

Wynn Vale Drive and Bridge Road Junction Upgrade

Site Investigation Night Works

We are working to improve access and safety along Wynn Vale Drive. This forms part of the State Government's election commitments to upgrade or investigate potential upgrades in the northern suburbs to improve safety, access and make travel easier for all users.

What's happening:

We are undertaking site investigation and service location nightworks to inform the final design of the upgrade.

How this affects you:

To do this work safely, speed and lane restrictions will be in place during the day and night throughout the work area while these activities are undertaken. Please plan your trips, be cautious around workers, and follow signage.

Access to properties will be maintained for the duration of works.

Minor noise disturbances can be expected while works are being undertaken, but we will minimise any disturbance to residents as much as practically possible.
