished ground level
 - B. exceed 8m in length
 - C. when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary
 - D. encroach within 3m of any other existing or proposed boundary walls on the subject land.

PO 7.2

Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a low density suburban streetscape character.

DTS/DPF 7.2

Dwellings in a semi-detached, row or terrace arrangement are setback from side boundaries shared with allotments outside the development site at least the minimum distance identified in Established Neighbourhood Zone DTS/DPF 8.1.

Side Boundary Setback

PO 8.1

Buildings are set back from side boundaries to provide:

- (a) separation between buildings in a way that complements the established character of the locality
- (b) access to natural light and ventilation for neighbours.

DTS/DPF 8.1

Other than walls located on a side boundary in accordance with Established Neighbourhood Zone DTS/DPF 7.1, building walls are set back from the side boundary:

- (a) no less than:

| Minimum Side Boundary Setback |
|--|
| Minimum side boundary setback is 3m |
| Minimum side boundary setback is 2m |
| Minimum side boundary setback is 1m |
| Minimum side boundary setback is 4m |
| Minimum side boundary setback is 1.5m |
| Minimum side boundary setback is 1.5m for the first building level; 2m for any second building level or higher |
| Minimum side boundary setback is 1.5m for the first building level; 3m for any second building level or higher |
| Minimum side boundary setback is 1.5m for the first building level; 4m for any second building level or higher |
| Minimum side boundary setback is 1m for the first building level; 2m for any second building level or higher |
| Minimum side boundary setback is 1m for the first building level; 2.5m for any second building level or higher |
| Minimum side boundary setback is 1m for the first building level; 3m for any second building level or higher |
| Minimum side boundary setback is 2m for the first building level; 4m for any second building level or higher |
| Minimum side boundary setback is 3m for the first building level; 4m for any second building level or higher |
| Minimum side boundary setback is 4m for the first building level; 8m for any second building level or higher |

- (b) in all other cases (i.e. there is a blank field), then:
 - (i) at least 900mm where the wall is up to 3m
 - (ii) other than for a south facing wall, at least 900mm plus 1/3 of the wall height above 3m
 - (iii) at least 1.9m plus 1/3 of the wall height above 3m for south facing walls.

Rear Boundary Setback

| | |
|--|--|
| <p>PO 9.1</p> <p>Buildings are set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours (c) private open space (d) space for landscaping and vegetation. | <p>DTS/DPF 9.1</p> <p>Other than in relation to an access lane way, buildings are set back from the rear boundary at least:</p> <ul style="list-style-type: none"> (a) 4m for the first building level (b) 6m for any second building level. |
|--|--|

Appearance

| | |
|--|--|

| Advertisements | |
| PO 12.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality. | DTS/DPF 12.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m ² and mounted flush with a wall or fence. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by: (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following: 1. residential flat building(s) of 3 or more building levels 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) dwelling (g) dwelling addition (h) fence (i) outbuilding (j) pergola (k) private bushfire shelter (l) residential flat building (m) retaining wall (n) shade sail (o) solar photovoltaic panels (roof mounted) (p) swimming pool or spa pool (q) verandah (r) water tank. | Except development that: 1. exceeds the maximum building height specified in Established Neighbourhood Zone DTS/DPF 4.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: (a) the length of the proposed wall (or structure) exceeds 8m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop. | Except development that: 1. does not satisfy Established Neighbourhood Zone DTS/DPF 1.2 or 2. exceeds the maximum building height specified in Established Neighbourhood Zone DTS/DPF 4.1 or 3. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: (a) the length of the proposed wall (or structure) exceeds 8m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 5. Any of the following (or of any combination of any of the following): (a) internal building works (b) land division (c) recreation area (d) replacement building | None specified. |

| | |
|--|--|
| <ul style="list-style-type: none"> (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | |
| <p>6. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

| | |
|--|---|
| <p>PO 2.3</p> <p>Land division results in sites that are accessible and suitable for their intended purpose.</p> | <p>DTS/DPF 2.3</p> <p>Division of land satisfies (a), (b) or (c):</p> <ul style="list-style-type: none"> (a) reflects the site boundaries illustrated and approved in an existing development authorisation under the Development Act 1993 or Planning, Development and Infrastructure Act 2016 where the allotments are used or are proposed to be used solely for residential purposes (b) is proposed as part of a combined land division application with deemed-to-satisfy |
|--|---|

| | |
|---|--|
| | <p>dwelling on the proposed allotments</p> <p>(c) satisfies all of the following:</p> <ul style="list-style-type: none"> (i) No more than 5 additional allotments are created (ii) Each proposed allotment has a minimum site area of 300m² and frontage of 9m (iii) Each proposed allotment has a slope less than 12.5% (1-in-8) (iv) There are no regulated trees on or within 20m of the subject land, with the distance measured from the base of the trunk of the tree (or the nearest trunk of the tree) to the subject land (v) The division does not involve creation of a public road (vi) Vehicle access from a public road can be provided to all proposed allotments which satisfies Design in Urban Areas DTS/DPF 23.3, 23.4 and 23.6, and would be located wholly on one side of the allotment, or located no more than 1m from the side boundary alignment (vii) No allotments are in a battle-axe configuration and (viii) Each proposed allotment is of a size and dimension capable of containing a rectangle 9m in width and 15m in depth. |
| Site Coverage | |
| PO 3.1 Building footprints allow sufficient space around buildings to limit visual impact, provide an attractive outlook and access to light and ventilation. | DTS/DPF 3.1 The development does not result in site coverage exceeding 60%. |
| Building Height | |
| PO 4.1 Buildings contribute to a low-rise suburban character. | DTS/DPF 4.1 Building height (excluding garages, carports and outbuildings) no greater than: <ul style="list-style-type: none"> (a) 2 building levels and 9m and (b) wall height that is no greater than 7m except in the case of a gable end. |
| Primary Street Setback | |
| PO 5.1 Buildings are setback from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape. | DTS/DPF 5.1 The building line of a building set back from the primary street boundary: <ul style="list-style-type: none"> (a) no more than 1m in front of the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), no more than 1m in front of the setback to the building line of that building or (c) not less than 5m where no building exists on an adjoining site with the same primary street frontage. |
| Secondary Street Setback | |
| PO 6.1 Buildings are set back from secondary street boundaries to achieve separation between building walls and public streets and contribute to a suburban streetscape character. | DTS/DPF 6.1 Building walls are set back from the boundary of the allotment with a secondary street frontage: <ul style="list-style-type: none"> (a) at least 900mm or (b) if a dwelling on any adjoining allotment is closer to the secondary street than 900mm, at least the distance of that dwelling from the boundary with the secondary street. |
| Boundary Walls | |
| PO 7.1 Dwelling boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining properties. | DTS/DPF 7.1 Except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on one side boundary and satisfy (a) or (b) below: <ul style="list-style-type: none"> (a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height (b) side boundary walls do not: <ul style="list-style-type: none"> (i) exceed 3m in height from the top of footings (ii) exceed 11.5m in length (iii) when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land. |
| PO 7.2 Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a suburban streetscape character. | DTS/DPF 7.2 Dwelling walls in a semi-detached, row or terrace arrangement are setback at least 900mm from side boundaries shared with allotments outside the development site. |

| | |
|---|--|
| <p>PO 8.1</p> <p>Building walls are set back from side boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that contributes to a suburban character and (b) access to natural light and ventilation for neighbours. | <p>DTS/DPF 8.1</p> <p>Other than walls located on a side boundary, building walls are set back from side boundaries:</p> <ul style="list-style-type: none"> (a) at least 900mm where the wall height is up to 3m (b) other than for a wall facing a southern side boundary, at least 900mm plus 1/3 of the wall height above 3m <p>and</p> <ul style="list-style-type: none"> (c) at least 1900mm plus 1/3 of the wall height above 3m for walls facing a southern side boundary. |
|---|--|

Rear boundary setback

| | |
|---|--|
| <p>PO 9.1</p> <p>Dwelling walls are set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that contributes to a suburban character (b) access to natural light and ventilation for neighbours (c) private open space (d) space for landscaping and vegetation. | <p>DTS/DPF 9.1</p> <p>Dwelling walls are set back from the rear boundary at least:</p> <ul style="list-style-type: none"> (a) if the size of the site is less than 301m²— <ul style="list-style-type: none"> (i) 3m in relation to the ground floor of the dwelling (ii) 5m in relation to any other building level of the dwelling (b) if the size of the site is 301m² or more— <ul style="list-style-type: none"> (i) 4m in relation to the ground floor of the dwelling (ii) 6m in relation to any other building level of the dwelling. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <p>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies or</p> <p>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust.</p> | <p>Except development involving any of the following:</p> <ol style="list-style-type: none"> residential flat building(s) of 3 or more building levels the demolition of a State or Local Heritage Place the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. | Building Height | |
| <p>PO 3.1</p> <p>Buildings of a height that complements the open natural character of the golf course.</p> | <p>DTS/DPF 3.1</p> <p>Building height (excluding garages, carports and outbuildings) are no greater than 2 building levels and 9m and wall height is no greater than 7m except in the case of gable end.</p> |
| Primary Street Setback | |
| <p>PO 4.1</p> <p>Buildings are set back from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape.</p> | <p>DTS/DPF 4.1</p> <p>The building line of a building set back from the primary street boundary:</p> <p>(a) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment)</p> <p>(b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building</p> <p style="margin-left: 20px;">or</p> <p>(c) not less than 5m where no building exists on an adjoining site with the same primary street frontage.</p> |
| Secondary Street Setback | |
| <p>PO 5.1</p> <p>Buildings are set back from secondary street boundaries to maintain a pattern of separation between buildings and public streets and reinforce streetscape character.</p> | <p>DTS/DPF 5.1</p> <p>Building walls are set back at least 900mm from the boundary of the allotment with the secondary street frontage.</p> |
| Boundary Walls | |
| <p>PO 6.1</p> <p>Dwelling boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining properties.</p> | <p>DTS/DPF 6.1</p> <p>Except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on one side boundary and satisfy (a) or (b) below:</p> <p>(a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height</p> <p>(b) side boundary walls do not:</p> <p style="margin-left: 20px;">(i) exceed 3.2 m in height from the lower of the natural or finished ground level</p> |

- (ii) exceed 11.5m in length
- (iii) when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary
- (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land.

Side Boundary Setback

PO 7.1
Buildings are set back from side boundaries to provide:

- (a) separation between dwellings in a way that complements the established character of the locality
- (b) access to natural light and ventilation for neighbours.

DTS/DPF 7.1
Building walls are set back from the side boundary at least:

- (a) On sites greater than 800m²:
 - (i) Other than a wall facing a southern boundary 1900mm
 - (ii) At least 1900mm plus 1/3 of the wall height above 3m for walls facing a southern boundary
- (b) On sites 800m² or less, and other than walls located on a side boundary:
 - (i) at least 900mm where the wall height is up to 3m
 - (ii) other than for a wall facing a southern side boundary, at least 900mm plus 1/3 of the wall height above 3m
 - (iii) at least 1900mm plus 1/3 of the wall height above 3m for walls facing a southern side boundary.

Rear Boundary Setback

PO 8.1
Dwelling walls are set back from rear boundaries to provide:

- (a) separation between dwellings in a way that contributes to a suburban character
- (b) access to natural light and ventilation for neighbours
- (c) private open space
- (d) space for landscaping and vegetation
- (e) a consistent character when viewed from a golf course.

DTS/DPF 8.1
Dwelling walls are set back from the rear boundary at least:

- (a) where the rear boundary fronts a golf course, no less than the average rear setback of any existing dwellings on adjoining allotments.
- (b) where the rear boundary adjoins a laneway - 0m
- (c) In all other cases:
 - (i) 3m for the first building level and
 - (ii) 5m for any second building level.

Ancillary Buildings and Structures

PO 9.1
Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of buildings on the site or neighbouring properties.

DTS/DPF 9.1
Ancillary buildings and structures:

- (a) are ancillary to a dwelling erected on the site
- (b) have a floor area not exceeding:
 - (i) 60m² on sites less than 800m²
 - (ii) 80m² on sites 800m² or more
- (c) are not constructed, added to or altered so that any part is situated:
 - (i) in front of any part of the building line of the dwelling to which it is ancillary
 - (ii) within 5.5m from the boundary of the primary street
 - (iii) within 900mm of a boundary of the allotment with a secondary street
- (d) in the case of a garage or carport, do not exceed 7m or 50% of the site frontage (whichever is the lesser) when facing a primary street or secondary street
- (e) if situated on a boundary (not being a boundary with a primary street or secondary street), a length not exceeding 11m unless:
 - (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary
 - (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
- (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary do not exceed 45% of the length of that boundary
- (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
- (h) have a wall height or post height not exceeding 3m above natural ground level
- (i) have a roof height where no part of the roof is more than 5m above the natural ground level
- (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour
- (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:
- (i) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |

| | | | |
|--|--|------|-----|
| | <table border="1"> <tr> <td>>450</td> <td>25%</td> </tr> </table> <p>(ii) the amount of existing soft landscaping prior to the development occurring.</p> | >450 | 25% |
| >450 | 25% | | |
| PO 9.2 Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision and car parking requirements. | DTS/DPF 9.2 Ancillary buildings and structures do not result in: (a) less private open space than specified in Design Table 1 - Private Open Space (b) less car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. | | |
| PO 9.3 Ancillary buildings are sited and designed to minimise visibility from the golf course and not dominate the appearance of public places. | DTS/DPF 9.3 None are applicable. | | |
| Site Coverage | | | |
| PO 10.1 Building footprints are generally consistent with the prevailing pattern of development and retain sufficient space around buildings to limit visual impact and enable attractive outlook and access to light and ventilation. | DTS/DPF 10.1 The development does not result in site coverage exceeding 60%. | | |
| Built Form and Character | | | |
| PO 11.1 Dwellings on sites/allotments that overlook the golf course are designed to take advantage of golf course views while providing attractive frontages to public streets. | DTS/DPF 11.1 None are applicable. | | |
| PO 11.2 Service areas associated with dwellings such as open storage and clothes drying are screened from the golf course and public view. | DTS/DPF 11.2 None are applicable. | | |
| Concept Plans | | | |
| PO 12.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 12.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: In relation to DTS/DPF 12.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 12.1 is met. | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) dwelling (g) fence (h) golf course (i) office (j) outbuilding | Except development that: 1. does not satisfy Golf Course Estate Zone DTS/DPF 3.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining |

Hills Face Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|------------------------|--|
| <p>DO 1</p> | <p>To maintain the western slopes of the South Mount Lofty Ranges as an important natural asset of Greater Adelaide by limiting development to low-intensity agricultural activities and public and private open space. The natural character of the zone will be preserved, enhanced and re-established to:</p> <ul style="list-style-type: none"> (a) provide a natural backdrop to the Adelaide Plain and a contrast to the urban area (b) preserve biodiversity and restore locally indigenous vegetation and fauna habitats close to metropolitan Adelaide (c) provide for passive recreation in an area of natural character close to the metropolitan area (d) provide a part of the buffer area between metropolitan districts and prevent the urban area extending into the western slopes of the Mount Lofty Ranges. <p>'Natural character' refers to the natural topography, native vegetation and colours, such as greens and browns of non-reflective earthen tones, normally associated with a natural landscape. Additionally, natural character refers to the open character of the land in those areas of the zone where open grazing currently predominates.</p> |
| <p>DO 2</p> | <p>Development ensures that the community is not required to bear the cost of providing services to and within the Zone.</p> |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| <p>PO 1.1 Low-intensity, low-scale activities that complement the natural, rural and scenic qualities of the hills face landscape.</p> | <p>DTS/DPF 1.1 None are applicable.</p> |
| <p>PO 1.2 Low-intensity farming activities minimise their visual and environmental impact.</p> | <p>DTS/DPF 1.2 Farming does not involve:</p> <ul style="list-style-type: none"> (a) excavation or filling of land (b) the construction of roads, tracks and thoroughfares |

| | |
|---|--|
| | (c) the erection, construction or alteration of, or addition to, any building or structure (d) the clearing of native vegetation. |
| PO 1.3 Development does not in itself, or in association with other development, create a potential demand for the provision of services at a cost to the community. | DTS/DPF 1.3 None are applicable. |
| PO 1.4 Residential development limited to maintain a pleasant natural and rural character and amenity. | DTS/DPF 1.4 Detached dwellings of not more than one building level and comprising no more than one dwelling on an allotment. |
| Built Form and Character | |
| PO 2.1 Buildings are unobtrusive and sited and designed in such a way as to: (a) preserve and enhance or assist in the re-establishment of the natural character of the zone (b) limit the visual intrusion of development in the Zone particularly when viewed from roads within the zone or from the Adelaide Plain. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Buildings are limited in height and scale to minimise the amount of building mass visible from the Adelaide Plains. | DTS/DPF 2.2 Buildings meet the following: (a) are of single building level (b) building height does not exceed 5m (c) wall height does not exceed 3m (not including gable ends). |
| PO 2.3 Where possible and without compromising the desired outcomes of the Zone, buildings are grouped together (but not attached) to limit the spread of built development that can be viewed from the Adelaide Plains. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 Buildings are located within valleys or behind spurs or positioned well below the ridge line so that they are not visible against the skyline when viewed from roads within the zone or from the Adelaide Plains. | DTS/DPF 2.4 None are applicable. |
| PO 2.5 Buildings are sited in unobtrusive locations and utilise existing vegetation and natural features of the land to assist in obscuring them from sight when viewed from roads within the zone and from the Adelaide Plains. | PO 2.6 Buildings are well set back from public roads, particularly where the allotment of the development is on the high side of the road. |
| PO 2.7 Buildings are designed and sited to keep roof lines below the lowest point of the abutting road when the allotment is on the low side of the road. | DTS/DPF 2.7 None are applicable. |
| PO 2.8 Buildings are sited and designed to reduce the vertical profile of the building. | DTS/DPF 2.8 None are applicable. |
| PO 2.9 Buildings comprise materials that are of a low light reflective nature and use colours that are unobtrusive and blend with a natural and rural landscape. | DTS/DPF 2.9 None are applicable. |
| PO 2.10 Buildings have a safe, clean, tidy and unobtrusive area for the storage and disposal of refuse so that the natural character of the zone is not adversely affected. | DTS/DPF 2.10 None are applicable. |
| Excavation and Filling | |
| PO 3.1 Excavation and/or filling of land outside townships and urban areas is: (a) kept to a minimum so as to preserve the natural form of the land and native vegetation (b) only undertaken in order to reduce the visual impact of buildings, including structures, or in order to construct water storage facilities for use on the allotment. | DTS/DPF 3.1 The depth of earthworks does not exceed: (a) in the case of excavation, 2m. (b) in the case of filling of land, 1m. |
| PO 3.2 Excavation and/or filling of land is only undertaken if the resultant slope can be stabilised to prevent erosion, and results in stable scree slopes which are covered with top soil and landscaped so as to preserve and enhance the natural character or assist in the re-establishment of the natural character of the area. | DTS/DPF 3.2 None are applicable. |
| Mining | |
| PO 4.1 | DTS/DPF 4.1 |

| | |
|---|---|
| New mines and quarries not developed within the zone. | Development does not involve the construction of a new mine or quarry. |
| <p>PO 4.2</p> <p>Extensions to existing mines and quarries is only undertaken if:</p> <ul style="list-style-type: none"> (a) the overall benefit to the community from the minerals produced together with the planned after-use of the site outweighs any loss of amenity or other resources resulting from the extractive operations (b) the site contains minerals of the necessary quality and, for reasons of location, quality or other factors, no practical alternative source is available (c) the proposed operation would maximise the utilisation of the resource but minimise the adverse impacts of extraction (d) the proposed workings cannot be seen from any part of the Adelaide Plain nor from any arterial road, scenic road or other substantial traffic route (e) an effective buffer of land and native trees exists around the site to protect adjoining land users from effects of the operation (f) the operation is to be conducted in accordance with a staged development and rehabilitation scheme which: <ul style="list-style-type: none"> (i) ensures that danger and unreasonable damage or nuisance does not arise from workings or any operations associated with them (ii) provides for progressive rehabilitation of disturbed areas and for landscaping with locally indigenous plant species in order to produce a site which assists in the re-establishment of a natural character (iii) provides for the removal of buildings, plant, equipment and rubbish when operations are completed (iv) provides scope for suitable after-uses. | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| Landfill and Waste Transfer Stations | |
| <p>PO 5.1</p> <p>Landfill operations only developed if the site of the proposed development:</p> <ul style="list-style-type: none"> (a) is located outside the Mount Lofty Ranges Catchment (Area 1) Overlay and (b) is a disused quarry or (c) has ground slopes no greater than 10% and has adequate separation distances from any above ground and underground water resource and from any potentially incompatible land uses and activities. | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> |
| <p>PO 5.2</p> <p>Small-scale waste transfer stations may be appropriate if located:</p> <ul style="list-style-type: none"> (a) outside of the Mount Lofty Ranges Catchment (Area 1) Overlay (b) in unobtrusive locations. | <p>DTS/DPF 5.2</p> <p>None are applicable.</p> |
| Horticulture | |
| <p>PO 6.1</p> <p>Horticultural activities are appropriately located to minimise impacts on native vegetation.</p> | <p>DTS/DPF 6.1</p> <p>Horticulture, other than where it involves the growing of olives, is located no closer than 50m to stands of significant native vegetation, including native grasses.</p> |
| <p>PO 6.2</p> <p>Horticulture involving the growing of olives is avoided or is progressively replaced where it exists to maintain and improve native vegetation and conservation values within the zone.</p> | <p>DTS/DPF 6.2</p> <p>The replacement of olive groves with another form of horticulture or native vegetation.</p> |
| <p>PO 6.3</p> <p>Horticultural activities are appropriately located to minimise impacts on lakes, watercourses and wetlands.</p> | <p>DTS/DPF 6.3</p> <p>Horticulture is located no closer than 50m to a lake, watercourse or wetland.</p> |
| <p>PO 6.4</p> <p>Horticultural activities incorporate a suitably sized vegetated buffer area/strip to mitigate any adverse impacts from the horticultural activity (including noise, chemical spray drift and run-off) on nearby dwellings, tourist accommodation or other sensitive receivers in other ownership.</p> | <p>DTS/DPF 6.4</p> <p>Horticultural activities are greater than 300m from a dwelling, tourist accommodation or other sensitive receiver in other ownership.</p> |
| Tourist Development | |
| <p>PO 7.1</p> <p>Tourist facilities are of a low intensity and low-scale and are sited unobtrusively.</p> | <p>DTS/DPF 7.1</p> <p>None are applicable.</p> |
| Driveways, Access Tracks and Car parking | |
| <p>PO 8.1</p> <p>Driveways, access tracks and car parking areas constructed in a manner which preserves landscape character and are:</p> <ul style="list-style-type: none"> (a) sited and constructed to follow contours of the land to reduce their visual impact and potential for erosion from water runoff (b) surfaced with dark materials. | <p>DTS/DPF 8.1</p> <p>None are applicable.</p> |
| <p>PO 8.2</p> | <p>DTS/DPF 8.2</p> |

| | |
|--|--|
| <p>Driveways and access tracks are limited in length and avoid steep slopes.</p> | <p>Driveways and access tracks:</p> <ul style="list-style-type: none"> (a) are not more than 30m in length (b) have a gradient of less than 16 degrees (1-in-3.5) at any point along the driveway or access track. |
| <p>Infrastructure</p> | |
| <p>PO 9.1 Telecommunication facilities, communication towers and masts:</p> <ul style="list-style-type: none"> (a) are sited and designed to minimise their visual impact (b) contain the number of aerials and masts by shared use of facilities | <p>DTS/DPF 9.1 None are applicable.</p> |
| <p>PO 9.2 Telephone lines and electricity mains and services of less than 33kV are located underground.</p> | <p>DTS/DPF 9.2 None are applicable.</p> |
| <p>PO 9.3 New telephone lines, mains and services are located and designed in such a way as to minimise their visual intrusion and any adverse effect on the natural character of the zone.</p> | <p>DTS/DPF 9.3 None are applicable.</p> |
| <p>Environment and Amenity</p> | |
| <p>PO 10.1 Development is not undertaken if it is likely to result in:</p> <ul style="list-style-type: none"> (a) pollution of underground or surface water resources (b) over exploitation of underground or surface water resources (c) adverse impact on underground or surface water resources, including any environmental flows required to sustain the natural environment. | <p>DTS/DPF 10.1 None are applicable.</p> |
| <p>PO 10.2 Development not undertaken if it is likely to result in:</p> <ul style="list-style-type: none"> (a) unnecessary loss or damage to native vegetation including the full range of tree, understorey and groundcover species/ native grasses so as to maintain and enhance environmental values and functions, including conservation, biodiversity and habitat (b) denudation of pastures (c) the introduction of or an increase in the number of pest plants or vermin. | <p>DTS/DPF 10.2 None are applicable.</p> |
| <p>PO 10.3 Development is not undertaken if it is likely to result in adverse impacts from chemical spray drift, chemical run-off or chemical residue in soils.</p> | <p>DTS/DPF 10.3 None are applicable.</p> |
| <p>PO 10.4 Development is not undertaken if it is likely to result in loss of amenity to adjoining land or surrounding localities from:</p> <ul style="list-style-type: none"> (a) the visual impact of buildings, structures or earthworks (b) the intensity of activity associated with any such use, including significant adverse impacts arising from: <ul style="list-style-type: none"> (i) chemical spray drift (ii) use of audible bird or animal deterrent devices (iii) the use of associated vehicles and machinery. | <p>DTS/DPF 10.4 None are applicable.</p> |
| <p>PO 10.5 Development does not occur on land if the slope poses an unacceptable risk of soil movement, landslip or erosion.</p> | <p>DTS/DPF 10.5 None are applicable.</p> |
| <p>PO 10.6 Buildings, structures are not located in areas subject to inundation by a 1% AEP flood event.</p> | <p>DTS/DPF 10.6 Development is located outside of the 1% AEP flood event.</p> |
| <p>PO 10.7 Buildings, structures and associated fill do not interfere with the flow of flood waters.</p> | <p>DTS/DPF 10.7 None are applicable</p> |
| <p>Native Vegetation</p> | |
| <p>PO 11.1 Development is only undertaken if it can be located and designed to maximise the retention of existing native vegetation and, if possible, increase the extent of locally indigenous plant species.</p> | <p>DTS/DPF 11.1 None are applicable.</p> |
| <p>PO 11.2 Development is screened by locally indigenous plant species or use of screening mounds, including scree slopes created as a result of excavation and/or filling of land, in such a way that the bushfire hazard is not increased.</p> | <p>DTS/DPF 11.2 None are applicable.</p> |

| | |
|---|---|
| P0 11.3 Any essential clearance of native vegetation is accompanied by conservation initiatives, including replanting with indigenous native vegetation, to ensure the overall result is a biodiversity gain. | DTS/DPF 11.3 None are applicable. |
| Fencing and Retaining Walls | |
| P0 12.1 Retaining walls are constructed as a stepped series of low walls constructed of dark, natural coloured materials and screened by landscaping using locally indigenous plant species if possible. | DTS/DPF 12.1 None are applicable. |
| P0 12.2 Fences: (a) are sited to minimise their visual impact (b) are constructed of post and wire or other materials which can be seen through (c) avoid construction of obtrusive gateways, particularly of brick or masonry. | DTS/DPF 12.2 None are applicable. |
| P0 12.3 When solid fences are essential, particularly rear and side fences in closely divided areas, they: (a) are constructed of materials which are of a low-light reflective nature and of dark natural colours to blend with the natural landscape and minimise any visual intrusion (b) do not increase the fire risk near buildings. | DTS/DPF 12.3 None are applicable. |
| Advertisements | |
| P0 13.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality. | DTS/DPF 13.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m ² and mounted flush with a wall or fence. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) carport (b) deck (c) dwelling (d) dwelling addition (e) farming (f) fence (g) outbuilding (h) pergola (i) private bushfire shelter (j) solar photovoltaic panels (roof mounted) (k) swimming pool or spa pool (l) temporary public transport depot (m) water tank (n) verandah | Except any of the following: 1. any building that is not a dwelling or ancillary to a dwelling 2. building exceeding 5m in height 3. building having a wall or post height exceeding 3m 4. fence having a height exceeding 2.1m. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) replacement building (c) temporary accommodation in an area affected by bushfire (d) tree damaging activity. | None specified. |
| 4. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Hills Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Development provides a complementary transition to adjacent natural and rural landscapes. Low density housing minimises disturbance to natural landforms and existing vegetation to mitigate the visible extent of buildings, earthworks and retaining walls. |
|------|---|

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Predominantly low density residential development with complementary non-residential uses compatible with natural landforms and a low density residential character.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Ancillary accommodation (b) Consulting room (c) Dwelling (d) Office (e) Open space (f) Shop (g) Recreation area. |
| <p>PO 1.2</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.2</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: <ul style="list-style-type: none"> (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes (c) is located more than 500m from an Activity Centre and satisfies one of the following: <ul style="list-style-type: none"> (i) does not exceed 100m² gross leasable floor area (individually or combined, in a single building) where the site does not have a frontage to a State Maintained Road (ii) does not exceed 200m² gross leasable floor area (individually or combined, in a single building) where the site has a frontage to a State Maintained Road (d) the development site abuts an Activity Centre and all the following are satisfied: <ul style="list-style-type: none"> (i) it does not exceed 200m² gross leasable floor area (individually or combined, in a single building) (ii) the proposed development will not result in a combined gross leasable floor area (existing and proposed) of all shops, consulting rooms and offices that abut the Activity Centre in this zone exceeding the lesser of the following: <ul style="list-style-type: none"> A. 50% of the existing gross leasable floor area within the Activity Centre B. 1000m². |
| <p>PO 1.3</p> <p>Non-residential development located and designed to improve community accessibility to services, primarily in the form of:</p> <ul style="list-style-type: none"> (a) small scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational establishments, community centres, places of | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |

| | |
|---|---|
| <p>worship, pre-schools, and other health and welfare services</p> <p>(c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities</p> <p>(d) open space and recreation facilities.</p> | |
| <p>PO 1.4</p> <p>Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Expansion of existing community services such as educational establishments, community facilities and pre-schools in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood.</p> | <p>DTS/DPF 1.5</p> <p>Alteration of or addition to existing educational establishments, community facilities or pre-schools where all the following are satisfied:</p> <ul style="list-style-type: none"> (a) set back at least 3m from any boundary shared with a residential land use (b) building height not exceeding 1 building level (c) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration (d) off-street vehicular parking exists or will be provided in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |

Site Dimensions and Land Division

| <p>PO 2.1</p> <p>Allotments/sites created for residential purposes are of suitable size and dimension to accommodate residential development that is sensitive to the natural topography and compatible with the housing pattern in the locality.</p> | <p>DTS/DPF 2.1</p> <p>Development will not result in more than 1 dwelling on an existing allotment</p> <p>or</p> <p>Allotments/sites for residential purposes accord with the following:</p> <ul style="list-style-type: none"> (a) site areas (or allotment areas in the case of land division) are not less than the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building): <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Gradient Minimum Site Area</th> </tr> </thead> <tbody> <tr> <td>Minimum site area for all dwellings where the site gradient is less than 1-in-8 is 2000sqm; | Minimum site area for group dwellings where the site gradient is less than 1-in-8 is 700sqm; 1-in-8 to 1-in-4 is 900sqm; greater than 1-in-4 is 1100sqm |
| and |
| (b) site frontages (or allotment frontages in the case of land division) are not less than: |
| Gradient Minimum Frontage |
| Minimum frontage for all dwellings where the site gradient is less than 1-in-8 is 10m; 1-in-8 to 1-in-4 is 10m; greater than 1-in-4 is 10m |
| Minimum frontage for all dwellings where the site gradient is less than 1-in-8 is 15m; 1-in-8 to 1-in-4 is 15m; greater than 1-in-4 is 15m |

| | <p style="text-align: center;">Gradient Minimum Frontage (Residential Flat)</p> <p>Minimum frontage for residential flat building where the site gradient is less than 1-in-8 is 20m; 1-in-8 to 1-in-4 is 20m; greater than 1-in-4 is 20m</p> <p>Minimum frontage for residential flat building where the site gradient is less than 1-in-8 is 21m; 1-in-8 to 1-in-4 is 21m</p> <p>Minimum frontage for residential flat building where the site gradient is less than 1-in-8 is 25m; 1-in-8 to 1-in-4 is 25m; greater than 1-in-4 is 25m</p> <p style="text-align: center;">Gradient Minimum Frontage (Group)</p> <p>Minimum frontage for group dwellings where the site gradient is 1-in-8 to 1-in-4 is 25m; greater than 1-in-4 is 25m</p> <p>Minimum frontage for group dwellings where the site gradient is less than 1-in-8 is 12m; 1-in-8 to 1-in-4 is 12m; greater than 1-in-4 is 12m</p> <p>Minimum frontage for group dwellings where the site gradient is less than 1-in-8 is 12m; 1-in-8 to 1-in-4 is 15m; greater than 1-in-4 is 20m</p> <p>Minimum frontage for group dwellings where the site gradient is less than 1-in-8 is 18m; 1-in-8 to 1-in-4 is 18m; greater than 1-in-4 is 18m</p> <p>Minimum frontage for group dwellings where the site gradient is less than 1-in-8 is 20m; 1-in-8 to 1-in-4 is 20m; greater than 1-in-4 is 20m</p> <p>Minimum frontage for group dwellings where the site gradient is less than 1-in-8 is 21m; 1-in-8 to 1-in-4 is 21m</p> <p>Minimum frontage for group dwellings where the site gradient is less than 1-in-8 is 24m; 1-in-8 to 1-in-4 is 26m; greater than 1-in-4 is 26m</p> <p>In relation to DTS/DPF 2.1, in instances where:</p> <ul style="list-style-type: none"> (c) more than one value is returned in the same field, refer to the relevant Technical and Numeric Variation layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) no value is returned in DTS/DPF 2.1(a) or (b) (i.e. there is a blank field or the relevant dwelling type is not listed), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. | | | | | | | | | |
|---|---|----------------------------------|-------------------------------|-------------------------------|---------------------------------|-------------------------------|---|----------------------------------|------------------------------------|-------------------------------------|
| <p>PO 2.2</p> <p>Development creating new allotments/sites in conjunction with retention of an existing dwelling ensures the site of the existing dwelling remains fit for purpose.</p> | <p>DTS/DPF 2.2</p> <p>Where the site of a dwelling does not comprise an entire allotment:</p> <ul style="list-style-type: none"> (a) The balance of the allotment accords with site area and frontage requirements specified in DTS/DPF 2.1 (b) If there is an existing dwelling on the allotment that will remain on the allotment after completion of the development it will not contravene: <ul style="list-style-type: none"> (i) Private open space requirements specified in Design in Urban Areas Table 1 - Private Open Space (ii) Car parking requirements specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. | | | | | | | | | |
| Site coverage | | | | | | | | | | |
| <p>PO 3.1</p> <p>Building footprints consistent with the character and pattern of a low-density suburban neighbourhood and provide sufficient space around buildings to limit visual impact, provide an attractive outlook and access to light and ventilation.</p> | <p>DTS/DPF 3.1</p> <p>The development does not result in site coverage exceeding:</p> <ul style="list-style-type: none"> (a) On sites with a gradient more than 1-in-8, 40% (b) On sites with a gradient less than 1-in-8, 50%. | | | | | | | | | |
| Building Height | | | | | | | | | | |
| <p>PO 4.1</p> <p>Buildings contribute to a low-rise suburban character and complement the height of nearby buildings.</p> | <p>DTS/DPF 4.1</p> <p>Building height (excluding garages, carports and outbuildings) is no greater than:</p> <ul style="list-style-type: none"> (a) the following: <table border="1" data-bbox="804 1688 1554 1980" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> </thead> <tbody> <tr> <td>Maximum building height is 6m</td> </tr> <tr> <td>Maximum building height is 8m</td> </tr> <tr> <td>Maximum building height is 8.5m</td> </tr> <tr> <td>Maximum building height is 9m</td> </tr> <tr> <td>Maximum building height is 9m restricted to 53.5m AHD</td> </tr> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> <tr> <td>Maximum building height is 1 level</td> </tr> <tr> <td>Maximum building height is 2 levels</td> </tr> </tbody> </table> (b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 2 building levels up to a height of 9m. <p>In relation to DTS/DPF 4.1, in instances where:</p> <ul style="list-style-type: none"> (c) more than one value is returned in the same field, refer to the <i>Maximum building Height (Levels) Technical and Numeric Variation</i> layer or <i>Maximum Building Height (Meters) Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development. | Maximum Building Height (Metres) | Maximum building height is 6m | Maximum building height is 8m | Maximum building height is 8.5m | Maximum building height is 9m | Maximum building height is 9m restricted to 53.5m AHD | Maximum Building Height (Levels) | Maximum building height is 1 level | Maximum building height is 2 levels |
| Maximum Building Height (Metres) | | | | | | | | | | |
| Maximum building height is 6m | | | | | | | | | | |
| Maximum building height is 8m | | | | | | | | | | |
| Maximum building height is 8.5m | | | | | | | | | | |
| Maximum building height is 9m | | | | | | | | | | |
| Maximum building height is 9m restricted to 53.5m AHD | | | | | | | | | | |
| Maximum Building Height (Levels) | | | | | | | | | | |
| Maximum building height is 1 level | | | | | | | | | | |
| Maximum building height is 2 levels | | | | | | | | | | |

| | |
|--|---|
| | (d) only one value is returned for DTS/DPF 4.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other. |
| Primary Street Setback | |
| PO 5.1 Buildings are set back from primary street boundaries consistent with the existing streetscape. | DTS/DPF 5.1 The building line of a building set back from the primary street boundary: (a) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building or (c) not less than 8m where no building exists on an adjoining site with the same primary street frontage. |
| Secondary Street Setback | |
| PO 6.1 Buildings are set back from secondary street boundaries to maintain a pattern of separation between buildings and public streets and reinforce streetscape character. | DTS/DPF 6.1 Building walls are set back from the boundary of the allotment with a secondary street frontage: (a) no less than: (i) on sites with a site gradient greater than 1-in-8: 1900mm (ii) on sites with a site gradient less than 1-in-8: at least 900mm or (b) if a dwelling on any adjoining allotment is closer to the secondary street, the distance of that dwelling from the boundary with the secondary street (being, if relevant, the lesser of the 2 distances). |
| Boundary Walls | |
| PO 7.1 Boundary walls are limited in height and length to manage impacts on adjoining properties. | DTS/DPF 7.1 Except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur on only one side boundary and satisfy (a) or (b) below: (a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height (b) side boundary walls do not: (i) exceed 3.2m in height from the lower of the natural or finished ground level (ii) exceed 8m in length (iii) when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land. |
| PO 7.2 Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a low density suburban streetscape character. | DTS/DPF 7.2 Dwelling walls in a semi-detached, row or terrace arrangement are set back from side boundaries shared with allotments outside the development site at least the minimum distance identified in DTS/DPF 8.1. |
| Side Boundary Setback | |
| PO 8.1 Buildings are set back from side boundaries to provide: (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours. | DTS/DPF 8.1 Building walls not sited on side boundaries set back from the side boundary at least: (a) on sites with a site gradient greater than 1-in-8: (i) Other than a wall facing a southern boundary, 1900mm (ii) For walls facing a southern boundary, at least 1900mm plus 1/3 of the wall height above 3m measured from the top of the footings (b) on sites with a site gradient less than 1-in-8, and other than walls located on a side boundary: (i) at least 900mm where the wall is up to 3m measured from the top of the footings (ii) other than for a wall facing a southern side boundary, at least 900mm plus 1/3 of the wall height above 3m measured from the top of the footings (iii) for walls facing a southern side boundary, at least 1900mm plus 1/3 of the wall height above 3m measured from the top of the footings. |
| Rear Boundary Setback | |
| PO 9.1 Buildings are set back from rear boundaries to provide: (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours (c) private open space (d) space for landscaping and vegetation. | DTS/DPF 9.1 Buildings are set back from the rear boundary at least: (a) 4m for the first building level (b) 6m for any second building level. |

| Built Form and Character | | | | | |
|--|---|--|----------------------------|-----|--|
| <p>PO 10.1</p> <p>Development that would be prominently visible from the Adelaide plains or urban areas within regional cities and townships:</p> <ul style="list-style-type: none"> (a) achieves a profile that blends with the topography of the land (b) avoids the use of bright and highly reflective external materials and finishes (c) incorporates existing vegetation wherever possible and additional landscaping to assist in reducing the apparent bulk and scale. | <p>DTS/DPF 10.1</p> <p>None are applicable.</p> | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development</p> | None specified. |
| <p>2. All development undertaken by:</p> <p>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies or</p> <p>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust.</p> | <p>Except development involving any of the following:</p> <ol style="list-style-type: none"> residential flat building(s) of 3 or more building levels the demolition of a State or Local Heritage Place the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <p>(a) air handling unit, air conditioning system or exhaust fan</p> <p>(b) ancillary accommodation</p> <p>(c) building work on railway land</p> <p>(d) carport</p> <p>(e) deck</p> <p>(f) dwelling</p> <p>(g) dwelling addition</p> <p>(h) fence</p> <p>(i) outbuilding</p> <p>(j) pergola</p> <p>(k) private bushfire shelter</p> <p>(l) residential flat building</p> <p>(m) shade sail</p> <p>(n) solar photovoltaic panels (roof mounted)</p> <p>(o) swimming pool or spa pool</p> <p>(p) verandah</p> <p>(q) water tank.</p> | <p>Except development that:</p> <ol style="list-style-type: none"> exceeds the maximum building height specified in Hills Neighbourhood Zone DTS/DPF 4.1 or involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ol style="list-style-type: none"> the length of the proposed wall (or structure) exceeds 8m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or the height of the proposed wall (or post height) exceeds 3m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> | Except development that: |

| | |
|---|---|
| <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Established Neighbourhood Zone DTS/DPF 4.1 or 2. does not satisfy any Hills Neighbourhood Zone DTS/DPF 1.2 or 3. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 8m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | <p>None specified.</p> |
| <p>6. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>7. Retaining wall.</p> | <p>Except retaining wall that does not satisfy Hills Neighbourhood Zone DTS/DPF 11.3.</p> |

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| <p>DO 1</p> | <p>A zone accommodating small-scale and low-impact business enterprises in conjunction with a dwelling that provides opportunities to work from home and contribute to employment diversity.</p> |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Business activities established in association with residential development.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following in association with a dwelling:</p> <ul style="list-style-type: none"> (a) Consulting room (b) Light industry (c) Office (d) Personal or domestic services establishment (e) Shop in conjunction with light industry (f) Store (g) Motor repair station (h) Warehouse. |
| <p>PO 1.2</p> | <p>DTS/DPF 1.2</p> |

| | |
|---|---|
| <p>Business activities are of a scale to assist in the effective management of emissions and other impacts to maintain a reasonable level of residential amenity for occupants of the associated dwelling and residential neighbours.</p> | <p>Business activity:</p> <ul style="list-style-type: none"> (a) employs no more than 3 persons not residing in the associated dwelling (b) provides 1 on-site car parking space for each non-resident employee (c) occupies an area not exceeding 20% of the relevant allotment area and not exceeding 200m² where the area is the sum of: <ul style="list-style-type: none"> (i) the gross floor area of any building or portion of a building used for business activities (ii) any outdoor area used related to business storage or display purposes (iii) each non-resident employee parking space (d) does not involve the use or parking of a commercial vehicle exceeding 5 tonnes tare weight. |
| <p>PO 1.3 Business areas and activities are configured to retain functional aspects of the associated dwelling to maintain a suitable residential character and amenity.</p> | <p>DTS/DPF 1.3 Business activities, including outdoor storage and display areas and non-resident employee parking spaces, do not result in the associated dwelling having:</p> <ul style="list-style-type: none"> (a) less private open space than specified in Design Table 1 - Private Open Space (b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |
| <p>PO 1.4 Residential development supports opportunities for home-based business activities and mitigates the potential for conflict with a dwelling not associated with a business use associated with another dwelling on the same site.</p> | <p>DTS/DPF 1.4 Development will not result in more than 1 dwelling per allotment.</p> |
| <p>Built Form and Character</p> | |
| <p>PO 2.1 Buildings contribute to a low-rise character and complement the height of nearby buildings.</p> | <p>DTS/DPF2.1 Buildings (excluding garages, carports and outbuildings):</p> <ul style="list-style-type: none"> (a) up to 2 building levels (b) with a building height up to 9m (c) with a wall height up to 7m. |
| <p>PO 2.2 Buildings used for business purposes present an attractive frontage to public roads and thoroughfares to enhance the amenity of the locality.</p> | <p>DTS/DPF2.2 Non-residential buildings:</p> <ul style="list-style-type: none"> (a) incorporate any office, shop or consulting room component along a frontage to a public road or thoroughfare (b) if clad in metal sheeting, are pre-colour treated or painted in a non-reflective colour. |
| <p>PO 2.3 Residential development, swimming pools and ancillary residential structures are located to allow off street vehicle access to non-residential building(s) use for business purposes.</p> | <p>DTS/DPF2.3 None are applicable.</p> |
| <p>Building Setbacks</p> | |
| <p>PO 3.1 Buildings are set back from primary street boundaries consistent with the existing streetscape.</p> | <p>DTS/DPF3.1 The building line of a building set back from the primary street boundary:</p> <ul style="list-style-type: none"> (a) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building or (c) not less than 6m where no building exists on an adjoining site with the same primary street frontage. |
| <p>PO 3.2 Dwellings set back from secondary street boundaries to maintain a pattern of separation between building walls and public thoroughfares and reinforce a streetscape character.</p> | <p>DTS/DPF3.2 Dwelling walls are no closer than 3m to the secondary street boundary.</p> |
| <p>PO 3.3 Dwellings set back from side boundaries provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours. (c) access for vehicles to the rear of the site where the business activity is located or proposed to be located behind the dwelling. | <p>DTS/DPF3.3 Other than walls located on a side boundary, building walls are set back from side boundaries:</p> <ul style="list-style-type: none"> (a) at least 900mm where the wall is up to 3m measured from the top of the footings (b) other than for a wall facing a southern side boundary, at least 900mm plus 1/3 of the wall height above 3m measured from the top of the footings (c) at least 1900mm plus 1/3 or the wall height above 3m measured from the top of the footings for walls facing a southern side boundary. (d) at least 3m to any one side boundary to provide vehicle access to the rear of the site where the business activity is located or proposed to be located behind the dwelling. |
| <p>PO 3.4 Non-residential buildings facing a public road or thoroughfare are sited to mitigate visual impact on residential streetscapes.</p> | <p>DTS/DPF 3.4 Non-residential buildings are set back from a public road or thoroughfare at least as far as the wall of the existing or approved dwelling on the same allotment.</p> |

| | |
|--|--|
| <p>PO 3.5</p> <p>Non-residential buildings on or abutting the boundary of a zone primarily intended to accommodate sensitive receivers are designed to minimise visual impacts from building bulk.</p> | <p>DTS/DPF 3.5</p> <p>Non-residential development is set back from zone boundaries 3m or more plus an additional 600mm for every metre of building height above 4m.</p> |
| <p>PO 3.6</p> <p>Buildings set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between buildings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours (c) private open space (d) space for landscaping and vegetation. | <p>DTS/DPF 3.6</p> <p>Building walls are set back from the rear boundary at least:</p> <ul style="list-style-type: none"> (a) 3m for the first building level (b) 5m for any second building level. |
| <p>Site Dimensions and Land Division</p> | |
| <p>PO 4.1</p> <p>Land division creates allotments that are of a size and shape suitable for a dwelling and associated home-based business consistent with the prevailing residential character and land division pattern in a relevant locality.</p> | <p>DTS/DPF 4.1</p> <p>Allotments:</p> <ul style="list-style-type: none"> (a) connected to an approved common waste water disposal service have an area being the greater of the following: <ul style="list-style-type: none"> (i) where there is no established land division pattern, 750m² or more or (ii) no less than an adjacent residential allotment, or the average of adjacent residential allotments where there is more than one adjacent allotment, used for residential purposes in the zone (b) that will require the disposal of waste water on-site, 1500m² or more (c) have a primary street frontage of at least 20m, plus an additional 5m frontage for every 500m² increment or portion thereof for allotments over 2000m² up to a frontage of 50m. |
| <p>Advertising</p> | |
| <p>PO 5.1</p> <p>Advertisements are small-scale and located and designed to reflect residential character and amenity.</p> | <p>DTS/DPF 5.1</p> <p>Advertisements:</p> <ul style="list-style-type: none"> (a) will not result in more than one advertisement on the relevant allotment (b) do not have a face that exceeds 1m² in area (c) comprise: <ul style="list-style-type: none"> (i) an advertisement flush mounted to the main face of the building closest to the primary frontage or (ii) an advertisement flush mounted to the primary street fence or (iii) a freestanding advertising hoarding that does not exceed 2m in height above natural ground level. |
| <p>Concept Plans</p> | |
| <p>PO 6.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 6.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 6.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| <p>Class of Development (Column A)</p> | <p>Exceptions (Column B)</p> |

| Minimum site area for a detached dwelling is 300 sqm; semi-detached dwelling is 220 sqm; row dwelling is 150 sqm; group dwelling is 200 sqm; residential flat building is 200 sqm |
| Minimum site area for a detached dwelling is 325 sqm; semi-detached dwelling is 325 sqm; row dwelling is 230 sqm; group dwelling is 270 sqm; residential flat building is 270 sqm |

and

- (b) site frontages (or allotment frontages in the case of land division) are not less than:

| Minimum Frontage |
|---|
| Minimum frontage for a group dwelling is 20m; residential flat building is 20m |
| Minimum frontage for a detached dwelling is 10m; semi-detached dwelling is 8m; group dwelling is 20m; residential flat building is 20m |
| Minimum frontage for a detached dwelling is 15m; group dwelling is 15m |
| Minimum frontage for a detached dwelling is 20m; group dwelling is 20m |
| Minimum frontage for a detached dwelling is 7.5m; semi-detached dwelling is 7m; row dwelling is 6m; group dwelling is 22m; residential flat building is 22m |
| Minimum frontage for a detached dwelling is 8m; semi-detached dwelling is 7m; row dwelling is 5m; group dwelling is 15m; residential flat building is 15m |
| Minimum frontage for a detached dwelling is 8m; semi-detached dwelling is 8m; row dwelling is 6m; group dwelling is 18m; residential flat building is 18m |
| Minimum frontage for a detached dwelling is 8m; semi-detached dwelling is 8m; row dwelling is 7m; group dwelling is 16m; residential flat building is 16m |
| Minimum frontage for a detached dwelling is 8m; semi-detached dwelling is 8m; row dwelling is 8m; group dwelling is 13m; residential flat building is 13m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 6m; row dwelling is 7m; group dwelling is 12m; residential flat building is 22m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 7m; row dwelling is 7m; group dwelling is 15m; residential flat building is 15m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 8m; row dwelling is 5m; group dwelling is 18m; residential flat building is 18m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 8m; row dwelling is 7m; group dwelling is 15m; residential flat building is 15m |

| Minimum Frontage |
|---|
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 8m; row dwelling is 7m; group dwelling is 18m; residential flat building is 18m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m; row dwelling is 5m; group dwelling is 7m; residential flat building is 15m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m; row dwelling is 6m; group dwelling is 18m; residential flat building is 18m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m; row dwelling is 7m; group dwelling is 7m; residential flat building is 7m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m; row dwelling is 9m; group dwelling is 9m; residential flat building is 15m |
| Minimum frontage for a detached dwelling is 8m; semi-detached dwelling is 7m; row dwelling is 6m; group dwelling is 6m; residential flat building is 6m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m; row dwelling is 7m; group dwelling is 18m; residential flat building is 18m |

In relation to DTS/DPF 2.1, in instances where:

- (c) more than one value is returned in the same field, refer to the *Minimum Frontage Technical and Numeric Variation* layer or *Minimum Site Area Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development.
- (d) no value is returned in DTS/DPS 2.1(a) (i.e. there is a blank field or the value is not relevant), then a net residential density of up to 70 dwellings per hectare applies.
- (e) no value is returned in DTS/DPS 2.1(b) (i.e. there is a blank field or the value is not relevant), then there is no minimum frontage and DTS/DPF 2.1(b) is met.

PO 2.2
Development creating new allotments/sites in conjunction with retention of an existing dwelling ensures the site of the existing dwelling remains fit for purpose.

DTS/DPF 2.2
Where the site of a dwelling does not comprise an entire allotment:

- (a) the balance of the allotment accords with the requirements specified in Housing Diversity Neighbourhood Zone DTS/DPF 2.1
- (b) if there is an existing dwelling on the allotment that will remain on the allotment after completion of the development it will not contravene:
 - (i) private open space requirements specified in Design in Urban Areas Table 1 - Private Open Space
 - (ii) car parking requirements specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number.

Building Height

PO 3.1
Building height is consistent with the form expressed in any relevant Maximum Building Height Levels Technical and Numeric Variation and Maximum Building Height Metres Technical and Numeric Variation, and is otherwise generally low rise, or complements the height of nearby buildings.

DTS/DPF 3.1
Building height (excluding garages, carports and outbuildings) is no greater than:

- (a) the following:

| Maximum Building Height (Metres) |
|-------------------------------------|
| Maximum building height is 8.5m |
| Maximum building height is 9m |
| Maximum building height is 10m |
| Maximum building height is 12m |
| Maximum building height is 12.5m |
| Maximum building height is 16.5m |
| Maximum building height is 11m |
| Maximum Building Height (Levels) |
| Maximum building height is 1 level |
| Maximum building height is 2 levels |
| Maximum building height is 3 levels |
| Maximum building height is 4 levels |

- (b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 2 building levels up to a maximum height of 9m.

In relation to DTS/DPF 3.1, in instances where:

- (c) more than one value is returned in the same field, refer to the *Maximum Building Height (Levels) Technical and Numeric Variation* layer or *Maximum Building Height (Meters) Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (d) only one value is returned for DTS/DPF 3.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.

Primary Street Setback

PO 4.1

DTS/DPF 4.1

| Buildings are set back from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape. | The building line of a building set back from the primary street boundary not less than 3m. | | | | | | | |
|--|--|-------------|--|---|---|---------------------------|---|------------------------------------|
| Secondary Street Setback | | | | | | | | |
| <p>PO 5.1</p> <p>Buildings are set back from secondary street boundaries to achieve a pattern of separation between building walls and public thoroughfares and to reinforce streetscape character.</p> | <p>DTS/DPF 5.1</p> <p>Buildings walls are set back at least 900mm from the boundary of the allotment with the secondary street frontage, or if a dwelling on any adjoining allotment is closer to the secondary street than 0.9m, the distance of that dwelling from the boundary with the secondary street (being, if relevant, the lesser of the 2 distances).</p> | | | | | | | |
| Boundary Walls | | | | | | | | |
| <p>PO 6.1</p> <p>Dwelling boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining residential properties.</p> | <p>DTS/DPF 6.1</p> <p>Except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur on only one side boundary and satisfy (a) or (b) below:</p> <ul style="list-style-type: none"> (a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height (b) side boundary walls do not: <ul style="list-style-type: none"> (i) exceed 3m in height from the top of footings (ii) exceed 11.5m in length (iii) when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land. | | | | | | | |
| <p>PO 6.2</p> <p>Dwellings in a semi-detached, row or terrace arrangements maintain space between buildings consistent with a suburban streetscape character.</p> | <p>DTS/DPF 6.2</p> <p>Dwelling walls in a semi-detached, row or terrace arrangement are set back at least 900mm from side boundaries shared with allotments outside the development site.</p> | | | | | | | |
| Side Boundary Setback | | | | | | | | |
| <p>PO 7.1</p> <p>Buildings walls are set back from side boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours. | <p>DTS/DPF 7.1</p> <p>Other than walls located on a side boundary, building walls are set back from side boundaries:</p> <ul style="list-style-type: none"> (a) at least 900mm for a wall height less than 3m (b) at least 900mm plus 1/3 of the wall height above 3m. | | | | | | | |
| Rear Boundary Setback | | | | | | | | |
| <p>PO 8.1</p> <p>Dwelling walls are set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours (c) open space recreational opportunities (d) space for landscaping and vegetation. | <p>DTS/DPF 8.1</p> <p>Dwelling walls are set back from the rear boundary at least:</p> <ul style="list-style-type: none"> (a) 3m for the first building level or 0m where the rear boundary abuts a laneway (b) 5m for any second building level (c) 5m plus any increase in wall height over 7m for buildings of 3 building levels and above.. | | | | | | | |
| Concept Plans | | | | | | | | |
| <p>PO 9.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 9.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" data-bbox="802 1601 1556 1832"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 2 - Hurling Drive, Mount Barker</td> </tr> <tr> <td>Concept Plan 3 - Mount Barker and Littlehampton</td> </tr> <tr> <td>Concept Plan 1 - Hawthorn Road South Mount Barker</td> </tr> <tr> <td>Concept Plan 82 - Hackney</td> </tr> <tr> <td>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints</td> </tr> <tr> <td>Concept Plan 93 - Noarlunga Centre</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 9.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 9.1 is met. | Description | Concept Plan 2 - Hurling Drive, Mount Barker | Concept Plan 3 - Mount Barker and Littlehampton | Concept Plan 1 - Hawthorn Road South Mount Barker | Concept Plan 82 - Hackney | Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | Concept Plan 93 - Noarlunga Centre |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|------------------------------------|--------------------------|
|------------------------------------|--------------------------|

| | |
|--|--|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <ul style="list-style-type: none"> (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | <p>Except development involving any of the following:</p> <ul style="list-style-type: none"> 1. residential flat building(s) of 3 storeys or greater 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway lands (d) carport (e) deck (f) demolition (g) dwelling (h) dwelling addition (i) fence (j) outbuilding (k) pergola (l) private bushfire shelter (m) recreation area (n) residential flat building (o) retaining wall (p) retirement facility (q) shade sail (r) solar photovoltaic panels (roof mounted) (s) student accommodation (t) supported accommodation (u) swimming pool or spa pool (v) verandah (w) water tank. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Housing Diversity Neighbourhood Zone 3.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>4. Alteration of or addition to any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) community facility (b) educational establishment (c) pre-school. | <p>Except development that does not satisfy Housing Diversity Neighbourhood Zone DTS/DPF 1.4.</p> |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Housing Diversity Neighbourhood Zone 3.1 or 2. does not satisfy Housing Diversity Neighbourhood Zone DTS/DPF 1.2 or 3. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>6. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) replacement building (d) temporary accommodation in an area affected by bushfire (e) tree damaging activity. | <p>None specified.</p> |
| <p>7. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Infrastructure Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | The protection, provision, maintenance and expansion of infrastructure services and facilities that support orderly development and vehicular movements. |
| DO 2 | Infrastructure services and facilities manage environmental impacts. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature | | |
|---|---|-------------|---|
| Land Use and Intensity | | | |
| PO 1.1 Utility and infrastructure facilities and other services support the orderly development of land and assist in managing the impacts on the environment and community. | DTS/DPF 1.1 Development comprises one or more of the following: (a) Electricity substation (b) Landfill, including gas extraction plant and equipment (c) Water treatment and supply (d) Stormwater retention / detention basin (e) Sewerage treatment facility (f) Public service depot (g) Telecommunications facility (h) Waste transfer depot. | | |
| PO 1.2 Development does not hinder the ongoing operation of existing utility and other infrastructure services or jeopardise the expansion of those services to support economic activity and manage impacts on the environment and community. | DTS/DPF 1.2 None are applicable. | | |
| PO 1.3 Development ancillary to utility and other infrastructure services including offices, workshops and the like are undertaken to enhance the operational and maintenance aspects of those services. | DTS/DPF 1.3 None are applicable. | | |
| PO 1.4 Security fencing is located behind landscaping to enhance the appearance of development from adjacent areas, roads and thoroughfares. | DTS/DPF 1.4 None are applicable. | | |
| Fencing | | | |
| PO 2.1 Fencing exceeding 2.1m in height is integrated and designed to complement the appearance of land and buildings and does not form a dominant visual feature from adjacent areas, roads and thoroughfares. | DTS/DPF 2.1 Fencing exceeding 2.1m in height: (a) is located behind a façade of an associated building located on the same site or (b) is located behind a landscaped area along relevant street frontages or (c) consists of visually permeable materials with landscaping behind. | | |
| Concept Plans | | | |
| PO 3.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 3.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: <table border="1" style="width: 100%;"> <thead> <tr> <th>Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints</td> </tr> </tbody> </table> In relation to DTS/DPF 3.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code. | Description | Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Description | | | |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | | | |

and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
 (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 3.1 is met.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) building work on railway land (c) electricity substation (d) fence (e) landfill, including gas extraction plant and equipment (f) public service depot (g) stormwater retention / detention basin (h) sewerage treatment facility (i) solar photovoltaic panels (roof mounted) (j) telecommunications facility (k) waste transfer depot (l) water tank (m) water treatment and supply. | Except where the site of the development is adjacent land to a site (or land) in a neighbourhood-type zone. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) replacement building (c) temporary accommodation in an area affected by bushfire (d) tree damaging activity. | None specified. |
| 4. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Infrastructure (Airfield) Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|------------------------|---|
| DO 1 | Aviation operations together with allied and complementary activities to support the long term ongoing use and expansion of airfield development and activities for commercial freight and passenger transport as well as aviation-related recreational pursuits. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use | |
| <p>PO 1.1</p> <p>Development primarily catering for take-off and landing, on-ground movement, maintenance, repair and storage of aircraft, as well as facilities associated with the handling of freight and passengers to enhance the safe and efficient transportation of people and cargo.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Aircraft operational facilities beacons, transmitting installations and their associated towers (b) Aircraft control tower (c) Light industry associated with, and ancillary to, aviation activities (d) Passenger and/or air freight terminal (e) Aircraft hangar (f) Shop within the terminal building (g) Store associated with, and ancillary to, aviation activities (h) Fuel depot associated with aviation and airport related purposes (i) Office associated with, and ancillary to, aviation activities (j) Flight simulation and training facility. (k) Tourist accommodation associated with and ancillary to aviation activities (l) Caretaker's dwelling |
| <p>PO 1.2</p> <p>Development does not impede aviation operations and the expansion of airfields.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Development is of a scale and design consistent with the role and function of the airfield and complementary to the wider setting.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| Land Division | |
| <p>PO 3.1</p> <p>Land division is suitable for the intended use of the land and maintains the efficient and safe operations of the airfield.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| Hazard Management | |
| <p>PO 4.1</p> <p>Movement between aircraft taxiways and open runway corridors and areas used for non-aviation purposes is regulated through the incorporation of fencing or other barriers to mitigate hazard to aircraft operations and provide for the safety of users and occupiers of land use for non-aviation purposes.</p> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>Landscaping uses species to minimise the nesting and attraction of birds and spread of leaf and other debris to mitigate hazard to aircraft.</p> | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| Advertisements | |
| <p>PO 5.1</p> <p>Advertisements are limited to those in connection with the terminal building and the display of business services on non-residential premises to avoid visual clutter and untidiness.</p> | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> |
| Concept Plans | |
| <p>PO 6.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 6.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 6.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) aircraft control tower (b) aircraft hanger (c) aircraft operational facilities beacons, transmitting installations and their associated towers (or any combination thereof) (d) air handling unit, air conditioning system or exhaust fan (e) building work on railway land (f) caretaker's dwelling (g) carport (h) demolition (h) detached dwelling where located within the Residential Aviation Estate Subzone (i) fence (j) flight simulation and training facility (k) fuel depot associated with aviation and airport related purposes (l) light industry associated with, and ancillary to, aviation activities (m) office associated with, and ancillary to, aviation activities (n) outbuilding (o) passenger and/or air freight terminal (p) private bushfire shelter (q) shade sail (r) shop within a terminal building (s) solar photovoltaic panels (roof mounted) (t) store associated with, and ancillary to, aviation activities (u) tourist accommodation associated with and ancillary to aviation activities (v) verandah (w) water tank. | Except non-residential development where the site of the development is adjacent land to a site (or land) in a neighbourhood-type zone. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) replacement building (c) temporary accommodation in an area affected by bushfire (d) tree damaging activity. | None specified. |
| 4. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Residential Aviation Estate Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Low density, detached dwellings and associated aircraft hangars designed to integrate with and complement the spacious setting of the airfield. |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Dwellings are developed in close affiliation with outbuildings and activities for the storage and / or maintenance of aircraft to support the role and function of the airfield. | DTS/DPF 1.1 Dwelling located on the same site as an existing aircraft hangar or built concurrently. |
| PO 1.2 Hangars provide for the storage and maintenance of aircraft and associated equipment within buildings to contribute to the appearance of land in the locality and mitigate adverse amenity impacts on neighbouring dwellings from aircraft maintenance activities. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 An open character is accommodated by providing space around buildings and managing the cumulative impacts of buildings in the locality. | DTS/DPF 1.3 The total floor area of all existing and proposed buildings does not exceed 35 per cent of an allotment area. |
| Land Division | |
| PO 2.1 Allotments are of suitable size and dimension to accommodate a dwelling and associated outbuildings (including hangar) setbacks from boundaries to support a spacious setting. | DTS/DPF 2.1 Allotments have an area of 2000m ² or more and a frontage width of 30m or more. |
| Building Height | |
| PO 3.1 Dwellings contribute to a low-rise residential character and complement the height of nearby buildings. | DTS/DPF 3.1 Dwelling: <ul style="list-style-type: none"> (a) with a height up to 2 building levels and 9m (b) with a wall height up to 6m. |
| PO 3.2 An outbuilding in the form of a hangar that is sited and designed so as to be subordinate to the associated dwelling and complement the height of nearby buildings. | DTS/DPF 3.2 Hangar height is no more than 9m. |
| Primary Street Setback | |
| PO 4.1 Buildings are set back from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape. | DTS/DPF 4.1 The building line of a building set back from the primary street boundary not less than 6m. |
| Secondary Street Setback | |
| PO 5.1 Buildings are set back from secondary street boundaries to support separation between building walls and public thoroughfares and reinforce an open and spacious streetscape character. | DTS/DPF 5.1 Buildings are set back 2m or more from the boundary of the allotment with the secondary street frontage. |
| Side Boundary Setback | |
| PO 6.1 Buildings are set back from side boundaries to provide: <ul style="list-style-type: none"> (a) separation between dwellings in a way that reinforces a low density residential character (b) access to natural light and ventilation for neighbours. | DTS/DPF 6.1 Buildings are set back from side boundaries 1m or more. |
| Rear Boundary Setback | |
| PO 7.1 Buildings are set back from rear boundaries to provide: <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours (c) open space recreational opportunities (d) space for landscaping and vegetation. | DTS/DPF 7.1 Buildings are set back from the rear boundary 20m or more. |

Infrastructure (Ferry and Marina Facilities) Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| | |
|------|--|
| DO 1 | A zone accommodating on-water development associated with the function of marinas and passenger ferry services together with a range of complementary waterfront-oriented recreational and tourist development activities. |
|------|--|

|---|---|

neighbourhood-type zone.

from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes in a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):

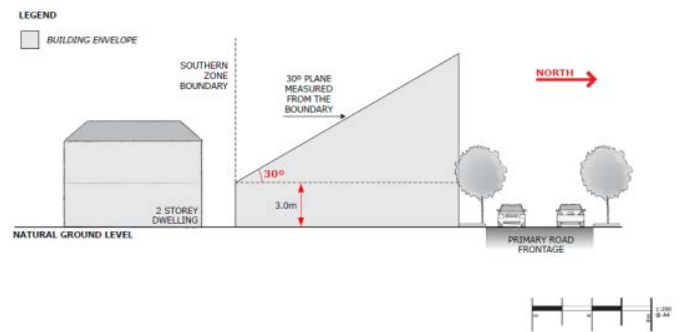

PO 3.3

Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 3.3

Buildings on sites with a southern boundary adjoining an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:

PO 3.4

Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 3.4

None are applicable.

Advertisements

PO 4.1

Advertisements are sited and designed to achieve an overall consistency of appearance along individual street frontages.

DTS/DPF 4.1

None are applicable.

PO 4.2

Freestanding advertisements:

- (a) identify the associated business(es)
- (b) are of a size that is commensurate with the scale of the centre and the street frontage
- (c) avoid visual clutter
- (d) positively respond to the context without dominating the locality.

DTS/DPF 4.2

Freestanding advertisements:

- (a) do not exceed 5m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser)
- (b) do not have a sign face that exceeds 4m² per side.

Concept Plans

PO 5.1

Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 5.1

The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|---|
| Concept Plan 2 - Hurling Drive, Mount Barker |
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 9 - Blakeview |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Concept Plan 92 - Meadows |

| Description |
|--|
| Concept Plan 101 - Evanston Gardens, Evanston South, Hillier |
| Concept Plan 100 - Gawler East |
| In relation to DTS/DPF 5.1, in instances where: |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) community facility (e) consulting room (f) deck (g) dwelling (h) fence (i) land division (j) office (k) retaining wall (l) shade sail (m) shop (n) solar photovoltaic panels (roof mounted) (o) verandah (p) water tank. | Except development that exceeds the maximum building height specified in Local Activity Centre Zone DTS/DPF 3.1 or does not satisfy any of the following: 1. Local Activity Centre Zone DTS/DPF 3.2 2. Local Activity Centre Zone DTS/DPF 3.3. |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) replacement building (c) temporary accommodation in an area affected by bushfire (d) tree damaging activity. | None specified. |
| 5. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Master Planned Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | A new or expanding community with a diverse range of housing that supports a range of needs and lifestyles located within easy reach of a diversity of services, facilities and open space. |
|------|---|

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Diverse housing choices and a wide range of complementary recreational, community services and other activities to support a growing community and create a pleasant place to live.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Ancillary accommodation (b) Community facility (c) Consulting room (d) Display home (e) Dwelling (f) Educational establishment (g) Indoor recreation facility (h) Office (i) Pre-school (j) Recreation area (k) Residential flat building (l) Retirement facility (m) Shop (n) Supported accommodation. |
| <p>PO 1.2</p> <p>Land division results in a low-to-medium density neighbourhood that contains a diverse range of housing types and allotment sizes.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Residential development at increased densities close to open space, public transport, activity centres and community facilities to enhance community access to community services.</p> | <p>DTS/DPF 1.3</p> <p>Medium and high density residential development located where any one of the following is satisfied:</p> <ul style="list-style-type: none"> (a) within 200m of an activity centre (b) within 200m of a high frequency public transit service (c) adjoining public open space greater than 2000m² (including where the site would adjoin if not separated by a public road). |
| <p>PO 1.4</p> <p>Commercial activities outside activity centres improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.4</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) where located outside of an Activity Centre, does not exceed 150m² in gross leasable floor area. |
| Coordinated and Orderly Development | |
| <p>PO 2.1</p> <p>Land division and infrastructure occur in a coordinated manner and orderly sequence.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development and infrastructure are staged and provided in a manner that supports the orderly expansion of urban areas and the economic provision of infrastructure and services.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| Community Facilities | |
| <p>PO 3.1</p> | <p>DTS/DPF 3.1</p> |

| | |
|--|--|
| <p>Community facilities such as schools, community centres, recreation centres and public open space are co-located within activity centres or co-located with complementary uses to reinforce their role as a focal point for community.</p> | <p>None are applicable.</p> |
| <p>P0 3.2 Community facilities are located and designed to maximise accessibility by public transport, walking and cycling.</p> | <p>DTS/DPF 3.2 None are applicable.</p> |
| <p>Open Space</p> | |
| <p>P0 4.1 The size and distribution of open space encourages recreation and healthy lifestyles.</p> | <p>DTS/DPF 4.1 None are applicable.</p> |
| <p>P0 4.2 The quality of open space encourages recreation and healthy lifestyles by including a variety of attractive features such as walking and cycling trails, play spaces, water features, irrigated recreation spaces, sporting infrastructure or public art.</p> | <p>DTS/DPF 4.2 None are applicable.</p> |
| <p>Building Height</p> | |
| <p>P0 5.1 Residential buildings establish a low-medium rise residential character with development above 3 building levels located close to activity centres, open space and/or public transport.</p> | <p>DTS/DPF 5.1 Residential buildings (excluding garages, carports and outbuildings) do not exceed the maximum building height nominated on a Building Envelope Plan, or where none exists:</p> <ul style="list-style-type: none"> (a) a maximum height of 3 building levels or 12m and (b) a maximum wall height of 10m (except where a gable end). |
| <p>Primary Street Setback</p> | |
| <p>P0 6.1 Buildings are setback from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape and integrate development with public open space.</p> | <p>DTS/DPF 6.1 The building line of buildings set back from the primary street boundary consistent with a building envelope plan, or where no building envelope plan exists:</p> <ul style="list-style-type: none"> (a) not less than 1.5m where the allotment adjoins a public reserve greater than 2000m² (including where the allotment would adjoin a reserve if not separated by a public road), the dwelling faces that reserve and access is provided to the rear of the allotment or (b) not less than 3m in all other cases. |
| <p>Secondary Street Setback</p> | |
| <p>P0 7.1 Buildings are setback from secondary street boundaries to maintain a pattern of separation between building walls and public thoroughfares and reinforce a streetscape character.</p> | <p>DTS/DPF 7.1 Dwelling walls are set back consistent with a building envelope plan, or where none exists at least 900mm from the boundary of the allotment with the secondary street frontage.</p> |
| <p>Boundary Walls</p> | |
| <p>P0 8.1 Boundary walls are limited in height and length to manage impacts on adjoining properties.</p> | <p>DTS/DPF 8.1 Dwelling walls on side boundaries are consistent with a building envelope plan, or satisfy (a) or (b):</p> <ul style="list-style-type: none"> (a) adjoin or abut a boundary wall of a building on adjoining land for the same, or lesser length and height or (b) do not: <ul style="list-style-type: none"> (i) exceed 3m in height from the top of footings (ii) exceed 11.5m in length (iii) with respect to all boundary walls on the same boundary, exceed 45% of the total length of the boundary (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land. |
| <p>Side Boundary Setback</p> | |
| <p>P0 9.1 Buildings are set back from side boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the emerging character of the locality (b) access to natural light and ventilation for neighbours. | <p>DTS/DPF 9.1 Building walls not sited on side boundaries set back from side boundaries consistent with a building envelope plan, or are set back:</p> <ul style="list-style-type: none"> (a) 900mm for a wall height less than 3m and (b) 900mm plus 1/3 of the wall height above 3m. |
| <p>Rear Boundary Setback</p> | |
| <p>P0 10.1 Buildings are set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the emerging | <p>DTS/DPF 10.1 Building walls are set back from the rear boundary consistent with a building envelope plan, or at least:</p> |

| <p>character of the locality</p> <p>(b) access to natural light and ventilation for neighbours</p> <p>(c) open space recreational opportunities</p> <p>(d) space for landscaping and vegetation.</p> | <p>(a) 3m for the first building level or 0m where the rear boundary adjoins a laneway</p> <p>(b) 5m for any second building level or 0m where the rear boundary adjoins a laneway</p> <p>(c) 5m plus any increase in wall height over 7m for buildings three building levels and above.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |
|---|---|-------------|---|-----------------------------|------------------------------|---------------------------------|-----------------------------------|------------------------------|----------------------------------|---|------------------------------------|----------------------------|---|---|---|---|-------------------------------------|--|---|---------------------------------|--|-------------------------------------|------------------------------------|--|--------------------------------|------------------------------|---|
| <p>Site Dimensions and Land Division</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 11.1</p> <p>Allotments created for residential purposes are of a suitable size and dimension and accommodate a diverse range of housing choices.</p> | <p>DTS/DPF 11.1</p> <p>None are applicable.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 11.2</p> <p>Allotments created for residential purposes are a suitable size and dimension to accommodate dwellings that are functional and provide a high standard of residential amenity for occupants.</p> | <p>DTS/DPF 11.2</p> <p>None are applicable</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 11.3</p> <p>Sites for residential purposes are consistent with an authorised plan of division or master plan.</p> | <p>DTS/DPF 11.3</p> <p>Development will not result in more than 1 dwelling on an existing allotment.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>Land Division Pattern</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 12.1</p> <p>Street patterns and pedestrian and cycle connections designed to reduce travel distances to open space, public transport, activity centres and community facilities and assist to create low speed environments in local streets.</p> | <p>DTS/DPF 12.1</p> <p>None are applicable.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |

| | <ul style="list-style-type: none"> (a) are of a temporary nature and will be removed within 2 years from the date of installation (b) promote the sale of land or buildings within the zone. |
| PO 15.2 Display homes provide sufficient car parking. | DTS/DPF 15.2 None are applicable. |
| Earthworks and sloping land | |
| PO 16.1 Development, including any associated driveways and access tracks, minimises the need for earthworks to limit disturbance to natural topography. | DTS/DPF 16.1 Earthworks associated with development are consistent with a building envelope plan, or do not involve: <ul style="list-style-type: none"> (a) excavation exceeding a vertical height of 1.5m (b) filling exceeding a vertical height of 1.5m (c) a total combined excavation and filling vertical height of 3m or more. |
| Ancillary Structures and Buildings | |
| PO 17.1 Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of buildings on the site or neighbouring properties. | DTS/DPF 17.1 Ancillary buildings and structures: <ul style="list-style-type: none"> (a) are ancillary to a dwelling erected on the same site (b) have a floor area not exceeding 60m² (c) are not constructed, added to or altered so that any part is situated: <ul style="list-style-type: none"> (i) in front of any part of the building line of the dwelling to which it is ancillary or (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads) (d) in the case of a garage or carport, the garage or carport: <ul style="list-style-type: none"> (i) is set back at least 5.5m from the boundary of the primary street (ii) when facing a primary street or secondary street, has a total door / opening not exceeding: <ul style="list-style-type: none"> A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless: <ul style="list-style-type: none"> (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure (h) have a wall height (or post height) not exceeding 3m. (i) have a roof height where no part of the roof is more than 5m above the natural ground level (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour |
| PO 17.2 Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements and do not result in over-development of the site. | DTS/DPF 17.2 Ancillary buildings and structures do not result in: <ul style="list-style-type: none"> (a) less private open space than specified in Design Table 1 - Private Open Space (b) less car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |
| Private Open Space | |
| PO 18.1 Dwellings are provided with suitable sized areas of usable private open space to meet the needs of occupants. | DTS/DPF 18.1 Dwellings are provided with a minimum area of private open space nominated on a building envelope plan, or in accordance with Design in Urban Areas Table 1 - Private Open Space. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development | Exceptions |
|----------------------|------------|
|----------------------|------------|

| (Column A) | (Column B) |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <ul style="list-style-type: none"> (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | <p>Except development that involves any of the following:</p> <ul style="list-style-type: none"> 1. residential flat building(s) of 3 or more building levels 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following) where not located in an activity centre within the Emerging Activity Centre Subzone:</p> <ul style="list-style-type: none"> (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) community facility (f) deck (g) display home (h) dwelling (i) dwelling addition (j) educational establishment (k) fence (l) indoor recreation facility (m) outbuilding (n) pergola (o) pre-school (p) private bushfire shelter (q) residential flat building (r) retaining wall (s) retirement facility (t) shade sail (u) solar photovoltaic panels (roof mounted) (v) supported accommodation (w) swimming pool or spa pool (x) verandah (y) water tank. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. does not satisfy Master Planned Neighbourhood Zone DTS/DPF 5.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where in accordance with a building envelope plan or where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>4. Emerging Activity Centre Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

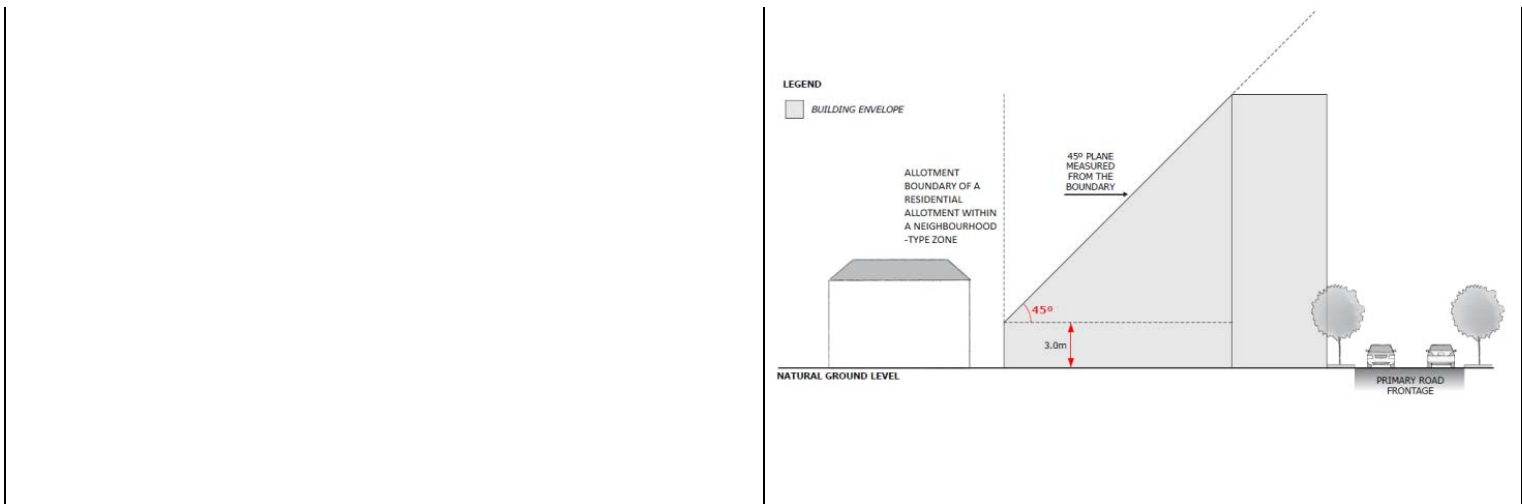

Desired Outcome

DO 1 Activity centres, employment, and community services make neighbourhoods a healthy and convenient place to live.

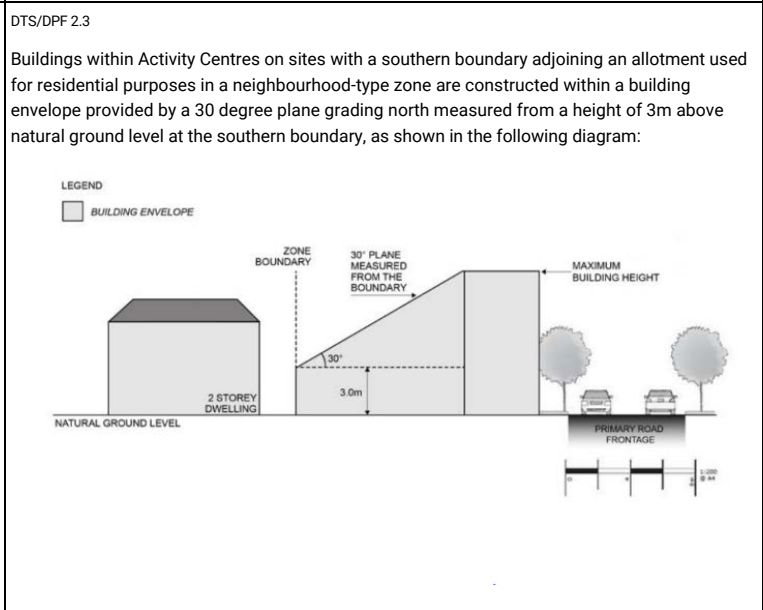

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Activity centres within master-planned communities include a range of land uses to provide services at the local and neighbourhood level.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following where located in an Activity Centre:</p> <ul style="list-style-type: none"> (a) Cinema (b) Community facility (c) Consulting room (d) Dwelling located above non-residential development (e) Educational establishment (f) Emergency services facility |

| | |
|--|--|
| | <ul style="list-style-type: none"> (g) Hospital (h) Hotel (i) Indoor recreation facility (j) Library (k) Office (l) Place of worship (m) Pre-school (n) Public transport terminal (o) Retail fuel outlet (p) Service trade premises (q) Shop (r) Tourist accommodation. <p>And in any other case, one or more of the following land uses:</p> <ul style="list-style-type: none"> (s) Ancillary accommodation (t) Community facility (u) Consulting room (v) Display home (w) Dwelling (x) Educational establishment (y) Indoor recreation facility (z) Office (aa) Pre-school (ab) Recreation area (ac) Residential flat building (ad) Retirement facility (ae) Shop (af) Supported accommodation. |
| <p>PO 1.2</p> <p>Land division design designates land for activity centres that is:</p> <ul style="list-style-type: none"> (a) distributed to maximise convenient access to shopping and services (b) of sufficient size to cater for the anticipated catchment and future population. | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Land division design ensures activity centres are located to maximise accessibility by public transport, walking and cycling.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Land division design ensures activity centres are established in locations that improve accessibility and exposure such as:</p> <ul style="list-style-type: none"> (a) at an intersection of higher order roads and main movement routes (b) locations that have the highest residential density and pedestrian catchment <p>or</p> <ul style="list-style-type: none"> (c) adjacent high frequency public transport. | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Within Activity Centres, dwellings are developed only in conjunction with non-residential uses to support business, entertainment and recreational activities.</p> | <p>DTS/DPF 1.5</p> <p>Within Activity Centres, dwellings are developed only in conjunction with non-residential uses and sited:</p> <ul style="list-style-type: none"> (a) at upper levels of buildings with non-residential uses located at ground level <p>or</p> <ul style="list-style-type: none"> (b) behind non-residential uses on the same allotment. |
| <p>PO 1.6</p> <p>Activity Centres include a range of non-residential uses such as shops, offices, consulting rooms, educational establishments and community facilities of a scale to support the anticipated future growth of the surrounding neighbourhood.</p> | <p>DTS/DPF 1.6</p> <p>None are applicable.</p> |
| <p>Built Form and Character</p> | |
| <p>PO 2.1</p> <p>A range of low-to-medium rise buildings within Activity Centres, with the highest intensity of built form sited away from residential development, and lower scale development at the interface with residential development.</p> | <p>DTS/DPF 2.1</p> <p>Buildings within Activity Centres not exceeding the following maximum building heights:</p> <ul style="list-style-type: none"> (a) where the development is located on land adjacent to an allotment that will be used solely for residential purposes, 3 building levels or 12m (b) in all other cases 6 building levels or 22m. |
| <p>PO 2.2</p> <p>Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone</p> | <p>DTS/DPF 2.2</p> <p>Buildings within Activity Centres constructed within a building envelope provided by a 45 degree plane, measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):</p> |

PO 2.3
Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

Advertising

PO 3.1
Advertisements are sited and designed to achieve an overall consistency and appearance along individual street frontages.

DTS/DPF 3.1
None are applicable.

- PO 3.2
Freestanding advertisements:
- (a) identify the associated business(es)
 - (b) are of a size that is commensurate with the scale of the centre and the street frontage
 - (c) avoid visual clutter
 - (d) positively respond to the context without dominating the locality.

- DTS/DPF 3.2
Freestanding advertisements:
- (a) do not exceed 8m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser)
 - (b) do not have a sign face that exceeds 6m² per side

Master Planned Renewal Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | A revitalised community with a diverse range of housing that supports a range of needs and lifestyles located within easy reach of a diversity of services, facilities and open space. Employment and community services will improve access to jobs, goods and services without compromising residential amenity. |
|------|--|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome

Deemed-to-Satisfy Criteria / Designated Performance Feature

Land Use and Intensity

PO 1.1
Residential development and supporting uses in emerging urban communities contribute to creating a convenient urban environment for residents.

- DTS/DPF 1.1
Development comprises one or more of the following:
- (a) Ancillary accommodation
 - (b) Community facility
 - (c) Consulting room

| | |
|---|---|
| | <ul style="list-style-type: none"> (d) Display home (e) Dwelling (f) Educational establishment (g) Office (h) Pre-school (i) Recreation area (j) Residential flat building (k) Retirement facility (l) Shop (m) Student accommodation (n) Supported accommodation. |
| <p>PO 1.2</p> <p>Residential development at increased densities close to open space, public transport, activity centres and community facilities to enhance community access to community services.</p> | <p>DTS/DPF 1.2</p> <p>Medium and high density residential development located where any one of the following is satisfied:</p> <ul style="list-style-type: none"> (a) within 200m of an activity centre (b) within 200m of a public transport stop (c) adjoining public open space greater than 2000m² (including where the site would adjoin if not separated by a public road). |
| <p>PO 1.3</p> <p>Non-residential uses are of a scale to support the anticipated future growth of the surrounding neighbourhood.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.4</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) does not exceed 250m² in gross leasable floor area (individually or combined, in a single building). |
| <p>PO 1.5</p> <p>Non-residential development located and designed to improve community accessibility to services primarily in the form of:</p> <ul style="list-style-type: none"> (a) small-scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational establishments, community centres, places of worship, pre-schools and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities (d) open space and recreation facilities. | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| <p>PO 1.6</p> <p>Community services such as schools, community centres, recreation centres and public open space are co-located with complementary uses to reinforce their role as a community focal point.</p> | <p>DTS/DPF 1.6</p> <p>None are applicable.</p> |
| <p>PO 1.7</p> <p>Community services are located and designed to maximise accessibility by public transport, walking and cycling.</p> | <p>DTS/DPF 1.7</p> <p>None are applicable</p> |
| Coordinated and Orderly Development | |
| <p>PO 2.1</p> <p>Where land ownership is fragmented, land division and infrastructure occur in a coordinated manner and orderly sequence.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development and infrastructure are staged and provided in a manner that supports the orderly expansion of urban areas and the economic provision of infrastructure and services.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| Site Dimensions and Land Division | |
| <p>PO 3.1</p> <p>Street patterns and pedestrian and cycle connections designed to reduce travel distances to open space, public transport, activity centres and community facilities and assist to create low speed environments in local streets.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>PO 3.2</p> <p>Tree planting provided on public streets and public open space to create a comfortable micro-climate and improve the amenity of the neighbourhood.</p> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
| <p>PO 3.3</p> <p>Allotments created for residential purposes are of a suitable size and dimension and accommodate a diverse range of housing choices, dwellings that are functional and provide a high standard of residential amenity for occupants.</p> | <p>DTS/DPF 3.3</p> <p>None are applicable.</p> |
| <p>PO 3.4</p> | <p>DTS/DPF 3.4</p> |

| | |
|---|---|
| Sites for residential purposes are consistent with an authorised plan of division, Concept Plan or master plan. | Development will not result in more than 1 dwelling on an existing allotment. |
| Open Space | |
| PO 4.1 The size and distribution of open space encourages recreation and healthy lifestyles. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 The quality of open space encourages recreation and healthy lifestyles by including a variety of attractive features such as walking and cycling trails, play spaces, water features (including watercourses and constructed wetlands), irrigated recreation spaces, sporting infrastructure or public art. | DTS/DPF 4.2 None are applicable. |
| Building Height | |
| PO 5.1 Buildings generally 2-3 levels with taller buildings located on sites that are a suitable size and dimension to manage massing and impacts on adjoining residential development. | DTS/DPF 5.1 Building height (excluding garages, carports and outbuildings) does not exceed the maximum building height nominated on a Building Envelope Plan, or where none exists: (a) 4 building levels and 15m where the site: (i) is at least 1200m ² (ii) has a frontage of at least 35m or (b) 3 building levels and 12m in all other circumstances. |
| PO 5.2 The effects of building mass on residential allotments in a different neighbourhood-type zone mitigated through articulation of building elevations. | DTS/DPF 5.2 None are applicable. |
| Primary Street Setback | |
| PO 6.1 Buildings are setback from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape and integrate development with public open space. | DTS/DPF 6.1 The building line of buildings set back from the primary street boundary consistent with a building envelope plan, or where no building envelope plan exists: (a) not less than 1.5m where the allotment adjoins a public reserve greater than 2000m ² (including where the allotment would adjoin a reserve if not separated by a public road), the dwelling faces that reserve and access is provided to the rear of the allotment or (b) not less than 3m in all other cases. |
| Secondary Street Setback | |
| PO 7.1 Buildings are setback from secondary street boundaries to maintain a pattern of separation between building walls and public thoroughfares and reinforce a streetscape character. | DTS/DPF 7.1 Dwelling walls are set back consistent with a building envelope plan, or where none exists at least 900mm from the boundary of the allotment with the secondary street frontage. |
| Boundary Walls | |
| PO 8.1 Boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining properties. | DTS/DPF 8.1 Dwelling walls on side boundaries are consistent with a building envelope plan, or satisfy (a) or (b): (a) adjoin or abut a boundary wall of a building on adjoining land for the same, or lesser length and height or (b) do not exceed: (i) 3m in height from the top of footings and (ii) 11.5m in length and (iii) with respect to all boundary walls on the same boundary, 45% of the total length of the boundary. |
| PO 8.2 Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings. | DTS/DPF 8.2 Dwellings in a semi-detached, row or terrace arrangement are setback at least 900mm from side boundaries shared with allotments outside the development site. |
| Side Boundary Setback | |
| PO 9.1 Buildings are set back from side boundaries to provide: (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours. | DTS/DPF 9.1 Building walls not sited on side boundaries set back from side boundaries consistent with a building envelope plan, or are set back: (a) 900mm for a wall height less than 3m and (b) 900mm plus 1/3 of the wall height above 3m. |
| Rear Boundary Setback | |
| PO 10.1 Buildings are setback from rear boundaries to provide: (a) separation between dwellings in a way that complements the established character of | DTS/DPF 10.1 Building walls are set back from the rear boundary consistent with a building envelope plan, or at least: |

| | |
|---|---|
| <p>the locality</p> <p>(b) access to natural light and ventilation for neighbours</p> <p>(c) open space recreational opportunities</p> <p>(d) space for landscaping and vegetation.</p> | <p>(a) 5m or more where the subject land directly abuts an allotment of a different zone or</p> <p>(b) 0m where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land or</p> <p>(c) 3m for the first building level or 0m where the rear boundary adjoins a laneway and</p> <p>(d) 5m for any second building level or 0m where the rear boundary adjoins a laneway and</p> <p>(e) 5m plus any increase in wall height over 7m for buildings three building levels and above.</p> |
| Private Open Space | |
| <p>PO 11.1</p> <p>Dwellings are provided with suitable sized areas of usable private open space to meet the needs of occupants.</p> | <p>DTS/DPF 11.1</p> <p>Dwellings are provided with a minimum area of private open space nominated on a building envelope plan, or in accordance with Design in Urban Areas Table 1 - Private Open Space.</p> |
| <p>PO 11.2</p> <p>Master planned development providing a minimum 15% affordable housing provides coordinated private open space which is sized and located to meet the needs of occupants and promote liveability between neighbours.</p> | <p>DTS/DPF 11.2</p> <p>Private open space within a master planned development providing a minimum 15% affordable housing is provided at a minimum rate of:</p> <p>(a) for dwellings at ground level (including dwellings of two or more storeys), 10m² with a minimum dimension of 2m</p> <p>(b) for dwellings above ground, 8m² with a minimum dimension of 2m.</p> |
| Concept Plans | |
| <p>PO 12.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 – Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development, provision of infrastructure and the location of new activity centres.</p> | <p>DTS/DPF 12.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary (where defined). The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 12.1, in instances where:</p> <p>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</p> <p>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 12.1 is met.</p> |
| Advertising and Display Homes | |
| <p>PO 13.1</p> <p>Advertising is limited to temporary displays to promote the sale of land and buildings within the zone.</p> | <p>DTS/DPF 13.1</p> <p>Advertising is limited to:</p> <p>(a) temporary displays to promote the sale of land and buildings within the zone</p> <p>(b) one display per road frontage and</p> <p>(c) an advertising display area no greater than 6m x 3m.</p> |
| <p>PO 13.2</p> <p>Display homes provide sufficient car parking.</p> | <p>DTS/DPF 13.2</p> <p>Display homes provide sufficient car parking at a rate of:</p> <p>(a) 5.5 carparks per display home for up to five display homes</p> <p>(b) 2.5 additional carparks per additional display home.</p> |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <p>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies or</p> <p>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by</p> | <p>Except development that involves any of the following:</p> <ol style="list-style-type: none"> residential flat building(s) of 3 or more building levels the demolition of a State or Local Heritage Place the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

| | |

Master Planned Township Zone

Assessment Provision (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO1 | Expansion of an existing township with a range of housing that caters to prevailing and emerging housing needs and lifestyles within easy reach of services, facilities and open space. |
| DO2 | Development complementary to existing township settlement patterns, adjacent rural landscapes and natural features. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Diverse housing choices with compatible recreational, community services and other activities to support a growing community and create a pleasant place to live that complements the established township development pattern.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Ancillary accommodation (b) Community facility (c) Consulting room (d) Display home (e) Dwelling (f) Educational establishment (g) Indoor recreation facility (h) Office (i) Pre-school (j) Recreation area (k) Residential flat building (l) Retirement facility (m) Shop (n) Supported accommodation. |
| <p>PO 1.2</p> <p>Land division results in a low density neighbourhood that contains a diverse range of housing types and allotment sizes.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Residential development at increased densities close to open space, public transport, activity centres and community facilities to enhance community access to community services.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.4</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: <ul style="list-style-type: none"> (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes. |
| Coordinated and Orderly Development | |
| <p>PO 2.1</p> <p>Land division and infrastructure occur in a coordinated manner and orderly sequence.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development and infrastructure are staged and provided in a manner that supports the orderly expansion of existing townships and the economic provision of infrastructure and services.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| Community Facilities | |
| <p>PO 3.1</p> <p>Community facilities such as schools, community centres, recreation centres and public open space are co-located within activity centres or with complementary uses to reinforce their role as a focal point for community.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>PO 3.2</p> <p>Community facilities are located and designed to maximise accessibility by public and/or community transport, walking and cycling.</p> | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
| Open Space | |
| <p>PO 4.1</p> <p>The size and distribution of open space encourages recreation and healthy lifestyles.</p> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> | <p>DTS/DPF 4.2</p> |

| | |
|--|---|
| <p>The quality of open space encourages recreation and healthy lifestyles by including a variety of attractive features such as walking and cycling trails, play spaces, water features, irrigated recreation spaces, sporting infrastructure or public art.</p> | <p>None are applicable.</p> |
| <p>Building Height</p> | |
| <p>PO 5.1 Residential buildings generally establish a low rise residential character, with medium rise development appropriate where complementing the scale of the existing township and where a located adjacent activity centres, open space and/or public transport.</p> | <p>DTS/DPF 5.1 Residential buildings (excluding garages, carports and outbuildings) do not exceed the maximum building height nominated on a Building Envelope Plan, or where none exists:</p> <ul style="list-style-type: none"> (a) a maximum height of 2 building levels or 9m and (b) a maximum wall height of 6m (except where a gable end). |
| <p>Primary Street Setback</p> | |
| <p>PO 6.1 Buildings are setback from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape and integrate development with public open space.</p> | <p>DTS/DPF 6.1 The building line of buildings set back from the primary street boundary consistent with a building envelope plan, or where no building envelope plan exists:</p> <ul style="list-style-type: none"> (a) not less than 1.5m where the allotment adjoins a public reserve greater than 2000m² (including where the allotment would adjoin a reserve if not separated by a public road), the dwelling faces that reserve and access is provided to the rear of the allotment or (b) not less than 5m in all other cases. |
| <p>Secondary Street Setback</p> | |
| <p>PO 7.1 Buildings are setback from secondary street boundaries to maintain a pattern of separation between building walls and public thoroughfares and reinforce a streetscape character.</p> | <p>DTS/DPF 7.1 Dwelling walls are set back consistent with a building envelope plan, or where none exists at least 900mm from the boundary of the allotment with the secondary street frontage.</p> |
| <p>Boundary Walls</p> | |
| <p>PO 8.1 Boundary walls are limited in height and length to manage impacts on adjoining properties.</p> | <p>DTS/DPF 8.1 Dwelling walls on side boundaries are consistent with a building envelope plan, or satisfy (a) or (b):</p> <ul style="list-style-type: none"> (a) adjoin or abut a boundary wall of a building on adjoining land for the same, or lesser length and height or (b) do not: <ul style="list-style-type: none"> (i) exceed 3.0m in height from the top of footings (ii) exceed 11.5m in length (iii) with respect to all boundary walls on the same boundary, exceed 45% of the total length of the boundary (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land. |
| <p>Side Boundary Setback</p> | |
| <p>PO 9.1 Buildings are set back from side boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the emerging character of the locality (b) access to natural light and ventilation for neighbours. | <p>DTS/DPF 9.1 Building walls not sited on side boundaries are set back from side boundaries consistent with a building envelope plan, or are set back:</p> <ul style="list-style-type: none"> (a) at least 900mm where the wall height is up to 3m (b) other than for a wall facing a southern side boundary, at least 900mm plus 1/3 of the wall height above 3m and (c) at least 1900mm plus 1/3 of the wall height above 3m for wall facing a southern side boundary. |
| <p>Rear Boundary Setback</p> | |
| <p>PO 10.1 Buildings are set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the emerging character of the locality (b) access to natural light and ventilation for neighbours (c) open space recreational opportunities (d) space for landscaping and vegetation. | <p>DTS/DPF 10.1 Building walls are set back from the rear boundary consistent with a building envelope plan, or at least:</p> <ul style="list-style-type: none"> (a) 3m for the first building level or 0m where the rear boundary adjoins a laneway (b) 5m for any second building level or 0m where the rear boundary adjoins a laneway (c) 5m plus any increase in wall height over 7m for buildings three building levels and above. |
| <p>Site Dimensions and Land Division</p> | |
| <p>PO 11.1 Allotments created for residential purposes are of a suitable size and dimension and accommodate a diverse range of housing choices.</p> | <p>DTS/DPF 11.1 None are applicable</p> |
| <p>PO 11.2 Allotments created for residential purposes are a suitable size and dimension to accommodate dwellings that are functional and provide a high standard of residential amenity for occupants.</p> | <p>DTS/DPF 11.2 Allotments not connected to mains sewer or an approved common waste water disposal service accord with the following:</p> |

| | <ul style="list-style-type: none"> (a) site areas are not less 1200m² (b) site frontages are not less than 20m. | | | | | | | | | |
|--|--|-------------|---------------------------------|------------------------------|----------------------------|---|---|---|-----------------------------|----------------------------------|
| PO 11.3 Sites for residential purposes are consistent with an authorised plan of division or master plan. | DTS/DPF 11.3 Development will not result in more than 1 dwelling on an existing allotment. | | | | | | | | | |
| Land Division Pattern | | | | | | | | | | |
| PO 12.1 Street patterns and pedestrian and cycle connections designed to reduce travel distances to open space, public transport, activity centres and community facilities and assist to create low speed environments in local streets. | DTS/DPF 12.1 None are applicable | | | | | | | | | |
| PO 12.2 Development provides an appropriate transition with the existing township and the interface with rural land. | DTS/DPF 12.2 None are applicable. | | | | | | | | | |
| Tree Canopy | | | | | | | | | | |
| PO 13.1 Tree planting provided on public streets and public open space to create a comfortable micro-climate and improve the amenity of the neighbourhood. | DTS/DPF 13.1 None are applicable. | | | | | | | | | |
| Concept Plans | | | | | | | | | | |
| PO 14.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 – Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development, provision of infrastructure and the location of new activity centres. | <p>DTS/DPF 14.1 The site of the development is wholly located outside any relevant Concept Plan boundary (where defined). The following Concept Plans are relevant:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 14 - Buckland Park</td> </tr> <tr> <td>Concept Plan 17 - Angle Vale</td> </tr> <tr> <td>Concept Plan 21 - Virginia</td> </tr> <tr> <td>Concept Plan 22 - Virginia Infrastructure</td> </tr> <tr> <td>Concept Plan 16 - Angle Vale Infrastructure</td> </tr> <tr> <td>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints</td> </tr> <tr> <td>Concept Plan 99 - Two Wells</td> </tr> <tr> <td>Concept Plan 104 - Aldinga Beach</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 14.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 14.1 is met. | Description | Concept Plan 14 - Buckland Park | Concept Plan 17 - Angle Vale | Concept Plan 21 - Virginia | Concept Plan 22 - Virginia Infrastructure | Concept Plan 16 - Angle Vale Infrastructure | Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | Concept Plan 99 - Two Wells | Concept Plan 104 - Aldinga Beach |

| | <ul style="list-style-type: none"> (ii) when facing a primary street or secondary street, has a total door / opening not exceeding: <ul style="list-style-type: none"> A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless: <ul style="list-style-type: none"> (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure (h) have a wall height or post height not exceeding 3m above natural ground level (i) have a roof height where no part of the roof is more than 5m above the natural ground level (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour. |
| <p>PO 17.2</p> <p>Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements and do not result in over-development of the site.</p> | <p>DTS/DPF 17.2</p> <p>Ancillary buildings and structures do not result in:</p> <ul style="list-style-type: none"> (a) less private open space than specified in Design Table 1 - Private Open Space (b) less car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |
| Private Open Space | |
| <p>PO 18.1</p> <p>Dwellings are provided with suitable sized areas of usable private open space to meet the needs of occupants.</p> | <p>DTS/DPF 18.1</p> <p>Dwellings are provided with a minimum area of private open space nominated on a building envelope plan, or in accordance with Design in Urban Areas Table 1 - Private Open Space.</p> |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| <p style="text-align: center;">Class of Development</p> <p style="text-align: center;">(Column A)</p> | <p style="text-align: center;">Exceptions</p> <p style="text-align: center;">(Column B)</p> |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <ul style="list-style-type: none"> (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | <p>Except development that involves any of the following:</p> <ul style="list-style-type: none"> 1. residential flat building(s) of 3 or more building levels 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following) where not located in an activity centre within the Emerging Township Activity Centre Subzone:</p> <ul style="list-style-type: none"> (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) community facility (f) deck (g) display home (h) dwelling (i) dwelling addition (j) educational establishment (k) fence | <p>Except development that:</p> <ul style="list-style-type: none"> 1. does not satisfy Master Planned Township Zone DTS/DPF 5.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where in accordance with a building envelope plan or where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where in accordance with a building envelope plan or the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |

| <p>PO 1.3</p> <p>Land division design ensures activity centres are located to maximise accessibility by public transport, walking and cycling.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Land division design ensures activity centres are established in locations that improve accessibility and exposure such as:</p> <ul style="list-style-type: none"> (a) at an intersection of higher order roads and main movement routes (b) locations that have the highest residential density and pedestrian catchment or (c) adjacent high frequency public transport. | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Within Activity Centres, dwellings are developed only in conjunction with non-residential uses to support business, entertainment and recreational activities.</p> | <p>DTS/DPF 1.5</p> <p>Within Activity Centres, dwellings are developed only in conjunction with non-residential uses and sited:</p> <ul style="list-style-type: none"> (a) at upper levels of buildings with non-residential uses located at ground level or (b) behind non-residential uses on the same allotment. |
| <p>PO 1.6</p> <p>Activity Centres include a range of non-residential uses such as shops, offices, consulting rooms, educational establishments and community facilities of a scale to support the anticipated future growth of the surrounding neighbourhood.</p> | <p>DTS/DPF 1.6</p> <p>None are applicable.</p> |
| <p>PO 1.7</p> <p>Activity Centres complement the role of established town centres and main streets within townships as the primary location for shopping, administrative, cultural, entertainment and community services.</p> | <p>DTS/DPF 1.7</p> <p>None are applicable.</p> |

Built Form and Character

| | |
|--|---|
| <p>PO 2.1</p> <p>A range of low rise buildings within Activity Centres, with the highest intensity of built form sited away from residential development, and lower scale development at the interface with residential development.</p> | <p>DTS/DPF 2.1</p> <p>Buildings within Activity Centres not exceeding the following maximum building heights:</p> <ul style="list-style-type: none"> (a) where the development is located on land adjacent to an allotment that will be used solely for residential purposes, 2 building levels or 9m (b) in all other cases 3 building levels or 12m. |
| <p>PO 2.2</p> <p>Buildings in Activity Centres mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.</p> | <p>DTS/DPF 2.2</p> <p>Buildings within Activity Centres constructed within a building envelope provided by a 45 degree plane, measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):</p> <p>The diagram illustrates a building envelope defined by a 45-degree plane. A vertical dashed line indicates the 'ALLOTMENT BOUNDARY OF A RESIDENTIAL ALLOTMENT WITHIN A NEIGHBOURHOOD-TYPE ZONE'. From the top of this boundary, a horizontal dashed line extends to the right, and a vertical double-headed arrow indicates a height of '3.0m' above the 'NATURAL GROUND LEVEL'. From the top of this 3.0m height, a solid line slopes upwards at a 45-degree angle, labeled '45° PLANE MEASURED FROM THE BOUNDARY'. A legend shows a grey square representing the 'BUILDING ENVELOPE'. To the right of the diagram, a 'PRIMARY ROAD FRONTAGE' is shown with trees and cars.</p> |

PO 2.3
Buildings in Activity Centres mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 2.3
Buildings within Activity Centres on sites with a southern boundary adjoining an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:

Advertising

PO 3.1
Advertisements are sited and designed to achieve an overall consistency and appearance along individual street frontages.

DTS/DPF 3.1

PO 3.2
Freestanding advertisements:

- (a) are of a size that is commensurate with the scale of the centre and the street frontage
- (b) avoid visual clutter
- (c) positively respond to the context without dominating the locality.

DTS/DPF 3.2
None are applicable.

| | <ul style="list-style-type: none"> (m) Parking areas ancillary to and in association with motorsport circuits, strips and track facilities (n) Recreation and amusement areas, activities and facilities (o) Retail fuel outlet (p) Shop (q) Special events, sporting events and festivals (r) Tourist accommodation (s) Workers' accommodation. |
| <p>PO 1.2</p> <p>Shops which enhance services and amenities at a scale that complements the role of shopping and business services in the nearby town of Tailem Bend.</p> | <p>DTS/DPF 1.2</p> <p>Shop that meets any of the following:</p> <ul style="list-style-type: none"> (a) it has a gross leasable floor area not exceeding 500m² (b) it is a restaurant. |
| <p>PO 1.3</p> <p>Shops are integrated with a motorsport circuit, strip and track facilities or clustered with other business activities to aggregate services for the convenience of motorsport and tourism industry workers and motorsport spectators and enthusiasts, tourists and event spectators.</p> | <p>DTS/DPF 1.3</p> <p>Shop that meets the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment as a motorsport track, racing circuit or drag strip (b) it is located on a site that is adjacent to an existing shop or another non-residential use with the same primary street frontage. |
| <p>PO 1.4</p> <p>Alterations or extensions to a motorsport circuits or strip do not unreasonably impact the amenity of existing dwellings on land in an adjacent zone.</p> | <p>DTS/DPF 1.4</p> <p>Motorsport circuit or strip (including alterations and extensions) does not encroach closer to a relevant boundary of the zone or an existing dwelling in an adjacent zone than a 30-metre buffer surrounding any existing relevant circuit or strip.</p> |
| <p>PO 1.5</p> <p>Workers' accommodation that is associated with and ancillary to motorsport tracks, racing circuits, drag strips, and tourist accommodation for the efficient management and maintenance of those activities and to support spectator events and festivals.</p> | <p>DTS/DPF 1.5</p> <p>Workers' accommodation that is associated with motorsport tracks, racing circuits, drag strips or tourist accommodation.</p> |
| <p>PO 1.6</p> <p>Dwellings that are associated with a non-residential use to provide accommodation of a temporary nature for event spectators and motorsport enthusiasts to manage potential adverse impacts from impact generating activities in the zone on residents and support the ongoing use of the zone for motorsport and other events.</p> | <p>DTS/DPF 1.6</p> <p>Dwellings that meet the following:</p> <ul style="list-style-type: none"> (a) it is incorporated into a building that includes a vehicle garage, workshop or showroom (b) it will not be a principal place of residence. |
| <p>PO 1.7</p> <p>Retail fuel outlets which do not hinder the movements of public roads and which do not have adverse impacts upon the environment.</p> | <p>DTS/DPF 1.7</p> <p>A retail fuel outlet (including additions and alterations) that meets the following:</p> <ul style="list-style-type: none"> (a) utilises an existing access to a public road (b) has received any required licences under the Environment Protection Act and are provided with the application. |
| <p>PO 1.8</p> <p>Commercial or industrial development with the potential to generate adverse emissions are grouped together to establish identifiable precincts to manage impacts on those parts of the zone used for visitor and non-permanent resident accommodation or events to enhance the amenity for motorsport enthusiasts and visitors.</p> | <p>DTS/DPF 1.8</p> <p>Development comprising industry, motor repair station, automotive collision repair and the like are located:</p> <ul style="list-style-type: none"> (a) on an allotment, or within an area, identified in an approved plan of division as intended to be used for industry, motor repair station, automotive collision repair or the like (b) adjacent to a site containing an existing industry, motor repair station, automotive collision repair or similar activity facing the same primary street (c) is associated with and located on the same allotment as a motorsport track, racing circuits or drag strip. |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings and main activity areas are setback from zone boundaries to moderate the appearance of buildings within the predominant open landscape setting and accommodate provision for landscaping, or landscaping and mounding, to enhance the appearance of the zone when viewed from adjacent areas and public roads.</p> | <p>DTS/DPF 2.1</p> <p>An area at least 3m wide is provided within the development site for landscaping along any boundary on the perimeter of the zone fronting a public road or thoroughfare, other than to accommodate a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land.</p> |
| <p>PO 2.2</p> <p>Spectator viewing structures are setback from zone boundaries and use finishes to moderate the appearance of structures to enhance the appearance of the zone when viewed from adjacent areas and public roads.</p> | <p>DTS/DPF 2.2</p> <p>Spectator viewing structures:</p> <ul style="list-style-type: none"> (a) do not exceed 10m in height (b) are setback at least 30m from the zone boundaries (c) utilise non-reflective materials and finishes. |
| Land Division | |
| <p>PO 3.1</p> <p>Land division that supports the delivery and ongoing operation of motorsport tracks, racing circuits, drag strips and associated and ancillary activities, together with a complementary range of uses that contribute to innovation in motorsports and provides accommodation and facilities for racing enthusiasts, event spectators and visitors.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable</p> |

| | |
|---|---|
| <p>PO 3.2</p> <p>Land division is designed to:</p> <ul style="list-style-type: none"> (a) minimise fire risk danger to occupants of buildings and firefighting personnel; (b) minimise the potential risk of damage to buildings and other property during a bushfire; and (c) ensure each allotment contains a suitable building envelope that is located away from any vegetation that would pose an unacceptable risk in the event of bushfire. | <p>DTS/DPF 3.2</p> <p>None are applicable</p> |
| <p>Advertisements</p> | |
| <p>PO 4.1</p> <p>Freestanding advertisements providing information about motorsport facilities and / or events are of a suitable scale to clearly identify the main public entranceways to those motorsport facilities from major public roads.</p> | <p>DTS/DPF 4.1</p> <p>Freestanding advertisements do not exceed 15m in height.</p> |
| <p>Road and vehicle parking areas</p> | |
| <p>PO 5.1</p> <p>Roadways, internal driveways and vehicle parking areas (except overflow parking areas for events) are designed and surfaced to control dust emissions to reduce impacts on adjacent land uses.</p> | <p>DTS/DPF 5.1</p> <p>Roadways and vehicle parking areas (except overflow parking areas for events) are sealed.</p> |
| <p>PO 5.2</p> <p>Vehicle parking for events and festivals caters for the expected maximum number of visitors, is conveniently located and does not cause undue disruption for other land uses and activities in the locality.</p> | <p>DTS/DPF 5.2</p> <p>None are applicable</p> |
| <p>Landscaping</p> | |
| <p>PO 6.1</p> <p>Existing vegetation along external boundaries of the zone is retained to assist in screening buildings in the zone and maintain the amenity of the locality when viewed from public roads and adjacent land in another zone.</p> | <p>DTS/DPF 6.1</p> <p>None are applicable.</p> |
| <p>Concept Plans</p> | |
| <p>PO 7.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 7.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 7.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| <p>Class of Development (Column A)</p> | <p>Exceptions (Column B)</p> |
|--|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All classes of performance assessed development.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. airstrip 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. 4. development within 30m of the boundaries of the Zone 5. helicopter landing facility 6. shop with a gross leasable floor area greater than 500m² 7. wind farm. |

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | Housing supports a range of needs and complements the existing local context. Services and community facilities contribute to making a convenient place to live without compromising the residential amenity and character of the neighbourhood. |
|------|--|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Predominantly residential development with complementary non-residential uses that support an active, convenient, and walkable neighbourhood.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Ancillary accommodation (b) Community facility (c) Consulting room (d) Dwelling (e) Educational establishment (f) Office (g) Outbuilding (h) Pre-school (i) Recreation area (j) Retirement facility (k) Shop (l) Supported accommodation. |
| <p>PO 1.2</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.2</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: <ul style="list-style-type: none"> (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes. |
| <p>PO 1.3</p> <p>Non-residential development is located and designed to improve community accessibility to services, primarily in the form of:</p> <ul style="list-style-type: none"> (a) small-scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational establishments, community centres, places of worship, pre-schools and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities (d) open space and recreation facilities. | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> | <p>DTS/DPF 1.5</p> |

Expansion of existing community services such as educational establishments, community facilities and pre-schools in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood.

Alteration of or addition to existing educational establishments, community facilities or pre-schools where all the following are satisfied:

- (a) set back at least 3m from any boundary shared with a residential land use
- (b) building height not exceeding 1 building level
- (c) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration
- (d) off-street vehicular parking exists or will be provided in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number.

Site Dimensions and Land Division

PO 2.1

Allotments/sites created for residential purposes are consistent with the density and dimensions expressed in any relevant *Minimum Site Area Technical and Numeric Variation* and *Minimum Frontage Technical and Numeric Variation*, or are otherwise generally consistent with the prevailing pattern of development in the locality and suitable for their intended use.

DTS/DPF 2.1

Development will not result in more than 1 dwelling on an existing allotment

or

Allotments/sites for residential purposes accord with the following:

- (a) where allotments/sites are connected to mains sewer or a Community Wastewater Management System:
 - (i) site areas (or allotment areas in the case of land division) are not less than the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building):

Minimum Site Area

| |
|---|
| Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 1,000 sqm; row dwelling is 1,000 sqm; group dwelling is 1,000 sqm; residential flat building is 1,000 sqm |
| Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 600 sqm; row dwelling is 400 sqm; group dwelling is 500 sqm |
| Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 600 sqm; row dwelling is 450 sqm; group dwelling is 1,200 sqm; residential flat building is 450 sqm |

| | |
|--|---|
| | <p>In relation to DTS/DPF 4.1, in instances where:</p> <ul style="list-style-type: none"> (a) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation</i> layer or <i>Maximum Building Height (Meters) Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development. (b) only one value is returned for DTS/DPF 4.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other. |
| Primary Street Setback | |
| <p>PO 5.1</p> <p>Buildings are set back from primary street boundaries consistent with the existing streetscape.</p> | <p>DTS/DPF 5.1</p> <p>The building line of a building set back from the primary street boundary:</p> <ul style="list-style-type: none"> (a) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building or (c) not less than 5m where no building exists on an adjoining site with the same primary street frontage. |
| Secondary Street Setback | |
| <p>PO 6.1</p> <p>Buildings are set back from secondary street boundaries to maintain a pattern of separation between buildings and public streets and reinforce a consistent streetscape character.</p> | <p>DTS/DPF 6.1</p> <p>Building walls are set back at least 900mm from the boundary of the allotment with the secondary street frontage.</p> |
| Boundary Walls | |
| <p>PO 7.1</p> <p>Dwelling boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining properties.</p> | <p>DTS/DPF 7.1</p> <p>Except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on side boundary and satisfy (a) or (b) below:</p> <ul style="list-style-type: none"> (a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height (b) side boundary walls do not: <ul style="list-style-type: none"> (i) exceed 3.2m in height from the lower of the natural or finished ground level (ii) exceed 11.5m in length (iii) when combined with other walls on the boundary of the subject development site, exceed a length equal to 45% of the length of the boundary (iv) encroach within 3m of any other existing or proposed boundary walls on the subject land. |
| <p>PO 7.2</p> <p>Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a low density streetscape character.</p> | <p>DTS/DPF 7.2</p> <p>Dwelling walls in a semi-detached, row or terrace arrangement are set back from side boundaries shared with allotments outside the development site at least 900mm.</p> |
| Side Boundary Setback | |
| <p>PO 8.1</p> <p>Buildings are set back from side boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the character of the locality (b) access to natural light and ventilation for neighbours. | <p>DTS/DPF 8.1</p> <p>Building walls are set back from the side boundary at least:</p> <ul style="list-style-type: none"> (a) On sites greater than 800m²: <ul style="list-style-type: none"> (i) Other than a wall facing a southern boundary 1900mm from both side boundaries (ii) At least 1900mm plus 1/3 of the wall height above 3m for walls facing a southern boundary (b) On sites 800m² or less, and other than walls located on a side boundary: <ul style="list-style-type: none"> (i) at least 900mm where the wall is up to 3m (ii) other than for a wall facing a southern side boundary, at least 900mm plus 1/3 of the wall height above 3m (iii) at least 1900mm plus 1/3 of the wall height above 3m for walls facing a southern side boundary. |
| Rear Boundary Setback | |
| <p>PO 9.1</p> <p>Buildings are set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the character of the locality (b) access to natural light and ventilation for neighbours (c) private open space (d) space for landscaping and vegetation. | <p>DTS/DPF 9.1</p> <p>Dwelling walls are set back from the rear boundary at least:</p> <ul style="list-style-type: none"> (a) if the size of the site is less than 301m²— <ul style="list-style-type: none"> (i) 3m in relation to the ground floor of the dwelling (ii) 5m in relation to any second building level of the dwelling (iii) 5m plus an additional 1m setback added for every 1m height increase above a wall height of 7m. (b) if the size of the site is 301m² or more— <ul style="list-style-type: none"> (i) 4m in relation to the ground floor of the dwelling (ii) 6m in relation to any second building level of the dwelling (iii) 6m plus an additional 1m setback added for every 1m height increase above a wall height of 7m. |

Ancillary Buildings and Structures

PO 10.1
Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of buildings on the site or neighbouring properties.

DTS/DPF 10.1

Ancillary buildings and structures:

- (a) are ancillary to a dwelling erected on the site
- (b) have a floor area not exceeding:
 - (i) 60m² on sites less than 800m²
 - (ii) 80m² on sites 800m² or more
- (c) are not constructed, added to or altered so that any part is situated:
 - (i) in front of any part of the building line of the dwelling to which it is ancillary
 - (ii) within 5.5m from the boundary of the primary street
 - (iii) within 900mm of a boundary of the allotment with a secondary street
- (d) in the case of a garage or carport, do not exceed 7m or 50% of the site frontage (whichever is the lesser) when facing a primary street or secondary street
- (e) if situated on a boundary (not being a boundary with a primary street or secondary street) do not exceed 11m unless:
 - (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary
 - (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
- (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street) all walls or structures on the boundary do not exceed 45% of the length of that boundary
- (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure
- (h) have a wall height or post height not exceeding 3m above natural ground level
- (i) have a roof height where no part of the roof is more than 5m above the natural ground level
- (j) if clad in sheet metal, are pre-colour treated or painted in a non-reflective colour
- (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:
- (i) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (ii) the amount of existing soft landscaping prior to the development occurring.

PO 10.2
Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements and do not result in over-development of the site.

DTS/DPF 10.2

Ancillary buildings and structures do not result in:

- (a) less private open space than specified in Design Table 1 - Private Open Space
- (b) less car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number
- (c) site coverage exceeding 60%.

Concept Plans

PO 11.1
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 11.1

The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|--|
| Concept Plan 73 - Port Vincent |
| Concept Plan 75 - Warrengie Development Area Land Form / Building Module Cross Section - Warrengie |
| Concept Plan 2 - Hurling Drive, Mount Barker |
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 71 - Hamley Bridge |
| Concept Plan 1 - Hawthorn Road South Mount Barker |
| Concept Plan 50 - Roseworthy Town Expansion |
| Concept Plan 76 - Infrastructure and Staging - Berri West |
| Concept Plan 72 - Wallaroo, Athena Drive |

| Description | |
|--|---|
| Concept Plan 99 - Two Wells | |
| Concept Plan 98 - Mallala | |
| Concept Plan 92 - Meadows | |
| Concept Plan 91 - Nairne West | |
| Concept Plan 90 - Residential - Gardner St, Littlehampton | |
| In relation to DTS/DPF 11.1, in instances where: | |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. | |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 11.1 is met. | |
| Advertisements | |
| PO 12.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality. | DTS/DPF 12.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m ² and mounted flush with a wall or fence. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by: (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following: 1. residential flat building(s) of 3 storeys or greater 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) dwelling (g) dwelling addition (h) fence (i) jetty, pontoon or boat berth (or any combination thereof) within the <i>Waterfront Subzone</i> (j) outbuilding (k) pergola (l) private bushfire shelter (m) residential flat building (n) retaining wall (o) shade sail (p) solar photovoltaic panels (roof mounted) (q) swimming pool or spa pool (r) tree damaging activity (s) verandah (t) water tank. | Except development that: 1. exceeds the maximum building height specified in Neighbourhood Zone DTS/DPF 4.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop. | Except development that: 1. exceeds the maximum building height specified in Neighbourhood Zone DTS/DPF 4.1 or 2. does not satisfy Neighbourhood Zone DTS/DPF 1.2 or 3. involves a building wall (or structure) that is proposed to be situated on a side boundary. |

| | |
|--|---|
| | (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| 5. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | None specified. |
| 6. Demolition. | Except any of the following: <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

American River Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|------------------------|--|
| DO 1 | An area where a mix of residential and holiday homes including small, compact shack development, low density residential and elevated homes are set within a bush setting containing critical habitat for the Glossy Black Cockatoo. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Character | |
| PO 1.1 Development, including land division that maintains the rural surrounds and native vegetation in the township and that particularly avoids Glossy Black Cockatoo habitat of Drooping Sheoak (<i>Allocasuarina verticillata</i>). | DTS/DPF 1.1 Development including land division does not result in the removal of Drooping Sheoak (<i>Allocasuarina verticillata</i>) or fragmentation of stands of Drooping Sheoak (<i>Allocasuarina verticillata</i>). |

Roxby Downs Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|------------------------|--|
| DO1 | A residential neighbourhood that includes workers accommodation to meet the housing needs of workers associated with key local industries. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|----------------------------|--|
| Land Use and Intensity | |

| | |
|--|----------------------|
| PO 1.1 | DTS/DPF 1.1 |
| Workers accommodation and residential parks integrated into residential neighbourhoods to meet the needs of short term and permanent long distance commuter workers. | None are applicable. |

Underground Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Housing that contributes to the existing local context and development pattern primarily in the form of underground dwellings. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| PO 1.1 Underground dwellings located in areas that are best suited for subterranean development. | DTS/DPF 1.1 None are applicable. |
| PO 1.2 Underground dwellings designed and constructed to avoid impacts beyond the development site. | DTS/DPF 1.2 None are applicable. |
| Side and Rear Boundary Setbacks | |
| PO 2.1 Underground dwellings constructed in a manner that minimises alteration to the natural landform, including the removal of vegetation. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Underground dwellings are set back from allotment boundaries to provide adequate separation between dwellings. | DTS/DPF 2.2 Underground dwellings are set back at least 2m from side and rear boundaries. |
| Earthworks | |
| PO 3.1 Incomplete excavation is returned to the naturally occurring landform. | DTS/DPF 3.1 None are applicable. |

Walleroo Landmark Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO1 | A high quality medium density residential development presenting an attractive built form overlooking the Wallaroo Marina. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Development comprising medium density residential development. | DTS/DPF 1.1 None are applicable. |
| Built Form and Character | |
| PO 2.1 Development that fronts or overlooks the marina or public open space designed to take advantage of waterfront views while providing attractive frontages to public streets. | DTS/DPF 2.1 None are applicable. |

| | |
|---|--|
| PO 2.2 Service areas associated with dwellings such as open storage and clothes drying screened from public view. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Outbuildings designed and sited to minimise their visibility from the waterfront and do not dominate the appearance of public places. | DTS/DPF 2.3 None are applicable. |
| Building Height and Setbacks | |
| PO 3.1 Building height that achieves the highest intensity of built form with frontage to the marina and lower scale behind. | DTS/DPF 3.1 Building height is not less than 4 levels or 12m. |
| PO 3.2 Buildings setback from primary street frontages to reinforce a consistent and attractive streetscape character. | DTS/DPF 3.2 Buildings are no closer to the primary street boundary than: (a) 4.0m (b) 5.5m in the case of a garage or where the main facade of the building is set back more than 5m. |
| PO 3.3 Buildings provided with minimal setback to the marina to ensure a cohesive frontage to the marina and public walkway. | DTS/DPF 3.3 Buildings setback a maximum 1.0 metre from the marina basin frontage. |
| Site Coverage | |
| PO 4.1 Building footprints with a dual frontage to public streets and the waterfront consistent with established waterfront residential development. | DTS/DPF 4.1 Development not resulting in a total building footprint on the site exceeding 90%. |

Waterfront Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO1 | Residential development located with a coastal frontage or within a marina that provides opportunities for water-based recreation. Development is sited and designed to complement a waterfront environment. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Dwellings and ancillary buildings that complement a residential waterfront character. | DTS/DPF 1.1 None are applicable. |
| PO 1.2 Marinas include constructed waterways, mooring facilities, pontoons and small jetties to accommodate recreational activities and mooring of small boats associated with residential allotments. | DTS/DPF 1.2 None are applicable. |
| Built Form and Character | |
| PO 2.1 Dwellings on sites/allotments that front or overlook water or public space designed to take advantage of waterfront views while providing attractive frontages to public streets. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Service areas associated with dwellings such as open storage and clothes drying screened from public view. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Outbuildings designed and sited to minimise their visibility from the waterfront and do not dominate the appearance of public places. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 | DTS/DPF 2.4 |

| | |
|---|----------------------|
| Development setback from canals to establish a consistent character that includes soft landscaping along canal frontages. | None are applicable. |
|---|----------------------|

Site Coverage

| | |
|--|---|
| PO 3.1 Building footprints on sites with a dual frontage to a public street and the waterfront consistent with the residential waterfront character while maximising use of available land in waterfront locations. | DTS/DPF 3.1 Development on sites: (a) with a dual frontage to the waterfront and a public street (b) 300m ² or less not resulting in a total building footprint on the site exceeding 90%. |
|--|---|

Open Space Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO1 | Areas of natural and landscaped open space provide for biodiversity, tree canopy cover, urban cooling and visual relief to the built environment for the health and enjoyment of the community. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Development is associated with or ancillary to the provision of unstructured outdoor passive and active recreation facilities. | DTS/DPF 1.1 Development comprises one or more of the following: (a) Open space (b) Outdoor sports courts (c) Recreation area (d) Sporting ovals and fields |
| PO 1.2 Buildings are limited in number and size to provide a natural, landscaped setting. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 Shops including restaurants are of a scale that is subordinate to the principal open space and recreation use of the land. | DTS/DPF 1.3 Shop gross leasable floor area does not exceed 50m ² . |
| PO 1.4 Offices are of a scale that is subordinate to the principal open space use of the land. | DTS/DPF 1.4 Office gross leasable floor area does not exceed 80m ² . |
| Built Form and Character | |
| PO 2.1 Development is designed and sited to be unobtrusive and not spoil the open space character or interrupt views of natural or landscape features. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Outbuildings are of a scale that mitigates visual impacts of buildings on natural or landscape features. | DTS/DPF 2.2 Outbuildings have a: (a) floor area that does not exceed 80m ² (b) wall height that does not exceed 3m (c) building height that does not exceed 5m |
| PO 2.3 Development is sited and designed to be compatible with the conservation and enhancement of the natural environment. | DTS/DPF 2.3 None are applicable. |
| Land Division | |
| PO 3.1 Land division supports the provision of public open space. | DTS/DPF 3.1 Land division is for the purposes of: (a) the creation of a public road or a public reserve or (b) a minor adjustment of allotment boundaries to: (i) remove an anomaly in existing boundaries with respect to the location of existing buildings or structures or |

| | (ii) result in the preservation of existing stands of native vegetation, habitat or biodiversity | | | | | | | | | |
|--|--|-------------|---|----------------------------|---------------------------------|---|--------------------------------|-------------------------------|--|--------------------------------|
| Concept Plans | | | | | | | | | | |
| <p>PO 4.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 4.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1"> <thead> <tr> <th>Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 3 - Mount Barker and Littlehampton</td> </tr> <tr> <td>Concept Plan 9 - Blakeview</td> </tr> <tr> <td>Concept Plan 14 - Buckland Park</td> </tr> <tr> <td>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints</td> </tr> <tr> <td>Concept Plan 96 - Maslin Beach</td> </tr> <tr> <td>Concept Plan 107 - Proper Bay</td> </tr> <tr> <td>Concept Plan 101 - Evanston Gardens, Evanston South, Hillier</td> </tr> <tr> <td>Concept Plan 100 - Gawler East</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 4.1, in instances where:</p> <p>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</p> <p>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met.</p> | Description | Concept Plan 3 - Mount Barker and Littlehampton | Concept Plan 9 - Blakeview | Concept Plan 14 - Buckland Park | Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | Concept Plan 96 - Maslin Beach | Concept Plan 107 - Proper Bay | Concept Plan 101 - Evanston Gardens, Evanston South, Hillier | Concept Plan 100 - Gawler East |
| Description | | | | | | | | | | |
| Concept Plan 3 - Mount Barker and Littlehampton | | | | | | | | | | |
| Concept Plan 9 - Blakeview | | | | | | | | | | |
| Concept Plan 14 - Buckland Park | | | | | | | | | | |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | | | | | | | | | | |

| Concept Plan 100 - Gawler East | | | | | | | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) fence (e) internal building works (f) land division (g) open space (h) playground (i) protective tree netting structure (j) recreation area (k) replacement building (l) retaining wall (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) temporary accommodation in an area affected by bushfire (p) tree damaging activity (q) verandah (r) water tank. | None specified. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) outdoor sports courts (b) sporting ovals and fields | Except where the site of the development is adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. |
| 4. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

| | |
|-----------------|---|
| 5. Office. | Except office that does not satisfy Open Space Zone DTS/DPF 1.4. |
| 6. Outbuilding. | Except outbuilding that does not satisfy Open Space Zone DTS/DPF 2.2. |
| 7. Shop. | Except shop that does not satisfy Open Space Zone DTS/DPF 1.3. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Productive Rural Landscape Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | A diverse range of land uses at an appropriate scale and intensity that capitalise on the region's proximity to the metropolitan area and the tourist and lifestyle opportunities this presents while also conserving the natural and rural character, identity, biodiversity and sensitive environmental areas and scenic qualities of the landscape. |
| DO 2 | A zone that promotes agriculture, horticulture, value adding opportunities, farm gate businesses, the sale and consumption of agricultural based products, tourist development and accommodation that expands the economic base and promotes its regional identity. |
| DO 3 | Create local conditions that support new and continuing investment while seeking to promote co-existence with adjoining activities and mitigate land use conflicts. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>The productive value of rural land for a range of primary production and horticultural activities and associated value adding of primary produce (such as beverage production), retailing and tourism is supported, protected and maintained. The proliferation of land uses that may be sensitive to those activities is avoided.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Agricultural building (c) Brewery (d) Carport (e) Cidery (f) Distillery (g) Dwelling (h) Dwelling addition (i) Farming (j) Function centre (k) Horse keeping (l) Horticulture (m) Industry (n) Low intensity animal husbandry (o) Outbuilding (p) Shop (q) Small-scale ground mounted solar power facility (r) Tourist accommodation (s) Transport distribution (t) Verandah (u) Warehouse (v) Winery (w) Workers' accommodation |
| Siting and Design | |
| <p>PO 2.1</p> <p>Development is provided with suitable vehicle access.</p> | <p>DTS/DPF 2.1</p> <p>Development is serviced by an all-weather trafficable public road.</p> |
| <p>PO 2.2</p> <p>Buildings are generally located on flat land to minimise cut and fill and the associated visual</p> | <p>DTS/DPF 2.2</p> <p>Buildings:</p> |

| | |
|---|---|
| <p>impacts.</p> | <p>(a) are located on a site with a slope not greater than 10% (1-in-10) (b) do not result excavation and/or filling of land that is greater than 1.5m from natural ground level.</p> |
| <p>Horticulture</p> | |
| <p>PO 3.1</p> <p>Horticulture is located and conducted on land that has the physical capability of supporting the activity and in a manner that:</p> <p>(a) enhances the productivity of the land for the growing of food and produce in a sustainable manner (b) avoids adverse interface conflicts with other land uses (c) utilises sound environmental practices to mitigate negative impacts on natural resources and water quality (d) is sympathetic to surrounding rural landscape character and amenity, where horticulture is proposed to be carried out in an enclosed building such as such as a greenhouse.</p> | <p>DTS/DPF 3.1</p> <p>Horticultural activities:</p> <p>(a) are conducted on an allotment with an area of at least 1ha (b) are sited on land with a slope not greater than 10% (1-in-10) (c) are not conducted within 50m of a watercourse or native vegetation (d) are not conducted within 100m of a sensitive receiver in other ownership (e) provide for a headland area between plantings and property boundaries of at least 10m in width (f) where carried out in an enclosed building such as a greenhouse, the building has a total floor area not greater than 250m² (g) in the form of olive growing, is not located within 500m of a conservation or national park.</p> |
| <p>Rural Industry</p> | |
| <p>PO 4.1</p> <p>Small-scale industry (including beverage production and washing, processing, bottling and packaging activities), storage, warehousing, produce grading and packing, transport distribution or similar activities provide opportunities for diversification and value adding to locally sourced primary production activities.</p> | <p>DTS/DPF 4.1</p> <p>Industries, storage, warehousing, produce grading and packing and transport distribution activities and similar activities (or any combination thereof):</p> <p>(a) are directly related and ancillary to a primary production use on the same or adjoining allotment (b) are located on an allotment not less than 2ha in area (c) have a total floor area not exceeding 350m².</p> |
| <p>PO 4.2</p> <p>Expansion of established small-scale or new large scale industry (including beverage production and washing, processing, bottling and packaging activities), storage, warehousing, produce grading and packing, transport distribution or similar activities:</p> <p>(a) are commensurate with the allotment on which it is situated to mitigate adverse impacts on the amenity of land in other ownership and the character of locality (b) realise efficiencies in primary production related storage, sorting, packaging, manufacturing and the like (c) primarily involve primary production commodities sourced from the same allotment and/or surrounding rural areas.</p> | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>PO 4.3</p> <p>Industry, storage, warehousing, transport distribution or similar activities are sited, designed and of a scale that maintains rural function and character in a manner that respects landscape amenity.</p> | <p>DTS/DPF 4.3</p> <p>Buildings and associated activities:</p> <p>(a) are setback at least 50m from all road and allotment boundaries (b) are not sited within 100m of a sensitive receiver in other ownership (c) have a building height not greater than 10m above natural ground level (d) incorporate the loading and unloading of vehicles within the confines of the allotment.</p> |
| <p>Dwellings</p> | |
| <p>PO 5.1</p> <p>Dwellings provide a convenient base for landowners to conduct and manage commercial scale primary production and related value adding activities without compromising the use of the allotment, adjacent land or long term purpose of the zone for primary production or related tourism values due to a proliferation of dwellings.</p> | <p>DTS/DPF 5.1</p> <p>Dwellings:</p> <p>(a) are located on an allotment with an area not less than: (b) are located on an allotment used for and is ancillary to primary production and/or primary production related value-adding activities (c) will not result in more than one dwelling on an allotment.</p> <p>In relation to DTS/DPF 5.1, in instances where:</p> <p>(d) more than one value is returned, refer to the <i>Minimum Dwelling Allotment Size Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (e) no value is returned for DTS/DPF 5.1(a) (ie there is a blank field), then there is no minimum dwelling allotment size applicable and DTS/DPF 5.1(a) is met.</p> |
| <p>PO 5.2</p> <p>Dwelling are sited, designed and of a scale that maintains a pleasant natural and rural character and amenity.</p> | <p>DTS/DPF 5.2</p> <p>Dwellings:</p> <p>(a) are setback from all allotment boundaries by at least 40m (b) do not exceed 2 building levels and 9m measured from the top of the footings (c) have a wall height no greater than 6m.</p> |
| <p>PO 5.3</p> <p>Development resulting in more than one dwelling on an allotment supports ageing in place for the owner of the allotment or multi-generational management of farms in a manner that</p> | <p>DTS/DPF 5.3</p> <p>Dwelling that will result in more than one dwelling on an allotment where all the following are satisfied:</p> |

| | |
|---|--|
| <p>minimises the potential loss of land available for primary production.</p> | <ul style="list-style-type: none"> (a) it is located within 20m of an existing dwelling (b) share the same utilities of the existing dwelling (c) will use the same access point from a public road as the existing dwelling (d) it is located on an allotment not less than 40ha in area (e) will not result in more than two dwellings on an allotment. |
| <p>PO 5.4 Dwelling additions are sited, designed and of a scale that maintains a pleasant rural character and amenity.</p> | <p>DTS/DPF 5.4 Additions or alterations to an existing dwelling:</p> <ul style="list-style-type: none"> (a) are setback behind the main façade of the existing dwelling (b) do not exceed 2 building levels and 9m measured from the top of the footings (c) have a wall height that is no greater than 6m from the top of the footings. |
| <p>Shops, Tourism and Function Centres</p> | |
| <p>PO 6.1 Shops are associated with an existing primary production or primary production related value adding industry to support diversification of employment, provide services to visitors and showcase local and regional products.</p> | <p>DTS/DPF 6.1 Shops, other than where located in The Cedars Subzone:</p> <ul style="list-style-type: none"> (a) are ancillary to and located on the same allotment or adjoining allotment used for primary production or primary production related value adding industries (b) offer for sale or consumption produce or goods that are primarily sourced, produced or manufactured on the same allotment or adjoining allotments (c) have a gross leasable floor area not exceeding 100m² or 250m² in the case of a cellar door (d) have an area for the display of produce or goods external to a building not exceeding 25m² (e) do not result in more than 75 seats for customer dining purposes in a restaurant. |
| <p>PO 6.2 Shops that are proposed in new buildings are sited, designed and of a scale that maintains a pleasant rural character and amenity.</p> | <p>DTS/DPF 6.2 Shops in new buildings:</p> <ul style="list-style-type: none"> (a) are setback from all property boundaries by at least 20m (b) are not sited within 100m of a sensitive receiver in other ownership (c) have a building height that does not exceed 9m above natural ground level. |
| <p>PO 6.3 Tourist accommodation is associated with the primary use of the land for primary production or primary production related value adding industry to enhance and provide authentic visitor experiences.</p> | <p>DTS/DPF 6.3 Tourist accommodation, other than where located in The Cedars Subzone:</p> <ul style="list-style-type: none"> (a) is ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry (b) in relation to the area used for accommodation: <ul style="list-style-type: none"> (i) where in a new building, does not exceed a total floor area of 100m² (ii) where in an existing building, does not exceed 150m² (c) does not result in more than one facility being located on the same allotment. |
| <p>PO 6.4 Tourist accommodation proposed in a new building or buildings are sited, designed and of a scale that maintains a pleasant rural character and amenity.</p> | <p>DTS/DPF 6.4 Tourist accommodation in new buildings:</p> <ul style="list-style-type: none"> (a) is setback from all property boundaries by at least 40m (b) has a building height that does not exceed 7m above natural ground level. |
| <p>PO 6.5 Function centres are associated with the primary use of the land for primary production or primary production related value adding industry.</p> | <p>DTS/DPF 6.5 Function centres, other than where located in The Cedars Subzone:</p> <ul style="list-style-type: none"> (a) are ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry (b) do not exceed a capacity of 75 persons for customer dining purposes. |
| <p>PO 6.6 Function centres are sited, designed and of a scale that maintains a pleasant natural and rural character and amenity.</p> | <p>DTS/DPF 6.6 Function centres:</p> <ul style="list-style-type: none"> (a) are located on an allotment having an area of at least 5ha (b) are setback from all property boundaries by at least 40m (c) are not sited within 100m of a sensitive receiver in other ownership (d) have a building height that does not exceed 9m above natural ground level. |
| <p>Offices</p> | |
| <p>PO 7.1 Offices are directly related to and associated with the primary use of the land for primary production or primary production related value adding industry.</p> | <p>DTS/DPF 7.1 Offices, other than where located in The Cedars Subzone:</p> <ul style="list-style-type: none"> (a) are ancillary to and located on the same allotment or an adjoining allotment used for |

| | |
|--|---|
| | <p>primary production or primary production related value adding industry</p> <p>(b) have a gross leasable floor area not exceeding 100m².</p> |
| Adaptive Reuse of Existing Buildings | |
| <p>PO 8.1</p> <p>Adaptive reuse of existing buildings for small-scale shops, offices, tourist accommodation or ancillary rural activities.</p> | <p>DTS/DPF 8.1</p> <p>Development within an existing building is for any of the following:</p> <p>(a) a shop</p> <p>(b) office</p> <p>(c) tourist accommodation.</p> |
| Workers' accommodation | |
| <p>PO 9.1</p> <p>Workers' accommodation provides short-term accommodation for persons temporarily engaged in the production, management or processing of primary produce.</p> | <p>DTS/DPF 9.1</p> <p>Workers' accommodation:</p> <p>(a) is developed on a site at least 2ha in area</p> <p>(b) has a total floor area not exceeding 250m²</p> <p>(c) is in the form of a single building or part of a cluster of buildings that are physically connected</p> <p>(d) amenities accommodate not more than 20 persons at any one time</p> <p>(e) is setback at least 50m from a road boundary</p> <p>(f) is setback at least 40m from a side or rear allotment boundary</p> <p>(g) is located within 20m of an existing dwelling on the same allotment</p> <p>(h) does not result in more than one facility being located on the same allotment.</p> |
| Renewable Energy Facilities | |
| <p>PO 10.1</p> <p>Renewable energy facilities and ancillary development minimises significant fragmentation or displacement of existing primary production.</p> | <p>DTS/DPF 10.1</p> <p>None are applicable.</p> |
| <p>PO 10.2</p> <p>Small-scale ground mounted solar power facilities support rural production or value-adding industries.</p> | <p>DTS/DPF 10.2</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 11.1</p> <p>Large buildings designed and sited to reduce impacts on scenic and rural vistas by:</p> <p>(a) having substantial setbacks from boundaries and adjacent public roads</p> <p>(b) using low reflective materials and finishes that blend with the surrounding landscape</p> <p>(c) being located below ridgelines.</p> | <p>DTS/DPF 11.1</p> <p>None are applicable.</p> |
| Land Division | |
| <p>PO 12.1</p> <p>Land division creating additional allotments is not supported other than where located in The Cedars Subzone to support tourist development.</p> | <p>DTS/DPF 12.1</p> <p>Except where the land division is proposed in The Cedars Subzone, no additional allotments are created.</p> |
| <p>PO 12.2</p> <p>Allotment boundaries, including by realignment, are positioned to incorporate sufficient space around existing residential, tourist accommodation and other habitable buildings (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) to:</p> <p>(a) maintain a pleasant rural character and amenity for occupants</p> <p>(b) manage vegetation within the same allotment to mitigate bushfire hazard.</p> | <p>DTS/DPF 12.2</p> <p>Allotment boundaries are located no closer to an existing residential, tourist accommodation or other habitable building than the greater of the following:</p> <p>(a) 40m</p> <p>(b) the distance required to accommodate an asset protection zone wholly within the relevant allotment.</p> |
| Agricultural Buildings | |
| <p>PO 13.1</p> <p>Agricultural buildings and associated activities are sited, designed and of a scale that maintains a pleasant rural character and function.</p> | <p>DTS/DPF 13.1</p> <p>Agricultural buildings:</p> <p>(a) are located on an allotment having an area of at least 2ha</p> <p>(b) are setback at least 40m from an allotment boundary</p> <p>(c) have a building height not exceeding 10m above natural ground level</p> <p>(d) do not exceed 350m² in total floor area</p> <p>(e) incorporate the loading and unloading of vehicles within the confines of the allotment.</p> |
| Outbuildings, Carports and Verandahs | |
| <p>PO 14.1</p> <p>Outbuildings are sited, designed and of a scale that maintain a pleasant natural and rural character and amenity.</p> | <p>DTS/DPF 14.1</p> <p>Outbuildings:</p> <p>(a) have a primary street setback that is at least as far back as the building to which it is ancillary</p> <p>(b) have a combined total floor area that does not exceed 100m²</p> <p>(c) have walls that do not exceed 5m in height measured from natural ground level</p> |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--------------------------|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | None specified. |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) agricultural building (c) air handling unit, air conditioning system or exhaust fan (d) ancillary accommodation (e) building work on railway land (f) carport (g) demolition (h) dwelling (i) dwelling addition (j) farming (k) horse keeping (l) internal building work (m) land division (n) outbuilding (o) private bushfire shelter | None specified. |

| | |
|--|--|
| <ul style="list-style-type: none"> (p) protective tree netting structure (q) replacement building (r) retaining wall (s) solar photovoltaic panels (roof mounted) (t) shade sail (u) swimming pool or spa pool (v) temporary accommodation in an area affected by bushfire (w) tree damaging activity (x) verandah (y) water tank. | |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) industry (b) store (c) warehouse. | <p>Except development that does not satisfy any of the following:</p> <ol style="list-style-type: none"> 1. Productive Rural Landscape Zone DTS/DPF 4.1 2. Productive Rural Landscape Zone DTS/DPF 4.3. |
| <p>4. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>5. Function centre within The Cedars Subzone.</p> | <p>None specified.</p> |
| <p>6. Function centre.</p> | <p>Except function centre that does not satisfy Productive Rural Landscape Zone DTS/DPF 6.6.</p> |
| <p>7. Horticulture.</p> | <p>Except horticulture that does not satisfy any of the following:</p> <ol style="list-style-type: none"> 1. Productive Rural Landscape Zone DTS/DPF 3.1(d) 2. Productive Rural Landscape Zone DTS/DPF 3.1(e). |
| <p>8. Shop within The Cedars Subzone.</p> | <p>None specified.</p> |
| <p>9. Shop.</p> | <p>Except shop that does not satisfy any of the following:</p> <ol style="list-style-type: none"> 1. Productive Rural Landscape Zone DTS/DPF 6.1 2. Productive Rural Landscape Zone DTS/DPF 6.2. |
| <p>10. Tourist accommodation within The Cedars Subzone.</p> | <p>None specified.</p> |
| <p>11. Tourist accommodation.</p> | <p>Except tourist accommodation that does not to satisfy any of the following:</p> <ol style="list-style-type: none"> 1. Productive Rural Landscape Zone DTS/DPF 6.3 2. Productive Rural Landscape Zone DTS/DPF 6.4. |

Placement of Notices - Exemptions for Performance Assessed Development

Adelaide Showgrounds Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Multifunctional showground facilities and spaces catering to a wide range of cultural, agricultural, recreational, sporting and business events, conferences, shows, markets and exhibitions together with supporting administrative and visitor facilities. |
| DO 2 | An area supporting transitional development between core showground facilities and adjacent areas along Leader Street and Rose Terrace achieve complementary land use and built form outcomes that support the multifunctional role of core showground facilities and spaces. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Showground facilities and spaces accommodating events, conferences, shows, markets and exhibitions together with associated administrative functions and visitor amenities are maintained for the long term education, entertainment and enjoyment of visitors, spectators, event competitors and businesses.</p> | <p>DTS/DPF 1.1</p> <p>None are applicable.</p> |
| <p>PO 1.2</p> <p>Development of land near the periphery of the subzone along Leader Street or Rose Terrace surplus to showground activities is compatible with showground facilities and provides an orderly transition to development outside the subzone to mitigate adverse impacts on residential amenity.</p> | <p>DTS/DPF 1.2</p> <p>Development comprising one or more of the following on a site adjacent land in another zone:</p> <ul style="list-style-type: none"> (a) Car parking (b) Community facility (c) Consulting room (d) Educational establishment (e) Hotel (f) Office (g) Pre-school (h) Residential flat building (i) Restaurant (j) Service trade premises (k) Shop (l) Tourist accommodation (m) Warehouse |
| <p>PO 1.3</p> <p>Shops are ancillary to showground facilities to enhance visitor experiences or provide a local convenience as part of a transitional development at the subzone interface that complements the role of activity centres.</p> | <p>DTS/DPF 1.3</p> <p>Shop where one of the following applies:</p> <ul style="list-style-type: none"> (a) is ancillary to showground facilities (b) with a gross leasable floor area up to 500m² in a single building. |
| <p>PO 1.4</p> <p>Offices or consulting rooms are ancillary to showground activities, or on sites with an interface with Leader Street or Rose Terrace at a scale appropriate to maintain the local character and amenity.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings are generally medium rise, and where fronting Leader Street provide an orderly transition to the built form scale envisaged in any adjacent neighbourhood-type zone to complement the streetscape character.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Buildings fronting a public road are setback from the road frontage to:</p> <ul style="list-style-type: none"> (a) enable provision of a pedestrian walkway and environment of sufficient width and amenity to safely and conveniently accommodate expected pedestrian movements and (b) complement the prevailing streetscape character. | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Buildings adjacent to Leader Street or Rose Terrace include activities that contribute to active street frontages, of a scale that minimises impact on residential amenity in any adjacent neighbourhood-type zone.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |

Remote Areas Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A zone that includes a diverse range of uses including pasture growing, grazing, farming, agricultural processing and transportation, mining and petroleum, energy generation and storage, pipeline infrastructure, aerospace and defence-related facilities, Aboriginal lands and related activities, tourist development, workers' accommodation and settlements. |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Land used primarily for primary production, remote rural activities and remote rural settlements.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following land uses:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Agricultural building (c) Carport (d) Demolition (e) Detached dwelling (f) Dwelling addition (g) Excavation and filling (h) Farming (i) Intensive animal husbandry (j) Outbuilding (k) Small-scale ground mounted solar power facility (l) Solar farm (m) Stock sales yard (n) Stock slaughter works (o) Tourist accommodation (p) Verandah (q) Wind farm (r) Workers' accommodation |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Development is sited and designed to protect natural features and the conservation value of the area.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Large buildings are designed and sited to reduce impacts on scenic and rural vistas by:</p> <ul style="list-style-type: none"> (a) having substantial setbacks from boundaries and adjacent public roads (b) using low reflective materials and finishes that blend with the surrounding landscape (c) being located below ridgelines where practicable. | <p>DTS/DPF 2.2</p> <p>Building are:</p> <ul style="list-style-type: none"> (a) of a height no greater than 2 building levels and 9m (b) set back at least 40m from any allotment boundary or public road. |
| Hazard Risk Minimisation | |
| <p>PO 3.1</p> <p>Habitable buildings are designed and sited to manage the risks of natural hazards on personal and public safety and property.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| Advertisements | |
| <p>PO 4.1</p> <p>Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality.</p> | <p>DTS/DPF 4.1</p> <p>Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) do not exceed 2m in height (b) do not have a sign face that exceeds 2m² per side. |
| Concept Plans | |
| <p>PO 5.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 5.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 5.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) agricultural building (c) air handling unit, air conditioning system or exhaust fan (d) ancillary accommodation (e) building work on railway land (f) carport (g) detached dwelling (h) dwelling addition (i) fence (j) horse keeping (k) intensive animal husbandry (l) outbuilding (m) private bushfire shelter (n) protective tree netting structure (o) retaining wall (p) shade sail (q) solar photovoltaic panels (ground mounted) (r) solar photovoltaic panels (roof mounted) (s) solar farm (t) stock sales yard (u) stock slaughter works (v) swimming pool or spa pool (w) tourist accommodation (x) verandah (y) water tank. | Except development that does not satisfy Remote Areas Zone DTS/DPF 2.2. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) excavation or filling (c) farming (d) land division (e) replacement building (f) temporary accommodation in an area affected by bushfire (g) tree damaging activity. | None specified. |
| 4. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 5. Wind farm, including any ancillary development including electricity substation, maintenance sheds, access roads, and connecting power-lines. | Except: 1. wind monitoring mast or 2. where the base of any wind turbine is 2,000m or less from any of the following: (a) an existing dwelling or tourist accommodation that is not associated with the wind farm (b) a proposed dwelling or tourist accommodation for which an operable planning consent exists (c) the boundaries of any airfield, airport, Local Infrastructure (Airfield) Zone, Rural Settlement Zone, Township Zone or any State Heritage Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Remote Areas Zone.

Placement of Notices - Exemptions for Restricted Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Remote Areas Zone.

Residential Park Zone

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--------------------------|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | None specified. |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) agricultural building (c) air handling unit, air conditioning system or exhaust fan (d) ancillary accommodation (e) building work on railway land (f) carport (g) dwelling (h) dwelling addition (i) farming (j) fence (k) horse keeping (l) internal building works (m) land division (n) outbuilding (o) private bushfire shelter (p) protective tree netting structure (q) replacement building (r) retaining wall | None specified. |

| | |
|---|--|
| <ul style="list-style-type: none"> (s) shade sail (t) solar photovoltaic panels (roof mounted) (u) swimming pool or spa pool (v) temporary accommodation in an area affected by bushfire (w) tree damaging activity (x) verandah (y) water tank. | |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) industry (b) store (c) warehouse. | <p>Except development that exceeds the total floor area limit expressed in Rural Zone DTS/DPF 4.1(c) or does not satisfy Rural Zone DTS/DPF 4.3.</p> |
| <p>4. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>5. Function centre.</p> | <p>Except function centre that does not satisfy any of the following:</p> <ol style="list-style-type: none"> 1. Rural Zone DTS/DPF 6.5(b) 2. Rural Zone DTS/DPF 6.6. |
| <p>6. Horticulture.</p> | <p>Except horticulture that does not satisfy any of the following:</p> <ol style="list-style-type: none"> 1. Rural Zone DTS/DPF 3.1(d) 2. Rural Zone DTS/DPF 3.1(e) 3. Rural Zone DTS/DPF 3.1(f). |
| <p>7. Shop.</p> | <p>Except shop that exceeds the gross leasable floor area limit expressed in Rural Zone DTS/DPF 6.1(c) or does not satisfy Rural Zone DTS/DPF 6.2.</p> |
| <p>8. Tourist accommodation.</p> | <p>Except tourist accommodation that does not satisfy any of the following:</p> <ol style="list-style-type: none"> 1. Rural Zone DTS/DPF 6.3(b) 2. Rural Zone DTS/DPF 6.4. |

Placement of Notices - Exemptions for Performance Assessed Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Zone.

Placement of Notices - Exemptions for Restricted Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Zone.

| <p>DO 1</p> | <p>Facilities and infrastructure that support marine-based aquaculture farms and on-land aquaculture in a manner that protects the environment.</p> |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| <p>Performance Outcome</p> | <p>Deemed-to-Satisfy Criteria / Designated Performance Feature</p> |
|--|--|
| <p>Land Use and Intensity</p> | |
| <p>PO 1.1</p> <p>A range of development supports aquaculture and value-adding activities including:</p> <ul style="list-style-type: none"> (a) aquaculture hatcheries and grow-out facilities (b) infrastructure works and services (c) industry, cleaning, washing, processing and packaging activities (d) indoor and outdoor storage and warehousing. | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Aquaculture (c) Demolition (d) Detached dwelling (e) Dwelling addition (f) Outbuilding (g) Small-scale ground mounted solar power facility |

| | |
|--|--|
| | (h) Verandah |
| Siting and Design | |
| PO 2.1 Development is provided with suitable vehicle access. | DTS/DPF 2.1 Development is serviced by an all-weather public road. |
| PO 2.2 Buildings are generally located on flat land to avoid cut and fill and the associated visual impacts. | DTS/DPF 2.2 New buildings: (a) are sited on land with a slope not greater than 10% (1-in-10) (b) do not result in excavation and filling of land that is greater than 1.5m from natural ground level. |
| Dwellings | |
| PO 3.1 Residential development is ancillary to, and does not compromise, aquaculture. | DTS/DPF 3.1 Dwellings: (a) are located on an allotment which has a demonstrated connection with aquaculture (b) will not result in more than one dwelling on an allotment. |
| Offices and Shop | |
| PO 4.1 Offices and/or shops are directly related to an aquaculture activity. | DTS/DPF 4.1 Offices and/or shops are ancillary to and located on the same allotment as an aquaculture activity. |
| Tourist Development | |
| PO 5.1 Tourism development and visitor amenities are associated with an existing aquaculture activity. | DTS/DPF 5.1 Tourist development: (a) is ancillary to and located on the same allotment as an aquaculture activity (b) does not involve tourist accommodation facilities. |
| Renewable Energy Facilities | |
| PO 6.1 Small-scale ground-mounted solar power facilities support rural production or value-adding industries. | DTS/DPF 6.1 None are applicable. |
| Environment and Amenity | |
| PO 7.1 Development is sited and designed to minimise visual and off-site nuisance impacts on the surrounding environment. | DTS/DPF 7.1 A landscaped buffer: (a) is provided around all boundaries of the allotment (b) is at least 30m in width. |
| PO 7.2 External storage areas associated with an aquaculture activity are located and of a size that does not impair the character of the coastline or the visual amenity of the landscape. | DTS/DPF 7.2 Storage areas: (a) are set back behind the front facade of buildings that exist on the allotment (b) are sited at least 20m from a side or rear allotment boundary (c) incorporate a landscaped buffer at least 3m in width around the perimeter of the storage area. |
| PO 7.3 Wash-down areas associated with an aquaculture activity are located and operated in a manner that avoids adverse impacts on the environment and sensitive receivers. | DTS/DPF 7.3 Wash-down areas: (a) are set back behind the front facade of buildings existing on the allotment (b) are constructed with a hard impervious surface (c) are sited at least 20m from a side or rear allotment boundary (d) incorporate a screen to prevent 'splash-out' or 'over-spray' of water beyond the perimeter of the wash-down area. |
| PO 7.4 Buildings, structures and plant are sited and designed to minimise their visual impact on the landscape. | DTS/DPF 7.4 Buildings, structures and plant: (a) are set back at least 20m from the front road boundary (b) have a maximum height of 8m (c) do not result in a site coverage greater than 60%. |
| Land Division | |
| PO 8.1 Land division, including boundary realignments, promotes productive, efficient and sustainable aquaculture. | DTS/DPF 8.1 Allotments have an area not less than 1ha. |
| PO 8.2 | DTS/DPF 8.2 |

| | |
|--|--|
| <p>Allotment boundaries, including by realignment, are positioned to incorporate sufficient space around existing residential, tourist accommodation and other habitable buildings (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) to:</p> <ul style="list-style-type: none"> (a) maintain a pleasant rural character and amenity for occupants (b) manage vegetation within the same allotment to mitigate bushfire hazard. | <p>Allotment boundaries are located no closer to an existing residential, tourist accommodation or other habitable building than the greater of the following:</p> <ul style="list-style-type: none"> (a) 40m (b) the distance required to accommodate an asset protection zone wholly within the relevant allotment. |
| <p>Outbuildings, Carports and Verandahs</p> | |
| <p>PO 9.1</p> <p>Outbuildings are sited, designed and of a scale that maintain a pleasant rural character and amenity.</p> | <p>DTS/DPF 9.1</p> <p>Outbuildings:</p> <ul style="list-style-type: none"> (a) have a primary street setback that is at least as far back as the building to which it is ancillary (b) have a total floor area that does not exceed 120m² (c) have walls that do not exceed 5m in height measured from natural ground level (not including a gable end) (d) have a total roof height that does not exceed 6m measured from natural ground level (e) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour. (f) are limited to no more than 2 outbuildings on the same allotment. |
| <p>PO 9.2</p> <p>Carports and verandahs are sited, designed and of a scale that maintain a pleasant rural character and amenity.</p> | <p>DTS/DPF 9.2</p> <p>Carports and verandahs:</p> <ul style="list-style-type: none"> (a) are set back from the primary street at least as far back as the building to which it is ancillary (b) have a total floor area that does not exceed 80m² (c) have a post height that does not exceed 3m measured from natural ground level (not including a gable end) (d) have a total roof height that does not exceed 5m measured from natural ground level (e) if clad in sheet metal, the cladding is pre-colour treated or painted in a non-reflective colour. |
| <p>Advertisements</p> | |
| <p>PO 10.1</p> <p>Freestanding advertisements that identify the associated business without creating a visually dominant element within the locality.</p> | <p>DTS/DPF 10.1</p> <p>Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) do not exceed 2m in height (b) do not have a sign face that exceeds 2m² per side. |
| <p>Concept Plans</p> | |
| <p>PO 11.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 11.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 11.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 11.1 is met |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| <p>Class of Development (Column A)</p> | <p>Exceptions (Column B)</p> |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (c) advertisement (d) air handling unit, air conditioning system or exhaust fan (e) building work on railway land (f) carport (g) dwelling addition | <p>None specified.</p> |

- (h) fence
- (i) internal building works
- (j) outbuilding
- (k) private bushfire shelter
- (l) replacement building
- (m) shade sail
- (n) solar photovoltaic panels (roof mounted)
- (o) temporary accommodation in an area affected by bushfire
- (p) tree damaging activity
- (q) verandah
- (r) water tank.

3. Demolition.

Except any of the following:

1. the demolition of a State or Local Heritage Place
2. the demolition of a building (except an ancillary building) in a Historic Area Overlay.

Placement of Notices - Exemptions for Performance Assessed Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Aquaculture Zone.

Placement of Notices - Exemptions for Restricted Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Aquaculture Zone.

Rural Horticulture Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Intensive agriculture in the form of horticulture and associated value-adding enterprises and activities. |
| DO 2 | The establishment of appropriately scaled industries for washing, processing, bottling and packaging primary produce and servicing and supporting horticulture. |
| DO 3 | Manage interface conflict between horticulture and other land uses. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome

Deemed-to-Satisfy Criteria / Designated Performance Feature

Land Use and Intensity

PO 1.1

The productive value of horticultural land for a range of agricultural, intensive horticultural activities and associated value adding, processing, warehousing and distribution activities is supported, protected and maintained. The proliferation of other land uses that may be sensitive to those activities is avoided.

DTS/DPF 1.1

Development comprises one or more of the following:

- (a) Advertisement
- (b) Agricultural building
- (c) Brewery
- (d) Carport
- (e) Cidery
- (f) Distillery
- (g) Dwelling
- (h) Dwelling addition
- (i) Horse keeping
- (j) Horticulture
- (k) Industry
- (l) Low intensity animal husbandry
- (m) Outbuilding
- (n) Shop
- (o) Small-scale ground mounted solar power facility
- (p) Tourist accommodation
- (q) Transport distribution
- (r) Verandah

| Horticulture | | | | | |
| <p>PO 3.1</p> <p>Horticulture is located and conducted on land that has the physical capability of supporting the activity in a sustainable manner that:</p> <ul style="list-style-type: none"> (a) enhances the productivity of the land for the growing of food and produce (b) avoids adverse interface conflicts with other land uses (c) utilises sound environmental practices to mitigate negative impacts on natural resources and water quality. | <p>DTS/DPF 3.1</p> <p>Horticultural activities:</p> <ul style="list-style-type: none"> (a) are conducted on an allotment with an area of at least 1ha (b) are sited on land with a slope not greater than 10% (1-in-10) (c) are not conducted within 50m of a watercourse or native vegetation (d) are not conducted within 100m of a sensitive receiver in other ownership (e) provide for a headland area between plantings and property boundaries of at least 10m in width (f) where in the form of olive growing, are not located within 500m of a conservation or national park. | | | | |
| Rural Industry | | | | | |
| <p>PO 4.1</p> <p>Small-scale industry (including beverage production and washing, processing, bottling and packaging activities), storage, warehousing, produce grading and packing, transport distribution or similar activities provide opportunities for diversification and value adding to locally sourced primary production activities.</p> | <p>DTS/DPF 4.1</p> <p>Industries, storage, warehousing, produce grading and packing and transport distribution activities and similar activities (or any combination thereof):</p> <ul style="list-style-type: none"> (a) are directly related and ancillary to a primary production use on the same or adjoining allotment (b) are located on an allotment not less than 2ha in area (c) have a total floor area not exceeding 350m². | | | | |
| <p>PO 4.2</p> <p>Expansion of established small-scale or new large scale industry (including beverage production and washing, processing, bottling and packaging activities), storage, warehousing, produce grading and packing, transport distribution or similar activities:</p> <ul style="list-style-type: none"> (a) are commensurate with the allotment on which it is situated to mitigate adverse impacts on the amenity of land in other ownership and the character of the locality (b) realise efficiencies in primary production related storage, sorting, packaging, manufacturing and the like (c) primarily involve primary production commodities sourced from the same allotment and /or surrounding rural areas. | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> | | | | |
| <p>PO 4.3</p> <p>Industry, storage, warehousing, transport distribution or similar activities are sited, designed and of a scale that maintains rural function and character in a manner that respects landscape amenity.</p> | <p>DTS/DPF 4.3</p> <p>Buildings and associated activities:</p> <ul style="list-style-type: none"> (a) are setback at least 50m from all road and allotment boundaries (b) are not sited within 100m of a sensitive receiver in other ownership (c) have a building height not greater than 10m above natural ground level (d) incorporate the loading and unloading of vehicles within the confines of the allotment. | | | | |
| Dwellings | | | | | |
| <p>PO 5.1</p> <p>Dwellings provide a convenient base for landowners to conduct and manage commercial scale primary production and rural related value adding activities without compromising the use of the allotment, adjacent land or long term purpose of the zone for primary production or related tourism values due to a proliferation of dwellings.</p> | <p>DTS/DPF 5.1</p> <p>Dwellings:</p> <ul style="list-style-type: none"> (a) are located on an allotment with an area not less than: <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Minimum Dwelling Allotment Size</th> </tr> </thead> <tbody> <tr> <td>Minimum dwelling allotment size is 10 ha</td> </tr> <tr> <td>Minimum dwelling allotment size is 40 ha</td> </tr> <tr> <td>Minimum dwelling allotment size is 8 ha</td> </tr> </tbody> </table> <ul style="list-style-type: none"> (b) are located on an allotment used for and is ancillary to primary production and/or primary production related value-adding activities (c) will not result in more than one dwelling on an allotment. <p>In relation to DTS/DPF 5.1, in instances where:</p> <ul style="list-style-type: none"> (d) more than one value is returned for DTS/DPF 5.1(a), refer to the <i>Minimum Dwelling Allotment Size Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development | Minimum Dwelling Allotment Size | Minimum dwelling allotment size is 10 ha | Minimum dwelling allotment size is 40 ha | Minimum dwelling allotment size is 8 ha |
| Minimum Dwelling Allotment Size | | | | | |
| Minimum dwelling allotment size is 10 ha | | | | | |
| Minimum dwelling allotment size is 40 ha | | | | | |
| Minimum dwelling allotment size is 8 ha | | | | | |

| | |
|--|--|
| | (e) no value is returned for DTS/DPF 5.1(a) (i.e. there is a blank field), then there is no minimum dwelling allotment size applicable and DTS/DPF 5.1(a) is met. |
| PO 5.2 Dwellings are sited, designed and are of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 5.2 Dwellings: (a) are set back from all allotment boundaries by at least 40m (b) do not exceed 2 building levels and 9m from the top of the footings (c) have a wall height that is no greater than 6m. |
| PO 5.3 Dwelling additions are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 5.3 Additions or alterations to an existing dwelling: (a) are set back behind the main façade of the existing dwelling (b) do not exceed 2 building levels and 9m measured from the top of the footings (c) have a wall height no greater than 6m. |
| Shops and Tourist Accommodation | |
| PO 6.1 Shops are associated with primary production or primary production related value-adding industry to support diversification of employment, provide services to visitors and showcase local and regional products. | DTS/DPF 6.1 Shops: (a) are ancillary to and located on the same allotment or adjoining allotment used for primary production or primary production related value-adding industries (b) offer for sale or consumption produce or goods that are primarily sourced, produced or manufactured on the same allotment or adjoining allotments (c) have a gross leasable floor area not exceeding 100m ² or 250m ² in the case of a cellar door (d) have an area for the display of produce or goods external to a building not exceeding 25m ² . |
| PO 6.2 Shops that are proposed in new buildings are sited, designed and of a scale that maintains a pleasant rural character and amenity. | DTS/DPF 6.2 Shops in new buildings: (a) are set back from all property boundaries by at least 20m (b) are not sited within 100m of a sensitive receiver in other ownership (c) have a building height that does not exceed 9m above natural ground level. |
| PO 6.3 Tourist accommodation: (a) is associated with the primary use of the land for primary production or primary production related value-adding industry to enhance and provide authentic visitor experiences (b) makes use of, re-uses and adapts existing buildings (c) maintains a pleasant rural character and amenity. | DTS/DPF 6.3 Tourist accommodation: (a) is ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industries (b) reuses and adapts an existing building (c) does not result in more than one facility being located on the same allotment. |
| Offices | |
| PO 7.1 Offices are directly related to and associated with the primary use of the land for primary production or primary production related value adding industry. | DTS/DPF 7.1 Offices: (a) are ancillary to and located on the same allotment or an adjoining allotment used for primary production or primary production related value adding industry (b) have a gross leasable floor area not exceeding 100m ² . |
| Adaptive Reuse of Existing Buildings | |
| PO 8.1 Adaptive reuse of existing buildings for small-scale shops, offices, tourist accommodation or ancillary rural activities. | DTS/DPF 8.1 Development within an existing building is for any of the following: (a) a shop (b) office (c) tourist accommodation. |
| Workers' accommodation | |
| PO 9.1 Workers' accommodation provides short-term accommodation for persons temporarily engaged in the production, management or processing of primary produce. | DTS/DPF 9.1 Workers' accommodation: (a) is developed on a site at least 2ha in area (b) has a total floor area not exceeding 250m ² (c) is in the form of a single building or part of a cluster of buildings that are physically connected (d) accommodates not more than 20 persons at any one time (e) is set back at least 50m from a road boundary (f) is set back at least 40m from a side or rear allotment boundary (g) is located within 20m of an existing dwelling on the same allotment (h) does not result in more than one facility being located on the same allotment. |

Renewable Energy Facilities

| | |
|---|---|
| <p>PO 10.1</p> <p>Renewable energy facilities and ancillary development minimises significant fragmentation or displacement of existing primary production.</p> | <p>DTS/DPF 10.1</p> <p>None are applicable.</p> |
| <p>PO 10.2</p> <p>Small-scale ground-mounted solar power facilities support rural production or value adding industries.</p> | <p>DTS/DPF 10.2</p> <p>None are applicable.</p> |

Built Form and Character

| | |
|---|---|
| <p>PO 11.1</p> <p>Large buildings are designed and sited to reduce impacts on scenic and rural vistas by:</p> <ul style="list-style-type: none"> (a) having substantial setbacks from boundaries and adjacent public roads (b) using low-reflective materials and finishes that blend with the surrounding landscape (c) being located below ridgelines. | <p>DTS/DPF 11.1</p> <p>None are applicable.</p> |
|---|---|

Land Division

| <p>PO 12.1</p> <p>Land division, including boundary realignments, promotes productive, efficient and sustainable horticulture.</p> | <p>DTS/DPF 12.1</p> <p>Allotments have an area not less than:</p> <table border="1" data-bbox="804 696 1554 898"> <thead> <tr> <th>Minimum Site Area</th> </tr> </thead> <tbody> <tr> <td>Minimum site area is 10 ha</td> </tr> <tr> <td>Minimum site area is 15 ha</td> </tr> <tr> <td>Minimum site area is 2 ha</td> </tr> <tr> <td>Minimum site area is 4 ha</td> </tr> <tr> <td>Minimum site area is 8 ha</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 12.1, in instances where:</p> <ul style="list-style-type: none"> (a) more than one value is returned in the same field, refer to the <i>Minimum Site Area Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (b) no value is returned (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. | Minimum Site Area | Minimum site area is 10 ha | Minimum site area is 15 ha | Minimum site area is 2 ha | Minimum site area is 4 ha | Minimum site area is 8 ha |

The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--------------------------|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) agricultural building (c) air handling unit, air conditioning system or exhaust fan (d) building work on railway land (e) carport (f) dwelling (g) dwelling addition (h) farming (i) fence (j) horse keeping (k) internal building works (l) land division (m) outbuilding (n) private bushfire shelter (o) protective tree netting structure (p) replacement building (q) retaining wall (r) shade sail (s) solar photovoltaic panels (roof mounted) (t) swimming pool or spa pool (u) temporary accommodation in an area affected by bushfire (v) temporary public service depot (w) tree-damaging activity (x) verandah | <p>None specified.</p> |

| | |
|---|--|
| (y) water tank. | |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) industry (b) store (c) warehouse. | Except development that exceeds the total floor area limit expressed in Rural Horticulture Zone DTS/DPF 4.1(c) or does not satisfy Rural Horticulture Zone DTS/DPF 4.3. |
| 4. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 5. Horticulture. | Except horticulture that does not satisfy any of the following: 1. Rural Horticulture Zone DTS/DPF 3.1(d) 2. Rural Horticulture Zone DTS/DPF 3.1(e). |
| 6. Shop. | Except shop that exceeds the gross leasable floor area limit expressed in Rural Horticulture Zone DTS/DPF 6.1(c) or does not satisfy Rural Horticulture Zone DTS/DPF 6.2. |
| 7. Tourist accommodation. | Except tourist accommodation that does not satisfy Rural Horticulture Zone DTS/DPF 6.3. |

Placement of Notices - Exemptions for Performance Assessed Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Horticulture Zone.

Placement of Notices - Exemptions for Restricted Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Horticulture Zone.

| Description | | | |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | | | |
| <p>Rural Industry</p> | | | |
| <p>PO 9.1 Industry, storage, warehousing, transport distribution or similar activities are sited, designed and of a scale that minimises the potential for adverse impact on adjoining activities.</p> | <p>DTS/DPF 9.1 None are applicable</p> | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification,

excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions Column B) |
|--|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) agricultural building (c) air handling unit, air conditioning system or exhaust fan (d) building work on railway land (e) carport (f) dwelling (g) dwelling addition (h) farming (i) fence (j) horse keeping (k) internal building works (l) outbuilding (m) private bushfire shelter (n) renewable energy facility (o) replacement building (p) retaining wall (q) shade sail (r) temporary accommodation in an area affected by bushfire (s) verandah (t) water tank. | None specified. |
| 3. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 4. Telecommunications facility. | Except telecommunications facility that does not satisfy Rural Intensive Enterprise Zone DTS/DPF 1.2. |

Placement of Notices - Exemptions for Performance Assessed Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 107(3)(a)(ii) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Intensive Enterprise Zone.

Placement of Notices - Exemptions for Restricted Development

Pursuant to regulation 47(6)(c) of the Planning, Development and Infrastructure (General) Regulations 2017, the requirement to place a notice on the relevant land under section 110(2)(a)(iv) of the *Planning, Development and Infrastructure Act 2016* does not apply in the Rural Intensive Enterprise Zone.

Rural Living Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | A spacious and secluded residential lifestyle within semi-rural or semi-natural environments, providing opportunities for a range of low-intensity rural activities and home-based business activities that complement that lifestyle choice. |
|------|---|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| PO 1.1 Residential development with complementary ancillary non-residential uses that do not place additional demands on services and infrastructure, and compatible with a secluded semi-rural | DTS/DPF 1.1 Development comprises one or more of the following: |

| | |
|--|--|
| <p>or semi-natural residential character.</p> | <ul style="list-style-type: none"> (a) Agricultural Buildings (b) Animal Keeping (c) Carport (d) Consulting room (e) Detached dwelling (f) Dwelling addition (g) Farming (h) Horse keeping (i) Kennel (j) Light industry (k) Office (l) Outbuilding (m) Shelter/Stable (n) Shop (o) Verandah |
| <p>PO 1.2 Animal keeping and horse keeping is of a scale that is ancillary to and in association with the residential use of the land.</p> | <p>DTS/DPF 1.2 The keeping of animals:</p> <ul style="list-style-type: none"> (a) is ancillary to a dwelling located on the same allotment (b) takes place on an allotment with an area of at least 1ha (c) for horse keeping, is limited to not more than 2 horses per allotment. |
| <p>PO 1.3 Horse keeping is undertaken only if the horses are accommodated within a stable or shelter with supplementary feeding to maintain pasture cover.</p> | <p>DTS/DPF 1.3 Horse keeping includes the provision of:</p> <ul style="list-style-type: none"> (a) stabling or similar sheltering (b) a grazing area of at least 0.5ha. |
| <p>PO 1.4 Non-residential development complements the semi-rural or semi-natural residential character and amenity and:</p> <ul style="list-style-type: none"> (a) is ancillary to a dwelling erected on the same allotment (b) avoids interface conflicts with other land uses. | <p>DTS/DPF 1.4 Non-residential business activities located on the same allotment and in conjunction with a dwelling where one of the following is satisfied:</p> <ul style="list-style-type: none"> (a) shop, consulting room or office (or any combination thereof) where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) light industry where the combined (existing and proposed) total floor area on the allotment used for such purposes does not exceed 100m². |
| <p>PO 1.5 Non-residential development sited and designed to complement the semi-rural or semi-natural residential character and amenity.</p> | <p>DTS/DPF 1.5 None are applicable.</p> |
| <p>Built Form and Character</p> | |
| <p>PO 2.1 Dwellings are sufficiently separated from site boundaries and of a scale that reinforces the semi-rural or semi-natural character and amenity.</p> | <p>DTS/DPF 2.1 Dwellings:</p> <ul style="list-style-type: none"> (a) are setback as follows: <ul style="list-style-type: none"> (i) for allotments with an area of 1ha or more - at least 20m from all boundaries (ii) for allotments with an area less than 1ha: <ul style="list-style-type: none"> A. 20m from the primary street and rear boundaries B. 10m from side and secondary street boundaries (b) have a building height that is no greater than 2 building levels and 9m (c) have a wall height is no greater than 6m. |
| <p>PO 2.2 Non-residential buildings are designed and sited to minimise visual impact on the surrounding locality by:</p> <ul style="list-style-type: none"> (a) having substantial setbacks from boundaries and adjacent public roads (b) using low-reflective materials and finishes that blend with the surrounding landscape (c) being located below ridgelines. | <p>DTS/DPF 2.2 Non-residential buildings and structures:</p> <ul style="list-style-type: none"> (a) do not exceed 100m² in total floor area (b) are set back from all allotment boundaries by at least 25m (c) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour (d) have a building height that is no greater than 1 building level and 6 (e) have a wall height is no greater than 3m. |
| <p>PO 2.3 Buildings, structures and associated facilities for the keeping of animals are sited, designed and of a scale and appearance that reinforces the semi-rural or semi-natural character and amenity.</p> | <p>DTS/DPF 2.3 Kennels, stables, shelters and associated yards:</p> <ul style="list-style-type: none"> (a) are set back from all allotment boundaries by at least 25m (b) have a building height that is no greater than 5m above natural ground level (c) do not exceed a combined total floor area of 100m² (d) do not comprise more than 10% of the area of the allotment. |
| <p>PO 2.4</p> | <p>DTS/DPF 2.4</p> |

| | |
|--|---|
| <p>Dwelling additions are sited, designed and of a scale that reinforces the semi-rural or semi-natural character and amenity.</p> | <p>Additions or alterations to an existing dwelling:</p> <ul style="list-style-type: none"> (a) are set back behind the main façade of the existing dwelling (b) have a building height that is no greater than 2 building levels and 9m (c) have a wall height no greater than 6m. |
| <p>PO 2.5 Outbuildings and agricultural buildings are sited, designed and of a scale that reinforces the semi-rural or semi-natural character and amenity.</p> | <p>DTS/DPF 2.5 Outbuildings and agricultural buildings:</p> <ul style="list-style-type: none"> (a) have a primary street setback that is behind the building to which it is ancillary (b) have a combined total floor area that does not exceed: <ul style="list-style-type: none"> (i) for allotment with an area of 1ha or more - 200m² (ii) for allotment with an area less than 1ha - 150m² (c) have walls that do not exceed 4m in height measured from natural ground level (not including a gable end) (d) have a total roof height that does not exceed 5m (e) if clad in sheet metal, it is pre-colour treated or painted in a non-reflective colour (f) are limited to no more than a combination of 2 outbuildings and/or agricultural buildings on the same allotment. |
| <p>PO 2.6 Carports and verandahs are sited, designed and of a scale that reinforces the semi-rural or semi-natural character and amenity.</p> | <p>DTS/DPF 2.6 Carports and verandahs:</p> <ul style="list-style-type: none"> (a) are set back from the primary street at least as far back as the building to which it is ancillary (b) have a total floor area that does not exceed 80m² (c) have a post height that does not exceed 3m measured from natural ground level (not including a gable end) (d) have a total roof height that does not exceed 5m (e) if clad in sheet metal, the cladding is pre-colour treated or painted in a non-reflective colour. |

Site Dimensions and Land Division

| <p>PO 3.1 Allotments/sites created for semi-rural residential purposes are consistent with the density expressed in any relevant <i>Minimum Site Area Technical and Numeric Variation</i> or are of suitable size and dimension to contribute to the existing semi-rural pattern of development consistent to the locality and suitable for their intended use.</p> | <p>DTS/DPF 3.1 Development will not result in more than 1 dwelling on an existing allotment or Allotments/sites have:</p> <ul style="list-style-type: none"> (a) an area not less than: <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Minimum Site Area</th> </tr> </thead> <tbody> <tr><td>Minimum site area for a detached dwelling is 500 sqm; semi-detached dwelling is 500 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm</td></tr> <tr><td>Minimum site area is 1 ha</td></tr> <tr><td>Minimum site area is 10 ha</td></tr> <tr><td>Minimum site area is 1,200 sqm</td></tr> <tr><td>Minimum site area is 1.2 ha</td></tr> <tr><td>Minimum site area is 12 ha</td></tr> <tr><td>Minimum site area is 1,500 sqm</td></tr> <tr><td>Minimum site area is 1.5 ha</td></tr> <tr><td>Minimum site area is 15 ha</td></tr> <tr><td>Minimum site area is 1.7 ha</td></tr> <tr><td>Minimum site area is 2,000 sqm</td></tr> <tr><td>Minimum site area is 2 ha</td></tr> <tr><td>Minimum site area is 20 ha</td></tr> <tr><td>Minimum site area is 2,500 sqm</td></tr> <tr><td>Minimum site area is 2.5 ha</td></tr> <tr><td>Minimum site area is 3,000 sqm</td></tr> <tr><td>Minimum site area is 3 ha</td></tr> <tr><td>Minimum site area is 4,000 sqm</td></tr> <tr><td>Minimum site area is 4 ha</td></tr> <tr><td>Minimum site area is 40 ha</td></tr> <tr><td>Minimum site area is 5,000 sqm</td></tr> <tr><td>Minimum site area is 5 ha</td></tr> <tr><td>Minimum site area is 6 ha</td></tr> <tr><td>Minimum site area is 7,000 sqm</td></tr> <tr><td>Minimum site area is 7 ha</td></tr> <tr><td>Minimum site area is 7,500 sqm</td></tr> <tr><td>Minimum site area is 8,000 sqm</td></tr> </tbody> </table> | Minimum Site Area | Minimum site area for a detached dwelling is 500 sqm; semi-detached dwelling is 500 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm | Minimum site area is 1 ha | Minimum site area is 10 ha | Minimum site area is 1,200 sqm | Minimum site area is 1.2 ha | Minimum site area is 12 ha | Minimum site area is 1,500 sqm | Minimum site area is 1.5 ha | Minimum site area is 15 ha | Minimum site area is 1.7 ha | Minimum site area is 2,000 sqm | Minimum site area is 2 ha | Minimum site area is 20 ha | Minimum site area is 2,500 sqm | Minimum site area is 2.5 ha | Minimum site area is 3,000 sqm | Minimum site area is 3 ha | Minimum site area is 4,000 sqm | Minimum site area is 4 ha | Minimum site area is 40 ha | Minimum site area is 5,000 sqm | Minimum site area is 5 ha | Minimum site area is 6 ha | Minimum site area is 7,000 sqm | Minimum site area is 7 ha | Minimum site area is 7,500 sqm | Minimum site area is 8,000 sqm |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) agricultural building (b) air handling unit, air conditioning system or exhaust fan (c) ancillary accommodation (d) building work on railway land (e) carport (f) deck (g) detached dwelling (h) dwelling addition (i) fence | <p>Except development that exceeds the maximum building height specified in Rural Living Zone DTS/DPF 2.1(b).</p> |

| | |
|---|--|
| <ul style="list-style-type: none"> (j) retaining wall (k) outbuilding (l) pergola (m) private bushfire shelter (n) protective tree netting structure (o) retaining wall (p) shade sail (q) solar photovoltaic panels (roof mounted) (r) swimming pool or spa pool (s) temporary public service depot (t) verandah (u) water tank. | |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) farming (b) internal building works (c) land division (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | None specified. |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | Except development that exceeds the maximum building height specified in Rural Living Zone DTS/DPF 2.1(b) or does not satisfy Rural Living Zone DTS/DPF 1.4. |
| <p>5. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>6. Dog kennelling within the Animal Husbandry Subzone.</p> | Except dog kennelling that does not satisfy Animal Husbandry Subzone DTS/DPF 1.2. |
| <p>7. Horse keeping not within any of the following subzones:</p> <ul style="list-style-type: none"> (a) Animal Husbandry Subzone (b) Intensive Horse Establishments Subzone | Except horse keeping that does not satisfy Rural Living Zone DTS/DPF 1.3. |
| <p>8. Horse keeping within any of the following subzones:</p> <ul style="list-style-type: none"> (a) Animal Husbandry Subzone (b) Intensive Horse Establishments Subzone. | None specified. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Animal Husbandry Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | Large-scale horse keeping and dog kennelling in association with detached dwellings on large allotments. |
|------|--|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| | | Performance Feature |
|--|-------------|---|
| Land Use and Intensity | | |
| PO 1.1 Horse keeping and dog kennelling are the predominant land use activity conducted in association with a residential use of the land. | DTS/DPF 1.1 | The keeping of animals takes place where a dwelling is located on the same allotment. |
| PO 1.2 The number of dogs is limited to avoid adverse impact on adjacent sensitive receivers and to maintain the rural amenity of the locality. | DTS/DPF 1.2 | The number of dogs kept on an allotment does not exceed 20. |
| PO 1.3 Horse keeping is managed so there is minimal adverse impact on sensitive receivers or the amenity of the rural landscape. | DTS/DPF 1.3 | Horses are kept within a stable or shelter that: <ul style="list-style-type: none"> (a) has minimum dimension of 3.7m x 3.7m per horse (b) incorporates kick boards around the internal walls of the stable/shelter (c) has an enclosed day yard of at least 50m² per horse directly adjoining and accessible from the stable (d) is sited at least 50m from an allotment boundary. |
| PO 1.4 Kennels, stables, shelters and associated yards are sited, orientated and screened from adjoining dwellings and properties. | DTS/DPF 1.4 | Buildings, structures and associated exercise facilities: <ul style="list-style-type: none"> (a) are set back from all allotment boundaries by at least 35m (b) have a building height that is no greater than 5m above natural ground level (c) do not exceed 150m² in area (d) do not comprise more than 25% of the area of the allotment (e) incorporate landscaping at least 1m in width around the perimeter of the allotment. |

Intensive Horse Establishments Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | The accommodation of a range of commercial horse-related activities primarily for the agistment of horses, their breeding, stabling and training in association with residential development. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| PO 1.1 The number of horses kept on an allotment and the manner in which they are kept is managed so as to avoid negative environmental effects on: <ul style="list-style-type: none"> (a) the locality from pollution, noise, light, dust or odour (b) the amenity of the rural landscape. | DTS/DPF 1.1 None are applicable. |
| PO 1.2 Horses kept at a density within the carrying capacity of the land. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 Accommodation for staff or stable hands is provided in conjunction, and integrated, with a dwelling. | DTS/DPF 1.3 Accommodation facilities: <ul style="list-style-type: none"> (a) form part of an existing dwelling (b) are sited on an allotment greater than 1ha in area |

Rural Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Housing on large allotments in a spacious rural setting, often together with large outbuildings. Easy access and parking for cars. Considerable space for trees and other vegetation around buildings, as well as on-site wastewater treatment where necessary. Limited goods, services and facilities that enhance rather than compromise rural residential amenity. |
|------|---|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Predominantly residential development with complementary ancillary non-residential uses compatible with a spacious and peaceful lifestyle for individual households.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Ancillary accommodation (b) Consulting room (c) Detached dwelling (d) Office (e) Outbuilding (f) Pre-school (g) Recreation area (h) Shop |
| <p>PO 1.2</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.2</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: <ul style="list-style-type: none"> (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes. |
| <p>PO 1.3</p> <p>Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Non-residential development located and designed to improve community accessibility to services, primarily in the form of:</p> <ul style="list-style-type: none"> (a) small-scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational establishments, community centres, places of worship, pre-schools and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities (d) open space and recreation facilities. | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| Building Height | |
| <p>PO 2.1</p> <p>Buildings contribute to a low-rise residential character and complement the height of nearby buildings.</p> | <p>DTS/DPF 2.1</p> <p>Building height (excluding garages, carports and outbuildings) is no greater than 2 building levels and 9m and wall height no greater than 7m except in the case of a gable end.</p> |
| Primary Street Setback | |
| <p>PO 3.1</p> <p>Buildings are set back from primary street boundaries consistent with the existing streetscape.</p> | <p>DTS/DPF 3.1</p> <p>The building line of a building set back from the primary street boundary:</p> <ul style="list-style-type: none"> (a) no more than 1m in front of the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building or (c) not less than 8m where no building exists on an adjoining site with the same primary street frontage. |

| Secondary Street Setback | | | | | | | | | | | |
|---|---|--|----------------------------|------|-----|---------|-----|---------|-----|------|-----|
| <p>PO 4.1</p> <p>Buildings are set back from secondary street boundaries to maintain a pattern of separation between building walls and public thoroughfares and reinforce a streetscape character.</p> | <p>DTS/DPF 4.1</p> <p>Buildings walls are set back at least 2m from the boundary of the allotment with the secondary street frontage.</p> | | | | | | | | | | |
| Side Boundary Setback | | | | | | | | | | | |
| <p>PO 5.1</p> <p>Buildings are set back from side boundaries to allow maintenance and access around buildings and minimise impacts on adjoining properties.</p> | <p>DTS/DPF 5.1</p> <p>Building walls are set back from the side boundaries at least 2m.</p> | | | | | | | | | | |
| Rear Boundary Setback | | | | | | | | | | | |
| <p>PO 6.1</p> <p>Buildings are set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) separation between dwellings in a way that complements the established character of the locality (b) access to natural light and ventilation for neighbours (c) open space recreational opportunities (d) space for landscaping and vegetation. | <p>DTS/DPF 6.1</p> <p>Building walls are set back from the rear boundary at least 6m.</p> | | | | | | | | | | |
| Ancillary Buildings and Structures | | | | | | | | | | | |
| <p>PO 7.1</p> <p>Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of buildings on the site or neighbouring properties.</p> | <p>DTS/DPF 7.1</p> <p>Ancillary buildings and structures:</p> <ul style="list-style-type: none"> (a) are ancillary to a dwelling erected on the site (b) have a floor area not exceeding <ul style="list-style-type: none"> (i) 100m² on sites less than 2000m² (ii) 120m² on sites 2000m² or more (c) are not constructed, added to or altered so that any part is situated: <ul style="list-style-type: none"> (i) in front of any part of the building line of the dwelling to which it is ancillary (ii) within 2m of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads) (iii) within 2m of a side boundary (d) in the case of a garage or carport, have a primary street setback that is at least as far back as the dwelling (e) in the case of a garage or carport, do not exceed 10m or 50% of the site frontage (whichever is the lesser) when facing a primary street or secondary street (f) have a wall height or post height not exceeding 4m above natural ground level (g) have a roof height where no part of the roof is more than 5m above the natural ground level (h) if clad in sheet metal, are pre-colour treated or painted in a non-reflective colour (i) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less: (ii) a total area as determined by the following table: <table border="1" style="margin-left: 40px;"> <thead> <tr> <th>Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m²)</th> <th>Minimum percentage of site</th> </tr> </thead> <tbody> <tr> <td><150</td> <td>10%</td> </tr> <tr> <td>150-200</td> <td>15%</td> </tr> <tr> <td>201-450</td> <td>20%</td> </tr> <tr> <td>>450</td> <td>25%</td> </tr> </tbody> </table> <ul style="list-style-type: none"> (ii) the amount of existing soft landscaping prior to the development occurring. | Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site | <150 | 10% | 150-200 | 15% | 201-450 | 20% | >450 | 25% |
| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site | | | | | | | | | | |
| <150 | 10% | | | | | | | | | | |
| 150-200 | 15% | | | | | | | | | | |
| 201-450 | 20% | | | | | | | | | | |
| >450 | 25% | | | | | | | | | | |
| <p>PO 7.2</p> <p>Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements and do not result in over-development of the site.</p> | <p>DTS/DPF 7.2</p> <p>Ancillary buildings and structures do not result in:</p> <ul style="list-style-type: none"> (a) less private open space than specified in Design Table 1 - Private Open Space (b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. | | | | | | | | | | |
| Site Dimensions and Land Division | | | | | | | | | | | |
| <p>PO 8.1</p> <p>Allotments/sites created for residential purposes are consistent with the density and dimensions expressed in any relevant <i>Minimum Allotment Size Technical and Numeric Variation</i> or are of suitable size and dimension to contribute to a pattern of development consistent to the locality and suitable for their intended use.</p> | <p>DTS/DPF 8.1</p> <p>Development will not result in more than 1 dwelling on an existing allotment</p> <p>or</p> <p>Allotments/sites for residential purposes accord with the following:</p> | | | | | | | | | | |

(a) where allotments/sites are connected to mains sewer or a Community Wastewater Management System site areas (or allotment areas in the case of land division) are not less than:

| Minimum Site Area |
|--------------------------------|
| Minimum site area is 1,000 sqm |
| Minimum site area is 1 ha |
| Minimum site area is 1,200 sqm |
| Minimum site area is 1,300 sqm |
| Minimum site area is 1,500 sqm |
| Minimum site area is 1,800 sqm |
| Minimum site area is 2,000 sqm |
| Minimum site area is 2,500 sqm |
| Minimum site area is 2,800 sqm |
| Minimum site area is 3,000 sqm |
| Minimum site area is 4,000 sqm |
| Minimum site area is 8,000 sqm |

(b) where allotments/sites are not connected to mains sewer or an approved common waste water disposal service site areas are not less than the greater of:

- (i) 1200m²
- (ii) the following:

| Minimum Site Area |
|--------------------------------|
| Minimum site area is 1,000 sqm |
| Minimum site area is 1 ha |
| Minimum site area is 1,200 sqm |
| Minimum site area is 1,300 sqm |
| Minimum site area is 1,500 sqm |
| Minimum site area is 1,800 sqm |
| Minimum site area is 2,000 sqm |
| Minimum site area is 2,500 sqm |
| Minimum site area is 2,800 sqm |
| Minimum site area is 3,000 sqm |
| Minimum site area is 4,000 sqm |
| Minimum site area is 8,000 sqm |

(c) site frontages are not less than 20m.

In relation to DTS/DPF 8.1, in instances where:

- (d) more than one value is returned in the same field, refer to the *Minimum Site Area Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (e) no value is returned for DTS/DPF 8.1(a) (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy
- (f) no value is returned for DTS/DPF 8.1(b)(ii) then the value for DTS/DPF 8.1(b)(ii) is zero.

Concept Plans

PO 9.1
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 9.1
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|---|
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 18 - Playford North |
| Concept Plan 19 - Playford North Infrastructure |
| Concept Plan 77 - Infrastructure and Staging - Berri East |
| Concept Plan 78 - Paringa North |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Concept Plan 88 - Swanport |
| Concept Plan 100 - Gawler East |

In relation to DTS/DPF 9.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 9.1 is met.

Advertisements

Advertisements identify the associated business activity, and do not detract from the residential character of the locality.

Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m² and mounted flush with a wall or fence.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by: (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following: 1. residential flat building(s) of 3 storeys or greater 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) detached dwelling (g) dwelling addition (h) fence (i) outbuilding (j) pergola (k) private bushfire shelter (l) retaining wall (m) shade sail (n) solar photovoltaic panels (roof mounted) (o) swimming pool or spa pool (p) verandah (q) water tank. | Except development that does not satisfy Rural Neighbourhood Zone DTS/DPF 2.1. |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) consulting room (b) office (c) shop. | Except development that does not satisfy any of the following: 1. Rural Neighbourhood Zone DTS/DPF 1.2 2. Rural Neighbourhood Zone DTS/DPF 2.1. |
| 5. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | None specified. |
| 6. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Bookmark Creek Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|-----|---|
| DO1 | Development does not compromise the quality of groundwater on site or water in Bookmark Creek and the River Murray. |
|-----|---|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| PO 1.1 Allotments/sites created for residential purposes pose a negligible or no risk to pollution of water resources. | DTS / DPF 1.1 Allotments/sites less than 2 hectares in area accord with the following: (a) are connected to a community wastewater management scheme or (b) are the subject to a legally binding agreement that requires subsequent development that generates wastewater to be connected to an on-site wastewater system that contains the wastewater and prevents it entering into surface water or groundwater. |

Adelaide Hills Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | Additional residential and tourist accommodation that retains and embraces the values of the established mature vegetation as a defining characteristic of the area. |
| DO 2 | Land division is sympathetic to the allotment pattern and characteristics within the locality. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| PO 1.1 A limited additional range of accommodation options that complement the prevailing residential character. | DTS/DPF 1.1 Development comprises one or more of the land uses listed, in addition to those listed in Rural Neighbourhood Zone DTS 1.1: (a) Supported accommodation (b) Tourist accommodation. |
| Site Dimensions and Land Division | |
| PO 2.1 Allotments/sites created for residential purposes are consistent with the established pattern of division surrounding the development site to maintain local character and amenity. | DTS/DPF 2.1 Development satisfies (a) or (b): (a) it will not result in more than 1 dwelling on an existing allotment (b) allotments/sites have an area the greater of the following (excluding the area within the access 'handle' if in the form of a battle-axe development): (i) 2000m ² (ii) the median allotment size of all residential allotments in the Adelaide Hills Subzone either wholly or partly within a radius of 200m measured from the centre of the main allotment frontage. |
| PO 2.2 Allotments/sites are sized and configured maximise the retention of mature vegetation to maintain landscape amenity. | DTS/DPF 2.2 None are applicable. |

Rural Settlement Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | A small mixed-use settlement supporting a limited range of residential development, tourist, recreation and community facilities grouped together to serve the local community and visitors. |
| DO 2 | Development contributes to and enhances the local context and development pattern comprising the settlement. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Predominantly low density residential development with complementary non-residential uses compatible with a low density residential character and the development pattern of the settlement.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) advertisement (b) carport (c) consulting room (d) detached dwelling (e) dwelling addition (f) light industry (g) office (h) outbuilding (i) shop (j) tourist accommodation (k) verandah (l) warehouse. |
| <p>PO 1.2</p> <p>Commercial activities improve community and visitor access to services are of a scale and type to maintain the settlement’s residential amenity and character.</p> | <p>DTS/DPF 1.2</p> <p>Non-residential commercial activities satisfy any one of the following:</p> <ul style="list-style-type: none"> (a) shop, consulting room or office (or any combination thereof) located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) shop, consulting room or office (or any combination thereof) where the gross leasable floor area does not exceed 150m² (individually or combined, in a single building) (c) light industry, store or warehouse (or any combination thereof) where the total floor area of a building plus any outdoor space used for a light industry, store or warehouse (or any combination thereof) does not exceed 80m². |
| <p>PO 1.3</p> <p>Small-scale tourist accommodation that supports the visiting public and holiday makers.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |

| <p>(c) site frontages are not less than 20m</p> <p>In relation to DTS/DPF 4.1, in instances where:</p> <ul style="list-style-type: none"> (d) more than one value is returned in the same field, refer to the <i>Minimum Site Area Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (e) no value is returned for DTS/DPF 4.1(a) (i.e. there is a blank field), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy (f) no value is returned for DTS/DPF 4.1(b)(ii) (i.e. there is a blank field), then the value for DTS/DPF 4.1(b)(ii) is zero. | |

Concept Plans

| | |
|--|---|
| <p>PO 5.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 5.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 5.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met. |
|--|---|

Ancillary Buildings and Structures

| | |
|--|--|
| <p>PO 6.1</p> <p>Residential ancillary buildings are sited and designed to not detract from the streetscape or appearance of primary residential buildings on the site or neighbouring properties.</p> | <p>DTS/DPF 6.1</p> <p>Ancillary buildings:</p> <ul style="list-style-type: none"> (a) are ancillary to a dwelling erected on the same site (b) have a floor area not exceeding 60m² (c) are not constructed, added to or altered so that any part is situated: <ul style="list-style-type: none"> (i) in front of any part of the building line of the dwelling to which it is ancillary or (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads) (d) in the case of a garage or carport, the garage or carport: <ul style="list-style-type: none"> (i) is set back at least 5.5m from the boundary of the primary street (ii) when facing a primary street or secondary street, has a total door / opening not exceeding: <ul style="list-style-type: none"> A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width |
|--|--|

- (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:
 - (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and
 - (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
- (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary
- (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure
- (h) have a wall height or post height not exceeding 3m above natural ground level
- (i) have a roof height where no part of the roof is more than 5m above the natural ground level
- (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour
- (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:
- (i) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |

- (ii) the amount of existing soft landscaping prior to the development occurring.

Advertisements

| | |
|--|--|
| PO 7.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality. | DTS/DPF 7.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m ² and mounted flush with a wall or fence. |
|--|--|

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) dwelling (g) dwelling addition (h) fence (i) outbuilding (j) pergola (k) private bushfire shelter (l) shade sail (m) solar photovoltaic panels (roof mounted) (n) swimming pool or spa pool (o) temporary public service depot (p) retaining wall (q) verandah (r) water tank. | Except development that: <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Rural Settlement Zone DTS/DPF 3.1 or 2. involves the creation of 4 or more additional dwellings. |

| | |
|--|--|
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <p>Except development that exceeds the maximum building height specified in Rural Settlement Zone DTS/DPF 3.1 or does not satisfy Rural Settlement Zone DTS/DPF 1.2(a) or DTS/DPF 1.2(b).</p> |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) light industry (b) store (c) warehouse. | <p>Except development that exceeds the maximum building height specified in Rural Settlement Zone DTS/DPF 3.1 or does not satisfy Rural Settlement Zone DTS/DPF 1.2(c).</p> |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) replacement building (d) temporary accommodation in an area affected by bushfire (e) tree damaging activity. | <p>None specified.</p> |
| <p>6. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--------------------------|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) carport (d) deck (e) development involving the creation of less than four additional dwellings or | <p>None specified.</p> |

| | |

| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <p>(a) consulting room</p> <p>(b) office</p> <p>(c) shop.</p> | <p>Except where the combined gross leasable floor area of the these uses is greater than 100m².</p> |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <p>(a) light industry</p> <p>(b) warehouse</p> <p>(c) store.</p> | <p>Except where the combined total floor area of the buildings plus any outdoor space used for any of the these uses is greater than 80m².</p> |
| <p>5. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Strategic Employment Zone

Assessment Provisions (AP)

Desired Outcome (DO)

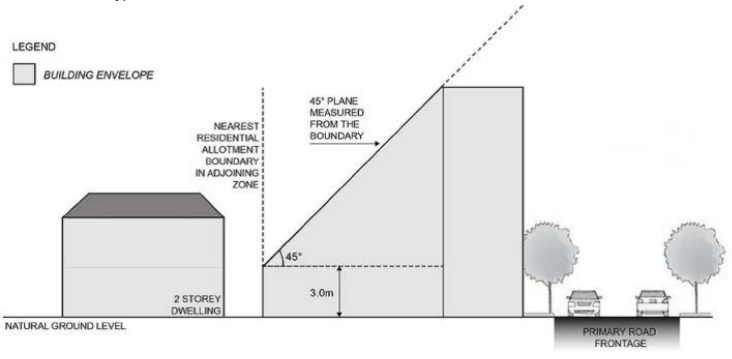

| Desired Outcome | |
|-----------------|--|
| DO 1 | A range of industrial, logistical, warehousing, storage, research and training land uses together with compatible business activities generating wealth and employment for the state. |
| DO 2 | <p>Employment-generating uses are arranged to:</p> <ol style="list-style-type: none"> support the efficient movement of goods and materials on land in the vicinity of major transport infrastructure such as ports and intermodal freight facilities maintain access to waterfront areas for uses that benefit from direct water access including harbour facilities, port related industry and warehousing, ship building and related support industries create new and enhance existing business clusters support opportunities for the convenient co-location of rural related industries and allied businesses that may detract from scenic rural landscapes be compatible with its location and setting to manage adverse impacts on the amenity of land in adjacent zones. |
| DO 3 | A pleasant visual amenity from adjacent arterial roads, adjoining zones and entrance ways to cities, towns and settlements. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

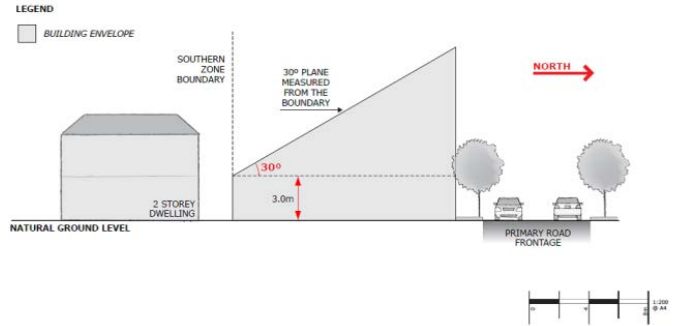

| | | Performance Feature | |
|-----------------------------------|--|---------------------|---|
| Land Use and Intensity | | | |
| PO 1.1 | Development primarily for a range of higher-impacting land uses including general industry, warehouse, transport distribution and the like is supplemented by other compatible development so as not to unduly impede the use of land in other ownership in the zone for employment-generating land uses, particularly those parts of the zone unaffected by an interface with another zone that would be sensitive to impact-generating uses. | DTS/DPF 1.1 | Development comprises one or more of the following: <ul style="list-style-type: none"> (a) Advertisement (b) Automotive collision repair (c) Electricity substation (d) Energy generation facility (e) Energy storage facility (f) Fuel depot (g) General industry (h) Intermodal facility (i) Light Industry (j) Motor repair station (k) Public service depot (l) Rail marshalling yard (m) Renewable energy facility (other than a wind farm) (n) Retail fuel outlet (o) Service trade premises (p) Shop (q) Store (r) Telecommunications facility (s) Training facility (t) Warehouse |
| PO 1.2 | Development on land adjacent to another zone which is used for residential purposes incorporates a range of low-impact, non-residential uses to mitigate adverse amenity and safety impacts on the adjoining zone. | DTS/DPF 1.2 | Development involving any of the following uses on a site adjacent land in another zone used for or expected to be primarily used for residential purposes: <ul style="list-style-type: none"> (a) Bulky goods outlet (b) Consulting room (c) Indoor recreation facility (d) Light industry (e) Motor repair station (f) Office (g) Place of worship (h) Research facility (i) Service trade premises (j) Store (k) Training facility (l) Warehouse. |
| PO 1.3 | Shops provide convenient day-to-day services and amenities to local businesses and workers, support the sale of products manufactured on-site and otherwise complement the role of Activity Centres. | DTS/DPF 1.3 | Shop where one of the following applies: <ul style="list-style-type: none"> (a) with a gross leasable floor area up to 250m² (b) is a bulky goods outlet (c) is a restaurant (d) is ancillary to and located on the same allotment as an industry. |
| PO 1.4 | Residential development is subordinate and necessary to support the efficient management, security and/or operational aspects of a non-residential land use. | DTS/DPF 1.4 | None are applicable. |
| PO 1.5 | Telecommunication facilities are located to mitigate impacts on visual amenity on residential areas. | DTS/DPF 1.5 | Telecommunications facility in the form of a monopole: <ul style="list-style-type: none"> (a) up to a height of 30m (b) no closer than 50m to neighbourhood-type zone. |
| PO 1.6 | Bulky good outlets and standalone shops are located to provide convenient access. | DTS/DPF 1.6 | Bulky goods outlets and standalone shops are located on sites with a frontage to a State Maintained Road. |
| Site Dimensions and Land Division | | | |
| PO 2.1 | Land division creates allotments of a size and shape suitable for a range of industrial, transport, warehouse and other similar or complementary land uses that support employment generation. | DTS/DPF 2.1 | Allotments: <ul style="list-style-type: none"> (a) connected to an approved common waste water disposal service have and an area of 2500m² or more and a frontage width of 30m or more (b) that will require the disposal of waste water on-site have an area of 3000m² or more and a frontage width of 30m or more. |
| Built Form and Character | | | |

| | |
|---|---|
| <p>PO 3.1</p> <p>Development includes distinctive building, landscape and streetscape design to achieve high visual and environmental amenity particularly along arterial roads, zone boundaries and public open spaces.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| <p>PO 3.2</p> <p>Building facades facing a boundary of a zone primarily intended to accommodate sensitive receivers, a public road, or public open space incorporate design elements to add visual interest by considering the following:</p> <ul style="list-style-type: none"> (a) using a variety of building finishes (b) avoiding elevations that consist solely of metal cladding (c) using materials with a low reflectivity (d) using techniques to add visual interest and reduce large expanses of blank walls including modulation and incorporation of offices and showrooms along elevations visible to a public road. | <p>DTS/DPF 3.2</p> <p>None are applicable.</p> |
| <p>PO 3.3</p> <p>Buildings are set back from the primary street boundary to contribute to a consistent streetscape.</p> | <p>DTS/DPF 3.3</p> <p>The building line of a building is no closer to the primary street frontage than:</p> <ul style="list-style-type: none"> (a) the average of existing buildings on adjoining sites with the same primary street frontage and, if there is only one such building, the setback of that building or (b) where no building exists on an adjoining site: <ul style="list-style-type: none"> (i) 8m or more for buildings up to 6m high (ii) not less than 10m for buildings greater than 6m high. |
| <p>PO 3.4</p> <p>Buildings are set back from secondary street boundaries to accommodate the provision of landscaping between buildings and the road to enhance the appearance of land and buildings when viewed from the street.</p> | <p>DTS/DPF 3.4</p> <p>Building walls are set back 4m or more from a secondary street boundary.</p> |
| <p>PO 3.5</p> <p>Buildings are sited to accommodate vehicle access to the rear of a site for deliveries, maintenance and emergency purposes.</p> | <p>DTS/DPF 3.5</p> <p>Building walls are set back 3m or more from at least one side boundary, unless an alternative means for vehicular access to the rear of the site is available.</p> |

Interface Height

| | |
|---|---|
| <p>PO 4.1</p> <p>Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.</p> | <p>DTS/DPF 4.1</p> <p>Buildings are constructed within a building envelope provided by a 45 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):</p>  |
|---|---|

| | |
|--|---|
| <p>PO 4.2</p> <p>Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.</p> | <p>DTS/DPF 4.2</p> <p>Buildings on sites with a southern boundary adjoining an allotment used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:</p> |
|--|---|

PO 4.3
Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 4.3
None are applicable.

Landscaping

PO 5.1
Landscaping is provided along public roads and thoroughfares and zone boundaries to enhance the visual appearance of development and soften the impact of large buildings when viewed from public spaces and adjacent land outside the zone.

DTS/DPF 5.1
Other than to accommodate a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land, a landscaped area is provided within the development site (excluding any land required for road widening purposes):

- (a) where a building is set back less than 3m from the street boundary - within the area remaining between a relevant building and the street boundary
or
- (b) in accordance with the following:

| Minimum width | Description |
|---------------|---|
| 8m | Along any boundary with the Open Space Zone associated with the River Torrens. |
| 5m | Along any boundary with a Highway, Freeway or Expressway. |
| 5m | Along and boundary on the perimeter of the zone not fronting a public road or thoroughfare except where the adjacent zone is one of the following: <ul style="list-style-type: none"> (a) Employment (Bulk Handling) Zone; (b) Commercial and Business Zone; (c) Resource Extraction Zone. |
| 3m | Along the any boundary on the perimeter of the zone that fronts a public road or thoroughfare. |
| 3m | Along an arterial or main road frontage within the zone (and not on the perimeter of the zone). |

PO 5.2
Development incorporates areas for landscaping to enhance the overall amenity of the site and locality.

DTS/DPF 5.2
Landscape areas comprise:

- (a) not less than 10 percent of the site
- (b) a dimension of at least 1.5m.

PO 5.3
Landscape areas incorporate a range of plant species of varying heights at maturity, including tree species with a canopy above clear stems, to complement the scale of relevant buildings.

DTS/DPF 5.3
None are applicable.

Fencing

PO 6.1

DTS/DPF 6.1

| <p>Fencing exceeding 2.1m in height is integrated and designed to complement the appearance of land and buildings and does not form a dominant visual feature from adjacent streets to enhance the character of employment areas.</p> | <p>Fencing exceeding 2.1m in height is:</p> <ul style="list-style-type: none"> (a) located behind a façade of an associated building located on the same site or (b) located behind a landscaped area along relevant street frontages or (c) consists of visually permeable materials with landscaping behind. | | | | | | | | | | | | | |
|---|--|-------------|---------------------------------|----------------------------------|---|----------------------------|---|---|---|----------------------------------|-----------------------------|---|-------------------------------|----------------------------|
| <p>Advertisements</p> | | | | | | | | | | | | | | |
| <p>PO 7.1 Freestanding advertisements do not create a visually dominant element within the locality.</p> | <p>DTS/DPF 7.1 Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) do not exceed 6m in height (b) do not have a sign face exceeding 8m² per side. | | | | | | | | | | | | | |
| <p>Concept Plans</p> | | | | | | | | | | | | | | |

| <p>PO 1.2</p> <p>Shops and restaurants primarily cater to the surrounding workforce to enhance the amenity of the zone for those workers.</p> | <p>DTS/DPF 1.2</p> <p>Shop that meets the following:</p> <ul style="list-style-type: none"> (a) has a gross leasable floor area not exceeding 500m² (b) is not a bulky goods outlet. |
| <p>Hazard Risk Minimisation</p> | |
| <p>PO 2.1</p> <p>Land identified for stormwater management and habitat rehabilitation in the subzone is not developed for industrial use unless:</p> <ul style="list-style-type: none"> (a) there is sufficient land capable of managing the regional and local stormwater catchment function in the location (b) the land unlikely to be inundated by tidal flows as a result of the periodic opening of the tidal gates, taking into account long term sea-level rise (c) it does not result in the removal of existing remnant samphire habitats or threaten the ability for expansion and inland migration of such habitats (d) the provision of a new or the expansion of an existing sea flood protection levee or sea wall infrastructure can be accommodated into the future. | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development minimises adverse disturbance to existing sea flood protection levees and infrastructure.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Development is designed and sited to provide sufficient land for flood mitigation, including the establishment of new sea walls or sea flood protection levees to provide protection from stormwater and seawater flooding.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Development is protected against sea flood risk and sea level rise.</p> | <p>DTS/DPF 2.4</p> <p>Development achieves one of the following:</p> <ul style="list-style-type: none"> (a) where no sea flood protection levee or seawall exists, minimum site and floor levels are at least 3.7m AHD and 3.95m AHD respectively, to provide protection from coastal flooding to the year 2050 and it allows for the practical establishment of protection measures against a further sea level rise of 0.7m and land subsidence to the year 2100 (b) a sea flood protection levee or sea wall has been constructed, which will provide the development with protection from coastal flooding to the year 2050, has a height of at least 3.7m AHD and is capable of being adapted to accommodate for a further sea level rise of 0.7m and land subsidence to the year 2100. |

National Naval Shipbuilding Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|------------------------|--|
| DO 1 | Ship building and the long-term growth of defence related support industry uses generating wealth and employment for the state and nation. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Development of naval shipbuilding and defence related support industry uses.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Berthing structure (b) Educational establishment in association with ship building (c) Ship building, lifting and/or launching facility (d) Technology and support industries related to ship building and defence (e) Wharf facilities. |
| <p>PO 1.2</p> <p>Development on land with direct water frontage comprises those functions of ship building and repair involving the movement of waterborne vessels from the water to the land and vice versa.</p> | <p>DTS/DPF 1.2</p> <p>Development on land with direct water frontage comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Berthing structure (b) Gantry and loading structure (c) Harbour installation (d) Navigational aid (e) Ship lifting and/or launching facility (f) Wharf structure. |
| <p>PO 1.3</p> <p>Shared use of facilities and structures to minimise the need for development to extend into or over the Port Adelaide River.</p> | <p>DTS/DPF 1.3</p> <p>Development does not extend into or over the Port Adelaide River unless it comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Berthing structure (b) Development ancillary to or in association with ship building |

| | |
|---|---|
| | <ul style="list-style-type: none"> (c) Erosion protection or control (d) Flooding protection or control (e) Gantry and loading structure (f) Ship lifting/launching facility (g) Wharf structure. |
| PO 1.4 Development extending into or over the Port Adelaide River does not obstruct or interfere with shipping and navigation channels. | DTS/DPF 1.4 Development complies with the <i>Harbors and Navigation Act 1993</i> . |
| PO 1.5 Development maintains public access to land in the Open Space Zone located to the north of the subzone, unless an alternative public access route is provided. | DTS/DPF 1.5 None are applicable. |
| Interfaces | |
| PO 2.1 Development is designed and sited to incorporate noise attenuation measures to minimise impacts from noise emissions on sensitive land uses in an adjacent neighbourhood-type zone, particularly where extended operating hours are contemplated. | DTS/DPF 2.1 None are applicable. |
| Hazard Risk Minimisation | |
| PO 3.1 Development is protected against sea flood risk and sea level rise. | DTS/DPF 3.1 Development achieves the following: <ul style="list-style-type: none"> (a) minimum site and floor levels of 3.3m AHD and 3.55m AHD respectively to provide protection from coastal flooding to the year 2050, unless it can be demonstrated that lower levels will provide adequate protection (b) provide for the practical establishment of protection measures against a further sea level rise of 0.7m and land subsidence to the year 2100. |

Ports Subzone

Assessment Provisions (AP)
Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A range of port related activities that support the ongoing strategic and economic state significance of the area for the handling of export and import commodities |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Development primarily for a range of port related activities. | DTS/DPF 1.1 Development comprises one or more of the following: <ul style="list-style-type: none"> (a) Bunker facility (b) Cargo handling facility (c) Container terminal (d) Customs operations (e) Intermodal cargo transfer facility (f) Office ancillary to and in association with port activity (g) Ship repair facility (h) Storage areas used for the temporary holding of port cargo (i) Transshipment facility. |
| PO 1.2 Waterfront land developed for activities dependent on a direct frontage to the water, including port functions involving waterborne vessels and/or the movement of products or items from the water to the land (or vice versa). | DTS/DPF 1.2 Development on land with a direct frontage to the water comprises one or more of the following uses: <ul style="list-style-type: none"> (a) Boat berth (b) Gantry and loading structures (c) Harbor installations (d) Navigational aids (e) Wharf facilities. |
| Landscaping | |
| PO 2.1 Development adjoining the waterfront landscaped to: <ul style="list-style-type: none"> (a) screen storage areas otherwise open to public view (b) enhance the appearance of the development and the waterfront (c) provide amenity for employees on site. | DTS/DPF 2.1 None are applicable. |

Significant Industry Subzone

Assessment Provisions (AP)
Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Major special industrial activities requiring large areas of land to manage interfaces with sensitive land uses and the environment that are of significance to the state and regional economy. |
|------|---|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Development primarily for large scale, high impact special industry uses located on large areas of land to manage impacts on sensitive land uses and the environment. | DTS/DPF 1.1 None are applicable. |
| PO 1.2 Development does not occur that would prejudice special industry or the processing and storage of chemicals and minerals. | DTS/DPF 1.2 None are applicable. |
| Siting and Interfaces | |
| PO 2.1 Substantial visual and acoustic buffers are maintained between development and sensitive land uses. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Treatment or depositing of hazardous waste materials does not occur in proximity to residential development located in an adjacent zone. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Development is sited and designed to protect areas of heritage or cultural significance. | DTS/DPF 2.3 None are applicable. |
| Environmental Management | |
| PO 3.1 Development does not produce emissions that would harm human health or the environment. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Development designed and sited to mitigate impacts upon the terrestrial and marine environment in the locality and areas of conservation significance. | DTS/DPF 3.2 None are applicable. |
| PO 3.3 Development and operations designed and sited to avoid discharge of liquid or solid waste from the site or from entering the natural drainage system. | DTS/DPF 3.3 None are applicable. |
| Hazard Risk Minimisation | |
| PO 4.1 Areas for the storage and handling of hazardous material are bunded to: <ul style="list-style-type: none"> (a) contain spillages and leaks of liquids used, stored or processed on the site of the development (b) exclude the entry of external surface stormwater runoff that may pose a risk of pollution to the surrounding environment. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Adequate separation provided between development and buildings to mitigate on-site impacts in the event of an industrial accident. | DTS/DPF 4.2 None are applicable. |
| PO 4.3 Development is protected against sea flood risk and sea level rise. | DTS/DPF 4.3 None are applicable. |

Strategic Innovation Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | A range of health, education, and research activities supported by a mix of compatible housing, accommodation, tourism, hospitality, cultural, entertainment, recreation and retail land uses. |
|------|--|

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Development is associated with or ancillary to the provision of health and education services and the conduct of research.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Community facility (b) Conference facility (c) Consulting room (d) Dwelling (e) Educational establishment (f) Hospital (g) Indoor recreation facility (h) Library (i) Light industry (including high technology and research based activity) (j) Office (k) Place of worship (l) Pre-school (m) Public transport terminal (n) Residential flat building (o) Retirement facility (p) Shop (excluding a bulky goods outlet) (q) Student accommodation (r) Supported accommodation (s) Telecommunications facility (t) Tourist accommodation (u) Workers' accommodation. |
| <p>PO 1.2</p> <p>Development within walking distance of public transport stops comprises land uses that directly promote public transport use and provide opportunities for multi-purpose trips.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Light industrial and commercial development (including high technology and research-based activity) designed and sited to be compatible with adjoining uses.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Shops, offices and consulting rooms of a scale to maintain the amenity of nearby residents.</p> | <p>DTS/DPF 1.4</p> <p>Shop, office or consulting room gross leasable floor area does not exceed 250m².</p> |
| <p>PO 1.5</p> <p>Ground floor level uses promote high levels of pedestrian activity and contribute to an active and vibrant public realm.</p> | <p>DTS/DPF 1.5</p> <p>Shop or consulting room land uses located on the ground floor level of buildings.</p> |
| <p>PO 1.6</p> <p>Medium to high density residential development does not prejudice the operation of non-residential activity within the zone.</p> | <p>DTS/DPF 1.6</p> <p>None are applicable.</p> |
| <p>PO 1.7</p> <p>Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality.</p> | <p>DTS/DPF 1.7</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> (a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop: <ul style="list-style-type: none"> (i) the total gross leasable floor area of the shop will not exceed 250m² (ii) if primarily involving the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if primarily involving heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road: <ul style="list-style-type: none"> (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road or (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and |

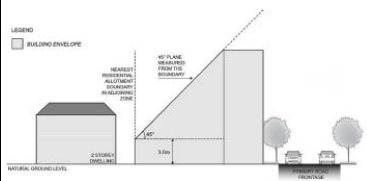

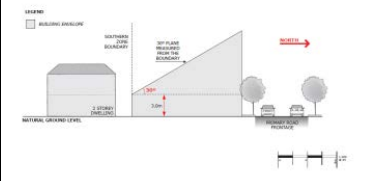

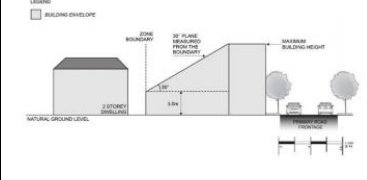

| | |
|--|---|
| | <p>unloading, and the storage and collection of refuse are shared</p> <p>(e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except where:</p> <ul style="list-style-type: none"> (i) the building is a local heritage place or (ii) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |
|--|---|

Built Form and Character

| | |
|---|---|
| PO 2.1 Development achieves a high standard of contemporary architectural design, using a mixture of solid and glass finishes to produce visual interest on all sides. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Buildings are orientated towards public open space and defined pedestrian and cycle routes, where possible. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Buildings create visual interest and an active interface along streetscapes, pedestrian and cycle routes and building surrounds to enhance casual surveillance and provide appropriate lighting and clear lines of sight. | DTS/DPF 2.3 Not less than 50% of the ground floor primary frontage of buildings : (a) are visually permeable, transparent or clear glazed (b) have a ground floor level at grade / level with the adjoining public realm footpath. |
| PO 2.4 Buildings are adaptable and flexible to accommodate a range of land uses, including retail, office and residential. | DTS/DPF 2.4 Buildings containing ground and first building levels built to dimensions including a minimum ceiling height of 3.5m. |
| PO 2.5 Buildings provide a high amenity pedestrian environment by providing shelter and shade over footpaths. | DTS/DPF 2.5 Buildings provide verandas, balconies, canopies, awnings or other pedestrian shelters over adjacent footpaths. |
| PO 2.6 Development including advertisements, buildings, site landscaping, street planting and paving achieves a cohesive and coordinated appearance. | DTS/DPF 2.6 None are applicable. |
| PO 2.7 Permanent fencing is visually permeable to support visibility and custom designed to high architectural standard. | DTS/DPF 2.7 None are applicable. |

Building height and setbacks

| PO 3.1 Building height is consistent with the form expressed in any relevant <i>Maximum Building Height Levels Technical and Numeric Variation, Maximum Building Height Metres Technical and Numeric Variation</i> and any relevant Concept Plan contained within the <i>Concept Plans Technical and Numeric Variations</i> , or otherwise provide an orderly transition in scale, increasing from low scale at the zone interface to medium-to-high rise in the centre of the zone to complement the established local character. | <p>DTS/DPF 3.1 Except where a Concept Plan specifies otherwise, development (excluding garages, carports and outbuildings) does not exceed the following building height(s):</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> </thead> <tbody> <tr><td>Maximum building height is 1 level</td></tr> <tr><td>Maximum building height is 4 levels</td></tr> <tr><td>Maximum building height is 5 levels</td></tr> <tr><td>Maximum building height is 6 levels</td></tr> <tr><td>Maximum building height is 10 levels</td></tr> <tr><td>Maximum building height is 15 levels</td></tr> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> <tr><td>Maximum building height is 4.5m</td></tr> <tr><td>Maximum building height is 16.5m</td></tr> <tr><td>Maximum building height is 18.5m</td></tr> <tr><td>Maximum building height is 24.5m</td></tr> <tr><td>Maximum building height is 40.5m</td></tr> <tr><td>Maximum building height is 60.5m</td></tr> </tbody> </table> <p>In relation to DTS/DPF 3.1, in instances where:</p> <ul style="list-style-type: none"> (a) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> or <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development (b) only one value is returned (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other | Maximum Building Height (Levels) | Maximum building height is 1 level | Maximum building height is 4 levels | Maximum building height is 5 levels | Maximum building height is 6 levels | Maximum building height is 10 levels | Maximum building height is 15 levels | Maximum Building Height (Metres) | Maximum building height is 4.5m | Maximum building height is 16.5m | Maximum building height is 18.5m | Maximum building height is 24.5m | Maximum building height is 40.5m | Maximum building height is 60.5m |
|---|---|----------------------------------|------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|--------------------------------------|--------------------------------------|----------------------------------|---------------------------------|----------------------------------|----------------------------------|----------------------------------|----------------------------------|----------------------------------|
| Maximum Building Height (Levels) | | | | | | | | | | | | | | | |
| Maximum building height is 1 level | | | | | | | | | | | | | | | |
| Maximum building height is 4 levels | | | | | | | | | | | | | | | |
| Maximum building height is 5 levels | | | | | | | | | | | | | | | |
| Maximum building height is 6 levels | | | | | | | | | | | | | | | |
| Maximum building height is 10 levels | | | | | | | | | | | | | | | |
| Maximum building height is 15 levels | | | | | | | | | | | | | | | |
| Maximum Building Height (Metres) | | | | | | | | | | | | | | | |
| Maximum building height is 4.5m | | | | | | | | | | | | | | | |
| Maximum building height is 16.5m | | | | | | | | | | | | | | | |
| Maximum building height is 18.5m | | | | | | | | | | | | | | | |
| Maximum building height is 24.5m | | | | | | | | | | | | | | | |
| Maximum building height is 40.5m | | | | | | | | | | | | | | | |
| Maximum building height is 60.5m | | | | | | | | | | | | | | | |

| | |
|---|--|
| | <p>(c) no value is returned (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.</p> |
| <p>PO 3.2</p> <p>Buildings mitigate impacts of building massing on residential development within a neighbourhood-type zone.</p> | <p>DTS/DPF 3.2</p> <p style="text-align: center;">Interface Height</p> <p>Buildings constructed within a building envelope provided by a:</p> <p>(a) 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary):</p>  <p>(a) in relation to a southern boundary, 30 degree plane grading north, measured from a height of 3m above natural ground at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:</p>  <p>Buildings constructed within a building envelope provided by a 30 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:</p>  |
| <p>PO 3.3</p> <p>Buildings are set back from site boundaries to create a continuous built form to public roads, and to create separation between lower scale and adjoining sensitive receivers.</p> | <p>DTS/DPF 3.3</p> <p>None are applicable.</p> |
| <p>PO 3.4</p> <p>Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.</p> | <p>DTS/DPF 3.4</p> <p>None are applicable.</p> |

| <p>PO 7.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code.</p> | <p>DTS/DPF 7.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" data-bbox="805 324 1540 448"> <thead> <tr> <th data-bbox="805 324 1540 347">Description</th> </tr> </thead> <tbody> <tr> <td data-bbox="805 351 1540 380">Concept Plan 24 - Glenside</td> </tr> <tr> <td data-bbox="805 385 1540 414">Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints</td> </tr> <tr> <td data-bbox="805 418 1540 448">Concept Plan 89 - Tonsley</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 7.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met. | Description | Concept Plan 24 - Glenside | Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | Concept Plan 89 - Tonsley |
| Description | | | | | |
| Concept Plan 24 - Glenside | | | | | |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | | | | | |
| Concept Plan 89 - Tonsley | | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| <p>Class of Development</p> <p>(Column A)</p> | <p>Exceptions</p> <p>(Column B)</p> |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <ul style="list-style-type: none"> (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Strategic Innovation Zone DTS/DPF 3.1 or 2. does not satisfy Strategic Innovation Zone DTS/DPF 3.2 or 3. involves the demolition of a State or Local Heritage Place or 4. involves the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. a restaurant located in the Repatriation Subzone 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) carport (d) community facility (e) dwelling (f) educational establishment (g) library (h) outbuilding (i) place of worship (j) pre-school, other than where located in the Repatriation Subzone (k) residential flat building (l) retaining wall (m) shade sail (n) student accommodation (o) swimming pool or spa pool (p) tourist accommodation (q) verandah (r) water tank. | <p>Except development that exceeds the maximum building height specified in Strategic Innovation Zone DTS/DPF 3.1 or does not satisfy Strategic Innovation Zone DTS/DPF 3.2.</p> |

| | |
|---|---|
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop, other than a restaurant located in the Repatriation Subzone. | <p>Except development that exceeds the maximum building height specified in Strategic Innovation Zone DTS/DPF 3.1 or does not satisfy any of the following:</p> <ul style="list-style-type: none"> 1. Strategic Innovation Zone DTS/DPF 1.4 2. Strategic Innovation Zone DTS/DPF 3.2. |
| <p>6. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | <p>None specified.</p> |
| <p>7. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Rehabilitation Subzone

Desired Outcome (DO)

| <p style="text-align: center;">Desired Outcome</p> | |
|---|---|
| <p>DO 1</p> | <p>A mix of primary land uses including facilities for health and aged care, rehabilitation, education and research along with residential, community, cultural, recreation and small-scale retail activities that meet the daily needs of the residential and visiting population.</p> |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| <p style="text-align: center;">Performance Outcome</p> | <p style="text-align: center;">Deemed-to-Satisfy Criteria / Designated Performance Feature</p> |
|--|--|
| <p>Land Use and Intensity</p> | |
| <p>PO 1.1</p> <p>Higher intensity activities located towards the centre or the primary focus of the Subzone, such as education, industry, health, commerce and retail, with lower scale development such as residential located at the periphery of the Subzone.</p> | <p>DTS/DPF 1.1</p> <p>None are applicable.</p> |
| <p>PO 1.2</p> <p>Land uses promote movement and activity during daylight and evening hours, including restaurants, educational, community and cultural facilities, and visitor and residential accommodation.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Small to medium scale shops, offices and consulting rooms :</p> <ul style="list-style-type: none"> (a) meet the day to day needs for the local community, such as shops, offices, consulting rooms and the like (b) serve the local community, such as educational facilities, child care facility, health and welfare services and the like (c) are part of mixed use or wholly non-residential buildings (d) contribute to a vibrant mixed use environment. | <p>DTS/DPF 1.3</p> <p>Shops, offices or consulting rooms not exceeding a maximum total gross leasable floor area of 2000m².</p> |
| <p>PO 1.4</p> <p>A range of small to medium scale non-residential uses, services and facilities compatible with residential uses that serve the local community, such as educational facilities, child care facility, health and welfare services, community facilities and the like.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |

| | | | |
|--------------------------|--|-------------|---|
| PO 1.5 | Well-designed and diverse medium density accommodation options, including dwellings and supported accommodation. | DTS/DPF 1.5 | Residential development (other than residential development in a mixed use building) achieves a net residential density of not less than 40 dwellings per hectare, except where varied by a Concept Plan Technical and Numeric Variation Data Overlay. |
| Built Form and Character | | | |
| PO 2.1 | Pedestrian and cycling connections link key land uses within the subzone and adjacent zones, including neighbouring residential areas. | DTS/DPF 2.1 | None are applicable. |
| PO 2.2 | Buildings setback from the primary street boundaries to contribute to the consistent established streetscape. | DTS/DPF 2.2 | The building line of a building set back from the primary street boundary: <ul style="list-style-type: none"> (a) at least 6m from Flemington Street, Glenside (b) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (c) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building or (d) in any other case, no minimum. |

Flinders Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A range of education, health, research and employment facilities of regional significance mixed with medium to high density housing and various forms of accommodation supported by active and passive open space and a range of complementary activities such as shops, consulting rooms, offices and entertainment facilities concentrated around new railway infrastructure to meet the need of workers, students, residents and visitors. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 | DTS/DPF 1.1 |
| Education, health, research and employment facilities mixed with housing and various forms of accommodation and enhanced by public open space, shops, consulting rooms, offices and entertainment facilities in suitable locations. | None are applicable. |
| PO 1.2 | DTS/DPF 1.2 |
| Public transport use, and opportunities for multi-purpose trips and passive surveillance of public transport stations are enhanced by: <ul style="list-style-type: none"> (a) a high quality, themed, cohesive public realm (b) active and vibrant frontages along streets and pedestrian thoroughfares, including the provision of retail and entertainment land uses (c) the provision of intensive forms of residential and other accommodation within walking distance of and along connections to existing or planned public transport stops and stations. | None are applicable. |
| PO 1.3 | DTS/DPF 1.3 |
| Significant open space areas are retained and include areas for active and passive recreation and informal vegetated areas that contribute to an open character and provide visual linkages to key sites. | None are applicable. |
| Building setbacks | |
| PO 2.1 | DTS/DPF 2.1 |
| Buildings are set back to protect the function of major transport routes. | Buildings are setback at least 10m from a major transport route identified in the Major Urban Transport Routes Overlay. |

Repatriation Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | An integrated, walkable health precinct comprising a range of facilities for health and aged care, rehabilitation, education, research, community and supported accommodation complemented by compatible retail activities and a variety of connected open spaces that cater for social and ceremonial gatherings, recreation, cultural activities and reflection. |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A focus for health, aged care and related services, supported by land uses to enhance integration with the surrounding community and encourage multi-generational participation and vibrancy.</p> | <p>DTS/DPF 1.1</p> <p>None are applicable.</p> |
| <p>PO 1.2</p> <p>Small-scale shops that provide a supportive role to health, aged care and other allied services, without being a dominant feature to maintain the credentials of the subzone as a centre for community health, education, research and innovation.</p> | <p>DTS/DPF 1.2</p> <p>Shops do not exceed (proposed and existing) an aggregate gross leasable floor area of 2000m² across the whole subzone.</p> |
| <p>PO 1.3</p> <p>Administration, education, innovation and research activities focused around the existing Central Administration Buildings.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Community facilities located centrally in the subzone and focused around the Chapel, Schools Patriotic Fund (SPF) Hall and Peace Garden and set behind Daw House.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Health and rehabilitation facilities, supported accommodation and other compatible land uses located adjacent to another zone used for residential purposes to mitigate adverse amenity impacts on residential uses that abut the subzone.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Development respects and preserves buildings and areas of heritage significance and importance to World War II Veterans and their families, including the Chapel, Schools Patriotic Fund (SPF) Hall and Peace Garden.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>The adaptive re-use of heritage buildings to promote their ongoing use and conservation.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Buildings and additions to places of heritage significance are sited and designed to retain their visual prominence and heritage values.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Buildings provide active street facades integrated with quality public realm and intimate and larger open spaces that cater for social and ceremonial gatherings, recreation, cultural activities and reflection.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>PO 2.5</p> <p>Buildings are set back from the boundary of the subzone to create separation between lower scale and adjoining sensitive receivers and to maintain the amenity of adjacent residential land uses.</p> | <p>DTS/DPF 2.5</p> <p>Buildings are set back at least 3m from the boundary of an allotment used for residential purposes within a neighbourhood-type zone.</p> |
| <p>PO 2.6</p> <p>Development is of a bulk and scale to be compatible with adjoining land uses.</p> | <p>DTS/DPF 2.6</p> <p>None are applicable.</p> |
| <p>PO 2.7</p> <p>The layout and integrity of the Peace Garden is retained and readily interpretable as a separate or special place within the surrounding open landscaping.</p> | <p>DTS/DPF 2.7</p> <p>None are applicable.</p> |
| <p>PO 2.8</p> <p>The setting of the Central Administration Buildings is retained as prominent and iconic features to the main entrance off Daws Road..</p> | <p>DTS/DPF 2.8</p> <p>None are applicable.</p> |
| <p>PO 2.9</p> <p>Development retains the external appearance and presentation of the former Gatehouse adjacent Daws Road and is designed to enhance connectivity between the interior and exterior of the building.</p> | <p>DTS/DPF 2.9</p> <p>None are applicable.</p> |
| <p>PO 2.10</p> <p>Development is sited and designed to retain Daw House as a prominent feature to Goodwood Road, set behind an open garden.</p> | <p>DTS/DPF 2.10</p> <p>None are applicable.</p> |

Movement and Access

| | |
|---|-------------------------------------|
| PO 3.1 New vehicle access points to external roads are designed and sited to not interfere with road and intersection upgrades and maintain traffic flows. | DTS/DPF 3.1 None are applicable. |
|---|-------------------------------------|

Landscaping

| | |
|---|-------------------------------------|
| PO 4.1 Trees and other landscaping is used to frame prominent buildings and entrances and provide amenity for pedestrians. | DTS/DPF 4.1 None are applicable. |
|---|-------------------------------------|

Activity Node Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Retail activity focused around key roadways, public transport routes and rail corridors that provide focal points for workers, students, visitors and residents to socialize and congregate, complementing a range of other more predominant activities within the Strategic Innovation Zone. |
|------|---|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| PO 1.1 Entertainment and recreation land uses that complement other significant health, education, research and business activities for the benefit of workers and visitors to the zone and the convenience and enjoyment of adjacent residential areas. | DTS/DPF 1.1 Development comprises one or more of the following, in addition to those identified in DTS/DPF 1.1 of the Strategic Innovation Zone: (a) Advertisement (b) Entertainment venue (c) Parking facility (d) Recreation area (e) Shop (excluding a bulky goods outlet). |
| PO 1.2 Shopping and entertainment activities are suitably focused to support active, vibrant nodes for businesses and the surrounding neighbourhood are located at ground level as follows: (a) in relation to the subzone in the suburb of Tonsley, generally west of Mab Eastern Promenade and along Alawoona Avenue (b) in relation to the subzone in the suburb of Elizabeth Vale: (i) the corner of John Rice Avenue and Haydown Road and (ii) along Haydown Road. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 Residential development and accommodation at Elizabeth Vale is established: (a) above non-residential land uses within mixed use buildings or (b) within standalone buildings north of Oldham Road. | DTS/DPF 1.3 None are applicable. |
| Built Form and Character | |
| PO 2.1 Development fronting onto Haydown Road at Elizabeth Vale designed to create a main street theme at human scale through use of: (a) fully glazed facades to the road frontage (b) frequent tenancy openings along the street (c) pedestrian cover through the provision of a canopy or awning and complemented by consulting rooms, offices and residential development at upper levels. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Development fronting onto Haydown Road at Elizabeth Vale designed and sited to allow for provision of accessible public transport stops with raised platforms and shelters, and space for landscaping and street trees. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Car parking at Elizabeth Vale established to the rear of buildings, within basements or within decked parking spaces above ground level provided they are sleeved with active uses to the | DTS/DPF 2.3 None are applicable. |

| | |
|--|--|
| primary street frontage. | |
| <p>PO 2.4</p> <p>Iconic buildings on key corner sites at Elizabeth Vale, including at the following locations:</p> <ul style="list-style-type: none"> (a) northern-eastern corner of John Rice Avenue and Haydown Road (b) Philip Highway and John Rice Avenue (c) John Rice Avenue and Mark Road (d) south-eastern corner of Mark Road and Oldham Road. | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>PO 2.5</p> <p>Development of iconic buildings on key corner sites at Elizabeth Vale sited and designed to:</p> <ul style="list-style-type: none"> (a) have an increased height to surrounding buildings to emphasise the corner and provide a sense of arrival (b) provide a bold architectural statement through building design and use of high quality building materials. | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |

Suburban Activity Centre Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | An active commercial precinct supporting neighbourhood-scale shopping, business, entertainment and recreation facilities to provide a focus for business and community life and most daily and weekly shopping needs of the community. Buildings and pedestrian areas create a high quality, activated public realm that is integrated with pedestrian and cycle networks and establish well-defined connections to available public transport services. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Shops, office, entertainment, health and recreation related uses and other businesses that provide a range of goods and services to the surrounding neighbourhood and district.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Cinema (c) Community facility (d) Consulting room (e) Dwelling (f) Educational establishment (g) Emergency services facility (h) Hospital (i) Hotel (j) Indoor recreation facility (k) Library (l) Office (m) Place of worship (n) Pre-school (o) Recreation area (p) Residential flat building (q) Retail fuel outlet (r) Retirement Facility (s) Shop (t) Supported Accommodation (u) Tourist accommodation. |
| <p>PO 1.2</p> <p>Residential development does not prejudice the operation of existing non-residential development and the long-term provision of services and facilities for wider community benefit.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Dwellings are developed only in conjunction with non-residential uses to support business, entertainment and recreational activities.</p> | <p>DTS/DPF 1.3</p> <p>Dwellings are developed only in conjunction with non-residential uses and sited:</p> <ul style="list-style-type: none"> (a) at upper levels of buildings with non-residential uses located at ground level or (b) behind non-residential uses on the same allotment. |

| | |
|--|--|
| <p>PO 1.4</p> <p>Where residential development is appropriate having regard to other performance outcomes of the zone, residential development achieves medium to high densities.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Development sited and designed to achieve or maintain a vibrant and interesting streetscape within retail areas.</p> | <p>DTS/DPF 1.5</p> <p>Any of the following:</p> <ul style="list-style-type: none"> (a) shop, other than a bulky goods outlet with a gross leasable floor area more than 500m² (b) cinema (c) hotel (d) licensed premises. |
| <p>PO 1.6</p> <p>Changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within activity centres.</p> | <p>DTS/DPF 1.6</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> (a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves either (i) or (ii): <ul style="list-style-type: none"> (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) from a road that is not an arterial road (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared (e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except in any of the following circumstances: <ul style="list-style-type: none"> (i) the building is a local heritage place (ii) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) (iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |
| <p>Built Form and Character</p> | |
| <p>PO 2.1</p> <p>Development complements adjacent development within the zone, and mitigates interface impacts on adjoining residential uses in neighbourhood-type zones through appropriate building siting, scale and design.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Buildings are sited and designed to create pedestrian, vehicular, open space and visual linkages between the various built-form elements within the zone and adjoining main roads and thoroughfares.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Vehicular access points and car parks are coordinated and consolidated to enable the shared use of parking spaces.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Development promotes the use of pedestrian and cyclist connections to centre facilities and services.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>Building height and setbacks</p> | |
| <p>PO 3.1</p> <p>Building height is consistent with the form expressed in any relevant <i>Maximum Building Height Levels Technical and Numeric Variation</i> and <i>Maximum Building Height Metres Technical and Numeric Variation</i>, and is otherwise generally low rise to complement the established streetscape and local character.</p> | <p>DTS/DPF 3.1</p> <p>Building height is:</p> <ul style="list-style-type: none"> (a) not greater than: <ul style="list-style-type: none"> (i) the following: |
| <p>Maximum Building Height (Metres) 243</p> | |

| Maximum Building Height (Metres) |
|---|
| Maximum building height is 4.5m |
| Maximum building height is 6m |
| Maximum building height is 7m |
| Maximum building height is 8m |
| Maximum building height is 8.5m |
| Maximum building height is 9m |
| Maximum building height is 11.5m |
| Maximum building height is 12m |
| Maximum building height is 12.5m |
| Maximum building height is 15m |
| Maximum building height is 16.5m |
| Maximum building height is 18.5m |
| Maximum building height is 24.5m |
| Maximum building height is 25.5m |
| Maximum building height is 32.5m |
| Maximum building height is 10.2m |
| Maximum building height is 20.5m |
| Maximum Building Height (Levels) |
| Maximum building height is 1 level |
| Maximum building height is 2 levels |
| Maximum building height is 3 levels |
| Maximum building height is 4 levels |
| Maximum building height is 5 levels |
| Maximum building height is 6 levels |
| Maximum building height is 7 levels |
| Maximum building height is 9 levels |

(ii) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 3 building levels up to a height of 12m

and

(b) not less than:

| Minimum Building Height (Levels) |
|---|
| Minimum building height is 1 level |
| Minimum building height is 2 levels |
| Minimum building height is 3 levels |

In relation to DTS/DPF 3.1, in instances where:

- (c) more than one value is returned in the same field:
 - (i) for the purpose of DTS/DPF 3.1(a)(i), refer to the *Maximum Building Height (Metres) Technical and Numeric Variation layer* or *Maximum Building Height (Levels) Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
 - (ii) for the purpose of DTS/DPF 3.1(b) refer to the *Minimum Building Height (Levels) Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (d) only one value is returned for DTS/DPF 3.1(a)(i), (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other
- (e) no value is returned for DTS/DPF 3.1(b), (ie there is a blank field), then there is no minimum building height and DTS/DPF 3.1(b) is met.

PO 3.2
Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.

DTS/DPF 3.2

| Interface Height |
|---|
| Buildings constructed within a building envelope provided by a: <ul style="list-style-type: none"> (a) 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary): |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | Except any of the following: <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): <ol style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) cinema (e) community facility (f) consulting room (g) dwelling located above a non-residential building level (h) fence (i) indoor recreation facility (j) library (k) office (l) place of worship (m) pre-school (n) retaining wall (o) service trade premises (p) shade sail (q) shop (r) solar photovoltaic panels (roof mounted) (s) temporary public service depot (t) tourist accommodation (u) verandah (v) water tank. | Except development that does not satisfy any of the following: <ol style="list-style-type: none"> 1. Suburban Activity Centre Zone DTS/DPF 3.1 2. Suburban Activity Centre Zone DTS/DPF 3.2. |
| 4. Any development involving any of the following (or of any combination of any of the following): <ol style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | None specified. |
| 5. Demolition. | Except any of the following: <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Suburban Business Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A business and innovation precinct that includes a range of emerging businesses which have low level off-site impacts. Residential development within the area is subordinate to employment uses and generally includes medium-density housing designed to complement and not prejudice the operation of existing businesses. |
| DO 2 | A zone characterised by low-rise buildings with additional height in well serviced and accessible locations. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Shops, office, consulting room, low-impact industry and other non-residential uses are supported by a variety of compact, medium density housing and accommodation types.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Consulting room (b) Dwelling (c) Institutional facility (d) Light industry (e) Motor repair station (f) Office (g) Residential flat building (h) Retail fuel outlet (i) Service trade premises (j) Shop (k) Store (l) Warehouse |
| <p>PO 1.2</p> <p>Retail, business and commercial development is of a scale that provides a local convenience service without undermining the vibrancy and function of zones primarily intended to accommodate such development.</p> | <p>DTS/DPF 1.2</p> <p>Shops, offices and consulting rooms do not exceed 500m² in gross leasable floor area.</p> |
| <p>PO 1.3</p> <p>Compact, medium density residential development does not prejudice the operation of non-residential activity within the zone.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Changes in the use of land between similar businesses encourages the efficient reuse of commercial premises and supports continued local access to a range of services compatible to the locality.</p> | <p>DTS/DPF 1.4</p> <p>A change of use to a shop, office or consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> (a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed the change in use is for a shop: <ul style="list-style-type: none"> (i) the total gross leasable floor area of the shop will not exceed 500m² (ii) if primarily involving the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (iii) if primarily involving heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any residential allotment within a neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (c) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except where: <ul style="list-style-type: none"> (i) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made) or (ii) the building is a local heritage place. |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Building scale and design complement surrounding built form, streetscapes and local character.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development with high visual and environmental amenity, particularly along arterial roads and</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |

the boundaries of adjoining zones is primarily intended to accommodate sensitive receivers.

Building height and setbacks

PO 3.1
Buildings are generally of low-rise construction, with taller buildings positioned towards the centre of the zone and away from any adjoining neighbourhood-type zone to positively contribute to the built form character of a locality.

DTS/DPF 3.1
Building height (excluding garages, carports and outbuildings) is no greater than:

(a) the following:

| Maximum Building Height (Metres) |
|-------------------------------------|
| Maximum building height is 6m |
| Maximum building height is 9m |
| Maximum building height is 15m |
| Maximum Building Height (Levels) |
| Maximum building height is 1 level |
| Maximum building height is 2 levels |
| Maximum building height is 3 levels |
| Maximum building height is 4 levels |

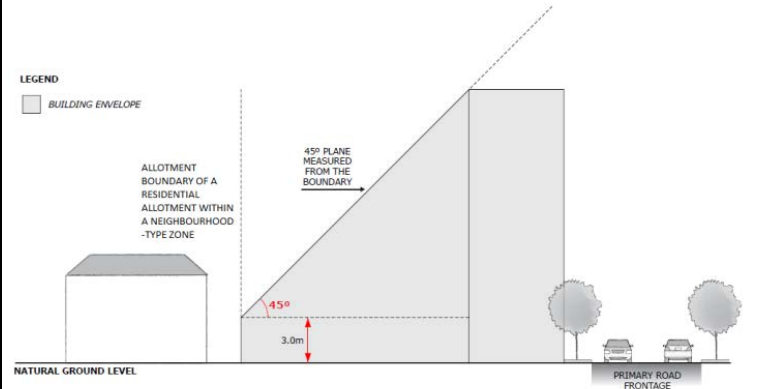

(b) in all other cases (ie there is a blank field for both values):
 (i) 2 building levels or 9m where the development is located adjoining a different zone that primarily envisages residential development
 (ii) 3 building levels or 12m in all other cases.

In relation to DTS/DPF 3.1, in instances where:

(c) more than one value is returned in the same field:
 (i) for the purpose of DTS/DPF 3.1(a), refer to the Maximum Building Height (Metres) Technical and Numeric Variation layer or Maximum Building Height (Levels) Technical and Numeric Variation layer in the SA planning database to determine the applicable value relevant to the site of the proposed development
 (ii) only one value is returned for DTS/DPF 3.1(a), (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.

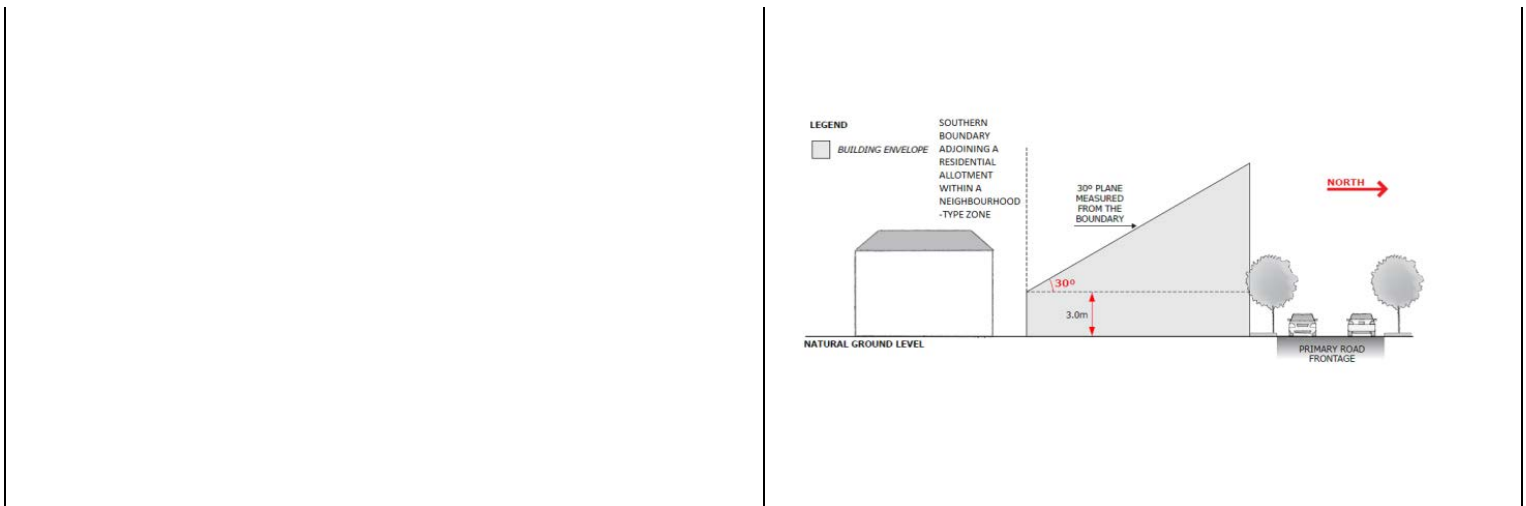

PO 3.2
Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.

DTS/DPF 3.2
Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary, or where this boundary is the primary street boundary)

PO 3.3
Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 3.3
Buildings on sites with a southern boundary adjoining an allotment used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram

| | |
|---|--|
| <p>PO 3.4</p> <p>Buildings are set back from primary street boundaries to contribute to a consistent streetscape.</p> | <p>DTS/DPF 3.4</p> <p>The building line of a building is set back from the primary street frontage:</p> <ul style="list-style-type: none"> (a) the average of any existing buildings on either of the adjoining sites having frontage to the same street or (b) not less than 6m where no building exists on an adjoining site. |
| <p>PO 3.5</p> <p>Buildings are set back from secondary street boundaries (other than rear laneways) to contribute to a consistent streetscape.</p> | <p>DTS/DPF 3.5</p> <p>Building walls are set back from the secondary street frontage:</p> <ul style="list-style-type: none"> (a) the average of any existing buildings on adjoining sites having frontage to the same street or (b) not less than 900mm where no building exists on an adjoining site. |
| <p>PO 3.6</p> <p>Buildings are set back from side boundaries to maintain adequate separation and ventilation.</p> | <p>DTS/DPF 3.6</p> <p>Other than walls located on a side boundary, building walls are set back at least 900mm from side boundaries.</p> |
| <p>PO 3.7</p> <p>Buildings are set back from rear boundaries to minimise adverse impacts on adjoining land uses.</p> | <p>DTS/DPF 3.7</p> <p>Building walls are set back from the rear boundary at least 3m.</p> |
| <p>PO 3.8</p> <p>Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.</p> | <p>DTS/DPF 3.8</p> <p>None are applicable.</p> |

Land Division

| | |
|---|--|
| <p>PO 4.1</p> <p>Land division and / or site amalgamation create allotments that vary in size and are suitable for a variety of residential and commercial activities and improve the level of development integration.</p> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
|---|--|

Advertisements

| | |
|--|---|
| <p>PO 5.1</p> <p>Freestanding advertisements identify the associated business without creating a visually dominant element within the streetscape.</p> | <p>DTS/DPF 5.1</p> <p>Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) do not exceed 6m in height (b) do not have a sign face that exceeds 4m² per side |
|--|---|

Concept Plans

| <p>PO 6.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 6.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" data-bbox="805 1859 1556 1982"> <thead> <tr> <th>Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 3 - Mount Barker and Littlehampton</td> </tr> <tr> <td>Concept Plan 92 - Meadows</td> </tr> <tr> <td>Concept Plan 91 - Nairne West</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 6.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met. | Description | Concept Plan 3 - Mount Barker and Littlehampton | Concept Plan 92 - Meadows | Concept Plan 91 - Nairne West |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|------------------------------------|--------------------------|
| | |

| | |
|--|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | Except any of the following: <ol style="list-style-type: none"> the demolition of a State or Local Heritage Place the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): <ol style="list-style-type: none"> advertisement air handling unit, air conditioning system or exhaust fan ancillary accommodation building work on railway land carport community facility dwelling fence outbuilding private bushfire shelter residential flat building shade sail solar photovoltaic panels (roof mounted) student accommodation swimming pool or spa pool verandah water tank. | Except development that exceeds the maximum building height specified in Suburban Business Zone DTS/DPF 3.1 or does not satisfy any of the following: <ol style="list-style-type: none"> Suburban Business Zone DTS/DPF 3.2 Suburban Business Zone DTS/DPF 3.3. |
| 4. Any development involving any of the following (or of any combination of any of the following): <ol style="list-style-type: none"> consulting room office shop. | Except development that exceeds the maximum building height specified in Suburban Business Zone DTS/DPF 3.1 or does not satisfy any of the following: <ol style="list-style-type: none"> Suburban Business Zone DTS/DPF 1.2 Suburban Business Zone DTS/DPF 3.2 Suburban Business Zone DTS/DPF 3.3. |
| 5. Any development involving any of the following (or of any combination of any of the following): <ol style="list-style-type: none"> internal building works land division replacement building temporary accommodation in an area affected by bushfire. tree damaging activity. | None specified. |
| 6. Demolition. | Except any of the following: <ol style="list-style-type: none"> the demolition of a State or Local Heritage Place the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Suburban Main Street Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A mix of land uses including retail, office, commercial, community, civic and medium density residential development that supports the local area. |
| DO 2 | A high degree of pedestrian activity and main street activity with well-lit and visually engaging shop fronts and business displays including alfresco seating and dining facilities. |
| DO 3 | An intimate public realm with active streets created by integrated mixed use buildings. |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Retail, office, entertainment and recreation uses are supplemented by other businesses that provide a range of goods and services to the local community.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Cinema (c) Community facility (d) Consulting room (e) Dwelling (f) Health facility (g) Hotel (h) Indoor recreation facility (i) Library (j) Office (k) Place of worship (l) Pre-school (m) Shop (n) Tourist accommodation. |
| <p>PO 1.2</p> <p>Land uses promote movement and activity during daylight and evening hours, including restaurants, educational, community and cultural facilities, and accommodation for visitors and residents.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Ground floor uses contribute to an active and vibrant main street.</p> | <p>DTS/DPF 1.3</p> <p>Shop, office, or consulting room uses are located on the ground floor level of buildings.</p> |
| <p>PO 1.4</p> <p>Dwellings developed in conjunction with non-residential uses to support business, entertainment and recreational activities contribute to making the main street precinct and pedestrian thoroughfares pleasant and lively places.</p> | <p>DTS/DPF 1.4</p> <p>Dwellings developed in conjunction with non-residential uses are sited:</p> <ul style="list-style-type: none"> (a) at upper levels of buildings with non-residential uses located at ground level or (b) behind non-residential uses on the same allotment. |
| <p>PO 1.5</p> <p>Tourist accommodation and visitor attractions support the visiting public and holiday makers.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| <p>PO 1.6</p> <p>Development is sited and designed to achieve or maintain a vibrant and interesting streetscape within retail areas.</p> | <p>DTS/DPF 1.6</p> <p>Any of the following:</p> <ul style="list-style-type: none"> (a) shop, other than a bulky goods outlet with a gross leasable floor area more than 500m² (b) cinema (c) hotel (d) licensed premises. |
| <p>PO 1.7</p> <p>Changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within activity centres.</p> | <p>DTS/DPF 1.7</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> (a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10m from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30m of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves: <ul style="list-style-type: none"> the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road or the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared (e) off-street vehicular parking exists in accordance with the rate(s) specified in Tran |

|---|
| Maximum building height is 3 levels |
| Maximum building height is 4 levels |
| Maximum building height is 5 levels |
| Maximum building height is 6 levels |
| Maximum building height is 7 levels |
| Maximum building height is 12 levels |

- (ii) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)):
 - A. where the site has a frontage of at least 25m and depth of at least 50m - 4 building levels up to a height of 15m or
 - B. in all other cases - 3 building levels up to a height of 12m

and

- (b) not less than:

| Minimum Building Height (Levels) |
|---|
| Minimum building height is 2 levels |

In relation to DTS/DPF 3.1, in instances where:

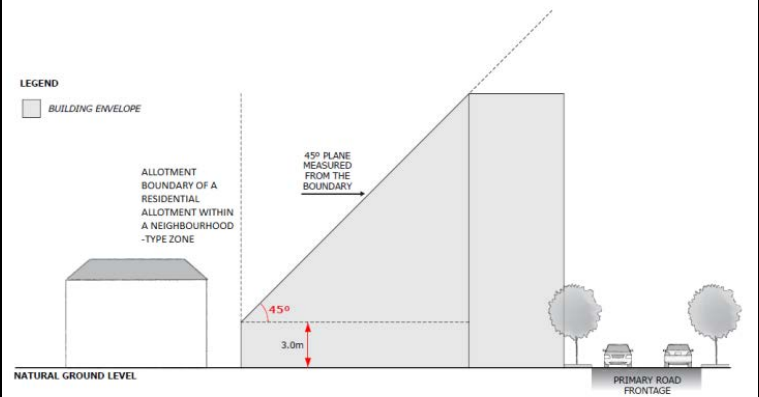

- (a) more than one value is returned is returned in the same field:
 - (i) for the purpose of DTS/DPF 3.1(a)(i), refer to the *Maximum Building Height (Metres) Technical and Numeric Variation layer or Maximum Building Height (Levels) layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
 - (ii) for the purpose of DTS/DPF 3.1(b) refer to the *Minimum Building Height (Levels) Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (b) no value is returned for DTS/DPF 3.1(b) (ie there is a blank field), then there is no minimum building height and DTS/DPF 3.1(b) is met.

PO 3.2

Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.

DTS/DPF 3.2

Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes in a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):

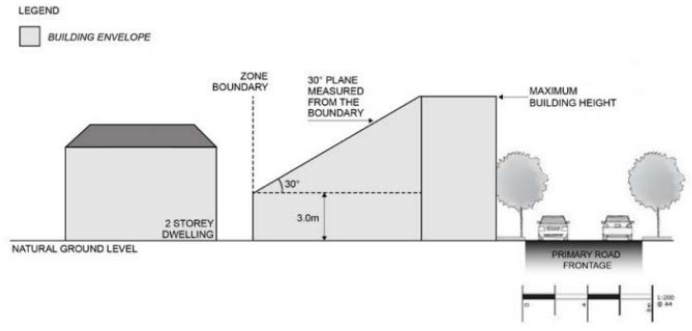

PO 3.3

Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 3.3

Buildings on sites with a southern boundary adjoining an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:

PO 3.4
Buildings with no setbacks from road boundaries achieve a continuity of street façade to the main street, but with sections of building set back to create outdoor dining areas, visually interesting building entrances and intimate, active spaces.

DTS/DPF 3.4
None are applicable.

PO 3.5
Buildings with no setback from side boundaries achieve a continuity of street façade to the main street.

DTS/DPF 3.5
Except where contrary to DTS/DPF 3.2 or 3.3, building walls located on the site's side boundaries, with the front wall set back in line with neighbouring buildings.

PO 3.6
Buildings that are set back from rear boundaries (other than street boundaries) minimise impacts on neighbouring properties, including access to natural light and ventilation.

DTS/DPF 3.6
Buildings are set back a minimum 3 metres from rear boundaries where the subject land directly abuts an allotment of a different zone, except where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land.

PO 3.7
Buildings are set back from rear access ways to provide adequate manoeuvrability for vehicles.

DTS/DPF 3.7
Buildings are set back from the rear access way have:

(a) no requirement where the access way is 6.5m or more wide
or
(b) where the access way is less than 6.5m wide, the distance equal to the additional width required to make the access way at least 6.5m wide.

PO 3.8
Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 3.8
None are applicable.

Traffic, parking and access

PO 4.1
Development minimises the need for vehicle crossovers on the main street to reduce conflicts with pedestrians and avoid disruption to the continuity of built form.

DTS/DPF 4.1
None are applicable.

PO 4.2
Vehicle parking is located behind buildings away from the primary main street frontage and is designed to minimise its impacts on residential amenity.

DTS/DPF 4.2
Vehicle parking areas are located behind the building line of the associated building.

Advertisements

PO 5.1
Advertisements are sited and designed to achieve an overall consistency of appearance along individual street frontages.

DTS/DPF 5.1
None are applicable.

PO 5.2
Freestanding advertisements:

(a) identify the associated business(es)
(b) are of a size that is commensurate with the scale of the centre and the street frontage
(c) avoid visual clutter
(d) positively respond to the context without dominating the locality
(e) are sited and designed to not detract from the main street character.

DTS/DPF 5.2
None are applicable.

Land Division

PO 6.1
Land division and site amalgamation creates allotments that are suitable for a variety of residential and commercial activities and improve the level of development integration.

DTS/DPF 6.1
None are applicable.

Concept Plans

PO 7.1
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 7.1
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description | |
|-------------|-----|
| | 255 |

| Description |
|--|
| <p>Concept Plan 3 - Mount Barker and Littlehampton</p> <p>In relation to DTS/DPF 7.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) cinema (e) community facility (f) consulting room (g) dwelling located above a non-residential building level (h) fence (i) indoor recreation facility (j) library (k) office (l) place of worship (m) pre-school (n) retaining wall (o) shade sail (p) shop (q) solar photovoltaic panels (roof mounted) (r) temporary public service depot (s) tourist accommodation (t) verandah (u) water tank. | <p>Except development that exceeds the maximum building height specified in Suburban Main Street Zone DTS/DPF 3.1 or does not satisfy any of the following:</p> <ul style="list-style-type: none"> 1. Suburban Main Street Zone DTS/DPF 3.2 2. Suburban Main Street Zone DTS/DPF 3.3. |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | <p>None specified.</p> |
| <p>5. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Suburban Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | Low density housing is consistent with the existing local context and development pattern. Services and community facilities contribute to making the neighbourhood a convenient place to live without compromising residential amenity and character. |
|------|--|

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Predominantly low density residential development with complementary non-residential uses compatible with a low density residential character.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Ancillary accommodation (b) Community facility (c) Consulting room (d) Dwelling (e) Educational establishment (f) Office (g) Place of Worship (h) Pre-school (i) Recreation area (j) Shop (k) Supported accommodation. |
| <p>PO 1.2</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.2</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: <ul style="list-style-type: none"> (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes (c) is located more than 500m from an Activity Centre and satisfies one of the following: <ul style="list-style-type: none"> (i) does not exceed 100m² gross leasable floor area (individually or combined, in a single building) where the site does not have a frontage to a State Maintained Road (ii) does not exceed 200m² gross leasable floor area (individually or combined, in a single building) where the site has a frontage to a State Maintained Road (d) the development site abuts an Activity Centre and all the following are satisfied: <ul style="list-style-type: none"> (i) it does not exceed 200m² gross leasable floor area (individually or combined, in a single building) (ii) the proposed development will not result in a combined gross leasable floor area (existing and proposed) of all shops, consulting rooms and offices that abut the Activity Centre in this zone exceeding the lesser of the following: <ul style="list-style-type: none"> A. 50% of the existing gross leasable floor area within the Activity Centre B. 1000m². |
| <p>PO 1.3</p> <p>Non-residential development located and designed to improve community accessibility to services, primarily in the form of:</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |

| | |
|---|---|
| <ul style="list-style-type: none"> (a) small-scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational establishments, community centres, places of worship, pre-schools, childcare and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities (d) open space and recreation facilities. | |
| <p>PO 1.4</p> <p>Expansion of existing community services such as educational establishments, community facilities and pre-schools in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood.</p> | <p>DTS/DPF 1.4</p> <p>Alteration of or addition to existing educational establishments, community facilities or pre-schools where:</p> <ul style="list-style-type: none"> (a) set back at least 3m from any boundary shared with a residential land use (b) building height not exceeding 1 building level (c) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration (d) off-street vehicular parking exists or will be provided in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |
| <p>PO 1.5</p> <p>Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |

Site Dimensions and Land Division

| <p>PO 2.1</p> <p>Allotments/sites created for residential purposes are of suitable size and dimension and are compatible with the housing pattern consistent to the locality.</p> | <p>DTS/DPF 2.1</p> <p>Development will not result in more than 1 dwelling on an existing allotment</p> <p>or</p> <p>Allotments/sites for residential purposes accord with the following:</p> <ul style="list-style-type: none"> (a) site areas (or allotment areas in the case of land division) are not less than the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building): <table border="1" data-bbox="802 1055 1552 2201"> <thead> <tr> <th style="text-align: center;">Minimum Site Area</th> </tr> </thead> <tbody> <tr><td>Minimum site area for a detached dwelling is 300 sqm; | | Minimum frontage is 10m |
| | Minimum frontage is 12m |
| | Minimum frontage is 15m |
| | Minimum frontage is 20m |
| | In relation to DTS/DPF 2.1, in instances where: <ul style="list-style-type: none"> (c) more than one value is returned in the same field, refer to the <i>Minimum Frontage Technical and Numeric Variation</i> layer or <i>Minimum Site Area Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) no value is returned in (a) or (b) (i.e. there is a blank field or the relevant dwelling type is not listed), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. |
| PO 2.2 Development creating new allotments/sites in conjunction with retention of an existing dwelling ensures the site of the existing dwelling remains fit for purpose. | DTS/DPF 2.2 Where the site of a dwelling does not comprise an entire allotment: <ul style="list-style-type: none"> (a) the balance of the allotment accords with site area and frontage requirements specified in Suburban Neighbourhood Zone DTS/DPF 2.1 (b) if there is an existing dwelling on the allotment that will remain on the allotment after completion of the development, it will not contravene: <ul style="list-style-type: none"> (i) Private open space requirements specified in Design in Urban Areas Table 1 - Private Open Space (ii) Car parking requirements specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number. |
| Site coverage | |
| PO 3.1 Building footprints consistent with the character and pattern of a low-density suburban neighbourhood and provide sufficient space around buildings to limit visual impact, provide an attractive outlook and access to light and ventilation. | DTS/DPF 3.1 The development does not result in site coverage exceeding 50%. |
| Building Height | |
| PO 4.1 Buildings contribute to a low-rise suburban character and complement the height of nearby buildings. | DTS/DPF 4.1 Building height (excluding garages, carports and outbuildings) is no greater than: <ul style="list-style-type: none"> (a) the following: |

| | |
|--|---|
| Maximum Building Height (Metres) | |
| Maximum building height is 6m | |
| Maximum building height is 8m | |
| Maximum building height is 8.5m | |
| Maximum building height is 9m | |
| Maximum building height is 12m | |
| Maximum Building Height (Levels) | |
| Maximum building height is 1 level | |
| Maximum building height is 2 levels | |
| Maximum building height is 3 levels | |
| <p>(b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 2 building levels up to a height of 9m.</p> <p>In relation to DTS/DPF 4.1, in instances where:</p> <p>(c) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> or <i>Maximum Building Height (Meters) Technical and Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development</p> <p>(d) only one value is returned for DTS/DPF 4.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.</p> | |
| Primary Street Setback | |
| PO 5.1 Buildings are setback from primary street boundaries consistent with the existing streetscape. | <p>DTS/DPF 5.1</p> <p>The building line of a building set back from the primary street boundary:</p> <p>(a) no more than 1m in front of the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment)</p> <p>(b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), no more than 1m in front of the setback to the building line of that building or</p> <p>(c) not less than 8m where no building exists on an adjoining site with the same primary street frontage.</p> |
| Secondary Street Setback | |
| PO 6.1 Buildings are set back from secondary street boundaries (not being a rear laneway) to maintain a pattern of separation between buildings and public streets and reinforce streetscape character. | <p>DTS/DPF 6.1</p> <p>Building walls are set back at least 900mm from the boundary of the allotment with the secondary street frontage, or if a dwelling on any adjoining allotment is closer to the secondary street than 900mm, the distance of that dwelling from the boundary with the secondary street (being, if relevant, the lesser of the 2 distances).</p> |
| Boundary Walls | |
| PO 7.1 Dwelling boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining properties. | <p>DTS/DPF 7.1</p> <p>Except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on one side boundary and satisfy (a) or (b):</p> <p>(a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height</p> <p>(b) side boundary walls do not:</p> <p>(i) exceed 3m in height from the top of footings</p> <p>(ii) exceed 11.5m in length</p> <p>(iii) when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary</p> <p>(iv) encroach within 3 metres of any other existing or proposed boundary walls on the subject land.</p> |
| PO 7.2 Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a low density suburban streetscape character. | <p>DTS/DPF 7.2</p> <p>Dwelling walls in a semi-detached, row or terrace arrangement are setback from side boundaries shared with allotments outside the development site at least the minimum distance identified in DTS/DPF 8.1.</p> |
| Side Boundary Setback | |
| PO 8.1 Buildings are set back from side boundaries to provide: | <p>DTS/DPF 8.1</p> <p>Other than walls located on a side boundaries, building walls are set back from side boundaries:</p> <p>(a) at least 900mm where the wall is up to 3m measured from the top of the footings</p> <p>(b) other than for a wall facing a southern side boundary, at least 900mm plus 1/3 of the wall height above 3m</p> <p>(c) at least 1.9m plus 1/3 of the wall height above 3m for walls facing a southern side boundary.</p> |
| Rear Boundary Setback | |

PO 9.1

Buildings are set back from rear boundaries to provide:

- (a) separation between dwellings in a way that complements the established character of the locality
- (b) access to natural light and ventilation for neighbours
- (c) private open space
- (d) space for landscaping and vegetation.

DTS/DPF 9.1

Dwelling walls are set back from the rear boundary at least:

- (a) if the size of the site is less than 301 square metres—
 - (i) 3m in relation to the ground floor of the dwelling
 - (ii) 5m in relation to any other building level of the dwelling
- (b) if the size of the site is 301 square metres or more—
 - (i) 4m in relation to the ground floor of the dwelling
 - (ii) 6m in relation to any other building level of the dwelling.

Concept Plans

PO 10.1

Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 10.1

The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|---|
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Concept Plan 87 - Hindmarsh Road |
| Concept Plan 94 - Old Reynella |

In relation to DTS/DPF 10.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 10.1 is met.

Ancillary Buildings and Structures

PO 11.1

Residential ancillary buildings are sited and designed to not detract from the streetscape or appearance of primary residential buildings on the site or neighbouring properties.

DTS/DPF 11.1

Ancillary buildings:

- (a) are ancillary to a dwelling erected on the same site
- (b) have a floor area not exceeding 60m²
- (c) are not constructed, added to or altered so that any part is situated:
 - (i) in front of any part of the building line of the dwelling to which it is ancillary or
 - (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)
- (d) in the case of a garage or carport, the garage or carport:
 - (i) is set back at least 5.5m from the boundary of the primary street
 - (ii) when facing a primary street or secondary street, has a total door / opening not exceeding:
 - A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser
 - B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width
- (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless
 - (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and
 - (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
- (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary
- (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure
- (h) have a wall height (or post height) not exceeding 3m
- (i) have a roof height where no part of the roof is more than 5m above the natural ground level
- (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour
- (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:
- (l) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |

| | | |
|---|---|-----|
| | >450 | 25% |
| | (ii) the amount of existing soft landscaping prior to the development occurring. | |
| PO 11.2 Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements or result in over-development of the site. | DTS/DPF 11.2 Ancillary buildings and structures do not result in: (a) less private open space than specified in Design in Urban Areas Table 1 - Private Open Space (b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas | |
| Advertisements | | |
| PO 12.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality. | DTS/DPF 12.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m2 and mounted flush with a wall or fence. | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by: (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following: 1. residential flat building(s) of 3 or more building levels 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) dwelling (g) dwelling addition (h) fence (i) outbuilding (j) pergola (k) private bushfire shelter (l) residential flat building (m) retaining wall (n) shade sail (o) solar photovoltaic panels (roof mounted) (p) supported accommodation (q) swimming pool or spa pool (r) verandah (s) water tank. | Except development that: 1. exceeds the maximum building height specified in Suburban Neighbourhood Zone DTS/DPF 4.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| 4. Alteration of or addition to any of the following (or of any combination of any of the following): (a) community facility (b) educational establishment (c) pre-school. | Except where development does not satisfy Suburban Neighbourhood Zone DTS/DPF 1.4. |
| 5. Any development involving any of the following (or of any combination of any of the following): | Except development that: |

| | |
|--|--|
| <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Suburban Neighbourhood Zone DTS/DPF 4.1 or 2. does not satisfy Suburban Neighbourhood Zone DTS/DPF 1.2 or 3. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>6. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire. (f) tree damaging activity. | <p>None specified.</p> |
| <p>7. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Tourism Development Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A range of tourist accommodation and associated services and facilities that enhance visitor experiences and enjoyment. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Tourist accommodation and a range of complementary entertainment, recreation and service activities catering to the needs and enjoyment of travellers.</p> | <p>DTS/DPF1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Amenity block, including shower, toilet and laundry facilities (c) Caravan and tourist park (d) Coast protection works (e) Dwelling ancillary to tourist accommodation (f) Indoor recreation facility (g) Office ancillary to tourist accommodation (h) Recreation facility (i) Retail fuel outlet (j) Shop (k) Spa pool (l) Swimming pool (m) Tourist accommodation (n) Tourist information centre. |

| <p>PO 1.2</p> <p>Shops complement tourist accommodation and recreational activities to provide services and amenities to travellers at a scale that maintains the tourism values at the relevant location.</p> | <p>DTS/DPF1.2</p> <p>Shop is not a bulky goods outlet and:</p> <p>(a) is a restaurant ancillary to and in association with tourist accommodation on the same allotment or (b) has a gross leasable floor area not exceeding 250m² and is ancillary to another building used for non-residential purposes on the same allotment.</p> | | | | |
|--|--|-------------|---|---|---|
| <p>PO 1.3</p> <p>Offices associated with and ancillary to tourist accommodation or non-residential development support the management and operational aspects of tourist development.</p> | <p>DTS/DPF1.3</p> <p>Office:</p> <p>(a) is ancillary to and located on the same allotment as tourist accommodation (b) has a gross leasable floor area not exceeding 50m².</p> | | | | |
| <p>PO 1.4</p> <p>Dwellings in the form of a manager or caretaker residence support the efficient management and maintenance of tourist accommodation and related facilities.</p> | <p>DTS/DPF1.4</p> <p>Dwelling:</p> <p>(a) is ancillary to and located on the same allotment as tourist accommodation (b) will not result in more than one dwelling on an allotment.</p> | | | | |
| Land Division | | | | | |
| <p>PO 2.1</p> <p>Land division, including boundary realignments, support:</p> <p>(a) a range of tourist accommodation, recreation, entertainment and community activities (b) pedestrian and bicycle access between attractions within and adjacent to the zone.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> | | | | |
| Advertisements | | | | | |
| <p>PO 3.1</p> <p>Advertisements complement the scale of buildings and are not visually dominant within the locality.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> | | | | |
| Concept Plans | | | | | |
| <p>PO 4.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 4.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" data-bbox="804 1173 1554 1301"> <thead> <tr> <th>Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 121 - Streetscape Elevations Index</td> </tr> <tr> <td>Concept Plan 123 - Streetscape Elevations</td> </tr> <tr> <td>Concept Plan 124 - Streetscape Elevations</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 4.1, in instances where:</p> <p>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 4.1 is met.</p> | Description | Concept Plan 121 - Streetscape Elevations Index | Concept Plan 123 - Streetscape Elevations | Concept Plan 124 - Streetscape Elevations |
| Description | | | | | |
| Concept Plan 121 - Streetscape Elevations Index | | | | | |
| Concept Plan 123 - Streetscape Elevations | | | | | |
| Concept Plan 124 - Streetscape Elevations | | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <p>(a) amenity block, shower, toilet and laundry facilities (or any combination thereof) (b) caravan and tourist park (c) carport (d) indoor recreation facility</p> | <p>Except where the site of the development is adjacent land to a site (or land) used for residential purpose in a neighbourhood-type zone.</p> |

| | |
|---|--|
| <ul style="list-style-type: none"> (e) office (f) outbuilding (g) recreation facility (h) restaurant (i) shop (j) tourist accommodation (k) tourist information centre (l) verandah. | |
| <p>3. Any development involving any of the following (or of any combination of any of the following) where located within the Monarto Safari Park Subzone:</p> <ul style="list-style-type: none"> (a) community facility (b) consulting room in the form of a veterinary clinic/hospital (c) educational establishment (d) zoological park. | <p>Except where the site of the development is adjacent land to a site (or land) used for residential purpose in a neighbourhood-type zone.</p> |
| <p>4. Any development involving any of the following (or of any combination of any of the following) where located within the Winery Experience Subzone:</p> <ul style="list-style-type: none"> (a) convention centre (b) winery. | <p>Except where the site of the development is adjacent land to a site (or land) used for residential purpose in a neighbourhood-type zone.</p> |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) coast protection works (e) fence (f) internal building works (g) land division (h) private bushfire shelter (i) replacement building (j) retaining wall (k) shade sail (l) solar photovoltaic panels (roof mounted) (m) swimming pool or spa pool (n) temporary accommodation in an area affected by bushfire (o) tree damaging activity (p) water tank. | <p>None specified.</p> |
| <p>6. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>7. Dwelling.</p> | <p>Except dwelling that does not satisfy Tourism Development Zone DTS/DPF 1.4.</p> |
| <p>8. Telecommunications facility.</p> | <p>Except telecommunications facility that exceeds 30 metres in height or where the site of the development is adjacent land to a site (or land) used for residential purpose in a neighbourhood-type zone.</p> |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Monarto Safari Park Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|-------------|---|
| <p>DO 1</p> | <p>Establishment of an international standard fauna conservation park and educational and passive recreational resource where watercourses and other environmentally important features are protected from development and buffers are maintained to adjoining land uses.</p> |
|-------------|---|

| Performance Outcome | | Deemed-to-Satisfy Criteria / Designated Performance Feature | |
|--------------------------|--|---|--|
| Land Use and Intensity | | | |
| PO 1.1 | Development of a range of land uses that are associated with or ancillary to the operation of a zoological park and provide facilities for tourists and visitors. | DTS/DPF 1.1 | Development comprises one or more of the following: (a) Community facility (b) Consulting room, where in the form of a veterinary clinic/hospital (c) Educational establishment (d) Office (e) Recreation facility (f) Restaurant (g) Shop (h) Tourist accommodation (i) Tourist information centre (j) Zoological park. |
| PO 1.2 | Shops are limited in scale and function to service the needs of visitors and tourists. | DTS/DPF 1.2 | None are applicable. |
| Built Form and Character | | | |
| PO 2.1 | Buildings used for commercial purposes, including shops, restaurants, tourist accommodation and visitor information facilities are designed and sited to: (a) be sympathetic with existing landscape features and utilise existing vegetation to soften visual impact (b) complement the natural environment through use of open verandahs, natural materials and colours. | DTS/DPF 2.1 | None are applicable. |
| PO 2.2 | Outbuildings are sited in locations that are not visually prominent and comprise low reflective materials and colours that complement the natural landscape. | DTS/DPF 2.2 | None are applicable. |
| Environmental Management | | | |
| PO 3.1 | Development protects natural features and does not result in: (a) removal or clearance of important native vegetation (b) reduced surface or underground water quality (c) land form degradation. | DTS/DPF 3.1 | None are applicable. |
| PO 3.2 | Stormwater runoff generated by development is controlled and treated to ensure any contaminants are retained on-site and not deposited directly into any watercourse identified in the Water Resources Overlay. | DTS/DPF 3.2 | None are applicable. |

River Murray Experience Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Recreation and tourism facilities including tourist accommodation and water-based tourism and public recreation uses focused within the River Murray Valley, together with continuation of primary production. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | | Deemed-to-Satisfy Criteria / Designated Performance Feature | |
|------------------------|---|---|--|
| Land Use and Intensity | | | |
| PO 1.1 | Development of a range of recreation uses, tourism facilities, water-based activities and accommodation for visitors. | DTS/DPF 1.1 | Development comprises one or more of the following: (a) Detached dwelling (b) Marina, located off-channel (c) Mooring facility, located on-river (d) Jetty (e) Office ancillary to tourism development or tourist accommodation (f) Outbuilding (g) Pontoon |

| | |
|--|--|
| | <ul style="list-style-type: none"> (h) Recreation area (i) Shop ancillary to tourism development or tourist accommodation (j) Tourist accommodation. |
| <p>PO 1.2</p> <p>Tourism development that complements or provides interpretation of:</p> <ul style="list-style-type: none"> (a) the natural environment of the River Murray Valley (b) local primary production (c) local cultural heritage. | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Small-scale shops, including boat and watercraft hire facilities and the like, complement tourist accommodation and recreational activities to provide services and amenities to travellers at a scale that maintains the tourism values at the relevant location.</p> | <p>DTS/DPF 1.3</p> <p>Shop is not a bulky goods outlet and:</p> <ul style="list-style-type: none"> (a) is in the form of a restaurant ancillary to and in association with tourist accommodation on the same allotment or (b) has a gross leasable floor area not exceeding 150m² and is ancillary to another building used for non-residential purposes on the same allotment. |
| <p>PO 1.4</p> <p>Detached dwellings established to support primary production or the efficient management and maintenance of recreation and tourism development.</p> | <p>DTS/DPF 1.4</p> <p>Detached dwelling:</p> <ul style="list-style-type: none"> (a) is ancillary to and located on the same allotment as primary production or tourist accommodation (b) will not result in more than one dwelling on an allotment. |
| <p>PO 1.5</p> <p>Development in the form of a manager or caretaker residence does not occur on allotments where a dwelling already exists and where:</p> <ul style="list-style-type: none"> (a) the allotment is less than 36ha in area (b) it is intended to service small-scale tourist accommodation comprising 5 or less accommodation units. | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| <p>PO 1.6</p> <p>Small-scale tourist accommodation that meets the needs of travellers and visitors and is distinguishable from the character and density of development in townships and settlements.</p> | <p>DTS/DPF 1.6</p> <p>Tourist accommodation (including additions or alterations) achieves one or more of the following:</p> <ul style="list-style-type: none"> (a) is ancillary to and located on the same allotment as an existing dwelling (b) is located within an existing building. |
| <p>PO 1.7</p> <p>Except where located within an existing building, tourist accommodation involving more than 5 accommodation units or accommodating more than 20 persons are:</p> <ul style="list-style-type: none"> (a) located on allotments of at least 10ha (b) located on the same allotment as an existing dwelling to be used as a manager/caretaker residence. | <p>DTS/DPF 1.7</p> <p>None are applicable.</p> |
| <p>PO 1.8</p> <p>Development on the waterfront does not occur unless:</p> <ul style="list-style-type: none"> (a) it involves a use that is dependent on waterfront access for its operation such as mooring of boats (b) it will enhance public access. | <p>DTS/DPF 1.8</p> <p>None are applicable.</p> |
| <p>PO 1.9</p> <p>Mooring facilities provided for vessels used for tourist accommodation and overnight stays.</p> | <p>DTS/DPF 1.9</p> <p>None are applicable.</p> |
| <p>PO 1.10</p> <p>Excavation and/or filling of land incidental to building work is kept to a minimum and:</p> <ul style="list-style-type: none"> (a) limited to a maximum depth or height no greater than 1.5m (b) not below the 1956 River Murray Flood Plain. | <p>DTS/DPF 1.10</p> <p>None are applicable.</p> |
| Built Form and Siting | |
| <p>PO 2.1</p> <p>Dwellings, tourist accommodation and associated outbuildings are not sited on a slope greater than 1-in-10.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Buildings and structures are sited above the 1956 River Murray Flood Plain to reduce risks to life and property.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| Building Setbacks | |

| | |
|---|---|
| <p>PO 3.1</p> <p>Dwellings and tourist accommodation appropriately set back from allotment boundaries, roadways and the River Murray.</p> | <p>DTS/DPF 3.1</p> <p>Buildings are setback:</p> <ul style="list-style-type: none"> (a) at least 40m from an adjoining allotment boundary or roadway (b) at least 100m from a riverbank, cliff edge/escarpment and the boundary of the 1956 River Murray Flood Plain. |
|---|---|

Winery Experience Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|------------------------|---|
| DO 1 | Viticulture and facilities for the continuing production, storage, distribution and sale of wine, together with a range of tourism facilities to provide visitor experiences and showcase wine product. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Development of viticulture and facilities for the continuing production, storage, distribution and sale of wine, complemented by a range of tourism development for visitors and tourists.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Convention centre (b) Restaurant (c) Tourist accommodation (d) Tourism development (e) Winery and associated facilities. |
| <p>PO 1.2</p> <p>Development of restaurants that complement winery and tourism development and provide experiences for visitors and tourists.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |
| <p>PO 1.3</p> <p>Development north of The Parade comprises low impact activities such as offices, storage and promotion activities associated with winery operations to minimise impacts on residential development within an adjoining neighbourhood-type zone.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings are of a design, scale and located to be sympathetic with and complement existing winery buildings and buildings of significant heritage value.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Buildings, including winery and tourist development, are sited and designed to blend into the landscape, especially when viewed from public roads.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Winery development is provided with separate road access to tourism development and hospitality uses to minimise conflict between users or impacts on existing winery operations.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| Land division | |
| <p>PO 3.1</p> <p>Land division that facilitates the continued viability and proper functioning of existing winery development.</p> | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
| Landscaping | |
| <p>PO 4.1</p> <p>Landscaping screens and enhances buildings and service areas to minimise impacts on the character of the locality, particularly when viewed from outlying vantage points and public roads.</p> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |

Township Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | Accommodation of a range of housing types that respond to housing preferences in a manner that contributes to and enhances township streetscapes and original settlement patterns. |
|------|--|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature | | | | | | | | | |
|--|--|-------------------|---|---|---|--------------------------------|--------------------------------|------------------------------|------------------------------|------------------------------|
| Land Use and Intensity | | | | | | | | | | |
| <p>PO 1.1</p> <p>Predominantly residential development with complementary non-residential uses compatible with the township streetscapes and established settlement patterns.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Ancillary accommodation (b) Consulting room (c) Dwelling (d) Office (e) Recreation area (f) Shop | | | | | | | | | |
| <p>PO 1.2</p> <p>Commercial activities improve community access to services are of a scale and type to maintain residential amenity.</p> | <p>DTS/DPF 1.2</p> <p>A shop, consulting room or office (or any combination thereof) satisfies any one of the following:</p> <ul style="list-style-type: none"> (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: <ul style="list-style-type: none"> (i) does not exceed 50m² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) it reinstates a former shop, consulting room or office in an existing building (or portion of a building) and satisfies one of the following: <ul style="list-style-type: none"> (i) the building is a State or Local Heritage Place (ii) is in conjunction with a dwelling and there is no increase in the gross leasable floor area previously used for non-residential purposes. | | | | | | | | | |
| <p>PO 1.3</p> <p>Non-residential development located and designed to improve community accessibility to services, primarily in the form of:</p> <ul style="list-style-type: none"> (a) small scale commercial uses such as offices, shops, and consulting rooms (b) community services such as educational establishments, community centres, places of worship, pre-schools, childcare and other health and welfare services (c) services and facilities ancillary to the function or operation of supported accommodation or retirement facilities (d) open space and recreation facilities. | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> | | | | | | | | | |
| <p>PO 1.4</p> <p>Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> | | | | | | | | | |
| Site Dimensions and Land Division | | | | | | | | | | |
| <p>PO 2.1</p> <p>Allotments/sites for residential purposes are consistent with the density expressed in any relevant <i>Minimum Site Area Technical and Numeric Variation</i> or are of a suitable size and dimension to accommodate the anticipated dwelling form, achieve compatibility with the prevailing development pattern in the locality and provide for appropriate wastewater disposal.</p> | <p>DTS/DPF 2.1</p> <p>Development will not result in more than 1 dwelling on an existing allotment</p> <p>or</p> <p>Allotments/sites for residential purposes accord with the following:</p> <ul style="list-style-type: none"> (a) where allotments/sites are connected to mains sewer or a Community Wastewater Management System site areas (or allotment areas in the case of land division) are not less than the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building): <table border="1" style="width: 100%; margin-top: 10px;"> <thead> <tr> <th style="text-align: center;">Minimum Site Area</th> </tr> </thead> <tbody> <tr> <td>Minimum site area for a detached dwelling is 325 sqm; semi-detached dwelling is 325 sqm</td> </tr> <tr> <td>Minimum site area for a detached dwelling is 600 sqm; group dwelling is 600 sqm</td> </tr> <tr> <td>Minimum site area for a detached dwelling is 800 sqm; group dwelling is 800 sqm</td> </tr> <tr> <td>Minimum site area is 1,000 sqm</td> </tr> <tr> <td>Minimum site area is 1,200 sqm</td> </tr> <tr> <td>Minimum site area is 500 sqm</td> </tr> <tr> <td>Minimum site area is 750 sqm</td> </tr> <tr> <td>Minimum site area is 800 sqm</td> </tr> </tbody> </table> | Minimum Site Area | Minimum site area for a detached dwelling is 325 sqm; semi-detached dwelling is 325 sqm | Minimum site area for a detached dwelling is 600 sqm; group dwelling is 600 sqm | Minimum site area for a detached dwelling is 800 sqm; group dwelling is 800 sqm | Minimum site area is 1,000 sqm | Minimum site area is 1,200 sqm | Minimum site area is 500 sqm | Minimum site area is 750 sqm | Minimum site area is 800 sqm |
| Minimum Site Area | | | | | | | | | | |
| Minimum site area for a detached dwelling is 325 sqm; semi-detached dwelling is 325 sqm | | | | | | | | | | |
| Minimum site area for a detached dwelling is 600 sqm; group dwelling is 600 sqm | | | | | | | | | | |
| Minimum site area for a detached dwelling is 800 sqm; group dwelling is 800 sqm | | | | | | | | | | |
| Minimum site area is 1,000 sqm | | | | | | | | | | |
| Minimum site area is 1,200 sqm | | | | | | | | | | |
| Minimum site area is 500 sqm | | | | | | | | | | |
| Minimum site area is 750 sqm | | | | | | | | | | |
| Minimum site area is 800 sqm | | | | | | | | | | |

or

- (b) where allotments/sites are not connected to mains sewer or an approved common waste water disposal service site areas are not less than the greater of:
 - (i) 1200m²
 - (ii) the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building):

| Minimum Site Area |
|---|
| Minimum site area for a detached dwelling is 325 sqm; semi-detached dwelling is 325 sqm |
| Minimum site area for a detached dwelling is 600 sqm; group dwelling is 600 sqm |
| Minimum site area for a detached dwelling is 800 sqm; group dwelling is 800 sqm |
| Minimum site area is 1,000 sqm |
| Minimum site area is 1,200 sqm |
| Minimum site area is 500 sqm |
| Minimum site area is 750 sqm |
| Minimum site area is 800 sqm |

and

- (c) site frontages are not less than:

| Minimum Frontage |
|--|
| Minimum frontage for a detached dwelling is 20m |
| Minimum frontage for a detached dwelling is 20m; group dwelling is 20m |
| Minimum frontage for a detached dwelling is 9m; semi-detached dwelling is 9m |
| Minimum frontage is 12m |
| Minimum frontage is 15m |
| Minimum frontage is 18m |
| Minimum frontage is 20m |
| Minimum frontage is 25m |

In relation to DTS/DPF 2.1, in instances where:

- (d) more than one value is returned in the same field, refer to the *Minimum Frontage Technical and Numeric Variation layer* or *Minimum Site Area Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (e) no value is returned for DTS/DPF 2.1(a) (i.e. there is a blank field) then non are applicable and the relevant development cannot be classified as deemed-to-satisfy
- (f) no value is returned for DTS/DPF 2.1(b)(ii) (i.e. there is a blank field) then the value for DTS/DPF 2.1(b)(ii) is zero
- (g) no value is returned for DTS/DPF 2.1(c)(i) (i.e. there is a blank field) then the minimum site frontage is 20m.

PO 2.2

Development results in sites suitable for their intended purpose.

DTS/DPF 2.2

Where the site of a dwelling does not comprise an entire allotment:

- (a) the balance of the allotment accords with the requirements specified in DTS/DPF 2.1
- (b) if there is an existing dwelling on the allotment that will remain on the allotment after completion of the development it will not contravene:
 - (i) private open space requirements specified in Design in Urban Areas Table 1 - Private Open Space
 - (ii) car parking requirements specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number.

Site Coverage

PO 3.1

Building footprints are consistent with the character and pattern of the township and provide sufficient space around buildings to limit visual impact, provide an attractive outlook and access to light and ventilation.

DTS/DPF 3.1

Development does not result in site coverage exceeding:

| Site Coverage |
|--------------------------------------|
| Maximum site coverage is 35 per cent |

In instances where:

- (a) no value is returned (i.e. there is a blank field), then 50% applies
- (b) more than one value is returned in the same field, refer to the *Site Coverage Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development.

Building Height

PO 4.1

Building and wall height contributes to the prevailing character of the neighbourhood and complements the height of nearby buildings.

DTS/DPF 4.1

Building height (excluding garages, carports and outbuildings) is no greater than:

- (a) the following:

| | <table border="1"> <tr> <th colspan="2">Maximum Building Height (Metres)</th> </tr> <tr> <td>Maximum building height is 9m</td> <td></td> </tr> <tr> <td>Maximum building height is 7.5m</td> <td></td> </tr> <tr> <th colspan="2">Maximum Building Height (Levels)</th> </tr> <tr> <td>Maximum building height is 1 level</td> <td></td> </tr> <tr> <td>Maximum building height is 2 levels</td> <td></td> </tr> </table> <p>(b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 2 building levels up to a height of 9m.</p> <p>In relation to DTS/DPF 4.1, in instances where:</p> <p>(c) more than one value is returned in the same field, refer to the <i>Maximum Building Height (levels) Technical and Numeric Variation</i> layer or <i>Maximum Building Height (Meters) Technical and Numeric Variation</i> layer in the SA planning database to determine the applicable value relevant to the site of the proposed development</p> <p>(d) only one value is returned for DTS/DPF 4.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.</p> | Maximum Building Height (Metres) | | Maximum building height is 9m | | Maximum building height is 7.5m | | Maximum Building Height (Levels) | | Maximum building height is 1 level | | Maximum building height is 2 levels | |
|--|---|----------------------------------|--|-------------------------------|--|---------------------------------|--|----------------------------------|--|------------------------------------|--|-------------------------------------|--|
| Maximum Building Height (Metres) | | | | | | | | | | | | | |
| Maximum building height is 9m | | | | | | | | | | | | | |
| Maximum building height is 7.5m | | | | | | | | | | | | | |
| Maximum Building Height (Levels) | | | | | | | | | | | | | |
| Maximum building height is 1 level | | | | | | | | | | | | | |
| Maximum building height is 2 levels | | | | | | | | | | | | | |
| <p>PO 4.2</p> <p>Additions and alterations do not adversely impact on the streetscape character.</p> | <p>DTS/DPF 4.2</p> <p>Additions and alterations:</p> <p>(a) are fully contained within the roof space of a building with no external alterations made to the building elevation facing the primary street or</p> <p>(b) meet all of the following:</p> <ul style="list-style-type: none"> (i) do not include any development forward of the front façade building line (ii) where including a second or subsequent building level addition, it does not project beyond a 45 degree angle measured from ground level at the building line of the existing building. | | | | | | | | | | | | |
| <p>Primary Street Setback</p> | | | | | | | | | | | | | |
| <p>PO 5.1</p> <p>Buildings are set back from primary street boundaries consistent with the existing streetscape.</p> | <p>DTS/DPF 5.1</p> <p>The building line of a building set back from the primary street boundary:</p> <p>(a) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment)</p> <p>(b) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building or</p> <p>(c) not less than 6m where no building exists on an adjoining site with the same primary street frontage.</p> | | | | | | | | | | | | |
| <p>Secondary Street Setback</p> | | | | | | | | | | | | | |
| <p>PO 6.1</p> <p>Buildings are set back from secondary street boundaries to maintain a pattern of separation between buildings and public streets and reinforce streetscape character.</p> | <p>DTS/DPF 6.1</p> <p>Building walls are set back from the secondary street boundary (other than a rear laneway):</p> <p>(a) no less than: or</p> <p>(b) 900mm, whichever is greater or</p> <p>(c) if a dwelling on any adjoining allotment is closer to the secondary street, the distance of that dwelling from the boundary with the secondary street.</p> <p>In instances where no value is returned in DTS/DPF 6.1(a) (i.e. there is a blank field), then the value for DTS/DPF 6.1(a) is zero.</p> | | | | | | | | | | | | |
| <p>Boundary Walls</p> | | | | | | | | | | | | | |
| <p>PO 7.1</p> <p>Boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining properties.</p> | <p>DTS/DPF 7.1</p> <p>Dwellings do not incorporate side boundary walls where a side boundary setback value is returned in (a) below:</p> <p>(a) or</p> <p>(b) where no side boundary setback value is returned in (a) above, and except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on one side boundary and satisfy (i) or (ii) below:</p> <ul style="list-style-type: none"> (i) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height (ii) side boundary walls do not: <ul style="list-style-type: none"> A. exceed 3.2m in height from the lower of the natural or finished ground level B. exceed 8m in length | | | | | | | | | | | | |

| | |
|---|---|
| | <p>C. when combined with other walls on the boundary of the subject development site, exceed maximum 45% of the length of the boundary</p> <p>D. encroach within 3 metres of any other existing or proposed boundary walls on the subject land.</p> |
| <p>PO 7.2</p> <p>Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a low density suburban streetscape character.</p> | <p>DTS/DPF 7.2</p> <p>Dwelling walls in a semi-detached, row or terrace arrangement are setback from side boundaries shared with allotments outside the development site at least the minimum distance identified in DTS/DPF 8.1.</p> |
| Side Boundary Setback | |
| <p>PO 8.1</p> <p>Buildings are set back from side boundaries to provide:</p> <p>(a) separation between buildings in a way that complements the established character of the locality</p> <p>(b) access to natural light and ventilation for neighbours.</p> | <p>DTS/DPF 8.1</p> <p>Other than walls located on a side boundary in accordance with Township Neighbourhood Zone DTS/DPF 7.1, building walls are set back from the side boundary:</p> <p>(a) no less than:</p> <p>(b) in all other cases (i.e. there is a blank field), then:</p> <p>(i) at least 900mm where the wall height is up to 3m</p> <p>(ii) other than for a south facing wall, at least 900mm plus 1/3 of the wall height above 3m</p> <p>(iii) at least 1.9m plus 1/3 of the wall height above 3m for south facing walls.</p> |
| Rear Boundary Setback | |
| <p>PO 9.1</p> <p>Buildings are set back from rear boundaries to provide:</p> <p>(a) separation between dwellings in a way that complements the established character of the locality</p> <p>(b) access to natural light and ventilation for neighbours</p> <p>(c) private open space</p> <p>(d) space for landscaping and vegetation.</p> | <p>DTS/DPF 9.1</p> <p>Other than in relation to an access lane way, building walls are set back from the rear boundary at least:</p> <p>(a) 4m for the first building level</p> <p>(b) 6m for any second building level.</p> |
| Appearance | |
| <p>PO 10.1</p> <p>Garages and carports are designed and sited to be discrete and not dominate the appearance of the associated dwelling when viewed from the street.</p> | <p>DTS/DPF 10.1</p> <p>Garages and carports facing a street (other than an access lane way):</p> <p>(a) are set back at least 0.5m behind the building line of the associated dwelling</p> <p>(b) are set back at least 5.5m from the boundary of the primary street</p> <p>(c) have a total garage door / opening width not exceeding 30% of the allotment or site frontage, to a maximum width of 7m.</p> |
| <p>PO 10.2</p> <p>The appearance of development as viewed from public roads is sympathetic to the wall height, roof forms, and roof pitches of the predominant housing stock in the locality.</p> | <p>DTS/DPF 10.2</p> <p>None are applicable.</p> |
| Ancillary buildings and structures | |
| <p>PO 11.1</p> <p>Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of buildings on the site or neighbouring properties.</p> | <p>DTS/DPF 11.1</p> <p>Ancillary buildings and structures:</p> <p>(a) are ancillary to a dwelling erected on the same site</p> <p>(b) have a floor area not exceeding 60m²</p> <p>(c) are constructed, added to or altered so that they are situated at least:</p> <p>(i) 0.5m behind the building line of the dwelling to which they are ancillary or</p> <p>(ii) 900mm from a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)</p> <p>(d) in the case of a garage or carport, the garage or carport:</p> <p>(i) is set back at least 5.5m from the boundary of the primary street</p> <p>(ii) when facing a primary street or secondary street, has a total door/opening not exceeding 7m or 30% of the site frontage, whichever is the lesser</p> <p>(e) if situated on a boundary (not being a boundary with a primary street or secondary street), a length not exceeding 8m unless:</p> <p>(i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and</p> <p>(ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent</p> <p>(f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary not exceeding 45% of the length of that boundary</p> <p>(g) will not be located within 3m of any other wall along the same boundary unless on</p> |

| | <p>adjacent site on that boundary there is an existing wall of a building that would be adjacent to or abut the proposed wall or structure</p> <p>(h) have a wall height or post height not exceeding 3m above natural ground level, and where located to the side of the associated dwelling, have a wall height or post height no higher than the wall height of the associated dwelling</p> <p>(i) have a roof height where no part of the roof is more than 5m above the natural ground level</p> <p>(j) if clad in sheet metal, are pre-colour treated or painted in a non-reflective colour</p> <p>(k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:</p> <p>(i) a total area as determined by the following table:</p> <table border="1" data-bbox="868 331 1551 645"> <thead> <tr> <th>Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m²)</th> <th>Minimum percentage of site</th> </tr> </thead> <tbody> <tr> <td><150</td> <td>10%</td> </tr> <tr> <td>150-200</td> <td>15%</td> </tr> <tr> <td>201-450</td> <td>20%</td> </tr> <tr> <td>>450</td> <td>25%</td> </tr> </tbody> </table> <p>(ii) the amount of existing soft landscaping prior to the development occurring.</p> | Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site | <150 | 10% | 150-200 | 15% | 201-450 | 20% | >450 | 25% |

| <p>PO 11.2 Ancillary buildings and structures do not impede on-site functional requirements such as private open space provision, car parking requirements and do not result in over-development of the site.</p> | <p>DTS/DPF 11.2 Ancillary buildings and structures do not result in:</p> <p>(a) less private open space than specified in Design Table 1 - Private Open Space</p> <p>(b) less car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number.</p> | | | | | | | | | | |
| <p>Concept Plans</p> | | | | | | | | | | | |
| <p>PO 12.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 12.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" data-bbox="804 1070 1551 1128"> <thead> <tr> <th>Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 3 - Mount Barker and Littlehampton</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 12.1, in instances where:</p> <p>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</p> <p>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 12.1 is met.</p> | Description | Concept Plan 3 - Mount Barker and Littlehampton | | | | | | | | |
| Description | | | | | | | | | | | |
| Concept Plan 3 - Mount Barker and Littlehampton | | | | | | | | | | | |
| <p>Advertisements</p> | | | | | | | | | | | |
| <p>PO 13.1 Advertisements identify the associated business activity, and do not detract from the residential character of the locality.</p> | <p>DTS/DPF 13.1 Advertisements relating to a lawful business activity associated with a residential use do not exceed 0.3m² and mounted flush with a wall or fence.</p> | | | | | | | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| <p>Class of Development (Column A)</p> | <p>Exceptions (Column B)</p> |
|---|--|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <p>(a) the South Australian Housing Trust either individually or jointly with other persons or bodies or</p> <p>(b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust.</p> | <p>Except development involving any of the following:</p> <ol style="list-style-type: none"> residential flat building(s) of 3 storeys or greater the demolition of a State or Local Heritage Place the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

| | |
|---|---|
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) dwelling (g) dwelling addition (h) fence (i) outbuilding (j) pergola (k) private bushfire shelter (l) residential flat building (m) retaining wall (n) shade sail (o) solar photovoltaic panels (roof mounted) (p) swimming pool or spa pool (q) verandah (r) water tank. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Township Neighbourhood Zone DTS/DPF 4.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 8m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. does not satisfy Township Neighbourhood Zone DTS/DPF 1.2 or 2. exceeds the maximum building height specified in Township Neighbourhood Zone DTS/DPF 4.1 or 3. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 8m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3.2m measured from the lower of the natural or finished ground level (other than where the proposed wall abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | <p>None specified.</p> |
| <p>6. Demolition.</p> | <p>Except any of the the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

Placement of Notices - Exemptions for Restricted Development

None specified

Township Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| <p style="text-align: center;">Desired Outcome</p> | |
|---|--|
| <p>DO 1</p> | <p>A township supporting a range of residential, community, retail, business, commercial and light industry uses and facilities.</p> |
| <p>DO 2</p> | <p>Development contributes to and enhances streetscapes and the settlement patterns comprising the township.</p> |

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use | |
| <p>PO 1.1</p> <p>A range of development types that complement local built form and the surrounding township context.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following uses:</p> <ul style="list-style-type: none"> (a) advertisement (b) carport (c) consulting room (d) detached dwelling (e) dwelling addition (f) light industry (g) office (h) outbuilding (i) semi-detached dwelling (j) shop (k) tourist accommodation (l) verandah (m) warehouse |
| <p>PO 1.2</p> <p>Small-scale retail, business and commercial development that provide a range of goods and services to the local community, the surrounding district and visitors.</p> | <p>DTS/DPF 1.2</p> <p>Shops, offices and consulting rooms (or any combination thereof) do not exceed 250m² in gross leasable floor area.</p> |
| <p>PO 1.3</p> <p>Small-scale light industry and warehousing activities that supply a local service to the community and business activities.</p> | <p>DTS/DPF 1.3</p> <p>The gross leasable floor area of a building plus any outdoor space used for a light industry, warehouse or store (or any combination thereof) does not exceed 250m².</p> |
| <p>PO 1.4</p> <p>Small-scale tourist accommodation that supports the visiting public and holiday makers.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Development of a business, commercial or light industrial nature is grouped together or in close proximity to establish identifiable service centres or reinforce traditional main streets.</p> | <p>DTS/DPF 1.5</p> <p>Development is located adjacent to a site containing an existing non-residential use with the same primary street frontage.</p> |
| Built Form and Character | |
| <p>PO 2.1</p> <p>Buildings are of a scale and design to complement the surrounding built form, streetscape and character.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Buildings contribute to a low-rise character and complement the height of nearby buildings.</p> | <p>DTS/DPF 2.2</p> <p>Building height (excluding garages, carports and outbuildings) is no greater than 2 building levels and 9m and wall height that is no greater than 6m.</p> |
| <p>PO 2.3</p> <p>Buildings are set back from the primary street boundary to complement the existing streetscape character.</p> | <p>DTS/DPF 2.3</p> <p>Buildings are no closer to the primary street boundary than:</p> <ul style="list-style-type: none"> (a) the average of existing buildings on adjoining sites with the same primary street frontage and, if there is only one such building, the setback of that building or (b) 6m if no building exists on an adjoining site with the same primary street frontage. |
| <p>PO 2.4</p> <p>Buildings are set back from a secondary street boundary to maintain a consistent pattern of separation between building walls and public thoroughfares on corner sites within the locality.</p> | <p>DTS/DPF 2.4</p> <p>Buildings are no closer than 900mm to the secondary street boundary.</p> |
| <p>PO 2.5</p> <p>Dwellings are set back from rear boundaries to provide:</p> <ul style="list-style-type: none"> (a) access to natural light and ventilation for neighbours (b) open space recreational opportunities (c) space for landscaping and vegetation. | <p>DTS/DPF 2.5</p> <p>Dwellings are no closer to the rear boundary of the site than:</p> <ul style="list-style-type: none"> (a) 4m for the ground floor of a building (b) 6m for the upper floor of a building. |
| <p>PO 2.6</p> <p>Buildings are set back from side boundaries to:</p> <ul style="list-style-type: none"> (a) establish separation between buildings to complement the established character within a locality | <p>DTS/DPF 2.6</p> <p>Other than walls located on a side boundary, buildings are set back from side boundaries:</p> <ul style="list-style-type: none"> (a) at least 900mm where the wall height is up to 3m (b) other than for a wall facing a southern side boundary, at least 900mm plus 1/3 of the |

| | |
|--|---|
| <p>(b) provide access to natural light and ventilation for neighbours.</p> | <p>wall height above 3m (c) at least 1.9m plus 1/3 of the wall height above 3m for walls facing a southern side boundary.</p> |
| <p>PO 2.7 Boundary walls are limited in height and length to mitigate adverse impacts on the amenity of adjoining land users, including through an unreasonable loss of natural light and ventilation.</p> | <p>DTS/DPF 2.7 For buildings that do not have a common wall, any wall sited on or abutting a side allotment boundary: (a) does not exceed 3m in height from the top of the footings (b) does not exceed 8m in length (c) when combined with other walls on the boundary, does not exceed 45% of the length of the boundary (d) is set back at least 3 metres from any existing or proposed boundary walls.</p> |

Site Dimensions and Land Division

| <p>PO 3.1 Allotments for residential purposes are of a suitable size and dimension to contribute to a housing pattern consistent with the locality.</p> | <p>DTS/DPF 3.1 Development will not result in more than 1 dwelling on an existing allotment or Allotments/sites for residential purposes accord with the following: (a) where allotments/sites are connected to mains sewer or a Community Wastewater Management System site areas (or allotment areas in the case of land division) are not less than the following (average site area per dwelling, including common areas, applies for group dwellings or dwellings within a residential flat building):</p> <table border="1" data-bbox="802 786 1556 1400"> <thead> <tr> <th>Minimum Site Area</th> </tr> </thead> <tbody> <tr> <td>Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 1,000 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm</td> </tr> <tr> <td>Minimum site area for a detached dwelling is 800 sqm; semi-detached dwelling is 500 sqm; row dwelling is 450 sqm; group dwelling is 450 sqm; residential flat building is 450 sqm</td> </tr> <tr> <td>Minimum site area is 1,000 sqm</td> </tr> <tr> <td>Minimum site area is 100 ha</td> </tr> <tr> <td>Minimum site area is 1,200 sqm</td> </tr> <tr> <td>Minimum site area is 1,500 sqm</td> </tr> <tr> <td>Minimum site area is 3,000 sqm</td> </tr> <tr> <td>Minimum site area is 4,000 sqm</td> </tr> <tr> <td>Minimum site area is 40 ha</td> </tr> <tr> <td>Minimum site area is 500 sqm</td> </tr> <tr> <td>Minimum site area is 5,000 sqm</td> </tr> <tr> <td>Minimum site area is 600 sqm</td> </tr> <tr> <td>Minimum site area is 800 sqm</td> </tr> <tr> <td>Minimum site area is 850 sqm</td> </tr> <tr> <td>Minimum site area is 900 sqm</td> </tr> <tr> <td>Minimum site area is 950 sqm</td> </tr> </tbody> </table> <p>(b) where allotments/sites are not connected to mains sewer or an approved common waste water disposal service site areas are not less than the greater of: (i) 1200m² (ii) the following:</p> <table border="1" data-bbox="802 1574 1556 2188"> <thead> <tr> <th>Minimum Site Area</th> </tr> </thead> <tbody> <tr> <td>Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 1,000 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm</td> </tr> <tr> <td>Minimum site area for a detached dwelling is 800 sqm; semi-detached dwelling is 500 sqm; row dwelling is 450 sqm; group dwelling is 450 sqm; residential flat building is 450 sqm</td> </tr> <tr> <td>Minimum site area is 1,000 sqm</td> </tr> <tr> <td>Minimum site area is 100 ha</td> </tr> <tr> <td>Minimum site area is 1,200 sqm</td> </tr> <tr> <td>Minimum site area is 1,500 sqm</td> </tr> <tr> <td>Minimum site area is 3,000 sqm</td> </tr> <tr> <td>Minimum site area is 4,000 sqm</td> </tr> <tr> <td>Minimum site area is 40 ha</td> </tr> <tr> <td>Minimum site area is 500 sqm</td> </tr> <tr> <td>Minimum site area is 5,000 sqm</td> </tr> <tr> <td>Minimum site area is 600 sqm</td> </tr> <tr> <td>Minimum site area is 800 sqm</td> </tr> <tr> <td>Minimum site area is 850 sqm</td> </tr> <tr> <td>Minimum site area is 900 sqm</td> </tr> <tr> <td>Minimum site area is 950 sqm</td> </tr> </tbody> </table> | Minimum Site Area | Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 1,000 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm | Minimum site area for a detached dwelling is 800 sqm; semi-detached dwelling is 500 sqm; row dwelling is 450 sqm; group dwelling is 450 sqm; residential flat building is 450 sqm | Minimum site area is 1,000 sqm | Minimum site area is 100 ha | Minimum site area is 1,200 sqm | Minimum site area is 1,500 sqm | Minimum site area is 3,000 sqm | Minimum site area is 4,000 sqm | Minimum site area is 40 ha | Minimum site area is 500 sqm | Minimum site area is 5,000 sqm | Minimum site area is 600 sqm | Minimum site area is 800 sqm | Minimum site area is 850 sqm | Minimum site area is 900 sqm | Minimum site area is 950 sqm | Minimum Site Area | Minimum site area for a detached dwelling is 1,000 sqm; semi-detached dwelling is 1,000 sqm; row dwelling is 500 sqm; group dwelling is 500 sqm; residential flat building is 500 sqm | Minimum site area for a detached dwelling is 800 sqm; semi-detached dwelling is 500 sqm; row dwelling is 450 sqm; group dwelling is 450 sqm; residential flat building is 450 sqm | Minimum site area is 1,000 sqm | Minimum site area is 100 ha | Minimum site area is 1,200 sqm | Minimum site area is 1,500 sqm | Minimum site area is 3,000 sqm | Minimum site area is 4,000 sqm | Minimum site area is 40 ha | Minimum site area is 500 sqm | Minimum site area is 5,000 sqm | Minimum site area is 600 sqm | Minimum site area is 800 sqm | Minimum site area is 850 sqm | Minimum site area is 900 sqm | Minimum site area is 950 sqm |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) ancillary accommodation (d) building work on railway land (e) carport (f) deck (g) dwelling (h) dwelling addition (i) fence (j) outbuilding (k) pergola (l) private bushfire shelter (m) retaining wall (n) shade sail (o) solar photovoltaic panels (roof mounted) (p) swimming pool or spa pool (q) temporary public service depot (r) verandah (s) water tank. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Township Zone DTS/DPF 2.2 or 2. involves the creation of 4 or more additional dwellings. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <p>Except development that exceeds the maximum building height specified in Township Zone DTS/DPF 2.2 or does not satisfy Township Zone DTS/DPF 1.2.</p> |

|--|--|----------------------------------|-------------------------------|-------------------------------|--------------------------------|----------------------------------|-------------------------------------|-------------------------------------|
| Built Form and Character | | | | | | | | |
| PO 2.1 Development complements adjacent development within the zone, and mitigates interface impacts on adjoining residential uses in neighbourhood-type zones, through appropriate building siting, scale and design. | DTS/DPF 2.1 None are applicable. | | | | | | | |
| PO 2.2 Buildings are sited and designed to create pedestrian, vehicular and visual linkages between the various built-form elements within the zone and adjoining main roads. | DTS/DPF 2.2 None are applicable. | | | | | | | |
| Building height and setbacks | | | | | | | | |
| PO 3.1 Buildings are set back from primary and secondary street boundaries to contribute to the consistent established streetscape. | DTS/DPF 3.1 Buildings are set back from road boundaries to align with buildings on adjoining land. | | | | | | | |
| PO 3.2 Building height is consistent with the form expressed in any relevant <i>Maximum Building Height Levels Technical and Numeric Variation</i> layer and <i>Maximum Building Height Metres Technical and Numeric Variation</i> layer, and otherwise generally of a low-rise that complements the established streetscape and local character. | <p>DTS/DPF 3.2 Building height is not greater than:</p> <ul style="list-style-type: none"> (a) the following: <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> </thead> <tbody> <tr> <td style="text-align: center;">Maximum building height is 8m</td> </tr> <tr> <td style="text-align: center;">Maximum building height is 9m</td> </tr> <tr> <td style="text-align: center;">Maximum building height is 15m</td> </tr> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> <tr> <td style="text-align: center;">Maximum building height is 2 levels</td> </tr> <tr> <td style="text-align: center;">Maximum building height is 3 levels</td> </tr> </tbody> </table> <ul style="list-style-type: none"> (b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)) - 3 building levels up to a height of 12m. <p>In relation to DTS/DPF 3.2, in instances where:</p> <ul style="list-style-type: none"> (c) more than one value is returned in the same field for DTS/DPF 3.2(a), refer to the <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> or <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) only one value is returned for DTS/DPF 3.2(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other. | Maximum Building Height (Metres) | Maximum building height is 8m | Maximum building height is 9m | Maximum building height is 15m | Maximum Building Height (Levels) | Maximum building height is 2 levels | Maximum building height is 3 levels |
| Maximum Building Height (Metres) | | | | | | | | |
| Maximum building height is 8m | | | | | | | | |
| Maximum building height is 9m | | | | | | | | |
| Maximum building height is 15m | | | | | | | | |
| Maximum Building Height (Levels) | | | | | | | | |
| Maximum building height is 2 levels | | | | | | | | |
| Maximum building height is 3 levels | | | | | | | | |
| PO 3.3 Buildings mitigate visual impacts of massing on residential development within a neighbourhood-type zone. | DTS/DPF 3.3 Buildings are constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes in a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary): | | | | | | | |

PO 3.4
Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 3.4
Buildings on sites with a southern boundary adjoining the allotment boundary of an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:

PO 3.5
Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 3.5
None are applicable.

Land division

PO 4.1
Land division creates allotments that vary in size and are suitable for a variety of business and community facilities.

DTS/DPF 4.1
None are applicable.

Advertisements

PO 5.1
Advertisements are sited and designed to achieve an overall consistency of appearance along individual street frontages

DTS/DPF 5.1
None are applicable.

PO 5.2
Freestanding advertisements:
(a) identify the associated business(es)
(b) are of a size that is commensurate with the scale of the centre and the street frontage
(c) avoid visual clutter
(d) positively respond to the context without dominating the locality.

DTS/DPF 5.2
Freestanding advertisements:
(a) do not exceed 5m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser)
(b) do not have a sign face that exceeds 4m² per side.

Concept Plans

PO 6.1
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 6.1
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|--|
| Concept Plan 75 - Warrenge Development Area Land Form / Building Module Cross Section - Warrenge |
| Concept Plan 9 - Blakeview |
| Concept Plan 21 - Virginia |
| Concept Plan 22 - Virginia Infrastructure |

| Description |
|--|
| Concept Plan 50 - Roseworthy Town Expansion |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Concept Plan 98 - Mallala |
| In relation to DTS/DPF 6.1, in instances where: |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) cinema (e) community facility (f) consulting room (g) dwelling located above a non-residential building level (h) fence (i) indoor recreation facility (j) library (k) office (l) place of worship (m) pre-school (n) retaining wall (o) service trade premises (p) shade sail (q) shop (r) solar photovoltaic panels (roof mounted) (s) temporary public service depot (t) tourist accommodation (u) verandah (v) water tank. | Except development that exceeds the maximum building height specified in Township Activity Centre Zone DTS/DPF 3.2 or does not satisfy any of the following: 1. Township Activity Centre Zone DTS/DPF 3.3 2. Township Activity Centre Zone DTS/DPF 3.4. |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | None specified. |
| 5. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Township Main Street Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | A cohesive, active, accessible and welcoming main street environment for residents and visitors to shop, work, meet, entertain and relax. |
| DO 2 | Development contributes to the vibrancy and activity of public spaces and reinforces the traditional main street character. |

| | <p>currently used as a shop, office, consulting room or any combination of these uses</p> <p>(b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10 metres from the site of a dwelling (other than a dwelling directly associated with the proposed shop)</p> <p>(c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30 metres of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions</p> <p>(d) if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves either (i) or (ii):</p> <p>(i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road</p> <p>(ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared</p> <p>(e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except in any of the following circumstances:</p> <p>(i) the building is a local heritage place</p> <p>(ii) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made)</p> <p>(iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse.</p> |
|--|--|

Built Form and Character

| | |
|--|--|
| <p>PO 2.1</p> <p>Buildings and structures are designed to complement the traditional low-scale main street built form by ensuring wall, parapet and roof height, verandah profile, and materials of construction are consistent with adjacent traditional main street buildings.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Buildings preserve main street character by complementing key traditional shop-front elements such as narrow building and tenancy footprint with frequently repeated frontages, clear-glazed narrow shop front displays above raised display levels (base stall boards) and recessed entries.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Buildings are adaptable and flexible to accommodate a range of land uses, including shops, offices, consulting rooms and residential land uses.</p> | <p>DTS/DPF 2.3</p> <p>Ground floor levels of buildings incorporate a minimum ceiling height of 3.5m.</p> |
| <p>PO 2.4</p> <p>Buildings create visual interest and an active interface with the main street frontage and maximise passive surveillance.</p> | <p>DTS/DPF 2.4</p> <p>Not less than 50% of the ground floor primary frontage of buildings are visually permeable, transparent or clear glazed.</p> |
| <p>PO 2.5</p> <p>Pedestrian shelter and shade are provided over footpaths through the use of structures such as awnings, canopies and verandas.</p> | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |
| <p>PO 2.6</p> <p>Dwellings are generally sited behind or above non-residential uses on the same site to maintain vibrancy and activity along the main street.</p> | <p>DTS/DPF 2.6</p> <p>None are applicable.</p> |
| <p>PO 2.7</p> <p>Outbuildings, carports and garages are located behind the primary building facing the main street to ensure vibrancy and activity along the main street.</p> | <p>DTS/DPF 2.7</p> <p>None are applicable.</p> |
| <p>PO 2.8</p> <p>Development contributes to and does not interfere with provision of an efficient and convenient pedestrian network linking the main street to adjoining zones.</p> | <p>DTS/DPF 2.8</p> <p>None are applicable.</p> |

Building height and setbacks

| <p>PO 3.1</p> <p>Building height is consistent with the form expressed in any relevant <i>Maximum Building Height Levels Technical and Numeric Variation</i> and <i>Maximum Building Height Metres Technical and Numeric Variation</i>, and otherwise low rise, with height commensurate with the development site's frontage and depth as well as the main street width, so that the impacts of building mass on adjoining properties and the streetscape are minimised.</p> | <p>DTS/DPF 3.1</p> <p>Building height is not greater than:</p> <p>(a) the following:</p> <table border="1" data-bbox="804 2136 1554 2199"> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> <tr> <td style="text-align: center;">Maximum building height is 8m</td> </tr> </table> | Maximum Building Height (Metres) | Maximum building height is 8m |
|---|--|----------------------------------|-------------------------------|
| Maximum Building Height (Metres) | | | |
| Maximum building height is 8m | | | |

| Maximum Building Height (Metres) |
|-------------------------------------|
| Maximum building height is 9m |
| Maximum building height is 15m |
| Maximum building height is 7.5m |
| Maximum Building Height (Levels) |
| Maximum building height is 1 level |
| Maximum building height is 2 levels |
| Maximum building height is 4 levels |

- (b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)):
 - (i) where the site has a frontage of at least 25m and depth of at least 50m - 3 building levels up to a height of 12m
 - (ii) in all other cases - 2 building levels up to a height of 9m.

In relation to DTS/DPF 3.1, in instances where:

- (c) more than one value is returned in the same field for DTS/DPF 3.1(a), refer to the *Maximum Building Height (Metres) Technical and Numeric Variation layer* or *Maximum Building Height (Levels) Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (d) only one value is returned for DTS/DPF 3.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other.

In relation to DTS/DPF 3.1, in instances where:

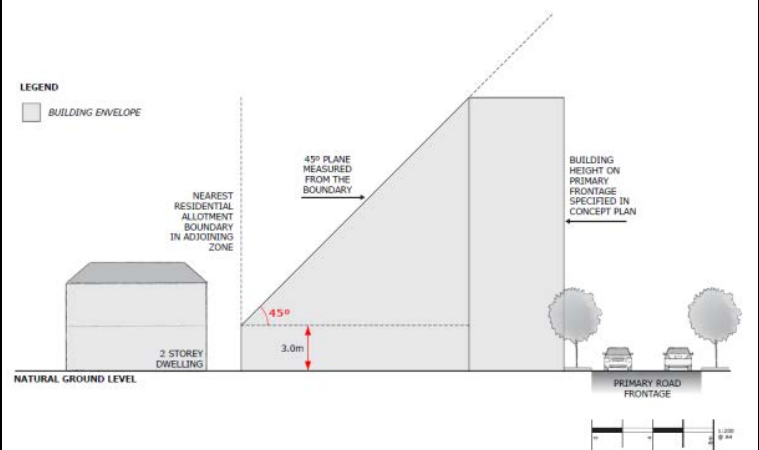

- (c) more than one value is returned in the same field then:
 - (i) for the purpose of DTS/DPF 3.1(a)(i), refer to the *Maximum Building Height (Metres) Technical and Numeric Variation layer* or *Maximum Building Height (Levels) Technical and Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
 - (ii) for the purpose of DTS/DPF 3.1(b) refer to the *Minimum Building Height (Levels) Numeric Variation layer* in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (d) only one value is returned for DTS/DPF 3.1(a)(i) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other
- (e) no value is returned is returned for DTS/DPF 3.1(b) (ie there is a blank field), then there is no minimum building height and DTS/DPF 3.1(b) is met.

PO 3.2

Buildings mitigate the visual impacts of massing on residential development within a neighbourhood-type zone.

DTS/DPF 3.2

Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes in a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the primary street boundary):

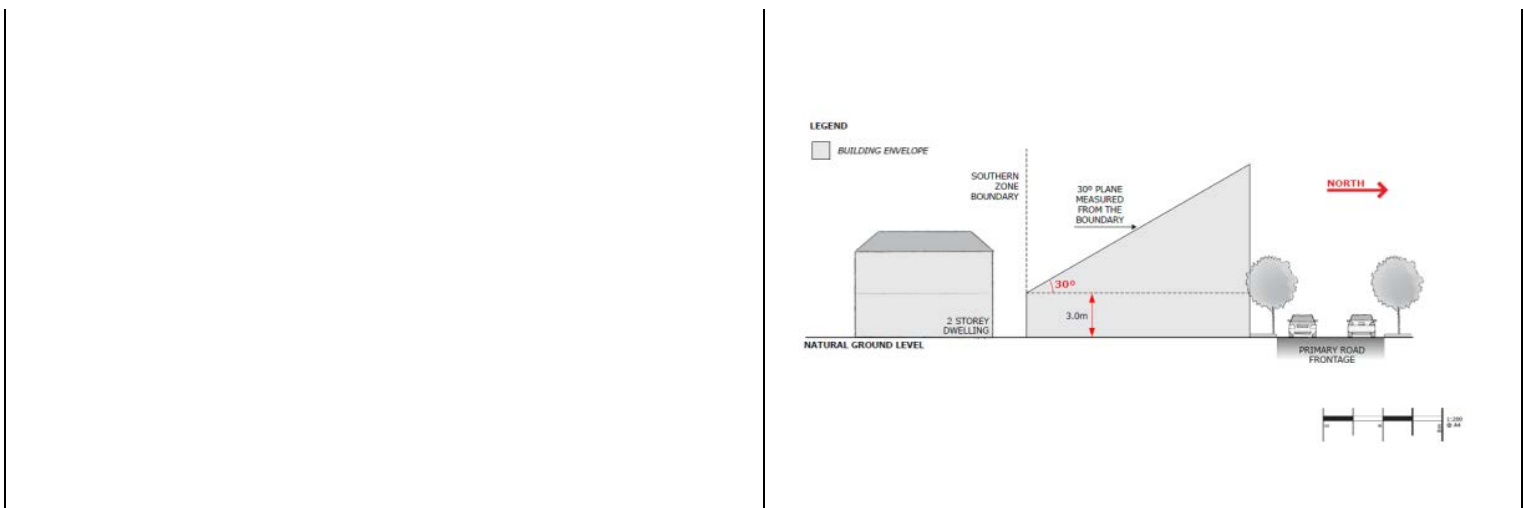

PO 3.3

Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 3.3

Buildings on sites with a southern boundary adjoining the boundary of an allotment used for residential purposes in a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:

| | |
|---|---|
| <p>PO 3.4</p> <p>Buildings are constructed to the front boundary to achieve a continuity of street façade to the main street, with the occasional section of building set back to create outdoor dining areas, visually interesting building entrances and intimate, active spaces.</p> | <p>DTS/DPF 3.4</p> <p>None are applicable.</p> |
| <p>PO 3.5</p> <p>Buildings are constructed to side boundaries to achieve a continuity of street façade to the main street.</p> | <p>DTS/DPF 3.5</p> <p>Building walls are located on side boundaries.</p> |
| <p>PO 3.6</p> <p>Buildings are set back from rear boundaries (other than where these are also street boundaries) to minimise impacts on neighbouring properties, including access to natural light and ventilation.</p> | <p>DTS/DPF 3.6</p> <p>Buildings are set back 3m or more from rear boundaries where the subject land directly abuts an allotment of a different zone, except where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land.</p> |
| <p>PO 3.7</p> <p>Buildings are set back from rear access ways to provide adequate manoeuvrability for vehicles.</p> | <p>DTS/DPF 3.7</p> <p>Buildings are set back from the rear access way have</p> <ul style="list-style-type: none"> (a) no minimum requirement where the access way is 6.5m or more wide <p>or</p> <ul style="list-style-type: none"> (b) where the access way is less than 6.5m wide, the distance equal to the additional width required to make the access way at least 6.5m wide. |

Traffic, parking and access

| | |
|--|--|
| <p>PO 4.1</p> <p>Development minimises the need for vehicle crossovers on the main street to reduce conflicts with pedestrians and avoid disruption to the continuity of built form.</p> | <p>DTS/DPF 4.1</p> <p>None are applicable.</p> |
| <p>PO 4.2</p> <p>Vehicle parking is located behind buildings away from the primary main street frontage and designed to minimise impacts on residential amenity.</p> | <p>DTS/DPF 4.2</p> <p>Vehicle parking areas are located behind the building line of the associated building.</p> |

Advertisements

| | |
|---|---|
| <p>PO 5.1</p> <p>Advertisements are sited and designed to achieve an overall consistency of appearance along individual street frontages.</p> | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> |
| <p>PO 5.2</p> <p>Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) identify the associated business(es) (b) are of a size that is commensurate with the scale of the centre and the street frontage (c) avoid visual clutter (d) positively respond to the context without dominating the locality (e) are sited and designed to not detract from the main street character. | <p>DTS/DPF 5.2</p> <p>Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) do not exceed 5m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser) (b) do not have a sign face that exceeds 4m² per side. |

Concept Plans

| <p>PO 6.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 6.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" style="width: 100%;"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 21 - Virginia</td> </tr> <tr> <td>Concept Plan 22 - Virginia Infrastructure</td> </tr> <tr> <td>Concept Plan 71 - Hamley Bridge</td> </tr> <tr> <td>Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints</td> </tr> </tbody> </table> | Description | Concept Plan 21 - Virginia | Concept Plan 22 - Virginia Infrastructure | Concept Plan 71 - Hamley Bridge | Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
|--|---|-------------|----------------------------|---|---------------------------------|---|
| Description | | | | | | |
| Concept Plan 21 - Virginia | | | | | | |
| Concept Plan 22 - Virginia Infrastructure | | | | | | |
| Concept Plan 71 - Hamley Bridge | | | | | | |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints | | | | | | |

| Description |
|--|
| Concept Plan 99 - Two Wells |
| Concept Plan 100 - Gawler East |
| Concept Plan 121 - Streetscape Elevations Index |
| Concept Plan 122 - Streetscape Elevations |
| Concept Plan 123 - Streetscape Elevations |
| Concept Plan 124 - Streetscape Elevations |
| In relation to DTS/DPF 6.1, in instances where: |
| (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. |
| (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site used for residential purposes in a neighbourhood-type zone. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) cinema (e) community facility (f) consulting room (g) dwelling located above a non-residential building level (h) fence (i) indoor recreation facility (j) library (k) office (l) place of worship (m) pre-school (n) retaining wall (o) shade sail (p) shop (q) solar photovoltaic panels (roof mounted) (r) temporary public service depot (s) tourist accommodation (t) verandah (u) water tank. | Except development that exceeds the maximum building height specified in Township Main Street Zone DTS/DPF 3.1 or does not satisfy any of the following: 1. Township Main Street Zone DTS/DPF 3.2 2. Township Main Street Zone DTS/DPF 3.3. |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | None specified. |
| 5. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place |

2. the demolition of a building (except an ancillary building) in a Historic Area Overlay.

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Urban Activity Centre Zone

Assessment Provisions (AP)

Desired Outcome (DO)

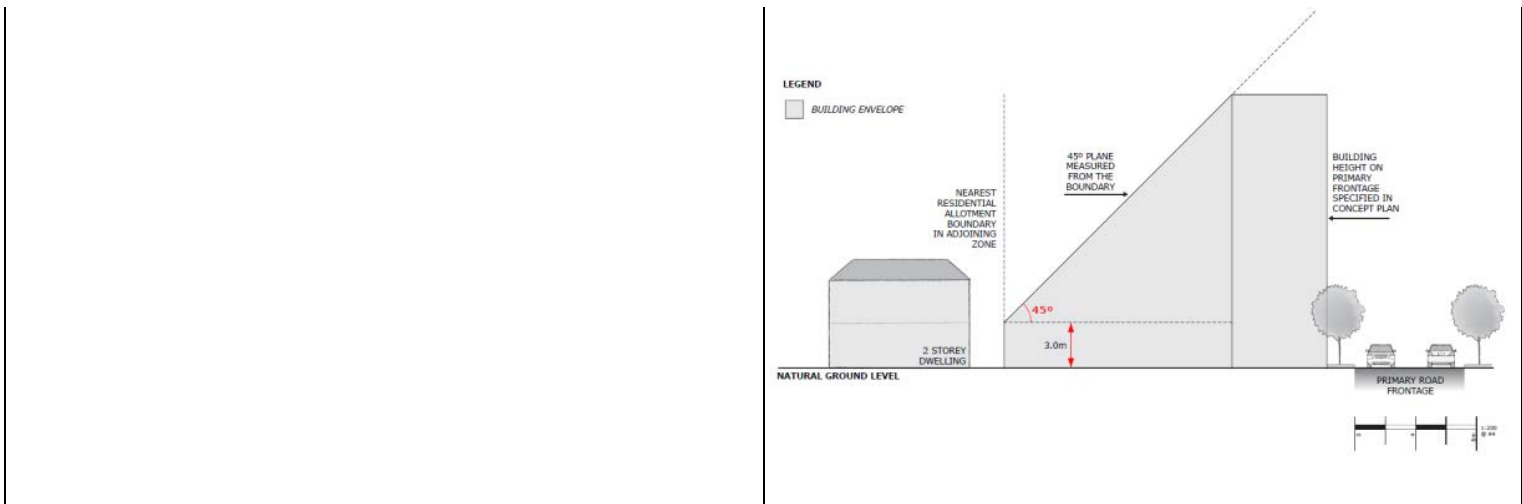

| Desired Outcome | |
|------------------------|---|
| DO 1 | A cohesive and legible environment supporting a broad spectrum of regional level business, shopping, entertainment and recreational facilities that can cater for large crowds, smaller social gatherings and events over extended hours. |
| DO 2 | Primary business, shopping and entertaining areas are integrated with public transport facilities, pedestrian and cycling networks, and community transport infrastructure, and designed to enhance the quality of the public realm. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Shops, offices, entertainment, health, education and recreation related uses and other businesses that provide a comprehensive range of goods and services to the region.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Car park facility (c) Cinema (d) Consulting room (e) Community transport facilities (f) Community facility (g) Consulting room (h) Dwelling (i) Educational establishment (j) Emergency services facility (k) Hospital (l) Hotel (m) Indoor recreation facility (n) Library (o) Licensed Premises (p) Light industry (q) Office (r) Place of worship (s) Pre-school (t) Public transport facilities (u) Retail fuel outlet (v) Retirement facility (w) Shop (x) Store (y) Student accommodation (z) Supported accommodation (aa) Telecommunications facility (ab) Tourist accommodation (ac) Warehouse |
| <p>PO 1.2</p> <p>Facilities within the centre sited and designed with a view to promoting after-hours use to reinforce the centre as the focus of social activity.</p> | <p>DTS/DPF 1.2</p> <p>None are applicable.</p> |

| | |
|--|---|
| <p>PO 1.3</p> <p>Residential development does not prejudice the operation of existing non-residential development and the long term provision of services and facilities for wider community benefit.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> <p>Dwellings developed in conjunction with non-residential uses to support business, entertainment and recreational activities and contribute to making streets and pedestrian thoroughfares pleasant and lively places.</p> | <p>DTS/DPF 1.4</p> <p>Dwellings are located at upper levels of buildings with non-residential uses located at ground level.</p> |
| <p>PO 1.5</p> <p>Where residential development is appropriate having regard to other performance outcomes of the zone, residential development achieves <u>medium-to-high densities</u>.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| <p>PO 1.6</p> <p>Development sited and designed to achieve or maintain a vibrant and interesting streetscape within retail areas.</p> | <p>DTS/DPF 1.6</p> <p>Any of the following:</p> <ul style="list-style-type: none"> (a) shop, other than a bulky goods outlet with a gross leasable floor area more than 500m² (b) cinema (c) hotel (d) licensed premises. |
| <p>PO 1.7</p> <p>Changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within activity centres.</p> | <p>DTS/DPF 1.7</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all the following are achieved:</p> <ul style="list-style-type: none"> (a) the area to be occupied by the proposed development is in an existing building and is currently used as a shop, office, consulting room or any combination of these uses (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10 metres from any neighbourhood-type zone, or the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30 metres of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves either (i) or (ii): <ul style="list-style-type: none"> (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared (e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, whether exclusive to the premises or shared as part of an integrated complex containing two or more tenancies with shared facilities for off-street vehicle parking. |
| <p>Built Form and Character</p> | |
| <p>PO 2.1</p> <p>Development throughout the zone that integrates with existing development through building scale, connections and complementary land uses.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> <p>Development integrated with existing or planned public or community transport interchanges and networks to support pedestrian access to activity centre facilities and services.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Buildings are sited and designed to create pedestrian, vehicular, open space and visual linkages between the various built-form elements within the zone and adjoining main roads and thoroughfares.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> <p>Vehicular access points and car parks are coordinated and consolidated to enable the shared use of parking spaces.</p> | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |
| <p>PO 2.5</p> <p>Development promotes the use of pedestrian and cyclist connections to centre facilities and services.</p> | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |
| <p>PO 2.6</p> <p>Buildings and facilities are sited and designed to provide an active frontage to the public realm, contributing to streetscapes and spaces that encourage social interaction.</p> | <p>DTS/DPF 2.6</p> <p>Not less than 50% of the ground floor primary frontage of buildings are visually permeable, transparent or clear glazed.</p> |

| Building height and setbacks | | | | | | | | | | | | | | | | | | | | | | | | | | | |
|---|--|----------------------------------|-------------------------------|-------------------------------|--------------------------------|--------------------------------|--------------------------------|----------------------------------|----------------------------------|----------------------------------|--------------------------------|--------------------------------|----------------------------------|----------------------------------|--------------------------------|----------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|--------------------------------------|----------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|
| <p>PO 3.1</p> <p>Building height is consistent with the form expressed in any relevant <i>Maximum Building Height (Levels) Technical and Numeric Variation</i> and <i>Maximum Building Height (Metres) Technical and Numeric Variation</i>, and is otherwise generally medium rise development, with the highest intensity of built form at the centre of the zone, and lower scale at the peripheral zone interface.</p> | <p>DTS/DPF 3.1</p> <p>Building height is:</p> <p>(a) not greater than:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> </thead> <tbody> <tr><td>Maximum building height is 8m</td></tr> <tr><td>Maximum building height is 9m</td></tr> <tr><td>Maximum building height is 12m</td></tr> <tr><td>Maximum building height is 14m</td></tr> <tr><td>Maximum building height is 15m</td></tr> <tr><td>Maximum building height is 16.5m</td></tr> <tr><td>Maximum building height is 24.5m</td></tr> <tr><td>Maximum building height is 10.5m</td></tr> <tr><td>Maximum building height is 11m</td></tr> <tr><td>Maximum building height is 20m</td></tr> <tr><td>Maximum building height is 40.5m</td></tr> <tr><td>Maximum building height is 17.5m</td></tr> <tr><td>Maximum building height is 21m</td></tr> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> <tr><td>Maximum building height is 2 levels</td></tr> <tr><td>Maximum building height is 3 levels</td></tr> <tr><td>Maximum building height is 4 levels</td></tr> <tr><td>Maximum building height is 5 levels</td></tr> <tr><td>Maximum building height is 6 levels</td></tr> <tr><td>Maximum building height is 7 levels</td></tr> <tr><td>Maximum building height is 10 levels</td></tr> </tbody> </table> <p>and</p> <p>(b) not less than:</p> <table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="text-align: center;">Minimum Building Height (Levels)</th> </tr> </thead> <tbody> <tr><td>Minimum building height is 2 levels</td></tr> <tr><td>Minimum building height is 3 levels</td></tr> <tr><td>Minimum building height is 4 levels</td></tr> </tbody> </table> <p>In relation to DTS/DPF 3.1, in instances where:</p> <p>(c) more than one value is returned in the same field then:</p> <ul style="list-style-type: none"> (i) for the purpose of DTS/DPF 3.1(a), refer to the <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> or <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development (ii) for the purpose of DTS/DPF 3.1(b) refer to the <i>Minimum Building Height (Levels) Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development <p>(d) only one value is returned for DTS/DPF 3.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other</p> <p>(e) no value is returned (ie there is a blank field), then:</p> <ul style="list-style-type: none"> (i) for the purpose of DTS/DPF 3.1(a), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy (ii) for the purpose of DTS/DPF 3.1(b), then there is no minimum building height and DTS/DPF 3.1(b) is met. | Maximum Building Height (Metres) | Maximum building height is 8m | Maximum building height is 9m | Maximum building height is 12m | Maximum building height is 14m | Maximum building height is 15m | Maximum building height is 16.5m | Maximum building height is 24.5m | Maximum building height is 10.5m | Maximum building height is 11m | Maximum building height is 20m | Maximum building height is 40.5m | Maximum building height is 17.5m | Maximum building height is 21m | Maximum Building Height (Levels) | Maximum building height is 2 levels | Maximum building height is 3 levels | Maximum building height is 4 levels | Maximum building height is 5 levels | Maximum building height is 6 levels | Maximum building height is 7 levels | Maximum building height is 10 levels | Minimum Building Height (Levels) | Minimum building height is 2 levels | Minimum building height is 3 levels | Minimum building height is 4 levels |

| Minimum building height is 3 levels | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Minimum building height is 4 levels | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 3.2</p> <p>Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone.</p> | <p>DTS/DPF 3.2</p> <p>Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary or where this boundary is the <u>primary street</u> boundary):</p> | | | | | | | | | | | | | | | | | | | | | | | | | | |

PO 3.3
Buildings mitigate overshadowing of residential development within a neighbourhood-type zone.

DTS/DPF 3.3
Buildings on sites with a southern boundary adjoining an allotment used for residential purposes within a neighbourhood-type zone are constructed within a building envelope provided by a 30 degree plane grading north measured from a height of 3m above natural ground level at the southern boundary, as shown in the following diagram:

PO 3.4
Buildings on an allotment fronting a road that is not a State maintained road, and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 3.4
None are applicable.

Land Division

PO 4.1
Land division that creates allotments that vary in size and are suitable for a variety of business and community facilities.

DTS/DPF 4.1
None are applicable.

Advertisements

PO 5.1
Advertisements are sited and designed to achieve an overall consistency and appearance along individual street frontages.

DTS/DPF 5.1
None are applicable.

PO 5.2
Freestanding advertisements:
(a) identify the associated business(es)
(b) are of a size that is commensurate with the scale of the centre and the street frontage
(c) avoid visual clutter
(d) positively respond to the context without dominating the locality.

DTS/DPF 5.2
Freestanding advertisements:
(a) do not exceed 10m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser)
(b) do not have a sign face that exceeds 8m² per side.

Vehicle parking

PO 6.1
Vehicle parking areas are sited and designed to minimise visual dominance when viewed from the public realm.

DTS/DPF 6.1
Vehicle parking areas are sited above or below street level, in decked or basement parking.

Concept Plans

PO 7.1

DTS/DPF 7.1

Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|---|
| Concept Plan 51 - Cruickshank's Corner |
| Concept Plan 52 - Dock One |
| Concept Plan 57 - McLaren's Wharf |
| Concept Plan 60 - Port Adelaide State Heritage Area |
| Concept Plan 61 - Port Approach |
| Concept Plan 67 - Woolstores |
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 9 - Blakeview |
| Concept Plan 54 - Fletchers Slip |
| Concept Plan 62 - Railways |
| Concept Plan 64 - Southern Approach |
| Concept Plan 58 - North West |
| Concept Plan 66 - West |
| Concept Plan 59 - Old Port Reach |
| Concept Plan 63 - Retail Core |
| Concept Plan 65 - Southern Gateway |
| Concept Plan 53 - East End |
| Concept Plan 55 - Hart's Mill |
| Concept Plan 56 - Main Street |
| Concept Plan 81 - Edinburgh Defence Airfield Lighting Constraints |
| Concept Plan 93 - Noarlunga Centre |

In relation to DTS/DPF 7.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 7.1 is met.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | Except any of the following: <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) consulting room (d) dwelling (e) office (f) pre-school (g) residential flat building (h) shade sail (i) solar photovoltaic panels (roof mounted) (j) student accommodation (k) supported accommodation (l) water tank. | Except development that exceeds the maximum building height specified in Urban Activity Centre Zone DTS/DPF 3.1 or does not satisfy any of the following: <ul style="list-style-type: none"> 1. Urban Activity Centre Zone DTS/DPF 3.2 2. Urban Activity Centre Zone DTS/DPF 3.3. |
| 4. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) hotel | Except development that exceeds the maximum building height specified in Urban Activity Centre Zone DTS/DPF 3.1 or does not satisfy any of the following: |

| | |
|--|--|
| <ul style="list-style-type: none"> (b) licensed premises (c) shop. | <ol style="list-style-type: none"> 1. Urban Activity Centre Zone DTS/DPF 1.6 2. Urban Activity Centre Zone DTS/DPF 3.2 3. Urban Activity Centre Zone DTS/DPF 3.3. |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) replacement building (d) temporary accommodation in an area affected by bushfire (e) tree damaging activity. | <p>None specified.</p> |
| <p>6. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Port Adelaide Centre Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Tourism, cultural and recreational facilities related to Port Adelaide's unique maritime and commercial heritage and character, and promotion of the zone as a major State tourism destination. |
| DO 2 | Optimal use of vacant and under-utilised land, buildings and the inner harbour of the Port Adelaide River. |
| DO 3 | Conservation and enhancement of items and areas of significance to the zone's unique maritime and commercial heritage, townscape, waterscape and landscape character. |
| DO 4 | A substantial increase in the number of residential dwellings, resident population and provision of accommodation and services for a wide range of people and household types in appropriate areas. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature | | | | | | | | |
|--|---|---------------------|----------------------|---|----------|---|----------|--|--|
| Land Use and Intensity | | | | | | | | | |

| | <p>uses that are suited to the conversion or rehabilitation of historic buildings in this area.</p> <p>Old Port Dock Railway Station and yards: tourism, museum uses and car parking, with sites fronting St Vincent Street and Lipson Street primarily office, commercial and institutional uses</p> <p>Southern part: Light industry, service industry, warehouse</p> |
| Fletcher's Slip | <p>Medium to high density residential dwellings</p> <p>Small scale marine related businesses and tourism activity</p> |
| Hart's Mill | <p>Areas fronting Vincent Street: Tourist accommodation and tourist or commercial uses at ground level</p> <p>Adjacent to the waterfront: Residential dwellings and mixed uses</p> |
| Mainstreet | <p>Small scale shops, offices, showrooms and consulting rooms</p> <p>Residential development integrated above ground floor envisaged uses.</p> |
| McLaren's Wharf | <p>Mixed tourism, retail, office, recreational, educational and residential development of diverse character which capitalises on its access to the waterfront.</p> <p>Development overlooking the Port Adelaide River: medium density to high density residential development.</p> |
| North West | <p>Medium to high density residential and small scale mixed use activities including some small scale tourist accommodation</p> <p>Areas over water: ground level non-residential purposes including retail, tourism and commercial uses</p> |
| Old Port Reach | <p>Medium to high-density residential development, including affordable housing</p> |
| Port Adelaide State Heritage Area | <p>Civic and administrative uses, small-scale offices, shipping agents and related commercial uses, and tourist facilities compatible with the area's historic townscape character.</p> |
| Port Approach | <p>Light industrial and commercial activities with opportunities for tourist infrastructure such as the maritime museum, tourist accommodation, offices, low impact commercial activities, and residential and mixed use development adjacent Dock One.</p> <p>Development to the south of the Port River Expressway: residential and mixed use development, commercial, office and tourist activities.</p> <p>Industrial development should not occur south of the road and rail bridges nearby residential activities.</p> |
| Railways | <p>Railway activities and associated commercial and industrial uses.</p> |
| Retail Core | <p>Major supermarkets and discount department stores, together with associated specialty shops, consulting rooms, offices and community service facilities.</p> <p>Medium to high-density residential development located above active ground floor uses</p> |
| Southern Approach | <p>Retail, showrooms, commercial, institutional development</p> <p>North-western part of the area: residential development.</p> |
| Southern Gateway | <p>Offices, commercial, showrooms, service trade premises and shops.</p> <p>Medium to high density residential development, including affordable housing, on sites in close proximity to major public transport facilities.</p> |
| West | <p>medium to high density residential development with associated open space areas and mixed use activities including some small-scale tourist accommodation</p> |
| Woolstores | <p>Low impact commercial, warehouse and storage activities</p> |

| | | |
|---------------------------------|---|---|
| | <p>Residential development where compatible with nearby land uses.</p> <p>Light industry, service industry and home industry in the area to the south of Brock Street.</p> | |
| <p>PO 1.3</p> | <p>Land adjacent to the Port Adelaide River not required for port or shipping activities is progressively redeveloped for a range of the following uses, where consistent with the intent of any relevant Concept Plans:</p> <ul style="list-style-type: none"> (a) community uses (b) medium and higher density residential uses (c) recreation (d) tourism (e) office (f) retail. | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |
| <p>PO 1.4</p> | <p>Recreational and tourism development, such as the following, are developed on the Port Adelaide River in locations where boating and harbour activities can be undertaken safely and conveniently:</p> <ul style="list-style-type: none"> (a) marinas (b) maritime museum uses (c) ferry services (d) water taxis. | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> | <p>Residential development adjacent the rail corridor as shown on Concept Plans X-X (East End, Port Approach, Concept Railways, Southern Approach, Southern Gateway, West, and Woolstores) has regard to existing and possible future noise sources with respect to site layout, orientation, design and construction to ensure a safe and comfortable residential environment and to minimise conflict with existing non-residential activities.</p> | <p>DTS/DPF 1.5</p> <p>None are applicable.</p> |
| <p>PO 1.6</p> | <p>Tourist development is primarily situated adjacent to and on the Port Adelaide River and associated public promenade.</p> | <p>DTS/DPF 1.6</p> <p>None are applicable.</p> |
| <p>PO 1.7</p> | <p>Major shops and groups of shops are concentrated within the areas constituting the 'Mainstreet' and 'Retail Core' Concept Plans.</p> | <p>DTS/DPF 1.7</p> <p>None are applicable.</p> |
| <p>PO 1.8</p> | <p>Residential accommodation at medium and higher densities where it can be demonstrated that it is compatible with, and does not prejudice, the operation of non-residential activities within this or adjacent zones.</p> | <p>DTS/DPF 1.8</p> <p>None are applicable.</p> |
| <p>PO 1.9</p> | <p>Public open space is provided in a variety of forms including a publicly accessible waterfront promenade, public reserves and public plazas.</p> | <p>DTS/DPF 1.9</p> <p>None are applicable.</p> |
| <p>PO 1.10</p> | <p>Large landscaped or other open areas fronting on to Commercial Road and St Vincent Street are not developed.</p> | <p>DTS/DPF 1.10</p> <p>None are applicable.</p> |
| <p>Built form and character</p> | | |
| <p>PO 2.1</p> | <p>Development within an area for 'Townscape Conservation' shown on a Concept Plan conserves and enhances the existing 19th and early 20th century building forms.</p> | <p>DTS/DPF 2.1</p> <p>None are applicable.</p> |
| <p>PO 2.2</p> | <p>Development within the areas for 'Townscape Conservation' shown on Concept Plan Map X should conserve and enhance the existing 19th and early 20th century building forms.</p> | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> | <p>Buildings are situated close to or abutting street frontages, particularly on corner sites, to reinforce the prevailing townscape character within the subzone.</p> | <p>DTS/DPF 2.3</p> <p>None are applicable.</p> |
| <p>PO 2.4</p> | <p>Development is sited to provide view lines and reinforce existing vistas indicated on a relevant Concept Plan including:</p> <p>View corridors:</p> <ul style="list-style-type: none"> (a) take the form of one or more of the following: <ul style="list-style-type: none"> (i) public road reservations | <p>DTS/DPF 2.4</p> <p>None are applicable.</p> |

| | |
|---|---|
| <ul style="list-style-type: none"> (ii) public reserves (iii) wider spaces between buildings <ul style="list-style-type: none"> (b) incorporate pedestrian linkages (c) have a minimum width of 17.5 metres if identified as a major view corridor (d) have a minimum width of 12 metres if identified as a minor view corridor. | |
| <p>PO 2.5</p> <p>The siting, form and scale of buildings on corner sites:</p> <ul style="list-style-type: none"> (a) increases the presence of built form on street intersections (b) addresses both street frontages (c) minimises unusable open space on the street frontages. | <p>DTS/DPF 2.5</p> <p>None are applicable.</p> |
| <p>PO 2.6</p> <p>Street furniture, including lighting, advertisements, advertising hoardings, litter bins, seats, bicycle parking facilities and bollards, are designed and located so as to complement the townscape character of the area and respond to its maritime locality.</p> | <p>DTS/DPF 2.6</p> <p>None are applicable.</p> |
| <p>PO 2.7</p> <p>Development abutting St Vincent Street, Commercial Road, Church Place and Dale Street, public spaces and pedestrian malls indicated on Concept Plan Map Z [Key Visual Elements] has facades of no less than two storeys.</p> | <p>DTS/DPF 2.7</p> <p>None are applicable.</p> |
| <p>PO 2.8</p> <p>Materials reflect and reinforce the historic, maritime character of the subzone wherever practicable.</p> | <p>DTS/DPF 2.8</p> <p>None are applicable.</p> |
| <p>PO 2.9</p> <p>Development adjacent to the public promenade, public plazas, public reserves, main roads and edges of public spaces is designed to:</p> <ul style="list-style-type: none"> (a) maintain an active interface through architectural detail and interest in skyline and pedestrian levels (b) provide active street frontages at ground level with land uses such as cafes, restaurants, local shops and home offices that contribute to the vibrancy and diversity of the area (c) maintain the continuity of streetscape with streets and public spaces defined by consistent building frontages at the street alignment (d) maximise solar access and limit overshadowing of these areas (e) protect the amenity of residents at ground level (f) protect pedestrian amenity (g) provide for varied and attractive building elevations. | <p>DTS/DPF 2.9</p> <p>None are applicable.</p> |
| <p>PO 2.10</p> <p>Landmark buildings indicated on a Concept Plans are designed to:</p> <ul style="list-style-type: none"> (a) preserve a pleasant pedestrian environment (b) create consistent building frontages at the street, plaza or promenade alignment (c) assist to deflect wind downdrafts from penetrating to street level plazas and promenades (d) be exemplary in their design quality and enhance the locality with architectural elements characteristic of the Port Adelaide, heritage buildings and waterfront environment. | <p>DTS/DPF 2.10</p> <p>None are applicable.</p> |
| <p>PO 2.11</p> <p>Development facilitates the provision of a continuous pedestrian and cyclist 'Inner Harbour Ring Route' including connections to nearby bicycle routes, schools and stations shown on Concept Maps relating to:</p> <ul style="list-style-type: none"> (a) Cruickshank's Corner (b) Dock One (c) Fletcher's Slip (d) Hart's Mill (e) Mainstreet (f) McLaren's Wharf (g) North West (h) Old Port Reach (i) Port Approach (j) West | <p>DTS/DPF 2.11</p> <p>None are applicable.</p> |
| <p>PO 2.12</p> <p>Waterfront development is designed and sited to allow for future potential flood mitigation measures such as the creation of sea walls or levees that will provide protection from stormwater and seawater flooding in a consistent and integrated manner.</p> | <p>DTS/DPF 2.12</p> <p>None are applicable.</p> |
| <p>PO 2.13</p> | <p>DTS/DPF 2.13</p> |

| | |
|---|-----------------------------|
| <p>Buildings greater than three storeys provide human scale street frontages through one or more of the following methods:</p> <ul style="list-style-type: none"> (a) stepped reduction of building heights towards street frontages (b) use of the podium level (c) use of secondary/adjoining building elements to the street. | <p>None are applicable.</p> |
|---|-----------------------------|

Building height

| | |
|---|--|
| <p>PO 3.1</p> <p>Buildings are designed to reflect the street wall heights and horizontal elements of adjacent buildings by reinforcing:</p> <ul style="list-style-type: none"> (a) the prevailing datum heights, including parapet levels, balconies or distinguishing elements such as verandas and canopies at the street level (b) a distinction of levels below and above prevailing horizontal elements through architectural expression. | <p>DTS/DPF 3.1</p> <p>None are applicable.</p> |
|---|--|

| | |
|---|--|
| <p>PO 3.2</p> <p>Building height reflects the form envisaged by Concept Plans</p> | <p>DTS/DPF 3.2</p> <p>Buildings do not exceed the number of building levels as indicated on Concept Plans.</p> |
|---|--|

Land Division

| | |

|--|---|
| <p>Car parking areas, including decked car parking:</p> <ul style="list-style-type: none"> (a) do not intrude upon, or interrupt the continuity of built-form desired along major street frontages in the subzone (b) do not detract from areas of architectural or townscape value. (c) in relation to multi-level car parking, are designed as buildings that contribute to the desired built form character include ground level uses adjacent to street frontages, such as offices, shops and tourist development. | <p>None are applicable.</p> |
| <p>PO 5.2</p> <p>On-street parking provided for detached, semi-detached and row dwellings to cater for anticipated demand.</p> | <p>DTS/DPF 5.2</p> <p>Development of detached, semi-detached or row dwellings provides on-street parking at the rate of 0.3 spaces per dwelling within the areas as delineated on Concept Maps for:</p> <ul style="list-style-type: none"> (a) Cruickshank's Corner (b) Dock One (c) Fletcher's Slip (d) McLaren's Wharf (e) North West (f) Old Port Reach (g) Port Approach (h) West |
| <p>PO 5.3</p> <p>Garages and carports associated with residential development are sited and designed to minimise visual dominance on the streetscape and views of the dwelling from the street.</p> | <p>DTS/DPF 5.3</p> <p>Garages or carports do not obtain direct access from or face the <u>primary street</u>.</p> |
| <p>Waterfront development</p> | |
| <p>PO 6.1</p> <p>Development creates and enhances a public promenade with a minimum width of 8 metres along the waterfront that achieves:</p> <ul style="list-style-type: none"> (a) continuous public pedestrian and cyclist access (b) convenient, safe and attractive linkages between sections in areas of high pedestrian or cycle traffic and in front of key tourism uses (c) allowance for infrastructure provision and flood mitigation including a sea wall or levee. | <p>DTS/DPF 6.1</p> <p>None are applicable.</p> |
| <p>PO 6.2</p> <p>Public plazas and public reserves are provided adjacent to the pedestrian promenade to provide for larger outdoor public events and gathering spaces adjacent to the waterfront in accordance with a relevant Concept Plan.</p> | <p>DTS/DPF 6.2</p> <p>Public reserves and plazas have a minimum area of:</p> <ul style="list-style-type: none"> (a) In the case of public reserves: 2000 square metres (other than those located within the Fletcher's Slip Concept Plan X; or (b) In the case of public plazas: 1500 square metres (and where a public plaza abuts a promenade, the area of the promenade is included in calculation of the plaza area for the length that the promenade abuts the plaza). |
| <p>PO 6.3</p> <p>Development is sited to take advantage of waterfront views and activities.</p> | <p>DTS/DPF 6.3</p> <p>None are applicable.</p> |
| <p>PO 6.4</p> <p>Marinas, wharfs, jetties, piers or boat moorings:</p> <ul style="list-style-type: none"> (a) provide permanent and temporary docking facilities for residents and the public (b) provide moorings suitable to a variety and varying sizes of watercraft and vessels (c) provide a visually stimulating environment (d) add vitality and maritime activity to waterfront areas (e) provide a continuation (literal or thematic) of the historic maritime uses of the Port (f) maintain a strong link and physical integration between the Port Adelaide River and land based public reserves, plazas, promenades and other public and private features comprising the waterfront (g) integrate with development built directly on or over the river (h) avoid or minimise any negative impacts on: <ul style="list-style-type: none"> (i) natural riverine ecology and processes (i) dolphin safety within the dolphin sanctuary area (j) riverine or other water quality (k) ensure that any mechanical and electrical equipment and power outlets are safe from flooding or raised to a level not lower than 3.65 metres Australian Height Datum (AHD). | <p>DTS/DPF 6.4</p> <p>None are applicable.</p> |
| <p>PO 6.5</p> <p>Development along the waterfront comprises bold, robust architectural forms with articulated and modelled facades and materials which reflect the character of older maritime/industrial buildings nearby.</p> | <p>DTS/DPF 6.5</p> <p>None are applicable.</p> |
| <p>PO 6.6</p> <p>Development encourages and facilitates the provision of a continuous 'Major Pedestrian/Cycle Path' and 'Inner Harbour Ring Route' public promenade including connections to nearby bicycle routes, schools and stations as shown on Concept Plans 'Port Adelaide Centre Traffic and Transport' and 'McLaren's Wharf'.</p> | <p>DTS/DPF 6.6</p> <p>None are applicable.</p> |

| | |
|---|--|
| <p>PO 6.7</p> <p>Marinas, wharfs, jetties, piers or boat mooring facilities and associated development provide for:</p> <ul style="list-style-type: none"> (a) serviced moorings to allow for floating retail activity (b) functional requirements of public transport and water navigation including berthing and wharf facilities for ferry and water taxi stopping points that are coordinated with land based services (c) modal interface with land-based public and private transport services and infrastructure (d) connection to shore-based service requirements and support facilities such as boat repair and servicing, amenities, accommodation and shelter structures. | <p>DTS/DPF 6.7</p> <p>None are applicable.</p> |
|---|--|

Urban Corridor (Boulevard) Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| <p>DO 1</p> | <p>Buildings that achieve a consistent, tall, uniform facade to frame the primary road corridor that are consistently well set back with areas of significant open space in front, other than in specified areas where a lesser or no setback is desired. Buildings accommodate a mix of compatible residential and non-residential uses including shops and other business activities at ground and lower floor levels with residential land uses above.</p> |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>A vibrant mix of land uses adding to the vitality of the area and extend activities outside shop hours including restaurants, educational, community and cultural facilities and visitor and residential accommodation.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Consulting Room (c) Dwelling (d) Educational Establishment (e) Hotel (f) Licensed Premises (g) Office (h) Pre-school (i) Residential Flat Building (j) Retirement Facility (k) Shop (l) Supported Accommodation (m) Student Accommodation (n) Tourist Accommodation |
| <p>PO 1.2</p> <p>Shops, offices and consulting rooms that provide a range of goods and services to the local community and the surrounding district.</p> | <p>DTS/DPF 1.2</p> <p>Shop, office or consulting room uses not exceeding a maximum gross leasable floor area of 2,000m² in a single building.</p> |
| <p>PO 1.3</p> <p>Dwellings developed in conjunction with non-residential uses that positively contribute to making the public realm of the primary road corridor, open space frontage and pedestrian thoroughfares safe, walkable, comfortable, pleasant and vibrant places.</p> | <p>DTS/DPF 1.3</p> <p>Dwellings in mixed use buildings to be located at the upper floor levels of buildings.</p> |
| <p>PO 1.4</p> <p>Development of medium to high density accommodation options either as part of a mixed use development or wholly residential development.</p> | <p>DTS/DPF 1.4</p> <p>None are applicable.</p> |
| <p>PO 1.5</p> <p>Ground floor uses positively contribute to an active primary road corridor and open space frontage.</p> | <p>DTS/DPF 1.5</p> <p>Shop, office, or consulting room uses located on the ground floor level of mixed use buildings fronting the primary road corridor.</p> |
| <p>PO 1.6</p> <p>Changes in the use of land encourage the efficient reuse of premises to support local access to a range of services compatible to the locality.</p> | <p>DTS/DPF 1.6</p> <p>Provided off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, a change of use involving either of the following:</p> |

| | <ul style="list-style-type: none"> (a) from residential to office or consulting room on the ground or first floor of a building (b) from residential to shop less than 250 m² on the ground floor of a building. | | | | | | |
|---|--|--------------------------------|--------------------------------------|--------------------------------------|--------------------------------------|--------------------------------------|--------------------------------------|
| Built Form and Character | | | | | | | |
| <p>PO 2.1</p> <p>Buildings contribute to a consistent framing of the primary road corridor, open space and public spaces and provide visual relief from building mass at street level.</p> | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> (a) include a clearly defined podium or street wall with a maximum height of 2 levels or 8 metres (b) have levels above the defined podium or street wall setback a minimum of 2m from that wall. | | | | | | |
| <p>PO 2.2</p> <p>Buildings are adaptable and flexible to suit a range residential and non-residential of land uses.</p> | <p>DTS/DPF 2.2</p> <p>The ground floor of buildings contains a minimum floor to ceiling height of 3.5m.</p> | | | | | | |
| <p>PO 2.3</p> <p>Buildings designed to create visual connection between the public realm and ground level interior, to ensure an active interface with the primary street frontage and maximise passive surveillance.</p> | <p>DTS/DPF 2.3</p> <p>Minimum 50% of the ground floor primary frontage of buildings are visually permeable, transparent or clear glazed.</p> | | | | | | |
| <p>PO 2.4</p> <p>Buildings setback from the primary street boundaries to provide a consistent streetscape edge with generous landscaping and tall articulated building facades, except in locations where a lesser or no setback is desired to achieve a more prominent, strongly defined, and continuous built form presence to the primary road corridor.</p> | <p>DTS/DPF 2.4</p> <p>The building line of buildings setback from the primary street boundary:</p> <ul style="list-style-type: none"> (a) not less than: <table border="1" style="margin-left: 20px;"> <thead> <tr> <th style="text-align: center;">Minimum Primary Street Setback</th> </tr> </thead> <tbody> <tr> <td>Minimum primary street setback is 0m</td> </tr> <tr> <td>Minimum primary street setback is 2m</td> </tr> <tr> <td>Minimum primary street setback is 3m</td> </tr> <tr> <td>Minimum primary street setback is 4m</td> </tr> <tr> <td>Minimum primary street setback is 6m</td> </tr> </tbody> </table> or (b) where no value is returned in DTS/DPF(a): <ul style="list-style-type: none"> (i) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (ii) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building. <p>In instances where (a) or (b) do not apply, then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.</p> | Minimum Primary Street Setback | Minimum primary street setback is 0m | Minimum primary street setback is 2m | Minimum primary street setback is 3m | Minimum primary street setback is 4m | Minimum primary street setback is 6m |
| Minimum Primary Street Setback | | | | | | | |
| Minimum primary street setback is 0m | | | | | | | |
| Minimum primary street setback is 2m | | | | | | | |
| Minimum primary street setback is 3m | | | | | | | |
| Minimum primary street setback is 4m | | | | | | | |
| Minimum primary street setback is 6m | | | | | | | |
| <p>PO 2.5</p> <p>Buildings set back from secondary street boundaries to contribute to a consistent established streetscape.</p> | <p>DTS/DPF 2.5</p> <p>Building walls setback from a secondary street frontage not less than 2m.</p> | | | | | | |
| <p>PO 2.6</p> <p>Buildings set back from side boundaries (other than street and zone boundaries) to provide separation between buildings in a way that complements the established character of the locality and enables access to natural sunlight and ventilation for neighbouring buildings.</p> | <p>DTS/DPF 2.6</p> <p>Building walls with no window/s or balcony/ies fronting the boundary, setback from side boundaries as follows:</p> <ul style="list-style-type: none"> (a) no minimum on the boundary, within the first 18m from the front property boundary for any building level (b) no minimum for remaining length for ground level only (c) 2m for 1st level and above for building parts more than 18 metres from the front property boundary. | | | | | | |
| <p>PO 2.7</p> <p>Buildings set back from rear boundaries (other than street boundaries) to minimise negative impacts on neighbouring properties, including access to natural sunlight and ventilation.</p> | <p>DTS/DPF 2.7</p> <p>Building walls setback from rear boundaries as follows:</p> <ul style="list-style-type: none"> (a) 5m or more where the subject land directly abuts an allotment of a different zone or (b) 3m or more in all other cases, except where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land. | | | | | | |
| <p>PO 2.8</p> <p>Buildings set back from street boundaries (in the case of rear access ways) to provide adequate manoeuvrability for vehicles.</p> | <p>DTS/DPF 2.8</p> <p>Building walls setback from the rear access way:</p> <ul style="list-style-type: none"> (a) no requirement where the access way is not less than 6.5m wide or (b) where the access way is less than 6.5m wide, the distance equal to the additional width required to make the access way at least 6.5m wide. | | | | | | |
| Building Height | | | | | | | |

PO 3.1

Building height consistent with the form expressed in the *Maximum Building Height (Levels) Technical and Numeric Variation* layer and the *Maximum Building Height (Metres) Technical and Numeric Variation* layer and otherwise positively responds to the local context including the site's frontage, depth, and adjacent primary corridor or street width.

DTS/DPF 3.1

Except where a Concept Plan specifies otherwise, development does not exceed the following building height(s):

| Maximum Building Height (Levels) |
|---|
| Maximum building height is 2 levels |
| Maximum building height is 3 levels |
| Maximum building height is 4 levels |
| Maximum building height is 5 levels |
| Maximum building height is 6 levels |
| Maximum building height is 7 levels |
| Maximum building height is 8 levels |
| Maximum building height is 9 levels |
| Maximum building height is 10 levels |
| Maximum Building Height (Metres) |
| Maximum building height is 8m |
| Maximum building height is 11.5m |
| Maximum building height is 12.5m |
| Maximum building height is 15m |
| Maximum building height is 18.5m |
| Maximum building height is 22m |
| Maximum building height is 25.5m |
| Maximum building height is 32.5m |
| Maximum building height is 36m |

In relation to DTS/DPF 3.1, in instances where:

- (a) more than one value is returned in the same field, refer to the *Maximum Building Height (Levels) Technical and Numeric Variation* layer or *Maximum Building Height (Metres) Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (b) only one value is returned (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other
- (c) no value is returned (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.

PO 3.2

Buildings designed to achieve optimal height and floor space yields, and views across the Park Lands (where relevant).

DTS/DPF 3.2

New development is not less than the following building height:

| Minimum Building Height (Levels) |
|---|
| Minimum building height is 2 levels |
| Minimum building height is 3 levels |
| Minimum building height is 4 levels |

In relation to DTS/DPF 3.2, in instances where:

- (a) more than one value is returned in the same field, refer to the *Minimum Building Height (Levels) Technical and Numeric Variation* layer in the SA planning database to determine the applicable value relevant to the site of the proposed development
- (b) no value is returned (i.e. there is a blank field), then there is no minimum building height and DTS/DPF 3.2 is met.

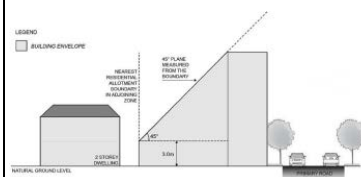

Interface Height

PO 4.1

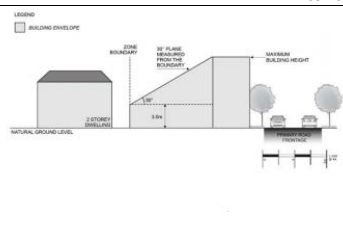

Buildings mitigate impacts of building massing on residential development within a neighbourhood-type zone.

DTS/DPF 4.1

Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

Buildings constructed within a building envelope provided by a 30 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

| | |
|--|---|
| | <p style="text-align: center;">Interface Height</p>  |
| <p>PO 4.2</p> <p>Buildings on an allotment fronting a road that is not the primary corridor (ie a State maintained road) and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.</p> | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>Significant Development Sites</p> | |
| <p>PO 5.1</p> <p>Consolidation of significant development sites (a site with a frontage over 25m to a primary road corridor and over 2500m² in area, which may include one or more allotments) to achieve increased development yield provided that off-site impacts can be managed and broader community benefit is achieved in terms of design quality, community services, affordable housing provision, or sustainability features.</p> | <p>DTS/DPF 5.1</p> <p>Development on significant development sites (a site with a frontage over 25m to a primary road corridor and over 2500m² in area) up to 30% above the maximum building height specified in DTS/DPF 3.1 (rounded to the nearest whole number) where it:</p> <ul style="list-style-type: none"> (a) incorporates the retention, conservation and reuse of a building which is a listed heritage place or an existing built form and context that positively contributes to the character of the local area (b) includes more than 15% of dwellings as affordable housing or (c) includes at least: <ul style="list-style-type: none"> (i) three of the following: <ul style="list-style-type: none"> A. high quality open space that is universally accessible and is directly connected to, and well integrated with, public realm areas of the street B. high quality, safe and secure, universally accessible pedestrian linkages that connect through the development site C. active uses are located on the public street frontages of the building, with any above ground car parking located behind D. a range of dwelling types that includes at least 10% of 3+ bedroom apartments E. a child care centre <p style="text-align: center;">and</p> (ii) three of the following: <ul style="list-style-type: none"> A. a communal useable garden integrated with the design of the building that covers the majority of a rooftop area supported by services that ensure ongoing maintenance B. living landscaped vertical surfaces of at least 50m² supported by services that ensure ongoing maintenance C. passive heating and cooling design elements including solar shading integrated into the building D. higher amenity through provision of private open space in excess of minimum requirements by 25% for at least 50% of dwellings. |
| <p>PO 5.2</p> <p>Development on a significant development site (a site with a frontage over 25m to a primary road corridor and over 2500m² in area) designed to minimise impacts on residential uses in adjacent zones with regard to intensity of use, overshadowing, massing and building proportions.</p> | <p>DTS/DPF 5.2</p> <p>Development on a significant development site (a site with a frontage over 25m to a primary road corridor and over 2500m² in area) that:</p> <ul style="list-style-type: none"> (a) is constructed within zone's Interface Building Height provision as specified DTS/DPF4.1 (b) locates non-residential activities and higher density elements towards the primary road corridor (c) locates taller building elements towards the primary road corridor. |
| <p>Movement, parking and access</p> | |
| <p>PO 6.1</p> <p>Development does not result in additional crossovers on the primary street frontage, except where rationalising existing crossovers on consolidated sites and is designed to minimise conflicts with pedestrians and cyclists and minimise disruption to the continuity of built form.</p> | <p>DTS/DPF 6.1</p> <p>Vehicular access to be provided:</p> <ul style="list-style-type: none"> (a) via side streets or rear lanes provided there is no negative impact on residential amenity within the zone and in adjacent zones or (b) where it consolidates or replaces existing crossovers. |
| <p>PO 6.2</p> <p>Development is designed to ensure car parking is located to avoid negative impacts on the primary corridor streetscape.</p> | <p>DTS/DPF 6.2</p> <p>Vehicle parking garages located behind buildings away from the primary main street frontage.</p> |

| Advertisements | |
|--|---|
| <p>PO 7.1</p> <p>Freestanding advertisements identify the associated business without creating a visually dominant element within the streetscape.</p> | <p>DTS/DPF 7.1</p> <p>Freestanding advertisements::</p> <ul style="list-style-type: none"> (a) do not exceed 6m in height above natural ground level (b) do not have a sign face that exceeds 4m² per side. |
| Concept Plans | |
| <p>PO 8.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 8.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 8.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 8.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) dwelling (e) fence (f) pre-school (g) residential flat building (h) retirement facility (i) shade sail (j) solar photovoltaic panels (roof mounted) (k) student accommodation (l) supported accommodation (m) swimming pool or spa pool (n) water tank. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Urban Corridor (Boulevard) DTS/DPF 3.1 or 2. does not satisfy Urban Corridor (Boulevard) DTS/DPF 4.1 or 3. involves the construction of a building of 4 or more building levels and the site of the development is: <ul style="list-style-type: none"> (a) adjacent land to a neighbourhood-type zone and (b) adjoins an allotment containing an existing low-rise building used for residential purposes. |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Urban Corridor (Boulevard) DTS/DPF 3.1 or 2. does not satisfy Urban Corridor (Boulevard) DTS/DPF 1.2 or 3. does not satisfy Urban Corridor (Boulevard) DTS/DPF 4.1 or 4. involves the construction of a building of 4 or more building levels and the site of the development is: <ul style="list-style-type: none"> (a) adjacent land to a neighbourhood-type zone and (b) adjoins an allotment containing an existing low-rise building used for residential purposes. |

| | |
|--|--|
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) replacement building (c) tree damaging activity. | <p>None specified.</p> |
| <p>6. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Urban Corridor (Business) Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| <p style="text-align: center;">Desired Outcome</p> | |
|---|--|
| <p>DO 1</p> | <p>A medium rise mixed use zone with a strong focus on employment, which accommodates a diverse range of commercial and light industrial land uses together with compatible medium density residential development oriented towards a primary road corridor.</p> |
| <p>DO 2</p> | <p>Residential development that provides a pleasant amenity for residents without diminishing business opportunities on adjacent land.</p> |

Performance Outcomes and Deemed to Satisfy / Designated Performance Outcome Criteria

| <p style="text-align: center;">Performance Outcome</p> | <p style="text-align: center;">Deemed-to-Satisfy Criteria / Designated Performance Feature</p> |
|--|--|
| <p>Land Use and Intensity</p> | |
| <p>PO 1.1</p> <p>A diverse range of employment land uses, educational and community facilities in conjunction with residential accommodation.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Consulting Room (c) Dwelling (d) Educational Establishment (e) Hotel (f) Licensed Premises (g) Light Industry (h) Office (i) Pre-school (j) Residential Flat Building (k) Retail Fuel Outlet (l) Retirement Facility (m) Service Trade Premises (n) Shop (o) Store (p) Student Accommodation (q) Supported Accommodation (r) Tourist Accommodation (s) Warehouse |
| <p>PO 1.2</p> <p>A range of small- to medium- scale non-residential uses, services and facilities such as shops, offices and consulting rooms that meet the day to day needs of the local community.</p> | <p>DTS/DPF 1.2</p> <p>Shop, office or consulting room uses not exceeding a maximum gross leasable floor area of 1000m² in a single building.</p> |
| <p>PO 1.3</p> <p>Development of non-residential uses such as educational facilities, pre-school facility, health and welfare services to service the local community as well as a wider catchment.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> |

| <p>PO 1.4</p> <p>Dwellings primarily developed in conjunction with non-residential uses to support local business, activities and contribute to making the primary road corridor and pedestrian thoroughfares safe, walkable, comfortable, pleasant and vibrant places.</p> | <p>DTS/DPF 1.4</p> <p>Dwellings developed in conjunction with non-residential uses sited:</p> <ul style="list-style-type: none"> (a) at upper levels of buildings with non-residential uses located at ground level or (b) behind non-residential uses on the same allotment. | | | | |

| <p>PO 4.2</p> <p>Buildings on an allotment fronting a road that is not the primary corridor (ie a State maintained road) and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.</p> | <p>DTS/DPF 4.2</p> <p>None are applicable.</p> |
| <p>Significant Development Sites</p> | |
| <p>PO 5.1</p> <p>Consolidation of significant development sites (a site with a frontage over 25m to a primary road corridor and over 2500m² in area, which may include one or more allotments) to achieve increased development yield provided that off-site impacts can be managed and broader community benefit is achieved in terms of design quality, community services, affordable housing provision, or sustainability features.</p> | <p>DTS/DPF 5.1</p> <p>Development on significant development sites up to 30% above the maximum building height specified in DTS/DPF 3.1 (rounded to the nearest whole number) where it:</p> <ul style="list-style-type: none"> (a) incorporates the retention, conservation and reuse of a building which is a listed heritage place or an existing built form and context that positively contributes to the character of the local area (b) includes more than 15% of dwellings as affordable housing or (c) includes at least: <ul style="list-style-type: none"> (i) three of the following: <ul style="list-style-type: none"> A. high quality open space that is universally accessible and is directly connected to, and well integrated with, public realm areas of the street B. high quality, safe and secure, universally accessible pedestrian linkages that connect through the development site C. active uses are located on the public street frontages of the building, with any above ground car parking located behind D. a range of dwelling types that includes at least 10% of 3+ bedroom apartments; E. a child care centre (ii) three of the following: <ul style="list-style-type: none"> A. a communal useable garden integrated with the design of the building that covers the majority of a rooftop area supported by services that ensure ongoing maintenance B. living landscaped vertical surfaces of at least 50m² supported by services that ensure ongoing maintenance C. passive heating and cooling design elements including solar shading integrated into the building D. higher amenity through provision of private open space in excess of minimum requirements by 25% for at least 50% of dwellings. |
| <p>PO 5.2</p> | <p>DTS/DPF 5.2</p> |

| | |
|---|--|
| <p>Development on a significant development site (a site with a frontage to a primary road corridor and over 2500m² which may include one or more allotments) designed to minimise impacts on residential uses in adjacent zones with regard to intensity of use, overshadowing, massing and building proportions.</p> | <p>Development that:</p> <ul style="list-style-type: none"> (a) is constructed within zone's Interface Building Height provision as specified DTS/DPF 4.1 (b) locates non-residential activities and higher density elements towards the primary road corridor (c) locates taller building elements towards the primary road corridor. |
| <p>Movement, parking and access</p> | |
| <p>PO 6.1 Development does not result in additional crossovers on the primary street frontage, except where rationalising existing crossovers on consolidated sites and is designed to minimise conflicts with pedestrians and cyclists and minimise disruption to the continuity of built form.</p> | <p>DTS/DPF 6.1 Vehicular access to be provided:</p> <ul style="list-style-type: none"> (a) via side streets or rear lanes provided there is no negative impact on residential amenity within the zone and in adjacent zones or (b) where it consolidates or replaces existing crossovers. |
| <p>Advertisements</p> | |
| <p>PO 7.1 Freestanding advertisements identify the associated business without creating a visually dominant element within the streetscape.</p> | <p>DTS/DPF 7.1 Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) do not exceed 6m in height (b) do not have a sign face that exceeds 4m² per side. |
| <p>Concept Plans</p> | |
| <p>PO 8.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 8.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 8.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 8.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| <p>Class of Development (Column A)</p> | <p>Exceptions (Column B)</p> |
|--|---|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) carport (e) dwelling (f) outbuilding (g) pre-school (h) residential flat building (i) retirement facility (j) shade sail (k) solar photovoltaic panels (roof mounted) (l) student accommodation (m) supported accommodation (n) verandah (o) water tank. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Urban Corridor (Business) DTS/DPF 3.1 or 2. does not satisfy Urban Corridor (Business) DTS/DPF 4.1 or 3. involves the construction of a building of 4 or more building levels and the site of the development is: <ul style="list-style-type: none"> (a) adjacent land to a neighbourhood-type zone and (b) adjoins an allotment containing an existing low-rise building used for residential purposes. |

| | |
|--|---|
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <p>Except development that:</p> <ol style="list-style-type: none"> 1. exceeds the maximum building height specified in Urban Corridor (Business) DTS/DPF 3.1 or 2. does not satisfy Urban Corridor (Business) DTS/DPF 1.2 or 3. does not satisfy Urban Corridor (Business) DTS/DPF 4.1 or 4. involves the construction of a building of 4 or more building levels and the site of the development is: <ul style="list-style-type: none"> (a) adjacent land to a neighbourhood-type zone and (b) adjoins an allotment containing an existing low-rise building used for residential purposes. |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) replacement building (c) tree damaging activity. | <p>None specified.</p> |
| <p>6. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Urban Corridor Business Retail Subzone

Assessment Provisions

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO1 | Additional neighbourhood-scale shopping, business, entertainment and recreation facilities to provide a focus for business and community life and most daily and weekly shopping needs of the community. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Retail, office, entertainment and recreation related uses supplemented by other businesses providing a range of goods and services to the community. | DTS/DPF 1.1 Shop, office or consulting room uses not exceeding a maximum gross leasable floor area of 2000m2 in a single building. |

Urban Corridor (Living) Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A mixed use area with a strong residential focus that provides a diverse range of medium density housing options primarily in multi-level medium rise buildings supported by compatible non-residential land uses oriented towards a primary road corridor, high frequency public transport route, activity centre or significant open space. |
| DO 2 | Non-residential activities that enhance convenient day to day living for nearby residents and encourage small group and intimate social gatherings that is contextually appropriate to a compact residential amenity. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature | | | | | | |
|--|--|--------------------------------|--------------------------------------|--------------------------------------|--------------------------------------|--------------------------------------|--------------------------------------|
| Land Use and Intensity | | | | | | | |
| <p>PO 1.1</p> <p>A vibrant mix of land uses adding to the vitality of the area and extend activities outside shop hours including restaurants, educational, community and cultural facilities and visitor and residential accommodation.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Consulting Room (c) Dwelling (d) Educational Establishment (e) Office (f) Pre-school (g) Retirement Facility (h) Shop (i) Student Accommodation (j) Supported Accommodation (k) Tourist Accommodation | | | | | | |
| <p>PO 1.2</p> <p>A range of small to medium scale non-residential uses, services and facilities such as shops, offices and consulting rooms that meet the day to day needs for the local community.</p> | <p>DTS/DPF 1.2</p> <p>Shop, office, or consulting room uses not exceeding a maximum gross leasable floor area of 500m².</p> | | | | | | |
| <p>PO 1.3</p> <p>Development of diverse medium density accommodation options either as part of a mixed use development or wholly residential development.</p> | <p>DTS/DPF 1.3</p> <p>None are applicable.</p> | | | | | | |
| <p>PO 1.4</p> <p>Changes in the use of land encourage the efficient reuse of premises to support local access to a range of services compatible to the locality.</p> | <p>DTS/DPF 1.4</p> <p>Provided off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, a change of use involving either of the following:</p> <ul style="list-style-type: none"> (a) from residential to office or consulting room on the ground or first floor of a building (b) from residential to shop less than 250 m² on the ground floor of a building. | | | | | | |
| Built Form and Character | | | | | | | |
| <p>PO 2.1</p> <p>Buildings positively contribute to a continuous framing of the primary road / public transport corridor and public realm, and provide visual relief from building scale and massing from the ground level public realm.</p> | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> (a) include a clearly defined podium or street wall with a maximum building height of 2 building levels or 8m in height (b) have levels above the defined podium or street wall setback a minimum of 2m from that wall. | | | | | | |
| <p>PO 2.2</p> <p>Buildings setback from the primary street boundaries are consistent with the established streetscape, except in locations where no setback is desired to achieve a more prominent, strongly defined, and continuous built form presence to the primary road corridor.</p> | <p>DTS/DPF 2.2</p> <p>The building line of buildings set back from the primary street boundary:</p> <ul style="list-style-type: none"> (a) not less than: <table border="1" data-bbox="805 1518 1548 1713" style="margin-left: 20px;"> <thead> <tr> <th style="text-align: center;">Minimum Primary Street Setback</th> </tr> </thead> <tbody> <tr> <td>Minimum primary street setback is 0m</td> </tr> <tr> <td>Minimum primary street setback is 2m</td> </tr> <tr> <td>Minimum primary street setback is 3m</td> </tr> <tr> <td>Minimum primary street setback is 4m</td> </tr> <tr> <td>Minimum primary street setback is 6m</td> </tr> </tbody> </table> or (b) where no value is returned in DTS/DPF(a): <ul style="list-style-type: none"> (i) at least the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road or a vacant allotment) (ii) where there is only one existing building on adjoining sites which face the same primary street (including those that would adjoin if not separated by a public road or a vacant allotment), not less than the setback to the building line of that building. <p>In instances where (a) or (b) do not apply, then none are applicable and the relevant development cannot be classified as deemed-to-satisfy.</p> | Minimum Primary Street Setback | Minimum primary street setback is 0m | Minimum primary street setback is 2m | Minimum primary street setback is 3m | Minimum primary street setback is 4m | Minimum primary street setback is 6m |
| Minimum Primary Street Setback | | | | | | | |
| Minimum primary street setback is 0m | | | | | | | |
| Minimum primary street setback is 2m | | | | | | | |

| <p>Interface Height</p> | | | | | | | | | | | | | | |

PO 4.1

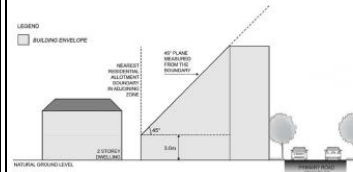

Buildings mitigate impacts of building massing on residential development within a neighbourhood-type zone.

DTS/DPF 4.1

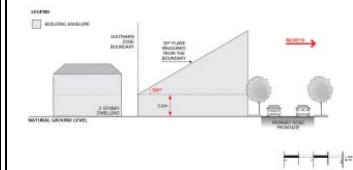

Interface Height

Buildings constructed within a building envelope provided by a:

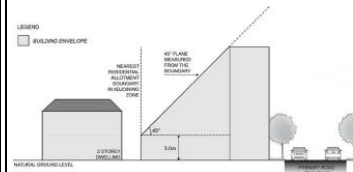

- (a) 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary):

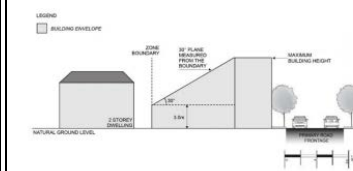

- (a) in relation to a southern boundary, 30 degree plane grading north, measured from a height of 3m above natural ground at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

Buildings constructed within a building envelope provided by a 30 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

PO 4.2

Buildings on an allotment fronting a road that is not the primary corridor (ie a State maintained road) and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 4.2

None are applicable.

Significant Development Sites

PO 5.1

Consolidation of significant development sites (a site with a frontage over 25m to a primary road corridor and over 2500m² in area, which may include one or more allotments) to achieve increased development yield provided that off-site impacts can be managed and broader community benefit is achieved in terms of design quality, community services, affordable housing provision, or sustainability features.

DTS/DPF 5.1

Development on significant development sites up to 30% above the maximum building height specified in DTS/DPF 3.1 (rounded to the nearest whole number) where it:

- (a) incorporates the retention, conservation and reuse of a building which is a listed heritage place or an existing built form and context that positively contributes to the character of the local area
- (b) includes more than 15% of dwellings as affordable housing or
- (c) includes at least:
 - (i) three of the following:
 - A. high quality open space that is universally accessible and is directly connected to, and well integrated with, public realm areas of the street
 - B. high quality, safe and secure, universally accessible pedestrian linkages that connect through the development site
 - C. active uses are located on the public street frontages of the building, with any above ground car parking located behind

| | <p>D. a range of dwelling types that includes at least 10% of 3+ bedroom apartments</p> <p>E. a child care centre.</p> <p>(ii) three of the following:</p> <p>A. a communal useable garden integrated with the design of the building that covers the majority of a rooftop area supported by services that ensure ongoing maintenance;</p> <p>B. living landscaped vertical surfaces of at least 50m² supported by services that ensure ongoing maintenance;</p> <p>C. passive heating and cooling design elements including solar shading integrated into the building;</p> <p>D. higher amenity through provision of private open space in excess of minimum requirements by 25% for at least 50% of dwellings.</p> | | | |
|---|---|-------------|----------------------------|--------------------------------|
| <p>PO 5.2</p> <p>Development on a significant development site designed to minimise impacts on residential uses in adjacent zones with regard to intensity of use, overshadowing, massing and building proportions.</p> | <p>DTS/DPF 5.2</p> <p>Development that:</p> <p>(a) is constructed within zone's Interface Building Height provision as specified DTS/DPF 4.1</p> <p>(b) locates non-residential activities and higher density elements towards the primary road corridor</p> <p>(c) locates taller building elements towards the primary road corridor.</p> | | | |
| Movement, parking and access | | | | |
| <p>PO 6.1</p> <p>Development does not result in additional crossovers on the primary street frontage, except where rationalising existing crossovers on consolidated sites and is designed to minimise conflicts with pedestrians and cyclists and minimise disruption to the continuity of built form.</p> | <p>DTS/DPF 6.1</p> <p>Vehicular access to be provided:</p> <p>(a) via side streets or rear lanes provided there is no negative impact on residential amenity within the zone and in adjacent zones or</p> <p>(b) where it consolidates or replaces existing crossovers.</p> | | | |
| <p>PO 6.2</p> <p>Development is designed to ensure car parking is located avoid negative impacts on the primary corridor streetscape.</p> | <p>DTS/DPF 6.2</p> <p>Vehicle parking garages located behind buildings away from the primary main street frontage.</p> | | | |
| Advertisements | | | | |
| <p>PO 7.1</p> <p>Freestanding advertisements identify the associated business without creating a visually dominant element within the streetscape.</p> | <p>DTS/DPF 7.1</p> <p>Freestanding advertisements:</p> <p>(a) do not exceed 6m in height above natural ground level</p> <p>(b) do not have a face that exceeds 4m² per side.</p> | | | |
| Concept Plans | | | | |
| <p>PO 8.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 8.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <table border="1" style="width: 100%;"> <thead> <tr> <th style="text-align: center;">Description</th> </tr> </thead> <tbody> <tr> <td>Concept Plan 24 - Glenside</td> </tr> <tr> <td>Concept Plan 110 - Forestville</td> </tr> </tbody> </table> <p>In relation to DTS/DPF 8.1, in instances where:</p> <p>(a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.</p> <p>(b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 8.1 is met.</p> | Description | Concept Plan 24 - Glenside | Concept Plan 110 - Forestville |
| Description | | | | |
| Concept Plan 24 - Glenside | | | | |
| Concept Plan 110 - Forestville | | | | |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--------------------------|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |

| | |
|---|---|
| <p>2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) building work on railway land (d) carport (e) dwelling (f) fence (g) outbuilding (h) pre-school (i) residential flat building (j) shade sail (k) solar photovoltaic panels (roof mounted) (l) student accommodation (m) supported accommodation (n) swimming pool or spa pool (o) verandah (p) water tank. | <p>Except development that:</p> <ol style="list-style-type: none"> 1. exceeds the maximum building height specified in Urban Corridor (Living) DTS/DPF 3.1 or 2. does not satisfy Urban Corridor (Living) DTS/DPF 4.1 or 3. involves the construction of a building of 4 or more building levels and the site of the development is: <ol style="list-style-type: none"> (a) adjacent land to a neighbourhood-type zone and (b) adjoins an allotment containing an existing low-rise building used for residential purposes. |
| <p>4. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <p>Except development that:</p> <ol style="list-style-type: none"> 1. exceeds the maximum building height specified in Urban Corridor (Living) DTS/DPF 3.1 or 2. does not satisfy Urban Corridor (Living) DTS/DPF 1.2 or 3. does not satisfy Urban Corridor (Living) DTS/DPF 4.1 or 4. involves the construction of a building of 4 or more building levels and the site of the development is: <ol style="list-style-type: none"> (a) adjacent land to a neighbourhood-type zone and (b) adjoins an allotment containing an existing low-rise building used for residential purposes. |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ol style="list-style-type: none"> (a) internal building works (b) replacement building (c) tree damaging activity. | <p>None specified.</p> |
| <p>6. Demolition.</p> | <p>Except any of the following:</p> <ol style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Urban Corridor Living Retail Subzone

Assessment Provisions (AP)
Desired Outcome (DO)

| <p style="text-align: center;">Desired Outcome</p> | |
|---|---|
| <p>DO1</p> | <p>Additional neighbourhood-scale shopping, business, entertainment and recreation facilities to provide a focus for business and community life and most daily and weekly shopping needs of the community.</p> |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Land Use and Intensity

| | |
|---|--|
| PO 1.1 | DTS/DPF 1.1 |
| Retail, office, entertainment and recreation related uses supplemented by other businesses providing a range of goods and services to the community as part of a mixed use development. | Shops, offices or consulting room uses exceeding a maximum gross leasable floor area of 500m ² where integrated with residential development and comprise a range of tenancies. |

Urban Corridor (Main Street) Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | A safe, walkable and vibrant shopping, entertainment and commercial main street precinct with an active day and evening economy supported by medium density residential development. |
| DO 2 | Built form positively contributing to: <ul style="list-style-type: none"> (a) a streetscape that is visually interesting at human-scale comprising articulated buildings with a high level of fenestration and balconies oriented towards the street (b) a fine-grain public realm comprising buildings with active frontages that are designed to reinforce the street rhythm, that consider the facades, articulation and massing of existing buildings and any spaces between them, and provide narrow tenancy footprints at ground level. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

Performance Outcome

Deemed-to-Satisfy Criteria / Designated Performance Feature

Land Use and Intensity

| | |
|---|--|
| PO 1.1 | DTS/DPF 1.1 |
| A vibrant mix of land uses adding to the vitality of the area and extending activities outside shop hours including restaurants, educational, community and cultural facilities and visitor and residential accommodation. | Development comprises one or more of the following: <ul style="list-style-type: none"> (a) Advertisement (b) Consulting Room (c) Dwelling (d) Hotel (e) Educational Establishment (f) Licensed Premises (g) Office (h) Pre-school (i) Residential Flat Building (j) Retirement Facility (k) Shop (l) Student Accommodation (m) Supported Accommodation (n) Tourist Accommodation |
| PO 1.2 | DTS/DPF 1.2 |
| Retail, office, entertainment and recreation related uses that provide a range of goods and services to the local community and the surrounding district. | None are applicable. |
| PO 1.3 | DTS/DPF 1.3 |
| Ground floor uses contribute to a safe, active and vibrant main street. | Shop, office, or consulting room uses located on the ground floor level of buildings fronting the primary road corridor. |
| PO 1.4 | DTS/DPF 1.4 |
| Dwellings developed in conjunction with non-residential uses to support business, entertainment and recreational activities that contribute to making the main street locality and pedestrian thoroughfares safe, walkable, comfortable, pleasant and vibrant places. | Dwellings developed in conjunction with non-residential uses, and sited: <ul style="list-style-type: none"> (a) at upper levels of buildings with non-residential uses located at ground level or (b) behind non-residential uses on the same allotment. |
| PO 1.5 | DTS/DPF 1.5 |
| Development of diverse medium density accommodation options either as part of a mixed use development or wholly residential development. | None are applicable. |
| PO 1.6 | DTS/DPF 1.6 |
| Land uses promote movement and activity during daylight and evening hours, including restaurants, educational, health, community and cultural facilities, and visitor and residential accommodation. | None are applicable. |

| | |
|--|--|
| <p>PO 1.7</p> <p>Changes in the use of land encourage the efficient reuse of commercial premises to maintain and enhance vibrancy within activity centres.</p> | <p>DTS/DPF 1.7</p> <p>A change of use to a shop, office, consulting room or any combination of these uses where all of the following are achieved:</p> <ul style="list-style-type: none"> (a) the area to be occupied by the proposed development is located in an existing building and is currently used as a shop, office, consulting room or any combination of these uses; (b) if the proposed change of use is for a shop that primarily involves the handling and sale of foodstuffs, areas used for the storage and collection of refuse are sited at least 10 metres from the site of a dwelling (other than a dwelling directly associated with the proposed shop) (c) if the proposed change of use is for a shop that primarily involves heating and cooking of foodstuffs in a commercial kitchen and is within 30 metres of any neighbourhood-type zone boundary or a dwelling (other than a dwelling directly associated with the proposed shop), an exhaust duct and stack (chimney) exists or is capable of being installed for discharging exhaust emissions (d) if the change in use involves a gross leasable floor area greater than 250m² and has direct frontage to an arterial road, it achieves either (i) or (ii): <ul style="list-style-type: none"> (i) the primary vehicle access (being the access where the majority of vehicles access / egress the site of the proposed development) is from a road that is not an arterial road (ii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared (e) off-street vehicular parking exists in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number, except in any of the following circumstances: <ul style="list-style-type: none"> (i) the building is a local heritage place (ii) the required contribution will be made into a relevant car parking offset scheme (other than where a relevant contribution has previously been made); or (iii) the development is located on a site that operates as an integrated complex containing two or more tenancies (and which may comprise more than one building) where facilities for off-street vehicle parking, vehicle loading and unloading, and the storage and collection of refuse are shared. |
| <p>Built Form and Character</p> | |
| <p>PO 2.1</p> <p>Buildings sensitively frame the main street and public spaces, provide overall visual relief from building height and mass, and maintain a human scale for pedestrians.</p> | <p>DTS/DPF 2.1</p> <p>Buildings:</p> <ul style="list-style-type: none"> (a) include a clearly defined podium or street wall with a maximum building height of 2 building levels or 8m, or higher where it matches the existing street wall of adjoining buildings (b) have levels above the defined podium or street wall setback a minimum of 2m from that wall. |
| <p>PO 2.2</p> <p>Buildings and structures designed to complement and respond to the established fine-grained main street character by:</p> <ul style="list-style-type: none"> (a) ensuring the verandah profile and materials of construction are consistent with and positively respond to adjacent traditional main street buildings (b) complementing the traditional shop-front elements, such as narrow buildings and tenancy footprints, with frequently repeated frontages, and clear-glazed narrow shop front displays above raised display levels [base stall boards] and recessed entries. | <p>DTS/DPF 2.2</p> <p>None are applicable.</p> |
| <p>PO 2.3</p> <p>Buildings designed to create visual connection between the public realm and ground level interior, to ensure an active interface with the main street and maximise passive surveillance.</p> | <p>DTS/DPF 2.3</p> <p>The ground floor primary frontage of buildings provides at least 60% of the street frontage as an entry / foyer or display window to a shop or other community or commercial use that provides pedestrian interest and activation.</p> |
| <p>PO 2.4</p> <p>Buildings provide a high amenity pedestrian environment by providing shelter and shade over footpaths.</p> | <p>DTS/DPF 2.4</p> <p>Buildings that provide a continuity of verandahs, canopies, awnings or other pedestrian shelters to contribute to pedestrian comfort.</p> |
| <p>PO 2.5</p> <p>Buildings are adaptable and flexible to accommodate a range of residential and non-residential land uses on the ground floor.</p> | <p>DTS/DPF 2.5</p> <p>The ground floor of buildings contains a minimum floor to ceiling height of 3.5m.</p> |
| <p>PO 2.6</p> <p>Buildings sited on the primary street boundary to achieve a continuity of built form frontage to the main street, with the occasional section of building set back to create outdoor dining areas, visually interesting building entrances and intimate but vibrant spaces.</p> | <p>DTS/DPF 2.6</p> <p>Buildings with a 0m setback from the primary street boundary, with the exception of minor setbacks to accommodate outdoor dining areas.</p> |
| <p>PO 2.7</p> <p>Buildings with no setback from the secondary street boundary to contribute to a consistent established streetscape.</p> | <p>DTS/DPF 2.7</p> <p>Buildings with a 0m setback from the secondary street boundary.</p> |

| | |
|--|--|
| <p>PO 2.8</p> <p>Buildings with no side boundaries setback to achieve a continuity of street façade to the main street.</p> | <p>DTS/DPF 2.8</p> <p>Buildings with a 0m setback from the side boundary.</p> |
| <p>PO 2.9</p> <p>Buildings set back from rear boundaries (other than street boundaries) to minimise negative impacts on neighbouring properties, including access to natural sunlight and ventilation.</p> | <p>DTS/DPF 2.9</p> <p>Buildings setback from rear boundaries as follows:</p> <ul style="list-style-type: none"> (a) 5m or more where the subject land directly abuts an allotment of a different zone or (b) 3m or more in all other cases, except where the development abuts the wall of an existing or simultaneously constructed building on the adjoining land. |
| <p>PO 2.10</p> <p>Buildings set back from street boundaries (in the case of rear access ways) to provide adequate manoeuvrability for vehicles.</p> | <p>DTS/DPF 2.10</p> <p>Buildings setback from the rear access way:</p> <ul style="list-style-type: none"> (a) no requirement where the access way is not less than 6.5m wide or (b) where the access way is less than 6.5m wide, the distance equal to the additional width required to make the access way at least 6.5m wide. |

Building Height

| <p>PO 3.1</p> <p>Building height is consistent with the form expressed in the Maximum Building Height (Levels) Technical and Numeric Variation layer and the Maximum Building Height (Metres) Technical and Numeric Variation layer and otherwise positively responds to the local context including the site's frontage, depth, and adjacent primary corridor or street width.</p> | <p>DTS/DPF 3.1</p> <p>Except where a Concept Plan specifies otherwise, development does not exceed the following building height(s):</p> <table border="1" style="width: 100%;"> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> <tr><td>Maximum building height is 2 levels</td></tr> <tr><td>Maximum building height is 3 levels</td></tr> <tr><td>Maximum building height is 4 levels</td></tr> <tr><td>Maximum building height is 5 levels</td></tr> <tr><td>Maximum building height is 6 levels</td></tr> <tr><td>Maximum building height is 7 levels</td></tr> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> <tr><td>Maximum building height is 8m</td></tr> <tr><td>Maximum building height is 11.5m</td></tr> <tr><td>Maximum building height is 12.5m</td></tr> <tr><td>Maximum building height is 15m</td></tr> <tr><td>Maximum building height is 16.5m</td></tr> <tr><td>Maximum building height is 18m</td></tr> <tr><td>Maximum building height is 18.5m</td></tr> <tr><td>Maximum building height is 22m</td></tr> <tr><td>Maximum building height is 24.5m</td></tr> <tr><td>Maximum building height is 25.5m</td></tr> </table> <p>In relation to DTS/DPF 3.1, in instances where:</p> <ul style="list-style-type: none"> (a) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> or <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development (b) only one value is returned (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other (c) no value is returned (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. | Maximum Building Height (Levels) | Maximum building height is 2 levels | Maximum building height is 3 levels | Maximum building height is 4 levels | Maximum building height is 5 levels | Maximum building height is 6 levels | Maximum building height is 7 levels | Maximum Building Height (Metres) | Maximum building height is 8m | Maximum building height is 11.5m | Maximum building height is 12.5m | Maximum building height is 15m | Maximum building height is 16.5m | Maximum building height is 18m | Maximum building height is 18.5m | Maximum building height is 22m | Maximum building height is 24.5m | Maximum building height is 25.5m |

|--|--|------------------|---|
| Interface Height | | | |
| Buildings constructed within a building envelope provided by a: | | | |

Interface Height

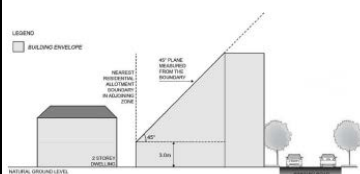

- (a) 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary):

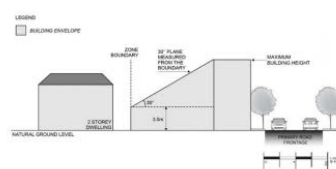

- (a) in relation to a southern boundary, 30 degree plane grading north, measured from a height of 3m above natural ground at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

Buildings constructed within a building envelope provided by a 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

Buildings constructed within a building envelope provided by a 30 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

PO 4.2
Buildings on an allotment fronting a road that is not the primary corridor (ie a State maintained road) and where land on the opposite side of the road is within a neighbourhood-type zone, provides an orderly transition to the built form scale envisaged in the adjacent zone to complement the streetscape character.

DTS/DPF 4.2
None are applicable.

Significant Development Sites

PO 5.1
Consolidation of significant development sites (a site with a frontage over 25m to a primary road corridor and over 1500m² in area, which may include one or more allotments) to achieve increased development yield, provided that off-site impacts can be managed and broader community benefit is achieved in terms of design quality, community services, affordable housing provision, or sustainability features.

DTS/DPF 5.1
Development on significant development sites (a site with a frontage over 25m to a primary road corridor and over 1500m² in area, which may include one or more allotments) up to 30% above the maximum building height specified in DTS/DPF 3.1 (rounded to the nearest whole number) where it:

- (a) incorporates the retention, conservation and reuse of a building which is a listed heritage place or an existing built form and context that positively contributes to the character of the local area
- (b) includes more than 15% of dwellings as affordable housing or
- (c) includes at least:
 - (i) three of the following:
 - A. high quality open space that is universally accessible and is directly connected to, and well integrated with, public realm areas of the street
 - B. high quality, safe and secure, universally accessible pedestrian linkages that connect through the development site
 - C. active uses are located on the public street frontages of the building, with any above ground car parking located behind
 - D. a range of dwelling types that includes at least 10% of 3+ bedroom apartments;
 - E. a child care centre.

| | |
|---|---|
| | <ul style="list-style-type: none"> (ii) three of the following: <ul style="list-style-type: none"> A. a communal useable garden integrated with the design of the building that covers the majority of a rooftop area supported by services that ensure ongoing maintenance; B. living landscaped vertical surfaces of at least 50m² supported by services that ensure ongoing maintenance C. passive heating and cooling design elements including solar shading integrated into the building D. higher amenity through provision of private open space in excess of minimum requirements by 25% for at least 50% of dwellings. |
| <p>PO 5.2</p> <p>Development on a significant development site (a site with a frontage over 25m to a primary road corridor and over 1500m² in area, which may include one or more allotments) designed to minimise impacts on residential uses in adjacent zones with regard to intensity of use, overshadowing, massing and building proportions.</p> | <p>DTS/DPF 5.2</p> <p>Development on a significant development site (a site with a frontage over 25m to a primary road corridor and over 1500m² in area, which may include one or more allotments) that:</p> <ul style="list-style-type: none"> (a) is constructed within the zone's Interface Building Height provision as specified DTS/DPF 4.1 (b) locates non-residential activities and higher density elements towards the primary road corridor (c) locates taller building elements towards the primary road corridor. |
| Movement, parking and access | |
| <p>PO 6.1</p> <p>Development does not result in additional crossovers on the main street, except where rationalising existing crossovers on consolidated sites and is designed to minimise conflicts with pedestrians and cyclists and minimise disruption to the continuity of built form.</p> | <p>DTS/DPF 6.1</p> <p>Vehicular access to be provided:</p> <ul style="list-style-type: none"> (a) via side streets or rear lanes provided there is no negative impact on residential amenity within the zone and in adjacent zones <p style="text-align: center;">or</p> <ul style="list-style-type: none"> (b) where it consolidates or replaces existing crossovers. |
| <p>PO 6.2</p> <p>Development is designed to ensure car parking is located to avoid negative impacts on the main street rhythm and activation.</p> | <p>DTS/DPF 6.2</p> <p>Vehicle parking garages located behind buildings away from the primary main street frontage.</p> |
| Advertisements | |
| <p>PO 7.1</p> <p>Advertisements are sited and designed to achieve an overall consistency of appearance along individual street frontages.</p> | <p>DTS/DPF 7.1</p> <p>None are applicable.</p> |
| <p>PO 7.2</p> <p>Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) identify the associated business(es) (b) are of a size that is commensurate with the scale of the centre and the street frontage (c) avoid visual clutter (d) positively respond to the context without dominating the locality (e) are sited and designed to not detract from the main street character. | <p>DTS/DPF 7.2</p> <p>Freestanding advertisements:</p> <ul style="list-style-type: none"> (a) do not exceed 8m in height, the adjacent building wall height, or the zone's height allowance (whichever is the lesser) (b) do not have a sign face that exceeds 6m² per side. |
| Concept Plans | |
| <p>PO 8.1</p> <p>Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.</p> | <p>DTS/DPF 8.1</p> <p>The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:</p> <p>In relation to DTS/DPF 8.1, in instances where:</p> <ul style="list-style-type: none"> (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 8.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|------------------------------------|--------------------------|
|------------------------------------|--------------------------|

| | |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) deck (d) dwelling (e) fence (f) office (g) residential flat building (h) retaining wall (i) shade sail (j) shop (k) solar photovoltaic panels (roof mounted) (l) water tank. | Except development that: 1. exceeds the maximum building height specified in Urban Corridor (Main Street) DTS/DPF 3.1 or 2. does not satisfy Urban Corridor (Main Street) DTS/DPF 4.1 or 3. involves the construction of a building of 4 or more building levels and the site of the development is: (a) adjacent land to a neighbourhood-type zone and (b) adjoins an allotment containing an existing low-rise building used for residential purposes. |
| 4. Any development involving any of the following (or of any combination of any of the following): (a) internal building works (b) replacement building (c) tree damaging activity. | None specified. |
| 5. Demolition. | Except any of the following: 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Urban Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | <p>A mixed use area that:</p> <ul style="list-style-type: none"> (a) provides a flexible policy framework for the redevelopment of urban areas in close proximity to high frequency public transport corridors or adjacent primary road corridors that have the potential to become activity generators (b) provides for the high-quality design and integration of buildings and public realm in mixed use areas with walkable urban form, excellent provision for walking and cycling and active street frontages that encourage social interaction, positively contribute to public safety and vibrancy and promote active movement and public transport use (c) provides a concentration of mixed use activity close to community focal points, such as a high frequency fixed transit stop, activity centre or high quality open space (d) provides adaptable and flexible buildings that can accommodate changes in land use and respond to changing economic and social conditions and advances in technology (e) transitions to a reduced scale and intensity at the zone boundary to maintain the amenity of residential properties located within adjoining zones. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

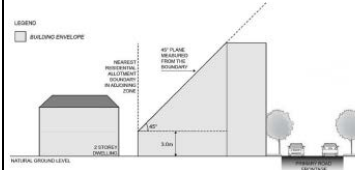

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|------------------------|---|
| Land Use and Intensity | |
| PO 1.1 | DTS/DPF 1.1 |

| <p>Development of medium and high density accommodation types for living, including dwellings, supported accommodation, student accommodation, short term accommodation, either as part of a mixed use development or wholly residential development.</p> | <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) Advertisement (b) Carport (c) Consulting Room (d) Dwelling (e) Educational Establishment (f) Hotel (g) Licensed Premises (h) Light Industry (i) Office (j) Outbuilding (k) Pre-school (l) Residential Flat Building (m) Retirement Facility (n) Shop (o) Student Accommodation (p) Supported Accommodation (q) Tourist Accommodation | | | | | | | | | | | | | | | |
|--|--|----------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|--------------------------------------|--------------------------------------|----------------------------------|--------------------------------|----------------------------------|----------------------------------|----------------------------------|----------------------------------|----------------------------------|
| <p>PO 1.2 Development of diverse medium density accommodation, and high density accommodation in specified locations (locations where 7 or more building levels is envisaged), either as part of a mixed use development or wholly residential development.</p> | <p>DTS/DPF 1.2 None are applicable.</p> | | | | | | | | | | | | | | | |
| <p>PO 1.3 Light industrial and commercial uses (including high technology and research based activity) where compatible with adjoining uses.</p> | <p>DTS/DPF 1.3 None are applicable.</p> | | | | | | | | | | | | | | | |
| <p>PO 1.4 Co-locate close to public transport land uses that generate high levels of pedestrian activity, encourage public transport use and provide opportunities for multi-purpose trips.</p> | <p>DTS/DPF 1.4 None are applicable.</p> | | | | | | | | | | | | | | | |
| <p>PO 1.5 In clusters of non-residential development, provide high-quality, inclusive and integrated public realm, including open spaces, sport and recreation facilities, and places that serve as hubs for communal activity.</p> | <p>DTS/DPF 1.5 None are applicable.</p> | | | | | | | | | | | | | | | |
| <p>PO 1.6 Shops, offices and consulting rooms services and facilities to meet the needs of the local community.</p> | <p>DTS/DPF 1.6 Except where a Main Street Subzone or Urban Neighbourhood Retail Subzone applies, shops, offices or consulting room uses not exceeding a maximum gross leasable floor area of 500m² for individual tenancies and 1000m² in a single building.</p> | | | | | | | | | | | | | | | |
| <p>PO 1.7 Larger scale shops, offices, and consulting rooms primarily clustered together to provide a focus for services and facilities.</p> | <p>DTS/DPF 1.7 None are applicable.</p> | | | | | | | | | | | | | | | |
| <p>Built Form and Character</p> | | | | | | | | | | | | | | | | |
| <p>PO 2.1 Development positively contributes to creating activity nodes around high-frequency public transport stops/stations and multi-modal transport interchanges, encourages public transport use and positively contributes to a fine-grain streetscape that provides a safe, comfortable, vibrant and walkable public realm at ground level.</p> | <p>DTS/DPF 2.1 None are applicable.</p> | | | | | | | | | | | | | | | |
| <p>PO 2.2 Building height is consistent with the form expressed in the Building Height (Maximum Levels) Technical and Numeric Variation and the Building Height (Maximum Metres) Technical and Numeric Variation, and otherwise positively responds to the local context including the site's frontage, depth, and adjacent primary street width.</p> | <p>DTS/DPF 2.2 Except where a Concept Plan specifies otherwise, development does not exceed the following building height(s):</p> <table border="1" data-bbox="802 1720 1552 2206"> <thead> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> </thead> <tbody> <tr><td>Maximum building height is 3 levels</td></tr> <tr><td>Maximum building height is 4 levels</td></tr> <tr><td>Maximum building height is 5 levels</td></tr> <tr><td>Maximum building height is 6 levels</td></tr> <tr><td>Maximum building height is 8 levels</td></tr> <tr><td>Maximum building height is 10 levels</td></tr> <tr><td>Maximum building height is 12 levels</td></tr> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> <tr><td>Maximum building height is 12m</td></tr> <tr><td>Maximum building height is 12.5m</td></tr> <tr><td>Maximum building height is 13.5m</td></tr> <tr><td>Maximum building height is 16.5m</td></tr> <tr><td>Maximum building height is 18.5m</td></tr> <tr><td>Maximum building height is 24.5m</td></tr> </tbody> </table> | Maximum Building Height (Levels) | Maximum building height is 3 levels | Maximum building height is 4 levels | Maximum building height is 5 levels | Maximum building height is 6 levels | Maximum building height is 8 levels | Maximum building height is 10 levels | Maximum building height is 12 levels | Maximum Building Height (Metres) | Maximum building height is 12m | Maximum building height is 12.5m | Maximum building height is 13.5m | Maximum building height is 16.5m | Maximum building height is 18.5m | Maximum building height is 24.5m |
| Maximum Building Height (Levels) | | | | | | | | | | | | | | | | |
| Maximum building height is 3 levels | | | | | | | | | | | | | | | | |
| Maximum building height is 4 levels | | | | | | | | | | | | | | | | |

| Maximum building height is 8 levels | | | | | | | | | | | | | | | | |
| Maximum building height is 10 levels | | | | | | | | | | | | | | | | |
| Maximum building height is 12 levels | | | | | | | | | | | | | | | | |
| Maximum Building Height (Metres) | | | | | | | | | | | | | | | | |
| Maximum building height is 12m | | | | | | | | | | | | | | | | |
| Maximum building height is 12.5m | | | | | | | | | | | | | | | | |
| Maximum building height is 13.5m | | | | | | | | | | | | | | | | |
| Maximum building height is 16.5m | | | | | | | | | | | | | | | | |
| Maximum building height is 18.5m | | | | | | | | | | | | | | | | |
| Maximum building height is 24.5m | | | | | | | | | | | | | | | | |

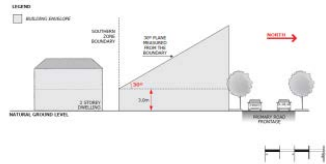

| | | Maximum Building Height (Metres) | | |
|---|--|--|------------------|---|
| | | Maximum building height is 32.5m | | |
| | | Maximum building height is 43m | | |
| | | Maximum building height is 20.5m | | |
| | | Maximum building height is 28.5m | | |
| | | Maximum building height is 40.5m | | |
| | | Maximum building height is 48.5m | | |
| | | In relation to DTS/DPF 2.2, in instances where: <ul style="list-style-type: none"> (a) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer</i> or <i>Maximum Building Height (Metres) Technical and Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development (b) only one value is returned (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other (c) no value is returned (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)), then none are applicable and the relevant development cannot be classified as deemed-to-satisfy. | | |
| PO 2.3 | Buildings are designed to be adaptable and flexible to suit a range of land uses, including retail, office and residential, without the need for significant change to the building. | DTS/DPF 2.3 The ground floor of buildings contains a minimum floor to ceiling height of 3.5m. | | |
| PO 2.4 | Buildings designed to create visual connection between the public realm and ground level interior, promote an active human-scale interface with the primary road / public transport corridor and open space and maximise passive surveillance. | DTS/DPF 2.4 Not less than 50% of the ground floor primary frontage of buildings are visually permeable, transparent or clear glazed. | | |
| PO 2.5 | Buildings set back from the primary street boundaries consistent with the existing/emerging streetscape. | DTS/DPF 2.5 The building line of buildings setback from the primary street boundary in accordance with either of the following: <ul style="list-style-type: none"> (a) no minimum where adjoining allotments are vacant or (b) the average setback to the building line of existing buildings on adjoining sites which face the same primary street (including those buildings that would adjoin the site if not separated by a public road). | | |
| PO 2.6 | Buildings set back from secondary street boundaries in a manner compatible with the emerging streetscape pattern. | DTS/DPF 2.6 Building walls setback from the secondary street frontage in accordance with either of the following: <ul style="list-style-type: none"> (a) no minimum where adjoining allotments are vacant or (b) the average of the setback of the existing building on each adjoining site fronting the same street. | | |
| PO 2.7 | Buildings set back from rear boundaries (other than street boundaries) to: <ul style="list-style-type: none"> (a) minimise impacts on properties in neighbouring zones (b) maximise intensity of development within the zone. | DTS/DPF 2.7 Building walls setback from the rear boundaries as follows: <ul style="list-style-type: none"> (a) 5m or more where the subject land directly abuts an allotment of a different zone or (b) 0 metres in all other cases. | | |
| PO 2.8 | Buildings set back from side boundaries (other than street boundaries) to: <ul style="list-style-type: none"> (a) reduce impacts of building bulk on adjoining properties (b) provide adequate direct sun and ventilation to the building and open spaces (c) minimise the extent of overlooking and resultant loss of privacy on adjoining properties (d) minimise the extent of overshadowing on adjoining properties. | DTS/DPF 2.8 Building walls setback from the side boundaries the average of the setback of the existing building on each adjoining site fronting the same street. | | |
| PO 2.9 | Buildings set back from street boundaries (in the case of rear access ways) to provide adequate manoeuvrability for vehicles. | DTS/DPF 2.9 Building walls setback from the rear access way: <ul style="list-style-type: none"> (a) no requirement where the access way is not less than 6.5m wide or (b) where the access way is less than 6.5m wide, the distance equal to the additional width required to make the access way at least 6.5m wide. | | |
| Interface Height | | | | |
| PO 3.1 | Buildings mitigate visual impacts of building massing on residential development within a neighbourhood-type zone. | DTS/DPF 3.1 <table border="1" style="width: 100%;"><thead><tr><th style="text-align: center;">Interface Height</th></tr></thead><tbody><tr><td>Buildings constructed within a building envelope provided by a:</td></tr></tbody></table> | Interface Height | Buildings constructed within a building envelope provided by a: |
| Interface Height | | | | |
| Buildings constructed within a building envelope provided by a: | | | | |

Interface Height

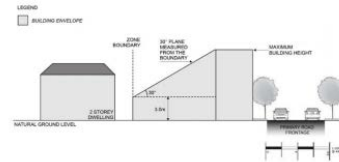

- (a) 45 degree plane measured from a height of 3 metres above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram (except where this boundary is a southern boundary):

- (a) in relation to a southern boundary, 30 degree plane grading north, measured from a height of 3m above natural ground at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

Buildings constructed within a building envelope provided by a 30 degree plane measured from a height of 3m above natural ground level at the boundary of an allotment used for residential purposes within a neighbourhood-type zone as shown in the following diagram:

PO 3.2
Development that manages the interface with a low-rise neighbourhood-type zone by incorporating less dense, low-rise residential land uses at the interface, and avoiding land uses or intensity of land uses that adversely affect residential amenity.

DTS/DPF 3.2
None are applicable.

Site Dimensions and Land Division

PO 4.1
Where appropriate, a street grid pattern is provided in mixed use areas to maintain clear sightlines, improve public safety and legibility within the public realm, and ensure walkability and connectivity are maximised.

DTS/DPF 4.1
None are applicable.

Movement, parking and access

PO 5.1
Where practicable, buildings provide vehicle access via a side street or rear lane access way that is designed to:

- (a) provide space between buildings that reduces building mass and creates a more visually diverse public realm
- (b) minimises conflicts with pedestrians and cyclists
- (c) achieve active frontages at a lower intensity than the primary street frontage.

DTS/DPF 5.1
Vehicular access to be provided:

- (a) via side streets or rear lanes provided there is no negative impact on residential amenity within the zone and in adjacent zones or
- (b) where it consolidates or replaces existing crossovers.

Concept Plans

PO 6.1
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code.

DTS/DPF 6.1
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|---|
| Concept Plan 5 - Bowden Urban Village |
| Concept Plan 34 - Bowden-Brompton |
| Concept Plan 3 - Mount Barker and Littlehampton |
| Concept Plan 89 - Tonsley |
| Concept Plan 86 - Edwardstown |
| Concept Plan 94 - Old Reynella |
| Concept Plan 112 - West Lakes |
| Concept Plan 111 - St Clair |
| Concept Plan 109 - Seaton |
| Concept Plan 115 - Morphetteville |

In relation to DTS/DPF 6.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 6.1 is met.

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any kind of development where the site of the development is not adjacent land to a site (or land) used for residential purposes in a neighbourhood-type zone. | Except any of the following: <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) advertisement (b) air handling unit, air conditioning system or exhaust fan (c) dwelling (d) dwelling addition (e) pre-school (f) residential flat building (g) retirement facility (h) shade sail (i) solar photovoltaic panels (roof mounted) (j) student accommodation (k) supported accommodation (l) swimming pool or spa pool (m) tourist accommodation (n) water tank. | Except development that exceeds the maximum building height specified in Urban Neighbourhood DTS/DPF 2.2 or does not satisfy Urban Neighbourhood DTS/DPF 3.1. |
| 4. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | Except development that exceeds the maximum building height specified in Urban Neighbourhood DTS/DPF 2.2 or does not satisfy any of the following: <ul style="list-style-type: none"> 1. Urban Neighbourhood DTS/DPF 1.6 2. Urban Neighbourhood DTS/DPF 3.1. |
| 5. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) internal building works (b) replacement building (c) temporary accommodation in an area affected by bushfire (d) tree damaging activity. | None specified. |
| 6. Demolition. | Except any of the following: <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Main Street Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | A shopping, entertainment and commercial main street supported by medium to high density residential development. |
| DO 2 | A fine-grained public realm with safe, walkable and vibrant streets created by mixed use buildings with non-residential uses at ground level and a visually consistent street rhythm informed by local context and narrow tenancy footprints. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Retail, office, entertainment and recreation related uses supplemented by other businesses providing a range of goods and services to the local community and the surrounding district. | DTS/DPF 1.1 None are applicable |
| PO 1.2 Land uses promote movement and activity during daytime and evening hours, including shops, restaurants, small scale licensed premises, educational, community and cultural facilities, and visitor and residential accommodation. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 Dwellings developed in conjunction with non-residential uses to support business, entertainment and recreational activities and positively contribute to making the main street locality and pedestrian thoroughfares safe, walkable, comfortable, pleasant and lively places. | DTS/DPF 1.3 Dwellings developed in conjunction with non-residential uses sited: (a) at upper levels of buildings with non-residential uses located at ground level or (b) behind non-residential uses on the same allotment. |
| PO 1.4 Development of well-designed diverse medium to high density accommodation options, including dwellings, supported accommodation, student accommodation, and short term accommodation, either as part of a mixed use development or wholly residential development. | DTS/DPF 1.4 None are applicable. |
| Built Form and Character | |
| PO 2.1 Ground level uses contribute to a safe, walkable and vibrant main street. | DTS/DPF 2.1 Shop, office, or consulting room uses located on the ground floor level of buildings. |
| PO 2.2 Buildings designed to create visual connection between the public realm and ground level interior, positively contribute to passive surveillance of the public realm, have an active interface with the main street and contribute to the fine-grain character and retail function of the street. | DTS/DPF 2.2 The ground floor primary frontage of buildings provides at least 60% of the street frontage as an entry / foyer or display window to a shop or other community or commercial use that provides pedestrian interest and activation. |
| PO 2.3 Buildings are adaptable and flexible to suit a range of residential and non-residential land uses. | DTS/DPF 2.3 The ground floor of buildings contains a minimum floor to ceiling height of 3.5m. |
| PO 2.4 Buildings with no set-backs from the main street boundary to achieve a continuity of built form frontage to the main street, with the occasional section of building set back to create outdoor dining areas, visually interesting building entrances and intimate but vibrant spaces. | DTS/DPF 2.4 None are applicable. |
| PO 2.5 Vehicle parking and ancillary buildings and structures (including garages, carports and outbuildings) located behind buildings away from the primary main street frontage and designed to minimise negative impacts on the main street rhythm and activation. | DTS/DPF 2.5 None are applicable. |

Urban Neighbourhood Retail Subzone

Assessment Provisions (AP)

Desired Outcomes (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | Additional neighbourhood-scale shopping, business, entertainment and recreation facilities to provide a focus for business and community life and most daily and weekly shopping needs of the community. |
|------|--|

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Retail, office, entertainment and recreation related uses supplemented by other businesses providing a range of goods and services to the community. | DTS/DPF 1.1 Shops not exceeding a maximum gross leasable floor area of: (a) 5500m ² within the whole subzone area in West Lakes (b) 2000m ² within the whole subzone area in Bedford Park (Laffer's Triangle). |

Urban Renewal Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Housing and other land uses which no longer meet community preferences are replaced with new diverse housing options. Housing density increases, taking advantage of well-located urban land. Employment and community services will improve access to jobs, goods and services without compromising residential amenity. |
|------|---|

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Predominantly residential development with complementary non-residential uses that support an active, convenient, and walkable urban neighbourhood. | DTS/DPF 1.1 Development comprises one or more of the following: (a) Ancillary accommodation (b) Community facility (c) Consulting room (d) Dwelling (e) Educational establishment (f) Office (g) Place of Worship (h) Pre-school (i) Recreation area (j) Residential flat building (k) Retirement facility (l) Shop (m) Student accommodation (n) Supported accommodation. |
| PO 1.2 Commercial activities improve community access to services are of a scale and type to maintain residential amenity. | DTS/DPF 1.2 A shop, consulting room or office (or any combination thereof) satisfies (a) or (b): (a) it is located on the same allotment and in conjunction with a dwelling where all the following are satisfied: (i) does not exceed 50m ² gross leasable floor area (ii) does not involve the display of goods in a window or about the dwelling or its curtilage (b) where located outside of an Activity Centre, does not exceed 250m ² in gross leasable floor area. |
| PO 1.3 Non-residential development located and designed to improve community accessibility to services, primarily in the form of: (a) small-scale commercial uses such as offices, shops and consulting rooms (b) community services such as educational establishments, community centres, places of worship, pre-schools and other health and welfare services (c) services and facilities ancillary to the function or operation of supported | DTS/DPF 1.3 None are applicable. |

| <p>accommodation or retirement facilities (d) open space and recreation facilities.</p> | | | | | | | | | | | | | | | | | | | | | | | | |
|--|---|----------------------------------|-------------------------------|-------------------------------|---------------------------------|-------------------------------|----------------------------------|----------------------------------|--------------------------------|--------------------------------|----------------------------------|----------------------------------|--------------------------------|----------------------------------|----------------------------------|----------------------------------|----------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|-------------------------------------|--------------------------------------|
| <p>PO 1.4 Expansion of existing community services such as educational establishments, community facilities and pre-schools in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood.</p> | <p>DTS/DPF 1.4 Alteration of or addition to existing educational establishments, community facilities or pre-schools where: (a) set back at least 3m from any boundary shared with a residential land use (b) building height not exceeding 1 building level (c) the total floor area of the building does not exceed 150% of the total floor area prior to the addition/alteration (d) development satisfies Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.</p> | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 1.5 Non-residential development sited and designed to complement the residential character and amenity of the neighbourhood.</p> | <p>DTS/DPF 1.5 None are applicable.</p> | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 1.6 Expansion of existing community services such as educational establishments, community facilities and pre-schools in a manner which complements the scale of development envisaged by the desired outcome for the neighbourhood.</p> | <p>DTS/DPF 1.6 Alteration of or addition to existing educational establishments, community facilities or pre-schools where: (a) set back at least 3m from any boundary shared with a residential land use (b) building height not exceeding 1 building level (c) the total floor area of the building not exceeding 150% of the total floor area prior to the addition/alteration (d) off-street vehicular parking exists or will be provided in accordance with the rate(s) specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas to the nearest whole number.</p> | | | | | | | | | | | | | | | | | | | | | | | |
| <p>Building Height</p> | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 2.1 Buildings generally 2-3 levels with taller buildings located on sites that are a suitable size and dimension to manage massing and impacts on adjoining residential development.</p> | <p>DTS/DPF 2.1 Building height (excluding garages, carports and outbuildings) is no greater than: (a) the following:</p> <table border="1" data-bbox="802 1149 1552 1912"> <thead> <tr> <th style="text-align: center;">Maximum Building Height (Metres)</th> </tr> </thead> <tbody> <tr><td>Maximum building height is 7m</td></tr> <tr><td>Maximum building height is 8m</td></tr> <tr><td>Maximum building height is 8.5m</td></tr> <tr><td>Maximum building height is 9m</td></tr> <tr><td>Maximum building height is 11.5m</td></tr> <tr><td>Maximum building height is 12.5m</td></tr> <tr><td>Maximum building height is 14m</td></tr> <tr><td>Maximum building height is 15m</td></tr> <tr><td>Maximum building height is 16.5m</td></tr> <tr><td>Maximum building height is 18.5m</td></tr> <tr><td>Maximum building height is 22m</td></tr> <tr><td>Maximum building height is 32.5m</td></tr> <tr><td>Maximum building height is 10.5m</td></tr> <tr><td>Maximum building height is 20.5m</td></tr> <tr> <th style="text-align: center;">Maximum Building Height (Levels)</th> </tr> <tr><td>Maximum building height is 2 levels</td></tr> <tr><td>Maximum building height is 3 levels</td></tr> <tr><td>Maximum building height is 4 levels</td></tr> <tr><td>Maximum building height is 5 levels</td></tr> <tr><td>Maximum building height is 6 levels</td></tr> <tr><td>Maximum building height is 9 levels</td></tr> <tr><td>Maximum building height is 10 levels</td></tr> </tbody> </table> <p>(b) in all other cases (i.e. there are blank fields for both maximum building height (metres) and maximum building height (levels)):</p> <p>(i) 4 building levels and 15m where the site:</p> <p style="margin-left: 40px;">A. is at least 1200m² in area and B. has a frontage of 35 metres</p> <p style="margin-left: 40px;">or</p> <p>(ii) 3 building levels and 12m in all other circumstances.</p> | Maximum Building Height (Metres) | Maximum building height is 7m | Maximum building height is 8m | Maximum building height is 8.5m | Maximum building height is 9m | Maximum building height is 11.5m | Maximum building height is 12.5m | Maximum building height is 14m | Maximum building height is 15m | Maximum building height is 16.5m | Maximum building height is 18.5m | Maximum building height is 22m | Maximum building height is 32.5m | Maximum building height is 10.5m | Maximum building height is 20.5m | Maximum Building Height (Levels) | Maximum building height is 2 levels | Maximum building height is 3 levels | Maximum building height is 4 levels | Maximum building height is 5 levels | Maximum building height is 6 levels | Maximum building height is 9 levels | Maximum building height is 10 levels |

| Maximum building height is 3 levels | | | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 4 levels | | | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 5 levels | | | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 6 levels | | | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 9 levels | | | | | | | | | | | | | | | | | | | | | | | | |
| Maximum building height is 10 levels | | | | | | | | | | | | | | | | | | | | | | | | |

| | |
|--|---|
| | In relation to DTS/DPF 2.1, in instances where: <ul style="list-style-type: none"> (c) more than one value is returned in the same field, refer to the <i>Maximum Building Height (Levels) Technical and Numeric Variation layer and Maximum Building Height (Metres) Technical and Numeric Variation layer</i> in the SA planning database to determine the applicable value relevant to the site of the proposed development (d) only one value is returned for DTS/DPF 2.1(a) (i.e. there is one blank field), then the relevant height in metres or building levels applies with no criteria for the other. |
| PO 2.2 Buildings on an allotment at the interface with a different neighbourhood-type zone are sited and designed to provide an orderly transition to the built form scale envisaged in that zone to mitigate impacts on adjacent residential uses. | DTS/DPF 2.2 None are applicable. |
| Primary Street Setback | |
| PO 3.1 Buildings are set back from primary street boundaries to contribute to the existing/emerging pattern of street setbacks in the streetscape and integrate development with public open space. | DTS/DPF 3.1 The building line of a building is set back from the primary street boundary: <ul style="list-style-type: none"> (a) not less than 1.5m where the allotment adjoins a public reserve greater than 2000m² (including where the allotment would adjoin a reserve if not separated by a public road), the dwelling faces that reserve and access is provided to the rear of the allotment or (b) not less than 3m in all other cases. |
| Secondary Street Setback | |
| PO 4.1 Buildings are set back from secondary street boundaries to achieve a pattern of separation between building walls and public streets and reinforce a streetscape character. | DTS/DPF 4.1 Building walls are set back at least 900mm from the boundary of the allotment with the secondary street frontage. |
| Boundary Walls | |
| PO 5.1 Dwelling boundary walls are limited in height and length to manage visual and overshadowing impacts on adjoining properties. | DTS/DPF 5.1 Except where the dwelling is located on a central site within a row dwelling or terrace arrangement, side boundary walls occur only on one side boundary and satisfy (a) or (b) below: <ul style="list-style-type: none"> (a) side boundary walls adjoin or abut a boundary wall of a building on adjoining land for the same or lesser length and height (b) side boundary walls do not: <ul style="list-style-type: none"> (i) exceed 3m in height from the top of footings (ii) exceed 11.5 metres in length (iii) when combined with other walls on the boundary of the subject development site, exceed a maximum 45% of the length of the boundary (iv) encroach within 3 metres of any other existing or proposed boundary walls on the subject land |
| PO 5.2 Dwellings in a semi-detached, row or terrace arrangement maintain space between buildings consistent with a suburban streetscape character. | DTS/DPF 5.2 Dwelling walls in a semi-detached, row or terrace arrangement are setback at least 900mm from side boundaries shared with allotments outside the development site. |
| Side Boundary Setback | |
| PO 6.1 Buildings are set back from side boundaries to provide: <ul style="list-style-type: none"> (a) separation between buildings to minimise visual impact (b) access to natural light and ventilation for neighbours. | DTS/DPF 6.1 Building walls not sited on side boundaries are set back from side boundaries: <ul style="list-style-type: none"> (a) 0.9m for a wall height less than 3m (b) 0.9m plus 1/3 of the wall height above 3m for walls greater than 3m in height. |
| Rear Boundary Setback | |
| PO 7.1 Buildings are set back from rear boundaries to provide: <ul style="list-style-type: none"> (a) separation between dwellings to minimise visual impact (b) access to natural light and ventilation for neighbours (c) open space recreational opportunities (d) space for landscaping and vegetation. | DTS/DPF 7.1 Building walls are set back from the rear boundary at least: <ul style="list-style-type: none"> (a) 3m for the first building level or 0m where the rear boundary abuts a laneway (b) 5m for any second building level (c) 5m plus any increase in wall height over 7m for buildings of 3 building levels and above. |
| Site Dimensions and Land Division | |
| PO 8.1 Allotments/sites created for residential purposes accommodate a diverse range of medium density housing. | DTS/DPF 8.1 Development will not result in more than 1 dwelling on an existing allotment or Allotments/sites for residential purposes achieve a net density of up to 70 dwellings per hectare. |
| PO 8.2 High density residential development located on sites of a suitable size and dimension to achieve a high standard of amenity for occupants and neighbours. | DTS/DPF 8.2 Development with a net residential density over 70 dwellings per hectare on sites with a minimum area of 1200m ² and minimum frontage width of 35m. |

Concept Plans

PO 9.1
Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure.

DTS/DPF 9.1
The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant:

| Description |
|--|
| Concept Plan 4 - Minda Incorporated Brighton Campus - North Brighton |
| Concept Plan 89 - Tonsley |
| Concept Plan 97 - Underdale |
| Concept Plan 116 - Everard Park |

In relation to DTS/DPF 9.1, in instances where:

- (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant.
- (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 9.1 is met.

Ancillary buildings and structures

PO 10.1
Residential ancillary buildings and structures are sited and designed to not detract from the streetscape or appearance of neighbouring properties.

DTS/DPF 10.1
Ancillary buildings and structures:

- (a) are ancillary to a dwelling erected on the same site
- (b) have a floor area not exceeding 60m²
- (c) are not constructed, added to or altered so that any part is situated
 - (i) in front of any part of the building line of the dwelling to which it is ancillary or
 - (ii) within 900mm of a boundary of the allotment with a secondary street (if the land has boundaries on two or more roads)
- (d) in the case of a garage or carport, the garage or carport:
 - (i) is set back at least 5.5m from the boundary of the primary street
 - (ii) when facing a primary street or secondary street, has a total door / opening not exceeding:
 - A. for dwellings of single building level - 7m in width or 50% of the site frontage, whichever is the lesser
 - B. for dwellings comprising two or more building levels at the building line fronting the same public street - 7m in width
- (e) if situated on a boundary (not being a boundary with a primary street or secondary street), do not exceed a length of 11.5m unless:
 - (i) a longer wall or structure exists on the adjacent site and is situated on the same allotment boundary and
 - (ii) the proposed wall or structure will be built along the same length of boundary as the existing adjacent wall or structure to the same or lesser extent
- (f) if situated on a boundary of the allotment (not being a boundary with a primary street or secondary street), all walls or structures on the boundary will not exceed 45% of the length of that boundary
- (g) will not be located within 3m of any other wall along the same boundary unless on an adjacent site on that boundary there is an existing wall of a building that would be adjacent to or about the proposed wall or structure
- (h) have a wall height (or post height) not exceeding 3m
- (i) have a roof height where no part of the roof is more than 5m above the natural ground level
- (j) if clad in sheet metal, is pre-colour treated or painted in a non-reflective colour
- (k) retains a total area of soft landscaping in accordance with (i) or (ii), whichever is less:
- (i) a total area as determined by the following table:

| Dwelling site area (or in the case of residential flat building or group dwelling(s), average site area) (m ²) | Minimum percentage of site |
|--|----------------------------|
| <150 | 10% |
| 150-200 | 15% |
| 201-450 | 20% |
| >450 | 25% |
- (ii) the amount of existing soft landscaping prior to the development occurring.

PO 10.2
Ancillary buildings and structures do not impede on-site functional requirements such as

DTS/DPF 10.2
Ancillary buildings and structures do not result in:

| | |
|--|---|
| <p>private open space provision, car parking requirements or result in over-development of the site.</p> | <p>(a) less private open space than specified in Design in Urban Areas Table 1 - Private Open Space</p> <p>(b) less on-site car parking than specified in Transport, Access and Parking Table 1 - General Off-Street Car Parking Requirements or Table 2 - Off-Street Car Parking Requirements in Designated Areas.</p> |
|--|---|

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|--|--|
| <p>1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development.</p> | <p>None specified.</p> |
| <p>2. All development undertaken by:</p> <ul style="list-style-type: none"> (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | <p>Except development involving any of the following:</p> <ul style="list-style-type: none"> 1. residential flat building(s) of 3 storeys or greater 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| <p>3. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) dwelling (g) dwelling addition (h) fence (i) outbuilding (j) pergola (k) private bushfire shelter (l) residential flat building (m) retaining wall (n) retirement facility (o) shade sail (p) solar photovoltaic panels (roof mounted) (q) student accommodation (r) supported accommodation (s) swimming pool or spa pool (t) verandah (u) water tank. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Urban Renewal Neighbourhood Zone DTS/DPF 2.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| <p>4. Alteration of or addition to any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) community facility (b) educational establishment (c) pre-school. | <p>Except development that does not satisfy Urban Renewal Neighbourhood Zone DTS/DPF 1.6.</p> |
| <p>5. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | <p>Except development that:</p> <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Urban Renewal Neighbourhood Zone DTS/DPF 2.1 or 2. does not satisfy Urban Renewal Neighbourhood Zone DTS/DPF 1.2 or 3. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |

| | |
|---|--|
| <p>6. Any development involving any of the following (or of any combination of any of the following):</p> <ul style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | <p>None specified.</p> |
| <p>7. Demolition.</p> | <p>Except any of the following:</p> <ul style="list-style-type: none"> 1. the demolition of a State or Local Heritage Place 2. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

Mixed Use Transition Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

| <p style="text-align: center;">Desired Outcome</p> | |
|---|--|
| <p>DO 1</p> | <p>Development accommodating a range of business, commercial, warehousing and light industrial uses enabling the transition of the area to mixed use development, compatible with residential development.</p> |

|---|--|
| Residential development and other sensitive development only occur where adverse impacts from nearby industries and activities are minimised in accordance with the <i>Environment Protection Act 1993</i> requirements. | None are applicable. |
| PO 1.4 Shops, other than bulky goods outlets, provide a local convenience service to meet the day to day needs of the local community and surrounding businesses as well as support the sale of products made on-site as a supplement to a business activity to enhance local job opportunities. | DTS/DPF 1.4 Shop comprising any of the following: (a) shop with a gross leasable floor area up to 500m ² (b) shop in the form of a bulky goods outlet (c) shop that is ancillary to and located on the same allotment as a light industry. |
| Land Division | |
| PO 2.1 Sensitive uses and sensitive receivers are: (a) located away from areas which may be subject to unacceptable noise, dust, odour or other emissions or (b) able to adequately mitigate impacts of noise, dust, odour or other emissions through design techniques such as: (i) locating residential accommodation, the greatest distance practicable from the industry (ii) locating buildings containing less non-sensitive receivers between the industry and sensitive receivers (iii) placing rooms more sensitive to air, noise and odour impacts (e.g. bedrooms) further away from the industry or (iv) providing private or common open space adjacent a building facade that shields the space from impacts of the industry. | DTS/DPF 2.1 Development does not incorporate any of the following (including alterations and additions which increase the floor area of buildings accommodating the following by 10% or more): (a) land division creating one or more additional allotments for residential purposes (b) dwelling (c) residential flat building (d) tourist accommodation (e) boarding home (f) dormitory style accommodation (g) Workers' accommodation (h) student accommodation (i) pre-school (j) educational establishment (k) retirement village (l) supported accommodation (m) residential park (n) hospital. |

Landscape Transition Subzone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | Development in an open landscaped setting. |
|------|--|

Performance Outcomes and Deemed to Satisfy / Designated Performance Outcome Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Built Form and Siting | |
| PO 1.1 Building footprints consistent with the character and pattern of the prevailing open landscaped character of the neighbourhood. | DTS/DPF 1.1 The development does not result in a site coverage exceeding 50%. |
| PO 1.2 Development incorporates deep soil zones for the retention or provision of large trees to contribute to a well landscaped setting. | DTS/DPF 1.2 At least 15% of a site incorporates deep soil zone areas. |
| Site Dimensions and Land Division | |
| PO 2.1 Allotments/sites created for residential purposes primarily accommodating medium density residential development, with lower density at the interface with a different neighbourhood zone. | DTS/DPF 2.1 Allotments/sites for residential purposes accord with the following: (a) Site areas (or allotment areas in the case of land division) are not less than: (i) 180m ² , or 100m ² on an allotment >2000m ² , for a dwelling (ii) 120m ² , or 80m ² on an allotment >2000m ² , for each dwelling in a residential flat building (iii) 300m ² for a dwelling (including in a residential flat building) in areas where the Maximum Building Height (Levels) Technical and Numeric Variation specifies a maximum building height of 2 levels. (b) Site frontages (or allotment frontage in the case of land division) are not less than: (i) 8m for a dwelling (ii) 20m for a residential flat building |

Waterfront Neighbourhood Zone

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | A diverse range of housing which takes advantage of waterfront locations. Development enhances public access to waterfront areas. Dual aspect allotments incorporate designs to enhance the streetscape. |
|------|--|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|---|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. All development undertaken by: <ul style="list-style-type: none"> (a) the South Australian Housing Trust either individually or jointly with other persons or bodies or (b) a provider registered under the Community Housing National Law participating in a program relating to the renewal of housing endorsed by the South Australian Housing Trust. | Except development involving any of the following: <ul style="list-style-type: none"> 1. residential flat building(s) of 3 or more building levels 2. the demolition of a State or Local Heritage Place 3. the demolition of a building (except an ancillary building) in a Historic Area Overlay. |
| 3. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) air handling unit, air conditioning system or exhaust fan (b) ancillary accommodation (c) building work on railway land (d) carport (e) deck (f) dwelling (g) dwelling addition (h) fence (i) jetty, pontoon or boat berth (or any combination thereof) (j) outbuilding (k) pergola (l) private bushfire shelter (m) residential flat building (n) retaining wall (o) shade sail (p) solar photovoltaic panels (roof mounted) (q) swimming pool or spa pool (r) verandah (s) water tank. | Except development that: <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Waterfront Neighbourhood Zone DTS/DPF 4.1 or 2. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| 4. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) consulting room (b) office (c) shop. | Except development that: <ul style="list-style-type: none"> 1. exceeds the maximum building height specified in Waterfront Neighbourhood Zone DTS/DPF 4.1 or 2. does not satisfy Waterfront Neighbourhood Zone DTS/DPF 1.5 or 3. involves a building wall (or structure) that is proposed to be situated on a side boundary (not being a boundary with a primary street or secondary street) and: <ul style="list-style-type: none"> (a) the length of the proposed wall (or structure) exceeds 11.5m (other than where the proposed wall abuts an existing wall or structure of greater length on the adjoining allotment) or (b) the height of the proposed wall (or post height) exceeds 3m measured from the top of footings (other than where the proposed wall (or post) abuts an existing wall or structure of greater height on the adjoining allotment). |
| 5. Any development involving any of the following (or of any combination of any of the following): <ul style="list-style-type: none"> (a) internal building works (b) land division (c) recreation area (d) replacement building (e) temporary accommodation in an area affected by bushfire (f) tree damaging activity. | None specified. |

6. Demolition.

Except any of the following:

1. the demolition of a State or Local Heritage Place
2. the demolition of a building (except an ancillary building) in a Historic Area Overlay.

Placement of Notices - Exemptions for Performance Assessed Development

None specified.

Placement of Notices - Exemptions for Restricted Development

None specified.

| DO 1 | Appropriately designed and located accommodation for seasonal and short-term workers in rural areas that minimises environmental and social impacts. |
|------|--|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use and Intensity | |
| <p>PO 1.1</p> <p>Development is limited to workers' accommodation and ancillary land uses that support the day to day needs of workers.</p> | <p>DTS/DPF 1.1</p> <p>Development comprises one or more of the following:</p> <ul style="list-style-type: none"> (a) a dwelling (manager's house) (b) amenity block (including shower, toilet and laundry facilities) in association with and ancillary to the workers' accommodation (c) dwelling addition (d) recreational facility in association with and ancillary to the workers' accommodation (e) office in association with and ancillary to the workers' accommodation (f) shop in association with and ancillary to the workers' accommodation (g) workers' accommodation. |
| <p>PO 1.2</p> <p>Shops, primarily in the form of a restaurant, associated with and ancillary to Workers' accommodation enhance the amenity of the zone for those workers.</p> | <p>DTS/DPF 1.2</p> <p>Shops located on the same site as workers' accommodation meets one of the following:</p> <ul style="list-style-type: none"> (a) it has a gross leasable floor area not exceeding 100m² (b) it is a restaurant. |
| <p>PO 1.3</p> <p>Office associated with and ancillary to Workers' accommodation supports the management and administrative aspects of the accommodation.</p> | <p>DTS/DPF 1.3</p> <p>Office is ancillary to and located on the same site as Workers' accommodation.</p> |
| <p>PO 1.4</p> <p>Development provides space adjacent to and around habitable buildings to accommodate areas for parking of vehicles, storage of waste, landscaping, recreation areas, swimming pool/spa and similar facilities to enhance the amenity for resident workers.</p> | <p>DTS/DPF 1.4</p> <p>The total roofed area of all existing and proposed buildings on the site will not exceed 60%.</p> |
| <p>PO 1.5</p> <p>Workers' accommodation is established in association with major industrial, mining, agricultural and business activities to support and facilitate economic activity.</p> | <p>DTS/DPF 1.5</p> <p>Workers' accommodation is constructed by the principal operator of the relevant business or authorised agent thereof.</p> |
| <p>PO 1.6</p> <p>A dwelling in the form of a manager or caretaker residence associated with and ancillary to Workers' accommodation provides for the efficient management, maintenance and support of residents.</p> | <p>DTS/DPF 1.6</p> <p>A dwelling is:</p> <ul style="list-style-type: none"> (a) ancillary to and located on the same allotment or within the same lease area as the workers' accommodation (b) has a demonstrated connection with workers' accommodation (c) will not result in more than one dwelling being located on an allotment or lease area used for workers' accommodation. |

| | |
|---|---|
| PO 2.1 Land division is designed to: (a) minimise fire risk danger to occupants of buildings and firefighting personnel (b) minimise the potential risk of damage to buildings and other property during a bushfire (c) ensure each allotment contains a suitable building envelope that is located away from any vegetation that would pose an unacceptable risk in the event of bushfire. | DTS/DPF 2.1 None are applicable. |
| Built Form and Character | |
| PO 3.1 Buildings and recreational facilities are set back from internal roads to accommodate vehicular movements and contribute to the safety of workers and visitors. | DTS/DPF 3.1 Buildings and recreational facilities are set back at least 1 metre from an internal road. |
| PO 3.2 Buildings are set back from public roads to mitigate impacts on the streetscape. | DTS/DPF 3.2 Buildings are set back at least 2m from a public road. |
| PO 3.3 Buildings and recreational areas are set back from the boundary of the zone to minimise impacts on neighbouring properties and enhance local amenity. | DTS/DPF 3.3 Buildings are set back at least 2 metres from the zone boundary. |
| PO 3.4 Buildings use materials and finishes to complement the landscape and mitigate the effects of glare on adjacent land users. | DTS/DPF 3.4 Buildings are clad in, or a combination of: (a) materials other than sheet metal (b) sheet metal pre-colour treated or painted in a non-reflective colour. |
| Landscaping | |
| PO 4.1 Landscaping is provided along public roads and thoroughfares, zone boundaries and the perimeter of common vehicle parking areas to enhance the visual appearance of development. | DTS/DPF 4.1 Other than to accommodate a lawfully existing or authorised driveway or access point or an access point for which consent has been granted as part of an application for the division of land, a landscaped area is provided within the development site in accordance with the following: (a) at least 1.5m wide along any boundary on the perimeter of the zone fronting a public road or thoroughfare (b) at least 1m wide around the perimeter of any shared vehicle parking area. |
| PO 4.2 Development incorporates areas for landscaping to enhance the overall amenity of the site and locality. | DTS/DPF 4.2 Landscape areas comprise: (a) not less than 10 percent of the site area (b) a dimension of at least 1m. |
| Concept Plans | |
| PO 5.1 Development is compatible with the outcomes sought by any relevant Concept Plan contained within Part 12 - Concept Plans of the Planning and Design Code to support the orderly development of land through staging of development and provision of infrastructure. | DTS/DPF 5.1 The site of the development is wholly located outside any relevant Concept Plan boundary. The following Concept Plans are relevant: In relation to DTS/DPF 5.1, in instances where: (a) one or more Concept Plan is returned, refer to Part 12 - Concept Plans in the Planning and Design Code to determine if a Concept Plan is relevant to the site of the proposed development. Note: multiple concept plans may be relevant. (b) in instances where 'no value' is returned, there is no relevant concept plan and DTS/DPF 5.1 is met. |

Table 5 - Procedural Matters (PM) - Notification

The following table identifies, pursuant to section 107(6) of the *Planning, Development and Infrastructure Act 2016*, classes of performance assessed development that are excluded from notification. The table also identifies any exemptions to the placement of notices when notification is required.

Interpretation

A class of development listed in Column A is excluded from notification provided that it does not fall within a corresponding exclusion prescribed in Column B. In instances where development falls within multiple classes within Column A, each clause is to be read independently such that if a development is excluded from notification by any clause, it is, for the purposes of notification excluded irrespective of any other clause.

| Class of Development (Column A) | Exceptions (Column B) |
|---|--------------------------|
| 1. A kind of development which, in the opinion of the relevant authority, is of a minor nature only and will not unreasonably impact on the owners or occupiers of land in the locality of the site of the development. | None specified. |
| 2. Any development involving any of the following (or of any combination of any of the following): | None specified. |

- (a) air handling unit, air conditioning system or exhaust fan
- (b) amenities block
- (c) building work on railway land
- (d) internal building works
- (e) carport
- (f) deck
- (g) dwelling
- (h) dwelling addition
- (i) office
- (j) outbuilding
- (k) pergola
- (l) replacement building
- (m) shade sail
- (n) shop
- (o) solar photovoltaic panels (roof mounted)
- (p) swimming pool or spa pool
- (q) temporary accommodation in an area affected by bushfire
- (r) tree damaging activity
- (s) workers accommodation
- (t) water tank.

3. Demolition.

Except any of the following:

1. the demolition of a State or Local Heritage Place
2. the demolition of a building (except an ancillary building) in a Historic Area Overlay.

Placement of Notices - Exemptions for Performance Assessed Development

Advertising Near Signalised Intersections Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Provision of a safe road environment by reducing driver distraction at key points of conflict on the road. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Advertisements Near Signalised Intersections | |
| PO 1.1 Advertising near signalised intersections does not cause unreasonable distraction to road users through illumination, flashing lights, or moving or changing displays or messages. | DTS/DPF 1.1 Advertising: (a) is not illuminated (b) does not incorporate a moving or changing display or message (c) does not incorporate a flashing light(s). |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|---------------------------|--|---|
| Advertisement or advertising hoarding that: (a) is within 100m of a: (i) signalised intersection or (ii) signalised pedestrian crossing and (b) will: (i) be internally illuminated or (ii) incorporate a moving or changing display or message or (iii) incorporate a flashing light. | Commissioner of Highways. | To provide expert technical assessment on potential risks relating to pedestrian and road safety which may arise from advertisements near intersections. | Development of a class to which Schedule 9 clause 3 item 21 of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Affordable Housing Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Affordable housing is integrated with residential and mixed use development. |
| DO 2 | Affordable housing caters for a variety of household structures. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated |
|---------------------|---|
|---------------------|---|

| | | Performance Feature |
|--|---|---------------------|
| Land Division | | |
| PO 1.1 Development comprising 20 or more dwellings / allotments incorporates affordable housing. | DTS/DPF 1.1 Development results in 0-19 additional allotments / dwellings. | |
| PO 1.2 Development comprising 20 or more dwellings or residential allotments provides housing suited to a range of incomes including households with low to moderate incomes. | DTS/DPF 1.2 Development comprising 20 or more dwellings / or residential allotments includes a minimum of 15% affordable housing except where: (a) it can be demonstrated that any shortfall in affordable housing has been provided in a previous stage of development or (b) it can be demonstrated that any shortfall in affordable housing will be accommodated in a subsequent stage or stages of development. | |
| PO 1.3 Affordable housing is distributed throughout the development to avoid an overconcentration. | DTS/DPF 1.3 None are applicable. | |
| Built Form and Character | | |
| PO 2.1 Affordable housing is designed to complement the design and character of residential development within the locality. | DTS/DPF 2.1 None are applicable. | |
| Affordable Housing Incentives | | |
| PO 3.1 To support the provision of affordable housing, minimum allotment sizes may be reduced below the minimum allotment size specified in a zone while providing allotments of a suitable size and dimension to accommodate dwellings with a high standard of occupant amenity. | DTS/DPF 3.1 The minimum site area specified for a dwelling can be reduced by up to 20%, or the maximum density per hectare increased by up to 20%, where it is to be used to accommodate affordable housing except where the development is located within the Character Area Overlay or Historic Area Overlay. | |
| PO 3.2 To support the provision of affordable housing, building heights may be increased above the maximum specified in a zone. | DTS/DPF 3.2 Where a building incorporates dwellings above ground level and includes at least 15% affordable housing, the maximum building height specified in any relevant zone policy can be increased by 1 building level in the: (a) Business Neighbourhood Zone (b) City Living Zone (c) Established Neighbourhood Zone (d) General Neighbourhood Zone (e) Hills Neighbourhood Zone (f) Housing Diversity Neighbourhood Zone (g) Neighbourhood Zone (h) Master Planned Neighbourhood Zone (i) Master Planned Renewal Zone (j) Master Planned Township Zone (k) Rural Neighbourhood Zone (l) Suburban Business Zone (m) Suburban Neighbourhood Zone (n) Township Neighbourhood Zone (o) Township Zone (p) Urban Renewal Neighbourhood Zone (q) Waterfront Neighbourhood Zone and up to 30% in any other zone, except where: (a) the development is located within the Character Area Overlay or Historic Area Overlay or (b) other height incentives already apply to the development. | |
| Movement and Car Parking | | |
| PO 4.1 Sufficient car parking is provided to meet the needs of occupants of affordable housing. | DTS/DPF 4.1 Dwellings constituting affordable housing are provided with car parking in accordance with the following: (a) 0.3 carpark per dwelling within a building which incorporates dwellings located above ground level within either: (i) 200 metres of any section of road reserve along which a bus service operates as a high frequency public transit service ⁽²⁾ (ii) is within 400 metres of a bus interchange ⁽¹⁾ (iii) is within 400 metres of an O-Bahn interchange ⁽¹⁾ (iv) is within 400 metres of a passenger rail station ⁽¹⁾ (v) is within 400 metres of a passenger tram station ⁽¹⁾ (vi) is within 400 metres of the Adelaide Parklands. or (b) 1 carpark per dwelling for any other dwelling. | |

[NOTE(S): (1) Measured from an area that contains any platform(s), shelter(s) or stop(s) where people congregate for the purpose waiting to board a bus, tram or train, but does not include areas used for the parking of vehicles. (2) A high frequency public transit service is a route serviced every 15 minutes between 7.30am and 6.30pm Monday to Friday and every 30 minutes at night, Saturday, Sunday and public holidays until 10pm.]

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|---|--|---|
| Development for the purposes of the provision of affordable housing (applying the criteria determined under regulation 4 of the <i>South Australian Housing Trust Regulations 2010</i>). | Minister responsible for administering the <i>South Australian Housing Trust Act 1995</i> . | To provide direction on the conditions required to secure the provision of dwellings or allotments for affordable housing. | Development of a class to which Schedule 9 clause 3 item 20 of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Aircraft Noise Exposure Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Development sensitive to aircraft noise is designed and located to manage noise intrusion to reduce land use conflict and protect human health. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Use and Intensity | |
| PO 1.1 Buildings that accommodate activities sensitive to aircraft noise are designed and located to minimise aircraft noise intrusion and provide appropriate interior acoustic amenity. | DTS/DPF 1.1 Buildings accommodating sensitive receivers are not located within an area having an ANEF value of 30 or more. |
| Built Form | |
| PO 2.1 Additions to buildings involving the addition or extension of habitable rooms are designed and located to minimise aircraft noise intrusion and provide appropriate interior acoustic amenity. | DTS/DPF 2.1 Dwelling additions involving the addition or extension of habitable rooms: (a) do not result in an increase in the total floor area of the existing dwelling by greater than 50 percent (b) do not occur in areas having an ANEF value of 30 or more. |
| Land Division | |
| PO 3.1 Land division does not increase the number of allotments used for sensitive receivers in areas adversely affected by aircraft noise to mitigate community exposure to potential adverse environmental and amenity impacts generated by aircraft movements. | DTS/DPF 3.1 Land division: (a) within an area having an ANEF value of less than 30 or (b) within an area having an ANEF value of 30 or more and: (i) does not result in any additional allotments or (ii) none of the allotments will accommodate a sensitive receiver. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant

statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Airport Building Heights (Aircraft Landing Areas) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Management of potential impacts of buildings on the operational and safety requirements of aircraft landing areas. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Built Form | |
| PO 1.1 Building height does not pose a hazard to the operation of an aircraft landing area. | DTS/DPF 1.1 The distance from any part of a runway centreline to the closest point of the building is greater than 30 times building height. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Airport Building Heights (Regulated) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Management of potential impacts of buildings and generated emissions to maintain operational and safety requirements of registered and certified commercial and military airfields, airports, airstrips and helicopter landing sites. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Built Form | |
| PO 1.1 Building height does not pose a hazard to the operation of a certified or registered aerodrome. | DTS/DPF 1.1 Buildings are located outside the area identified as 'All structures' (no height limit is prescribed) and do not exceed the height specified in the Airport Building Heights (Regulated) Overlay which applies to the subject site as shown on the SA Property and Planning Atlas. In instances where more than one value applies to the site, the lowest value relevant to the site of the proposed development is applicable. |
| PO 1.2 Exhaust stacks are designed and sited to minimise plume impacts on aircraft movements associated with a certified or registered aerodrome. | DTS/DPF 1.2 Development does not include exhaust stacks. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|---|---|--|
| Any of the following classes of development: (a) building located in an area identified as 'All structures' (no height limit is prescribed) or will exceed the height specified in the <i>Airport Building Heights (Regulated) Overlay</i> (b) building comprising exhaust stacks that generates plumes, or may cause plumes to be generated, above a height specified in the <i>Airport Building Heights (Regulated) Overlay</i> . | The airport-operator company for the relevant airport within the meaning of the <i>Airports Act 1996</i> of the Commonwealth or, if there is no airport-operator company, the Secretary of the Minister responsible for the administration of the <i>Airports Act 1996</i> of the Commonwealth. | To provide expert assessment and direction to the relevant authority on potential impacts on the safety and operation of aviation activities. | Development of a class to which Schedule 9 clause 3 item 1 of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Building Near Airfields Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Maintain the operational and safety requirements of certified commercial and military airfields, airports, airstrips and helicopter landing sites through management of non-residential lighting, turbulence and activities that may attract or result in the congregation of wildlife. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| PO 1.1 Outdoor lighting associated with a non-residential use does not pose a hazard to commercial or military aircraft operations. | DTS/DPF 1.1 Development: (a) primarily or wholly for residential purposes (b) for non-residential purposes that does not incorporate outdoor floodlighting. |
| PO 1.2 Development likely to attract or result in the congregation of wildlife is adequately separated from airfields to minimise the potential for aircraft wildlife strike. | DTS/DPF 1.2 All development except where it comprises one or more of the following located not less than 3km from the boundaries of an airport used by commercial or military aircraft: (a) food packing/processing plant (b) horticulture (c) intensive animal husbandry (d) showground (e) waste management facility (f) waste transfer station (g) wetland (h) wildlife sanctuary. |
| PO 1.3 Buildings are adequately separated from runways and other take-off and landing facilities within certified or registered aerodromes to minimise the potential for building-generated turbulence and windshear that may pose a safety hazard to aircraft flight movement. | DTS/DPF 1.3 The distance from any part of a runway centreline to the closest point of the building is not less than 35 times the building height. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Character Area Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Valued streetscape characteristics and development patterns are reinforced through contextually responsive development, design and adaptive reuse that responds to the attributes expressed in the Character Area Statement. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| All Development | |
| PO 1.1 All development is undertaken having consideration to the valued attributes expressed in the Character Area Statement. | DTS/DPF 1.1 None are applicable. |
| Built Form | |
| PO 2.1 The form of new buildings and structures that are visible from the public realm are consistent with the valued streetscape characteristics of the character area. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Development is consistent with the prevailing building and wall heights in the character area. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Design and architectural detailing of street-facing buildings (including but not limited to roof pitch and form, openings, chimneys and verandahs) are consistent with the prevailing characteristics in the character area. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 Development is consistent with the prevailing front and side boundary setback pattern in the character area. | DTS/DPF 2.4 None are applicable. |
| PO 2.5 Materials are either consistent with or complement those within the character area. | DTS/DPF 2.5 None are applicable. |
| Alterations and Additions | |
| PO 3.1 Additions and alterations do not adversely impact on the streetscape character. | DTS/DPF 3.1 Additions and alterations: (a) are fully contained within the roof space of a building with no external alterations made to the building elevation facing the primary street or (b) meet all of the following: (i) do not include any development forward of the front façade building line (ii) any side or rear extensions are no closer to the side boundary than the existing building (iii) do not involve the construction or alteration of a second or subsequent building level. |
| PO 3.2 Adaptive reuse and revitalisation of buildings to retain local character consistent with the Character Area Statement. | DTS/DPF 3.2 None are applicable. |
| Ancillary Development | |
| PO 4.1 Ancillary development, including carports, outbuildings and garages, complements the character of the area and associated building(s). | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Ancillary development, including carports, outbuildings and garages, is located behind the building line of the principal building(s). | DTS/DPF 4.2 None are applicable. |
| PO 4.3 Advertising and advertising hoardings are located and designed to complement the building, be unobtrusive, be below the parapet line, not conceal or obstruct significant architectural | DTS/DPF 4.3 None are applicable. |

| | |
|---|-------------------------------------|
| elements and detailing, or dominate the building or its setting. | |
| PO 4.4 Fencing and gates closer to a street boundary (other than a laneway) than the elevation of the associated building are consistent with the traditional period, style and form of the of the associated building. | DTS/DPF 4.4 None are applicable. |
| Land Division | |
| PO 5.1 Land division creates allotments that are: (a) compatible with the surrounding pattern of subdivision in the character area (b) of a dimension to accommodate buildings of a bulk and scale that reflect existing buildings and setbacks in the character area. | DTS/DPF 5.1 None are applicable. |
| Context and Streetscape Amenity | |
| PO 6.1 The width of driveways and other vehicle access ways are consistent with the prevalent width of existing driveways in the character area. | DTS/DPF 6.1 None are applicable. |
| PO 6.2 Development maintains the valued landscape pattern and characteristics that contribute to the character area, except where they compromise safety, create nuisance, or impact adversely on existing buildings or infrastructure. | DTS/DPF 6.2 None are applicable. |

|---|---|--|
| HoBC1 | The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table. | |
| | Eras, themes and context | 1880s to 1920s west of the railway line. 1930s to 1960s east of the railway line. |
| | Allotments, subdivision and built form patterns | 19 th century rectilinear road pattern, with small allotment sizes. Large allotments and frontages. Narrow streets, limited street trees. Reduced setbacks. Varied front setbacks. Side setbacks provide visual spacing between dwellings. |
| | Architectural styles, detailing and built form features | Range of architectural styles. Still some remaining examples of bungalows west of the railway line. Influence of Spanish Mission style architecture. Rectilinear plan forms. High degree of modulation and articulation. Low scale. Steep roof pitches in the order of 25 to 35 degrees. Short roof spans. Hip and gable roof forms. Deep verandahs and porches. Fine-grain detail in elements such as plinths, string courses, projecting sills. High solid to void ratio. Vertical proportions in windows and doors. |
| | Building height | Single storey. |
| | Materials | Red and cream brick. Stone. Render. Corrugated iron roofing. Terra cotta tile roofing. Varied building materials across the area. |
| | Fencing | Fencing associated with the era and style of the building, and providing views to the building. |
| | Setting, landscaping, streetscape and public realm features | Railway line is a significant feature, with associated landscape corridor. Sloping landform. Coastal views. |
| | Representative Buildings | <i>[Not identified]</i> |

| <p>Edwardstown, Glandore, Glengowrie and Plympton Park Character Area Statement (Mar-C1)</p> | |
| <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> | |
| <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> | |
| <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| Eras, themes and context | 1920s to 1950. |
| Allotments, subdivision and built form patterns | <p>Conventional grid type pattern of streets.</p> <p>Large allotments.</p> <p>Predominantly detached dwellings.</p> <p>Some examples of semi-detached dwellings in Glandore and Glengowrie.</p> |

| Statement# | Statement | |
|------------|--|--|
| MarC1 | Architectural styles, detailing and built form features | Single storey detached dwellings. Occasional single storey semi-detached dwellings. Mixture of Bungalow, Art Deco, Spanish Mission, Tudor. Articulated roof forms (gable, Dutch gable, hips). Chimneys, projecting front verandahs, porches, porticos. Garages and carports located behind main face of dwelling. |
| | Building height | Single storey. 2nd storey in roofline. |
| | Materials | Timber frame windows. External walls constructed of mixture of red brick, painted brick, stone and rendered masonry. Roofing - galvanised iron/replaced with colorbond, terracotta tiles. |
| | Fencing | Low height - rendered masonry, timber picket, post and wire, tubular. |
| | Setting, landscaping, streetscape and public realm features | Tree lined streets. Well maintained traditional gardens. Mature vegetation in private properties. Low scale dwellings. Housing well setback from street. |
| | Representative Buildings | <i>[Not identified]</i> |
| | <p>Marion Character Area Statement (Mar-C2)</p> <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| MarC2 | Eras, themes and context | Original housing stock - predominantly 1950s to 1970s. More recent infill scattered throughout. |
| | Allotments, subdivision and built form patterns | Grid type pattern of streets, partly angular due to diagonal alignment of railway resulting in some irregular shaped allotments. Large allotments. Detached dwellings. |
| | Architectural styles, detailing and built form features | Predominantly single storey detached dwellings. Small number of 2 storey dwellings. Original housing stock - mixture of austerity, conventional 1950s. Roof forms (gable, hips). |
| | Building height | Original housing stock is generally single storey. Recent dwellings are predominantly single storey however there are more examples of 2 storey. |
| | Materials | External walls predominantly a mixture of brick (variety of colours) and rendered masonry. Roofing - original housing has terracotta tiles. More recent replacement housing has colorbond. |
| | Fencing | No dominant fencing style or material. Mixed with open front yards. |
| | Setting, landscaping, streetscape and public realm features | Tree lined streets. Well maintained leafy garden character. Mature vegetation in private properties. Low scale dwellings. |

| Statement# | Statement | |

Character Areas affecting City of Norwood, Payneham and St Peters

| Evandale/Maylands/Stepney Character Area Statement (NPSP-C1) | | | |
|---|---|---|--|
| <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | | | |
| | Eras, themes and context | Pre-1940. Primarily low-scale and low density residential. Detached (including battleaxe in Maylands, Evandale and Payneham), semi-detached and group dwellings. | |
| | Allotments, subdivision and built form patterns | Original, pre-1940s land division patterns. Setbacks from boundaries creating space between dwellings. | |
| NPSPC1 | Architectural styles, detailing and built form features | Traditional pre-1940s roof forms, eaves, front verandah treatments, window proportions. Semi-detached dwellings often presenting as single dwellings. | |
| | Building height | Single storey, with some two storey to the rear of buildings (with single storey appearance to primary street frontage). | |
| | Materials | Varied, traditional materials. | |
| | Fencing | Low, open-style fencing that allows connectivity to the street. Front fencing and side fencing (between the front of a dwelling and the street) and landscaping are important components of streetscape character. Some more solid forms of fencing along arterial roads. | |
| | Setting, landscaping, streetscape and public realm features | Vehicle garaging, driveways and front fences are not dominant streetscape elements. In most areas mature street tree plantings provide an overall visual coherence to the streets. Soft front landscaping, including trees. Some limited advertising and signage which complements scale and architecture of associated buildings. | |
| | Representative Buildings | [Not identified] | |

Character Areas affecting City of Playford

| Statement# | Statement | |
|--|---|--|
| | Elizabeth South Character Area Statement (Play-C1) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> | |
| | <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> | |
| <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | | |
| Eras, themes and context | Late 1950s to early 1960s. | |
| Allotments, subdivision and built form patterns | <p>First stage of the post war planned Garden City north of Adelaide.</p> <p>Layout and land division pattern involving irregular allotment shapes and curvilinear street pattern, typical of the planning and construction of Trust development in the late 1950s and early 1960s.</p> <p>Large proportion of open space as parks and gardens.</p> <p>Parks and mature trees in the landscape road reserve make a significant contribution to the character and amenity of the area.</p> <p>Rectangular allotment shapes in varying sizes. Some allotments have been amalgamated to make way for residential flat buildings and units. Generally large front setbacks. Side setbacks provide visual spacing between dwellings.</p> | |

| Statement# | Statement | |
|------------|---|--|
| PlayC1 | Architectural styles, detailing and built form features | Small scale, simplified building forms consistent with South Australian Housing Trust development of the late 1950s early 1960s. Single storey semi-detached and detached buildings. Dwellings being of brick and concrete block construction with varying stylistic treatments. Many dwellings without vehicle garaging. Garages, carports and outbuildings, where they exist, are low in scale and simple in form. Rectilinear plan forms. Low scale. Hipped roof forms. |
| | Building heights | Predominantly single storey. |
| | Materials | Consistent with the materials used in the late 1950s to early 1960s period. Brick or rendered finishes. Corrugated iron roofing. Consistent, original windows dimensions facing the street. Main entrance incorporated into front elevation. |
| | Fencing | Where fencing exists, it is predominantly in the form of low style open fencing along the primary road frontage. Corrugated iron fencing evident to side and rear boundaries. |
| | Setting, landscaping, streetscape and public realm features | Low scale suburban feel, within proximity to the open spaces. Strong sense of uniformity of buildings. |
| | Representative Buildings | [Not identified] |

Character Areas affecting City of Port Adelaide Enfield

| | | |
|--------|---|---|
| PAdEC1 | Enfield Character Area Statement (PAdE-C1) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | 1900s - 1950s built development. |
| | Allotments, subdivision and built form patterns | "Garden suburb" street pattern and modified grid. Generous allotment sizes with wide frontages and substantial rear gardens. Consistent front set-backs. |
| | Architectural styles, detailing and built form features | <p>The area is large and features a wide variety of housing styles including bungalows, villas, Tudors, art deco, inter-war, cottages and mansions generally built before the 1940s.</p> <p>There is also a significant stock of quality dwellings built between 1940 and 1950 that augment the pre 1940s dwellings and make an important contribution to the character of the area.</p> <p>There is a notable concentration of bungalows in the western portion of the area and this style is a defining feature in this part of the area.</p> |
| | Building height | Single storey. |
| | Materials | Materials consistent with the style of building and era of its original construction. |
| | Fencing | <p>Low and/or open consistent with the style and era of construction of the building it is associated with.</p> <p>Fences associated with Victorian and Edwardian houses including pickets, paling, masonry and cast iron and other traditional fence forms.</p> <p>Fences associated with houses from the 1920s including capped timber palings, post and wire or woven wire fences.</p> |
| | Setting, landscaping, streetscape and public realm features | <p>The 1920s street pattern in this area is distinctive and reflects the garden suburb approach to town planning and subdivision.</p> <p>It results in wide nature strips and reserves that together with mature, well landscaped gardens create road verges which contribute to an open and high quality residential character.</p> |
| | Representative Buildings | [Not identified] |

| | | |
|-----------------------------------|---|----------------------------------|
| | Glanville (East of Carlisle) Character Area Statement (PAdE-C2) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | 1860s - 1920s built development. |
| Allotments, subdivision and built | <p>The allotment pattern is shaped to accommodate the alignments of Carlisle Street and Causeway Road. Small allotment sizes with narrow frontages. Dwellings are built close to streets.</p> | |

| Statement# | Statement | |
|---|---|--|
| PAdeC2 | form patterns | |
| | Architectural styles, detailing and built form features | Housing styles include cottages, villas, inter-war and bungalows with cottages being the predominant and key defining feature in the area. |
| | Building height | Single storey. |
| | Materials | Materials consistent with the style of building and era of its original construction. |
| | Fencing | <p>Low and/or open consistent with the style and era of construction of the building it is associated with.</p> <p>Fences associated with Victorian and Edwardian houses including pickets, paling, masonry and cast iron and other traditional fence forms. Fences associated with houses from the 1920s including capped timber palings, post and wire or woven wire fences.</p> |
| | Setting, landscaping, streetscape and public realm features | <p>The area is nestled in to the north west of the Jervois Street bridge and contains many old workers' cottages. These are particularly prevalent in the area bound by Sutherland Street, Connor Street, Hart Street and Carlisle Street.</p> <p>The area's simple low rise housing is strongly counterpointed by the modern, multi -storey Port Adelaide waterfront development to the east of the Outer Harbour rail line and provides an important representation of the early settlement and historical development of Port Adelaide.</p> |
| | Representative Buildings | <i>[Not identified]</i> |
| PAdeC3 | Largs / Largs North Character Area Statement (PAde-C3) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> | |
| | <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> | |
| | <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | 1900s - 1960s built development. |
| | Allotments, subdivision and built form patterns | <p>Grid pattern with predominately east -west running streets with the long axes of allotments running north-south. Allotments fronting Lady Gowrie Drive and Military Road configured with their long axes running east-west so that buildings address these roads. A high degree of consistency in front setbacks.</p> <p>Regular and generous rectangular allotments with wide frontages.</p> |
| | Architectural styles, detailing and built form features | Wide range of housing styles including bungalows, villas, inter-war, Tudors, cottages and art deco. There is a strong concentration of pre 1940s built form. |
| | Building height | Predominately single storey but some two storey along parts of the Lady Gowrie Drive frontage. |
| | Materials | Materials consistent with the style of building and era of its original construction. |
| Fencing | <p>Low and/or open consistent with the style and era of construction of the building it is associated with.</p> <p>Fences associated with Victorian and Edwardian houses including pickets, paling, masonry and cast iron and other traditional fence forms. Fences associated with houses from the 1920s including capped timber palings, post and wire or woven wire fences.</p> <p>Original hedges retained, restored and where appropriate, extended, (utilizing the same species of planting currently in existence) as an alternative to constructed fences.</p> | |
| Setting, landscaping, streetscape and public realm features | <p>The southern boundary of this area adjoins the Semaphore/Largs Historic Area. It abuts the coast and contains a significant number of dwellings built during the period from 1915-1940.</p> <p>It has a strong relationship with the coast and features tree lined streets with footpaths on both sides that provide vistas and ready walking access to the foreshore and beach.</p> <p>Wide allotment frontages with generous spacing between driveways make a significant contribution to the walkability of these footpaths and the character of the area.</p> <p>An imposing stand of Norfolk Island pines along Lady Gowrie Drive is a key feature of the area.</p> | |
| Representative Buildings | <i>[Not identified]</i> | |
| | Rosewater Character Area Statement (PAde-C4) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> | |
| | <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |

| Statement# | Statement | |
|------------|---|---|
| PAdEC4 | Eras, themes and context | 1900s - 1940s built development. |
| | Allotments, subdivision and built form patterns | Grid pattern distorted by the alignment of Newcastle Street. Small allotments with narrow frontages. Front setbacks are consistent on a street by street basis. |
| | Architectural styles, detailing and built form features | A variety of housing styles but cottages, villas and bungalows are the principle styles. |
| | Building height | Single storey. |
| | Materials | Materials of existing buildings retained where practicable and missing elements reinstated consistent with the style of building and era of its original construction. |
| | Fencing | Low and/or open consistent with the style and era of construction of the building it is associated with. Fences associated with Victorian and Edwardian houses including pickets, paling, masonry and cast iron and other traditional fence forms. Fences associated with houses from the 1920s including capped timber palings, post and wire or woven wire fences. |
| | Setting, landscaping, streetscape and public realm features | Newcastle Street is a well landscaped road that provides the main access into this area. It features well established avenue tree planting that includes plane trees and jacarandas. Simple, single storey, historic detached dwellings built on allotments with consistent widths laid out in a grid pattern, and the adjacent Mt Carmel school and the reserve to the north west, combine to establish a country town like character. |

Character Areas affecting City of Prospect

| | | |
|------|---|--|
| PrC1 | Suburban Neighbourhood 1 Character Area Statement (Pr-C1) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | Late 19th and Early 20th centuries residential. Limited post-1950s residential. Very low density and primarily detached dwellings. |
| | Allotments, subdivision and built form patterns | Original land division patterns following grid type street pattern and displaying rectangular, rectilinear allotments. Spacious allotments. Large allotment frontages. Large front setbacks. Street facing front dwelling facades. Large spaces around and between dwellings including generous and asymmetrical (one side larger than the other) side setbacks between dwellings. Typically two storey dwellings display consistent side boundary setbacks between building levels. |
| | Architectural styles, detailing and built form features | <p>Majority bungalows and villas of a significant scale.</p> <p>Pitched roofs with their vertical proportion similar to wall height and typically around 25 to 49 degree pitch.</p> <p>Prominent front verandahs of bull-nose or concave design.</p> <p>Moderate front façade detailing and articulation (wall off-sets, verandahs and deep eaves) with walls with a solid to void ratio of greater than 1:1 and fenestrations showing a vertical prominence.</p> |
| | Building height | <p>Primarily single storey presentation to the street with two storey components sited behind.</p> <p>1 to 2 storey dwellings with vertical proportions consistent with traditional dwellings (wall height at least 3 metres and no more than 3.6 metres for single storey and up to 7 metres for two storeys.</p> <p>Large scale buildings in context with large to very large allotments and frontages.</p> |
| | Materials | <p>Stone, brick and rendered finishes.</p> <p>Detailing around doors, windows, wall edges and gables.</p> <p>Limited colour palette for the majority of building façade (sandstone to reds; bluestone and grey tones) with colour highlights in the detailing.</p> |
| | Fencing | Front fences forward of the building are of an open style and low in height (to 1.2 metres high). Fencing style associated with dwelling style and era of development. Some more solid fencing of standard height along major roads. |
| | Setting, landscaping, streetscape and public realm features | <p>Leafy public realm that visually dominates or supports the built form.</p> <p>Extensively landscaped front yards with mature vegetation/tree canopy. Minimal hard and artificial surfaces. Mature vegetation in public realm. Garages and carports are designed and sited to be subordinate to the main dwelling. Access points are narrow and consolidated.</p> |

Suburban Neighbourhood 2 Character Area Statement (Pr-C2)

| Statement# | Statement | |
|------------|---|--|
| PrC2 | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | Late 19th and Early 20th centuries residential. Limited post-1950s infill residential. Primarily low density and low scale residential, including detached, semi-detached and row dwellings. |
| | Allotments, subdivision and built form patterns | <p>Original land division patterns following grid type street pattern and displaying rectangular, rectilinear allotments. Large allotments. Large allotment frontages. Large front setbacks along with reasonable side setbacks. Street facing front dwelling facades.</p> <p>Moderate spaces around dwellings including asymmetrical (one side larger than the other) side setbacks between dwellings. Typically two storey dwellings to display consistent side boundary setbacks between building levels.</p> |
| | Architectural styles, detailing and built form features | <p>Mainly single storey detached bungalows, cottages and villas.</p> <p>Pitched roofs with the vertical proportion similar to wall height and typically around 25 to 49 degree pitch.</p> <p>Front verandahs (with bull-nose or concave design) with façade detailing and moderate articulation. Moderate front façade detailing and articulation (wall off-sets, verandahs and deep eaves) with walls with a solid to void ratio of greater than 1:1 and fenestrations showing a vertical prominence.</p> |
| | Building height | <p>Primarily single storey presentation to the street with any two storey components sited behind.</p> <p>Predominantly 1 storey dwellings with vertical proportions consistent with traditional dwellings at least 3 metres and no more than 3.6 metres in wall height for single storey and up to 7 metres for two storeys.</p> <p>Moderate scale in context with low rise development, allotment size and frontages.</p> |
| | Materials | <p>Stone, brick and rendered finishes.</p> <p>Detailing around doors, windows, wall edges and gables</p> <p>Limited colour palette for the majority of building façade and roof areas (sandstone to reds; bluestone and grey tones) with complementary colour highlights in the detailing.</p> |
| | Fencing | Front fences forward of the building are of an open style and low in height (to 1.2 metres high). Style associated with dwelling style and era of development. Some more solid fencing of standard height along major roads. |
| | Setting, landscaping, streetscape and public realm features | <p>Leafy public realm that supports the built form. Garages and carports are designed and sited to be subordinate to the main dwelling. Access points are narrow and consolidated.</p> <p>Well landscaped front yards with mature vegetation/tree canopy. Minimal hard and artificial surfaces. Front and side garden landscaping. Leafy, garden suburb character and visual separation between houses.</p> |
| | Representative Buildings | <i>[Not identified]</i> |
| PrC3 | <p>Suburban Neighbourhood 3 Character Area Statement (Pr-C3)</p> <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | Early 20th century residential. Some examples of residential infill comprising units, conventional and recent dwellings. Primarily low density and low scale residential including various dwelling types. |
| | Allotments, subdivision and built form patterns | <p>Original land division patterns following grid type street pattern and displaying rectangular, rectilinear allotments. Moderate sized allotments. Moderate to compact allotment frontages. Street facing front dwelling facades.</p> <p>Moderate to compact asymmetrical spaces between dwellings providing physical and visual separation between dwellings. Typically two storey dwellings to display consistent side boundary setbacks between building levels.</p> |
| | Architectural styles, detailing and built form features | <p>Many bungalows with some cottages, Tudor and art deco housing.</p> <p>Pitched roofs with the vertical proportion similar to wall height and typically around 25 to 49 degree pitch.</p> <p>Front verandahs with façade detailing and moderate articulation (wall off-sets, verandahs and deep eaves) walls with a solid to void ratio of greater than 1:1 and fenestrations showing a vertical prominence.</p> |
| | Building height | <p>Primarily single storey presentation to the street with two storey components sited behind.</p> <p>Predominantly 1 storey dwellings with vertical proportions consistent with traditional dwellings (at least 3 metres and no more than 3.6 metres in wall height).</p> <p>Moderate to compact scale in context with low rise development, allotment size and frontages.</p> |
| | Materials | Stone, brick and rendered finishes and durable materials. |

| Statement# | Statement | |
|------------|---|--|
| | | <p>Detailing around doors, windows, wall edges and gables.</p> <p>Limited palette for the majority of building façade and roof areas with colour highlights in the detailing (sandstone to reds; bluestone and grey tones) with complementary colour highlights in the detailing.</p> |
| | Fencing | Front fences forward of the building are of an open style and low in height (to 1.2 metres high). Style associated with dwelling style and era of development. Some more solid fencing of standard height along major roads. |
| | Setting, landscaping, streetscape and public realm features | <p>Leafy public realm that supports the built form.</p> <p>Landscaped front yards with mature vegetation/tree canopy. Minimal hard and artificial surfaces. Leafy garden suburb character and maintaining visual separation between houses. Garages and carports are designed and sited to be subordinate to the main dwelling. Access points are narrow and consolidated.</p> |

Character Area affecting District Council of Tatiara

| | | |
|--------------------------|--|--|
| TatC1 | Mundulla Character Area Statement (TatC1) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases, State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | Pre-1950. |
| | Allotments, subdivision and built form patterns | Original land division, large allotments. Buildings sited regularly and facing towards street frontages. |
| | Architectural styles, detailing and built form features | Consistent roof pitches. Unity of design and scale. |
| | Building height | Consistent, low scale. |
| | Materials | Earthen colours. Materials consistent with pre-1950s buildings. |
| | Fencing | Informal fencing. |
| | Setting, landscaping, streetscape and public realm features | Individual and stands of trees, stone culverts, drainage and footpath system add to character of townscape. Informal street furniture, lighting, footpaths, road surface treatments, kerbing and guttering. Surrounded by well vegetated parklands and grazing land. Uncluttered appearance. Advertisements of traditional styles and scale consistent with the era. |

Character Areas affecting City of Victor Harbor

| | | |
|-----------------|---|---|
| ViHC1 | Burke Street Character Area Statement (ViH-C1) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | Consistent low scale detached dwellings, primarily constructed after World War 1 to the later part of the 19th Century (mid 1800s to 1930s). Early settlement, consolidation and growth of residential development. |
| | Allotments, subdivision and built form patterns | Original street layout including rear access lanes and local roads. Curvilinear street with relatively large allotments roughly perpendicular to the street, most with rear laneway access. |
| | Architectural styles, detailing and built form features | Mix of small mid-1800s detached cottages of early Vernacular style, symmetrical and asymmetrical cottages and villas of the mid to late 1800s with Victorian stylistic influences, early 1900s cottages and villas with Federation stylistic influences, Inter-War bungalows. Church and Hall with late Victorian Gothic stylistic influences located at the bend in the road are landmarks. Adjacent to the Church is a Manse built in the Inter-War period with Georgian Revival stylistic influences. Rectilinear plan form. Buildings are typically two or more pavilions rather than a single mass. Steeply-pitched roof forms, typically 35 to 40 degrees on 1800s and early 1900s era buildings and slightly lower on Inter-War buildings, reflecting traditional architectural styles and building methods. Short roof spans, minimising roof bulk. Concave, bullnose and straight-pitched verandahs on front and sometimes side facades reduce the bulk and scale and add visual interest. Lean-to forms are common. Fine-grain detail in elements such as plinths, string courses, projecting sills. High solid to void ratio. Vertical proportions in windows and doors. |
| Building height | Single storey, low scale and simple in form. | |

| Statement# | Statement | |
|------------|---|---|
| | Materials | Limestone walls. Red brick or rendered quoin work and details. Timber joinery including window frames, door frames, doors, fascias, bargeboards and verandah posts. Corrugated iron or corrugated steel roofing. Variation in materials assists in breaking down bulk and scale and adds visual interest. |
| | Fencing | Low, open style construction front fencing (1.2 metres or less) associated with the traditional period and style of building, and providing views to the building. Low timber pickets, post and rails, pier and plinth masonry or wrought iron. Rear and side fencing behind building line up to 1.8 metres, corrugated iron. |
| | Setting, landscaping, streetscape and public realm features | Established garden settings. Varied, small front and side setbacks. Landscaped verges. Garages and carports are sited behind dwellings, accessed from rear laneways or well set back from the front of dwellings. |
| | Representative Buildings | [Not identified] |

Character Areas affecting Town of Walkerville

| Character Areas affecting Town of Walkerville | | |
|---|---|---|
| WalkC1 | Gilberton Character Area Statement (Walk-C1) | |
| | <p>The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area.</p> <p>The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table.</p> | |
| | Eras, themes and context | Various eras of development that map out the developmental progress of the Walkerville Township, from the late 1870s to early 1900s. |
| | Allotments, subdivision and built form patterns | Predominantly low density detached dwellings on allotments that are medium in width and of a range of sizes. Some semi-detached and group dwellings on larger allotments. |
| | Architectural styles, detailing and built form features | The historic built form exhibits a mixture of architectural styles from the late 1800s and early 1900s. Edwardian villas alongside Victorian cottages pepper the locality providing a significant narrative that reflects the contemporaneous construction styles. |
| | Building height | Predominantly single storey. Two storey additions to the rear of buildings or within the roof space. |
| | Materials | Residences within this area vary in material application. Residences mostly constructed in locally sourced sandstone or bluestone, corrugated galvanised iron roofs and verandahs with cast iron lacework. |
| | Fencing | Original fencing with bluestone plinths and cast iron fence railings above. Low front fencing. |
| | Setting, landscaping, streetscape and public realm features | There is a reasonably well established pattern of development, with regular spacing between buildings, front setbacks and roof pitches. The landscape setting is an important element of the area, with generally open, well vegetated streetscapes through a combination of public and private plantings and low fencing forward each dwelling. |

Character Areas affecting Whyalla City Council

| | | |
|-----------|---|--|
| WhC1 | Whyalla Character Area Statement (Wh-C1) | |
| | The Character Area Overlay identifies localities that comprise valued character attributes. They can be characterised by a consistent rhythm of allotment patterns, building setting and spacing, landscape or natural features and the scale, proportion and form of buildings and their key elements. | |
| | These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of a Character Area. | |
| | The preparation of a Contextual Analysis can assist in determining potential additional attributes of a Character Area where these are not identified in the below table. | |
| | Eras, themes and context | 1900 - 1940. Developed in the first 40 years of Whyalla up until the 1940's. Illustrates the increasing prosperity of the city from the small corrugated or rendered masonry cottages to the substantial stone bungalow dwellings constructed by BHP for their senior staff at the steelworks. |
| | Allotments, subdivision and built form patterns | Pattern of division in predominantly quarter acre lots, generous roads and road reserves with ample provision for on street parking and street planting. |
| | Architectural styles, detailing and built form features | Colonial Cottages with half-hipped roofs, rendered masonry walls with open verandahs the width of the dwelling, symmetrical fronted dwellings with return verandahs and Bungalow dwellings dominate the architectural style of the dwellings. |
| | Building height | [Not stated] |
| Materials | Corrugated iron, rendered masonry and BHP stone (including stone coins) and BHP brick are the predominant construction materials with corrugated irons roofs. | |
| Fencing | Simple low picket or low rendered masonry, low open fencing or hedging. | |

| Statement# | Statement | |
|------------|---|--|
| | Setting, landscaping, streetscape and public realm features | Pedestrian and cycle connection to the foreshore, Ada Ryan Gardens and Hummock Hill. |
| | Representative Buildings | [Not identified] |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Character Preservation District Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Recognise, protect and enhance the special character of Character Preservation Districts. |
| DO 2 | The long term use of land outside of townships for primary production and associated value adding enterprises is assured and promoted. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Land Use and Intensity | |
| PO 1.1 Land division is undertaken in accordance with Section 8 of the <i>Character Preservation (Barossa Valley) Act 2012</i> and Section 8 of the <i>Character Preservation (McLaren Vale) Act 2012</i> . | DTS/DPF 1.1 None are applicable. |
| PO 1.2 Residential development located in townships to reinforce settlement patterns within the district and support the continuation of primary production on land outside townships. | DTS/DPF 1.2 Residential development located within designated township areas of the Character Preservation District Overlay. |
| Built Form and Character | |
| PO 2.1 Development occurring at the edge of townships is sympathetic to the rural landscape and reinforces a clear transition between townships and rural landscape through measures including: (a) being of a low scale (b) orientating residential development towards the rural area (c) ensuring visual separation from the rural area through landscaping and road reserves. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Development contributes to and maintains the historic identity and character of townships through appropriate: (a) form (b) scale (c) siting (d) design (e) landscaping. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Adaptive re-use of rural structures and historic and/or character buildings supports their preservation and ongoing contribution to the landscape. | DTS/DPF 2.3 None are applicable. |
| Built Form and Character in the Rural Area | |
| PO 3.1 | DTS/DPF 3.1 |

| | |
|--|---|
| Preservation of existing natural features including topography, watercourses and mature trees. | None are applicable. |
| PO 3.2 Buildings and structures do not interrupt views of the skyline through measures including being sited below ridge lines. | DTS/DPF 3.2 None are applicable. |
| PO 3.3 Buildings and structures harmonise with the natural features of the landscape and reinforce the rural character through the use of muted, neutral, non-reflective landscape colours on external surfaces. | DTS/DPF 3.3 None are applicable. |
| PO 3.4 Large buildings and structures are sited and oriented to minimise their visual bulk, particularly if close to roads or in open settings where there are no other buildings or mature trees in close proximity. | DTS/DPF 3.4 None are applicable. |
| PO 3.5 Buildings and structures are grouped to create compact clusters well set back from public roads. | DTS/DPF 3.5 None are applicable. |
| PO 3.6 Development mitigates the need for long, steep access roads that require excessive grading or removal of vegetation. | DTS/DPF 3.6 None are applicable. |
| Earthworks | |
| PO 4.1 Excavation and filling of land is limited to that associated with: (a) minimising the visual impact of buildings or structures or (a) construction of water storage facilities. | DTS/DPF 4.1 Excavation and/or filling of land is: (a) no greater than 1.5 metres from natural ground level (b) only undertaken in order to reduce the visual impact of buildings or structures or to construct water storage facilities. |

Procedural Matters (PM)

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Coastal Areas Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | The natural coastal environment (including environmentally important features such as mangroves, wetlands, saltmarsh, sand dunes, cliff tops, native vegetation, wildlife habitat, shore and estuarine areas) is conserved and enhanced. |
| DO 2 | Provision is made for natural coastal processes; and recognition is given to current and future coastal hazards including sea level rise, flooding, erosion and dune drift to avoid the need, now and in the future, for public expenditure on protection of the environment and development. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Division | |
| PO 1.1 Land is divided only if it or the subsequent development and use of the land will not adversely affect the environmental values or ability of the land or adjoining land to adapt to changing coastal processes. | DTS/DPF 1.1 Land division for minor adjustment of allotment boundaries removes an anomaly in the current boundaries with respect to the location of buildings or structures. |
| PO 1.2 | DTS/DPF 1.2 |

| <p>Land is not divided unless a layout is achieved whereby roads, parking areas and development sites for each allotment are at least 0.3m above the standard sea flood risk level, unless the land has, or can be provided with, appropriate and acceptable coastal protection measures.</p> | <p>None are applicable.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
|--|---|----------------------------------|--|---|--|---|---|---|--|--|--|--|--|--|--|---|---|--|--|--|---|--|--|--|--|--|--|--|--|---|--|--|--|--|--|--|--|--|--|--|--|---|--|--|--|--|--|--|
| <p>PO 1.3 Other than small-scale infill land division in a predominantly urban zone, land division adjacent to the coast incorporates an existing or proposed public reserve (not including a road or erosion buffer) of a size adequate to provide for natural coastal processes, public access and recreation.</p> | <p>DTS/DPF 1.3 None are applicable.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>Hazard Risk Minimisation</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 2.1 Buildings sited over tidal water or that are not capable of being raised or protected by flood protection measures in the future are protected against the standard sea flood risk level and 1m of sea level rise.</p> | <p>DTS/DPF 2.1 Building floor levels are at least 1.25m above the standard sea flood risk level.</p> | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| <p>PO 2.2 Development, including associated roads and parking areas, but not minor structures unlikely to be adversely affected by flooding, is protected from the standard sea flood risk level and 1m of sea level rise.</p> | <p>DTS/DPF 2.2 Development incorporates finished ground and floor levels not less than:</p> <table border="1" data-bbox="802 611 1552 2201"> <thead> <tr> <th data-bbox="802 611 1552 640" style="text-align: center;">Finished Ground and Floor Levels</th> </tr> </thead> <tbody> <tr><td data-bbox="802 640 1552 669">Minimum finished floor level is 2.6m AHD</td></tr> <tr><td data-bbox="802 669 1552 698">Minimum finished floor level is 20.4m AHD</td></tr> <tr><td data-bbox="802 698 1552 728">Minimum finished floor level is 3m AHD</td></tr> <tr><td data-bbox="802 728 1552 757">Minimum finished floor level is 3.45m AHD</td></tr> <tr><td data-bbox="802 757 1552 786">Minimum finished floor level is 4.15m AHD</td></tr> <tr><td data-bbox="802 786 1552 815">Minimum finished floor level is 4.35m AHD</td></tr> <tr><td data-bbox="802 815 1552 844">Minimum finished floor level is 5.3m AHD</td></tr> <tr><td data-bbox="802 844 1552 873">Minimum finished ground level is 1.7m AHD; | Minimum finished ground level is 3.7m AHD; Minimum finished floor level is 3.95m AHD | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Minimum finished ground level is 3.75m AHD; Minimum finished floor level is 4m AHD | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| Finished Ground and Floor Levels | |
|--|---|
| | Minimum finished ground level is 3m AHD; Minimum finished floor level is 3.25m AHD |
| | Minimum finished ground level is 4m AHD; Minimum finished floor level is 4.25m AHD |
| | Minimum finished ground level is 2.05m AHD; Minimum finished floor level is 2.3m AHD |
| | Minimum finished ground level is 2.8m AHD; Minimum finished floor level is 3.05m AHD |
| | Minimum finished ground level is 3.05m AHD; Minimum finished floor level is 3.3m AHD |
| | Minimum finished ground level is 3.8m AHD; Minimum finished floor level is 4.05m AHD |
| | In instances where no value is specified (i.e. there is a blank field): <ul style="list-style-type: none"> (a) finished ground levels allow for sea level rise by being raised 0.3m or more above the standard sea flood risk level (b) finished floor levels are 0.55m or more above the standard sea flood risk level (c) practical measures can be implemented to provide future protection against an additional sea level rise of 0.7m plus an allowance to accommodate 100 years of land subsidence. |
| PO 2.3 Development will not create or aggravate coastal erosion or require coast protection works that cause or aggravate coastal erosion. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 Development is set back a sufficient distance from the coast to provide an erosion buffer in addition to a public reserve that will allow for at least 100 years of coastal retreat for single buildings or small-scale developments, or 200 years of coastal retreat for large scale developments unless: <ul style="list-style-type: none"> (a) the development incorporates appropriate private coastal protection measures to protect it from anticipated erosion or (b) there are formal commitments to protect the existing or proposed public reserve and development from anticipated coastal erosion. | DTS/DPF 2.4 None are applicable. |
| PO 2.5 Additions or alterations to, or replacement of, a dwelling do not increase the risk of effects from natural coastal processes such as flooding, sea-level rise, sand drift and erosion. | DTS/DPF 2.5 None are applicable. |
| Coast Protection Works | |
| PO 3.1 Development avoids the need for coast protection works through measures such as setbacks to protect development from coastal erosion, sea or stormwater flooding, sand drift or other coastal processes. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Development does not compromise the structural integrity of any sea wall or levee bank or the ability to maintain, modify or upgrade any sea wall or levee bank. | DTS/DPF 3.2 None are applicable. |
| PO 3.3 Unavoidable coast protection works are the subject of binding agreements to cover the cost of future construction, operation, maintenance and management measures and will not: <ul style="list-style-type: none"> (a) have an adverse effect on coastal ecology, processes, conservation, public access and amenity (b) require commitment of public resources including land (c) present an unacceptable risk of failure relative to potential hazard resulting from failure. | DTS/DPF 3.3 None are applicable. |
| Environment Protection | |
| PO 4.1 Development will not unreasonably affect the marine and onshore coastal environment by pollution, erosion, damage or depletion of physical or biological resources; interference with natural coastal processes; or the introduction of and spread of marine pests or any other means. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Development avoids delicate or environmentally sensitive coastal areas such as sand dunes, cliff tops, estuaries, wetlands or substantially intact strata of native vegetation. | DTS/DPF 4.2 None are applicable. |
| PO 4.3 Development allows for ecological and natural landform adjustment to changing climatic conditions and sea levels, by allowing landward migration of dunes, coastal wetlands, mangrove and samphire areas. | DTS/DPF 4.3 None are applicable. |
| PO 4.4 Development avoids, or in built up areas minimises, impacts on important habitat areas that support the nesting, breeding and movement/migration patterns of fauna, including threatened shorebirds. | DTS/DPF 4.4 None are applicable. |

| | |
|--|---|
| PO 4.5 Development is designed so that wastewater is disposed of in a manner that avoids pollution or other detrimental impacts on the marine and on-shore environment of coastal areas. | DTS/DPF 4.5 Development is connected, or will be connected, to an approved common wastewater disposal service with the capacity to meet the requirements of the development or on-site wastewater systems set back a minimum of 100m from the Mean High Water Mark at spring tide. |
| PO 4.6 Development is designed so that stormwater runoff is disposed of in a manner that avoids pollution or other detrimental impacts on the marine and on-shore environment of coastal areas. | DTS/DPF 4.6 None are applicable. |
| PO 4.7 Development involving the removal of shell grit, cobbles or sand, other than for coastal protection works purposes, is not undertaken. | DTS/DPF 4.7 Development does not involve the removal of shell grit or sand. |
| Access | |
| PO 5.1 Development maintains or enhances appropriate public access to and along the foreshore. | DTS/DPF 5.1 None are applicable. |
| PO 5.2 Public access through sensitive coastal landforms, particularly sand dunes, wetlands and cliffs, is restricted to defined pedestrian paths and constructed to minimise adverse environmental impact. | DTS/DPF 5.2 None are applicable. |
| PO 5.3 Access roads to the coast, lookouts and places of interest: (a) do not detract from the amenity or the environment (b) are designed for slow-moving traffic (c) are minimised in number. | DTS/DPF 5.3 None are applicable. |
| PO 5.4 Development on land adjoining a coastal reserve is sited and designed to be compatible with the purpose, management and amenity of the reserve and to prevent inappropriate access to or use of the reserve. | DTS/DPF 5.4 None are applicable. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|-------------------------|---|--|
| <p>Except where the development is, in the opinion of the relevant authority, minor in nature and would not warrant a referral when considering the purpose of the referral, the following:</p> <ul style="list-style-type: none"> (a) excavation and/or filling where the total volume of material excavated and/or filled exceeds 9m³ (b) dwellings and habitable buildings that: <ul style="list-style-type: none"> (i) do not meet DTS/DPF 2.2 or (ii) are within 100m of the mean high water mark (c) other than within a Rural Settlement Zone: <ul style="list-style-type: none"> (i) buildings with a floor area greater than 60m² or (ii) tourist accommodation, including a caravan park or (iii) division of land that would create 1 or more additional allotments (d) off-shore structures (e) coast protection works (f) infrastructure within 100m landward of the mean high water mark. | Coast Protection Board. | <p>To provide expert assessment and direction to the relevant authority on:</p> <ul style="list-style-type: none"> • the risk to development from current and future coastal hazards (including sea-level rise, coastal flooding, erosion, dune drift and acid sulfate soils); • coast protection works; • potential impacts from development on public access and the coastal environment (including important coastal features). | Development of a class to which Schedule 9 clause 3 item 3 of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Coastal Flooding Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Recognition of coastal flood hazards to avoid the need, now and in the future, for public expenditure on protection of the environment and development. |

Performance Outcome

Deemed-to-Satisfy Criteria / Designated Performance Feature

PO 1.1

Development, including associated roads and parking areas, but not minor structures unlikely to be adversely affected by flooding, is protected from the standard sea flood risk level and 1m of sea level rise.

DTS/DPF 1.1

Development incorporates finished ground and floor levels not less than:

Finished Ground and Floor Levels

| |
|---|
| Minimum finished floor level is 2.6m AHD |
| Minimum finished floor level is 20.4m AHD |
| Minimum finished floor level is 3m AHD |

| Minimum finished ground level is 3.3m AHD; Minimum finished floor level is 3.55m AHD |
| Minimum finished ground level is 3.35m AHD; Minimum finished floor level is 3.6m AHD |
| Minimum finished ground level is 3.4m AHD; Minimum finished floor level is 3.65m AHD |
| Minimum finished ground level is 3.45m AHD; Minimum finished floor level is 3.7m AHD |
| Minimum finished ground level is 3.5m AHD; Minimum finished floor level is 3.7m AHD |
| Minimum finished ground level is 3.5m AHD; Minimum finished floor level is 3.75m AHD |
| Minimum finished ground level is 3.55m AHD; Minimum finished floor level is 3.8m AHD |
| Minimum finished ground level is 3.6m AHD; Minimum finished floor level is 3.85m AHD |
| Minimum finished ground level is 3.65m AHD; Minimum finished floor level is 3.9m AHD |
| Minimum finished ground level is 3.7m AHD; Minimum finished floor level is 3.95m AHD |
| Minimum finished ground level is 3.75m AHD; Minimum finished floor level is 4m AHD |
| Minimum finished ground level is 3m AHD; Minimum finished floor level is 3.25m AHD |
| Minimum finished ground level is 4m AHD; Minimum finished floor level is 4.25m AHD |
| Minimum finished ground level is 2.05m AHD; Minimum finished floor level is 2.3m AHD |
| Minimum finished ground level is 2.8m AHD; Minimum finished floor level is 3.05m AHD |
| Minimum finished ground level is 3.05m AHD; Minimum finished floor level is 3.3m AHD |
| Minimum finished ground level is 3.8m AHD; Minimum finished floor level is 4.05m AHD |

In instances where no value is specified (i.e. there is a blank field):

- (a) finished ground levels allow for sea level rise by being raised 300mm or more above the standard sea flood risk level
- (b) finished floor levels are 550mm or more above the standard sea flood risk level

(c) practical measures can be implemented to provide future protection against an additional sea level rise of 700mm plus an allowance to accommodate 100 years of land subsidence.

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Defence Aviation Area Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Management of potential impacts of buildings on the operational and safety requirements of Defence Aviation Areas. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Built Form | |
| PO 1.1 Building height does not pose a hazard to the operations of Defence Aviation Areas. | DTS/DPF 1.1 Building height does not exceed the relevant height specified by the <i>Defence Aviation Area Overlay</i> . |
| PO 1.2 Exhaust stacks are designed and sited to minimise plume impacts on aircraft movements associated with Defence Aviation Areas. | DTS/DPF 1.2 Development does not include exhaust stacks. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Design Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Development positively contributes to the liveability, durability and sustainability of the built environment through high-quality design. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---------------------|---|
| General | |
| PO 1.1 | DTS/DPF 1.1 |

| | |
|--|----------------------|
| Medium to high rise buildings and state significant development demonstrate high quality design. | None are applicable. |
|--|----------------------|

Procedural Matters (PM)

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|--|--|--|---|
| <p>Except where the development comprises a variation to an application that has previously:</p> <ul style="list-style-type: none"> (a) been referred to the Government Architect or Associate Government Architect or (b) been given development authorisation under the <i>Planning, Design and Infrastructure Act 2016</i> or <i>Development Act 1993</i> <p>any of the following classes of development:</p> <ul style="list-style-type: none"> (a) development within the area of the overlay located within the Corporation of the City of Adelaide where the total amount to be applied to any work, when all stages of the development are completed, exceeds \$10,000,000 (b) development within the area of the overlay located within the City of Port Adelaide Enfield where the total amount to be applied to any work, when all stages of the development are completed, exceeds \$3 000 000 (c) development within all other areas of the overlay that involves the erection or construction of a building that exceeds 4 building levels. | Government Architect or Associate Government Architect | <p>To provide expert design advice to the relevant authority on how the development:</p> <ul style="list-style-type: none"> (a) responds to its surrounding context and contributes to the quality and character of a place (b) contributes to inclusiveness, connectivity, and universal design of the built environment (c) enables buildings and places that are fit for purpose, adaptable and long-lasting (d) adds value by positively contributing to places and communities (e) optimises performance and public benefit (f) supports sustainable and environmentally responsible development. | Development of a class to which Schedule 9 clause 3 item 22 of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Dwelling Excision Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Creation of allotments to accommodate existing habitable dwellings in primary production areas is limited to avoid undermining primary production. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|--|
| Land Division | |
| <p>PO 1.1</p> <p>Land division creating an additional allotment to accommodate an existing dwelling does not undermine the role of primary production areas by being limited and designed to achieve the following:</p> <ul style="list-style-type: none"> (a) accommodate a dwelling that has had a long term association with primary production on the same allotment (b) contain the excised dwelling within an allotment capable of providing a suitable rural residential amenity (c) maintain all other land (ie land outside the allotment containing the excised dwelling) in suitably sized allotments to support primary production (d) no other dwelling has been excised from the primary production allotment. | <p>DTS/DPF 1.1</p> <p>Land division satisfies all the following:</p> <ul style="list-style-type: none"> (a) no other dwelling has previously been excised from the allotment by creating an additional allotment (b) it does not create more than one additional allotment where the resultant allotments satisfy (i) and (ii): <ul style="list-style-type: none"> (i) one allotment will contain a single existing lawful dwelling that existed prior to 1 December 2011 and meets all of the following: <ul style="list-style-type: none"> A. no allotment boundary is closer than 40m to an existing dwelling B. the allotment is no less than 1 hectare and no greater than 4 hectares in area C. if the allotment is of a battle-axe configuration, the driveway 'handle' is no more than 50 metres in length (ii) any other allotment has an area not less than that identified in the Minimum Site Area Technical and Numeric Variation layer in the SA planning database. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Environment and Food Production Areas Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Protection of valuable rural, landscape, environmental and food production areas from urban encroachment. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| PO 1.1 Land division undertaken in accordance with Section 7 of the <i>Planning, Development and Infrastructure Act 2016</i> . | DTS/DPF 1.1 None are applicable. |

Procedural Matters (PM)

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Future Local Road Widening Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Development consistent with and will not compromise efficient delivery of future road widening requirements of local roads. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Future Road Widening | |
| PO 1.1 Development does not compromise or is located and designed to minimise its impact on future road widening requirements. | DTS/DPF 1.1 Development does not involve building work, or building work is located wholly outside land within the following distance from the primary street frontage. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Future Road Widening Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Development which is consistent with and will not compromise efficient delivery of future road widening requirements. |

Performance Outcomes (PO) and Deemed to Satisfy (DTS) / Designated Performance Feature (DPF) Criteria

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Future Road Widening | |
| PO 1.1 Development does not compromise or is located and designed to minimise its impact on future road widening requirements. | DTS/DPF 1.1 Development does not involve building work, or building work is located wholly outside the land subject to the 6m Consent Area, the C Type Requirement or the Strip Requirement of the Metropolitan Adelaide Road Widening Plan. |

Procedural Matters (PM)

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|---------------------------|---|--|
| Other than where all deemed-to-satisfy criteria for all policies relevant to this referral are met, development (including the division of land) that is within or may encroach within a Future Road Widening Area. | Commissioner of Highways. | To provide expert technical assessment and direction to the relevant authority on the safe and efficient operation and management of all roads relevant to the Commissioner of Highways as described in the Planning and Design Code. | Development of a class to which Schedule 9 clause 3 item 4 of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Gas and Liquid Petroleum Pipelines Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Management of risk to public safety, the environment and security of energy supply from the encroachment of development on strategic gas and liquid petroleum pipelines. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Community exposure to a potential hazard from the failure of a gas or liquid petroleum pipeline is mitigated by locating development that may accommodate or result in large congregations of people, buildings for housing and / or caring for vulnerable people and community facilities outside areas that pose an unacceptable risk to protect life. | DTS/DPF 1.1 Development satisfies one of the following: (a) it does not comprise: <ul style="list-style-type: none"> (i) caravan and tourist park (ii) educational establishment (iii) buildings comprising 3 or more building levels (iv) land division creating allotments under 1ha for residential purposes (except where the existing allotment is less than 1ha) (v) prison (vi) pre-school (vii) residential park (viii) retirement facility (ix) student accommodation (x) supported accommodation (xi) shop or shops with a gross leasable floor area of 1000m² or greater (xii) tourist accommodation (xiii) stadium |

| | |
|--|--|
| | (b) a class of development referred to in part (a), or any combination thereof, which will occur in accordance with an agreement under section 123 of the <i>Planning, Development and Infrastructure Act, 2016</i> |
| PO 1.2 Emergency service and major community health related facilities are located outside areas where a gas or liquid petroleum pipeline failure may disrupt ongoing operations to maintain the response capacity in the event of an emergency. | DTS/DPF 1.2 Development does not comprise any of the following: (a) emergency services facility (b) hospital. |
| PO 1.3 Development involving the manufacture, collection, handling or bulk storage of flammable, explosive, or otherwise hazardous materials is located and designed to avoid escalating the potential for and effects of a gas or liquid petroleum pipeline failure. | DTS/DPF 1.3 Development satisfies one of the following: (a) it does not comprise: (i) general industry (ii) special industry (iii) landfill (iv) renewable energy facility (v) electricity substation (vi) fuel depot (vii) retail fuel outlet (viii) store (ix) warehouse (x) waste treatment facility (b) a class of development referred to in part (a), or any combination thereof, which will occur in accordance with an agreement under section 123 of the <i>Planning, Development and Infrastructure Act, 2016</i> |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|---|--|---|
| Except where the development is, in the opinion of the relevant authority, minor in nature and would not warrant a referral when considering the purpose of the referral, a class of development that does not satisfy Gas and Liquid Petroleum Pipelines Overlay DTS/DPF 1.1, 1.2 and 1.3. | The Chief Executive of the Department of the Minister responsible for administering the <i>Petroleum and Geothermal Energy Act 2000</i> . | To provide expert assessment and direction to the relevant authority in relation to: (a) potential safety issues relating to development or (b) the potential for development to adversely impact upon the lawful continued operation of strategic infrastructure (gas and liquid petroleum pipelines). | Development of a class to which Schedule 9 clause 3 item 9B of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Gas and Liquid Petroleum Pipelines (Facilities) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Management of risk to public safety, the environment and security of energy supply from the encroachment of development on gas and liquid petroleum pipeline facilities. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Safety | |
| PO 1.1 Development (including land division) does not present a risk to public health and safety due to any of the following: (a) continuous noise associated with pipeline facilities used for energy transportation that exceeds the Environment Protection (Noise) Policy (b) potential for occasional noise associated with high pressure venting. | DTS/DPF 1.1 Development (including land division creating additional allotments for such purposes) comprises one or more of the following: (a) open space (b) roadways (c) a class of development that will occur in accordance with an agreement under section 123 of the <i>Planning, Development and Infrastructure Act, 2016</i> (d) a dwelling or ancillary building/structure on an allotment approved for residential purposes. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|---|--|---|
| Except where the development is, in the opinion of the relevant authority, minor in nature and would not warrant a referral when considering the purpose of the referral, a class of development that does not satisfy Overlay DTS/DPF 1.1. | The Chief Executive of the Department of the Minister responsible for administering the Petroleum and Geothermal Energy Act 2000. | To provide expert assessment and direction to the relevant authority in relation to: <ul style="list-style-type: none"> (a) potential safety issues relating to development or (b) the potential for development to adversely impact upon the lawful continued operation of strategic infrastructure (gas and liquid petroleum pipelines). | Development of a class to which Schedule 9 clause 3 item 9B of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Gateway Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | The visual amenity and streetscape appeal along prominent entrances into towns, tourist and historic precincts, activity centres and main streets is maintained and improved through the careful siting of buildings and other activities in a well landscaped setting. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Built Form and Character | |
| PO 1.1 Buildings are set back from main roads to support a consistent high-quality streetscape character where the prominence of larger buildings is appropriately mitigated. | DTS/DPF 1.1 Buildings are set back at least the height of the building and no less than 10m from arterial and main roads and highways, whichever is the greater. |
| PO 1.2 Building are set back from side boundaries to moderate the appearance of buildings and enhance the outlook from arterial and main roads and highways. | DTS/DPF 1.2 None are applicable. |
| PO 1.3 The main facade of principal buildings facing arterial and main roads and highways incorporate articulation and various materials to promote a high standard of building design and external appearance. | DTS/DPF 1.3 None are applicable. |
| Landscape Amenity | |
| PO 2.1 Ancillary buildings including carports, outbuildings and garages, other minor structures, waste storage bins and outdoor storage areas are sited to reduce visual clutter and untidiness from arterial and main roads and highways. | DTS/DPF 2.1 Ancillary buildings including carports, outbuildings and garages, other minor structures, waste storage bins and outdoor storage areas are located in a manner to satisfy one of the following: <ul style="list-style-type: none"> (a) behind principal building(s) facing arterial and main roads and highways (b) behind the building line of principal building(s) and obscured from public view from arterial and main roads and highways by solid fencing or landscaping. |
| Landscaping | |
| PO 3.1 Development incorporates generous landscaping areas along the frontage to arterial roads and highways to enhance visual amenity and complement associated buildings. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Existing mature on-site vegetation is retained and incorporated into landscape and parking | DTS/DPF 3.2 None are applicable. |

| | |
|---|--|
| areas to enhance the appearance of land and buildings. | |
| PO 3.3 Development incorporates generous landscaping areas along the frontage to arterial roads and landscaped using a combination of high crown evergreen trees, low shrubs and groundcovers to enhance visual amenity and complement the associated buildings. | DTS/DPF 3.3 None are applicable. |
| PO 3.4 Vehicle parking areas are located and designed to enhance the streetscape setting by: (a) being located to the side or rear of buildings facing arterial and main roads and highways (b) incorporating landscaping, including trees, to break up large parking areas. | DTS/DPF 3.4 None are applicable. |
| Advertisements | |
| PO 4.1 Advertisements along arterial and main roads, and highways are consistent in height, size and design to support a cohesive and uniform appearance in gateway locations without dominating the streetscape. | DTS/DPF 4.1 Advertisements meet all the following: (a) will not result in more than 1 advertisement per allotment (b) will not exceed 5m in height (c) do not exceed 3m ² per advertising face (d) are not internally illuminated (e) are not animated, flash or move in any way. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Hazards (Acid Sulfate Soils) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Development is located and undertaken to minimise disturbance of potential or actual acid sulfate soils and / or the release of acid drainage. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Use and Intensity | |
| PO 1.1 Development that involves excavation or a change to a water table where potential or actual acid sulfate soils are present is undertaken to minimise soil disturbance or drainage; prevent or minimise oxidation; and contain and treat any acid drainage to prevent harm or damage to the environment, primary production, buildings, structures and infrastructure or public health. | DTS/DPF 1.1 Development does not involve or cause: (a) excavation of land (b) change to a water table. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Hazards (Bushfire - General Risk) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|--|
| DO 1 | Development, including land division responds to the general level of bushfire risk by siting and designing buildings in a manner that mitigates the threat and impact of bushfires on life and property taking into account the increased frequency and intensity of bushfires as a result of climate change. |
| DO 2 | To facilitate access for emergency service vehicles to aid the protection of lives and assets from bushfire danger. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Siting | |
| PO 1.1 Buildings and structures are located away from areas that pose an unacceptable bushfire risk as a result of vegetation cover and type, and terrain. | DTS/DPF 1.1 None are applicable. |
| Built Form | |
| PO 2.1 Buildings and structures are designed and configured to reduce the impact of bushfire through using designs that reduce the potential for trapping burning debris against or underneath the building or structure, or between the ground and building floor level in the case of transportable buildings and buildings on stilts. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Extensions to buildings, outbuildings and other ancillary structures are sited and constructed using materials to minimise the threat of fire spread to residential and tourist accommodation (including boarding houses, hostels, dormitory style accommodation, student accommodation and Workers' accommodation) in the event of bushfire. | DTS/DPF 2.2 Outbuildings and other ancillary structures are sited no closer than 6m from the habitable building. |
| Habitable Buildings | |
| PO 3.1 To minimise the threat, impact and exposure to bushfires on life and property, residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is sited on the flatter portion of allotments away from steep slopes. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is sited away from vegetated areas that pose an unacceptable bushfire risk. | DTS/DPF 3.2 Residential and tourist accommodation and habitable buildings for vulnerable communities are provided with asset protection zone(s) in accordance with (a) and (b): (a) the asset protection zone has a minimum width of at least: (i) 50 metres to unmanaged grasslands (ii) 100 metres to hazardous bushland vegetation (b) the asset protection zone is contained wholly within the allotment of the development. |
| PO 3.3 Residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) has a dedicated area available that is capable of accommodating a bushfire protection system comprising firefighting equipment and water supply in accordance with <i>Ministerial Building Standard MBS 008 - Designated bushfire prone areas - additional requirements</i> . | DTS/DPF 3.3 None are applicable. |
| Land Division | |
| PO 4.1 Land division is designed and incorporates measures to minimise the danger of fire hazard to residents and occupants of buildings, and to protect buildings and property from physical damage in the event of a bushfire. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Land division is designed to provide a continuous street pattern to facilitate the safe movement and evacuation of emergency vehicles, residents, occupants and visitors. | DTS/DPF 4.2 None are applicable. |
| PO 4.3 | DTS/DPF 4.3 |

| | |
|--|---|
| Where 10 or more new allotments are proposed, land division includes at least two separate and safe exit points to enable multiple avenues of evacuation in the event of a bushfire. | None are applicable. |
| <p>PO 4.4</p> <p>Land division incorporates perimeter roads of adequate design in conjunction with bushfire buffer zones to achieve adequate separation between residential allotments and areas of unacceptable bushfire risk and to support safe access for the purposes of fire-fighting.</p> | <p>DTS/DPF 4.4</p> <p>None are applicable.</p> |
| Vehicle Access – Roads, Driveways and Fire Tracks | |
| <p>PO 5.1</p> <p>Roads are designed and constructed to facilitate the safe and effective:</p> <ul style="list-style-type: none"> (a) access, operation and evacuation of fire-fighting vehicles and emergency personnel (b) evacuation of residents, occupants and visitors. | <p>DTS/DPF 5.1</p> <p>Roads:</p> <ul style="list-style-type: none"> (a) are constructed with a formed, all-weather surface (b) have a gradient of not more than 16 degrees (1-in-3.5) at any point along the road (c) have a cross fall of not more than 6 degrees (1-in-9.5) at any point along the road (d) have a minimum formed road width of 6m (e) provide overhead clearance of not less than 4m between the road surface and overhanging branches or other obstructions including buildings and/or structures (Figure 1) (f) allow fire-fighting services (personnel and vehicles) to travel in a continuous forward movement around road curves by constructing the curves with a minimum external radius of 12.5m (Figure 2) (g) incorporating cul-de-sac endings or dead end roads do not exceed 200m in length and the end of the road has either: <ul style="list-style-type: none"> (i) a turning area with a minimum formed surface radius of 12.5m (Figure 3) or (ii) a 'T' or 'Y' shaped turning area with a minimum formed surface length of 11m and minimum internal radii of 9.5m (Figure 4) (h) incorporate solid, all-weather crossings over any watercourse that support fire-fighting vehicles with a gross vehicle mass (GVM) of 21 tonnes. |
| <p>PO 5.2</p> <p>Access to habitable buildings is designed and constructed to facilitate the safe and effective:</p> <ul style="list-style-type: none"> (a) access, operation and evacuation of fire-fighting vehicles and emergency personnel (b) evacuation of residents, occupants and visitors | <p>DTS/DPF 5.2</p> <p>Access is in accordance with (a) or (b):</p> <ul style="list-style-type: none"> (a) a clear and unobstructed vehicle or pedestrian pathway of not greater than 60 metres in length is available between the most distant part of the habitable building and the nearest part of a formed public access road (b) driveways: <ul style="list-style-type: none"> (i) do not exceed 600m in length (ii) are constructed with a formed, all-weather surface (iii) are connected to a formed, all-weather public road with the transition area between the road and driveway having a gradient of not more than 7 degrees (1-in-8) (iv) have a gradient of not more than 16 degrees (1-in-3.5) at any point along the driveway (v) have a cross fall of not more than 6 degrees (1-in-9.5) at any point along the driveway (vi) have a minimum formed width of 3m (4m where the gradient of the driveway is steeper than 12 degrees (1-in-4.5)) plus 0.5 metres clearance either side of the driveway from overhanging branches or other obstructions, including buildings and/or structures (Figure 1) (vii) incorporate passing bays with a minimum width of 6m and length of 17m every 200m (Figure 5) (viii) provide overhead clearance of not less than 4.0m between the driveway surface and overhanging branches or other obstructions, including buildings and/or structures (Figure 1) (ix) allow fire-fighting services (personnel and vehicles) to travel in a continuous forward movement around driveway curves by constructing the curves with a minimum external radius of 12.5m (Figure 2) (x) allow fire-fighting vehicles to safely enter and exit an allotment in a forward direction by using a 'U' shaped drive through design or by incorporating at the end of the driveway either: <ul style="list-style-type: none"> A. a loop road around the building B. a turning area with a minimum radius of 12.5m (Figure 3) C. a 'T' or 'Y' shaped turning area with a minimum formed length of 11m and minimum internal radii of 9.5m (Figure 4) (xi) incorporate solid, all-weather crossings over any watercourse that support fire-fighting vehicles with a gross vehicle mass (GVM) of 21 tonnes. |
| <p>PO 5.3</p> <p>Development does not rely on fire tracks as means of evacuation or access for fire-fighting purposes unless there are no safe alternatives available.</p> | <p>DTS/DPF 5.3</p> <p>None are applicable.</p> |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

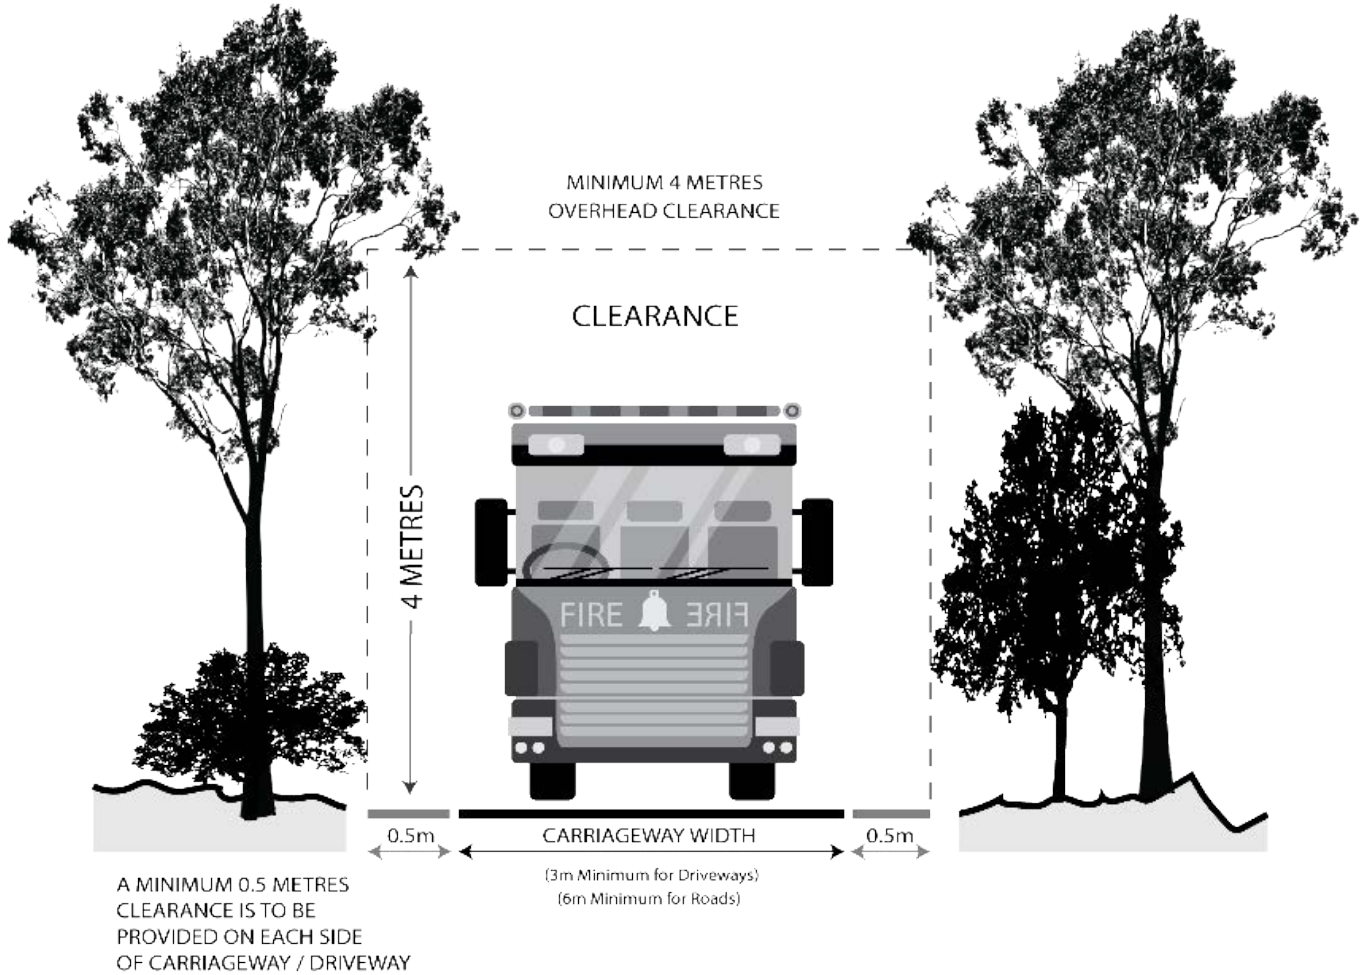

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|

Roads and Driveway Design

Figure 2 - Road and Driveway Curves

Curves to allow fire trucks to turn into the track without having to back-up several times - minimum external radius of 12.5m.

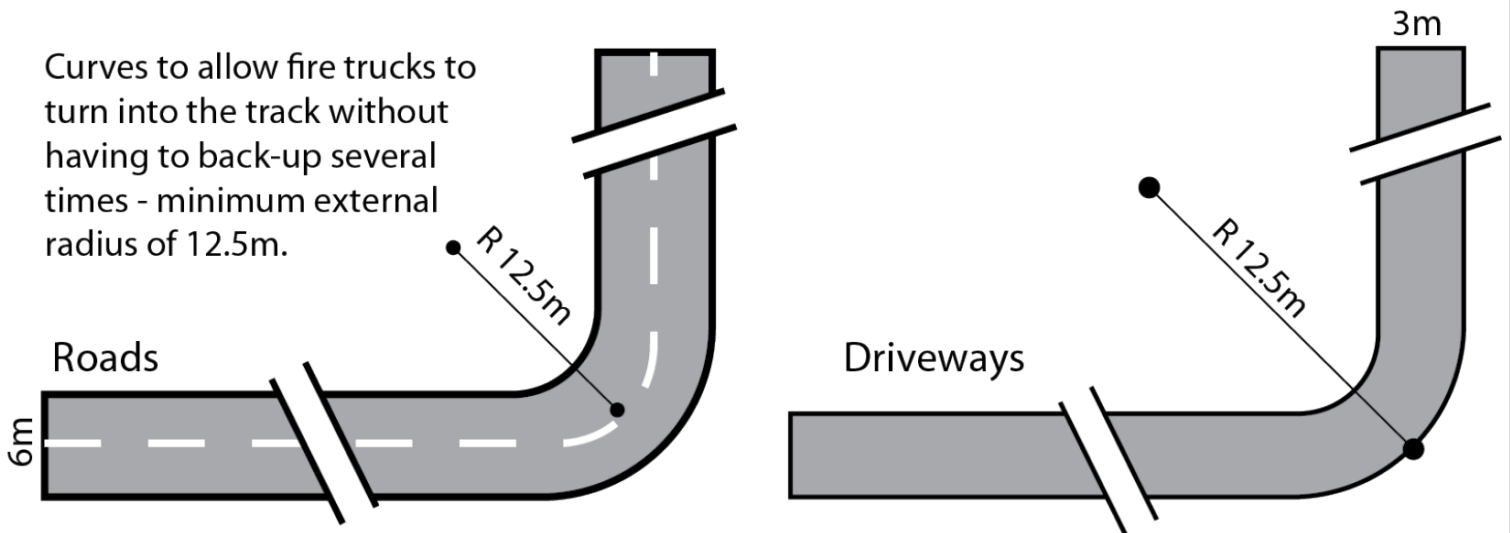

Figure 3 - Full Circle Turning Area

Fire truck turning area -
minimum radius 12.5m

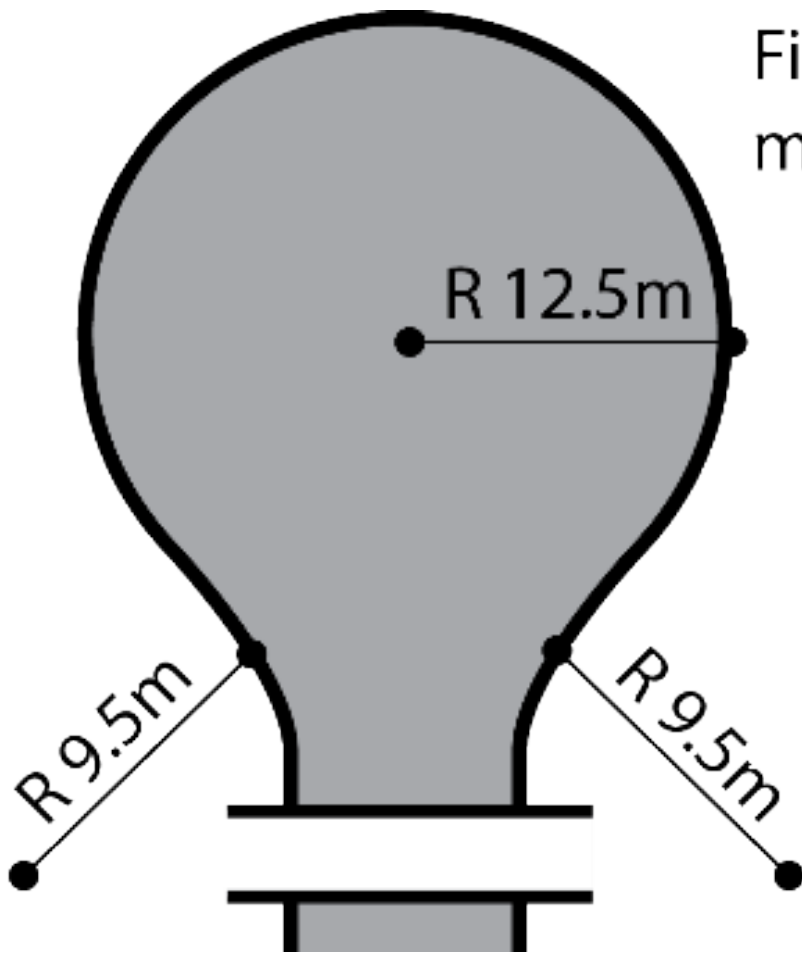

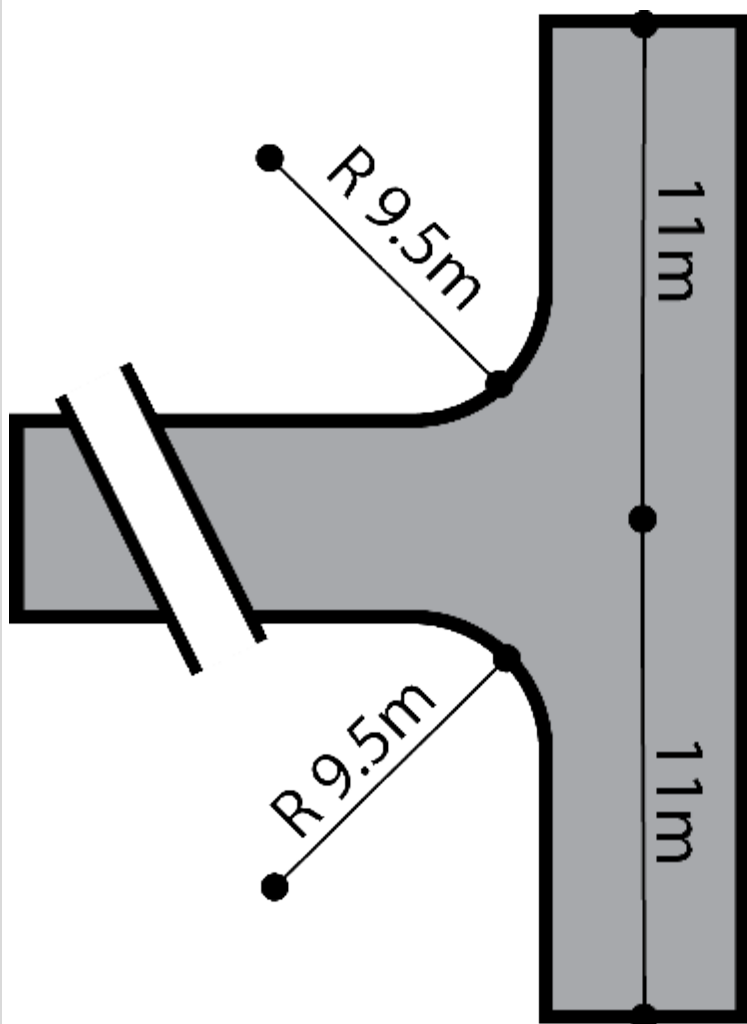

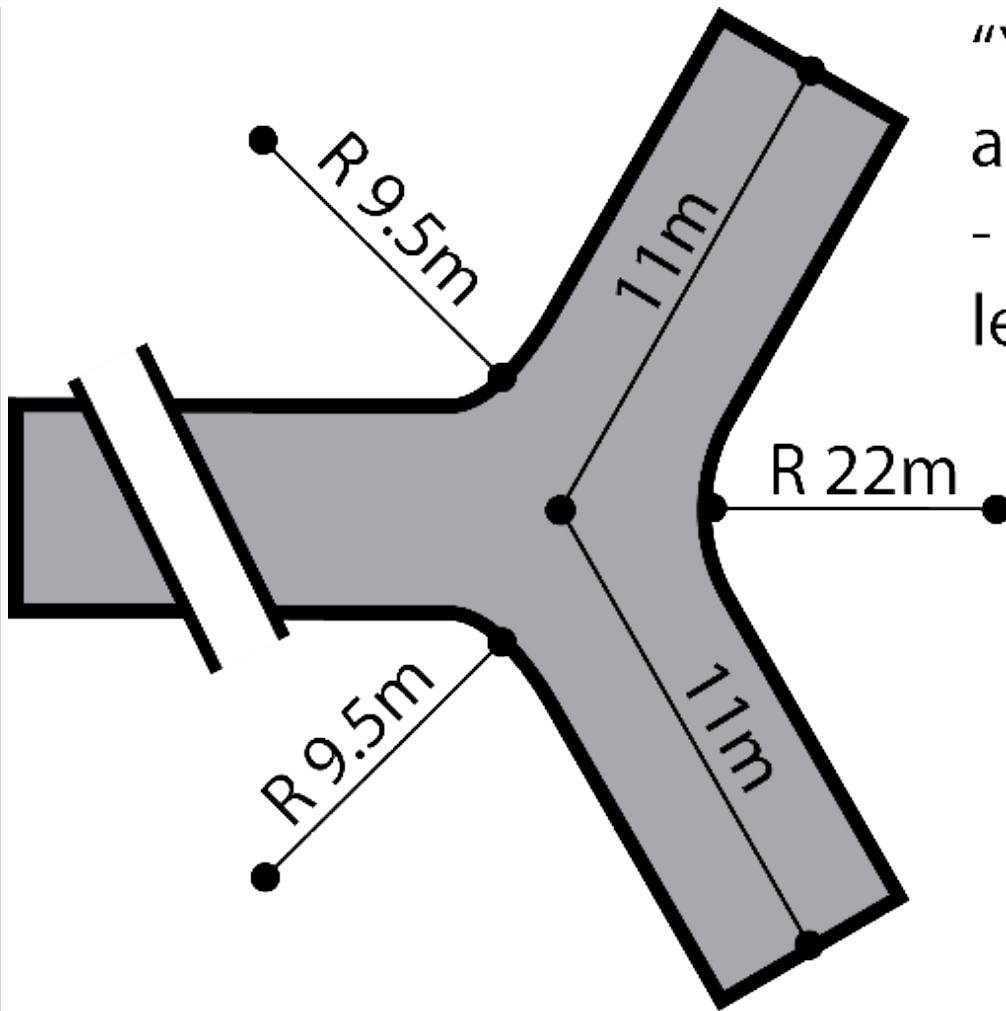

Figure 4 - 'T' or 'Y' Shaped Turning Head

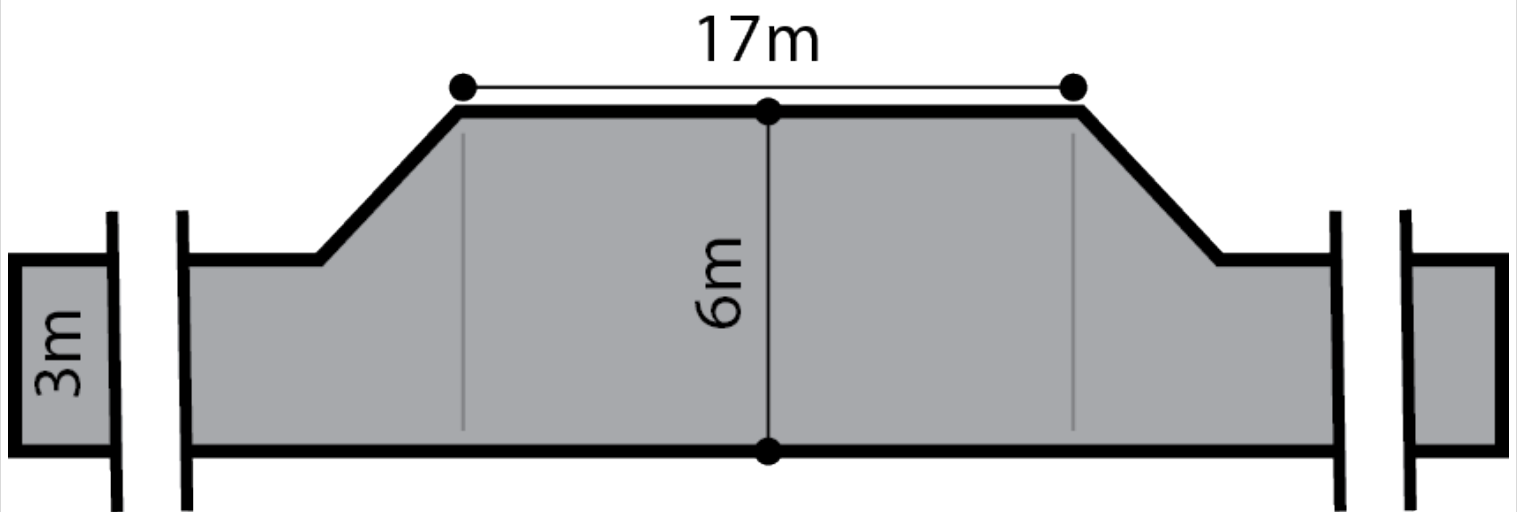

"T" shaped turning area
for fire trucks to reverse
into so they can turn
around
- minimum length 11m.

“Y” shaped turn
around area
- minimum
length 11 metres.

Figure 5 - Driveway Passing Bays

Passing bay for fire trucks - minimum width
6 metres, minimum length 17 metres.

Hazards (Bushfire - High Risk) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Development, including land division is sited and designed to minimise the threat and impact of bushfires on life and property with regard to the following risks: <ul style="list-style-type: none"> (a) potential for uncontrolled bushfire events taking into account the increased frequency and intensity of bushfires as a result of climate change (b) high levels and exposure to ember attack (c) impact from burning debris (d) radiant heat (e) likelihood and direct exposure to flames from a fire front. |
| DO 2 | Activities that increase the number of people living and working in the area or where evacuation would be difficult is sited away from areas of unacceptable bushfire risk. |
| DO 3 | To facilitate access for emergency service vehicles to aid the protection of lives and assets from bushfire danger. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Land Use | |
| PO 1.1 Development that significantly increases the potential for fire outbreak as a result of the spontaneous combustion of materials, spark generation or through the magnification and reflection of light is not located in areas of unacceptable bushfire risk. | DTS/DPF 1.1 None are applicable. |
| PO 1.2 Pre-schools, educational establishments, hospitals, retirement and supported accommodation are sited away from areas of unacceptable bushfire risk and locations that: <ul style="list-style-type: none"> (a) are remote from or require extended periods of travel to reach safer locations (b) don't have a safe path of travel to safer locations. | DTS/DPF 1.2 None are applicable. |
| Siting | |
| PO 2.1 Buildings and structures are located away from areas that pose an unacceptable bushfire risk as a result of vegetation cover and type, and terrain. | DTS/DPF 2.1 None are applicable. |
| Built Form | |
| PO 3.1 Buildings and structures are designed and configured to reduce the impact of bushfire through using designs that reduce the potential for trapping burning debris against or underneath the building or structure, or between the ground and building floor level in the case of transportable buildings and buildings on stilts. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Extensions to buildings, outbuildings and other ancillary structures are sited and constructed using materials to minimise the threat of fire spread to residential and tourist accommodation (including boarding houses, hostels, dormitory style accommodation, student accommodation and Workers' accommodation) in the event of bushfire. | DTS/DPF 3.2 Outbuildings and other ancillary structures are sited no closer than 6m from the habitable building. |
| Habitable Buildings | |
| PO 4.1 To minimise the threat, impact and potential exposure to bushfires on life and property, residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is sited on the flatter portion of allotments away from steep slopes. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is sited away from vegetated areas that pose an unacceptable bushfire risk. | DTS/DPF 4.2 Residential and tourist accommodation and habitable buildings for vulnerable communities are provided with asset protection zone(s) in accordance with (a) and (b): <ul style="list-style-type: none"> (a) the asset protection zone has a minimum width of at least: <ul style="list-style-type: none"> (i) 50 metres to unmanaged grasslands (ii) 100 metres to hazardous bushland vegetation (b) the asset protection zone is contained wholly within the allotment of the development. |
| PO 4.3 Residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) has a dedicated area available that: | DTS/DPF 4.3 None are applicable. |

| | |
|--|---|
| <p>(a) is capable of accommodating a bushfire protection system comprising firefighting equipment and water supply in accordance with <i>Ministerial Building Standard MBS 008 - Designated bushfire prone areas - additional requirements</i></p> <p>(b) includes the provision of an all-weather hardstand area in a location that:</p> <ul style="list-style-type: none"> (i) allows fire-fighting vehicles to safely access the dedicated water supply and exit the site in a forward direction (ii) is no further than 6 metres from the dedicated water supply outlet(s) where required. | |
| Land Division | |
| <p>PO 5.1</p> <p>Land division for residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is limited to those areas specifically set aside for these uses.</p> | <p>DTS/DPF 5.1</p> <p>None are applicable.</p> |
| <p>PO 5.2</p> <p>Land division is designed and incorporates measures to minimise the danger of fire hazard to residents and occupants of buildings, and to protect buildings and property from physical damage in the event of a bushfire.</p> | <p>DTS/DPF 5.2</p> <p>None are applicable.</p> |
| <p>PO 5.3</p> <p>Land division is designed to provide a continuous street pattern (avoiding the use of dead end roads/cul-de-sac road design) to facilitate the safe movement and evacuation of emergency vehicles, residents, occupants and visitors. Where cul-de-sac / dead end roads are proposed, an alternative emergency evacuation route is provided.</p> | <p>DTS/DPF 5.3</p> <p>None are applicable.</p> |
| <p>PO 5.4</p> <p>Where 10 or more new allotments are proposed, land division includes at least two separate and safe exit points to enable multiple avenues of evacuation in the event of a bushfire.</p> | <p>DTS/DPF 5.4</p> <p>None are applicable.</p> |
| <p>PO 5.5</p> <p>Land division provides sufficient space for future asset protection zones and incorporates perimeter roads of adequate design in conjunction with bushfire buffer zones to achieve adequate separation between residential allotments and areas of unacceptable bushfire risk and to support safe access for the purposes of fire-fighting.</p> | <p>DTS/DPF 5.5</p> <p>None are applicable.</p> |
| Vehicle Access – Roads, Driveways and Fire Tracks | |
| <p>PO 6.1</p> <p>Roads are designed and constructed to facilitate the safe and effective:</p> <ul style="list-style-type: none"> (a) access, operation and evacuation of fire-fighting vehicles and emergency personnel (b) evacuation of residents, occupants and visitors. | <p>DTS/DPF 6.1</p> <p>Roads:</p> <ul style="list-style-type: none"> (a) are constructed with a formed, all-weather surface (b) have a gradient of not more than 16 degrees (1-in-3.5) at any point along the road (c) have a cross fall of not more than 6 degrees (1-in-9.5) at any point along the road (d) have a minimum formed road width of 6m (e) provide overhead clearance of not less than 4.0m between the road surface and overhanging branches or other obstructions including buildings and/or structures (Figure 1) (f) allow fire-fighting services (personnel and vehicles) to travel in a continuous forward movement around road curves by constructing the curves with a minimum external radius of 12.5m (Figure 2) (g) incorporating cul-de-sac endings or dead end roads are provided within an alternative evacuation route and do not exceed 200m in length and the end of the road has either: <ul style="list-style-type: none"> (i) a turning area with a minimum formed surface radius of 12.5m (Figure 3) or (ii) a 'T' or 'Y' shaped turning area with a minimum formed surface length of 11m and minimum internal radii of 9.5m (Figure 4) (h) incorporate solid, all-weather crossings over any watercourse that support fire-fighting vehicles with a gross vehicle mass (GVM) of 21 tonnes. |
| <p>PO 6.2</p> <p>Access to habitable buildings is designed and constructed to facilitate the safe and effective:</p> <ul style="list-style-type: none"> (a) use, operation and evacuation of fire-fighting and emergency personnel (b) evacuation of residents, occupants and visitors. | <p>DTS/DPF 6.2</p> <p>Access is in accordance with (a) or (b):</p> <ul style="list-style-type: none"> (a) a clear and unobstructed vehicle or pedestrian pathway of not greater than 60 metres in length is available between the most distant part of the habitable building and the nearest part of a formed public access road (b) driveways: <ul style="list-style-type: none"> (i) do not exceed 600m in length (ii) are constructed with a formed, all-weather surface (iii) are connected to a formed, all-weather public road with the transition area between the road and driveway having a gradient of not more than 7 degrees (1-in-8) (iv) have a gradient of not more than 16 degrees (1-in-3.5) at any point along the driveway (v) have a crossfall of not more than 6 degrees (1-in-9.5) at any point along the driveway |

| | |
|--|---|
| | <ul style="list-style-type: none"> (vi) have a minimum formed width of 3m (4m where the gradient of the driveway is steeper than 12 degrees (1-in-4.5)) plus 0.5 metres clearance either side of the driveway from overhanging branches or other obstructions, including buildings and/or structures (Figure 1) (vii) incorporate passing bays with a minimum width of 6m and length of 17m every 200m (Figure 5) (viii) provide overhead clearance of not less than 4.0m between the driveway surface and overhanging branches or other obstructions, including buildings and/or structures (Figure 1) (ix) allow fire-fighting services (personnel and vehicles) to travel in a continuous forward movement around driveway curves by constructing the curves with a minimum external radius of 12.5m (Figure 2) (x) allow fire-fighting vehicles to safely enter and exit an allotment in a forward direction by using a 'U' shaped drive through design or by incorporating at the end of the driveway either: <ul style="list-style-type: none"> A. a loop road around the building or B. a turning area with a minimum radius of 12.5m (Figure 3) or C. a 'T' or 'Y' shaped turning area with a minimum formed length of 11m and minimum internal radii of 9.5m (Figure 4) (xi) incorporate solid, all-weather crossings over any watercourse that support fire-fighting vehicles with a gross vehicle mass (GVM) of 21 tonnes. |
| <p>PO 6.3</p> <p>Development does not rely on fire tracks as means of evacuation or access for fire-fighting purposes unless there are no safe alternatives available.</p> | <p>DTS/DPF 6.3</p> <p>None are applicable.</p> |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|---|--|---|
| <p>Except if a relevant certificate accompanies the application for planning consent in respect of the development, any of the following classes of development (including alterations and additions which increase the floor area of such buildings by 10% or more):</p> <ul style="list-style-type: none"> (a) land division creating one or more additional allotments (b) dwelling (c) ancillary accommodation (d) residential flat building (e) tourist accommodation (f) boarding home (g) dormitory style accommodation (h) workers' accommodation (i) student accommodation (j) pre-school (k) educational establishment (l) retirement village (m) supported accommodation (n) residential park (o) hospital (p) camp ground. | <p>South Australian Country Fire Service.</p> | <p>To provide expert assessment and direction to the relevant authority on the potential impacts of bushfire on the development.</p> | <p>Development of a class to which Schedule 9 clause 3 item 2 of the Planning, Development and Infrastructure (General) Regulations 2017 applies.</p> |

Hazards (Bushfire - Medium Risk) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Development, including land division responds to the medium level of bushfire risk and potential for ember attack and radiant heat by siting and designing buildings in a manner that mitigates the threat and impact of bushfires on life and property taking into account the increased frequency and intensity of bushfires as a result of climate change. |
| DO 2 | To facilitate access for emergency service vehicles to aid the protection of lives and assets from bushfire danger. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Siting | |
| PO 1.1 Buildings and structures are located away from areas that pose an unacceptable bushfire risk as a result of vegetation cover and type, and terrain. | DTS/DPF 1.1 None are applicable. |
| Built Form | |
| PO 2.1 Buildings and structures are designed and configured to reduce the impact of bushfire through using designs that reduce the potential for trapping burning debris against or underneath the building or structure, or between the ground and building floor level in the case of transportable buildings and buildings on stilts. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Extensions to buildings, outbuildings and other ancillary structures are sited and constructed using materials to minimise the threat of fire spread to residential and tourist accommodation (including boarding houses, hostels, dormitory style accommodation, student accommodation and Workers' accommodation) in the event of bushfire. | DTS/DPF 2.2 Outbuildings and other ancillary structures are sited no closer than 6m from the habitable building. |
| Habitable Buildings | |
| PO 3.1 To minimise the threat, impact and potential exposure to bushfires on life and property, residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is sited on the flatter portion of allotments away from steep slopes. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Residential, tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is sited away from vegetated areas that pose an unacceptable bushfire risk. | DTS/DPF 3.2 Residential, tourist accommodation and habitable buildings for vulnerable communities are provided with asset protection zone(s) in accordance with (a) and (b): (a) the asset protection zone has a minimum width of at least: (i) 50 metres to unmanaged grasslands (ii) 100 metres to hazardous bushland vegetation (b) the asset protection zone is contained wholly within the allotment of the development. |
| PO 3.3 Residential, tourist accommodation and habitable buildings for vulnerable communities, (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation), has a dedicated area available that is capable of accommodating a bushfire protection system comprising firefighting equipment and water supply in accordance with <i>Ministerial Building Standard MBS 008 - Designated bushfire prone areas - additional requirements</i> . | DTS/DPF 3.3 None are applicable. |
| Land Division | |
| PO 4.1 Land division is designed and incorporates measures to minimise the danger of fire hazard to residents and occupants of buildings, and to protect buildings and property from physical damage in the event of a bushfire. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Land division is designed to provide a continuous street pattern to facilitate the safe movement and evacuation of emergency vehicles, residents, occupants and visitors. | DTS/DPF 4.2 None are applicable. |
| PO 4.3 Where 10 or more new allotments are proposed, land division includes at least two separate and safe exit points to enable multiple avenues of evacuation in the event of a bushfire. | DTS/DPF 4.3 None are applicable. |
| PO 4.4 | DTS/DPF 4.4 |

| | |
|---|--|
| <p>Land division incorporates perimeter roads of adequate design in conjunction with bushfire buffer zones to achieve adequate separation between residential allotments and areas of unacceptable bushfire risk and to support safe access for the purposes of fire-fighting.</p> | <p>None are applicable.</p> |
| <p>Vehicle Access - Roads, Driveways and Fire Tracks</p> | |
| <p>PO 5.1</p> <p>Roads are designed and constructed to facilitate the safe and effective:</p> <ul style="list-style-type: none"> (a) access, operation and evacuation of fire-fighting vehicles and emergency personnel (b) evacuation of residents, occupants and visitors. | <p>DTS/DPF 5.1</p> <p>Roads:</p> <ul style="list-style-type: none"> (a) are constructed with a formed, all-weather surface (b) have a gradient of not more than 16 degrees (1-in-3.5) at any point along the road (c) have a cross fall of not more than 6 degrees (1-in-9.5) at any point along the road (d) have a minimum formed road width of 6m (e) provide overhead clearance of not less than 4.0m between the road surface and overhanging branches or other obstructions including buildings and/or structures (Figure 1) (f) allow fire-fighting services (personnel and vehicles) to travel in a continuous forward movement around road curves by constructing the curves with a minimum external radius of 12.5m (Figure 2) (g) incorporating cul-de-sac endings or dead end roads do not exceed 200m in length and the end of the road has either: <ul style="list-style-type: none"> (i) a turning area with a minimum formed surface radius of 12.5m (Figure 3) or (ii) a 'T' or 'Y' shaped turning area with a minimum formed surface length of 11m and minimum internal radii of 9.5m (Figure 4) (h) incorporate solid, all-weather crossings over any watercourse that support fire-fighting vehicles with a gross vehicle mass (GVM) of 21 tonnes. |

Passing bay for fire trucks - minimum width
6 metres, minimum length 17 metres.

Hazards (Bushfire - Regional) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|--|
| DO 1 | Development, including land division responds to the relevant level of bushfire risk and is sited and designed to mitigate the threat and impact of bushfires on life and property taking into account the increased frequency and intensity of bushfires as a result of climate change. |
| DO 2 | To facilitate access for emergency service vehicles to aid the protection of lives and assets from bushfire danger. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|---|
| Siting | |
| PO 1.1 Buildings and structures are located away from areas that pose an unacceptable bushfire risk as a result of vegetation cover and type, and terrain. | DTS/DPF 1.1 None are applicable. |
| Built Form | |
| PO 2.1 Buildings and structures are designed and configured to reduce the impact of bushfire through using designs that reduce the potential for trapping burning debris against or underneath the building or structure, or between the ground and building floor level in the case of transportable buildings and buildings on stilts. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Extensions to buildings, outbuildings and other ancillary structures are sited and constructed using materials to minimise the threat of fire spread to residential and tourist accommodation (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) in the event of bushfire. | DTS/DPF 2.2 Outbuildings and other ancillary structures are sited no closer than 6m from the habitable building. |
| Habitable Buildings | |
| PO 3.1 To minimise the threat, impact and exposure to bushfires on life and property, residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is sited on the flatter portion of allotments away from steep slopes. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) is sited away from vegetated areas that pose an unacceptable bushfire risk. | DTS/DPF 3.2 Residential and tourist accommodation and habitable buildings for vulnerable communities are provided with asset protection zone(s) in accordance with (a) and (b): (a) the asset protection zone has a minimum width of at least: (i) 50 metres to unmanaged grasslands (ii) 100 metres to hazardous bushland vegetation (b) the asset protection zone is contained wholly within the allotment of the development. |
| PO 3.3 Residential and tourist accommodation and habitable buildings for vulnerable communities (including boarding houses, hostels, dormitory style accommodation, student accommodation and workers' accommodation) has a dedicated and accessible water supply available at all times for fire-fighting purposes. | DTS/DPF 3.3 Development has a dedicated water supply available at all times for fire-fighting purposes: (a) comprising a minimum of 5000 litres (b) positioned in an accessible location and accompanied with necessary equipment to allow occupants to minimise the spread of bushfire to the habitable building(s). |
| Land Division | |
| PO 4.1 Land division is designed to and incorporates measures to minimise the danger of fire hazard to residents and occupants of buildings, and to protect buildings and property from physical damage in the event of a bushfire. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Land division designed to provide a continuous street pattern to facilitate the safe movement and evacuation of emergency vehicles, residents, occupants and visitors. | DTS/DPF 4.2 None are applicable. |
| PO 4.3 Where 10 or more new allotments are proposed, land division includes at least two separate and safe exit points to enable multiple avenues of evacuation in the event of a bushfire. | DTS/DPF 4.3 None are applicable. |
| PO 4.4 Land division incorporates perimeter roads of adequate design in conjunction with bushfire buffer zones to achieve adequate separation between residential allotments and areas of | DTS/DPF 4.4 None are applicable. |

| | |
|---|--|
| unacceptable bushfire risk and to support safe access for the purposes of fire-fighting. | |
| Vehicle Access -Roads and Driveways | |
| <p>PO 5.1</p> <p>Roads are designed and constructed to facilitate the safe and effective:</p> <ul style="list-style-type: none"> (a) access, operation and evacuation of fire-fighting vehicles and emergency personnel (b) evacuation of residents, occupants and visitors. | <p>DTS/DPF 5.1</p> <p>Roads:</p> <ul style="list-style-type: none"> (a) are constructed with a formed, all-weather surface (b) have a gradient of not more than 16 degrees (1-in-3.5) at any point along the road (c) have a cross fall of not more than 6 degrees (1-in-9.5) at any point along the road (d) have a minimum formed road width of 6m (e) provide overhead clearance of not less than 4.0m between the road surface and overhanging branches or other obstructions including buildings and/or structures (Figure 1) (f) allow fire-fighting services (personnel and vehicles) to travel in a continuous forward movement around road curves by constructing the curves with a minimum external radius of 12.5m (Figure 2) (g) incorporating cul-de-sac endings or dead end roads do not exceed 200m in length and the end of the road has either: <ul style="list-style-type: none"> (i) a turning area with a minimum formed surface radius of 12.5m (Figure 3) or (ii) a 'T' or 'Y' shaped turning area with a minimum formed surface length of 11m and minimum internal radii of 9.5m (Figure 4) (h) incorporate solid, all-weather crossings over any watercourse that support fire-fighting vehicles with a gross vehicle mass (GVM) of 21 tonnes. |
| <p>PO 5.2</p> <p>Access to habitable buildings is designed and constructed to facilitate the safe and effective:</p> <ul style="list-style-type: none"> (a) access, operation and evacuation of fire-fighting vehicles and emergency personnel (b) evacuation of residents, occupants and visitors. | <p>DTS/DPF 5.2</p> <p>Access is in accordance with (a) or (b):</p> <ul style="list-style-type: none"> (a) a clear and unobstructed vehicle or pedestrian pathway of not greater than 60 metres in length is available between the most distant part of the habitable building and the nearest part of a formed public access road (b) driveways: <ul style="list-style-type: none"> (i) do not exceed 600m in length (ii) are constructed with a formed, all-weather surface (iii) are connected to a formed, all-weather public road with the transition area between the road and driveway having a gradient of not more than 7 degrees (1-in-8) (iv) have a gradient of not more than 16 degrees (1-in-3.5) at any point along the driveway (v) have a crossfall of not more than 6 degrees (1-in-9.5) at any point along the driveway (vi) have a minimum formed width of 3m (4m where the gradient of the driveway is steeper than 12 degrees (1-in-4.5)) plus 0.5 metres clearance either side of the driveway from overhanging branches or other obstructions, including buildings and/or structures (Figure 1) (vii) incorporate passing bays with a minimum width of 6m and length of 17m every 200m (Figure 5) (viii) provide overhead clearance of not less than 4.0m between the driveway surface and overhanging branches or other obstructions, including buildings and/or structures (Figure 1) (ix) allow fire-fighting services (personnel and vehicles) to travel in a continuous forward movement around driveway curves by constructing the curves with a minimum external radius of 12.5m (Figure 2) (x) allow fire-fighting vehicles to safely enter and exit an allotment in a forward direction by using a 'U' shaped drive through design or by incorporating at the end of the driveway either: <ul style="list-style-type: none"> A. a loop road around the building or B. a turning area with a minimum radius of 12.5m (Figure 3) or C. a 'T' or 'Y' shaped turning area with a minimum formed length of 11m and minimum internal radii of 9.5m (Figure 4) (xi) incorporate solid, all-weather crossings over any watercourse that support fire-fighting vehicles with a gross vehicle mass (GVM) of 21 tonnes. |
| <p>PO 5.3</p> <p>Development does not rely on fire tracks as means of evacuation or access for fire-fighting purposes unless there are no safe alternatives available.</p> | <p>DTS/DPF 5.3</p> <p>None are applicable.</p> |

Hazard (Flooding)

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Impacts on people, property, infrastructure and the environment from high flood risk are minimised by retaining areas free from development, and minimising intensification where development has occurred. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|--|---|
| Land Division | |
| PO 1.1 Land division is limited to areas where the consequences to buildings and safety are low and can be readily managed or overcome. | DTS/DPF 1.1 None are applicable. |
| Land Use | |
| PO 2.1 Development sited and designed to minimise exposure of people and property to unacceptable flood risk. | DTS/DPF 2.1 None are applicable. |
| PO 2.2 Buildings housing vulnerable people, community services facilities, key infrastructure and emergency services are sited away from flood prone areas to enable uninterrupted operation of services and reduce likelihood of entrapment. | DTS/DPF 2.2 Pre-schools, educational establishments, retirement and supported accommodation, emergency services facilities, hospitals and prisons are not located within the Overlay area. |
| Flood Resilience | |
| PO 3.1 Development avoids the need for flood protection works. | DTS/DPF 3.1 None are applicable. |
| PO 3.2 Development does not cause unacceptable impacts on any adjoining property by the diversion of flood waters or an increase in flood velocity or flood level. | DTS/DPF 3.2 None are applicable. |
| PO 3.3 Development does not impede the flow of floodwaters through the allotment or the | DTS/DPF 3.3 None are applicable. |

| | |
|--|--|
| surrounding land, or cause an unacceptable loss of flood storage. | |
| PO 3.4 Development avoids frequently flooded or high velocity areas, other than where it is part of a flood mitigation scheme to reduce flood impact. | DTS/DPF 3.4 Other than a recreation area, development is located outside of the 5% AEP principal flow path. |
| PO 3.5 Buildings are sited, designed and constructed to prevent the entry of floodwaters in a 1% AEP flood event where the entry of floodwaters is likely to result in undue damage to, or compromise ongoing activities within, buildings. | DTS/DPF 3.5 Buildings comprise one of the following: (a) a porch or portico with at least 2 open sides (b) a verandah with at least 3 open sides (c) a carport or outbuilding with at least 2 open sides (whichever elevations face the direction of the flow) (d) any post construction with open sides (e) a building with a finished floor level that is at least 300mm above the height of a 1% AEP flood event. |
| PO 3.6 Fences do not unreasonably impede floodwaters. | DTS/DPF 3.6 A post and wire fence (other than a chain mesh fence). |
| Environmental Protection | |
| PO 4.1 Buildings and structures used either partly or wholly to contain or store hazardous materials are designed to prevent spills or leaks leaving the confines of the building during a 1% AEP flood event to avoid potential environmental harm. | DTS/DPF 4.1 Development involving the storage or disposal of hazardous materials is wholly located outside of the 1% AEP flood plain or flow path. |
| PO 4.2 Development does not create or aggravate the potential for erosion or siltation or lead to the destruction of vegetation during a flood. | DTS/DPF 4.2 None are applicable. |
| Site Earthworks | |
| PO 5.1 The depth and extent of filling required to raise the finished floor level of a building does not cause unacceptable impact on any adjoining property by diversion of flood waters, an increase in flood velocity or flood level, or an unacceptable loss of flood storage. | DTS/DPF 5.1 None are applicable. |
| PO 5.2 Driveways, access tracks and parking areas are designed and constructed to minimise excavation and filling. | DTS/DPF 5.2 Filling for ancillary purposes: (a) does not exceed 300mm above existing ground level (b) is no more than 5m wide. |
| Access | |
| PO 6.1 Development does not occur on land: (a) from which evacuation to areas not vulnerable to flood risk is not possible during a 1% AEP flood event (b) which cannot be accessed by emergency services vehicles or essential utility service vehicles during a 1% AEP flood event. | DTS/DPF 6.1 None are applicable. |
| PO 6.2 Access driveways and tracks to significant development (i.e. dwellings, places of work, etc.) consist of a safe, all-weather trafficable surface that is accessible during a 1% AEP flood event. | DTS/DPF 6.2 None are applicable. |

| Minimum finished ground level is 3.65m AHD; Minimum finished floor level is 3.9m AHD | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Minimum finished ground level is 3.7m AHD; Minimum finished floor level is 3.95m AHD | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |
| Minimum finished ground level is 3.75m AHD; Minimum finished floor level is 4m AHD | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | | |

| Finished Ground and Floor Levels | |
|---|---|
| | Minimum finished ground level is 3m AHD; Minimum finished floor level is 3.25m AHD |
| | Minimum finished ground level is 4m AHD; Minimum finished floor level is 4.25m AHD |
| | Minimum finished ground level is 2.05m AHD; Minimum finished floor level is 2.3m AHD |
| | Minimum finished ground level is 2.8m AHD; Minimum finished floor level is 3.05m AHD |
| | Minimum finished ground level is 3.05m AHD; Minimum finished floor level is 3.3m AHD |
| | Minimum finished ground level is 3.8m AHD; Minimum finished floor level is 4.05m AHD |
| In instances where no finished floor level value is specified, a building incorporates a finished floor level at least 300mm above the height of a 1% AEP flood event. | |
| Environmental Protection | |
| PO 3.1 Buildings and structures used either partly or wholly to contain or store hazardous materials are designed to prevent spills or leaks leaving the confines of the building during a 1% AEP flood event to avoid potential environmental harm. | DTS/DPF 3.1 Development involving the storage or disposal of hazardous materials is wholly located outside of the 1% AEP flood plain or flow path. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---------------------------------|---------------|---------------------|---------------------|
| None | None | None | None |

Hazards (Flooding - Evidence Required) Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

| Desired Outcome | |
|-----------------|---|
| DO 1 | Development adopts a precautionary approach to mitigate potential impacts on people, property, infrastructure and the environment from potential flood risk through the appropriate siting and design of development. |

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

| Performance Outcome | Deemed-to-Satisfy Criteria / Designated Performance Feature |
|---|--|
| Flood Resilience | |
| PO 1.1 Development is sited, designed and constructed to minimise the risk of entry of potential floodwaters where the entry of flood waters is likely to result in undue damage to or compromise ongoing activities within buildings. | DTS/DPF 1.1 Habitable buildings, commercial and industrial buildings, and buildings used for animal keeping incorporate a finished floor level at least 300mm above: (a) the highest point of top of kerb of the primary street or (b) the highest point of natural ground level at the primary street boundary where there is no kerb |
| Environmental Protection | |
| PO 2.1 Buildings and structures used either partly or wholly to contain or store hazardous materials are designed to prevent spills or leaks leaving the confines of the building. | DTS/DPF 2.1 Development does not involve the storage of hazardous materials. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| None | None | None | None |

Heritage Adjacency Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Development adjacent to State and Local Heritage Places maintains the heritage and cultural values of those Places. |
|------|---|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome

Deemed-to-Satisfy Criteria / Designated Performance Feature

| Built Form | |
|--|-------------------------------------|
| PO 1.1 Development adjacent to a State or Local Heritage Place does not dominate, encroach on or unduly impact on the setting of the Place. | DTS/DPF 1.1 None are applicable. |
| Land Division | |
| PO 2.1 Land division adjacent to a State or Local Heritage Place creates allotments that are of a size and dimension that enables the siting and setbacks of new buildings from allotment boundaries so that they do not dominate, encroach or unduly impact on the setting of the Place. | DTS/DPF 2.1 None are applicable. |

Procedural Matters (PM) - Referrals

The following table identifies classes of development / activities that require referral in this Overlay and the applicable referral body. It sets out the purpose of the referral as well as the relevant statutory reference from Schedule 9 of the Planning, Development and Infrastructure (General) Regulations 2017.

| Class of Development / Activity | Referral Body | Purpose of Referral | Statutory Reference |
|---|--|--|---|
| Development that may materially affect the context of a State Heritage Place. | Minister responsible for the administration of the <i>Heritage Places Act 1993</i> . | To provide expert assessment and direction to the relevant authority on the potential impacts of development adjacent State Heritage Places. | Development of a class to which Schedule 9 clause 3 item 17 of the Planning, Development and Infrastructure (General) Regulations 2017 applies. |

Historic Area Overlay

Assessment Provisions (AP)

Desired Outcome (DO)

Desired Outcome

| | |
|------|---|
| DO 1 | Historic themes and characteristics are reinforced through conservation and contextually responsive development, design and adaptive reuse that responds to existing coherent patterns of land division, site configuration, streetscapes, building siting and built scale, form and features as exhibited in the Historic Area and expressed in the Historic Area Statement. |
|------|---|

Performance Outcomes (PO) and Deemed-to-Satisfy (DTS) Criteria / Designated Performance Feature (DPF)

Performance Outcome

Deemed-to-Satisfy Criteria / Designated Performance Feature

| All Development | |
|---|-------------------------------------|
| PO 1.1 All development is undertaken having consideration to the historic streetscapes and built form as expressed in the Historic Area Statement. | DTS/DPF 1.1 None are applicable. |
| Built Form | |
| PO 2.1 | DTS/DPF 2.1 |

| | |
|---|---|
| The form and scale of new buildings and structures that are visible from the public realm are consistent with the prevailing historic characteristics of the historic area. | None are applicable. |
| PO 2.2 Development is consistent with the prevailing building and wall heights in the historic area. | DTS/DPF 2.2 None are applicable. |
| PO 2.3 Design and architectural detailing of street-facing buildings (including but not limited to roof pitch and form, openings, chimneys and verandahs) complement the prevailing characteristics in the historic area. | DTS/DPF 2.3 None are applicable. |
| PO 2.4 Development is consistent with the prevailing front and side boundary setback pattern in the historic area. | DTS/DPF 2.4 None are applicable. |
| PO 2.5 Materials are either consistent with or complement those within the historic area. | DTS/DPF 2.5 None are applicable. |
| Alterations and additions | |
| PO 3.1 Alterations and additions complement the subject building, employ a contextual design approach and are sited to ensure they do not dominate the primary façade. | DTS/DPF 3.1 Alterations and additions are fully contained within the roof space of an existing building with no external alterations made to the building elevation facing the primary street. |
| PO 3.2 Adaptive reuse and revitalisation of buildings to support retention consistent with the Historic Area Statement. | DTS/DPF 3.2 None are applicable. |
| Ancillary development | |
| PO 4.1 Ancillary development, including carports, outbuildings and garages, complements the historic character of the area and associated buildings. | DTS/DPF 4.1 None are applicable. |
| PO 4.2 Ancillary development, including carports, outbuildings and garages, is located behind the building line of the principal building(s) and does not dominate the building or its setting. | DTS/DPF 4.2 None are applicable. |
| PO 4.3 Advertising and advertising hoardings are located and designed to complement the building, be unobtrusive, be below the parapet line, not conceal or obstruct significant architectural elements and detailing, or dominate the building or its setting. | DTS/DPF 4.3 None are applicable. |
| PO 4.4 Fencing and gates closer to a street boundary (other than a laneway) than the elevation of the associated building are consistent with the traditional period, style and form of the associated building. | DTS/DPF 4.4 None are applicable. |
| Land Division | |
| PO 5.1 Land division creates allotments that are: (a) compatible with the surrounding pattern of subdivision in the historic area (b) of a dimension to accommodate buildings of a bulk and scale that reflect existing buildings and setbacks in the historic area | DTS/DPF 5.1 None are applicable. |
| Context and Streetscape Amenity | |
| PO 6.1 The width of driveways and other vehicle access ways are consistent with the prevailing width of existing driveways of the historic area. | DTS/DPF 6.1 None are applicable. |
| PO 6.2 Development maintains the valued landscape patterns and characteristics that contribute to the historic area, except where they compromise safety, create nuisance, or impact adversely on buildings or infrastructure. | DTS/DPF 6.2 None are applicable. |
| Demolition | |
| PO 7.1 Buildings and structures, or features thereof, that demonstrate the historic characteristics as expressed in the Historic Area Statement are not demolished, unless: (a) the front elevation of the building has been substantially altered and cannot be reasonably restored in a manner consistent with the building's original style or (b) the structural integrity or safe condition of the original building is beyond reasonable repair. | DTS/DPF 7.1 None are applicable. |

| | |
|--|-------------------------------------|
| PO 7.2 Partial demolition of a building where that portion to be demolished does not contribute to the historic character of the streetscape. | DTS/DPF 7.2 None are applicable. |
| PO 7.3 Buildings or elements of buildings that do not conform with the values described in the Historic Area Statement may be demolished. | DTS/DPF 7.3 None are applicable. |
| Ruins | |
| PO 8.1 Development conserves and complements features and ruins associated with former activities of significance. | DTS/DPF 8.1 None are applicable. |

Historic Area Statements

| Statement# | Statement |
|---|---|
| Historic Areas affecting City of Adelaide | |
| North Adelaide Hill Street Historic Area Statement (Adel1) | |
| <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| Eras, themes and context | <p>1837 to 1901 - Victorian period.</p> <p>1901 to 1920s - Edwardian period.</p> <p>1920s to 1942 - Inter-war period.</p> <p>Low and medium density cottages. Villas and terrace houses. Historically intact residential areas. Long established institutions.</p> |
| Allotments, subdivision and built form patterns | <p>Large allotments together with low and medium density residential. Building set-back and subdivision pattern established by Heritage Places.</p> <p><u>Hill Street</u></p> <p>Regular setbacks from primary street frontage and regular pattern and siting of Heritage Places.</p> <p>Buildings setback from the side and street frontages of the Church of Perpetual Adoration retain the views and vistas of the Church.</p> <p><u>Jeffcott Street</u></p> <p>Buildings on corner site set on or close to the primary street frontage.</p> <p><u>Barton Terrace West</u></p> <p>Buildings reinforce the setback and orientation to the Park Lands established by Heritage Places.</p> |

North Adelaide Childers East Historic Area Statement (Adel2)

The Historic Area Overlays identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.

These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.

The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.

| | |
|---|--|
| Eras, themes and context | <p>1837 to 1901 - Victorian period.</p> <p>1901 to 1910 - Edwardian period.</p> <p>1920's to 1942 - Inter-war period.</p> <p>Mansions; historic low and medium density detached and semi-detached residential development such as typical cottages and terrace houses.</p> |
| Allotments, subdivision and built form patterns | <p>Range of subdivision patterns including large allotments together with low and medium density residential development on narrow frontages.</p> <p><u>Childers Street</u></p> <p>Consistently sited row cottages on north side. Varying setbacks on south side.</p> <p><u>Gover Street</u></p> <p>Generous scale and siting of heritage placed on south side (west of Mansfield Street).</p> <p><u>Jeffcott Street</u></p> <p>North of Childers Street, consistent and intensive built form edge to the eastern frontage sited on or close to the primary street frontage. South of Childers Street, buildings sited close to the primary street frontage.</p> <p><u>Barton Terrace West</u></p> <p>Cohesive edge along Barton Terrace West.</p> |
| Architectural styles, detailing and built form features | <p>Victorian housing consisting of single fronted, symmetrically fronted, and asymmetrically fronted houses, some with bay fronted projections; contains vertically proportioned window and door surrounds highlighted with moulded render or brick dressings with roofs that are generally hipped in form, with the asymmetrical style, gable ended or hipped roof to the projecting bay, concave or convex verandah roof and four panelled doors with fanlights and often sidelights.</p> <p>Edwardian housing with prominent strapped gables and detailing, tall brick chimneys, verandahs incorporated under the main pitch of the roof verandahs with a convex (or bullnose) profile.</p> <p>Inter-War Housing consisting of bungalows incorporating a broad spreading roof and verandah with typical masonry columns supporting verandah elements and the expansive two storey version was often known as a Gentlemen's Bungalow; and Tudor Revival style displaying</p> |

| Statement# | Statement |

North Adelaide Margaret Street Historic Area Statement (Adel7)

The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.

These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.

The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.

| | |
|--------------------------|--|
| Eras, themes and context | <p>1837 to 1901 - Victorian period</p> <p>1901 to 1920s - Edwardian period</p> <p>1920's to 1942 - Inter-war period</p> <p>One of the most historically intact residential areas in South Australia.</p> |

North Adelaide Cathedral Historic Area Statement (Adel9)

The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.

These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.

The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.

| | |
|---|---|
| Eras, themes and context | <p>1837 to 1901 - Victorian period.</p> <p>1920's to 1942 - Inter-war period.</p> <p>Diverse range of nineteenth century predominantly residential architecture with extensive Park Lands frontages.</p> |

North Adelaide Finnis Historic Area Statement (Adel13)

The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.

These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.

The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.

| | |
|---|--|
| Eras, themes and context | <p>Low scale residential character.</p> <p>Victorian Houses (1870s to 1890s) on Finnis Street.</p> <p>Victorian Houses (1870s to 1890s) and Post War Dickson Platten buildings date from 1968 - 71 (Kathleen Lumley College) on MacKinnon Parade. Victorian (1870s to 1890s) and Edwardian houses (1900 to 1920s) on Brougham Place.</p> |
| Allotments, subdivision and built form patterns | <p>Distinctive built form edge between the Park Lands and Lower North Adelaide.</p> |

| Statement# | Statement |
|------------|--|

Historic Areas Affecting Adelaide Hills Council

| | |
|---|---|
| <p>Mylor Historic Area Statement (AdHi1)</p> | |
| <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> | |
| <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> | |
| <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| Eras, themes and context | 1880 to late 1890s. Commercial centre. Workingmen's Block movement. |
| Allotments, subdivision and built form patterns | Uniform rectangular allotments fronting the main street. Large site areas. Large street frontages. Varying front setbacks (residential development has generous setbacks with commercial/retail development located closer to the front boundary to address the main street). Varying side setbacks, with limited boundary development. |
| Architectural styles, detailing and built form features | 1890s commercial buildings interspersed with a variety of civic and residential buildings. |
| Building height | Generally small scale, single storey construction with the exception of the larger public buildings such as the Uniting Church and the former Institute building. |

| Statement# | Statement | |
|---|---|--|
| AdHi1 | Materials | Consistent with the materials associated with the architectural styles of the subject building and streetscape. Random coursed and rubble stone. Rendered stone. Brick and rendered quoins. Hipped and gabled roofs. Raked and bullnose verandahs supported with timber posts and masonry pillars. Corrugated iron roofs. External finishes non-reflective incorporating a natural autumnal palette. |
| | Fencing | Front fences of pickets, post and wire and masonry (exposed or rendered brickwork or stonework) often obscured by hedges or other plantings, to a height of 1200 millimetres. |
| | Setting, landscaping, streetscape and public realm features | <p>Rustic character. The township is enclosed on three sides by highly valued remnant vegetation within the Mylor Parklands. Leslie Creek and Aldgate Creek meander through the township before joining up with the Onkaparinga River to the south. The main entrance to Mylor from the north is marked by bridge crossings over Leslie and Aldgate Creeks, the war memorial and views to an avenue of deciduous trees which define the centre of the township. Views of the historic building within the primary school.</p> <p>Other important views along Strathalbyn Road include the heritage buildings containing the general store and rural supplies establishment which defines the southern entry to the township. Wide landscaped verge that incorporates an avenue of trees along Strathalbyn road accentuates the historic built form.</p> <p>Vehicular access at the rear of allotments fronting Strathalbyn Road.</p> |

| AdHi2 | Stirling - Ayres Hill Road Historic Area Statement (AdHi2) | |
| | <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| | Eras, themes and context | Mid to late 1880s residential. |
| | Allotments, subdivision and built form patterns | Large blocks of land. Larger houses on large, well vegetated grounds. Dwellings set well back from the street boundary. Smaller subordinate buildings located closer to the street boundary. |
| | Architectural styles, detailing and built form features | The architectural style of the buildings varies with their date of construction. |
| | Building height | Building height to 9 metres. Original scale of buildings. |
| | Materials | Consistent with the materials associated with the architectural style of the subject building. Random, coursed and dressed stone. Rendered stone. Brick, stone and rendered quoins. String courses. Hipped and gabled roofs. Dormer windows. Raked verandahs supported with timber posts and masonry pillars. Corrugated iron roofs. Decorative cast iron features. Brick and stone chimneys. Stone Porticos. Decorative and ornate timber bargeboards. External finishes non-reflective and utilise natural colours. |
| | Fencing | Front fencing of pickets, post and wire and masonry (exposed or rendered brickwork or stonework) often obscured by hedges or other plantings, with varying heights to between 1200-1800 millimetres. |
| | Setting, landscaping, streetscape and public realm features | <p>'Secluded' nature of houses, in most cases set well back on their blocks, hidden behind the gardens and hedges.</p> <p>Streetscape is dominated by tree plantings and fencing behind which can be seen the larger trees and shrubs of the gardens. The lower section of the road (from Laurel Road to the roundabout near St Catherine's) is winding and bordered by hedges and trees. The upper portion of the road is straight and reveals a wider footpath margin than the lower section, adding to the feeling of privacy of the houses.</p> <p>Wide footpath verges which are of a rustic nature.</p> <p>Row and avenue plantings of exotic trees in the road verges.</p> |
| Representative Buildings | <i>[Not identified]</i> | |

Historic Areas affecting Alexandrina Council

| Strathalbyn Suburban Neighbourhood Historic Area Statement (Alex1) | | |
|---|---|--|
| <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | | |
| Alex1 | Eras, themes and context | <p><u>Northern (Manse Road, Melville Lane, Taylors Lane, Melville Street, Harriet Street and North Parade)</u></p> <p>1860s-1910s. Symmetrical double-fronted early settler cottages and simple workers accommodation.</p> <p>Centred on North Parade, the area was initially subdivided in 1856 and was developed to contain a mixture of functions ranging from an early butcher's shop, to a school, a hospital and a Rechabite Hall and residences.</p> <p>The early commercial and institutional functions have declined over time and the area is now mainly residential.</p> <p><u>Western (Sandegrove Road, King Street, Coronation Road)</u></p> <p>1910s. Symmetrical double-fronted cottages and early Bungalow era dwellings.</p> <p>The Western area is important in the overall character of Strathalbyn as it reflects the period at the turn of the century which was one of consolidation and prosperity for the town. The specific residential character of the area derives from the consistent character of the circa 1910 residences, which display typical characteristics of domestic architecture at the time.</p> <p><u>Central (East Terrace, Murray Street, North Parade, Grey Street, Chapel Street, Rowe Street, Commercial Road, West Terrace, Jeff Street, Wallbank Street, Mill Street)</u></p> <p>1860s - 1950.s. Symmetrical double-fronted cottages and early Bungalow era dwellings.</p> <p>The Central area represents the predominantly residential area within the bounds of the original town boundary following, North Parade, East Terrace, South Terrace and West Terrace. The area also includes church landmarks to the east of the town centre on Murray and Chapel Streets.</p> |
| | Allotments, subdivision and built form patterns | <p><u>Northern</u></p> <p>Large allotments and setbacks. Medium- to large front setbacks. Buildings parallel to street. Buildings typically located asymmetrically on allotments, allowing for access to rear of blocks on one side. This subdivision has a less regular layout, in part due to path of Middle Creek which borders the area on the north and east.</p> <p><u>Western</u></p> <p>Large allotments and setbacks. Consistent medium- to large front setbacks. Buildings parallel to street. Buildings typically located symmetrically on allotments with very wide side setbacks.</p> <p><u>Central</u></p> <p>Large allotments and setbacks. Buildings parallel to street. Buildings typically located asymmetrically on allotments, allowing for access to rear of blocks on one side.</p> |
| | Architectural styles, detailing and built form features | <p><u>Western and Northern</u></p> <p>Symmetrical stone double fronted cottages with some early bungalow styles. Predominantly hipped roofs of 27-35 degree pitch with detached verandah (concave, convex and bullnosed) set 300mm below main building gutter. High solid to void (window & door opening) ratio.</p> <p>Carports and sheds generally to the rear of allotments and not attached to dwellings.</p> <p><u>Central</u></p> <p>Stone double fronted cottages with some early bungalow styles. Predominantly hipped roofs of 27-35 degree pitch with verandahs. High solid to void (window & door opening) ratio.</p> <p>Carports and sheds generally to the rear of allotments and not attached to dwellings.</p> |
| | Building height | Single storey with external wall heights generally 3.8-4.1m and ceilings at least 3. |

| Statement# | Statement | |
|------------|---|---|
| | Materials | Sandstone and limestone with red brick quoins predominantly. Corrugated (mostly galvanised) roofing. |
| | Fencing | <p><u>Northern</u></p> <p>Timber post and rail (local variation diamond style), low masonry, timber post and cyclone mesh, rural post and wire fencing to a height of 1.2m at front and 1.8m on side boundaries.</p> <p><u>Western</u></p> <p>Hedges, brush, pickets, low masonry and cyclone mesh, rural post and wire fencing to a height of 1.2m at front and 1.8m on side boundaries.</p> <p><u>Central</u></p> <p>Timber post and rail (local variation diamond style), hedges, low masonry, timber post and cyclone mesh, rural post and wire fencing to a height of 1.2m at front and 1.8m on side boundaries.</p> |
| | Setting, landscaping, streetscape and public realm features | <p>Limited use of signage, where present it incorporates simple fonts consistent with the era with no internal illumination.</p> <p><u>Northern</u></p> <p>Heavily vegetated, rural character, especially to Taylors Lane and Melville Street.</p> <p><u>Western</u></p> <p>Newly formed footpaths with planted verges and street trees.</p> <p><u>Central</u></p> <p>Rural character, wide streets and footpaths with regular street trees.</p> |

| Alex2 | Strathalbyn Centre - Township Main Street and Community Facilities Historic Area Statement (Alex2) | |
|-------|---|--|
| | <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| | Eras, themes and context | <p>1860s - 1910s settlement period. Residential, small commercial, institutional and civic buildings.</p> <p><u>Dawson (Commercial Road / Dawson Street, Catherine Street, Rankine Street, South Terrace, Donald Terrace, Albyn Terrace)</u></p> <p>The River Angas and the associated Soldiers Memorial Gardens is a key element within this area, reflecting the rising civic consciousness of the residents of Strathalbyn as the town prospered through the 1870's-90's. Dawson Street and Albyn Terrace contain many notable early examples of commercial buildings which reflect the enterprise and success of these residents.</p> <p><u>High Street (High Street, Grey Street, Swale Street, Sunter Street, Alfred Place)</u></p> <p>An historic predominantly commercial area with buildings ranging from early settlement, through a period of expansion in the late 1860's to about 1910.</p> |
| | Allotments, subdivision and built form patterns | <p><u>Dawson</u></p> <p>Large, rectangular allotments with large frontage. No front setback to commercial properties. Typically small front setback to residential properties. Buildings parallel to street. Minimal side setbacks often with no driveways or vehicle access.</p> <p><u>High Street</u></p> <p>Large, rectangular allotments with large frontage. No front setback to commercial properties. Typically minimal to no front setback to residential properties. Buildings parallel to street. Minimal side setbacks often with no driveways or vehicle access.</p> |
| | Architectural styles, detailing and built form features | <p>High solid to void (window & door opening) ratio.</p> <p>Commercial properties typically parapeted or hipped and gabled with verandahs overhanging footpaths.</p> <p>Residential properties simple double fronted early settler residences and homesteads hipped and gabled roofs of 27-35 degrees pitch with separate verandah.</p> <p>Carports and garages generally to the rear of allotments and not attached to dwellings.</p> |
| | Building height | Commercial and residential single storey with external wall heights 3.8-4.1m and ceilings of at least 3m. Two storey grand, civic or historic commercial activities. |
| | Materials | Sandstone and limestone with red brick quoins predominantly. Corrugated (mostly galvanised) roofing. Institutional and grand civic buildings rendered quoins and features. Distinct absence of contemporary materials. |
| | Fencing | Timber post and rail (local variation diamond style), timber post and cyclone mesh up to 1.2m in height at front and 1.8m on side boundaries. Pickets to verandahs at street line. |

| Statement# | Statement | |
|------------|---|---|
| | Setting, landscaping, streetscape and public realm features | Rural open streetscape character. Some early stone and terracotta kerbing remain. Traditional street tree planting such as Ash trees. Wide streets in original layout connecting to traditional parks/gardens reinforcing rural character and scenic views. Limited use of signage, where present it incorporates simple fonts consistent with the era with no internal illumination. |
| | Representative Buildings | Identified - refer to SA planning database. |

| Alex3 | Middleton Historic Area Statement (Alex3) | |
|-------|---|--|
| | <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| | Eras, themes and context | 1855 - Flour Mill established, Middleton township 1856 - from mid 19 th century era of grain production and local milling for export. |
| | Allotments, subdivision and built form patterns | Irregular angled large allotments containing former mill and ancillary dwellings and smaller lots. |
| | Architectural styles, detailing and built form features | Symmetrical structures with a high solid to void (window & door opening) ratio. Gabled and hipped roofs of 27-35 degree pitch. |
| | Building height | Single storey dwellings. |
| | Materials | Local stone, brick, corrugated iron, rendered walling or rammed earth walling. Corrugated galvanised roofing. |
| | Fencing | Fencing reflective of the architectural style of the subject building in terms of building material, including post and wire and open fencing up to 1.2m to the front alignment, side boundary fences up to 1.8m. |
| | Setting, landscaping, streetscape and public realm features | Existing mature vegetation and boundary structures, such as walls and fences form an important landscape element. Open landscape surrounding the mill complex. Limited use of signage, where present it incorporates simple fonts consistent with the era with no internal illumination. |
| | Representative Buildings | <i>[Not identified]</i> |

| Alex4 | Goolwa Historic Area Statement (Alex4) | |
|-------|---|--|
| | <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| | Eras, themes and context | Between the 1850s and 1880s Goolwa developed as one of Australia's most important river ports. Dwindling after the Morgan to Port Adelaide railway opened in 1878. Australia's first railway, a single-track horse powered tramway (1854) extended from Goolwa to Victor Harbor in 1864 and later converted to steam and rail, now forms part of a major tourist attraction, the 'Cockle Train' trip. Residential development commenced with the settlement of Goolwa. From the late 19th century to the present day, Goolwa's main focus has been as a tourist township, but the industrial historic legacy of earlier times which includes former breweries, sawmill, shipyards, the wharf area, the Goolwa Patent Slip and iron works and flour mill. The Goolwa Historic Area is a residential area known as 'Little Scotland' adjoining the State Heritage Area to the north and bounded by the railway line to the south. |
| | Allotments, subdivision and built form patterns | Small narrow allotments, with many dwellings built over two allotments giving appearance of larger frontages. Buildings parallel to street. Minimal side setbacks, often no driveways or vehicle access. |
| | Architectural styles, detailing and built form features | Small humble workers' cottages. Gabled, hipped and parapeted roofs at 30-40 degree pitches. Separate verandah roof across frontage typical. High solid to void (window and door opening) ratio. Carports and garages generally to the rear of allotments and not attached to dwellings. |
| | Building height | Single storey with external wall heights 3.8 - 4.1m and ceilings of at least 3m. |
| | Materials | Stone, rendered masonry, weatherboard walls. Corrugated roofing. Distinct absence of contemporary materials. |
| | Fencing | Low picket fences or timber post and rails often at verandah line, up to 1.2m high. |
| | Setting, landscaping, streetscape and public realm features | Intimate village, narrow streets with minimal or no footpaths. Limited use of signage, where present it incorporates simple fonts consistent with the era with no internal illumination. |

Historic Areas affecting The Barossa Council

| | |
|---|---|
| <p>Angaston Centre Historic Area Statement (Baro1)</p> | |
| <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> | |
| <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> | |
| <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| Eras, themes and context | Early settlement in 1850s and 1860s. 19th and early 20th Century buildings and streetscapes. |
| Allotments, subdivision and built form patterns | Original development and subdivision pattern, especially in the vicinity of Hannay Crescent including the cemetery allotment. |
| Architectural styles, detailing and built form features | Banks, churches and hotels along Murray Street. Early post-supported verandas along sections of Murray Street. |
| Building height | Two storeys. |
| Materials | <i>[Not stated]</i> |

| Statement# | Statement | |
|---|--|--|
| Baro1 | Fencing | <i>[Not stated]</i> |
| | Setting, landscaping, streetscape and public realm features | <p>Significant visual backdrop formed by the hills, cemetery and stone walling when viewed from the Hannay Crescent area and Murray Street.</p> <p>The configuration of Murray Street with a bend at the Sturt Street junction provides interesting vistas east and west along the street.</p> <p>A vista is evident along Washington Street towards the Town Hall. Marble walling in front of the former Station Masters Residence, and former animal pound walls on the railway land.</p> <p>Along Murray Street, the paddock like nature of the land adjoining the creek bank links with the residential surrounds and, in association with the Murray Street park and rural backdrop, creates an attractive setting.</p> <p>Mature landscaping, deciduous street trees, Moreton Bay Fig trees, English Elm and the grouping of deciduous trees adjacent to the Laucke Mill on Murray Street.</p> |
| | Representative Buildings | Identified - refer to SA planning database. |
| Baro2 | Angaston Residential Historic Area Statement (Baro2) | |
| | <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> | |
| | <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> | |
| | <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| | Eras, themes and context | <p>Late 1800s.</p> <p>1920s, second wave of prosperity for Angaston in the 20th Century.</p> |
| | Allotments, subdivision and built form patterns | <i>[Not stated]</i> |
| | Architectural styles, detailing and built form features | <p>Substantial residences in 1879-80.</p> <p>Residences of the 1920s.</p> |
| | Building height | <i>[Not stated]</i> |
| | Materials | Local stone. |
| Fencing | <i>[Not stated]</i> | |
| Setting, landscaping, streetscape and public realm features | <p>Tree lined streets, attractive gardens, varied topography, mature white cedars along Schilling Street, coprosma hedges in front of some houses (retaining early post and wire fence structures), mature ficus at the base of Dean Street, mature gums along the creek, and cypress hedges to many 1920s dwellings.</p> <p>Angas Recreation Park forms an important element located within the residential area. The park between Dean Street and Hill Street and Angaston Children's Reserve provides an open area for community use.</p> | |
| Representative Buildings | Identified - refer to SA planning database. | |
| Baro3 | Bethany Historic Area Statement (Baro3) | |
| | <p>The Historic Area Overlay identifies localities that comprise characteristics of an identifiable historic, economic and / or social theme of recognised importance. They can comprise land divisions, development patterns, built form characteristics and natural features that provide a legible connection to the historic development of a locality.</p> | |
| | <p>These attributes have been identified in the below table. In some cases State and / or Local Heritage Places within the locality contribute to the attributes of an Historic Area.</p> | |
| | <p>The preparation of an Historic Impact Statement can assist in determining potential additional attributes of an Historic Area where these are not stated in the below table.</p> | |
| | Eras, themes and context | Established in 1842 - one of the earliest substantial German settlements in the Barossa. |
| | Allotments, subdivision and built form patterns | Subdivided according to the hufendorf principle of long strips. Houses built close to the road with long narrow allotments stretching out behind, together with significant timber structures, particularly farm buildings either close to the road or behind the farm houses. |
| | Architectural styles, detailing and built form features | Early houses dating from the 1850s and the 1860s, many of which retain layouts and construction techniques clearly indicating their German origin. |
| | Building height | <i>[Not stated]</i> |
| Materials | <i>[Not stated]</i> | |
| Fencing | <i>[Not stated]</i> | |
| Setting, landscaping, streetscape and public realm features | The Herberge Christi Lutheran Church and the cemetery in the eastern end of the settlement form a dominant element. | |

| Statement# | Statement | | | | | | | | | | | | | | | | | |
|---|--|---|--------------------------|--|---|--|---|--|-----------------|--------------|-----------|---|---------|--------------|---|---|--------------------------|---|
| | | Vegetation and landscaping located within the public realm and mature street tree plantings lining the road, together with the mature gardens associated with the early dwellings. The Tanunda Creek, the Bethany Reserve and the creek crossing at Bethany Road are also important to the character of the settlement. | | | | | | | | | | | | | | | | |
| | Representative Buildings | Identified - refer to SA planning database. | | | | | | | | | | | | | | | | |
