

# Main Road, Coromandel Valley Pedestrian Actuated Crossing (PAC)

## Works notice

**We are making it safer for pedestrians to cross Main Road, Coromandel Valley**

### What's happening

We are installing a new Pedestrian Actuated Crossing (PAC) on Main Road. This will replace the existing koala crossing near Coromandel Valley Primary School.

The PAC encourages motorists to slow down on the approach of the crossing and increases the awareness and safety for pedestrians and cyclists. A concept design can be viewed overleaf.

As part of this safety improvement, northbound bus stop 35 on Main Road will be relocated and indented to minimise queue lengths across the PAC.

In addition, a new 40 km/h time-based speed limit will be introduced near Coromandel Valley Primary School to improve children's safety and support safer travel to and from school. The 40 km/h speed limit will come into effect once the PAC installation is complete and the static speed sign is installed. For more information on the program, please visit [www.dit.sa.gov.au/40km-school](http://www.dit.sa.gov.au/40km-school).

### How this affects you

To keep everyone safe, speed and lane restrictions will be in place. To minimise traffic impacts, some works will be carried out at night with detours in place where required. Local residents will be notified before night works begin. On-site signage, including Variable Message Signage (VMS) will be in place to provide advance notice to all road users.

Access to Coromandel Valley Primary School will be maintained at all times.

During construction, to ensure everyone's safety, the St Johns Anglican Church access point will be temporarily changed with alternative

#### When

From Tuesday 10 March to late May 2026, weather permitting

#### Hours of work

**Day Works**  
Monday to Friday  
7am – 5 pm

**Night Works**  
Monday - Friday  
7pm to 6am

#### Where

Main Road Coromandel Valley, near Coromandel Valley Primary School

Improved pedestrian safety and connectivity

Safer travel for pedestrians and cyclists

Australian Government

**BUILDING AUSTRALIA**

Government of South Australia  
Department for Infrastructure and Transport

pedestrian facilities provided to maintain safe access. This may include changes to the current school-pick-up and drop-off area within the church car park. Please follow all signage designated pathways in place. Advance notice will be provided if temporary access restrictions are required.

Parents are encouraged to use the designated pick-up and drop-off area within the Coromandel Valley Primary School grounds.

Please plan your trip, take extra caution when workers are present on site, follow traffic controllers' directions, and observe signage when travelling through the area.

During construction, bus stop 35 will be temporarily relocated approximately 180 metres further north on the same side of Main Road. For the latest public transport information please visit [www.adelaidemetro.com.au](http://www.adelaidemetro.com.au)

To achieve these critical safety upgrades some trees and vegetation impacts will be required. All vegetation impacts will be managed in accordance with legislative requirements and the Department's Vegetation Removal Policy. Impacts will be managed and offset in accordance with legislative requirements and the Departments Environment and Heritage Technical Manual

Thank you for your patience while these important works are undertaken.
