

# Nottage Terrace and North East Road Intersection Upgrade

## Project Announcement

On Tuesday, 22 June 2021, the State Government announced funding over two years to upgrade the North East Road and Nottage Terrace intersection. The \$6 million project is jointly funded (50:50) by the Australian and South Australian Governments.

This project, which complements the Main North Road and Nottage Terrace intersection upgrade, will improve traffic flow for vehicles moving between Main North Road and North East Road.

The project is in the planning stages. Detailed investigations and design work is required before construction begins.

Engagement with key stakeholders and the community will form an important component across the life of the project. In the coming months we will be organising opportunities to provide an update on the project and seek your feedback.

Our project team aims to contact all potentially affected stakeholders over the coming months, and we will either call or door-knock to arrange a convenient time and place to meet and provide further information on how you may be impacted.

In the meantime, please telephone 1300 794 880 if you have an enquiry of our project team or email us at [dit.communityrelations@sa.gov.au](mailto:dit.communityrelations@sa.gov.au). To register for project information, please visit <https://dit.sa.gov.au/northeastnottage>.

Kind regards,

Community Engagement
