

Tram Grade Separations Project

Marion Road and Cross Road Level Crossing Removal

Night Work Notification

The Australian and South Australian governments recently committed \$400 million (50:50) in funding towards removing the level crossings from the Glenelg tram line at Marion Road and Cross Road, Plympton. These works form part of the Tram Grade Separations Project.

Ground investigation works for the project are continuing. While the majority of these works are being undertaken during the day, some night works are required to ensure the works can be undertaken safely and efficiently.

Night work ground investigations will be undertaken on Marion Road and Cross Road **between the hours of 7pm and 6am, Monday, 31 October to Wednesday, 2 November 2022**, weather permitting.

These investigations will inform a further understanding of the underlying soil and groundwater conditions as part of the early planning and design phase.

Some noise disturbance can be expected at times while these works are completed, however the work will be managed to minimise disturbance to nearby residents and businesses as much as practically possible.

The roads will remain open to traffic at all times. Speed and lane restrictions will be in place in the vicinity of the works, during working hours only. Please take extra care when workers are on site and observe speed limits, lane restrictions and traffic controllers when travelling through the area.

The project team will contact individual property owners whose access is affected by the works. Every effort will be made to minimise impacts to surrounding properties and road users, as much as practically possible.

Pedestrians and cyclists are advised to take care when travelling through the area. For safety reasons there may be some restricted access. Where required, signage will be in place to direct pedestrians and cyclists to alternative access and/or detours.

Public transport services will remain operational however, bus stops may require temporary relocation. Advance notice of any temporary changes will be provided at the bus stops and on the Adelaide Metro website www.adelaidemetro.com.au

The Department appreciates your cooperation whilst these important works are undertaken.
