

Adelaide Hills Productivity and Road Safety Program

Investigation Works – North East Road/Torrens Valley Road

We are delivering the Adelaide Hills Productivity and Road Safety Package to upgrade key strategic arterial roads in the region. The road improvements will support economic growth, improve road safety and increase fire resilience.

The \$150 million initiative is jointly funded by the Australian Government (80%) and South Australian Government (20%) over five years.

What's happening:

Investigation works will be undertaken on North East Road/Torrens Valley Road from Range Road North, Houghton to Victoria Street, Gumeracha. These investigations will support planning for potential upgrades along this road.

How this affects you:

To do this work safely, speed and lane restrictions will be in place along North East Road/Torrens Valley Road during work hours. Investigations and traffic restrictions will move progressively along North East/Torrens Valley Road. Please plan your trips, be cautious around workers, and follow the speed limits and signage. Outside of working hours, North East Road/Torrens Valley Road will be fully open with no restrictions in place.

Access to properties will be maintained for the duration of works, and we will ensure every effort is made to minimise impacts to surrounding properties and roads.

Minor noise disturbances can be expected while works are being undertaken, but we will minimise any disturbance to residents as much as practically possible.
