

Adelaide Hills Productivity and Road Safety Package

Commencement of works – Lobethal Road

We are delivering the Adelaide Hills Productivity and Road Safety Package to upgrade key strategic arterial roads in the region

The \$150 million initiative is jointly funded by the Australian Government (80%) and South Australian Government (20%) over five years.

What's happening

We are delivering important productivity and road safety upgrades to Lobethal Road between Ashton and Lobethal in two stages. Stage 1 will include Ashton to Lenswood. Stage 2 will include Lenswood to Lobethal.

The planned treatments include:

- New road surface
- New safety barriers
- Road widening
- New signage
- Culvert extension for better drainage

Stage 1 works between Ashton to Lenswood will commence Monday 12 October 2026 and is estimated to be completed late 2027, weather permitting.

Works will predominately be undertaken during the day, between the hours of 9am and 4pm. Intermittent night works will be required as works progress.

See below for Stage 1 Lobethal Road works map.

Additional information will be shared about Stage 2 prior to works commencing,

When

Monday 12 October 2026 to late-2027

Weather permitting

Hours of work

Day works:

Monday to Friday

9am – 4pm

Night works:

Sunday to Friday

7:30pm - 6am

Where

Lobethal Road, between Ashton and Lenswood.

How this affects you

To help keep everyone safe there will be speed and lane restrictions in place during this work.

Lobethal Road will be reduced to a single lane immediately surrounding the work area, with speed restrictions in place throughout work areas. Please plan your trips, observe signage and follow the direction of onsite traffic controller.

Lobethal Road will remain open to traffic at all times.

Works will move progressively along Lobethal Road, starting at Lenswood and moving towards Ashton.

Access to properties will be maintained at all times. If short term access restrictions are required impacted residents will be contacted directly.

Outside of work hours, lane restrictions will be lifted with speed restrictions remaining in place at all times

We would like to thank the community for your patience and understanding while we undertake these works.

Vegetation management

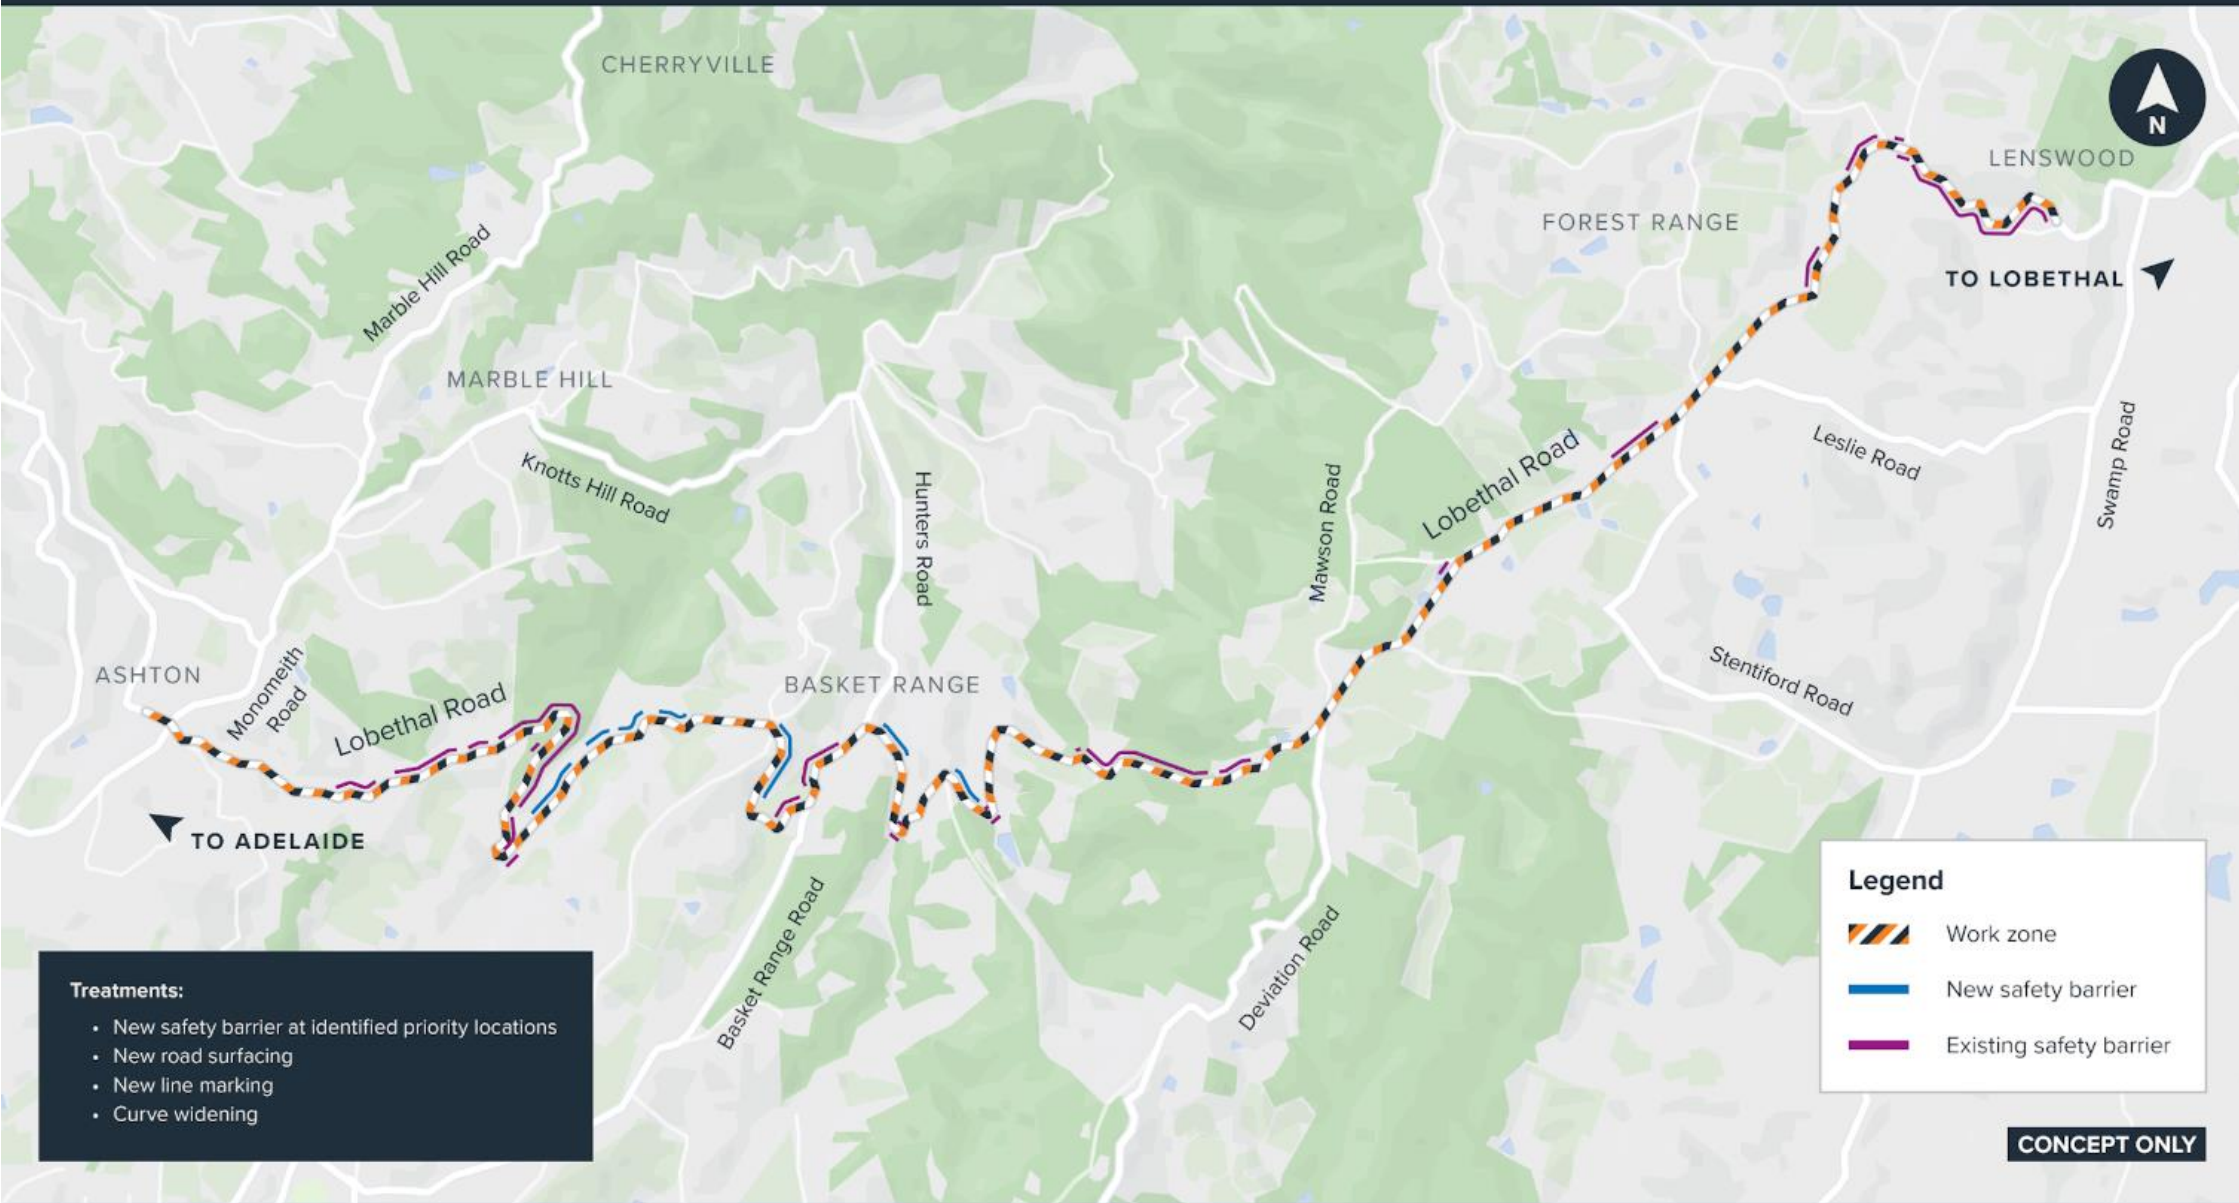

Some vegetation removal is required along Lobethal Road. We understand the importance of vegetation and native flora to the local community. Throughout the detailed design process we have worked to minimise impacts as much as practically possible.

We estimate approximately 6 trees and surrounding low lying vegetation will need to be removed along Lobethal Road as part of the project.

All vegetation removal will be undertaken by a qualified arborist and managed in accordance with legislative requirements and the Department's Vegetation Removal Policy.
