

Brighton Road and Edwards Street Junction Upgrade

Temporary Edwards Street closure

The Australian and South Australian governments are upgrading the Brighton Road and Edwards Street junction at South Brighton.

What's happening:

Night works are continuing at the intersection of Brighton Road and Edwards Street with intermittent day works as required until project completion (expected third quarter of 2024).

A temporary closure of Edwards Street at the junction of Brighton Road will be required to safely complete the installation of traffic signals and drainage works on **Wednesday night 29 May, Thursday night 30 May and Sunday night 2 June 2024**, weather permitting.

Following these works, asphaltting works will commence in mid June 2024, we will share more information closer to this time.

How this affects you:

To keep you safe during these works, temporary detours will be in place at night. Please refer to the detour map overleaf for details.

Observe speed limits, detour signage, lane restrictions and traffic controllers when travelling through the area. Please plan ahead and expect some delays.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

Access to properties will be maintained throughout the works wherever possible, with advance notice provided if there is a need to temporarily restrict driveway access. Local business access will be maintained at all times.

Brighton Road will remain open to traffic at all times with speed and lane restrictions in place while works are being undertaken. Outside of working hours speed restrictions will remain in place.

When

Detour:

Wednesday 29 May,
Thursday 30 May and
Sunday 2 June 2024,
weather permitting

Hours of operation

7pm to 6am

Where

Along Brighton Road and
Edwards Street close to the
intersection

Australian Government

Government
of South Australia

Department for Infrastructure
and Transport
