If the Superintendent considers that any part of a Construction Program submitted pursuant to Clause 33.2 is unsatisfactory or requires amendment or updating the Superintendent will advise the Contractor within 14 days of receipt of the Construction Program and the Contractor must provide an amended Construction Program within 7 days of being requested to do so by the Superintendent or such additional time as the Superintendent may allow and if the Contractor fails to provide an amended Construction Program within this timeframe the Principal shall be entitled to withhold payment of monies which but for this clause would have been due and payable.

- (b) has served a notice in writing on each party that if a party wishes to dispute the direction then that party is required to do so under Clause 47,

the direction shall not be disputed unless a notice of dispute in accordance with Clause 47.1 is given by a party to the Superintendent and a copy of the notice of dispute is given to the other party within 28 days after the date of service on that party of the notice pursuant to Clause 46.2 (b).”

47 DISPUTE RESOLUTION

Delete Clause 47 and substitute the following new Clause:

“47 DISPUTE RESOLUTION**47.1 Dispute Procedure**

It is the intention of this clause to provide a procedure to enable the parties to ensure that a dispute is dealt with, and to encourage the parties to explore the possibilities for resolving a dispute before considering legal proceedings.

Except in the case of genuine urgency requiring immediate interlocutory or interim relief or remedy, or where a party seeks to enforce payment due under a certificate issued under Clause 42, neither party may commence legal proceedings in relation to any dispute, or other matter arising out of the Contract, including, without limitation, a dispute as to a determination, decision or direction of the Superintendent, (‘a disputed matter’) without first doing everything in that party’s power to comply with the procedure set out in this Clause 47.1.

In this clause, Dispute Representative means, each of the persons nominated in the annexure or otherwise nominated by the Principal as the Principal’s Dispute Representative and by the Contractor as the Contractor’s Dispute Representative.

A disputed matter must first be referred to the Superintendent by delivering to the Superintendent a notice of dispute. The notice of dispute must be in writing, setting out full particulars of the subject of the dispute including information establishing the factual and legal basis of the matter and a detailed quantification of the claim. The notice of dispute must also be supported by evidentiary material. A copy of the notice of dispute and supporting evidentiary material must be delivered to the other party to the dispute.

The other party to the dispute may provide submissions and evidentiary material relating to the disputed matter to the Superintendent.

The Superintendent must make enquiry as to the facts of the matter as necessary, and either:

- (a) make a written determination as to the rights of the parties; or
- (b) if the Superintendent considers there is insufficient evidence for the Superintendent to make a determination, in a written notice, decline to make a determination,

as soon as possible and in any event no later than 42 days from receipt of the notice of dispute. The Superintendent's written determination or notice must be delivered to the Contractor and the Principal.

Following a Superintendent's determination, or a notice declining to make a determination, if the Principal or Contractor is dissatisfied with the determination or the lack of a determination, the Principal or the Contractor ('disputing party') may send to the other party ('other party') and to the Superintendent a written notice by Certified Mail, requiring the implementation of dispute resolution procedures under this Clause 47.1 ('a dispute resolution notice').

Despite any other provision of this Clause 47, the other party is not obliged to proceed with the dispute resolution procedures under this Clause 47.1 unless the disputing party has fully particularised the claim by providing information establishing the factual and legal basis of the claim, a detailed quantification of the claim and supporting evidentiary material as required in this Clause 47.1.

Within 21 days after receipt of a dispute resolution notice by the other party, the other party must provide a written response to the disputing party and to the Superintendent, such response addressing the matters set out in the dispute resolution notice ('written response').

Within 21 days after receipt of the written response by the disputing party (or such longer period as the parties may agree), the Dispute Representatives must meet and attempt to resolve the disputed matter.

Each of the Dispute Representatives must be sufficiently authorised by the relevant party to meet and endeavour to resolve the dispute without detailed reference to another person. In so doing they may be supported (at their election) by legal, financial, technical or other experts.

47.2 ADR

Nothing in this Clause 47 is intended to either:

- (a) require a party to be involved in any form of arbitration or alternative dispute resolution (other than the procedures set out in Clause 47.1) before commencing legal proceedings; or
- (b) preclude the parties from agreeing at any time to use any form of arbitration or alternative dispute resolution at their mutual discretion.

47.3 Continuing Obligation to Work

Notwithstanding any dispute or proceedings, the Contractor must, if the work under the Contract has not been completed, at all times (unless otherwise provided for in the Contract) proceed without delay to continue to execute the work under the Contract and perform the Contractor's obligations under the Contract, and in so doing shall comply with all directions given to the Contractor under the provisions of the Contract either by the Principal in writing or by the Superintendent, and the Principal must pay to the Contractor any moneys due under the Contract from time to time."

48 WAIVER OF CONDITIONS

No amendment.

The following clauses are added to those of Australian Standard General Conditions of Contract (AS 2124-1992):

49 CONSTRUCTION INDUSTRY TRAINING LEVY

The Contractor shall comply with the *Construction Industry Training Fund Act 1993* (SA) (in this clause referred to as 'the Act') and pay any levy imposed by that Act in respect of the Works. Prior to the commencement of the work under the Contract the Contractor shall provide written evidence to the Superintendent that the Contractor has either paid the above levy or been exempted from paying it under the Act. Failure to provide such written evidence may result in the Contractor being refused access to the Site and will entitle the Principal to withhold any payment due and payable under the Contract until such time as the Contractor has provided written evidence of payment of the levy.

50 GST**50.1 Definitions**

In this Clause 50:

'GST Law' has the meaning attributed in the *A New Tax System (Goods and Services Tax) Act 1999* (Cth);

'GST' means the tax imposed by the GST Law;

'RCTI' means recipient created tax invoice, as defined in the GST Law;

'Tax Invoice' has the meaning given to it in the GST Law; and

'Taxable Supply' has the meaning given to it in the GST Act, and also means any component of a Taxable Supply that is treated as a separate supply under the GST Law.

50.2 ABN, GST Registration

The Contractor represents that:

- (a) it is registered under the GST Law and that the ABN shown in the contract documents is the Contractor's ABN; and
- (b) the supply of the Work is a taxable supply.

The Contractor acknowledges that should these representations be or become incorrect:

- (i) the Principal may be obliged under the *Taxation Administration Act 1953* (Cth) to deduct a withholding from the Contract Sum and will not be obliged to gross up the Contract Sum or make any compensation to the Contractor;
- (ii) if the supply of the work is not a Taxable Supply the Principal is entitled to reduce the Contract Sum by the amount which would have been attributable to GST had the supply been a Taxable Supply.

50.3 Contract Sum Inclusive of GST

The Contract Sum is inclusive of GST and not subject to adjustment except as expressly provided in this Contract.

50.4 Tax Invoices – Recipient Created

The Principal undertakes and represents that:

- (a) it is registered as a Government Entity under the GST Act; and
- (b) its ABN is 92 366 288 135;

and is entitled to issue RCTIs in respect of supplies under this Contract.

The Principal must inform the Contractor immediately if it ceases to be registered under the GST Act or if any undertaking given in the preceding subclause is not performed, or if any representation made in the preceding subclause ceases to be true.

The Contractor undertakes and represents that it is registered under the GST Act and that its ABN is as shown on the Tender Form.

The Contractor must inform the Principal immediately if it ceases to be registered under the GST Act.

The Principal may issue an RCTI in respect of any Taxable Supply under this Contract.

The Contractor must not issue any Tax Invoice in respect of any Taxable Supply under this Contract.

The Principal must issue a copy of any RCTI which it issues under or in respect of this Contract to the Contractor and the Principal must retain the original. Each party is responsible for keeping the original or copy of the RCTI in its possession for the period required under the *Taxation Administration Act 1953* (Cth).

The Principal must issue an adjustment note to the Contractor in relation to any adjustment event as defined in the GST Act.

The Principal must reasonably comply with its obligations under the taxation laws of Australia.

The Principal must not issue a document that would otherwise be a RCTI on or after the date when the Principal or Contractor has failed to comply with any of the requirements of the proposed determination by the Taxation Commissioner.

50.4 Tax Invoice

If any supply under the Contract is a Taxable Supply:

- (a) any invoice for payment under the Contract shall be a Tax Invoice, (and any prescribed form of invoice under the Contract is amended accordingly); and
- (b) the Principal is not obliged to make payment under the Contract unless the Contractor has provided a Tax Invoice in respect of that payment.

51 PRINCIPAL'S REPRESENTATIVE

The Principal may from time to time appoint individuals to exercise any functions of the Principal under the Contract. The appointment of a Principal's Representative shall not prevent the Principal from exercising any function. The appointment may allow for further authorisations by the Principal's Representative.

Where it is a requirement that approval in writing or a notice in writing be given by the Principal or an action be taken by the Principal, for administrative purposes the powers, duties, discretions and authorities vested in the Principal under the listed clauses of the Conditions of Contract may alternatively be exercised by those authorised by the Principal as set out in the Authorities Schedules 1A, 1B, 1C and 1D in this Clause 51.

Nothing in this clause derogates from:

- (a) the Contractor's obligations under any other provision of this Contract; or
- (b) the provisions of the *Freedom of Information Act 1991* (SA).

53 CODE OF PRACTICE

The Contractor shall comply with the Code of Practice for the South Australian Construction Industry (the 'Code') during the term of the Contract. Failure to comply will be taken into account by the South Australian Government and its agencies when considering a future tender from the Contractor and may result in such tender being passed over and/or a change in the status of the Contractor on any State Government register of contractors. The Contractor shall ensure that all subcontracts contain a requirement to comply with the Code.

54 INDUSTRY PARTICIPATION POLICY

Agencies and private parties contracting to the Government of South Australia are required to comply with the South Australian Industry Participation Policy (SAIPP) and the supporting procedural and reporting requirements.

- 54.1 The Contractor must implement the Contractor's Standard or Tailored Industry Participation Plan ("SIPP" or "TIPP") approved by the Industry Advocate ("IA") in Attachment 2 to these Special Conditions.
- 54.2 The Contractor must provide to the IA an Industry Participation Report ("IPP Report") in respect of each Industry Participation Reporting Period within two weeks of the end of each period, in the format set out at <https://industryadvocate.sa.gov.au/policy-and-resources/>. The IA must give the Contractor not less than ten (10) Business Days' notice of any such meeting.

55 NOT USED

56 **NOT USED** or AUSTRALIAN GOVERNMENT AGREEMENT

The Contractor acknowledges that the Principal will enter into an agreement with the Commonwealth of Australia for the provision of funds for the Works (the "Commonwealth Funding Agreement"). The Contractor agrees to cooperate in all respects during the term of the Contract to enable the Principal to perform its obligations under the Commonwealth Funding Agreement and without limitation the Contractor will:

- preserve the confidentiality of the Commonwealth Funding Agreement;

- (c) provide any information requested by the Commonwealth pursuant to the Commonwealth Funding Agreement.

In the event that the Commonwealth either:

- (i) terminates the Commonwealth Funding Agreement; or

The Contractor shall be accredited under the Australian Government Work Health and Safety Accreditation Scheme (the Scheme) (established by the *Federal Safety Commissioner Act 2022* and specified in the *Federal Safety Commissioner (Accreditation Scheme) Amendment Rules 2023*) while building work is carried out, and shall maintain accreditation under the Scheme while the Works are being carried out and for the duration of the Contract, and the Contractor shall comply with all conditions of the Scheme accreditation.

58 MOVEMENT OF WORKERS

The Contractor must have in place appropriate policies and procedures to manage and monitor the movement of Workers on the Site and on any areas adjacent to or near the Site and to ensure compliance with the matters in this Clause 58.

The Contractor must and must ensure that each Worker, in relation to the Site and any areas adjacent to or near the Site:

- (b) complies with any other reasonable instructions or restrictions imposed by the person in charge of the relevant area; and
- (c) does not enter any area that it does not have authority to enter.

The Contractor must and must ensure that each Worker submits to such police checks, Working with Children Checks and such other enquiries as may be specified in the Contract or otherwise notified to the Contractor by the Superintendent or the person in charge of the relevant area. The Contractor consents to and must procure the consent of any Worker to the conduct of any such enquiry and upon request, the Contractor shall supply details of any Worker, including the name (including former names), address, and date of birth and any other information that may be required to conduct the enquiry.

The Contractor must, on an ongoing basis:

- (ii) immediately inform the Superintendent upon becoming aware of any such risk;
- (iii) take all immediate and ongoing steps necessary to protect any person from harm; and
- (iv) take the steps reasonably required by the Superintendent to avoid or minimise that risk (which may include a direction to procure the immediate removal and ongoing exclusion of the person from the Site and from any involvement in the work under the Contract).

This Clause 58 is not intended to limit the Principal's rights or the Contractor's obligations as set out in the Contract.

 - all subcontractors, their directors, officers, employees, agents, volunteers and invitees,

Notwithstanding any clause in this Contract, the parties acknowledge that the rights and obligations under this clause 59 are fundamental to this Contract.

For the purpose of this Clause 59:

- (a) "Prohibited Person" has the meaning given in the Prohibited Persons Act;
- (b) "Prohibited Persons Act" means the *Child Safety (Prohibited Persons) Act 2016* (SA);
- (c) "Prohibition Notice" has the meaning given in the Prohibited Persons Act; and
- (d) "Workers" has the same meaning given to it in Clause 58.

59.2 Contractor's Obligations

The Contractor must:

- (a) immediately exclude and remove from the Site any Worker who is a Prohibited Person;
- (b) immediately exclude and remove from the Site any Worker that is the subject of an allegation, arrest, charge or conviction (whilst not being the subject of a Prohibition Notice) for:
 - (i) a sexual offence or an offence of indecency;

 - (iii) any offence involving child pornography or child exploitation;
 - (iv) any other major indictable offence; or
 - (v) any conspiracy to commit, or an attempt to commit, an offence referred to in any of the preceding paragraphs.

until such time as the relevant Worker is found to be a Prohibited Person (in which case clause 59.2(a) will apply) or the Principal consents in writing to the return of the Worker to the Site.

Unless such notification causes the Contractor to be in breach of the Prohibited Persons Act the Contractor must promptly notify the Principal if it becomes aware that any Worker is a Prohibited Person for the purposes of the Prohibited Persons Act or is the subject of an allegation, arrest, charge or conviction for an offence as set out in clause 59.2(b).

Any exercise by the Principal of the Principal's rights under this clause:

- (a) does not limit the Principal's rights to pursue any Claim against the Contractor arising in respect of a breach by the Contractor of the Contractor's obligations under this Contract; and
- (b) will not give rise to any liability owing to the Contractor or Worker.

60 RESPECTFUL BEHAVIOUR

The Contractor acknowledges the Principal's zero tolerance towards gender based violence, discrimination and all forms of unacceptable behaviour in the workplace and the broader community.

The Contractor agrees that, in performing the Works, the Contractor's personnel will at all times:

61 EXCLUSION OF PROPORTIONATE LIABILITY

To the extent permitted by law, the operation of Part 3 of the *Law Reform (Contributory Negligence and Apportionment of Liability) Act 2001* (SA), and any equivalent statutory provision, is excluded in relation to all rights, obligations and liabilities in connection with the Contract whether such rights, obligations or liabilities are sought to be enforced as a breach of contract or a claim in tort or otherwise. The Contractor acknowledges that clause 61 constitutes a special limitation for the purposes of Part 3 of the *Law Reform (Contributory Negligence and Apportionment of Liability) (Proportionate Liability) Amendment Act 2005* (SA).

If the Contractor breaches any of its obligations under this Contract, and the operation of any legislation results in the Principal being unable to recover some part of the consequential loss or damage from the Contractor ("the Apportioned Loss"), as a separate obligation under the Contract, the Contractor indemnifies the Principal in respect of the Apportioned Loss and must pay the Principal the amount of the Apportioned Loss immediately on demand by the Principal.

The Contractor must ensure that its Subcontracts, include provisions that are functionally equivalent to this clause 61.

- (a) the Contract Sum; and
- (b) the sum of all amounts which the party is entitled to recover under the insurance policies required to be held by the Contractor or Principal under this Contract in respect of liability to the other party (or would have been entitled to recover, acting as a Model Claimant).

The liability of a party for loss or damage sustained by the other party will be reduced to the extent that such loss or damage has been caused by the other party's breach of contract, wrongful act, omission or negligence.

62.2 Exclusion of Liability

Subject to this clause 62.2, a party will not be liable to the other party for:

- (ii) for any liquidated damages or any other payment of loss or damages expressly provided for under this Contract.

62.3 Priority and Survival

 - ensure the work site is safe, and ensure that hazards associated with work placement are identified prior to the commencement of placement;
