

Aldinga Payinthe College Intersection Upgrade

Night works and changed traffic conditions

The Department for Infrastructure and Transport (the Department) is delivering local road improvements to support the construction of the new Aldinga Payinthe College at Aldinga. This upgrade is funded by the South Australian Government and will improve the safety and efficiency for all road users near the College.

The construction of the new roundabout is almost complete with the final layer of asphalt, road line marking, fencing and signage underway. Project completion is expected in time for the 2022 school year.

To minimise impacts to road users and the community, the final asphalt works will be undertaken **at night on Thursday, 28 October and Friday, 29 October 2021, from 6pm to 6am, weather permitting.**

To safely undertake this work, the **Quinliven Road, How Road and Bowering Hill Road intersection will be temporarily closed during these night works.** See map over the page for detour information.

Day works will continue from Monday to Saturday between 7am and 6pm. The intersection will remain open during day works with speed and lane restrictions in place. Please plan ahead, allow extra travel time and take extra care when workers are on site. Observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses, as much as practically possible.

Access to properties will be maintained at all times with a 25 km/h speed restriction in place for local traffic. Advanced notice will be provided if there is a need to temporarily restrict driveway access.

Temporary pedestrian detours will be in place around the work site. Pedestrians are asked to follow directional signage, with traffic controllers on site to assist. Every effort will be made to minimise impacts to the community, as much as practically possible.

Temporary changes to public transport during the intersection closure

Adelaide Metro bus services 750, 750A, 750R and 750B services will be detoured along Port Road from Quinliven Road, east of the intersection closure.

Bus stops 105 north and south side of Quinliven Road, will be closed and passengers will be redirected to Bus Stops 102 Port Road.

Bus Stops 106 east and west side of Bowering Hill Road will be closed and passengers will be redirected to Bus Stops 107 Port Road.

For information about public transport services call Adelaide Metro on 1300 311 108 or visit www.adelaidemetro.com.au
