

Tram Grade Separation Projects

Marion Road and Cross Road Level Crossing Removals

Australian Government

Government of South Australia

Department for Infrastructure and Transport

Upcoming night works

The Australian and South Australian governments have jointly (50:50) funded \$400 million to remove the level crossings from the Glenelg tram line at Marion Road and Cross Road, Plympton. These works form part of the Tram Grade Separation Projects.

Service relocation works will occur near the Marion Road and Anzac Highway intersection ahead of future intersection improvement works.

What's happening:

Night works will occur on and around the intersection of Marion Road and Anzac Highway (Zone A).

Day works will occur on Anzac Highway and Clayton Avenue Plympton (Zone B).

Works will not be undertaken on Public Holidays or Saturday nights.

How this affects you:

The roads will remain open to traffic and pedestrian/cyclist access will be managed on site. To keep everyone safe speed and lane restrictions will be in place in the vicinity of the works. Please take extra care when workers are on site and observe speed limits, lane restrictions and traffic controllers when travelling through the area.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

The project team will contact individual property owners/residents and businesses if access to their properties is to be impacted by these works.

We appreciate your cooperation whilst these important works are undertaken.

When

Sunday 25 February to early May 2024

Weather permitting

Hours of operation

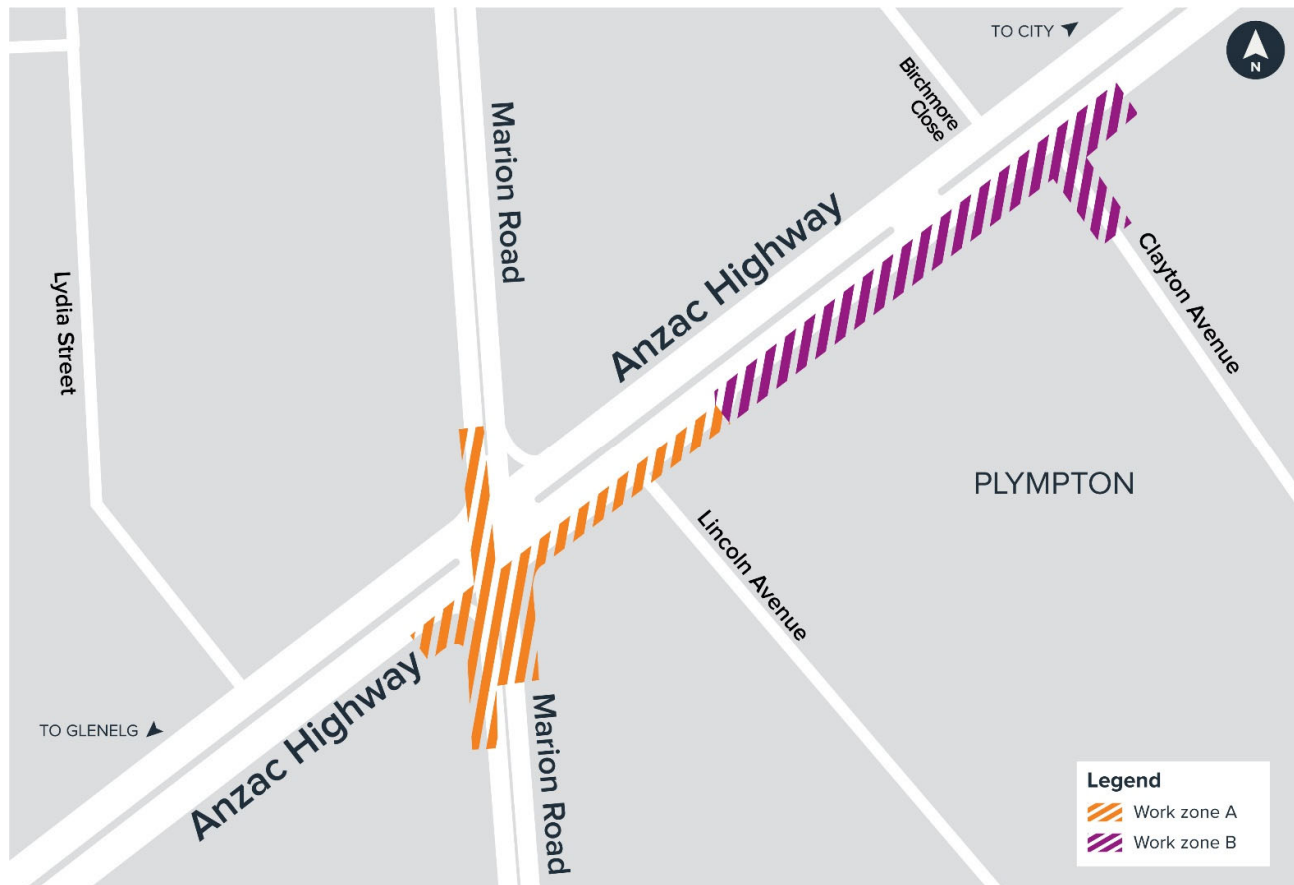

Night works Sunday to Friday 7:00pm to 6:00am

Day works Monday to Saturday 9:00am to 4:00pm
