

# Russell Street, Main Road and Sheoak Road junctions Upgrade

## Project update

We are upgrading the Russell Street, Main Road and Sheoak Road junctions to increase capacity across the road network and improve road safety for all users.

### What's happening:

#### Russell Street temporary closure

Russell Street will be temporarily closed to safely carry out night works for utility service relocations, asphaltting and drainage installation works along Russell Street, Main Road and Sheoak Road.

#### Tree removal

As part of these works, two trees will also shortly be removed to facilitate the new road widening. New landscaping will be included as part of this project to offset the necessary vegetation removal.

More information about the proposed landscaping will be shared with the community in early 2024.

### How this affects you:

To keep you safe, temporary detours will be in place. Russell Street will be temporarily closed between the intersections of Main Road and Sheoak Road during night working hours. Please refer to the map overleaf.

Please plan ahead and expect some delays.

**Main Road will remain open to traffic at all times with speed and lane restrictions in place while works are being undertaken.**

Day works will continue during this time, 7am to 5pm Monday to Friday. No day works will occur on Saturdays and Sundays.

There will be no works from Friday, 22 December 2023 until Sunday, 7 January 2024.

Further information will be provided in early 2024.

To keep up to date please register by contacting us via any of the options below.

### For further information:
